AccessTel, Inc.
Notes to Financial Statements (Unaudited)
Nine Months Ended September 30, 2004 and 2003

Edgar Filing: ACCESSTEL INC /UT/ - Form 10QSB

1. Business

Shopss.com, Inc., a Utah corporation, changed its name to AccessTel, Inc. (the "Company") effective February 16, 2001, in conjunction with the acquisition of AccessTel, Inc., a Delaware corporation ("AccessTel"), in a reverse merger transaction effective December 18, 2000.

The financial statements for the years ended December 31, 2002 and 2003 exclude the operations of AccessTel. The balance sheets as of December 31, 2002 and 2003 include the assets and liabilities of Shopss.com, Inc.'s operations and excludes the assets and liabilities of AccessTel's operations due to the rescission litigation.

In December 2003, the Company entered into a "Stock Purchase Agreement and Plan of Reorganization" to issue 30,000,000 shares for all of the outstanding common stock of Euro Offline, Inc., a privately held entity. Prior to the closing and condition to the closing, the Company effectuated a reverse stock split of 89 shares for 1 share. In addition a shareholder / related party debt holder was to receive \$100,000 for consideration to forgive amounts due from the Company currently recorded and shown as "due to major shareholder of \$428,434 plus interest of \$7,567 as of the closing date" plus 1,000,000 shares of post split common stock of the Company. The Company and certain of its shareholders have negotiated a "Compromise and Settlement" with the former shareholders of Euro Offline, Inc. Each party contends that a substantial, irreconcilable dispute exists among them for the failure of not consummating the merger with Euro OffLine, Inc., therefore 27 million shares will be returned to treasury with the former Euro Offline shareholders to receive \$40,000 in April 2004. As of September 30, 2004, the Company still has \$9,000 of this debt outstanding. The 3 million shares of common stock issued with the aforementioned transaction with Euro Offline, Inc. not under an agreement to be returned to treasury as of the date of the audit report has been recorded as a \$900,000 cost of the aborted transaction with Euro Offline, Inc.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company has suffered recurring losses, has no operations and has a deficiency in working capital and shareholders' equity at December 31, 2003 and September 30, 2004. These factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. The Company's independent certified public accountants have included a modification paragraph in their report on the Company's financial statements for the year ended December 31, 2003 with respect to this matter.

On October 13, 2004, the Company acquired Global Invest Holdings, Inc. for the issuance of 25,000,000 shares per the agreement filed on Form 8-K dated October 18, 2004. See subsequent event footnote discussed hereafter.

2. Summary of Significant Accounting Principles

Cash and Cash Equivalents

The Company classifies highly liquid temporary investments with an original maturity of three months or less when purchased as cash equivalents.

Fair Value of Financial Instruments

The carrying amounts reported in the balance sheet for cash, receivables, and accrued expenses approximate fair value based on the short-term maturity of these instruments.

Stock-Based Compensation

Edgar Filing: ACCESSTEL INC /UT/ - Form 10QSB

The Company accounts for stock options issued to employees in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. As such, compensation cost is measured on the date of grant as the excess of the current market price of the underlying stock over the exercise price. Such compensation amounts are amortized over the respective vesting periods of the option grant. The Company adopted the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation" and SFAS 148, "Accounting for Stock-Based Compensation Transition and Disclosure", which permits entities to provide pro forma net income (loss) and pro forma earnings (loss) per share disclosures for employee stock option grants as if the fair-valued based method defined in SFAS No. 123 had been applied. The Company accounts for stock options and stock issued to non-employees for goods or services in accordance with the fair value method of SFAS 123. There were no reconciling items for purposes of presenting the pro-forma disclosure as required under SFAS 148.

Income Taxes

The Company utilizes the liability method of accounting for income taxes as set forth in SFAS No. 109, "Accounting for Income Taxes." Under the liability method, deferred taxes are determined based on the difference between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse. As of December 31, 2003, the Company had federal net operating loss carryforwards of approximately \$2.5 million, which expire beginning in 2021. A 100% valuation allowance has been provided with respect to the deferred tax assets as the Company cannot determine that it is more likely than not that it will be able to realize the deferred tax assets.

6

Due to restrictions imposed by the Internal Revenue Code regarding substantial changes in ownership of companies with loss carryforwards, the utilization of the Company's federal net operating loss carryforwards will be limited as a result of changes in the Company's stock ownership in prior years.

The Company has not filed their federal or state income tax returns for several years. The tax deficiency is not material due to each of such years the Company had not filed such income tax returns the Company generated a tax loss.

Income (Loss) Per Share

The Company has adopted SFAS No. 128, "Earnings Per Share". SFAS No. 128 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing net income (loss) available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflects, the potential dilution relating to outstanding stock options, warrants and convertible debt.

Accounting Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Edgar Filing: ACCESSTEL INC /UT/ - Form 10QSB

3. Transactions with Shareholder

During the nine months ended September 30, 2004, a shareholder made advances to or on behalf of the Company aggregating \$52,063. Related interest expense recorded during the nine months ended September 30, 2004 was \$36,317. These advances have been used to fund general and administrative expenses, consisting primarily of legal and accounting fees. There can be no assurances that the shareholder will continue to make such advances to or on behalf of the Company.

A former shareholder sold his right to amounts due from the Company of \$428,434 as part of the "Stock Purchase Agreement and Plan of Reorganization" with Euro Offline, Inc in December 2003. This shareholder was to receive \$100,000 and one million shares of post split common stock. The shareholder also had a right of return, should the Euro Offline, Inc reorganization or a similar transaction not occur. The shareholder was also entitled to reimbursement of certain expenses should the reorganization not occur. Although the shareholder was paid the one million shares and a substantial portion of the \$100,000, the shareholder had asserted a material breach of contract in May 2004. On August 18, 2004, the Company resolved the dispute that resulted in the settlement of certain debt obligations of the Company and related claims that arose from the Euro-offline reorganization rescission. This settlement required a \$12,500 payment, which was made on August 18, 2004, and the issuance of 500,000 shares of common stock for the forgiveness of the recorded outstanding indebtedness owed. These shares are protected against adjustment in the event of a reverse split for a period of eighteen months. The issuance of the 500,000 shares resulted in a \$5,000 reduction to such shareholder debt, since such shares were trading at \$.01 per share during these negotiations and the settlement date.

Doug Glaser, a shareholder, has assisted management with the settlement of certain outstanding debts and the dispute relating to the Euro-Offline, Inc. "Compromise and Settlement Agreement."

The remaining amounts due to the shareholder pre the Euro-offline reorganization were purchased by Doug Glaser and in September 2004 converted to equity by the issuance of 7,183,350 shares of common stock at \$.06 per share.

On September 14, 2004, a shareholder of the Company, Doug Glaser via an affiliated entity, whom assumed the majority of the Company's outstanding debt in the amount of \$700,000 was issued 1,400,000 shares on the date of the agreement to settle such debt. In addition this shareholder has placed 200,000 shares in escrow to be released at the earlier of proof of settlement of such debts or one year.

4. Stockholders' Deficiency

In December 2003, the Company issued 31 million shares pursuant to the Stock Purchase Agreement and Plan of Reorganization with Euro Offline, Inc.

In March 2004, the Company issued 500,000 shares of common stock for legal services rendered. These shares were valued at the closing price of \$.51 a share on the day the Board of Directors approved the issuance of such stock.

In May 2004, the Company and certain of its shareholders have negotiated a "Compromise and Settlement" with the former shareholders of Euro Offline, Inc. Each party contends that a substantial, irreconcilable dispute exists among them for the failure of not consummating the merger with Euro OffLine, Inc., therefore 27 million shares will be returned to treasury and canceled with the former Euro Offline shareholders to receive \$40,000 less the value of shares

Edgar Filing: ACCESSTEL INC /UT/ - Form 10QSB

issued in March 2004 by the Company, while it was controlled by management of Euro Offline, Inc. or \$18,000.

7

In May 2004, a shareholder and creditor, has asserted a material breach of contract relating to the Euro Offline, Inc. merger. The Company and a shareholder settled this claim in August 2004, with an \$12,500 payment and 500,000 shares of common stock with dilution provisions. See Note 3.

On August 11, 2004, the Company declared a 10,000 for 1 reverse stock split, with each fractional shares being rounded up to the nearest whole share; and a subsequent forward split by dividend to all shareholders of record, pro rata, on the basis of 100 shares for each one share owned, with the dividend to be subject to a mandatory exchange of stock certificates to receive the dividend. Additional shares issued due to fractional share rounding up required the issuance of another 64,980 shares. All per share data and outstanding shares presented have been retroactively adjusted for the reverse stock split and forward stock split.

On August 31, 2004, a shareholder of the Company acquired the outstanding notes held by Global Guarantee Corporation in the amount of \$431,001. The Company has recorded as common shares issued of 7,183,350 shares or at \$0.06 per share on the date of the agreement, which approximates fair market value.

On September 14, 2004, a shareholder of the Company whom assumed the majority of the Company's outstanding debt in the amount of \$700,000 was issued 1,400,000 shares on the date of the agreement to settle such debt. In addition this shareholder has placed 200,000 shares in escrow to be released at the earlier of proof of settlement of such debts or one year.

5. Legal Proceedings

The Company has also been sued by several creditors for non-payment of debts, and judgments have been entered for the payment of such debts, plus interest and legal fees, in some cases.

6. SUBSEQUENT EVENTS

On October 13, 2004, the Company acquired Global Invest Holdings, Inc. for the issuance of 25,000,000 shares. The accounting for this acquisition will be reverse merger accounting which is effectively a reorganization of the acquired entity since the majority of the control of Accesstel is now with the former owners of Global Invest Holdings, Inc.

The pro forma financial statements are presented for informational purposes only and do not purport to be indicative of the financial condition that may have resulted if the acquisition had been consummated at December 31, 2003. The pro forma financial statements should be read in conjunction with the notes thereto and the financial statements of Accesstel, Inc. and related notes thereto contained in its filing on Form 10-KSB for the year ended December 31, 2003. Pro-forma unaudited financial data relating to the reverse merger with Global Invest Holdings, Inc. for the year ended December 31, 2003 is as follows:

On January 17, 2002, Reed & Wangsgard, L.C. received written confirmation from an agent of the Board of Directors of the Company that said Board of Directors have come to a unanimous decision to settle the claim for rescission of the Share Exchange Agreement by rescinding the Share Exchange Agreement. However, the Board of Directors of the Company failed and/or refused to follow through with their agreement to rescind the Share Exchange Agreement. As a result, Reed & Wangsgard, L.C. filed a Motion to Enforce Settlement with respect to the agreement to rescind the Share Exchange Agreement.

During February 2002, pursuant to the motion of counsel for AccessTel and the original shareholders of AccessTel, the Honorable L.A. Dever, Judge of the Court, issued an order limiting the Court's jurisdiction over certain of the defendants to the Action. As a result, the Court continued to have jurisdiction over the corporate defendants and through it, plaintiffs may assert claims arising from the allegedly wrongful conduct of current management.

On May 1, 2003, a settlement was reached between the remaining parties to the Action. The material terms of the settlement include the requirement that the corporate defendants surrender all right, title and interest in and to those shares of common stock of the Company issued to them pursuant to the Exchange Agreement, and that all members of management of the Company that had been designated to serve as directors and executive officers of the Company at the closing of the Exchange Agreement resign from their respective management positions. As a result of the settlement, on May 6, 2003, prior management of the Company that had filed the complaint, caused to be filed with the Court a Motion to Dismiss the complaint. Subject to the granting of the Motion to Dismiss the complaint, of the 16,718,763 shares issued to the corporate defendants, 11,356,782 of the surrendered shares have been delivered to counsel for prior management of the Company and will be duly canceled and returned to the authorized but unissued common stock of the Company, and 5,361,981 shares will be transferred to a private third party unrelated to the AccessTel parties pursuant to a confidential settlement of a separate legal action involving a legal debt owed by one of the AccessTel parties to the private third party. The current officers and directors of the Company resigned, and David C. Merrell, a former director and executive officer of the Company, was appointed as an interim officer and director of the Company.

Lawrence Liang, the Company's Chief Executive Officer, President and a director, and Stuart Bockler, the Company's Chief Financial Officer, Secretary and a director as of December 31, 2002, were named as defendants in the

Complaint, and resigned as officers and directors of the Company effective April 24, 2003.

As a result of this settlement, the Company will record the cancellation of 11,356,782 shares of common stock during May 2003. As the settlement did not result in the Company gaining control of the assets or operations of AccessTel, the Company will not reflect such assets or operations in its financial statements subsequent to the settlement date.
