EXPLANATORY NOTE

On December 7, 2006, Simtek Corporation (the "Company") filed a Form 8-K reporting a planned restatement of certain of its financial statements. The Form 8-K reported that information under "Item 8.01 - Other Events." This amendment is being filed to report the previously disclosed information under "Item 4.02 - Non-Reliance on Previously Issued Financial Statements."

Item 4.02 Non-Reliance on Previously Issued Financial Statements

As more fully described in Note 5 to the Consolidated Financial Statements included in the Company's Annual Report on Form 10-K filed on April 7, 2006 and Note 6 to the Consolidated Financial Statements included in the Company's Form 10-K/A (Amendment No. 2) filed on December 11, 2006, both for the fiscal year ended December 31, 2005, the Company sold 68,750,000 shares, pre-reverse split (6,875,000 post-reverse split) of its common stock, subject to certain registration rights set forth in the registration rights agreement dated December 30, 2005. Management initially concluded that the net proceeds of \$10,332,000 (\$8,459,000 received on December 30, 2005 and \$1,873,000 received on January 3, 2006) should be recorded as Temporary Equity due to the potential penalties associated with the registration rights agreement and the application of certain accounting rules in light of such penalties. In addition, on September 21, 2006 the Company sold an additional 11,531,711 shares of common stock, pre-reverse split (1,153,171 post-reverse split), subject to certain registration rights set forth in the registration rights agreement dated September 21, 2006, for net proceeds of \$4,515,000. Management initially concluded that the net proceeds of \$4,515,000 should also be recorded as Temporary Equity due to the potential penalties associated with the registration rights agreement and the application of certain accounting rules in light of such penalties. Management has subsequently determined that both of the transactions should have been recorded in Shareholders' Equity.
