## Section 1 - Registrant's Business and Operations

### Item 1.01 Entry into a Material Definitive Agreement

On October 28, 2005, the Board of Directors of Escalade, Incorporated (the "Company"), upon the recommendation of its Compensation Committee, approved the acceleration of the vesting of 125,850 "underwater" unvested options issued by the Company in 2004. A stock option was deemed to be "underwater" if the option exercise price was greater than \$12.85, the closing price of the Company's stock on October 28, 2005.

As a result of the Board's action, the "underwater" unvested stock options became exercisable effective October 29, 2005, rather than the later dates when such options would have vested in the normal course. The Company expects that this action will result in a cumulative reduction in the Company's share-based compensation expense (on an after tax basis) of approximately \$376,871 in 2006, \$376,871 in 2007 and \$53,691 in 2008.

The table attached as Exhibit 99.1 summarizes the outstanding options subject to accelerated vesting held by the Company's chief executive officer, executive officers and all other employees. Other than for the chief executive officer, no stock options held by the Company's directors were accelerated.

The decision to accelerate the vesting of these stock options was made primarily to reduce compensation expense that otherwise would likely be recorded in future periods following the Company's anticipated adoption in the first quarter of 2006 of Statement of Financial Accounting Standards No. 123R entitled "Share-Based Payment" ("SFAS 123R"). On December 16, 2004, the Financial Accounting Standards Board ("FASB") issued SFAS 123R which requires all share-based payments to employees, including grants of employee stock options, to be valued at fair value on the date of grant, and to be expensed over the applicable vesting period. SFAS 123R will require that compensation expenses associated with stock options be recognized in the income statement of the Company rather than as a footnote disclosure. The Company must recognize compensation expense related to any awards that are not fully vested as of the effective date, January 1, 2006. Upon adoption by the Company, SFAS 123R also will apply to options granted on or after January 1, 2006.
