Dear Fellow Stockholders,

Last year at this time, we told our stockholders that we believed, after spending several years rebuilding our infrastructure and putting the tools in place to achieve sustained earnings, 2015 would be all about execution. We are pleased to report that 2015 was, in fact, the year when the hard work and efforts of many translated into bottom-line results.

As we reflect on not only the financial performance of our Company for the past year but also on the outlook for our organization, it would be difficult to describe 2015 as anything other than transformational. The consummation of our \$76 million recapitalization in the first quarter, in many ways, marked a new beginning for Centruet which is best summed up in the launch of our new tagline, "Expect Different."

Looking back, 2015 was different in many profound and positive ways. With many of the distractions emanating from the financial crisis of 2008 finally behind us, we were able to fully devote our efforts to the things we do best. We focused on reinvesting and growing in our existing markets, better leveraging our product and service offerings, and continuing to build and strengthen an experienced and high impact sales force. As a result, we realized pre-tax earnings of \$5 million and made significant progress in nearly every facet of our core operations including quality loan growth in excess of \$90 million, core deposit growth of \$39 million, improved asset quality and a full recapture of deferred tax assets totaling \$38 million. With a strengthened balance sheet and these other pieces coming together, we were able to register with the SEC and list our stock on the NASDAQ.

As a board and management team, we continue to be guided by what has proven to be a winning formula to strengthen our community bank franchise, i.e. our five strategic pillars. They are to grow quality top-line revenue; create a leaner, more efficient organization; preserve asset quality; attract, retain and engage high performing employees; and manage capital to maximize stockholder returns.

With this final curtain call on 2015, please share in our excitement about the distance we've come and in our optimism about what's ahead. To all of our customers, directors, officers, employees and, you - our stockholders, thank you for standing beside us. It has been very rewarding to see many years of hard work translate into bottom-line results, and you helped make it happen. We're looking forward to building off of the tremendous success and momentum we achieved in 2015. With many of the distractions and clean-up work of the past several years now in our rearview mirror, and with a strong tailwind, we are confident that this is only the beginning and that 2016 will be yet another year to celebrate.

Best wishes,

Dennis O. Battles

PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation by the board of directors of Centrue Financial Corporation of proxies to be voted at the annual meeting of stockholders to be held at the Hilton Chicago O'Hare Airport Hotel, 10000 W. O'Hare Ave., Chicago, Illinois 60666, on Tuesday, April 26, 2016, at 8:00 a.m., local time, or at any adjournments or postponements of the meeting.

Centrue Financial Corporation, a Delaware corporation, is a regional financial services company based in Ottawa, Illinois which has one bank subsidiary. Our offices serve a market area which extends from the far western and southern suburbs of the Chicago metropolitan area across Central and Northern Illinois down to the metropolitan St. Louis area.

This proxy statement and the accompanying notice of meeting and proxy are first being mailed to holders of shares of our common stock, par value \$.01 per share, on or about March 24, 2016 to stockholders of record as of March 10, 2016. We have also mailed to holders of shares of our common stock the December 31, 2014 annual report.

On April 5, 2012, the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act") was signed into law. The JOBS Act contains provisions that, among other things, reduce certain reporting requirements for qualifying public companies. As an "emerging growth company" we may delay adoption of new or revised accounting pronouncements applicable to public companies until such pronouncements are made applicable to private companies or until we cease to be an emerging growth company. We intend to take advantage of the benefits of this extended transition period.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting

The proxy statement and annual report to security holders are available in the investor relations section of our website at www.centrue.com.

Voting Rights and Proxy Information

The board of directors has fixed the close of business on March 10, 2016, as the record date for the determination of stockholders entitled to notice of, and to vote at, the annual meeting. Our transfer books will not be closed between the record date and the date of the annual meeting. The board of directors hopes that all stockholders can be represented at the annual meeting. Whether or not you expect to be present, please sign and return your proxy in the enclosed self-addressed, stamped envelope, vote by telephone or electronically via the Internet. Stockholders giving proxies retain the right to revoke them at any time before they are voted by written notice of revocation to the secretary of Centrue Financial Corporation and stockholders present at the meeting may revoke their proxy and vote in person. The shares represented by each valid proxy received in time will be voted at the annual meeting and, if a choice is specified on the proxy, it will be voted in accordance with that specification. If no instructions are specified in a signed proxy returned to the company, the shares represented thereby will be voted FOR the election of the directors listed in the enclosed proxy. If any other matters are properly presented at the annual meeting, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the individuals named as proxies and acting thereunder will have the authority to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. If the annual meeting is adjourned or postponed, a proxy will remain valid and may be voted at the adjourned or postponed meeting. As of the date of printing of this proxy statement, we do not know of any other matters that are to be presented at the annual meeting other than the election of three Class III directors.

Stockholders giving proxies retain the right to revoke them at any time before they are voted by written notice of revocation to the secretary of Centrue Financial Corporation or by a later executed proxy. Attendance at the annual meeting will not automatically revoke a proxy, but a stockholder attending the annual meeting may request a ballot and vote in person, thereby revoking a prior granted proxy.

On March 10, 2016, we had 6,513,694 issued and outstanding shares of common stock. For the election of directors, and for all other matters to be voted upon at the annual meeting, each share of common stock is entitled to one vote. A majority of the outstanding shares of the common stock must be present in person or represented by proxy to constitute a quorum for purposes of the annual meeting. Abstentions and broker non-votes (i.e., shares held by brokers in street name, voting on certain matters due to discretionary authority or instructions from the beneficial owners but not voting on other matters due to lack of authority to vote on such matters without instructions from the beneficial owner) will be counted for purposes of determining a quorum. Broker non-votes will not count toward the determination of whether such matters are approved or directors are elected. Abstentions do not affect the election of directors. Directors will be elected by a plurality of the votes present in person or represented by proxy at the meeting and entitled to vote.

Proposal 1 Election of Directors

We have a staggered board of directors divided into three classes. One class is elected annually to serve for three years. At the annual meeting, our stockholders will be entitled to elect three Class III directors for terms of three years or until their successors are elected and qualified. All of the nominees for election as Class III directors are incumbent directors.

The proxy provides instructions for voting for all director nominees or for withholding authority to vote for one or more director nominees. Unless instructed to the contrary, the persons acting under the proxy which we are soliciting will vote FOR the nominees listed below. In the event, however, that any nominee shall be unable to serve, which is not now contemplated, the proxy holders reserve the right to vote at the annual meeting for a substitute nominee.

Information About Directors and Nominees

Set forth below is information, current as of March 10, 2016, concerning the nominees for election and for the other directors whose terms of office will continue after the meeting, including the age, year first elected a director and business experience of each during the previous five years, and the specific factors that led the board to conclude that the person should serve as a director. When identifying nominees for directors, the corporate governance and nominating committee seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. After reviewing the particular experience, qualification and skills of each nominee and director, the board concluded that each individual is qualified to serve as a director. Unless otherwise indicated, each person has held the positions shown for at least five years. The three nominees, if elected at the annual meeting, will serve as Class III directors for three-year terms, expiring in 2019. We recommend that you vote your shares FOR all Class III director nominees.

Separation of the Chairman and Chief Executive Officer Roles and Board Oversight of Risk

The chairman and chief executive officer roles are currently separate. While the company's by-laws permit the chairman and the chief executive officer to be the same person, we believe separation of these roles provides important checks and balances for the CEO role and those areas reporting to the board. The board has delegated to the audit committee the responsibility of implementing internal audit controls and maintaining the safety, soundness and integrity of the institution by properly mitigating and managing risk. On a daily basis, these duties are the responsibilities of the chief risk officer. This individual has a direct reporting relationship to the chairman of the audit committee who, in turn, provides regular updates to the full board. In addition, the board receives regular updates from key business leaders in the organization on critical business issues as part of the board's oversight function. From a leadership perspective, the board does interact periodically with key members of management through their participation in various board committee meetings. However, most routine matters are delegated to the CEO.

Board Committees and Meetings

Our board of directors met nine (9) times during 2015. During 2015 all directors attended at least eighty percent (80%) of the meetings of the board and the committees on which they served. Our board of directors has standing audit, compensation, corporate governance and nominating, and executive committees. Our board of directors has determined that the independent directors are Messrs. Battles, Butler, Cooper, Ferber, Ganim, Peterson, and Sullivan. Mr. Stevenson, our president and chief executive officer is a non-independent director.

The members of the board committees are:

Audit Committee

David J. Butler, Chairman
Randall E. Ganim
Richard C. Peterson

Corporate Governance and Nominating Committee

Scott C. Sullivan, Chairman
Dennis O. Battles
David J. Butler
Bradley E. Cooper

Compensation Committee

Richard C. Peterson, Chairman
Dennis O. Battles
Derek J. Ferber
Scott C. Sullivan

Executive Committee

Dennis O. Battles Chairman
Randall E. Ganim
Kurt R. Stevenson
Scott C. Sullivan

Audit Committee

The audit committee is responsible for assisting the board of directors with oversight of (1) the integrity of our financial statements, (2) our compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence and (4) the performance of our internal accounting function and independent auditors. The audit committee has the direct authority and responsibility to select, evaluate and, where appropriate, replace the independent auditors. The members of the audit committee are Messrs. Butler (Chairman), Ganim and Peterson. Each member of the compensation committee is independent. The committee met five times during 2015. The audit committee has a charter which is available on the company's website at www.centru.com.

Compensation Committee

The members of the compensation committee are Messrs. Peterson (Chairman), Battles, Ferber and Sullivan. Each member of the compensation committee is independent. The committee met four times during 2015. The compensation committee has a charter which is available on the company's website at www.centru.com. The compensation committee is organized, and its members appointed, by the board of directors to carry out the responsibilities of the board of directors relating to the effective administration of the company's executive compensation and benefits programs, as well as the general oversight of the company's compensation program for all company employees. The committee responsibilities include administering and recommending CEO compensation and reviewing the compensation matters for our executive officers. The committee is responsible for providing oversight to ensure that the company's compensation, incentives and benefits are competitive and are aligned with company goals so that such goals can be successfully achieved.

Items of daily management and decisions relating to company-wide compensation and benefits are delegated to company management to the extent that it does not result in decisions that may materially benefit named executive officers in comparison with the overall employee population. The company's chief executive officer may implement salary changes for named executive officers within budgetary parameters, as delegated by the committee. The committee periodically reviews such information to ensure levels are reasonable and not excessive.

The compensation committee also periodically reviews director compensation. This oversight may be done in conjunction with or as delegated to the corporate governance committee or the full board of directors.

Corporate Governance and Nominating Committee

The members of the corporate governance and nominating committee are Messrs. Sullivan (Chairman), Battles, Butler and Cooper. Each member of the corporate governance and nominating committee is independent. This committee identifies individuals to become board members and selects, or recommends for the board's selection, director nominees

to be presented for stockholder approval at the annual meeting of stockholders or to fill any vacancies. The committee is responsible for reviewing the performance of the chief executive officer. The corporate governance and nominating committee met four times during 2015.

Our board of directors has adopted a written charter for the corporate governance and nominating committee. The charter and principles are available on the company's website at www.centrue.com.

The corporate governance and nominating committee will consider director nominees recommended by stockholders. A stockholder who wishes to recommend a person or persons for consideration as a nominee for election to the board of directors must send a written notice by mail, c/o corporate governance and nominating committee, Centrue Financial Corporation, 122 West Madison Street, Ottawa, Illinois 61350 that sets forth: (1) the name, address (business and residence), date of birth and principal occupation or employment (present and for the past five years) of each person whom the stockholder proposes to be considered as a nominee; and (2) the number of shares of the common stock beneficially owned by the proposed nominee and the stockholder making the recommendation.

We may require any proposed nominee to furnish additional information as may be reasonably required to determine the qualifications of such proposed nominee to serve as a director of Centrue Financial Corporation. Stockholder recommendations will be considered only if received no less than 120 days or no more than 150 days before the one year anniversary of the date of the proxy statement sent to stockholders in connection with the previous year's annual meeting of stockholders. The corporate governance and nominating committee will consider any nominee recommended by a stockholder in accordance with the preceding paragraph under the same criteria as any other potential nominee.

While the corporate governance and nominating committee seeks board members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity, the company does not have a formal written diversity policy for director nominations. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated and be selected based upon contributions they can make to the board in performing its oversight responsibilities. The corporate governance and nominating committee uses a subjective process for identifying and evaluating nominees for director, based on the information available to, and the subjective judgments of, the members of the corporate governance and nominating committee and our then current needs. We do not believe there would be any difference in the manner in which the committee evaluates nominees based on whether the nominee is recommended by a stockholder or not.

Executive Committee

Our board of directors has an executive committee of four directors. Messrs. Battles (Chairman), Ganim, Stevenson and Sullivan are the current members of the committee. The committee may act between board meetings as deemed necessary. The committee did not meet in 2015.

Code of Ethics

The company has adopted a code of ethics that applies to all of our employees, officers and directors, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. Our code of ethics contains written standards that we believe are reasonably designed to deter wrongdoing and to promote:

- Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- Full, fair, accurate, timely, and understandable disclosure in reports and documents that we file with, or submit to, any regulatory authority and in other public communications we make;
- Compliance with applicable governmental laws, rules and regulations;
- The prompt internal reporting of violations of the code to an appropriate person or persons named in the code; and
- Accountability for adherence to the code.

Stockholder Communications with the Board and Policy for Director Attendance at Annual Meetings

Our board of directors has a process for stockholders to send communications to the board of directors, its executive and compensation committee, its corporate governance and nominating committee or its audit committee, including complaints

regarding accounting, internal accounting controls, or auditing matters. Communications can be sent to the board of directors, its executive and compensation committee, its corporate governance and nominating committee or its audit committee or specific directors either by regular mail to the attention of the board of directors, its executive and compensation committee, its corporate governance and nominating committee, its audit committee or specific directors, at our principal executive offices at 122 West Madison Street, Ottawa, Illinois 61350. All of these communications will be reviewed by our secretary (1) to filter out communications that our secretary deems, in his or her reasonable judgment, are not appropriate for our directors, such as spam and communications offering to buy or sell products or services, and (2) to sort and relay the remainder to the appropriate committee or directors. We expect and encourage all of our directors and nominees for election as directors to attend the annual meeting of stockholders, absent a compelling reason. All of our directors at the time of the 2014 annual meeting attended that meeting.

Compensation of Directors

Each non-employee Centrue Financial Corporation director earned a fee of \$750 for each quarterly board meeting attended and \$500 for each committee meeting attended. Additionally, the audit committee chairman received an annual retainer of \$15,000. Each non-employee Centrue Bank director received an annual retainer of \$5,000; \$750 for each quarterly board meeting attended; \$500 for each monthly board meeting attended; and \$500 for each committee meeting attended. Additionally, the credit committee chairman received an annual retainer of \$15,000. Non-employee directors may also receive an annual grant of options to purchase shares of common stock under the company's 2003 Stock Option Plan. The 2003 Stock Option Plan provides for annual formula grants to each of our directors of options to purchase shares of common stock with an exercise price of not less than 100% of the then current market price of the common stock on the date of the grant. Such previously issued options were exercisable over five years. During 2015, non-employee directors were not granted stock options.

(1) Includes deferrals of director fees earned in 2015 pursuant to the Centrue Financial Corporation Non-Employee Directors Deferred Compensation Plan, which became effective January 1, 2007. The Plan allows participants to defer up to 100% of directors fees earned. Participant deferrals are invested in phantom account representing units of Centrue Financial Corporation common stock. EXECUTIVE COMPENSATION SUMMARY

Philosophy

The compensation committee's principal responsibilities include acting upon matters delegated to the committee by the full board and ensuring the alignment of compensation with the strategic objectives of the organization.

The compensation committee recognizes that the company's success is largely dependent on the selection, training and development of top caliber executive, managerial and professional talent. The committee has established an objective that the company's executives be among the most highly qualified and talented professionals available in their respective areas of expertise, when compared to a peer group that represents competition for business and talent.

The company believes successful compensation programs link business and compensation strategies with thought processes that address a broad array of program influences. This approach to strategy is a core value as it relates to how the company competes with other organizations while meeting the needs of its customers.

Elements of Compensation and Determination of Payments

The compensation committee generally annually reviews and approves goals and objectives relevant to the incentive compensation plans of the chief executive officer and other executive officers of the organization. For the purposes of the committee's oversight, executive officers include those individuals who are the annually named executive officers of the company.

In determining the compensation and benefits of our executive officers, the following factors are generally taken into consideration: the performance of the executive officers in achieving short and long-term goals; payment of compensation commensurate with the ability and expertise of the executive officers; and payment of compensation that is competitive with similar companies. The foregoing factors, as well as others, are considered in determining the compensation and benefits plans of our executive officers.

The following elements include factors that will be considered when reviewing executive officer compensation and benefits: base salary, short-term incentives (bonuses), long-term incentives, officer benefits, retirement plan funding, perquisites and group insurance benefits.

Use of Consultants. From time to time, the Compensation Committee has engaged the services of McLagan, a subsidiary of Aon Hewitt, to assist in compensation reviews of both executives and staff, review and design of incentive compensation and equity arrangements, and review of employment agreement arrangements.

The following is a general description of how each of these elements applies to our executive officers.

Base Salary – In determining the base salary of executive officers, the compensation committee defines base salary as the annualized regular cash compensation of an employee, excluding bonus awards, company contributions to employee benefits plans, or other compensation not designated as salary. The compensation committee considers the individual job performance of the executive officers, as well as overall corporate performance, and salaries published by our peers and other third party consultants. Base salaries are generally reviewed and considered for adjustment on an annual basis, unless circumstances exist in which the executive is assuming a scope and degree of responsibilities materially greater or lesser than the executive's present duties, or it is deemed that an adjustment is needed to meet marketplace demands. The Committee may delegate base salary matters for executive officers, other than that of the chief executive officer, to the chief executive officer.

Short-Term Incentive Compensation (Cash Bonus) – The short-term incentive compensation program is intended to sustain management's focus on the company's requirement for strategic long-range planning by encouraging attainment of annual goals. In the second quarter of 2014, after TARP-related restrictions were lifted, a short-term incentive compensation program was rolled out. The Plan was designed by McLagan, a subsidiary of Aon Hewitt. The Plan's objective is to cover top officers (senior vice presidents and higher), as well as commercial producers, and be market competitive, regulatory compliant and aligned with the company's and bank's strategic goals. Since the chief executive officer and the chief financial officer are officers of both the holding company and the bank, they were included in both the Centru Financial Corporation and Centru Bank plans with their dollar pool being split 50/50 between the plans. Award opportunities for participants are defined as a percentage of base salary, determined based on market competitive practices. The program was designed with a three-year transition to phase-in award opportunities beginning in 2014 with the goal of being fully market competitive after the 2015 plan year. In 2015, target incentive opportunities ranged from 5% to 30% of salary.

The Company maintains a retail-focused incentive plan primarily for the benefit of retail division employees.

Long-Term Incentive Compensation – Inclusion in the company's long-term incentive program is based on the recommendation of the chief executive officer and the compensation committee and is approved by the board of directors. On November 4, 2015, the board of directors, following the approval and recommendation of its compensation committee, approved awards in the aggregate of 40,443 shares of restricted stock ("Restricted Stock") under the 2015 Stock Compensation Plan. Under the terms of the grant, the shares of Restricted Stock may not be sold, pledged or otherwise disposed of by the recipients until November 7, 2016, but the Restricted Stock is fully vested upon issuance. Each recipient was given the option to elect to have the Company withhold from the Restricted Stock granted the number of shares determined by the Company as necessary to pay all federal, state and local withholding taxes due as a result of the grant. Nine individuals, including those named executive officers included in the Summary Compensation Table received awards, based on a percentage of their salary, in recognition of their efforts towards the company's successful recapitalization.

Officer Benefit Programs – Officer benefit programs focus on two general types of officer benefits: nonqualified retirement benefits and officer life insurance. Officer benefits are considered to be a critical component in attracting, retaining and motivating key talent.

On January 1, 2008, the Centrue Financial Corporation Executive Deferred Compensation Plan took effect. Participants may defer up to 50% of salary and up to 100% of bonus. The plan is available to certain members of the senior management team. Prior to 2013, participant deferrals were required to be invested in a phantom account representing units of Centrue Financial Corporation common stock. The company may make discretionary matching contributions with respect to a portion of the participant's deferral and discretionary contributions that are not related to the participant's deferrals. The company match, and any discretionary employer contributions, are credited quarterly (with the exception of a discretionary annual 3% contribution to those officers who would have otherwise received a 3% safe harbor 401(k) match of deferred dollars) and invested per the participant's direction into one or more funds available to participants. Participants are always 100% vested in their own deferrals. Company contributions (with the exception of a discretionary annual 3% contribution to those officers who would have otherwise received a 3% safe harbor 401(k) match of deferred dollars) vest after five years (e.g. 2008 company contributions became vested on December 31, 2013 and 2009 contributions become vested on December 31, 2014). In 2015, the company made no matching contributions to this plan.

No trust was established for the plan. However, the plan is structured to allow for a rabbi trust. Participants may elect to receive distributions upon separation of service or upon normal retirement age (65) in a lump sum, over a five-year period or over a 10-year period. Participants have the option to take a distribution upon a change of control.

Participants may elect to receive plan payments in cash, shares of company stock or a combination of both.

A small group of officers, including our chief executive officer, are covered by a split dollar plan which, subject to the achievement of certain conditions, pays out a portion of death benefits to the executives' named beneficiaries.

Retirement Benefits – The compensation committee considers various benefits, including retirement benefits, in determining compensation. The primary retirement vehicle is the company's 401(k) plan which allows eligible participants to defer compensation up to annual IRS limits subject to non-discrimination testing. Employees who met certain eligibility requirements as of December 31, 2015 received an employer contribution in January 2016 of 2% of eligible compensation and an employer contribution to exhaust forfeiture funds in February 2016. The Plan was considered to be a non-safe harbor plan for Plan Year 2015, but adopted a safe harbor status utilizing a matching formula effective January 1, 2016.

Company executives participate in retirement plan programs in a manner consistent with plan provisions covering other employees. Currently, the company does not provide executives with any supplemental executive retirement plan benefits.

Perquisites – Executive officers may have a limited number of perquisites made available to them. The main perquisites that may be offered are reimbursement of business expenses, country club expenses and employment agreements or change-in-control agreements.

Group Insurance Benefits – The company offers a comprehensive employee benefits package for all eligible employees which includes group health, dental, vision, life, dependent life, short and long-term disability insurance and a flexible spending account plan. Executive officers are afforded the same participation and rewards terms as all other eligible staff.

Total Rewards – The company considers compensation a single package consisting of the parts described in this statement. When viewed in this manner, the organization is positioned to: (1) establish specific goals for each form of compensation, (2) project funding requirements consistent with the company's business strategies, and (3) administer the program with predetermined goals as a guide. Assuming strategic goals are met, the combined total rewards would be expected to be comparable to similarly sized banks within the company's market area. The approach to total rewards for 2015 reflected the desire to take steps toward a more normalized and market-competitive compensation and benefits package, in recognition of the company's improved financial performance and, specifically, to recognize and reward those key to that process.

In accordance with Section 10A(i) of the Exchange Act, before Crowe Horwath LLP is engaged by us to render audit or non-audit services, the engagement is approved by our audit committee. None of the audit-related, tax and other services described above were required to be approved by the audit committee pursuant to Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The audit committee is responsible for reviewing and pre-approving any non-audit services to be performed by the company's independent auditors. The audit committee has delegated its pre-approval authority to the chairman of the audit committee to act between meetings of the audit committee. Any pre-approval given by the chairman of the audit committee pursuant to this delegation is presented to the full audit committee at its next regularly scheduled meeting. The audit committee or chairman of the audit committee reviews and, if appropriate, approves non-audit service engagements, taking into account the proposed scope of the non-audit services, the proposed fees for the non-audit services, whether the non-audit services are permissible under applicable law or regulation and the likely impact of the non-audit services on the independence of the independent auditors.
