RISK FACTORS

THIS OFFERING INVOLVES A HIGH DEGREE OF RISK. YOU SHOULD CAREFULLY CONSIDER THE RISKS DESCRIBED BELOW BEFORE MAKING A DECISION TO BUY OUR COMMON STOCK. IF ANY OF THE FOLLOWING RISKS ACTUALLY OCCURS, OUR BUSINESS COULD BE HARMED. IN THAT CASE, THE TRADING PRICE OF OUR COMMON STOCK COULD DECLINE, AND YOU MAY LOSE ALL OR PART OF YOUR INVESTMENT. YOU SHOULD ALSO REFER TO THE OTHER INFORMATION IN THIS PROSPECTUS, INCLUDING OUR FINANCIAL STATEMENTS AND THE RELATED NOTES. EXCEPT FOR HISTORICAL INFORMATION, THE INFORMATION IN THIS PROSPECTUS CONTAINS "FORWARD-LOOKING" STATEMENTS ABOUT OUR EXPECTED FUTURE BUSINESS AND PERFORMANCE. OUR ACTUAL OPERATING RESULTS AND FINANCIAL PERFORMANCE MAY PROVE TO BE VERY DIFFERENT FROM WHAT WE MIGHT HAVE PREDICTED AS OF THE DATE OF THIS PROSPECTUS. THE RISKS DESCRIBED BELOW ADDRESS SOME OF THE FACTORS THAT MAY AFFECT OUR FUTURE OPERATING RESULTS AND FINANCIAL PERFORMANCE.

BUSINESS RISKS

WE INCURRED LOSSES FOR FISCAL YEARS 2003, 2002, 2001 and 2000.

We incurred losses of \$2.7 million, \$14.7 million, \$28.9 million and \$4.1 million in the fiscal years ended March 31, 2003, 2002, 2001, and 2000 respectively. The losses in the past four years have generally been due to difficulties completing sales for new application software licenses, the resulting change in sales mix toward lower margin services, and debt service expenses. We will need to generate additional revenue to achieve profitability in future periods. Failure to achieve profitability, or maintain profitability if achieved, may have a material adverse effect on our business and stock price.

WE HAVE NEGATIVE WORKING CAPITAL, AND WE HAVE EXTENDED PAYMENT TERMS WITH A NUMBER OF OUR SUPPLIERS.

At March 31, 2003, 2002 and 2001, we had negative working capital of \$4.1 million, \$5.3 million and \$2.8 million, respectively. We have had difficulty meeting operating expenses, including interest payments on debt, lease payments and supplier obligations. We have at times deferred payroll for our executives offices, and borrowed from related parties to meet payroll obligations. We have extended payment terms with our trade creditors wherever

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

possible.

As a result of extended payment arrangements with suppliers, we may be unable to secure products and services necessary to continue operations at current levels from these suppliers. In that event, we will have to obtain these products and services from other parties, which could result in adverse consequences to our business, operations and financial condition.

OUR NET SALES HAVE DECLINED. WE EXPERIENCED A SUBSTANTIAL DECREASE IN APPLICATION SOFTWARE LICENSE SALES. OUR GROWTH AND PROFITABILITY IS DEPENDENT ON THE SALE OF HIGHER MARGIN LICENSES.

Our net sales decreased by 16% in the fiscal year ended March 31, 2003, compared to the fiscal year ended March 31, 2002. Our net sales decreased by 5% in the fiscal year ended March 31, 2002 compared to the fiscal year ended March 31, 2001. We experienced a substantial decrease in application license software sales, which typically carry a much higher margin than other revenue sources. We must improve new application license sales to become profitable. We have taken steps to refocus our sales strategy on core historic competencies, but our typically long sales cycles make it difficult to evaluate whether and when sales will improve. We cannot be sure that the decline in sales has not been due to factors which might continue to negatively affect sales.

5

OUR FINANCIAL CONDITION MAY INTERFERE WITH OUR ABILITY TO SELL NEW APPLICATION SOFTWARE LICENSES.

Future sales growth may depend on our ability to improve our financial condition. Our current financial condition has made it more difficult for us to complete sales of new application software licenses. Because our applications typically require lengthy implementation and extended servicing arrangements, potential customers require assurance that these services will be available for the expected life of the application. These potential customers may defer buying decisions until our financial condition improves, or may choose the products of our competitors whose financial condition is or is perceived to be stronger. Customer deferrals or lost sales will adversely affect our business, financial conditions and results of operations.

OUR SALES CYCLES ARE LONG AND PROSPECTS ARE UNCERTAIN. THIS MAKES IT DIFFICULT FOR US TO PREDICT REVENUES AND BUDGET EXPENSES.

The length of sales cycles in our business makes it difficult to evaluate the effectiveness of our sales strategies. Our sales cycles historically has ranged from three to twelve months, which has caused significant fluctuations in revenues from period to period. Due to our difficulties in completing new application software sales in recent periods and our refocused sales strategy, it is difficult to predict revenues and properly budget expenses.

Our software applications are complex and perform or directly affect mission-critical functions across many different functional and geographic areas of the retail enterprise. In many cases, our customers must change established business practices when they install our software. Our sales staff must dedicate significant time consulting with a potential customer concerning the substantial technical and business concerns associated with implementing our products. The purchase of our products is often discretionary, so lengthy sales efforts may not result in a sale. Moreover, it is difficult to predict when a license sale will occur. All of these factors can adversely affect our business, financial condition and results of operations.

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

OUR OPERATING RESULTS HAVE FLUCTUATED SIGNIFICANTLY IN THE PAST, AND THEY MAY CONTINUE TO DO SO IN THE FUTURE, WHICH COULD ADVERSELY AFFECT OUR STOCK PRICE.

Our quarterly operating results have fluctuated significantly in the past and may fluctuate in the future as a result of several factors, many of which are outside of our control. If revenue declines in a quarter, our operating results will be adversely affected because many of our expenses are relatively fixed. In particular, sales and marketing, application development and general and administrative expenses do not change significantly with variations in revenue in a quarter. It is likely that in some future quarter our net sales or operating results will be below the expectations of public market analysts or investors. If that happens, our stock price will likely decline.

OUR REVENUE MAY VARY FROM PERIOD TO PERIOD, WHICH MAKES IT DIFFICULT TO PREDICT FUTURE RESULTS.

Factors outside our control that could cause our revenue to fluctuate significantly from period to period include:

- o THE SIZE AND TIMING OF INDIVIDUAL ORDERS, PARTICULARLY WITH RESPECT TO OUR LARGER CUSTOMERS;
- o GENERAL HEALTH OF THE RETAIL INDUSTRY AND THE OVERALL ECONOMY;
- o TECHNOLOGICAL CHANGES IN PLATFORMS SUPPORTING OUR SOFTWARE PRODUCTS; AND
- o MARKET ACCEPTANCE OF NEW APPLICATIONS AND RELATED SERVICES.

In particular, we usually deliver our software applications when contracts are signed, so order backlog at the beginning of any quarter may represent only a portion of that quarter's expected revenues. As a result, application license revenues in any quarter are substantially dependent on orders booked and delivered in that quarter, and this makes it difficult for us to accurately predict revenues. We have experienced, and we expect to continue to experience, quarters or periods where individual application license or services orders are significantly

6

larger than our typical application license or service orders. Because of the nature of our offerings, we may get one or more large orders in one quarter from a customer and then no orders the next quarter.

OUR EXPENSES MAY VARY FROM PERIOD TO PERIOD, WHICH COULD AFFECT QUARTERLY RESULTS AND OUR STOCK PRICE.

If we incur additional expenses in a quarter in which we do not experience increased revenue, our results of operations would be adversely affected and we may incur losses for that quarter. Factors that could cause our expenses to fluctuate from period to period include:

- o THE EXTENT OF MARKETING AND SALES EFFORTS NECESSARY TO PROMOTE AND SELL OUR APPLICATIONS AND SERVICES;
- o THE TIMING AND EXTENT OF OUR DEVELOPMENT EFFORTS; AND
- o THE TIMING OF PERSONNEL HIRING.

IT IS DIFFICULT TO EVALUATE OUR PERFORMANCE BASED ON PERIOD TO PERIOD COMPARISONS OF OUR RESULTS.

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

The many factors which can cause revenues and expenses to vary make meaningful period to period comparisons of our results difficult. We do not believe period to period comparisons of our financial performance are necessarily meaningful, and you cannot rely on them as an indication of our future performance.

WE MAY EXPERIENCE SEASONAL DECLINES IN SALES, WHICH COULD CAUSE OUR OPERATING RESULTS TO FALL SHORT OF EXPECTATIONS IN SOME QUARTERS.

We may experience slower sales of our applications and services from October through December of each year as a result of retailers' focus on the holiday retail-shopping season. This can negatively affect revenues in our third fiscal quarter and in other quarters, depending on our sales cycles.

OUR DEBT COULD ADVERSELY AFFECT US.

As of June 30, 2003, our debt is as follows:

- o \$3.5 MILLION IN CONVERTIBLE DEBENTURES ISSUED ON MARCH 31, 2003 TO MIDSUMMER INVESTMENT, LTD., OMICRON MASTER TRUST, AND ISLANDIA, L.P. DUE IN FULL IN MAY 2005, WITH MONTHLY REDEMPTIONS TO COMMENCE IN FEBRUARY 2004.
- o \$400,000 IN CONVERTIBLE DEBENTURES ISSUED ON APRIL 1, 2003 TO MBSJ INVESTORS LLC DUE IN FULL IN OCTOBER 2005, WITH MONTHLY REDEMPTIONS TO COMMENCE IN FEBRUARY 2004.
- o \$300,000 IN CONVERTIBLE DEBENTURES ISSUED ON MAY 7, 2003 TO CRESTVIEW CAPITAL FUND I, L.P., CRESTVIEW CAPITAL FUND II, L.P., AND CRESTVIEW CAPITAL OFFSHORE FUND, INC., WITH MONTHLY REDEMPTIONS TO COMMENCE IN FEBRUARY 2004.
- o \$1.25 MILLION IN CONVERTIBLE NOTES REISSUED IN JULY 2002 TO ENTITIES RELATED TO ICM ASSET MANAGEMENT, INC. DUE SEPTEMBER 30, 2003.
- o \$500,000 IN A CONVERTIBLE NOTE ISSUED TO UNION BANK OF CALIFORNIA NA ON MARCH 31, 2003, DUE MARCH 31, 2004.

The substantial amount of our indebtedness impacts us in a number of ways:

- o WE HAVE TO DEDICATE A PORTION OF CASH FLOW FROM OPERATIONS TO PRINCIPAL AND INTEREST PAYMENTS ON THE DEBT, WHICH REDUCES FUNDS AVAILABLE FOR OTHER PURPOSES.
- o WE MAY NOT HAVE SUFFICIENT FUNDS TO PAY PRINCIPAL AND/OR INTEREST PAYMENT WHEN THEY BECOME DUE, WHICH COULD LEAD TO A DEFAULT.

These are just some factors pertaining to our debt that generally place us at a disadvantage to our less leveraged competitors. Any or all of these factors could cause our stock price to decline.

WE HAVE RELIED ON CAPITAL CONTRIBUTED BY RELATED PARTIES, AND SUCH CAPITAL MAY NOT BE AVAILABLE IN THE FUTURE.

Our cash from operations has not been sufficient to meet our

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

operational needs, and we have relied on capital from related parties. A company affiliated with Donald S. Radcliffe, one of our directors, made short-term loans to us in fiscal 2002 and in fiscal 2003 to meet payroll when cash on hand was not sufficient. Softline loaned us \$10 million to make a required principal payment on our Union Bank term loan in July 2000. A subsidiary of Softline loaned us an additional \$600,000 in November 2000 to meet working capital needs. This loan was repaid in February 2001, in part with \$400,000 we borrowed from Barry M. Schechter, our Chairman. We borrowed an additional \$164,000 from Mr. Schechter in March 2001 for operational needs related to our Australian subsidiary, which was repaid in July 2001.

We may not be able to obtain capital from related parties in the future. Neither Softline, Mr. Schechter, Mr. Radcliffe nor any other officers, directors, stockholders or related parties are under any obligation to continue to provide cash to meet our future liquidity needs.

WE MAY NEED TO RAISE CAPITAL TO REPAY DEBT AND GROW OUR BUSINESS. OBTAINING THIS CAPITAL COULD IMPAIR THE VALUE OF YOUR INVESTMENT.

We may need to raise capital to discharge our aged payables and grow our business. We will also likely need to raise capital to pay our \$1.25 million convertible note obligations to the entities related to ICM Asset Management, Inc. due in full in September 2003, our \$3.5 million and \$300,000 convertible debenture obligations due in full in May 2005, with monthly redemptions commencing in February 2004, our \$400,000 convertible debenture obligations due in full in October 2005, with monthly redemptions commencing in February 2004, and our \$500,000 convertible note obligation due in full in March 2004. We may also need to raise further capital to:

- o SUPPORT UNANTICIPATED CAPITAL REQUIREMENTS;
- o TAKE ADVANTAGE OF ACQUISITION OR EXPANSION OPPORTUNITIES;
- o CONTINUE OUR CURRENT DEVELOPMENT EFFORTS;
- o DEVELOP NEW APPLICATIONS OR SERVICES; OR
- o ADDRESS WORKING CAPITAL NEEDS.

Our future capital requirements depend on many factors including our application development, sales and marketing activities. We do not know whether additional financing will be available when needed, or available on terms acceptable to us. If we cannot raise needed funds for the above purposes on acceptable terms, we may be forced to curtail some or all of the above activities and we may not be able to grow our business or respond to competitive pressures or unanticipated developments.

We may raise capital through public or private equity offerings or debt financings. To the extent we raise additional capital by issuing equity securities or convertible debt securities, our stockholders may experience substantial dilution and the new securities may have greater rights, preferences or privileges than our existing common stock.

INTANGIBLE ASSETS MAY BE IMPAIRED MAKING IT MORE DIFFICULT TO OBTAIN FINANCING.

Goodwill, capitalized software, non-compete agreements and other intangible assets represent approximately 83% of our total assets as of March 31, 2003 and represent more than our stockholders' equity. We may have to impair

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

or write-off these assets, which will cause a charge to earnings and could cause our stock price to decline.

Any such impairments will also reduce our assets, as well as the ratio of our assets to our liabilities. These balance sheet effects could make it more difficult for us to obtain capital, and could make the terms of capital we do obtain more unfavorable to our existing stockholders.

FOREIGN CURRENCY FLUCTUATIONS MAY IMPAIR OUR COMPETITIVE POSITION AND AFFECT OUR OPERATING RESULTS.

Fluctuations in currency exchange rates affect the prices of our applications and services and our expenses, and foreign currency losses will negatively affect profitability or increase losses. Approximately 12%, 9% and 8% of our net sales were outside North America, principally in Australia and the United Kingdom, in the fiscal years ended March 31, 2003, 2002 and 2001, respectively. Many of our expenses related to foreign sales, such as corporate level administrative overhead and development, are denominated in U.S. dollars. When accounts receivable and accounts payable arising from international sales and services are converted to U.S. dollars, the resulting gain or loss contributes to fluctuations in our operating results. We do not hedge against foreign currency exchange rate risks.

WE HAVE A SINGLE CUSTOMER REPRESENTING A SIGNIFICANT AMOUNT OF OUR BUSINESS.

Toys accounted for 31%, 47% and 33% of our net sales for the fiscal years ended March 31, 2003, 2002 and 2001, respectively. While we have a development agreement with this customer, Toys has the right to terminate the agreement without cause with limited advance notice. A reduction, delay or cancellation of orders from Toys would significantly reduce our revenues and force us to substantially curtail operations. We cannot provide any assurances that Toys or any of our current customers will continue at current or historical levels or that we will be able to obtain orders from new customers.

IF WE LOSE THE SERVICES OF ANY MEMBER OF OUR SENIOR MANAGEMENT OR KEY TECHNICAL AND SALES PERSONNEL, OR IF WE ARE UNABLE TO RETAIN OR ATTRACT ADDITIONAL TECHNICAL PERSONNEL, OUR ABILITY TO CONDUCT AND EXPAND OUR BUSINESS WILL BE IMPAIRED.

We are heavily dependent on Barry M. Schechter, our Chairman, Harvey Braun, our Chief Executive Officer, and Steven Beck, our President and Chief Operating Officer. Mr. Schechter has an employment agreement with us, which expires September 30, 2003 and may be terminated on 14 days notice. We do not have any written employment agreements with Mr. Braun or Mr. Beck. We also believe our future success will depend largely upon our ability to attract and retain highly-skilled software programmers, managers, and sales and marketing personnel. Competition for personnel is intense, particularly in international markets. The software industry is characterized by a high level of employee mobility and aggressive recruiting of skilled personnel. We compete against numerous companies, including larger, more established companies, for our personnel. We may not be successful in attracting or retaining skilled sales, technical and managerial personnel. The loss of key employees or our inability to attract and retain other qualified employees could negatively affect our financial performance and cause our stock price to decline.

WE ARE DEPENDENT ON THE RETAIL INDUSTRY, AND IF ECONOMIC CONDITIONS IN THE RETAIL INDUSTRY FURTHER DECLINE, OUR REVENUES MAY ALSO DECLINE. RETAIL SALES HAVE BEEN AND MAY CONTINUE TO BE SLOW.

Our future growth is critically dependent on increased sales to the retail industry. We derive the substantial majority of our revenues from the licensing of software applications and the performance of related professional

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

and consulting services to the retail industry. Demand for our applications and services could decline in the event of consolidation, instability or more downturns in the retail industry. This decline would likely cause reduced sales and could impair our ability to collect accounts receivable. The result would be reduced earnings and weakened financial condition, each or both of which would likely cause our stock price to decline.

9

The success of our customers is directly linked to economic conditions in the retail industry, which in turn are subject to intense competitive pressures and are affected by overall economic conditions. In addition, the retail industry may be consolidating, and it is uncertain how consolidation will affect the industry. The retail industry as a whole is currently experiencing increased competition and weakening economic conditions that could negatively impact the industry and our customers' ability to pay for our products and services. Such consolidation and weakening economic conditions have in the past, and may in the future, negatively impact our revenues, reduce the demand for our products and may negatively impact our business, operating results and financial condition. Weakening economic conditions and the September 11, 2001 terrorist attack have adversely impacted sales of our software applications, and we believe mid-tier specialty retailers may be reluctant during the current economic slowdown to make the substantial infrastructure investment that generally accompanies the implementation of our software applications. Also, the recent war in Iraq and the anticipated burden of rebuilding that country's infrastructure has led to some uncertainty in the economic climate, which may adversely impact our business.

THERE MAY BE AN INCREASE IN CUSTOMER BANKRUPTCIES DUE TO WEAK ECONOMIC CONDITIONS.

We have in the past and may in the future be impacted by customer bankruptcies. During weak economic conditions, such as those currently being experienced in many geographic regions around the world, there is an increased risk that certain of our customers will file bankruptcy. When our customers file bankruptcy, we may be required to forego collection of pre-petition amounts owed, and to repay amounts remitted to us during the 90-day preference period preceding the filing. Accounts receivable balances related to pre-petition amounts may in certain of these instances be large due to extended payment terms for software license fees, and significant billings for consulting and implementation services on large projects. The bankruptcy laws, as well as the specific circumstances of each bankruptcy, may severely limit our ability to collect pre-petition amounts, and may force us to disgorge payments made during the 90-day preference period. We also face risk from international customers which file for bankruptcy protection in foreign jurisdictions, in that the application of foreign bankruptcy laws may be less certain or harder to predict. Although we believe that we have sufficient reserves to cover anticipated customer bankruptcies, there can be no assurance that such reserves will be adequate, and if they are not adequate, our business, operating results and financial condition would be adversely affected.

WE MAY NOT BE ABLE TO MAINTAIN OR IMPROVE OUR COMPETITIVE POSITION BECAUSE OF THE INTENSE COMPETITION IN THE RETAIL SOFTWARE INDUSTRY.

We conduct business in an industry characterized by intense competition. Most of our competitors are very large companies with an international presence. We must also compete with smaller companies which have been able to develop strong local or regional customer bases. Many of our competitors and potential competitors are more established, benefit from greater name recognition and have significantly greater resources than us. Our

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

competitors may also have lower cost structures and better access to the capital markets than us. As a result, our competitors may be able to respond more quickly than we can to new or emerging technologies and changes in customer requirements. Our competitors may:

- o INTRODUCE NEW TECHNOLOGIES THAT RENDER OUR EXISTING OR FUTURE PRODUCTS OBSOLETE, UNMARKETABLE OR LESS COMPETITIVE;
- o MAKE STRATEGIC ACQUISITIONS OR ESTABLISH COOPERATIVE RELATIONSHIPS AMONG THEMSELVES OR WITH OTHER SOLUTION PROVIDERS, WHICH WOULD INCREASE THE ABILITY OF THEIR PRODUCTS TO ADDRESS THE NEEDS OF OUR CUSTOMERS; AND
- o ESTABLISH OR STRENGTHEN COOPERATIVE RELATIONSHIPS WITH OUR CURRENT OR FUTURE STRATEGIC PARTNERS, WHICH WOULD LIMIT OUR ABILITY TO COMPETE THROUGH THESE CHANNELS.

10

We could be forced to reduce prices and suffer reduced margins and market share due to increased competition from providers of offerings similar to, or competitive with, our applications, or from service providers that provide services similar to our services. Competition could also render our technology obsolete. For a further discussion of competitive factors in our industry, see "Business" under the heading "Competition."

OUR MARKETS ARE SUBJECT TO RAPID TECHNOLOGICAL CHANGE, SO OUR SUCCESS DEPENDS HEAVILY ON OUR ABILITY TO DEVELOP AND INTRODUCE NEW APPLICATIONS AND RELATED SERVICES.

The retail software industry is characterized by rapid technological change, evolving standards and wide fluctuations in supply and demand. We must cost-effectively develop and introduce new applications and related services that keep pace with technological developments to compete. If we do not gain market acceptance for our existing or new offerings or if we fail to introduce progressive new offerings in a timely or cost-effective manner, our financial performance will suffer.

The success of application enhancements and new applications depends on a variety of factors, including technology selection and specification, timely and efficient completion of design, and effective sales and marketing efforts. In developing new applications and services, we may:

- o FAIL TO RESPOND TO TECHNOLOGICAL CHANGES IN A TIMELY OR COST-EFFECTIVE MANNER;
- o ENCOUNTER APPLICATIONS, CAPABILITIES OR TECHNOLOGIES DEVELOPED BY OTHERS THAT RENDER OUR APPLICATIONS AND SERVICES OBSOLETE OR NON-COMPETITIVE OR THAT SHORTEN THE LIFE CYCLES OF OUR EXISTING APPLICATIONS AND SERVICES;
- o EXPERIENCE DIFFICULTIES THAT COULD DELAY OR PREVENT THE SUCCESSFUL DEVELOPMENT, INTRODUCTION AND MARKETING OF THESE NEW APPLICATIONS AND SERVICES; OR
- o FAIL TO ACHIEVE MARKET ACCEPTANCE OF OUR APPLICATIONS AND SERVICES.

The life cycles of our applications are difficult to estimate, particularly in the emerging electronic commerce market. As a result, new

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

applications and enhancements, even if successful, may become obsolete before we recoup our investment.

OUR PROPRIETARY RIGHTS OFFER ONLY LIMITED PROTECTION AND OUR COMPETITORS MAY DEVELOP APPLICATIONS SUBSTANTIALLY SIMILAR TO OUR APPLICATIONS AND USE SIMILAR TECHNOLOGIES WHICH MAY RESULT IN THE LOSS OF CUSTOMERS. WE MAY HAVE TO BRING COSTLY LITIGATION TO PROTECT OUR PROPRIETARY RIGHTS.

Our success and competitive position is dependent in part upon our ability to develop and maintain the proprietary aspects of our intellectual property. Our intellectual property includes our trademarks, trade secrets, copyrights and other proprietary information. Our efforts to protect our intellectual property may not be successful. Effective copyright and trade secret protection may be unavailable or limited in some foreign countries. We hold no patents. Consequently, others may develop, market and sell applications substantially equivalent to ours or utilize technologies similar to those used by us, so long as they do not directly copy our applications or otherwise infringe our intellectual property rights.

We may find it necessary to bring claims or litigation against third parties for infringement of our proprietary rights or to protect our trade secrets. These actions would likely be costly and divert management resources. These actions could also result in counterclaims challenging the validity of our proprietary rights or alleging infringement on our part. The ultimate outcome of any litigation will be difficult to predict.

OUR APPLICATIONS MAY BE SUBJECT TO CLAIMS THEY INFRINGE ON THE PROPRIETARY RIGHTS OF THIRD PARTIES, WHICH MAY EXPOSE US TO LITIGATION.

We may become involved in litigation involving patents or proprietary rights. Patent and proprietary rights litigation entails substantial legal and other costs, and we do not know if we will have the necessary financial

11

resources to defend or prosecute our rights in connection with any such litigation. Responding to and defending claims related to our intellectual property rights, even ones without merit, can be time consuming and expensive and can divert management's attention from other business matters. In addition, these actions could cause application delivery delays or require us to enter into royalty or license agreements. Royalty or license agreements, if required, may not be available on terms acceptable to us, if they are available at all. Any or all of these outcomes could have a material adverse effect on our business, operating results and financial condition.

DEVELOPMENT AND MARKETING OF OUR OFFERINGS DEPENDS ON STRATEGIC RELATIONSHIPS WITH OTHER COMPANIES. OUR EXISTING STRATEGIC RELATIONSHIPS MAY NOT ENDURE AND MAY NOT DELIVER THE INTENDED BENEFITS, AND WE MAY NOT BE ABLE TO ENTER INTO FUTURE STRATEGIC RELATIONSHIPS.

Since we do not possess all of the technical and marketing resources necessary to develop and market our offerings to their target markets, our business strategy substantially depends on our strategic relationships. While some of these relationships are governed by contracts, most are non-exclusive and all may be terminated on short notice by either party. If these relationships terminate or fail to deliver the intended benefits, our development and marketing efforts will be impaired and our revenues may decline. We may not be able to enter into new strategic relationships, which could put us at a disadvantage to those of our competitors which do successfully exploit strategic relationships.

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

OUR PRIMARY COMPUTER AND TELECOMMUNICATIONS SYSTEMS ARE IN A LIMITED NUMBER OF GEOGRAPHIC LOCATIONS, WHICH MAKES THEM MORE VULNERABLE TO DAMAGE OR INTERRUPTION. THIS DAMAGE OR INTERRUPTION COULD HARM OUR BUSINESS.

Substantially all of our primary computer and telecommunications systems are located in two geographic areas. These systems are vulnerable to damage or interruption from fire, earthquake, water damage, sabotage, flood, power loss, technical or telecommunications failure or break-ins. Our business interruption insurance may not adequately compensate us for our lost business and will not compensate us for any liability we incur due to our inability to provide services to our customers. Although we have implemented network security measures, our systems are vulnerable to computer viruses, physical or electronic break-ins and similar disruptions. These disruptions could lead to interruptions, delays, loss of data or the inability to service our customers. Any of these occurrences could impair our ability to serve our customers and harm our business.

IF PRODUCT LIABILITY LAWSUITS ARE SUCCESSFULLY BROUGHT AGAINST US, WE MAY INCUR SUBSTANTIAL LIABILITIES AND MAY BE REQUIRED TO LIMIT COMMERCIALIZATION OF OUR APPLICATIONS.

Our business exposes us to product liability risks. Any product liability or other claims brought against us, if successful and of sufficient magnitude, could negatively affect our financial performance and cause our stock price to decline.

Our applications are highly complex and sophisticated and they may occasionally contain design defects or software errors that could be difficult to detect and correct. In addition, implementation of our applications may involve customer-specific customization by us or third parties, and may involve integration with systems developed by third parties. These aspects of our business create additional opportunities for errors and defects in our applications and services. Problems in the initial release may be discovered only after the application has been implemented and used over time with different computer systems and in a variety of other applications and environments. Our applications have in the past contained errors that were discovered after they were sold. Our customers have also occasionally experienced difficulties integrating our applications with other hardware or software in their enterprise.

We are not currently aware of any defects in our applications that might give rise to future lawsuits. However, errors or integration problems may be discovered in the future. Such defects, errors or difficulties could result in loss of sales, delays in or elimination of market acceptance, damage to our brand or to our reputation, returns, increased costs and diversion of development resources, redesigns and increased warranty and servicing costs. In addition, third-party products, upon which our applications are dependent, may contain defects which could reduce or undermine entirely the performance of our applications.

Our customers typically use our applications to perform mission-critical functions. As a result, the defects and problems discussed above could result in significant financial or other damage to our customers. Although our sales agreements with our customers typically contain provisions designed to limit our exposure to potential product liability claims, we do not know if these limitations of liability are enforceable or would otherwise protect us from liability for damages to a customer resulting from a defect in

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

one of our applications or the performance of our services. Our product liability insurance may not cover all claims brought against us.

SOFTLINE LIMITED HAS THE RIGHT TO ACQUIRE A CONTROLLING PERCENTAGE OF OUR COMMON STOCK, SO WE MAY BE EFFECTIVELY CONTROLLED BY SOFTLINE, AND OUR OTHER STOCKHOLDERS ARE UNABLE TO AFFECT THE OUTCOME OF STOCKHOLDER VOTING.

Softline Limited beneficially owns 49.6% of our outstanding common stock, including shares Softline has the right to acquire upon conversion of its Series A Convertible Preferred Stock. Ivan M. Epstein, Softline's Chief Executive Officer, and Robert P. Wilkie, Softline's Chief Financial Officer, serve on our board of directors. If Softline converts its Series A Preferred Stock, it may have effective control over all matters affecting us, including:

- o THE ELECTION OF ALL OF OUR DIRECTORS;
- o THE ALLOCATION OF BUSINESS OPPORTUNITIES THAT MAY BE SUITABLE FOR SOFTLINE AND US;
- o ANY DETERMINATIONS WITH RESPECT TO MERGERS OR OTHER BUSINESS COMBINATIONS INVOLVING US;
- o THE ACQUISITION OR DISPOSITION OF ASSETS OR BUSINESSES BY US;
- o DEBT AND EQUITY FINANCING, INCLUDING FUTURE ISSUANCE OF OUR COMMON STOCK OR OTHER SECURITIES;
- o AMENDMENTS TO OUR CHARTER DOCUMENTS;
- o THE PAYMENT OF DIVIDENDS ON OUR COMMON STOCK; AND
- o DETERMINATIONS WITH RESPECT TO OUR TAX RETURNS.

OUR BUSINESS MAY BE DISADVANTAGED OR HARMED IF SOFTLINE'S INTERESTS RECEIVE PRIORITY OVER OUR INTERESTS.

Conflicts of interest have and will continue to arise between Softline and us in a number of areas relating to our past and ongoing relationships. Conflicts may not be resolved in a manner that is favorable to us, and such conflicts may result in harmful consequences to our business or prospects.

SOFTLINE'S INFLUENCE ON OUR COMPANY COULD MAKE IT DIFFICULT FOR ANOTHER COMPANY TO ACQUIRE US, WHICH COULD DEPRESS OUR STOCK PRICE.

Softline's potential voting control could discourage others from initiating any potential merger, takeover or other change of control transaction that may otherwise be beneficial to our business or our stockholders. As a result, Softline's control could reduce the price that investors may be willing to pay in the future for shares of our stock, or could prevent any party from attempting to acquire us at any price.

OUR STOCK PRICE HAS BEEN HIGHLY VOLATILE.

The market price of our common stock has been, and is likely to continue to be, volatile. When we or our competitors announce new customer orders or services, change pricing policies, experience quarterly fluctuations in operating results, announce strategic relationships or acquisitions, change earnings estimates, experience government regulatory actions or suffer from generally adverse economic conditions, our stock price could be affected. Some of the volatility in our stock price may be unrelated to our performance. Recently, companies similar to ours have experienced extreme price fluctuations, often for reasons unrelated to their performance. For further information on our

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

stock price trends, see "Price Range of Common Stock."

13

WE HAVE NEVER PAID A DIVIDEND ON OUR COMMON STOCK AND WE DO NOT INTEND TO PAY DIVIDENDS IN THE FORESEEABLE FUTURE.

We have not previously paid any cash or other dividend on our common stock. We anticipate that we will use our earnings and cash flow for repayment of indebtedness, to support our operations, and for future growth, and we do not have any plans to pay dividends in the foreseeable future. Softline is entitled to dividends on its Series A Convertible Preferred Stock in preference and priority to common stockholders. Future equity financing(s) may further restrict our ability to pay dividends.

THE TERMS OF OUR PREFERRED STOCK MAY REDUCE THE VALUE OF YOUR COMMON STOCK.

We are authorized to issue up to 5,000,000 shares of preferred stock in one or more series. We issued 141,000 shares of Series A Convertible Preferred Stock to Softline in May 2002. Our board of directors may determine the terms of subsequent series of preferred stock without further action by our stockholders. If we issue additional preferred stock, it could affect your rights or reduce the value of your common stock. In particular, specific rights granted to future holders of preferred stock could be used to restrict our ability to merge with or sell our assets to a third party. These terms may include voting rights, preferences as to dividends and liquidation, conversion and redemption rights, and sinking fund provisions. We are actively seeking capital, and some of the arrangements we are considering may involve the issuance of preferred stock.

FAILURE TO COMPLY WITH THE AMERICAN STOCK EXCHANGE'S LISTING STANDARDS COULD RESULT IN OUR DELISTING FROM THAT EXCHANGE AND LIMIT THE ABILITY TO SELL ANY OF OUR COMMON STOCK.

Our stock is currently traded on the American Stock Exchange. The Exchange has published certain guidelines it uses in determining whether a security warrants continued listing. These guidelines include financial, market capitalization and other criteria, and as a result of our financial condition or other factors, the American Stock Exchange could in the future determine that our stock does not merit continued listing. If our stock were delisted from the American Stock Exchange, the ability of our stockholders to sell our common stock could become limited, and we would lose the advantage of some state and federal securities regulations imposing lower regulatory burdens on exchange-traded issuers.

DELAWARE LAW AND SOME PROVISIONS OF OUR CHARTER AND BYLAWS MAY ADVERSELY AFFECT THE PRICE OF YOUR STOCK.

Special meetings of our stockholders may be called only by the Chairman of the Board, the Chief Executive Officer or the Board of Directors. Stockholders have no right to call a meeting. Stockholders must also comply with advance notice provisions in our bylaws in order to nominate directors or propose matters for stockholder action. These provisions of our charter documents, as well as certain provisions of Delaware law, could delay or make more difficult certain types of transactions involving a change in control of the Company or our management. Delaware law also contains provisions that could delay or make more difficult change in control transactions. As a result, the price of our common stock may be adversely affected.

SHARES ISSUED UPON THE EXERCISE OF OPTIONS, WARRANTS, DEBENTURES AND CONVERTIBLE NOTES COULD DILUTE YOUR STOCK HOLDINGS AND ADVERSELY AFFECT OUR STOCK PRICE.

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

We have issued options and warrants to acquire common stock to our employees and certain other persons at various prices, some of which are or may in the future have exercise prices at below the market price of our stock. We currently have outstanding options and warrants for 16,967,480 shares. Of these options and warrants, 831,821 have exercise prices above the recent market price of \$2.45 per share (as of July 10, 2003), and 16,135,659 have exercise prices at below that recent market price. If exercised, these options and warrants will cause immediate and possibly substantial dilution to our stockholders.

Our existing stock option plan currently has approximately 2,251,242 shares available for issuance as of July 10, 2003. Future options issued under the plan may have further dilutive effects.

14

We issued to Toys "R" Us, our major customer, a note convertible into 2,500,000 shares of common stock. This note has a conversion price of \$0.553. This note will have a dilutive effect on stockholders if converted.

We issued to entities related to ICM Asset Management notes that are convertible into 2,083,333 shares of common stock. These notes have a conversion price of \$0.60 per share, which is currently below the recent market price of \$2.45 (as of July 10, 2003). These notes will have a dilutive effect on stockholders if converted.

We also recently issued to a group of investors debentures that are convertible into 4,103,165 shares of common stock. These debentures have a conversion price of \$1.0236, which is currently below the recent market price of \$2.45. These debentures will have a dilutive effect on stockholders if converted. We also issued these investors warrants to purchase 2,205,381 shares of common stock at exercise prices ranging from \$1.0236 to \$1.65. These warrants will have a dilutive effect on stockholders if converted.

We issued to Union Bank of California, N.A. an unsecured note that is convertible into shares of common stock at a price per share of eighty percent (80%) of the average share closing price of our common stock for the ten trading day period immediately preceding the maturity date of the note. This note will have a dilutive effect on stockholders if converted.

We issued to Roth Capital partners a warrant to purchase 527,500 shares of common stock. This warrant has an exercise price of \$1.65 per share. This warrant will have a dilutive effect on Stockholders if exercised.

Sales of shares pursuant to exercisable options, warrants, convertible notes, and convertible debentures could lead to subsequent sales of the shares in the public market, and could depress the market price of our stock by creating an excess in supply of shares for sale. Issuance of these shares and sale of these shares in the public market could also impair our ability to raise capital by selling equity securities.

### QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk represents the risk of loss that may impact our consolidated financial position, results of operations or cash flows. We are exposed to market risks, which include changes in interest rates and changes in foreign currency exchange rate as measured against the U.S. dollar.

### FOREIGN CURRENCY EXCHANGE RATE RISK

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

We conduct business in various foreign currencies, primarily in Europe and until February 2002, Australia. Sales are typically denominated in the local foreign currency, which creates exposures to changes in exchange rates. These changes in the foreign currency exchange rates as measured against the U.S. dollar may positively or negatively affect our sales, gross margins and retained earnings. We attempt to minimize currency exposure risk through decentralized sales, development, marketing and support operations, in which substantially all costs are local-currency based. There can be no assurance that such an approach will be successful, especially in the event of a significant and sudden decline in the value of the foreign currency. We do not hedge against foreign currency risk. Approximately 12%, 9% and 8% of our total net sales were denominated in currencies other than the U.S. dollar for the periods ended March 31, 2003, 2002 and 2001, respectively.

### EQUITY PRICE RISK

We have no direct equity investments.

### FORWARD LOOKING STATEMENTS

THIS PROSPECTUS CONTAINS FORWARD-LOOKING STATEMENTS WITHIN THE MEANING OF SECTION 27A OF THE SECURITIES ACT AND SECTION 21E OF THE EXCHANGE ACT. THESE STATEMENTS RELATE TO FUTURE EVENTS OR OUR FUTURE FINANCIAL PERFORMANCE. IN SOME CASES, YOU CAN IDENTIFY FORWARD-LOOKING STATEMENTS BY TERMINOLOGY SUCH AS THE WORDS MAY, WILL, SHOULD, EXPECT, PLAN, ANTICIPATE, BELIEVE, ESTIMATE, PREDICT, POTENTIAL OR CONTINUE, OR THE NEGATIVES OF SUCH WORDS OR OTHER COMPARABLE TERMINOLOGY. THESE STATEMENTS ARE ONLY PREDICTIONS. ACTUAL EVENTS OR RESULTS MAY DIFFER MATERIALLY. IMPORTANT FACTORS THAT MAY CAUSE ACTUAL RESULTS TO

15

DIFFER MATERIALLY FROM THE FORWARD-LOOKING STATEMENTS INCLUDE, BUT ARE NOT LIMITED TO THE ITEMS DISCUSSED UNDER "RISK FACTORS" AND OTHER SECTIONS OF THIS PROSPECTUS.

ALTHOUGH WE BELIEVE THAT THE EXPECTATIONS REFLECTED IN THE FORWARD-LOOKING STATEMENTS ARE REASONABLE, WE CANNOT GUARANTEE FUTURE RESULTS, LEVELS OF ACTIVITY, PERFORMANCE OR ACHIEVEMENTS. WE ARE UNDER NO OBLIGATION TO UPDATE ANY OF THE FORWARD-LOOKING STATEMENTS AFTER THE FILING OF THIS REPORT TO CONFORM SUCH STATEMENTS TO ACTUAL RESULTS OR TO CHANGES IN OUR EXPECTATIONS.

### SELLING STOCKHOLDERS

We are registering 39,010,184 shares of our common stock for resale by the selling stockholders named below. The term "selling stockholders" includes each stockholder named below and such stockholder's transferees, pledgees, donees or other successors. See "Registration Rights" and below for a more complete description of our agreements with selling stockholders in connection with their registration rights.

### BACKGROUND

In this registration statement, 7,043,095 shares of common stock held by or issuable to Koyah Leverage Partners, L.P., Koyah Partners, L.P., Raven Partners, L.P., Brian Cathcart and Nigel M. Davey are being registered herein pursuant to an investors rights agreement. We previously issued or sold shares of common stock, as well as warrants and convertible notes, to these investors, who are or were related to ICM Asset Management. Pursuant to an investors' rights agreement, we also agreed to file a registration statement for the resale

## Edgar Filing: ISLAND PACIFIC INC - Form 424B3

of all shares held by or issuable to these investors. See "Managements' Discussion and Analysis of Financial Condition and Results of Operations - Financing Transactions, ICM Asset Management." Accordingly, we are registering for these investors 3,359,762 shares of common stock, 1,600,000 shares of common stock issuable upon the exercise of their warrants, and 2,083,333 shares of common stock issuable upon the conversion of their convertible notes.

In May 2002, we entered into a securities purchase agreement with Softline Limited where we issued and sold 141,000 shares of newly designated Series A Convertible Preferred Stock. The Series A Preferred Stock is convertible into that number of shares of our common stock as determined in accordance with this formula:

Number of shares of common stock = \$100 + amount of all dividends accrued since 1/01/02 x (# of shares of preferred stock) / conversion price

(the conversion price is initially \$0.80, but increases at the annual rate of 3.5%; dividends accrue on \$100 at the rate of 7.2% per year)

Pursuant to a registration rights agreement, we granted "piggy back" registration rights covering the resale of the shares of our common stock issuable upon conversion of the Series A Preferred Stock. The number of shares being registered by Softline is 18,575,904, which is the number of shares of common stock issuable upon conversion of the Series A Preferred Stock as of January 1, 2003. See "Managements' Discussion and Analysis of Financial Condition and Results of Operations - Financing Transactions, Softline."

In March 2003, we granted registration rights to Midsummer Investment, Ltd., Omicron Master Trust, and Islandia, L.P. with respect to debentures that are convertible into an aggregate of 3,419,304 shares of common stock and warrants to purchase an aggregate 1,572,858 shares of common stock pursuant to a registration rights agreement. Under that agreement, we are required to file a registration statement covering 130% of the shares issuable upon the conversion of the debentures and warrants. We are also registering an aggregate of 819,000 shares issuable as payment for interest accrued on the debentures. The total number of shares to be registered equals 7,308,811. Additional debentures and warrants may be issued to these investors if certain conditions are met. The shares underlying these additional debentures and additional warrants are not included for registration under this prospectus. See "Managements' Discussion and Analysis of Financial Condition and Results of Operations - Financing Transactions, Midsummer/Omicron/Islandia."

In connection with the debentures sold in March 2003, Softline entered into a "lock up" agreement with the purchasers of those debentures under which Softline is limited or restricted in the number of shares Softline may sell during any period of time debentures are still outstanding with respect to Midsummer and/or Omicron.

On April 1, 2003, we granted registration rights to MBSJ Investors LLC with respect to a debenture that is convertible into an aggregate of 390,778 shares of common stock and warrants to purchase an aggregate of 156,311 shares of common stock pursuant to a registration rights agreement. Under that agreement, we are required to file a registration rights agreement covering 130% of the shares issuable upon the conversion of the debentures and warrants. We are also registering an aggregate of 72,000 shares issuable as payment for interest accrued on the debentures. See "Managements' Discussion and Analysis of Financial Condition and Results of Operations - Financing Transactions, MBSJ."

Fund I, L.P., Crestview Capital Fund II, L.P. and Crestview Capital Offshore Fund, Inc. with respect to debentures that are convertible into an aggregate of 293,083 shares of common stock and warrants to purchase an aggregate of 101,112 shares of common stock pursuant to a registration rights agreement. Under that agreement, we are required to file a registration statement covering 130% of the shares issuable upon the conversion of the debentures and warrants. We are also registering an aggregate of 54,000 shares issuable as payment for interest accrued on the debentures. Additional debentures and warrants may be issued to these investors if certain conditions are met. The shares underlying these additional debentures and additional warrants are not included for registration under this prospectus. See "Managements' Discussion and Analysis of Financial Condition and Results of Operations - Financing Transactions, Crestview."

In September 2002, we granted each of Steven Beck and Harvey Braun a non-qualified option to purchase up to 2,000,000 shares of common stock at an exercise price of \$0.28 per share. We granted registration rights covering the shares issuable upon the exercise of the options.

In connection with the debentures sold in March 2003 and May 6, 2003, we issued to Century Capital a warrant to purchase 50,000 shares of common stock. We also granted Century Capital registration rights respecting those shares.

In addition, 682,705 shares of common stock, including shares that are issuable upon the exercise or conversion of options and warrants, are being registered for other individuals or entities who are being extended this opportunity to register their shares.

The following table, which reflects stockholdings as of July 1, 2003, is based in part upon information provided by the selling stockholders and sets forth (i) the names of the selling stockholders; (ii) the number of shares of our common stock that the selling stockholders owned prior to the offering for resale of any of the shares or our common stock being registered hereby; (iii) the maximum number of shares of our common stock that may be offered for resale for the accounts of the selling stockholders pursuant to this prospectus; and (iv) the percentage of shares of common stock to be held by the selling stockholders after the offering of the resale shares (assuming all of the resale shares are sold by the selling stockholders).
