SCORE ONE, INC. (THE "COMPANY") AND ITS SUBSIDIARIES (THE "GROUP")
CONDENSED NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2006 (UNAUDITED)

NOTE 1 - ORGANIZATION AND OPERATIONS

The interim financial statements of the Group for the nine months ended September 30, 2006 were not audited. The financial statements are prepared in accordance with the requirements for unaudited interim periods, and consequently do not include all disclosures required to be in conformity with accounting principles generally accepted in the United States of America.

These consolidated financial statements reflect all adjustments that, in the opinion of management, are necessary to present fairly the results of operations for the interim periods presented. All adjustments are of a normal recurring nature, unless otherwise disclosed.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

A summary of the Group's significant accounting policies applied in the preparation of the accompanying financial statements follows.

Revenue recognition

Revenue is recognized on the sale and transfer of goods and the completion of consulting services provided. Provisions for discounts to customers, estimated returns and allowances and other price or sales rebates adjustments are provided for in the same periods the related revenue is recorded which are deducted from the gross sales.

Estimates and assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenue recognition, allowance for doubtful accounts, long lived assets impairment, inventories, and disclosure of contingent assets and liabilities, at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Recent accounting pronouncements

Management does not expect that the adoption of other recent accounting pronouncements to have a material impact on its financial statements.

Earnings Per Share

In accordance with SFAS No. 128, "Earnings per Share," the basic earnings per common share is computed by dividing net earnings available to common stockholders by the weighted average number of common shares outstanding. Diluted earnings per common share is computed similarly to basic earnings per common share, except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. As of September 30, 2006, the Company did not have any dilutive common stock equivalents save for the Series A Convertible Preferred Stock issued and outstanding.

NOTE 3 - SUBSEQUENT EVENTS

On April 9, 2006, the Company entered into a Sale and Purchase Agreement (the "Sale and Purchase Agreement") with RC Capital, Dalian Fengming International Recreation Town Co., Ltd. ("Dalian Fengming") and Ms. Hoi-ho Kiu, CEO of the Company, which sets forth the terms and conditions of the acquisition of Dalian Fengming International Recreation Town Phase II ("Recreation Town") in exchange for 28,000,000 shares of common stock in the Company. The transaction is contemplated to be closed on or before July 31, 2006.

Recreation Town is a piece of undeveloped land of 1,000,000 square meters located in a peninsula in Dalian, China. Recreation Town was part of a large resort project originally planned to be developed by Dalian Fengming in 1992 which was never started due to lack of financing for development. According to Dalian Fengming, the current market value of Recreation Town is approximately RMB 600 million (approximately \$75,000,000).

There were never any operations conducted with Recreation Town. The Company plans to commence the development of Recreation Town in the near future. Accordingly, it is actively seeking equity and/or debt financing in an amount up to \$25,000,000, in order to finance the anticipated development costs.

Pursuant to the Agreement, the Company shall issue 18,000,000 shares and 10,000,000 shares of common stock to Ms. Hoi-ho Kiu and Dalian Fengming, respectively. The total fair market value of such shares is considered to be \$75,000,000. As of November 9, 2006, this transaction has not yet closed as the seller is waiting the re-listing of the common stock of the Company on the Over-the-Counter Bulletin Board to consider its possible fund raising ability to complete this real estate project.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

The following discussion and analysis should be read in conjunction with the financial statements, including the notes thereto, appearing elsewhere in this report.

General

The Company was incorporated in the State of Nevada on June 7, 1996.

The Company was formerly in the printed circuit board manufacture business but did not have any business operations since March 25, 2003. As of March 25, 2003, the Board of Directors determined to dispose of Advanced Technology, a wholly-owned subsidiary, by transferring to I.World Limited, the 82% shareholder of the Company, all of the Advanced Technology securities held by the Company in exchange for all of the securities of the Company held by I.World Limited (for cancellation). The exchange transaction closed as of March 25, 2003. After the exchange transaction closed, the Company did not have any business operations until late 2005.

On October 21, 2005, the Company entered into a Business Restructuring Agreement with Team Allied Profits Limited, a British Virgin Islands corporation (the "Consultant"). The Consultant was engaged by the Company to provide business restructuring services in order to solicit suitable businesses in Hong Kong or China with net asset values not less than \$4,000,000 for acquisitions by the Company in order to restructure the Company's business operations.

On February 7, 2006, the Company purchased a Hong Kong corporation called RC Capital Limited ("RC Capital") for \$1.00 to operate as a wholly-owned subsidiary. RC Capital was a dormant company with no assets and liabilities and was formerly known as Richley (China) Limited. There is no written agreement for the purchase of RC Capital. RC Capital is currently the Company's wholly owned operating subsidiary.

On April 9, 2006, the Company entered into a Sale and Purchase Agreement with RC Capital, Dalian Fengming International Recreation Town Co., Ltd. ("Dalian Fengming") and Ms. Hoi-ho Kiu, CEO of the Company, which sets forth the terms and conditions of the acquisition of Dalian Fengming International Recreation Town Phase II ("Recreation Town") in exchange for 28,000,000 shares of common stock of the Company. As of November 13, 2006, this transaction has not yet closed and is not anticipated to close unless the Company is able to relist its common stock on the Over-the-Counter Bulletin Board.

On April 20, 2006, RC Capital purchased 3,000,000 shares of common stock of Automated Fabrication Systems Corporation ("AFS"), a British Virgin Islands corporation, for \$0.01 per share for a total of \$30,000 in cash and AFS became our 75% indirectly owned subsidiary. On April 20, 2006, AFS was a holding company with no operations. On April 22, 2006, AFS paid \$38,000 cash, principally from proceeds of its share sale, to the stockholders of Sino Asia Solution Limited, a Hong Kong corporation ("SAS") to acquire 100% of the issued and outstanding common stock of SAS. This transaction was closed on April 25, 2006. There was no written agreement entered between AFS and the then stockholders of SAS, other than Instruments of Transfer of 200,000 shares, constituting 100% of the outstanding shares of SAS.

Plan of Operations

Recreation Town is a piece of undeveloped land of 1,000,000 square meters located in a peninsula in Dalian, China. Recreation Town was part of a large resort project originally planned to be developed by Dalian Fengming in 1992 which was never started due to lack of financing for development. According to Dalian Fengming, the current market value of Recreation Town is approximately RMB 600 million (approximately \$75,000,000).

There were never any operations conducted with Recreation Town. The Company plans to commence the development of Recreation Town in the near future. Accordingly, it is actively seeking equity and/or debt financing in an amount up to \$25,000,000, in order to finance the anticipated development costs.

The Company, through its new subsidiary, RC Capital, is offering the following services to clients in Hong Kong and China:

1. merger and acquisitions business opportunities;
2. equity or debt financing opportunities;
3. introduction of Hong Kong and/or United States listing professional parties including legal firms and accounting firms; and
4. financial reporting consultancy services for Hong Kong and/or United States listings.

As of November 13, 2006, RC Capital has been engaged as a financial consultant to another client in China to provide the above enumerated services and has, as a result, recorded further revenues in this quarter. There is no written contract for this engagement.

As of November 13, 2006, RC Capital, with the assistance from Team Allied Profits Limited, is negotiating a real estate project in Shanghai, China which may be a suitable acquisition candidate for the Company. If this acquisition is successful, the Company would be required to raise additional funds in the amount of \$3 billion in the next 36 months for development costs of this real estate project. Closing of this transaction is dependent upon the Company's ability to successfully relist its common stock on the Over-the-Counter Bulletin Board.

Management does not expect that the Company will incur significant research and development costs within the next 12 months.

However, SAS, the wholly owned subsidiary of AFS, plans to commence business operations for the target market of Mainland China. In the near future, SAS plans to translate its iRSS System into a Chinese Upgraded Version. Accordingly, it is actively seeking equity financing in an amount of \$2,000,000, in order to finance the anticipated research and development costs.

The Company's other general and administrative expenses increased to \$68,385 during the nine months ended September 30, 2006 after the acquisition of RC Capital, AFS and SAS.

Income Taxes

The Company was not required to pay any income taxes during its last fiscal year as it did not have any income. Liquidity And Capital Resources

The Company had cash or cash equivalents of \$2,929 at September 30, 2006 as a result of the acquisition of RC Capital, AFS and SAS compared to no cash or cash equivalents at September 30, 2005 when the Company merely did not have any business operations since March 25, 2003 up to late 2005. Net cash used for operations amounted to \$12,571 for the nine months ended September 30, 2006.

As shown in the accompanying financial statements, now that the Company has acquired RC Capital, SAS and AFS, its working capital surplus has improved significantly to \$459,063 as of September 30, 2006. The Company may require additional financing in order to implement its various business plans through third party financing in the form of equity or debt financing. Particularly in light of the Company's limited operating history, there can be no assurance that the Company will be able to obtain the necessary additional capital on a timely basis or on acceptable terms, if at all. In any such event, the Company's growth and prospects would be materially and adversely affected. As a result of any such financing, the Company's shareholders may experience substantial dilution. In addition, results may be negatively impacted as a result of political and economic factors beyond management's control, as China is still a developing country and the Company's capital requirements may increase.

As such, in accordance with the use of accounting principles generally accepted in the United States of America, our actual realized results may differ from management's initial estimates as reported.
