HEALTHSPORT, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The following notes to the condensed consolidated financial statements and management's discussion and analysis or plan of operation contain "forward-looking" statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements may include projections or expectations of future financial or economic performance of the Company, and statements of the Company's plans and objectives for future operations. Words such as "expects", "anticipates", "approximates", "believes", "estimates", "hopes", "intends", "plans", and variations of such words and similar expressions are intended to identify such forward-looking statements. No assurance can be given that actual results or events will not differ materially from those projected, estimated, assumed or anticipated in any such forward-looking statements.

NOTE 1: ORGANIZATION AND NATURE OF BUSINESS

ORGANIZATION AND BASIS OF PRESENTATION

The condensed consolidated financial statements include the accounts of HealthSport, Inc. ("HealthSport") and its wholly owned subsidiaries: Enlyten, Inc. ("Enlyten"); InnoZen, Inc. ("InnoZen") and InnoZen's majority owned subsidiary Pacific Manufacturing Group LLC ("PMG"); Health Strip Solutions, LLC ("Health Strip"); Cooley Nutraceuticals, Inc. ("Nutraceuticals"); and the following inactive subsidiaries, World Championship Poker, Inc. ("Poker"), Strategic Gaming Consultants, LLC ("Gaming") and Maxx Motorsports, Inc. ("Maxx"), and its wholly owned subsidiary, Team Racing Auto Circuit, LLC ("TRAC") (collectively, the "Company" or the "Companies"). All significant intercompany balances and transactions have been eliminated in consolidation.

The condensed consolidated financial statements included in this report have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission for interim reporting and include all

Edgar Filing: Healthsport, Inc. - Form 10-Q

adjustments (consisting only of normal recurring adjustments) that are, in the opinion of management, necessary for a fair presentation. These condensed consolidated financial statements have not been audited.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such rules and regulations for interim reporting. The Company believes that the disclosures contained herein are adequate to make the information presented not misleading. However, these condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report for the year ended December 31, 2007, which is included in the Company's Form 10-K for the year ended December 31, 2007. The financial data for the interim periods presented may not necessarily reflect the results to be anticipated for the complete year.

6

Certain reclassifications of the amounts presented for the comparative period have been made to conform to the current presentation.

NATURE OF BUSINESS

HealthSport is a holding company with the following active wholly owned subsidiaries.

Enlyten was formed to market and sell the Company's ENLYTEN(TM) edible film strip products.

InnoZen is the preeminent formulator, developer and manufacturer of edible thin film strips that deliver drug actives and was the first company to deliver a drug active ingredient in a thin film strip. InnoZen completed the development of Chloraseptic(R) Sore Throat Relief Strips in June 2003 and launched two new film strip products under its own Suppress(R) brand (<http://www.suppress.com>) in September 2004. All manufacturing operations will be performed by PMG commencing during 2008 and InnoZen will primarily be involved in research and development of new products.

All patent applications for the Companies are processed by InnoZen.

Health Strip, in conjunction with InnoZen, holds the proprietary technology for the formulation of a thin film electrolyte strip and has filed a provisional patent for this process. Along with water, electrolytes such as those found in Health Strip's ENLYTEN(TM) SPORTSTRIPS, can be used in oral rehydration therapy to replenish the body's electrolyte levels after dehydration caused by exercise, diarrhea or vomiting. Health Strip and InnoZen also hold the proprietary technology for ENLYTEN(TM) SURVIVAL STRIPS which are formulated with antioxidants, non-cavity causing sweeteners, vitamins, herbal extracts, electrolytes, caffeine and other proven beneficial compounds as a remedy to fatigue, drowsiness and dehydration.

Nutraceuticals holds the proprietary technology for the formulation of a nutritional supplement that quickly and effectively provides natural energy enhancers, caffeine, electrolytes, antioxidants and other essential vitamins and minerals. In conjunction with InnoZen, Nutraceuticals has designed the FIX STRIPS(TM), as a formulation to supply the body with a healthy boost in energy, while replenishing and maintaining the essential vitamins and minerals lost during activity, after a long flight, bad night of sleep or over indulgence of alcohol.

NOTE 2: ACQUISITIONS

Edgar Filing: Healthsport, Inc. - Form 10-Q

 INNOZEN, INC.

On May 4, 2007, the Company completed the acquisition of InnoZen through a merger of InnoZen with InnoZen Acquisition Sub, Inc. ("Acquisition Sub"), the Company's wholly owned subsidiary, all Delaware corporations, in exchange for 18,249,952 shares of the Company's common stock. In accordance with Delaware General Corporate Law and pursuant to the terms and conditions of the Merger Agreement, Acquisition Sub was merged with and into InnoZen, after which, InnoZen became the Company's wholly owned subsidiary and continues as the surviving corporation and the separate existence of Acquisition Sub ceased.

7

InnoZen is the preeminent formulator, developer and manufacturer of edible thin film strips that deliver drug actives and was the first company to deliver a drug active ingredient in a thin film strip when it completed the development of Chloraseptic(R) Sore Throat Relief Strips in June 2003. With Chloraseptic Relief Strips, InnoZen established a new process which prevented irritants and incorporated additional compounds to make the strips more suitable for various drug delivery needs. Relying on its expertise in the development of edible film strips that deliver drug actives, InnoZen moved forward with its proprietary technology to develop two new thin film strip products for cough. InnoZen launched its two new film strip products under its own Suppress(R) brand (<http://www.suppress.com>) in September 2004.

The acquisition was accounted for using the purchase method of accounting and, accordingly, the consolidated statements of operations include the results of InnoZen beginning May 4, 2007. The assets acquired and the liabilities assumed were recorded at estimated fair values as determined by the Company's management based on information currently available and on current assumptions as to future operations. A summary of the estimated fair value of assets acquired and liabilities assumed in the acquisition follows:

Current assets, excluding cash and cash equivalents	\$	584,993
Property and equipment		471,188

Unaudited pro forma results of operations for the three-month period ended March 31, 2007, as if the Company and InnoZen had been combined as of the beginning of the period follows. The pro forma results include estimates and assumptions which management believes are reasonable. However, pro forma results are not necessarily indicative of the results that would have occurred if the business combination had been in effect on the dates indicated, or which may result in the future. The Company and InnoZen are combined in 2008. Accordingly pro forma results are not necessary for 2008.

On February 1, 2008 HealthSport and InnoZen executed a Limited Liability Company Operating Agreement ("LLC Agreement") with Migami, Inc. ("Migami") for PMG. Among other things, the LLC Agreement calls for Migami to contribute \$3,000,000 in cash to PMG for its intended 48% ownership and InnoZen to license its technology to PMG for its 52% ownership. In summary, the agreement provides that PMG will manufacture all strip and other products for each member at cost plus 25%. PMG's cash balance of \$74,605 is not available for use for obligations of HealthSport and its other subsidiaries.

NOTE 5: INTANGIBLE ASSETS

The Company accounts for goodwill and intangible assets in accordance with SFAS 142 and SFAS 144. Goodwill and other intangible assets are tested annually, at a minimum, for impairment. Patent costs are amortized over their life of seventeen years from the date the patent application is filed. Patent costs include the

Edgar Filing: Healthsport, Inc. - Form 10-Q

costs allocated to the proprietary technology for the formulation of thin film electrolyte strip products and associated legal costs. Trade secrets include costs allocated to InnoZen's formulations and are being amortized over seventeen years. Trademarks represent the cost of acquired trademarks, which are not being amortized. Client lists represents the cost of acquired client lists which are being amortized over five years.

9

The Company's intangible assets consist of the following at March 31, 2008 and December 31, 2007:

	2008 -----	2007 -----

NOTE 6: SHARE-BASED PAYMENTS

STOCK OPTIONS

In December 2004, the FASB issued SFAS 123 (revised 2004), "Share-Based Payment" (SFAS 123R). Among other things, SFAS 123R requires expensing the fair value of stock options, previously optional accounting. For transition, upon adoption on January 1, 2006, SFAS 123R required expensing any unvested options and also required the Company to change the classification of certain tax benefits from option deductions to financing rather than operating cash flows.

Prior to January 1, 2006, the Company accounted for options granted under its employee compensation plan using the intrinsic value method prescribed in Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25") and related interpretations including Financial Accounting Standards Board ("FASB") Interpretation No. 44, "Accounting for Certain Transactions Involving Stock Compensation, an interpretation of APB Opinion No. 25." Under APB 25, compensation expense was recognized for the difference between the market price of the Company's common stock on the date of grant and the exercise price. As permitted by Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"), stock-based compensation was included as a pro forma disclosure in the notes to the consolidated financial statements.

Edgar Filing: Healthsport, Inc. - Form 10-Q

10

Effective January 1, 2006, the Company adopted the provisions of SFAS 123R using the modified prospective transition method for all stock options issued. SFAS 123R required measurement of compensation cost for all options granted based on fair value on the date of grant and recognition of compensation over the service period for those options expected to vest. The Company had no unvested options outstanding prior to July 1, 2006. Stock-based compensation expense recorded for the nine months ended September 30, 2007, includes the estimated expense for stock options granted on or subsequent to January 1, 2006, based on the grant date fair value estimated in accordance with the provisions of SFAS 123R. The Company recorded the cost of stock options by increasing additional paid-in capital and increasing intrinsic value of common stock options. The deferred intrinsic value of common stock options is being amortized over the period which the awards are expected to be exercised. As prescribed under the modified prospective and prospective transition methods, results for the prior period have not been restated.

The Company currently fully reserves all of its tax benefits. Accordingly, the adoption of SFAS 123R, which requires the benefits of tax deduction in excess of the compensation cost recognized for those options to be classified as financing cash inflows rather than operating cash inflows, on a prospective basis, will have no current impact on the Company.

The fair value of each option on the date of grant is estimated using the Black Scholes option valuation model. The following weighted-average assumptions were used for options granted during the three months ended March 31, 2008 and 2007:

	2008 ----	2007 ----
Expected term	1-3 years	2 years
Expected volatility	109.98%	102.91%
Expected dividend yield	0%	0%
Risk-free interest rate	4.75%	4.75%
Expected annual forfeiture rate	0%	0%

11

A summary of option activity as of March 31, 2008, and changes during the three months then ended is presented below:

OPTIONS -----	SHARES -----	WEIGHTED AVERAGE EXERCISE PRICE -----	WEIGHTED AVERAGE REMAINING CONTRACTUAL TERM (YRS) -----	AGGREGATE INTRINSIC VALUE (\$000) -----
Outstanding, December 31, 2007	4,115,390

Edgar Filing: Healthsport, Inc. - Form 10-Q

Exercisable at March 31, 2008	3,965,390	\$	1.50	2.04	\$	4,476
	=====		=====	=====		=====

Options which are not a part of the Plans and are included in the option table above, include fully vested options to acquire 325,000 shares of the Company's common stock at an average exercise price of \$1.86, an option to acquire 1,000,000 shares of the Company's common stock at an exercise price of \$1.00 vest in March 2009 and an option to acquire 1,000,000 shares of the Company's common stock at an exercise price of \$1.50 vest in March 2010.

The weighted-average grant date fair value of options granted during the three months ended March 31, 2008 and 2007 was \$0.11 and \$1.35, respectively. No options have been exercised.

As of March 31, 2008, there was \$2,056,374 of total unrecognized compensation cost related to share-based option compensation arrangements.

As of March 31, 2008, there were 500,000 warrants with an exercise price of \$0.80 per share which expire in the first quarter of 2011.

NOTE 7: CAPITAL LEASE OBLIGATION

During the year ended December 31, 2005, InnoZen entered into a sale-leaseback agreement, under which it sold certain manufacturing equipment and leased it back for a period of three years. The leaseback was accounted for as a capital lease and no gain was recognized on the transaction. During 2007, InnoZen entered into a five-year lease agreement for manufacturing software. The following is a schedule by years of future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of March 31, 2008.

Total minimum lease payments:	
Nine months ended December 31, 2008	177,579
Year ended December 31, 2009	23,352
Year ended December 31, 2010	23,352

Present value of minimum lease payments	236,359
Less current obligations	(169,427)

Non-current obligations under capital lease	\$ 66,932
	=====

12

The lease covers equipment and software with a cost of \$518,866 and accumulated depreciation of \$79,125 at March 31, 2008.

NOTE 8: COMMITMENTS AND CONTINGENCIES

The Company maintains its corporate office in the office of its accountant at no cost to the Company.

Edgar Filing: Healthsport, Inc. - Form 10-Q

In January 2007, the Company executed a three-year non-cancelable lease agreement for the Enlyten office in Amherst, New York. The lease requires monthly payments of \$2,364 for the year ending January 31, 2008, \$2,409 for the year ending January 31, 2009 and \$2,455 for the year ending January 31, 2010.

InnoZen leases its facility in Woodland Hills, California pursuant to a non-cancelable agreement which expires on January 1, 2010. InnoZen has the option to extend the term for one additional year.

The Company leases a manufacturing facility in Ventura, California which contains approximately 25,000 square feet. The lease term is from December 1, 2007 through January 31, 2015. No rent was due for January and February 2008 while the Company was working on equipment installation. This is the facility which PMG occupies and the rent will be paid by PMG.

Future minimum lease payments for operating leases are: 2008 - \$247,500; 2009 - \$381,000; 2010 - \$199,000; 2011 - \$202,000; 2012 - \$206,000; and thereafter - \$447,000.

The Company has the following royalty obligations:

1. Royalty agreement expiring in October 2008 of .5% of sales of the ENLYTEN(TM) SPORTSTRIPS. Annual minimum royalty of \$18,000 and maximum of \$75,000;
2. Royalty agreement expiring in October 2008 of .5% of sales of the ENLYTEN(TM) SPORTSTRIPS. Annual minimum royalty of \$15,000 and maximum of \$50,000;
3. Royalty agreement for an indefinite period of .5% of sales of the ENLYTEN(TM) SPORTSTRIPS. Annual minimum royalty of \$36,000 and maximum of \$100,000;
4. Royalty agreement for an indefinite period of 1.0% of the first \$100,000,000 in sales of the ENLYTEN(TM) SPORTSTRIPS and .5% of the next \$150,000,000 in sales;
5. Royalty agreement for an indefinite period of 1.0% of the first \$20,000,000 in sales of the FIX STRIPS(TM) and ENLYTEN(TM) Energy strips and .5% of the next \$80,000,000 in sales; and
6. Royalty agreement for 2 years of 1.5% of sales of the ENLYTEN(TM) SURVIVAL STRIP with annual minimum royalty payments of \$4,200.

During 2006, InnoZen entered into a distribution contract with Schering-Plough PTY Limited ("Schering") whereby InnoZen granted to Schering an exclusive, royalty-free license to distribute, market, offer to sell and import InnoZen's film strip products in Australia, New Zealand, Singapore, Indonesia, Pakistan, Hong Kong, Taiwan, Vietnam, Malaysia, Thailand, Korea, Philippines, India and China ("territories"). Schering appointed InnoZen as the exclusive supplier of film strip products in the cough and cold market to Schering for distribution in the territories. With respect to all purchase orders submitted by Schering to InnoZen, Schering shall pay InnoZen 50% of the invoice amount upon submitting the purchase order and the remaining 50% of the invoice amount when Schering receives shipping notification of the order. The contract expires in May 2011.

On October 30, 2007, our wholly-owned subsidiary, Enlyten, Inc., filed a lawsuit against The Gatorade Company and PepsiCo, Inc. (collectively referred to as Gatorade) in the State of New York Supreme Court, County of Erie. The Complaint alleges that Gatorade has tortiously interfered with Enlyten's contractual agreement with the Buffalo Bills and with Enlyten's business relationships with various third parties including other NFL teams, in an attempt to wrongfully

Edgar Filing: Healthsport, Inc. - Form 10-Q

restrain trade. Enlyten is represented by Michael B. Powers of the law firm of Phillips Lytle, LLP in Buffalo, New York. The alleged interference has severely limited our ability to market and sell the ENLYTEN(TM) SPORT STRIP. The case is currently in the early discovery phase with a discovery hearing scheduled for June 3, 2008.

NOTE 9: GOING CONCERN

At March 31, 2008 and December 31, 2007 we had current assets of \$2,020,268 and \$2,411,410; current liabilities of \$2,702,896 and \$2,066,125; and negative working capital of \$682,628 and working capital of \$345,285, respectively. We incurred a loss of \$3,070,344 during the first quarter of 2008, which included depreciation and amortization of \$365,463 and amortization of non-cash stock compensation of \$1,053,805.

On February 1, 2008 HealthSport and InnoZen executed a Limited Liability Company Operating Agreement ("LLC Agreement") with Migami, Inc. ("Migami") for Pacific Manufacturing Group, LLC ("PMG"). Among other things, the LLC Agreement calls for Migami to contribute \$3,000,000 in cash to PMG for its intended 48% ownership and InnoZen to license its technology to PMG for its 52% ownership. In summary, the agreement provides that PMG will manufacture all strip and other products for each member at cost plus 25%. As of April 8, 2008, \$1,000,000 of Migami's contribution has been received by PMG (\$505,000 at March 31, 2008) and the remainder is due to be received by May 31, 2008. InnoZen owned 92% of PMG at March 31, 2008.

We currently anticipate that our only capital equipment requirements will be in PMG for which the \$3 million capital to be contributed by Migami should be adequate to fund PMG's requirements.

14

In 2007, the Company projected sales to be as high as \$10 million, based on forecasts for SPORTSTRIPS, PEDIASSTRIPS and FIX STRIPS. The alleged tortuous interference by Gatorade in our agreement with the Buffalo Bills, other NFL teams and NFL players substantially hindered our ability to market and sell our SPORTSTRIPS product, which was our first product to market. PEDIASSTRIPS and FIX STRIPS sales did not commence until the fourth quarter of 2007 and were substantially below initial forecasts from consultants. At the end of the fourth quarter of 2007 the Company changed its sales direction and reduced staff with the goal of selling product through distributors rather than making all sales directly to its customers.

On March 11, 2008, we completed a five-year distribution deal with Unico Holdings, Inc. ("Unico"), wherein they will market our PEDIASSTRIPS product as well as negotiate for our electrolyte strips to be manufactured for private label usage. Unico markets its products through numerous sales channels, including large retail merchandisers, drug store chains, grocery stores and pharmaceutical distributors. Unico's customers include most of the larger retailers and distributors in the U.S. in each of these sales channels. The agreement calls for a minimum of \$22 million of product purchases over the five-year term in order for Unico to maintain its exclusive distribution right.

The Unico distribution deal is initially for PEDIASSTRIPS and should commence during the third quarter of 2008. We are attempting to establish similar arrangements for our SPORTSTRIPS and FIX STRIPS. In addition, we expect to begin sales of our ENERGY FILM STRIPS and SURVIVAL STRIPS before the end of 2008. The Company is also seeking opportunities to establish film strip products for a number of products which are currently delivered in a different manner, such as

Edgar Filing: Healthsport, Inc. - Form 10-Q

liquids and pills. The Company expects this to develop into a large part of its business in the future.

The Company will continue to require substantial working capital until sales develop to the level required to support operations. The current level of overhead is approximately \$325,000 per month, excluding the PMG manufacturing operation. The Company is analyzing its current costs and is attempting to make additional cost reductions where possible. Current sales will not be adequate to support this level of operating costs. We estimate that sales will develop to the level necessary to be at or near cash flow break-even by the end of the third quarter of 2008. Based on this time-frame, the Company would need from \$1.5 to \$2 million to meet its minimum requirements, excluding PMG. The Company has made private placements of its common stock and as of April 10, 2008 had received \$610,000 in net proceeds (\$500,000 at March 31, 2008) and another \$250,000 was received on May 14, 2008. The Company expects to continue to make private placements of its common stock or to borrow additional funds as needed.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that may result from the outcome of these uncertainties.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

From time to time, we may publish forward-looking statements relative to such matters as anticipated financial results, business prospects, technological developments and similar matters. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. The following discussion and analysis should be read in conjunction with the Consolidated Financial Statements and the accompanying Notes to Consolidated Financial Statements appearing earlier in this report. All statements other than statements of historical fact included in this report are, or may be deemed to be, forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Exchange Act of 1934, as amended. Important factors that could cause actual results to differ materially from those discussed in such forward-looking statements include, but are not limited to, the following: our current liquidity needs, as described in our periodic reports; changes in the economy; our inability to raise additional capital; our involvement in potential litigation; volatility of our stock price; the variability and timing of business opportunities; changes in accounting policies and practices; the effect of internal organizational changes; adverse state and federal regulation and legislation; and the occurrence of extraordinary or catastrophic events and terrorist acts. These factors and others involve certain risks and uncertainties that could cause actual results or events to differ materially from management's views and expectations. Inclusion of any information or statement in this report does not necessarily imply that such information or statement is material. We do not undertake any obligation to release publicly revised or updated forward-looking information, and such information included in this report is based on information currently available and may not be reliable after this date.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that may result from the outcome of these uncertainties.

ACQUISITION OF INNOZEN

On May 4, 2007, we issued 18,249,952 shares of our common stock to the shareholders of InnoZen and completed the acquisition of InnoZen through a merger of InnoZen with our wholly owned subsidiary, Acquisition Sub.

17

On February 1, 2008 HealthSport and InnoZen executed a Limited Liability Company Operating Agreement ("LLC Agreement") with Migami, Inc. ("Migami") for Pacific Manufacturing Group, LLC ("PMG"). Among other things, the LLC Agreement calls for Migami to contribute \$3,000,000 in cash to PMG for its intended 48% ownership and InnoZen to license its technology to PMG for its 52% ownership. In summary, the agreement provides that PMG will manufacture all strip and other products for each member at cost plus 25%.

LAWSUIT

On October 30, 2007, our wholly-owned subsidiary, Enlyten, Inc., filed a lawsuit against The Gatorade Company and PepsiCo, Inc. (collectively referred to as Gatorade) in the State of New York Supreme Court, County of Erie. The Complaint alleges that Gatorade has tortiously interfered with Enlyten's contractual agreement with the Buffalo Bills and with Enlyten's business relationships with various third parties including other NFL teams, in an attempt to wrongfully restrain trade. Enlyten is represented by Michael B. Powers of the law firm of Phillips Lytle, LLP in Buffalo, New York. The alleged interference has severely limited our ability to market and sell the ENLYTEN(TM) SPORT STRIP. The case is currently in the early discovery phase with a discovery hearing scheduled for June 3, 2008.

COMPARISON OF THREE MONTHS ENDED MARCH 31, 2008 AND 2007

REVENUES

During the three months ended March 31, 2008, we had product sales of \$97,441 and revenues from license fees, royalties and services of \$18,750, a total of \$116,191. There were product sales of \$5,897 (\$472,757 pro forma) in the corresponding 2007 period. The pro forma sales in 2007 included a one-time licensing fee of \$150,000 and sales from InnoZen to the Company before acquisition of approximately \$150,000. The remainder of the 2007 pro forma revenue was primarily InnoZen's sales of Suppress and Optizen, which have been substantially lower since the first quarter of 2007.

COSTS AND EXPENSES

Cost of product sold includes the direct cost of product sold plus freight.

General and administrative expenses ("G&A") increased to \$1,150,877 in the three months ended March 31, 2008, from \$262,771 in the 2007 period. The increase of \$888,106 in G&A is primarily the G&A of InnoZen and PMG in the amount of \$850,584. InnoZen and PMG were not a part of the Company in 2007.

Selling and marketing costs ("SMC") are \$475,343 in the three months ended March 31, 2008, as compared to \$409,173 in the 2007 period. SMC increased \$66,170 in the 2008 period as compared to the 2007 period. The increase includes

Edgar Filing: Healthsport, Inc. - Form 10-Q

approximately \$230,000 in product support and advertising for InnoZen's Suppress

18

product, which should not reoccur due to our change in sales direction. Other costs are down from the year earlier period, primarily due to the elimination of endorsements and sponsorship fees as a result of re-directing our marketing efforts toward distributors rather than direct sales to customers.

Non-cash compensation expense was \$1,150,877 in 2008 and \$262,771 in 2007 and includes the amortization of stock grants and amortization of the intrinsic value of stock options to employees, consultants and spokespersons over the relevant service periods to both employees and as a part of endorsement contracts. The 2008 amount is higher than normal due to terminations of certain employees and consultants and should be substantially lower in the second quarter.

Manufacturing costs represent the costs incurred during the manufacturing process that are not capitalized into inventory based on current production volume. The Company had only nominal production in 2008 while they were installing equipment and preparing the new manufacturing facility for operation.

Research and development ("R&D") costs amounted to \$71,579 in 2008 and include contract services, supplies, materials and analytical testing costs incurred for new products to be developed by the Company.

ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK
Not applicable.

ITEM 4T: CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

The Company's Chief Executive Officer and Acting Chief Financial Officer have reviewed and evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 240.13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934) as of March 31, 2008. Based on that review and evaluation, which included inquiries made to certain other employees of the Company, the CEO and Acting CFO concluded that the Company's current disclosure controls and procedures, as designed and implemented, are effective in ensuring that information relating to the Company required to be disclosed in the reports the Company files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, including insuring that such information is accumulated and communicated to the Company's management, including the CEO and Acting CFO, as appropriate to allow timely decisions regarding required disclosure.

(b) Changes in Internal Controls

There have been no significant changes in internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation described above, including any corrective actions with regard to significant deficiencies and material weaknesses.
