MARKEL CORP
Form S-3
October 22, 2001

As filed with the Securities and Exchange Commission on October 19, 2001
File No. 333-

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549
FORM S-3
REGISTRATION STATEMENT
Under
The Securities Act of 1933

MARKEL CORPORATION (Exact name of registrant as specified in charter)	Virginia (State or other jurisdiction of incorporation or organization)	(I Ide
MARKEL CAPITAL TRUST II (Exact name of registrant as specified in its certificate of trust)	Delaware (State of other jurisdiction of incorporation or organization)	(I Ide

4521 Highwoods Parkway, Glen Allen, Virginia 23060-6148 (804) 747-0136
(Address, including zip code, and telephone number, including area
code, of registrants' principal executive offices)

Gregory B. Nevers
Senior Vice President and General Counsel
Markel Corporation
4521 Highwoods Parkway, Glen Allen, Virginia 23060-6148 (804) 747-0136
(Name, address, including zip code, and telephone number,
including area code, of agent for service)

Approximate date of commencement of proposed sale to the public: From time
to time after the effective date of this Registration Statement, as determined
by the Registrant.

If the only securities being registered on this Form are being offered
pursuant to dividend or interest reinvestment plans, please check the following
box.

If any of the securities being registered on this Form are to be offered on
a delayed or continuous basis pursuant to Rule 415 under the Securities Act of
1933, other than securities offered only in connection with dividend or interest
reinvestment plans, check the following box.

If this Form is filed to register additional securities for an offering
pursuant to Rule 462(b) under the Securities Act, please check the following box
and list the Securities Act registration statement number of the earlier
effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(c)
under the Securities Act, check the following box and list the Securities Act
registration statement number of the earlier effective registration statement
for the same offering.

Edgar Filing: MARKEL CORP - Form S-3

If delivery of the prospectus is expected to be made pursuant to Rule 434, please check the following box.

CALCULATION OF REGISTRATION FEE

Title of each class of securities to be registered	Amount to be registered(1) (2)	Proposed maximum offering price per unit(1) (2)	Proposed maximum aggregate offering price (3)
Common Shares			
Preferred Shares			
Warrants(5)			
Debt Securities			
Trust Preferred Securities and Related Guarantee and Agreement as to Expenses and Liabilities (6)			
Share Purchase Contracts			
Share Purchase Units (7)			
Subtotal	\$553,009,302.50		\$553,009,302.50
Secondary Offering			
Selling Security Holders Common Shares (8)	235,000	\$202.75	\$ 47,175.00
Total:			

- (1) Such indeterminate number of Common Shares, Preferred Shares, Warrants, Debt Securities, Share Purchase Contracts and Share Purchase Units of Markel Corporation and Trust Preferred Securities of Markel Capital Trust II as may from time to time be issued at indeterminate prices but with an aggregate initial offering price not to exceed \$553,009,302.50 plus such indeterminate number of Preferred Shares as may be issued in exchange for, or upon conversion of, Warrants, Debt Securities, or other Preferred Shares registered hereunder, such indeterminate number of Common Shares as may be issued in exchange for, or upon conversion of, Warrants, Debt Securities or Preferred Shares registered hereunder and such indeterminate number of Common Shares as may be issued upon settlement of the Share Purchase Contracts registered hereunder.
- (2) Or, if any Debt Securities are issued at original issue discount, such greater amount as may result in the initial offering prices for Debt Securities.
- (3) Estimated solely for the purpose of calculating the registration fee. Any offering of Debt Securities denominated in any foreign currency or currency unit will be treated as the equivalent in U.S. dollars based on the exchange rate applicable to the purchase of such Debt Securities from the Registrant.
- (4) Calculated pursuant to Rule 457 of the rules and regulations under the Securities Act. The Registrant previously paid a registration fee of \$24,247.67 in respect of \$96,990,697.50 of unsold securities under Registration Statement on Form S-3 (Registration No. 333-52544) as amended by Amendment No. 1 thereto filed by Markel Corporation. Pursuant to Rule 457 (p) the currently due filing fee has been reduced by this amount.
- (5) Including such indeterminate number of Warrants as may from time to time be issued at indeterminate prices, representing rights to purchase certain Common Shares, Preferred Shares or Debt Securities registered hereunder.
- (6) No separate consideration will be received for the Guarantee or Agreement as to Expenses and Liabilities by Markel Corporation.

Edgar Filing: MARKEL CORP - Form S-3

- (7) Each Share Purchase Unit consists of (a) a Share Purchase Contract, under which the holder, upon settlement, will purchase an indeterminate number of Common Shares and (b) either a beneficial interest in Senior Debt Securities, Trust Preferred Securities, Preferred Shares or debt obligations of third parties, including U.S. Treasury securities, purchased with the proceeds from the sale of the Share Purchase Units. Each beneficial interest will be pledged to secure the obligation of such holder to purchase such Common Shares. No separate consideration will be received for the Share Purchase Contracts or the related beneficial interests.
- (8) Pursuant to Rule 457(c), the offering price and registration fee for the securities are computed on the basis of the average of the high and low prices of the common shares, as reported on the NYSE on October 18, 2001.

The Registrants hereby amend this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until the Registration Statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

As permitted by Rule 429 under the Securities Act of 1933, the Prospectus contained in this Registration Statement also relates to \$96,990,697.50 of unsold and remaining unissued securities registered on the Registration Statement on Form S-3 (Registration No. 333-52544). This Registration Statement also constitutes post-effective Amendment No. 1 to such Registration Statement No. 333-52544 and such post-effective Amendment No. 1 shall hereafter become effective concurrently with the effectiveness of this Registration Statement and in accordance with Section 8(c) of the Securities Act.

[The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.]

Subject to Completion, Dated October 19, 2001

PROSPECTUS

\$ 650,000,000
Markel Corporation

Common Shares, Preferred Shares, Warrants, Debt Securities,
Trust Preferred Securities and Related Guarantee and
Agreement as to Expenses and Liabilities,
Share Purchase Contracts and Share Purchase Units

From time to time, we and Markel Capital Trust II may offer and sell:

- . common shares,
- . preferred shares,
- . warrants,
- . debt securities,
- . trust preferred securities and related guarantee and agreement as to expenses and liabilities,
- . share purchase contracts and
- . share purchase units.

We will provide specific terms of these securities in supplements to this

Edgar Filing: MARKEL CORP - Form S-3

prospectus. The terms of the securities will include the initial offering price, aggregate amount of the offering, listing on any securities exchange or quotation system, investment considerations and the agents, dealers or underwriters, if any, to be used in connection with the sale of these securities. You should read this prospectus and any supplement carefully before you invest.

In addition, up to 235,000 of our common shares may be offered by selling security holders.

Our common shares are traded on the New York Stock Exchange under the symbol "MKL."

Investing in our securities involves risks. See "Risk Factors" beginning on page 5.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities, or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is October , 2001.

MARKEL CORPORATION

General

We market and underwrite specialty insurance products and programs to a variety of niche markets. In each of these markets, we seek to provide quality products and excellent customer service so that we can be a market leader. Our financial goals are to earn consistent underwriting profits and superior investment returns to build shareholder value.

Markel North America includes the excess and surplus lines segment which is comprised of four underwriting units and the specialty admitted segment which consists of two underwriting units. The excess and surplus lines segment writes property and casualty insurance for nonstandard and hard-to-place risks. The specialty admitted segment writes risks that are unique and hard to place in the standard market but must remain with an admitted insurance company for marketing and regulatory reasons. These underwriting units write specialty program insurance for well-defined niche markets and personal and commercial property and liability coverages.

Markel International includes two segments: the London Company Market and the Lloyd's Market. The London Company Market consists of the operations of Terra Nova Insurance Company Limited. The Lloyd's Market includes Markel Capital Limited, which is the corporate capital provider for Lloyd's syndicates managed by Markel Syndicate Management Limited. Markel International's operating units write specialty property, casualty, marine and aviation insurance and reinsurance on a worldwide basis. The majority of Markel International's business comes from the United Kingdom and the United States.

We are a Virginia corporation headquartered at 4521 Highwoods Parkway, Glen Allen, Virginia 23060-6148, telephone number (804) 747-0136.

THE CAPITAL TRUST

Markel Capital Trust II is a statutory business trust newly formed under Delaware law by us, as sponsor for the Capital Trust, and The Chase Manhattan Bank USA, National Association, as trustee. The trust agreement for the Capital

Edgar Filing: MARKEL CORP - Form S-3

Trust will be amended and restated substantially in the form filed as an exhibit to the registration statement, effective when securities of the Capital Trust are initially issued. The amended trust agreement will be qualified as an indenture under the Trust Indenture Act of 1939.

The Capital Trust exists for the exclusive purposes of

- . issuing two classes of trust securities, trust preferred securities and trust common securities, which together represent undivided beneficial interests in the assets of the Capital Trust;
- . investing the gross proceeds of the trust securities in our junior subordinated debt securities;
- . making distributions; and
- . engaging in only those other activities necessary, advisable or incidental to the purposes listed above.

The junior subordinated debt securities will be the sole assets of the Capital Trust, and our payments under the junior subordinated debt securities and the agreement as to expenses and liabilities will be the sole revenue of the Capital Trust.

No separate financial statements of the Capital Trust are included in this prospectus. We consider that these financial statements would not be material to holders of the trust preferred securities because the Capital Trust has no independent operations and the purposes of the Capital Trust are as described above. We do not expect that the Capital Trust will be filing annual, quarterly or special reports with the SEC.

The principal place of business of the Capital Trust will be c/o Markel Corporation, 4521 Highwoods Parkway, Glen Allen, Virginia 23060.

2

Unaudited Pro Forma Condensed Financial Information

The following unaudited pro forma condensed financial information is based on the historical consolidated statements of operations of Markel for the year ended December 31, 2000 adjusted to give effect to the March 24, 2000 acquisition of Terra Nova Bermuda Holdings Ltd. assuming the acquisition had occurred on January 1, 2000. The pro forma adjustments are based upon available information and assumptions that management believes are reasonable.

We accounted for the acquisition of Terra Nova using the purchase method of accounting. We allocated the purchase price for the acquisition to tangible and identifiable intangible assets and liabilities based upon management estimates of their fair value with the excess of purchase price over fair value of net assets acquired allocated to goodwill and amortized over 20 years. For purposes of presenting pro forma results, we made no changes in revenues and expenses to reflect the results of any modification to operations that might have been made had the acquisition been consummated on the assumed effective date of the acquisition.

The unaudited pro forma condensed financial information does not purport to represent what Markel's results of operations would actually have been had the acquisition in fact occurred on January 1, 2000 or to project Markel's results of operations for or at any future period or date.

* Represents the period from January 1, 2000 through March 23, 2000. Terra Nova was acquired by Markel Corporation on March 24, 2000 and is included in Markel's results of operations since that date.

See accompanying Notes to Unaudited Pro Forma Condensed Consolidated Statement of Operations.

Edgar Filing: MARKEL CORP - Form S-3

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED STATEMENT OF OPERATIONS

1. Basis of presentation

On March 24, 2000, Markel acquired Terra Nova. The Unaudited Pro Forma Condensed Statement of Operations and related Notes were prepared based on consideration to each Terra Nova shareholder of \$13.00 in cash, .07027 of a Markel common share and .07027 of a Markel contingent value right (CVR). Consideration exchanged consisted of the following (in thousands, except per share data):

Cash	
Markel common shares and Markel contingent value rights issued to Terra Nova shareholders (1,769 shares at \$148.00 per share and 1,769 contingent value rights at \$19.00 per right)	
Total purchase consideration	
Direct costs of acquisition	
Total cost of acquisition	
Less: Fair value of Terra Nova net tangible and identifiable intangible assets as of purchase date	
Excess of cost over fair value of net assets acquired	

The acquisition was funded as follows (in thousands):

Available cash	
Borrowings under \$400 million credit facility	
Markel common shares and CVRs issued to Terra Nova shareholders	
Total cost of acquisition	

The accompanying Unaudited Pro Forma Condensed Consolidated Statement of Operations is provided to illustrate the effect of the acquisition on Markel and has been prepared using the purchase method of accounting. The unaudited pro forma financial statement reflects how the statement of operations for the year ended December 31, 2000 might have appeared had the acquisition of Terra Nova been consummated on January 1, 2000. Reclassifications of Terra Nova's historical financial statements have been made to conform with Markel's historical presentation.

2. Adjustments

The accompanying Unaudited Pro Forma Condensed Consolidated Statement of Operations for the year ended December 31, 2000 reflects adjustments which are explained below and are based on assumptions made by management. These adjustments are required to give effect to matters directly attributable to the acquisition. The explanations of these adjustments are as follows:

(A) Reduction in net investment income due to net cash used in funding the transaction; the rate of return is calculated at 5%. The 5% rate of return is based on historical average yields for Markel's investment portfolio.

(B) Excess of cost over fair value of net assets acquired is amortized on a straight line basis over 20 years. The estimated life of the business acquired was determined based on the value of the Lloyd's franchise, the investment portfolio's earning power and profitable books of business acquired, as well as

Edgar Filing: MARKEL CORP - Form S-3

the capital requirements and other barriers to entering the business acquired. Effective January 1, 2002, the amortization of goodwill and intangibles with indefinite lives will cease in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards (Statement) No. 142, Goodwill and Other Intangible Assets. Because of the extensive effort needed to comply with adopting Statement 142, it is not practicable to reasonably estimate the amount of amortization included in this Unaudited Pro Forma Statement of Operations that will not continue in future periods.

(C) Interest on borrowed funds under revolving lines of credit is assumed to be 4.50% which is calculated as LIBOR plus 1.25% as specified in the credit facility. For the year ended December 31, 2000, a change of 1/8 percent in the interest rate would result in a change in interest expense and loss from continuing operations of \$0.3 million and \$0.2 million before and after taxes, respectively. In addition, a fair value adjustment for Terra Nova's long term debt, based on an independent third party quote, is amortized over the remaining lives of those debt instruments.

(D) Taxes on the reduction in net investment income and increased interest expense pro forma adjustments are calculated at an assumed 35% statutory rate. In addition, as a result of the merger, Terra Nova's operations will be subject to taxation in the United States. Taxes have been recorded for Terra Nova in accordance with United States tax regulations assuming the transaction had occurred on January 1, 2000.

4

RISK FACTORS

In addition to the matters addressed in the section entitled "Note On Forward-Looking Statements" and other information included or incorporated in this document, interested investors should consider the following risk factors in determining whether to purchase securities described in this prospectus.

Our Results may be Affected Because Actual Insured Losses Differ From Our Loss Reserves

Significant periods of time often elapse between the occurrence of an insured loss, the reporting of the loss to us and our payment of that loss. To recognize liabilities for unpaid losses, we establish reserves as balance sheet liabilities representing estimates of amounts needed to pay reported and unreported losses and the related loss adjustment expense. The process of estimating loss reserves is a difficult and complex exercise involving many variables and subjective judgments. As part of the reserving process, we review historical data and consider the impact of various factors such as:

- . trends in claim frequency and severity,
- . changes in operations,
- . emerging economic and social trends,
- . inflation and
- . changes in the regulatory and litigation environments.

This process assumes that past experience, adjusted for the effects of current developments and anticipated trends, is an appropriate basis for predicting future events. There is no precise method, however, for evaluating the impact of any specific factor on the adequacy of reserves, and actual

Edgar Filing: MARKEL CORP - Form S-3

results are likely to differ from original estimates.

We may Experience Losses From Catastrophes

Because we are a property and casualty insurance company, we frequently experience losses from man-made or natural catastrophes. Catastrophes may have a material adverse effect on operations. Catastrophes include windstorms, hurricanes, earthquakes, tornadoes, hail, severe winter weather, fires and may include terrorist events such as the attacks on the World Trade Center and Pentagon on September 11, 2001. We cannot predict how severe a particular catastrophe may be until after it occurs. The extent of losses from catastrophes is a function of the total amount of losses incurred, the number of insureds affected, the frequency of the events and the severity of the particular catastrophe. Most catastrophes occur in small geographic areas. However, some catastrophes may produce significant damage in large, heavily populated areas.

We are Subject to Regulation by Insurance Regulatory Authorities which may Affect Our Ability to Implement Our Business Objectives

Our insurance subsidiaries are subject to supervision and regulation by the insurance regulatory authorities in the various jurisdictions in which they conduct business. Regulation is intended for the benefit of policyholders rather than shareholders or holders of debt securities. Insurance regulatory authorities have broad regulatory, supervisory and administrative powers relating to solvency standards, licensing, policy rates and forms and the form and content of financial reports. Regulatory actions may affect our ability to implement our business objectives. Also, payment of dividends by our insurance subsidiaries may require prior regulatory notice or approval.

Our Investment Results may be Impacted by Changes in Interest Rates, Government Monetary Policies and General Economic Conditions

We receive premiums from customers for insuring their risks. We invest these funds until they are needed to pay policyholder claims or until they are recognized as profits. Many of the policies we issue are denominated in foreign currencies. Fluctuations in the value of our investment portfolio can occur as a result of changes in interest rates, government monetary policies and general economic conditions. Our investment results may be impacted by these factors.

Because the risk profile of the business written and the reinsurance program of recent acquisitions is different from ours, we may incur additional charges.

5

The risk profile of the business written and reinsurance programs of our recent acquisitions was not wholly consistent with those of our other operations. For example, Terra Nova historically wrote policies with large limits and purchased reinsurance to reduce the net retention to a smaller sum. Such reliance on reinsurance may create credit risk as a result of the reinsurer's inability or unwillingness to pay reinsurance claims when due. We have begun to implement policies to reduce this reliance on reinsurance in the future, but must still account for and collect reinsurance for business written prior to our acquisition. Deterioration in the credit quality of existing reinsurers or disputes over the terms of reinsurance could result in additional charges, which may impact our profitability.

Because loss reserves are estimates based upon historical experience and statistical data, there can be no assurances that the loss reserves for recent acquisitions are adequate and that there will not be any future impact on our financial performance.

Edgar Filing: MARKEL CORP - Form S-3

It has long been our policy to establish loss reserves at a level that we believe is more likely to prove redundant rather than deficient. Many other companies in the insurance industry establish loss reserves that are "adequate," often defined as the mid-point of an actuarially determined range, i.e., as likely to be too little as too much. When we acquire a company, we seek to apply our policy over time to the reserving practices of the acquired company. However, because loss reserve estimates are based on historical experience and statistical analyses, we often do not have sufficient information for a period of time following the date of an acquisition to implement this policy immediately. As we continue to gather information and obtain additional experience, we can better implement our approach and, depending on the relevant experience, this may result in additional charges to strengthen reserves.

Note On Forward-Looking Statements

This prospectus contains or incorporates by reference forward-looking statements. Forward-looking statements may be identified by the use of terms such as "believes," "expects," "estimate," "may," "intends," "plan," "will," "should" or "anticipates" or the negative thereof or similar expressions, or by discussions of strategy. We have based our forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties, and assumptions about us, including:

- . uncertainties and changes in government policy, regulatory policy, statutory law or case law with respect to our companies, brokers or customers which can impede our ability to charge adequate rates and efficiently allocate capital;
- . the amount and nature of competition in the insurance industry and the amount of capital within the industry and alternative risk transfer markets;
- . the occurrence of man-made or natural catastrophic events;
- . changing legal and social trends and the inherent uncertainties of the reserving process;
- . loss of the services of any of our executive officers;
- . initiatives underway at Markel International to reorganize business units and to evaluate reinsurance programs and exposures which could lead to additional changes and expense;
- . the impact of US tax laws on our foreign subsidiaries;
- . changing rates of inflation and other economic conditions;
- . losses due to foreign currency exchange rate fluctuations;
- . ability to collect reinsurance recoverables;
- . changes in the availability, cost or quality of reinsurance;
- . developments in domestic and international financial markets that could affect our investment portfolios;
- . changes in the distribution or placement of risks due to increased consolidation of insurance and reinsurance brokers; and
- . the effects of mergers, acquisitions and divestitures.

We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this prospectus or in any supplement to this prospectus might not occur. Readers are cautioned not to place undue reliance on any forward-looking statements, which speak only as at their dates.

RATIO OF EARNINGS TO FIXED CHARGES

The results below include Terra Nova since its acquisition by us on March 24, 2000.

The following table sets forth the ratio of earnings to fixed charges for each of the last five fiscal years and for the six month period ended June 30, 2001.

	Six Months Ended		Year E
	June 30, 2001	2000	1999
Ratio of Earnings to Fixed Charges	1.5	0.1	3.0
Deficiency in the coverage of fixed charges by earnings before fixed charges (000's)	-	\$51,806	-

The ratio of earnings to fixed charges is computed by dividing pretax income from continuing operations before fixed charges by fixed charges. Fixed charges consist of interest charges and amortization of debt expense and discount or premium related to indebtedness, whether expensed or capitalized, and that portion of rental expense we believe to be representative of interest.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement, we will use the net proceeds from the sale of securities by us or the Capital Trust to increase the capital of our insurance operations, to repay or refinance our indebtedness, to fund working capital, and for other general corporate purposes, including acquisitions. We will not receive any proceeds from the sale of common shares that may be offered by selling security holders.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital consists of 50,000,000 common shares, no par value, and 10,000,000 preferred shares, no par value. At September 30, 2001, 8,618,578 common shares were outstanding. At that date, no preferred shares were outstanding.

Preferred Shares

Our preferred shares are issuable in one or more series from time to time at the direction of the board of directors. The board of directors is

Edgar Filing: MARKEL CORP - Form S-3

authorized, with respect to each series, to fix its:

- . designation,
- . relative rights, including voting, dividend, conversion, sinking fund and redemption rights,
- . preferences, including with respect to dividends and on liquidation, and
- . limitations.

The board of directors, without shareholder approval, can issue preferred shares with voting and conversion rights that could adversely affect the voting power of the holders of common shares. This right of issuance could be used as a method of preventing a party from gaining control of us.

7

Common Shares

Each holder of our common shares is entitled to one vote for each share held of record on each matter submitted to a vote of shareholders. Cumulative voting in the election of directors is not permitted. As a result, the holders of more than 50% of the outstanding shares have the power to elect all directors. The quorum required at a shareholders' meeting for consideration of any matter is a majority of the shares entitled to vote on that matter, represented in person or by proxy. If a quorum is present, the affirmative vote of a majority of the shares voting on the matter at the meeting is required for shareholder approval. However, approval is required by the affirmative vote of more than two-thirds of all shares entitled to vote, whether or not represented at the meeting, in the case of major corporate actions, such as:

- . a merger,
- . a share exchange,
- . the dissolution of Markel,
- . an amendment to our articles of incorporation, or
- . the sale of all or substantially all of our assets.

These provisions, together with our ability to issue preferred shares with disproportionately high voting power could be used to, or have the effect of, preventing or deterring a party from gaining control of Markel, whether or not beneficial to public shareholders, and could discourage tactics that involve an actual or threatened change of control of Markel.

Subject to the rights of any holders of our preferred shares, the holders of common shares are entitled to receive dividends when, as, and if declared by the board of directors out of funds legally available for that purpose and, in the event of liquidation, dissolution or winding up of Markel, to share ratably in all assets remaining after the payment of liabilities. There are no preemptive or other subscription rights, conversion rights, or redemption or sinking fund provisions with respect to common shares. All common shares outstanding upon the consummation of any offering will be legally issued, fully paid and nonassessable.

Our transfer agent and registrar for common shares is First Union National

Edgar Filing: MARKEL CORP - Form S-3

Bank.

Voting Rights with Respect to Extraordinary Corporate Transactions

Under Virginia law, a corporation may sell, lease, exchange or otherwise dispose of all, or substantially all, of its property, other than in the usual and regular course of business, if the proposed transaction is approved by more than two-thirds of all of the votes entitled to be cast on that matter. A merger or share exchange plan must be approved by each voting group entitled to vote separately on the plan by more than two-thirds of all the votes entitled to be cast on the plan by that voting group. The articles of incorporation may provide for a greater or lesser vote, but not less than a majority of all the votes cast on the transaction by each voting group entitled to vote on the transaction. Our articles of incorporation do not provide for a greater or lesser vote.

Anti-takeover Statutes

Virginia law, except as to companies that elect not to be covered, prohibits the following business combinations between a Virginia corporation and any "interested shareholder:"

- . mergers and statutory share exchanges;
- . material dispositions of corporate assets not in the ordinary course of business;
- . any dissolution of the corporation proposed by or on behalf of an interested shareholder; or
- . any reclassification, including a reverse stock split, recapitalization or merger of the corporation with its subsidiaries that increases the percentage of voting shares beneficially owned by an interested shareholder by more than 5%.

8

An interested shareholder is, among others, a person who is, or an affiliate who was within three years of the transaction, a beneficial owner of more than 10% of any class of the outstanding voting shares of the applicable corporation. In these cases, unless the affiliated transaction satisfies "fair price" criteria or comes within an applicable exemption, the affiliated transaction must be approved by the affirmative vote of a majority of the disinterested directors and by the affirmative vote of the holders of two-thirds of the voting shares other than shares beneficially owned by the interested shareholder. We have not made any election in our articles not to be covered by this provision of the Virginia law.

Under Virginia law, voting rights for "control shares" must be approved by a corporation's shareholders, not including the shares held by interested parties. "Control shares" are shares whose acquisition entitles the acquiror to between 1/5 and 1/3, between 1/3 and 1/2, or greater than 1/2 of a corporation's voting power. If a shareholder has acquired control shares with a majority of all voting power and these shares have been given voting rights, all other shareholders have dissenters' rights. Virginia law exempts from these provisions acquisitions where the corporation is a party to the governing agreement. We have not made any election not to be governed by these provisions of Virginia law. Our board of directors can elect not to be governed by these provisions at any time before four days after receipt of a control share acquisition notice.

Edgar Filing: MARKEL CORP - Form S-3

Insurance Holding Company Regulations on Change of Control

We are regulated as an insurance holding company and are subject to state and foreign laws that restrict the ability of any person to obtain control of an insurance holding company without prior regulatory approval. Without this approval or an exemption, no person may acquire any voting security of an insurance holding company which controls an insurance subsidiary, or merge with the holding company. "Control" is generally defined as the direct or indirect power to direct or cause the direction of the management and policies of a person and is usually presumed to exist if a person directly or indirectly owns or controls 10% or more of the voting securities of another person.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of debt securities, preferred shares or common shares. Warrants may be issued independently or together with debt securities, preferred shares or common shares offered by any prospectus supplement and may be attached to or separate from any of the offered securities. Each warrant will entitle the holder to purchase the principal amount of debt securities or number of preferred shares or common shares, as the case may be, at the exercise price and in the manner specified in the prospectus supplement relating to those warrants. Warrants will be issued under one or more warrant agreements to be entered into between us and a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. If we offer warrants, we will file the warrant agreement relating to the offered warrants as an exhibit to, or incorporate it by reference in the registration statement of which this prospectus is a part.

The prospectus supplement relating to a particular issue of warrants will describe the terms of the warrants, including the following:

- . the title of the warrants;
 - . the offering price for the warrants, if any;
 - . the aggregate number of the warrants;
 - . the designation and terms of the securities purchasable upon exercise of the warrants;
 - . if applicable, the designation and terms of the securities with which the warrants are issued and the number of such warrants issued with each security;
 - . if applicable, the date from and after which the warrants and any securities issued with the warrants will be separately transferable;
 - . the principal amount of debt securities purchasable upon exercise of a warrant, if a debt warrant, and the price at which the principal amount of securities may be purchased upon exercise, which price may be payable in cash, securities, or other property;
- 9
- . the date on which the right to exercise the warrants commences and the date on which the right expires;

Edgar Filing: MARKEL CORP - Form S-3

- . if applicable, the number of common shares or preferred shares purchasable upon exercise of a warrant and the price at which the shares may be purchased upon exercise;
- . if applicable, the minimum or maximum amount of the warrants that may be exercised at any one time;
- . the currency or currency units in which the offering price, if any, and the exercise price are payable;
- . if applicable, a discussion of material United States federal income tax considerations;
- . whether the debt warrants represented by the warrant certificates or debt securities that may be issued upon exercise of the warrants will be issued in registered or bearer form;
- . information with respect to book-entry procedures, if any;
- . the currency or currency units in which the offering price, if any, and the exercise price are payable;
- . the antidilution provisions of the warrants, if any;
- . the redemption or call provisions, if any, applicable to the warrants; and
- . any additional terms of the warrants, including terms, procedures, and limitations relating to the exchange and exercise of the warrants.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of the debt securities which may be offered by us from time to time. The prospectus supplement will describe the specific terms of the debt securities offered by that prospectus supplement.

We may issue debt securities either separately or together with, or upon the conversion of, or in exchange for, other securities. The debt securities are to be either senior obligations of ours issued in one or more series and referred to herein as the "senior debt securities," subordinated obligations of ours issued in one or more series and referred to herein as the "subordinated debt securities," or our junior subordinated obligations issued in one or more series and referred to herein as the "junior subordinated debt securities." The senior debt securities, the subordinated debt securities and the junior subordinated debt securities are collectively referred to as the "debt securities." We will issue our senior debt securities under a senior indenture, our subordinated debt securities under a subordinated indenture and our junior subordinated debt securities under a junior subordinated indenture. The senior indenture, the subordinated indenture and the junior subordinated indenture are sometimes referred to herein collectively as the "indentures" and each individually as an "indenture." Each indenture will be entered into by us and an independent third party, known as a "trustee," who will be legally obligated to carry out the terms of the indenture. The Chase Manhattan Bank is the trustee under our senior indenture, our subordinated debt indenture and junior subordinated debt indenture. The particular terms of the debt securities offered by any prospectus supplement, and the extent to which the general provisions described below may apply to the offered debt securities, will be described in the prospectus supplement.

We have summarized certain terms and provisions of the indentures. The summary is not complete. If we refer to particular provisions of the indentures,

Edgar Filing: MARKEL CORP - Form S-3

the provisions, including definitions of certain terms, are incorporated by reference as a part of this summary. The form of indentures are filed as an exhibit to the registration statement of which this prospectus is a part, and are incorporated by reference. The indentures are subject to and governed by the Trust Indenture Act of 1939. You should refer to the applicable indenture for the provisions that may be important to you.

The senior indenture and the subordinated indenture are substantially identical, except for certain covenants of ours and provisions relating to subordination. The subordinated indenture and the junior subordinated indenture are substantially identical, except for certain rights and covenants of ours and provisions relating to the issuance of securities to the Capital Trust.

10

General

The indentures will not limit the amount of debt securities that we may issue. We may issue debt securities up to an aggregate principal amount as we may authorize from time to time. Unless otherwise provided in a prospectus supplement, our senior debt securities will be unsecured obligations of ours and will rank equally with all of our other unsecured and unsubordinated indebtedness. The subordinated debt securities will be unsecured obligations of ours, subordinated in right of payment to the prior payment in full of all senior indebtedness, which term includes the senior debt securities, of ours as described below under "Subordination of the Subordinated and Junior Subordinated Debt Securities" and in the applicable prospectus supplement.

In the event our junior subordinated debt securities are issued to the Capital Trust in connection with the issuance of preferred securities and common securities by the Capital Trust, these junior subordinated debt securities subsequently may be distributed pro rata to the holders of the related preferred securities and common securities in connection with the dissolution of the Capital Trust upon the occurrence of specified events. These events will be described in the prospectus supplement relating to the applicable preferred securities and common securities. Only one series of our junior subordinated debt securities will be issued to the Capital Trust in connection with the issuance of preferred securities and common securities by the Capital Trust.

The applicable prospectus supplement will describe the terms of any debt securities being offered, including:

- . the designation, aggregate principal amount and authorized denominations;
- . the maturity date or method for determining the maturity date;
- . the interest rate, if any, and the method for calculating the interest rate;
- . the interest payment dates and the record dates for the interest payments;
- . any mandatory or optional redemption terms or prepayment, conversion, sinking fund or exchangeability or convertibility provisions;
- . the places where the principal and interest will be payable;
- . if other than denominations of \$1,000 or multiples of \$1,000, the denominations the debt securities will be issued in;

Edgar Filing: MARKEL CORP - Form S-3

- . whether the debt securities will be issued in the form of global securities, as defined below, or certificates;
- . additional provisions, if any, relating to the defeasance and covenant defeasance of the debt securities;
- . whether the debt securities will be issuable in registered form, referred to as the "registered securities," or bearer form, referred to as the "bearer securities" or both and, if bearer securities are issuable, any restrictions applicable to the exchange of one form for another and the offer, sale and delivery of bearer securities;
- . whether the debt securities will be senior debt securities, subordinated debt securities or junior subordinated debt securities and, if subordinated debt securities or junior subordinated debt securities, the subordination provisions and the applicable definition of "senior indebtedness;"
- . any applicable material federal tax consequences;
- . the dates on which premium, if any, will be payable;
- . our right, if any, to defer payment of interest and the maximum length of such deferral period;
- . any listing on a securities exchange;
- . if convertible into our common shares or preferred shares, the terms on which such debt securities are convertible;
- . the terms, if any, of any guarantee of the payment of principal of, and premium, if any, and interest on debt securities of the series and any corresponding changes to the provisions of the indenture as currently in effect;

11

- . the terms, if any, of the transfer, mortgage, pledge, or assignment as security for the debt securities of the series of any properties, assets, money, proceeds, securities or other collateral, including whether certain provisions of the Trust Indenture Act are applicable, and any corresponding changes to provisions of the indenture as currently in effect;
- . the initial public offering price; and
- . other specific terms, including covenants and any additions or changes to the events of default provided for with respect to the debt securities.

If the purchase price of any debt securities is payable in a currency other than U.S. dollars or if principal of, or premium, if any, or interest, if any, on any of the debt securities is payable in any currency other than U.S. dollars, the specific terms and other information with respect to the debt securities and the foreign currency will be specified in the applicable prospectus supplement.

Debt securities may be issued as original issue discount securities, as defined in the indentures, to be sold at a substantial discount below their

Edgar Filing: MARKEL CORP - Form S-3

principal amount. Original issue discount securities may include "zero coupon" securities that do not pay any cash interest for the entire term of the securities. In the event of an acceleration of the maturity of any original issue discount security, the amount payable to the holder thereof upon an acceleration will be determined in the manner described in the applicable prospectus supplement. Conditions pursuant to which payment of the principal of the subordinated debt securities may be accelerated will be set forth in the applicable prospectus supplement. Material federal income tax and other considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

Under the indentures, the terms of the debt securities of any series may differ and we, without the consent of the holders of the debt securities of any series, may reopen a previous series of debt securities and issue additional debt securities of that series or establish additional terms of that series, unless otherwise indicated in the applicable prospectus supplement.

Covenants

Under the indentures, we will be required to:

- . pay the principal, interest and any premium on the debt securities when due;
- . maintain a place of payment;
- . deliver an officer's certificate to the applicable trustee within 120 days after the end of each fiscal year confirming our compliance with our obligations under the applicable indenture; and
- . deposit sufficient funds with any paying agent on or before the due date for any principal, interest or any premium.

Any additional covenants will be described in the applicable prospectus supplement.

Registration, Transfer, Payment and Paying Agent

Unless otherwise indicated in a prospectus supplement, each series of debt securities will be issued in registered form only, without coupons. We may also issue debt securities in bearer form only, or in both registered and bearer form. Bearer securities will not be offered, sold, resold or delivered in connection with their original issuance in the United States or to any United States person other than to the offices located outside the United States of some United States financial institutions. Purchasers of bearer securities will be subject to certification procedures and may be affected by limitations under United States tax laws. These procedures and limitations will be described in the prospectus supplement relating to the offering of the bearer securities.

Unless otherwise indicated in a prospectus supplement, registered securities will be issued in denominations of \$1,000 or any integral multiple thereof, and bearer securities will be issued in denominations of \$5,000.

Unless otherwise indicated in a prospectus supplement, the principal, premium, if any, and interest, if any, of or on the debt securities will be payable, and debt securities may be surrendered for registration of transfer or exchange, at an office or agency of the trustee in the Borough of Manhattan, The

Edgar Filing: MARKEL CORP - Form S-3

City of New York, provided that payments of interest with respect to any registered security may be made at our option by check mailed to the address of the person entitled to payment or by transfer to an account maintained by the payee with a bank located in the United States. No service charge will be made for any registration of transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge and any other expenses that may be imposed in connection with the exchange or transfer.

Unless otherwise indicated in a prospectus supplement, payment of principal of, premium, if any, and interest, if any, on bearer securities will be made, subject to any applicable laws and regulations, at the office or agency outside the United States as specified in the prospectus supplement and as we may designate from time to time. Unless otherwise indicated in a prospectus supplement, payment of interest due on bearer securities on any interest payment date will be made only against surrender of the coupon relating to the interest payment date. Unless otherwise indicated in a prospectus supplement, no payment of principal, premium or interest with respect to any bearer security will be made at any office or agency in the United States or by check mailed to any address in the United States or by transfer to an account maintained with a bank located in the United States; except that if amounts owing with respect to any bearer securities will be payable in U.S. dollars, payment may be made at the corporate trust office of the applicable trustee or at any office or agency designated by us in the Borough of Manhattan, The City of New York, but only if, payment of the full amount of the principal, premium or interest at all offices outside of the United States maintained for this purpose by us is illegal or effectively precluded by exchange controls or similar restrictions.

Unless otherwise indicated in the applicable prospectus supplement, we will not be required to:

- . issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series of like tenor to be redeemed and ending at the close of business on the day of that selection;
- . register the transfer of or exchange any registered security, or portion thereof, called for redemption, except the unredeemed portion of any registered security being redeemed in part;
- . exchange any bearer security called for redemption, except to exchange the bearer security for a registered security of that series and like tenor that is simultaneously surrendered for redemption; or
- . issue, register the transfer of or exchange any debt security which has been surrendered for repayment at the option of the holder, except the portion, if any, of the debt security not to be so repaid.

Ranking of Debt Securities; Holding Company Structure

The senior debt securities will be unsubordinated obligations of ours and will rank equally in right of payment with all other unsubordinated indebtedness of ours. The subordinated and junior subordinated debt securities will be obligations of ours and will be subordinated in right of payment to all existing and future senior indebtedness, as specified in the applicable prospectus supplement. The prospectus supplement will describe the subordination provisions and set forth the definition of "senior indebtedness" applicable to the subordinated and junior subordinated debt securities, and the approximate amount of the senior indebtedness outstanding as of a recent date.

Because we are a holding company that conducts all of our operations

Edgar Filing: MARKEL CORP - Form S-3

through our subsidiaries, our ability to meet our obligations under the debt securities is dependent on the earnings and cash flows of those subsidiaries and the ability of those subsidiaries to pay dividends or to advance or repay funds to us. Payment of dividends or advances from our insurance subsidiaries may require prior regulatory notice or approval. Holders of debt securities will generally have a junior position to claims of creditors of our subsidiaries, including trade creditors, debt holders, secured creditors, taxing authorities, guarantee holders and any preferred shareholders.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a "depository" identified in the prospectus supplement relating to that series. Global debt securities may be issued in either registered or bearer form and in either temporary or permanent form. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities, a global debt security may not be transferred except as a whole

13

- by the depository to a nominee of the depository;
- by a nominee of the depository to the depository or another nominee of the depository; or
- by the depository or the nominee to a successor of the depository or a nominee of the successor.

The specific terms of the depository arrangement with respect to a series of global debt securities and material limitations and restrictions relating to a series of global bearer securities will be described in the applicable prospectus supplement.

Redemption and Repurchase

The debt securities may be redeemable at our option, in whole or in part, or may be subject to mandatory redemption pursuant to a sinking fund or otherwise, in each case upon the terms, at the times and at the redemption price together with interest as set forth in the applicable prospectus supplement on notice given at least 20 days prior to the date of redemption. Senior and subordinated debt securities may be subject to repurchase by us at the option of the holders upon the terms, at the times and at the price together with interest set forth in the applicable prospectus supplement.

We must repay the senior and subordinated debt securities at the option of the holders prior to the stated maturity date only if specified in the applicable prospectus supplement. Unless otherwise provided in the prospectus supplement, the senior and subordinated debt securities subject to repayment at the option of the holder will be subject to repayment:

- . on the specified repayment dates; and
- . at a repayment price equal to 100% of the unpaid principal amount to be repaid, together with unpaid interest accrued to the repayment date.

For any senior or subordinated debt security to be repaid, the trustee must receive, at its office maintained for that purpose in the Borough of Manhattan, New York City not more than 60 nor less than 30 calendar days prior to the date

Edgar Filing: MARKEL CORP - Form S-3

of repayment:

- . in the case of a certificated senior or subordinated debt security, the certificated senior or subordinated debt security and the form in the senior or subordinated debt security entitled "Option of Holder to Elect Repayment" duly completed; or
- . in the case of a book-entry senior or subordinated debt security, instructions to that effect from the beneficial owner to the securities depository and forwarded by the securities depository. Exercise of the repayment option by the holder will be irrevocable.

Only the securities depository may exercise the repayment option in respect of beneficial interests in the book-entry senior or subordinated debt securities. Accordingly, beneficial owners that desire repayment in respect of all or any portion of their beneficial interests must instruct the participants through which they own their interests to direct the securities depository to exercise the repayment option on their behalf. All instructions given to participants from beneficial owners relating to the option to elect repayment will be irrevocable. In addition, at the time the instructions are given, each beneficial owner will cause the participant through which it owns its interest to transfer its interest in the book-entry senior or subordinated debt securities or the global certificate representing the related book-entry senior or subordinated debt securities, on the securities depository's records, to the trustee.

Conversion and Exchange

The applicable prospectus supplement will set forth the terms, if any, on which debt securities of any series are convertible into or exchangeable for our common shares, preferred shares, or other debt securities. The terms may include provisions for conversion or exchange, either mandatory, at the option of the holders or at our option.

Absence of Limitation on Indebtedness and Liens; Absence of Event Risk Protection

The applicable prospectus supplement will specify any prohibitions on the amount of indebtedness, guarantees or other liabilities that may be incurred by us and any prohibitions on our ability to create or assume liens on our property. Unless otherwise provided in a prospectus supplement, the indentures will not require the maintenance of any financial ratios, or specified levels of our net worth, revenues, income, cash flow or liquidity, and will not contain provisions which would give

14

holders of the debt securities the right to require us to repurchase their debt securities in the event of a takeover, recapitalization or similar restructuring or change in control of Markel.

Consolidation, Merger and Sale of Assets

Each indenture generally permits a consolidation or merger, subject to specified limitations and conditions, between us and another corporation. They also permit the sale by us of all or substantially all of our property and assets. If this happens, the remaining or acquiring corporation must assume all of our responsibilities and liabilities under the indentures including the payment of all amounts due on the debt securities and performance of the covenants in the indentures. Unless otherwise indicated in the applicable

Edgar Filing: MARKEL CORP - Form S-3

prospectus supplement, we must also deliver an opinion of counsel to the applicable trustee affirming our compliance with all conditions in the applicable indenture relating to the transaction. When the conditions are satisfied, the successor will succeed to and be substituted for us under the applicable indenture, and we will be relieved of our obligations under the applicable indenture and the debt securities issued under it.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an event of default with respect to any debt securities will include:

- . default for a period of 60 days in payment of any interest with respect to any debt security of that series;
- . default in payment of principal or any premium with respect to any debt security of that series when due upon maturity, redemption, repurchase at the option of the holder or otherwise;
- . default in deposit of any sinking fund payment when due with respect to any debt security of that series for a period of 60 days;
- . default by us in the performance, or breach, of any other covenant or warranty in the applicable indentures other than a covenant or warranty included solely for the benefit of a series of debt securities other than that particular series, which continues for 90 days after notice to us by the applicable trustee or the holders of not less than a fixed percentage in aggregate principal amount of the debt securities of all series issued under the applicable indenture;
- . specified events of bankruptcy, insolvency or reorganization of us; or
- . any other event of default that may be set forth in the applicable prospectus supplement, including, but not limited to, an event of default based on other debt being accelerated, or "cross-acceleration."

No event of default with respect to any particular series of debt securities necessarily constitutes an event of default with respect to any other series of debt securities.

Each indenture provides that if an event of default with respect to any series of debt securities issued under the indenture has occurred and is continuing, either the relevant trustee or the holders of at least a fixed percentage in principal amount of the debt securities of the series then outstanding may declare the principal amount, or if any debt securities of the series are original issue discount securities, a lesser amount as may be specified in the applicable prospectus supplement, of all of the debt securities of the series to be due and payable immediately. However, upon specified conditions, the declaration and its consequences may be rescinded and annulled by the holders of a majority in principal amount of the debt securities of all series issued under the applicable indenture.

The applicable prospectus supplement will provide the terms pursuant to which an event of default will result in an acceleration of the payment of principal of subordinated or junior subordinated debt securities.

In the case of a default in the payment of principal of, or premium, if any, or interest, if any, on any subordinated or junior subordinated debt securities of any series, the applicable trustee, subject to specified limitations and conditions, may institute a judicial proceeding for collection.

Edgar Filing: MARKEL CORP - Form S-3

No holder of any of the debt securities of any series issued under any indenture has any right to institute any proceeding with respect to that indenture or any remedy under that indenture, unless the holders of at least a fixed percentage in principal amount of the outstanding debt securities of that series have made written request, and offered reasonable indemnity, to the applicable trustee to institute a proceeding as trustee, the applicable trustee has failed to institute a proceeding within 60

15

days after receipt of the notice and the applicable trustee has not within the 60-day period received directions inconsistent with the written request by holders of a majority in principal amount of the outstanding debt securities of the series. These limitations do not apply, however, to a suit instituted by a holder of a debt security for the enforcement of the payment of the principal of, premium, if any, or any accrued and unpaid interest on, the debt security on or after the respective due dates expressed in the debt security.

Subject to the provisions of the applicable indenture relating to the duties of the applicable trustee, if an event of default occurs and is continuing, the applicable trustee is not under any obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders unless those holders have offered to the applicable trustee reasonable security or indemnity. Subject to provisions concerning the rights of the applicable trustee, the holders of a majority in principal amount of the outstanding debt securities of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust, or power conferred on the applicable trustee with respect to that series.

The applicable trustee may withhold notice to the holders of debt securities of any default, except in the payment of principal or interest, if it considers the withholding of notice to be in the best interests of the holders. Other than its duties in case of a default, a trustee is not obligated to exercise any of its rights or powers under the indentures at the request, order or direction of any holders, unless the holders offer the trustee reasonable indemnity. If they provide this reasonable indemnification, the holders of a majority in principal amount of any series of debt securities may direct the time, method and place of conducting any proceeding or any remedy available to the applicable trustee, or exercising any power conferred upon the applicable trustee, for any series of debt securities.

We are required to furnish to the trustees annually a statement as to compliance with all conditions and covenants under the indentures.

Modification and Waivers

From time to time, we, when authorized by resolutions of our board of directors, and the applicable trustee, without the consent of the holders of debt securities of any series, may amend, waive or supplement the indentures and the debt securities of the series for specified purposes, including, among other things:

- . to cure ambiguities, defects or inconsistencies;
- . to provide for the assumption of our obligations to holders of the debt securities of the series in the case of a merger, consolidation, conveyance or transfer;
- . to add to our events of default or our covenants or to make any change

Edgar Filing: MARKEL CORP - Form S-3

that would provide any additional rights or benefits to the holders of the debt securities of that series;

- . to add or change any provisions of the indenture to facilitate the issuance of bearer securities;
- . to establish the form or terms of debt securities of any series and any related coupons;
- . to secure the debt securities of that series;
- . to maintain the qualification of the indentures under the Trust Indenture Act;
- . to make any change that does not adversely affect the rights of any holder;
- . to appoint a successor trustee; or
- . to make provisions with respect to the conversion or exchange rights of holders.

Other amendments and modifications of the indentures or the related debt securities may be made by us and the applicable trustee with the consent of the holders of at least a majority of the aggregate principal amount of the outstanding debt securities of each series that would be affected, with each series voting as a separate class; provided that no modification or amendment may, without the consent of the holder of each outstanding debt security that would be affected:

16

- . reduce the principal amount of, or change the stated maturity of the principal of, or reduce the rate or modify the calculation of the rate of interest of the debt securities or any additional amounts, or any premium payable upon the redemption or repayment or otherwise, or change our obligation to pay additional amounts;
- . reduce the amount of the principal of an original issue discount security that would be due and payable upon a declaration of acceleration of the maturity, or the amount provable in bankruptcy;
- . adversely affect the right of repayment at the option of any holder of the debt securities;
- . change the place of payment, currency in which the principal of, any premium or interest on, or any additional amounts with respect to debt securities are payable;
- . impair the right of any holder of the debt securities to institute suit for the enforcement of any payment on the debt securities or after the stated maturity, or, in the case of redemption, on or after the redemption date or, in the case of repayment at the option of any holder of the debt securities, on or after the repayment date;
- . reduce the percentage in principal amount of the outstanding debt securities of any series, the consent of whose holder is required for any supplemental indenture, or the consent of whose holder is required for any waiver of specified defaults hereunder and their consequences provided for in the indentures;

Edgar Filing: MARKEL CORP - Form S-3

- . reduce the requirements of quorum or voting under the indentures;
- . make any change that adversely affects the right to convert or exchange any of the debt securities for capital stock or other securities in accordance with its terms; or
- . modify the above provisions, except as permitted by the applicable indenture.

The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive compliance by us with specified restrictive provisions of the relevant indenture, including any other restrictive covenants, if any, that may be set forth in the applicable prospectus supplement. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive any past default under the applicable indenture with respect to debt securities of that series and its consequences, except a default in the payment of the principal of, or premium, if any, or interest, if any, on any debt securities of that series or in respect of a covenant or provision which cannot be modified or amended without the consent of a larger fixed percentage or by the holder of each outstanding debt security of the series affected.

Satisfaction; Discharge

Except as described in this section, we may discharge all of our obligations to holders of the debt securities issued under the indentures, which debt securities have not already been delivered to the applicable trustee for cancellation and which either have become due and payable or are by their terms due and payable within one year, or are to be called for redemption within one year, by depositing with the applicable trustee an amount certified to be sufficient to pay when due the principal, interest and premium, if any, on all outstanding debt securities. However, some of our obligations under the indentures will survive, including with respect to the following:

- . remaining rights to register the transfer, conversion, substitution or exchange of debt securities of the applicable series;
- . rights of holders to receive payments of principal of, and any interest on, the debt securities of the applicable series, and other rights, duties and obligations of the holders of debt securities with respect to any amounts deposited with the applicable trustee; and
- . the rights, obligations and immunities of the applicable trustee under the applicable indenture.

Defeasance

We will be discharged from our obligations on the debt securities of any series at any time if we deposit with the applicable trustee sufficient cash or government securities to pay the principal, interest, any premium and any other sums due to the stated maturity date or a redemption date of the debt securities of the series. If this happens, the holders of the debt

securities of the series will not be entitled to the benefits of the applicable indenture except for registration of transfer and exchange of debt securities and replacement of lost, stolen or mutilated debt securities.

Edgar Filing: MARKEL CORP - Form S-3

Under federal income tax law as of the date of this prospectus, a discharge may be treated as an exchange of the related debt securities. Each holder might be required to recognize gain or loss equal to the difference between the holder's cost or other tax basis for the debt securities and the value of the holder's interest in the trust. Holders might be required to include as income a different amount than would be includable without the discharge. We urge prospective investors to consult their own tax advisers as to the consequences of a discharge, including the applicability and effect of tax laws other than the federal income tax law.

Governing Law

The indentures and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustees

The Trust Indenture Act contains limitations on the rights of a trustee, should it become a creditor of ours, to obtain payment of claims in some cases or to realize on some property received by it in respect of those claims, as security or otherwise. Each trustee is permitted to engage in other transactions with us and our subsidiaries from time to time, provided that if that trustee acquires any conflicting interest it must eliminate that conflict upon the occurrence of an event of default under the relevant indenture, or else resign.

The Chase Manhattan Bank is the trustee under our senior indenture, subordinated indenture and junior subordinated indenture. It is also the property trustee and guarantee trustee and the The Chase Manhattan Bank USA, National Association is the Delaware trustee for the Capital Trust. We and some of our affiliates maintain banking relationships with The Chase Manhattan Bank. The Chase Manhattan Bank also serves as trustee under other indentures pursuant to which securities of ours and of some of our affiliates are outstanding. It has purchased, and is likely to purchase in the future, our securities and securities of our affiliates. The Chase Manhattan Bank administers its corporate trust business at 450 West 33rd Street, New York, New York 10001, Attention: Capital Markets Fiduciary Services.

Subordination of the Subordinated and Junior Subordinated Debt Securities

Each series of subordinated and junior subordinated debt securities will be subordinate and junior in right of payment, to the extent set forth in the applicable indenture, to all senior indebtedness as defined below. If:

- . we make a payment or distribution of any of our assets to creditors upon our dissolution, winding-up, liquidation or reorganization, whether in bankruptcy, insolvency or otherwise;
- . a default beyond any grace period has occurred and is continuing with respect to the payment of principal, interest or any other monetary amounts due and payable on any senior indebtedness; or
- . the maturity of any senior indebtedness has been accelerated because of a default on that senior indebtedness,

then the holders of senior indebtedness generally will have the right to receive payment, in the case of the first instance, of all amounts due or to become due upon that senior indebtedness, and, in the case of the second and third instances, of all amounts due on that senior indebtedness, or we will make provision for those payments, before the holders of any subordinated or junior

Edgar Filing: MARKEL CORP - Form S-3

subordinated debt securities have the right to receive any payments of principal or interest on their subordinated or junior subordinated debt securities.

Senior indebtedness means, with respect to any series of subordinated or junior subordinated debt securities, the principal, premium, interest and any other payment in respect of any of the following:

- . all of our indebtedness for borrowed or purchased money whether or not it is evidenced by notes, debentures, bonds or other written instruments;
- . our obligations for reimbursement under letters of credit, banker's acceptances, security purchase facilities or similar facilities issued for our account;

18

- . capitalized lease obligations;
- . any of our other indebtedness or obligations with respect to commodity contracts, interest rate commodity and currency swap agreements and other similar agreements or arrangements; and
- . all indebtedness of others of the kinds described in the preceding categories which we have assumed or guaranteed.

Senior indebtedness will be entitled to the benefits of the subordination provisions in the subordinated indenture irrespective of the amendment, modification or waiver of any term of the senior indebtedness. We may not amend the subordinated or junior subordinated indenture to change the subordination of any outstanding subordinated or junior subordinated debt securities without the consent of each holder of senior indebtedness that the amendment would adversely affect.

The subordinated indenture does not limit the amount of senior indebtedness that we may issue.

Additional Terms of the Junior Subordinated Debt Securities

Additional Covenants Applicable to Junior Subordinated Debt Securities

Under the junior subordinated indenture, we will:

- . maintain 100% ownership of the Capital Trust while the junior subordinated debt securities remain outstanding; and
- . pay to the Capital Trust any taxes, duties, assessments or governmental charges of whatever nature (other than withholding taxes) imposed by the United States or any other taxing authority on that Capital Trust, so that the net amounts received and retained by the Capital Trust, after paying any taxes, duties, assessments or other governmental charges, will be not less than the Capital Trust would have received had no such taxes, duties, assessments or other governmental charges been imposed.

Option to Extend Interest Payment Period

We can defer interest payments by extending the interest payment period for the number of consecutive extension periods specified in the applicable prospectus supplement (each, an extension period). Other details regarding the extension period will also be specified in the applicable prospectus supplement. No extension period may extend beyond the maturity of the

Edgar Filing: MARKEL CORP - Form S-3

junior subordinated debt securities. At the end of the extension period(s), we will pay all interest then accrued and unpaid, together with interest compounded quarterly at the rate for the junior subordinated debt securities, to the extent permitted by applicable law.

During any extension period, we will not make distributions related to our capital stock, including dividends, redemptions, repurchases, liquidation payments, or guarantee payments. Also we will not make any payments, redeem or repurchase any debt securities of equal or junior rank to the junior subordinated debt securities or make any guarantee payments on any such debt securities. We may, however, make the following types of distributions:

- . dividends paid in common shares;
- . dividends in connection with the implementation of a shareholder rights plan;
- . payments to a trust holding securities of the same series under a guarantee;
- . repurchases, redemptions or other acquisitions of shares of our capital stock in connection with any employment contract, benefit plan or other similar arrangement or in connection with a dividend reinvestment plan, or
- . issuances resulting from the reclassification, exchange or conversion of shares of capital stock.

DESCRIPTION OF THE TRUST PREFERRED SECURITIES

The following is a summary of the principal terms of the trust preferred securities. The form of amended trust agreement is filed as an exhibit to the registration statement of which this prospectus forms a part, or is incorporated by reference. The

19

terms of the trust preferred securities will include those stated in the amended trust agreement and those made part of the amended trust agreement by the Trust Indenture Act.

General

The Capital Trust will exist until terminated as provided in its amended trust agreement. Except under specified circumstances, we will be entitled to appoint, remove, or replace trustees, who will conduct the business and affairs of the Capital Trust. The trustees of the Capital Trust will consist of:

- . two employees, officers or affiliates of Markel as administrative trustees;
- . a financial institution unaffiliated with us that will act as property trustee and as indenture trustee for purposes of the Trust Indenture Act, under the terms set forth in a prospectus supplement (the property trustee); and
- . one trustee with its principal place of business or who resides in the State of Delaware and who will act under the terms set forth in a prospectus supplement.

The amended trust agreement will authorize the administrative trustees

Edgar Filing: MARKEL CORP - Form S-3

to issue, on behalf of the Capital Trust, two classes of trust securities, trust preferred securities and trust common securities, each of which will have the terms described in this prospectus and in the applicable prospectus supplement. We will own all of the trust common securities. The trust common securities will rank equally in right of payment, and payments will be made on the trust common securities, proportionately with the trust preferred securities. However, if an event of default occurs and is continuing under the amended trust agreement, the rights of the holders of the trust common securities to payment for distributions and payments upon liquidation, redemption and otherwise, will be subordinated to the rights of the holders of the trust preferred securities. We will acquire, directly or indirectly, trust common securities in a total liquidation amount of approximately 3% of the total capital of the Capital Trust.

The proceeds from the sale of the trust preferred securities will be used by the Capital Trust to purchase our junior subordinated debt securities. These junior subordinated debt securities will be held in trust by the property trustee for the benefit of the holders of the trust securities. We will guarantee the payments of distributions and payments on redemption or liquidation with respect to the trust preferred securities, but only to the extent the Capital Trust has funds available to make those payments and has not made the payments. See "Description of the Guarantee."

The assets of the Capital Trust available for distribution to the holders of trust preferred securities will be limited to payments from us under the junior subordinated debt securities held by the Capital Trust. If we fail to make a payment on the junior subordinated debt securities, the Capital Trust will not have sufficient funds to make related payments, including distributions, on its trust preferred securities.

The guarantee, when taken together with our obligations under the junior subordinated debt securities, the subordinated indenture and the amended trust agreement, will provide a full and unconditional guarantee of amounts due on the trust preferred securities issued by the Capital Trust.

The trust preferred securities will have the terms, including distributions, redemption, voting, liquidation rights and other preferred, deferred or other special rights or restrictions that will be described in the amended trust agreement or made part of the amended trust agreement by the Trust Indenture Act or the Delaware Business Trust Act. The terms of the trust preferred securities will mirror the terms of the junior subordinated debt securities held by the Capital Trust. In other words, the distribution rate and the distribution payment dates and other payment dates for the trust preferred securities will correspond to the interest rate and interest payment dates and other payment dates on the junior subordinated debt securities. Holders of trust preferred securities have no preemptive or similar rights.

Provisions of a Particular Series

The Capital Trust may issue only one series of trust preferred securities. The applicable prospectus supplement will set forth the principal terms of the trust preferred securities that will be offered, including:

- . the name of the trust preferred securities;
- . the liquidation amount and number of trust preferred securities issued;

20

- . the annual distribution rate(s) or method of determining such rate(s), the

Edgar Filing: MARKEL CORP - Form S-3

payment date(s) and the record dates used to determine the holders who are to receive distributions;

- . the date from which distributions will be cumulative;
- . the optional redemption provisions, if any, including the prices, time periods and other terms and conditions on which the trust preferred securities will be purchased or redeemed, in whole or in part;
- . the terms and conditions, if any, upon which the junior subordinated debt securities and the related guarantee may be distributed to holders of those trust preferred securities;
- . any securities exchange on which the trust preferred securities will be listed;
- . whether the trust preferred securities are to be issued in book-entry form and represented by one or more global certificates, and if so, the depository for those global certificates and the specific terms of the depository arrangements; and
- . any other relevant rights, preferences, privileges, limitations or restrictions of the trust preferred securities.

The interest rate and interest and other payment dates of junior subordinated debt securities issued to the Capital Trust will correspond to the rate at which distributions will be paid and the distribution and other payment dates of the trust preferred securities of that Trust.

Extensions

We have the right under the junior subordinated indenture to defer payments of interest on the junior subordinated debt securities by extending the interest payment period from time to time on the junior subordinated debt securities. The administrative trustees will give the holders of the trust preferred securities notice of any extension period upon their receipt of notice from us. If distributions are deferred, the deferred distributions and accrued interest will be paid to holders of record of the trust preferred securities as they appear on the books and records of the Capital Trust on the record date next following the termination of such deferral period. See "Additional Terms of Junior Subordinated Debentures--Option to Extend Interest Payment Period."

Distributions

Distributions on the trust preferred securities will be made on the dates payable to the extent that the Capital Trust has funds available for the payment of distributions in the property account. The Capital Trust's funds available for distribution to the holders of the trust securities will be limited to payments received from us on the junior subordinated debt securities. We have guaranteed the payment of distributions out of monies held by the Capital Trust to the extent set forth under "Description of the Guarantee."

Distributions on the trust preferred securities will be payable to the holders named on the securities register of the Capital Trust at the close of business on the relevant record dates, which, as long as the trust preferred securities remain in book-entry only form, will be one business day before the relevant payment dates. Distributions will be paid through the property trustee who will hold amounts received in respect of the junior subordinated debt securities in the property account for the benefit of the holders of the trust securities. If the trust preferred securities do not continue to remain in book-entry only form, the relevant record dates will conform to the rules of any securities exchange on which the trust preferred securities are listed and, if

Edgar Filing: MARKEL CORP - Form S-3

none, the administrative trustees will have the right to select relevant record dates, which will be more than 14 days but less than 60 days before the relevant payment dates. If any date on which distributions are to be made on the trust preferred securities is not a business day, then payment of the distributions payable on that date will be made on the next succeeding day which is a business day and without any interest or other payment in respect of that delay, except that, if that business day is in the next succeeding calendar year, the payment will be made on the immediately preceding business day, in each case with the same force and effect as if made on the record date.

Mandatory Redemption of Trust Preferred Securities

The trust preferred securities have no stated maturity date, but will be redeemed upon the maturity of the junior subordinated debt securities or to the extent the junior subordinated debt securities are redeemed before maturity. The junior subordinated debt securities will mature on the date specified in the applicable prospectus supplement and may be redeemed at

21

any time, in whole but not in part, in certain circumstances upon the occurrence of a Tax Event or an Investment Company Event as described under "Special Event Redemption."

Upon the maturity of the junior subordinated debt securities, the proceeds of their repayment will simultaneously be applied to redeem all the outstanding trust securities at the Redemption Price. Upon the redemption of the junior subordinated debt securities, either at our option or as a result of a Tax Event or an Investment Company Event, the proceeds from the redemption will simultaneously be applied to redeem trust securities having a total liquidation amount equal to the total principal amount of the junior subordinated debt securities so redeemed at the redemption price; provided, that holders of trust securities will be given not less than 20 nor more than 60 days' notice of the redemption. If fewer than all of the outstanding trust securities are to be redeemed, the trust securities will be redeemed proportionately.

Special Event Redemption

Both a Tax Event and an Investment Company Act Event constitute Special Events for purposes of the redemption provisions described in the preceding paragraph.

A Tax Event means that the administrative trustees have received an opinion of independent tax counsel experienced in those matters to the effect that, as a result of any amendment to, change or announced proposed change in:

- . the laws or regulations of the United States or any of its political subdivisions or taxing authorities, or
- . any official administrative pronouncement, action or judicial decision interpreting or applying those laws or regulations,

which amendment or change becomes effective or proposed change, pronouncement, action or decision is announced on or after the date the trust preferred securities are issued and sold, there is more than an insubstantial risk that:

- . the Capital Trust is or within 90 days would be subject to U.S. federal income tax with respect to income accrued or received on the junior subordinated debt securities,

Edgar Filing: MARKEL CORP - Form S-3

- . interest payable to the Capital Trust on the junior subordinated debt securities is not or within 90 days would not be deductible, in whole or in part, by us for U.S. federal income tax purposes, or
- . the Capital Trust is or within 90 days would be subject to a material amount of other taxes, duties or other governmental charges.

Investment Company Event means that the administrative trustees have received an opinion of a nationally recognized independent counsel to the effect that, as a result of an amendment to or change in the Investment Company Act or regulations thereunder on or after the date the trust preferred securities are issued and sold, there is more than an insubstantial risk that the Capital Trust is or will be considered an investment company and be required to be registered under the Investment Company Act.

Redemption Procedures

The Capital Trust may not redeem fewer than all the outstanding trust securities unless all accrued and unpaid distributions have been paid on all trust securities for all distribution periods terminating on or before the date of redemption. If fewer than all of the outstanding trust securities are to be redeemed, the trust securities will be redeemed proportionately.

If the Capital Trust gives a notice of redemption in respect of the trust securities (which notice will be irrevocable), and if we have paid to the property trustee a sufficient amount of cash in connection with the related redemption or maturity of the junior subordinated debt securities, then, by 12:00 noon New York City time on the redemption date, the property trustee will irrevocably deposit with the depository funds sufficient to pay the applicable redemption price and will give the depository irrevocable instructions and authority to pay the redemption price to the holders of the trust preferred securities, and the paying agent will pay the applicable redemption price to the holders of the trust common securities by check. If notice of redemption has been given and funds deposited as required, then, immediately before the close of business on the date of the deposit, distributions will cease to accrue and all rights of holders of trust preferred securities called for redemption will cease, except the right of the holders of the trust preferred securities to receive the redemption price but without interest on the redemption price. If any date fixed for redemption of trust preferred securities is not a business day, then payment of the redemption price payable on that date will be made on the next succeeding day that is a business day, without any interest or other payment in respect of any such delay, except that, if that business day falls in the next calendar year, payment will be made on the

22

immediately preceding business day. If payment of the redemption price in respect of trust preferred securities is improperly withheld or refused and not paid either by the Capital Trust or by us under the guarantee, distributions on the trust preferred securities will continue to accrue at the then applicable rate from the original redemption date to the date of payment, in which case the actual payment date will be considered the date fixed for redemption for purposes of calculating the redemption price.

Subject to the foregoing and applicable law, including, without limitation, U.S. federal securities laws, we or our subsidiaries may at any time, and from time to time, purchase outstanding trust preferred securities by tender, in the open market or by private agreement.

Distribution of the Junior Subordinated Debt Securities

Edgar Filing: MARKEL CORP - Form S-3

We will have the right at any time to dissolve the Capital Trust and, after satisfaction of the liabilities of creditors of the Capital Trust as provided by applicable law, to cause junior subordinated debt securities to be distributed to the holders of the trust preferred securities in a total stated principal amount equal to the total stated liquidation amount of the trust preferred securities then outstanding. Before any such dissolution, we will obtain any required regulatory approvals. The right to dissolve the trust and distribute the junior subordinated debt securities will be conditioned on our receipt of an opinion rendered by an independent tax counsel that the distribution would not result in the recognition of gain or loss for federal income tax purposes by the holders.

Liquidation Distribution Upon Dissolution

The amended trust agreement will state that the Capital Trust will be dissolved:

- . upon our bankruptcy;
- . upon the filing of a certificate of dissolution or its equivalent with respect to us;
- . upon the filing of a certificate of cancellation with respect to the Capital Trust after obtaining the consent of at least a majority in liquidation amount of the trust preferred securities, voting together as a single class;
- . 90 days after the revocation of our charter, but only if the charter is not reinstated during that 90-day period;
- . upon the distribution of the related junior subordinated debt securities directly to the holders of the trust securities;
- . upon the redemption of all of the trust securities; or
- . upon entry of a court order for the dissolution of us or the Capital Trust.

Upon a dissolution, after the Capital Trust pays all amounts owed to creditors, the holders of the trust preferred securities will be entitled to receive:

- . cash equal to the total liquidation amount of the trust preferred security specified in an accompanying prospectus supplement, plus accumulated and unpaid distributions to the date of payment, or
- . junior subordinated debt securities in a total principal amount equal to the total liquidation amount of the trust preferred securities.

If the Capital Trust cannot pay the full amount due on its trust securities because insufficient assets are available for payment, then the amounts payable by the Capital Trust on its trust securities will be paid proportionately. However, if an event of default under the related amended trust agreement occurs, the total amounts due on the trust preferred securities will be paid before any distribution on the trust common securities. Under certain circumstances involving the dissolution of the Capital Trust, subject to obtaining any required regulatory approval, junior subordinated debt securities will be distributed to the holders of the trust securities in liquidation of the Capital Trust.

Trust Enforcement Events

An event of default under the junior subordinated indenture relating to the junior subordinated debt securities will be an event of default under the

Edgar Filing: MARKEL CORP - Form S-3

amended trust agreement (a trust enforcement event). See "Description of Debt Securities--Events of Default."

23

In addition, the voluntary or involuntary dissolution, winding up or termination of the Capital Trust is also a trust enforcement event, except in connection with:

- . the distribution of the junior subordinated debt securities to holders of the trust securities of the Capital Trust,
- . the redemption of all of the trust securities of the Capital Trust, or
- . mergers, consolidations or amalgamations permitted by the amended trust agreement of the Capital Trust.

Under the amended trust agreement, the holder of the trust common securities will be deemed to have waived any trust enforcement event with respect to the trust common securities until all trust enforcement events with respect to the trust preferred securities have been cured, waived or otherwise eliminated. Until all trust enforcement events with respect to the trust preferred securities have been so cured, waived, or otherwise eliminated, the property trustee will be deemed to be acting solely on behalf of the holders of the trust preferred securities and only the holders of the trust preferred securities will have the right to direct the property trustee with respect to certain matters under the amended trust agreement and the junior subordinated indenture. If any trust enforcement event with respect to the trust preferred securities is waived by the holders of the trust preferred securities as provided in the amended trust agreement, under the amended trust agreement the holders of trust common securities have agreed that the waiver also constitutes a waiver of the trust enforcement event with respect to the trust common securities for all purposes under the amended trust agreement without any further act, vote or consent of the holders of trust common securities.

We and the administrative trustees must file annually with the property trustee a certificate evidencing compliance with all the applicable conditions and covenants under the amended trust agreement.

Upon the occurrence of a trust enforcement event the property trustee, as the sole holder of the junior subordinated debt securities, will have the right under the junior subordinated indenture to declare the principal of, interest and premium, if any, on the junior subordinated debt securities to be immediately due and payable.

If the property trustee fails to enforce its rights under the amended trust agreement or the junior subordinated indenture to the fullest extent permitted by law and subject to the terms of the amended trust agreement and the junior subordinated indenture, any holder of trust preferred securities may sue us, or seek other remedies, to enforce the property trustee's rights under the amended trust agreement or the junior subordinated indenture without first instituting a legal proceeding against the property trustee or any other person. If a trust enforcement event occurs and is continuing as a result of our failure to pay principal of or interest or premium, if any, on the junior subordinated debt securities when payable, then a holder of the trust preferred securities may directly sue us or seek other remedies, to collect its proportionate share of payments owned. See "Relationship Among the Trust Preferred Securities, The Guarantee and the Junior Subordinated Debentures Held by the Trust."

Removal and Replacement of Trustees

Edgar Filing: MARKEL CORP - Form S-3

Only the holders of trust common securities have the right to remove or replace the trustees of the Capital Trust, except that while an event of default in respect of the junior subordinated debt securities has occurred or is continuing, the holders of a majority of the trust preferred securities will have this right. The resignation or removal of any trustee and the appointment of a successor trustee will be effective only on the acceptance of appointment by the successor trustee in accordance with the provisions of the amended trust agreement.

Mergers, Consolidations or Amalgamations of the Capital Trust

The Capital Trust may not consolidate, amalgamate, merge with or into, or be replaced by or convey, transfer or lease its properties and assets substantially as an entirety to any other corporation or other body (each, a merger event), except as described below. The Capital Trust may, with the consent of a majority of its administrative trustees and without the consent of the holders of its trust securities, consolidate, amalgamate, merge with or into, or be replaced by another trust, provided that the following conditions are met:

- . the successor entity either
 - . assumes all of the obligations of the Capital Trust relating to its trust securities, or
- . substitutes other securities for the trust securities that are substantially similar to the trust securities, so long as the successor securities rank the same as the trust securities for distributions and payments upon liquidation, redemption and otherwise;
- . we acknowledge a trustee of the successor entity who has the same powers and duties as the property trustee of the Capital Trust, as the holder of the junior subordinated debt securities;
- . the trust preferred securities are listed, or any successor securities will be listed, upon notice of issuance, on the same securities exchange or other organization that the trust preferred securities are then listed;
- . the merger event does not cause the trust preferred securities or successor securities to be downgraded by any nationally recognized rating agency;
- . the merger event does not adversely affect the rights, preferences and privileges of the holders of the trust securities or successor securities in any material way, other than with respect to any dilution of the holders' interest in the new entity;
- . the successor entity has a purpose identical to that of the Capital Trust;
- . before the merger event, we have received an opinion of counsel from a nationally recognized law firm stating that
 - . the merger event does not adversely affect the rights of the holders of the trust preferred securities or any successor securities in any material way, other than with respect to any dilution of the holders' interest in the new entity, and
 - . following the merger event, neither the Capital Trust nor the successor

Edgar Filing: MARKEL CORP - Form S-3

entity will be required to register as an investment company under the Investment Company Act; and

- . we guarantee the obligations of the successor entity under the successor securities in the same manner as in the guarantee.

In addition, unless all of the holders of the trust preferred securities and trust common securities approve otherwise, the Capital Trust will not consolidate, amalgamate, merge with or into, or be replaced by any other entity or permit any other entity to consolidate, amalgamate, merge with or into, or replace it, if, in the opinion of a nationally recognized tax counsel experienced in such matters, the transaction would cause the Capital Trust or the successor entity to be classified other than as a grantor trust for U.S. federal income tax purposes.

Voting Rights; Amendment of Trust Agreement

The holders of trust preferred securities have no voting rights except as discussed under "Mergers, Consolidations or Amalgamations of the Trust and Description of the Guarantee--Amendments," and as otherwise required by law and the amended trust agreement.

The amended trust agreement may be amended if approved by a majority of the administrative trustees of the Capital Trust. However, if any proposed amendment provides for, or the administrative trustees otherwise propose to effect,

- . any action that would adversely affect the powers, preferences or special rights of the trust securities, whether by way of amendment to the amended trust agreement or otherwise, or
- . the dissolution, winding-up or termination of the Capital Trust other than under the terms of its amended trust agreement,

then the holders of the trust preferred securities as a single class will be entitled to vote on the amendment or proposal. In that case, the amendment or proposal will only be effective if approved by at least a majority in liquidation amount of the trust preferred securities affected by the amendment or proposal.

No amendment may be made to the amended trust agreement if that amendment would:

- . cause the Capital Trust to be characterized as other than a grantor trust for U.S. federal income tax purposes;
- . reduce or otherwise adversely affect the powers of the property trustee; or

25

- . cause the Capital Trust to be deemed to be an investment company which is required to be registered under the Investment Company Act.

The holders of a majority of the total liquidation amount of the trust preferred securities have the right to:

- . direct the time, method and place of conducting any proceeding for any remedy available to the property trustee; or
- . direct the exercise of any trust or power conferred upon the property trustee under the amended trust agreement, including the right to direct the property

Edgar Filing: MARKEL CORP - Form S-3

trustee, as the holder of the junior subordinated debt securities, to

- . exercise the remedies available under the junior subordinated indenture with respect to the junior subordinated debt securities,
- . waive any event of default under the junior subordinated indenture that is waivable, or
- . cancel an acceleration of the principal of the junior subordinated debt securities.

In addition, before taking any of the foregoing actions, the property trustee must obtain an opinion of counsel stating that, as a result of that action, the Capital Trust will continue to be classified as a grantor trust for U.S. federal income tax purposes.

As described in the form of amended trust agreement, the property trustee may hold a meeting to have holders of trust preferred securities vote on a change or have them approve a change by written consent.

If a vote by the holders of trust preferred securities is taken or a consent is obtained, any trust preferred securities owned by us or any of our affiliates will, for purposes of the vote or consent, be treated as if they were not outstanding, which will have the following consequences:

- . we and any of our affiliates will not be able to vote on or consent to matters requiring the vote or consent of holders of trust preferred securities; and
- . any trust preferred securities owned by us or any of our affiliates will not be counted in determining whether the required percentage of votes or consents has been obtained.

Information Concerning the Property Trustee

For matters relating to compliance with the Trust Indenture Act, the property trustee will have all of the duties and responsibilities of an indenture trustee under the Trust Indenture Act. The property trustee, other than during the occurrence and continuance of a trust enforcement event, undertakes to perform only the duties that are specifically described in the amended trust agreement and, upon a trust enforcement event, must use the same degree of care and skill as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, the property trustee is under no obligation to exercise any of the powers given it by the applicable amended trust agreement at the request of any holder of trust preferred securities unless it is offered reasonable security or indemnity against the costs, expenses and liabilities that it might incur. However, the holders of the trust preferred securities will not be required to offer such an indemnity where the holders, by exercising their voting rights, direct the property trustee to take any action following a trust enforcement event.

Information Concerning the Administrative Trustees

The administrative trustees are authorized and directed to conduct the affairs of and to operate the Capital Trust in a way that:

- . will not cause it to be deemed to be an investment company required to be registered under the Investment Company Act;
- . will cause it to be classified as a grantor trust for U.S. federal income tax purposes; and

Edgar Filing: MARKEL CORP - Form S-3

- . will cause the junior subordinated debt securities it holds to be treated as our indebtedness for U.S. federal income tax purposes.

26

We and the administrative trustees are authorized to take any action, so long as it is consistent with applicable law or the certificate of trust or amended trust agreement, that we and the administrative trustees determine to be necessary or desirable for those purposes.

DESCRIPTION OF THE GUARANTEE

We will execute the guarantee for the benefit of the holders of the trust preferred securities.

The Chase Manhattan Bank will act as guarantee trustee under the guarantee. The guarantee trustee will hold the guarantee for the benefit of the holders of the trust preferred securities.

The following description of the guarantee is only a summary. The form of guarantee is an exhibit to the registration statement.

General

We will irrevocably and unconditionally agree under the guarantee to pay the guarantee payments, to the extent specified in the guarantee, to the holders of the trust preferred securities, but only to the extent that the guarantee payments are not paid by or on behalf of the Capital Trust. We are required to pay the guarantee payments to the extent specified in the guarantee regardless of any defense, right of set-off or counterclaim that we may have or may assert against any person.

The following payments and distributions on the trust preferred securities are guarantee payments:

- . any accrued and unpaid distributions required to be paid on the trust preferred securities of the Capital Trust, but only to the extent that the Capital Trust has funds legally and immediately available for those distributions;
- . the redemption price for any trust preferred securities that the Capital Trust calls for redemption, including all accrued and unpaid distributions to the redemption date, but only to the extent that the Capital Trust has funds legally and immediately available for the payment; and
- . upon a dissolution, winding-up or termination of the Capital Trust, other than in connection with the distribution of junior subordinated debt securities to the holders of trust securities of the Capital Trust or the redemption of all the trust preferred securities of the Capital Trust, the lesser of:
 - . the sum of the liquidation amount and all accrued and unpaid distributions on the trust preferred securities of the Capital Trust to the payment date, to the extent that the Capital Trust has funds legally and immediately available for the payment; and
 - . the amount of assets of the Capital Trust remaining available for distribution to holders of the trust preferred securities of the Capital Trust in liquidation of the Capital Trust.

Edgar Filing: MARKEL CORP - Form S-3

We may satisfy our obligation to make a guarantee payment by making that payment directly to the holders of the trust preferred securities or by causing the Capital Trust to make the payment to those holders.

The guarantee will be a full and unconditional guarantee, subject to certain subordination provisions, of the guarantee payments with respect to the trust preferred securities from the time of issuance of those trust preferred securities, except that the guarantee will only apply to the payment of distributions and other payments on the trust preferred securities when the Capital Trust has sufficient funds legally and immediately available to make those distributions or other payments.

If we do not make the required payments on the junior subordinated debt securities that the property trustee holds under the Capital Trust, the Capital Trust will not make the related payments on its trust preferred securities.

Subordination

Our obligations under the guarantee will be unsecured obligations of Markel. Those obligations will rank:

- . subordinate and junior in right of payment to all of our other liabilities, other than obligations or liabilities that rank equal in priority or subordinate by their terms;

27

- . equal in priority with the junior subordinated debt securities that we may issue and similar guarantees; and
- . senior to our common shares.

The guarantee will be a guarantee of payment and not of collection. This means that the guaranteed party may institute a legal proceeding directly against us, as guarantor, to enforce its rights under the guarantee without first instituting a legal proceeding against any other person or entity.

The terms of the trust preferred securities will provide that each holder of the trust preferred securities, by accepting those trust preferred securities, agrees to the subordination provisions and other terms of the guarantee.

Amendments

We may amend the guarantee without the consent of any holder of the trust preferred securities if the amendment does not materially and adversely affect the rights of those holders. We may otherwise amend the guarantee with the approval of the holders of at least 50% of the outstanding trust preferred securities to which that guarantee relates.

Termination

The guarantee will terminate and be of no further effect when:

- . the redemption price of the trust preferred securities is fully paid;
- . we distribute the related junior subordinated debt securities to the holders of those trust preferred securities; or
- . the amounts payable upon liquidation of the Capital Trust are fully paid.

Edgar Filing: MARKEL CORP - Form S-3

The guarantee will remain in effect or will be reinstated if at any time any holder of the trust preferred securities must restore payment of any sums paid to that holder with respect to the trust preferred securities or under the guarantee.

Material Covenants

We will covenant that, so long as any trust preferred securities remain outstanding, if there is an event of default under the guarantee or the amended trust agreement:

- . we will not make distributions related to our debt securities that rank equally with or junior to the junior subordinated debt securities, including any payment of interest, principal or premium, or repayments, repurchases or redemptions; and
- . we will not make distributions related to our capital stock, including dividends, redemptions, repurchases, liquidation payments, or guarantee payments. We may, however, make the following types of distributions:
 - . dividends paid in common shares;
 - . dividends in connection with the implementation of a shareholder rights plan;
 - . payments to a trust holding securities of the same series under a guarantee; and
 - . repurchases, redemptions or other acquisitions of shares of our capital stock in connection with any benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or consultants.

Because we are a holding company that conducts all of our operations through our subsidiaries, our ability to meet our obligations under the guarantee is dependent on the earnings and cash flows of those subsidiaries and the ability of those subsidiaries to pay dividends or to advance or repay funds to us. The Capital Trust, as holder of the guarantee and the junior subordinated debt securities will generally have a junior position to claims of creditors of our subsidiaries, including trade creditors, debtholders, secured creditors, taxing authorities, guarantee holders and any preferred shareholders.

Events of Default

28

An event of default will occur under the guarantee if we fail to perform any of our payment obligations under the guarantee. The holders of a majority of the trust preferred securities of any series may waive any such event of default and its consequences on behalf of all of the holders of the trust preferred securities of that series. The guarantee trustee is entitled to enforce the guarantee for the benefit of the holders of the trust preferred securities of a series if an event of default occurs under the guarantee.

The holders of a majority of the trust preferred securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the guarantee trustee or to direct the exercise of any trust or power that the guarantee trustee holds under the guarantee. Any holder of the trust preferred securities may institute a legal proceeding directly against us to enforce that holder's rights under the guarantee without first instituting a

Edgar Filing: MARKEL CORP - Form S-3

legal proceeding against the guarantee trustee or any other person or entity.

Concerning the Guarantee Trustee

The Chase Manhattan Bank is the guarantee trustee. It is also the property trustee, the junior subordinated indenture trustee, subordinated indenture trustee and the senior indenture trustee. The Chase Manhattan Bank USA, National Association is the Delaware trustee for the Capital Trust. We and some of our affiliates maintain banking relationships with The Chase Manhattan Bank. The Chase Manhattan Bank also serves as trustee under other indentures pursuant to which securities of ours and our affiliates are outstanding. It has purchased, and is likely to purchase in the future, our securities and securities of our affiliates.

The guarantee trustee will perform only those duties that are specifically set forth in the guarantee unless an event of default under the guarantee occurs and is continuing. In case an event of default occurs and is continuing, the guarantee trustee will exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to those provisions, the guarantee trustee is under no obligation to exercise any of its powers under the guarantee at the request of any holder of the trust preferred securities unless that holder offers reasonable indemnity to the guarantee trustee against the costs, expenses and liabilities which it might incur as a result.

Agreements as to Expenses and Liabilities

We will enter into an agreement as to expenses and liabilities under the trust agreement. The agreement as to expenses and liabilities will provide that we will, with certain exceptions, irrevocably and unconditionally guarantee the full payment of any indebtedness, expenses or liabilities of the Capital Trust to each person or entity to whom the Capital Trust becomes indebted or liable. The exceptions are the obligations of the Capital Trust to pay to the holders of the trust common or other similar interests in the Capital Trust the amounts due to the holders under the terms of the trust common securities or those similar interests.

Relationship among the Trust Preferred Securities, the Guarantee and the Junior Subordinated Debentures Held by the Trust

We will guarantee payments of distributions and redemption and liquidation payments due on the trust preferred securities, to the extent the Capital Trust has funds available for the payments, to the extent described under "Description of the Guarantee." No single document executed by us in connection with the issuance of the trust preferred securities will provide for our full, irrevocable and unconditional guarantee of the trust preferred securities. It is only the combined operation of our obligations under the guarantee, the amended trust agreement and the junior subordinated indenture that has the effect of providing a full, irrevocable and unconditional guarantee of the Capital Trust's obligations under the trust preferred securities.

As long as we make payments of interest and other payments when due on the junior subordinated debt securities held by the Capital Trust, those payments will be sufficient to cover the payment of distributions and redemption and liquidation payments due on the trust preferred securities issued by the Capital Trust, primarily because:

- . the total principal amount of the junior subordinated debt securities will be equal to the sum of the total liquidation amount of the trust securities;
- . the interest rate and interest and other payment dates on the junior subordinated debt securities will match the distribution rate and

Edgar Filing: MARKEL CORP - Form S-3

distribution and other payment dates for the trust preferred securities;

- . we will pay for any and all costs, expenses and liabilities of the Capital Trust except its obligations under its trust preferred securities; and

29

- . the amended trust agreement will provide that the Capital Trust will not engage in any activity that is not consistent with the limited purposes of the Capital Trust.

If and to the extent that we do not make payments on the junior subordinated debt securities, the Capital Trust will not have funds available to make payments of distributions or other amounts due on its trust preferred securities. In those circumstances, you will not be able to rely upon the guarantee for payment of these amounts. Instead, you may directly sue us or seek other remedies to collect your proportionate share of payments owed. If you sue us to collect payment, then we will assume your rights as a holder of trust preferred securities under the amended trust agreement to the extent we make a payment to you in any such legal action.

Accounting Treatment

The Capital Trust will be treated as a subsidiary of ours for financial reporting purposes. Accordingly, our consolidated financial statements will include the accounts of the Capital Trust. The trust preferred securities, along with other trust preferred securities that we guarantee on an equivalent basis, will be presented as a separate line item in our consolidated balance sheets, and appropriate disclosures about the trust preferred securities, the guarantee and the junior subordinated debt securities will be included in the notes to the consolidated financial statements. We will record distributions that the Capital Trust pays on the trust preferred securities as an expense in our consolidated statement of income.

DESCRIPTION OF SHARE PURCHASE CONTRACTS AND SHARE PURCHASE UNITS

We may issue share purchase contracts, including contracts obligating holders to purchase from us, and us to sell to the holders, a specified number of common shares at a future date or dates, which we refer to in this prospectus as share purchase contracts. The price per common share and the number of common shares may be fixed at the time the share purchase contracts are issued or may be determined by reference to a specific formula set forth in the share purchase contracts. The share purchase contracts may be issued separately or as part of units consisting of a share purchase contract and beneficial interests in debt securities, trust preferred securities, preferred shares or debt obligations of third parties, including U.S. treasury securities, securing the holders' obligations to purchase common shares under the share purchase contracts, which we refer to in this prospectus as share purchase units. The share purchase contracts may require us to make periodic payments to the holders of the share purchase units or vice versa, and these payments may be unsecured or refunded on some basis. The share purchase contracts may require holders to secure their obligations under those contracts in a specified manner.

The applicable prospectus supplement will describe the terms of the share purchase contracts or share purchase units, including, if applicable, collateral or depository arrangements, relating to the share purchase contracts or share purchase units.

Edgar Filing: MARKEL CORP - Form S-3

PLAN OF DISTRIBUTION

A prospectus supplement will set forth the terms of the offering of the securities offered by that prospectus supplement, including:

- . the name or names of any underwriters and the respective amounts of the securities underwritten or purchased by each of them;
- . the initial public offering price of those securities and the proceeds to us, if any, and any discounts, commissions or concessions allowed or paid to dealers;
- . any securities exchanges on which those securities may be listed; and
- . the number of common shares to be sold by the selling security holders, if any.

If underwriters are used in the sale of any securities, those securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Those securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Unless otherwise set forth in the applicable prospectus supplement, the obligations of the underwriters to purchase those securities will be subject to conditions

30

precedent and the underwriters will be obligated to purchase all of those securities if any are purchased. Any initial public offering price and any discounts or concessions allowed or paid to dealers may be changed from time to time.

The securities may be sold directly by us or through agents designated by us from time to time. Any agent involved in the offer or sale of the securities in respect of which a prospectus supplement is delivered will be named, and any commissions payable by us to the agent will be set forth, in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

If so indicated in the applicable prospectus supplement, we will authorize underwriters, dealers or agents to solicit offers by institutional investors to purchase the securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. There may be limitations on the minimum amount that may be purchased by any institutional investor or on the portion of the aggregate principal amount of the particular securities that may be sold pursuant to those arrangements. Institutional investors to which offers may be made, when authorized, include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions, and other institutions approved by us, if applicable. The obligations of any purchasers pursuant to delayed delivery and payment arrangements will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth the commission payable for solicitation of those contracts.

Securities offered other than our common shares may be a new issue of

Edgar Filing: MARKEL CORP - Form S-3

securities with no established trading market. Any underwriters to whom those securities are sold by us for public offering and sale may make a market in those securities, but those underwriters will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of or the trading markets for those securities.

Agents and underwriters may be entitled under agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribution with respect to payments which the agents or underwriters may be required to make. Agents and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

Selling security holders, as described in the section below entitled "Selling Security Holders," may sell their common shares, and this prospectus may be delivered in conjunction with those sales. We will not receive any proceeds from the sale of common shares by the selling security holders.

The selling security holders may sell their common shares in connection with one or more offerings of common shares by Markel as described in the applicable prospectus supplement. The selling security holders and any underwriters, broker-dealers or agents that participate with the selling security holders in the distribution of their common shares may be deemed to be "underwriters" within the meaning of the Securities Act, and any commission received by them and any profit on the resale of any common shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

The selling security holders will be subject to the applicable provisions of the Securities Exchange Act, and the rules and regulations under it, including the applicable provisions of Regulation M. Regulation M may restrict specified activities of the selling security holders and may limit the timing of purchases and sales of any common shares by the selling security holders. Also, under Regulation M, persons engaged in a distribution of securities are prohibited from simultaneously engaging in market making and other activities with respect to those securities for a specified period of time prior to the commencement of that distribution, subject to specified exceptions or exemptions.

Agents and underwriters may be entitled under agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribution with respect to payments which the agents or underwriters may be required to make. Agents and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

31

SELLING SECURITY HOLDERS

The following table sets forth, as of September 30, 2001, information on common share ownership by the selling security holders. The registration of the selling security holders' common shares does not necessarily mean that the selling security holders will offer or sell any of their shares.

Name of Selling Security Holders	Relationship or Position with Markel for the Past Three Years	Common Shares Beneficially Owned Prior to	Common Shares Offered	Common Shares Owned
-----				be Ben Owned

Edgar Filing: MARKEL CORP - Form S-3

		Offering (1)	for Sale	Offeri
		-----	-----	-----
Anthony F. Markel	President and Chief Operating Officer, Director	375,665 (3)	75,000	300,66
Gary L. Markel	Director	355,225 (4)	75,000	280,22
Steven A. Markel	Vice Chairman, Director	558,090 (5)	75,000	483,09
Darrell D. Martin	Executive Vice President and Chief Financial Officer, Director	59,293 (6)	10,000	49,293

- (1) In accordance with SEC rules, beneficial ownership means shared or sole voting or investment power with respect to common shares shown in the table.
- (2) Assumes none of the securities registered and sold under this prospectus are common shares.
- (3) Includes 57,483 shares held in Grantor Retained Annuity Trusts for which Mr. Anthony F. Markel is trustee and partial beneficiary. Includes 2,657 shares held as trustee for the benefit of Mr. Anthony F. Markel's children as to which he disclaims beneficial ownership. Includes 5,300 shares held as co-trustee with Gary Markel under trusts created under wills. Includes 2,850 shares held as trustee for the benefit of his children as to which he disclaims beneficial ownership. Includes 6,000 shares held by Mr. Markel's wife as to which shares he disclaims beneficial ownership.
- (4) Includes 20,345 shares held as co-trustee with Steven A. Markel for the benefit of Mr. Anthony F. Markel's children as to which he disclaims beneficial ownership. Includes 320,730 shares held by the Markel Family Limited Partnership. Gary Markel is the sole general partner of, and holder of 99.9% of the beneficial interests in, the Markel Family Limited Partnership. Includes 5,300 shares held as co-trustee with Anthony Markel under trusts created under wills. Includes 2,850 shares held as trustee for the benefit of his child.
- (5) Includes 86,726 shares held as co-trustee for the benefit of the Lewis C. Markel Residuary Trust, 24,245 shares held as co-trustee for the benefit of Mr. Kirshner's children, 20,345 shares held as co-trustee with Gary L. Markel for the benefit of Mr. Anthony F. Markel's children, 4,040 shares owned by Mr. Steven A. Markel's children and 18,000 shares held as trustee under a trust for non-employee directors under the Company's 1989 Stock Option Plan, as to all of which shares Mr. Markel disclaims beneficial ownership. Includes 2,600 shares held by a charitable remainder trust for which Mr. Markel is co-trustee and in which he and his wife retain a partial interest. Mr. Markel does not have investment discretion or voting control over any shares held in the trust and accordingly he disclaims beneficial ownership of the shares held by the trust.
- (6) Includes 10,000 shares represented by options granted under our 1986 Stock Option Plan which may be exercised within sixty days of September 30, 2001. Includes 3,500 shares held by Mr. Martin's wife as to which shares he disclaims beneficial ownership.

Gary Markel & Associates, Inc. and Gary Markel Surplus Lines Brokerage, Inc., entities owned by Gary L. Markel, place insurance with and on behalf of the Company.

Edgar Filing: MARKEL CORP - Form S-3

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission using a "shelf" registration process. Under the shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings up to a total dollar amount of \$650,000,000. In addition, the selling security holders may sell up to 235,000 of our common shares. This prospectus provides you with a general description of the securities we or the selling security holders may offer. Each time we or the selling security holders sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement, together with additional information described under the heading "Where You Can Find More Information About Markel."

WHERE YOU CAN FIND MORE INFORMATION ABOUT MARKEL

We are subject to the informational reporting requirements of the Securities Exchange Act of 1934, which requires us to file annual, quarterly and special reports, proxy statements and other information with the Securities and Exchange Commission. You may read and copy any document that we file at the Public Reference Room of the SEC at 450 Fifth Street, N.W., Washington, D.C. 20549. Information on the operation of the Public Reference Room may be obtained by calling the SEC at 1-800-SEC-0330. You may also inspect our filings at the regional offices of the SEC or over the Internet at the SEC's home page at <http://www.sec.gov>.

Our common shares are listed on the New York Stock Exchange under the symbol "MKL." Our reports, proxy statements and other information may also be read and copied at the New York Stock Exchange at 20 Broad Street, New York, NY 10005.

INCORPORATION OF INFORMATION WE FILE WITH THE SEC

The SEC allows us to "incorporate by reference" the information we file with them, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be part of this prospectus, and later information that we file with the SEC will automatically update and supersede this information and the information in the prospectus. We incorporate by reference the documents listed below and any future filings made by Markel Corporation with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 until we sell all of the securities covered by this prospectus:

Markel Corporation, formerly Markel Holdings, Inc., SEC filings, file no. 001-15811:

1. Our Annual Report on Form 10-K for the year ended December 31, 2000;
2. Our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2001 and June 30, 2001;
3. Our Current Reports on Form 8-K dated March 1, 2001, June 5, 2001, June 12, 2001 and October 19, 2001; and
4. The description of our capital stock contained in our Form 8-A filed on April 7, 2000 under Section 12(b) of the Securities Exchange Act of 1934.

Terra Nova (Bermuda) Holdings Ltd., acquired on March 24, 2000, SEC

Edgar Filing: MARKEL CORP - Form S-3

filings, file no. 1-13834:

1. Annual Report on Form 10-K for the year ended December 31, 2000.

You may request a copy of these filings at no cost, by writing or telephoning the office of Investor Relations, Markel Corporation, 4521 Highwoods Parkway, Glen Allen, Virginia 23060, telephone: (804) 747-0136, or e-mail Bruce Kay, Vice President of Investor Relations at bkay@markelcorp.com.

LEGAL MATTERS

The validity of the securities in respect of which this prospectus is being delivered will be passed on for us by McGuireWoods LLP, Richmond, Virginia. Leslie A. Grandis, a partner in McGuireWoods LLP is Secretary and a member of the Board of Directors of our company. As Of October 18, 2001, partners of McGuireWoods LLP owned 27,606 of our common shares, or less than 1% of our common shares outstanding on that date. Certain matters relating to the formation of the Markel Capital Trust II and the issuance of the trust preferred securities under Delaware law and the amended trust agreement will be passed on by Richards, Layton & Finger, special Delaware counsel to the Trusts and the Company. Any underwriters will be advised about other issues relating to any offering by their own legal counsel.

EXPERTS

The consolidated financial statements of Markel Corporation as of December 31, 2000 and December 31, 1999 and for each of the years in the three-year period ended December 31, 2000 and the consolidated financial statements of Terra Nova (Bermuda) Holdings Ltd as of December 31, 2000 and for the year then ended have been incorporated by reference herein in reliance upon the reports of KPMG LLP, independent certified public accountants, incorporated by reference herein, and upon the authority of that firm as experts in accounting and auditing.

The consolidated financial statements of Terra Nova (Bermuda) Holdings, Ltd. as of December 31, 1999 and for each of the years in the two-year period ended December 31, 1999 have been incorporated by reference herein in reliance upon the report of PricewaterhouseCoopers, independent certified public accountants, incorporated by reference herein, and upon the authority of that firm as experts in accounting and auditing.

Miscellaneous expenses	\$ 10,000

Total	\$425,916

The foregoing items, except for the registration fee to the Securities and Exchange Commission, are estimated.

Edgar Filing: MARKEL CORP - Form S-3

Item 15. Indemnification Of Directors And Officers.

Virginia law provides that, unless limited by its articles of incorporation, a corporation shall indemnify a director or officer who entirely prevails in the defense of any proceeding to which he was a party because he is or was a director or officer of the corporation against reasonable expenses incurred by him in connection with the proceeding.

Virginia law permits a corporation to indemnify, after a determination has been made that indemnification of the director is permissible in the circumstances because he has met the following standard of conduct, an individual made a party to a proceeding because he is or was a director against liability incurred in the proceeding if:

- . he conducted himself in good faith;
- . he believed in the case of conduct in his official capacity with the corporation, that his conduct was in its best interests and in all other cases that his conduct was at least not opposed to its best interests; and
- . in the case of any criminal proceeding, he had no reasonable cause to believe his conduct was unlawful.

A Virginia corporation, however, may not indemnify a director in connection with a proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation or in connection with any other proceeding charging improper personal benefit to him, whether or not involving action in his official capacity, in which he was adjudged liable on the basis that personal benefit was improperly received by him.

In addition, Virginia law permits a corporation to make any further indemnity, including indemnity with respect to a proceeding by or in the right of the corporation, and to make additional provision for advances and reimbursement of expenses, to any director, officer, employee or agent that may be authorized by the articles of incorporation or any bylaw made by the shareholders or any resolution adopted by the shareholders, except an indemnity against his willful misconduct or a knowing violation of the criminal law.

Our Articles of Incorporation provide mandatory indemnification of officers and directors to the full extent permitted by Virginia law.

We maintain directors' and officers' liability insurance which may provide indemnification, including indemnification against liabilities under the Securities Act of 1933 as amended, to our officers and directors in certain circumstances.

Limitations on Director Liability

Virginia law provides that a director is not liable to the corporation, its shareholders, or any person asserting rights on behalf of the corporation or its shareholders for liabilities arising from a breach of, or failure to perform, any duty resulting solely from his or her status as director, unless the person asserting liability proves that the breach or failure to perform was in violation of the director's duty to discharge his duties as a director, including his duties as a member of a committee, in accordance with his good faith business judgment of the best interests of the corporation, provided, that the director, unless he has knowledge or information concerning the matter in question that makes reliance unwarranted, is entitled to rely on information, opinions, reports or statements, including financial statements and other

Edgar Filing: MARKEL CORP - Form S-3

financial data, if prepared or presented by:

- . one or more officers or employees of the corporation whom the director believes, in good faith, to be reliable and competent in the matters presented;
- . legal counsel, public accountants, or other persons as to matters the director believes, in good faith, are within the person's professional or expert competence; or
- . a committee of the board of directors of which he is not a member if the director believes, in good faith, that the committee merits confidence.

In addition, Virginia law provides that in any proceeding brought by or in the right of a corporation or brought by or on behalf of shareholders of the corporation, the damages assessed against an officer or director arising out of a single transaction, occurrence or course of conduct shall not exceed the lesser of:

- . the monetary amount, including the elimination of liability, specified in the articles of incorporation or, if approved by the shareholders, in the bylaws; or
- . the greater of \$100,000 or the amount of cash compensation received by the officer or director from the corporation during the twelve months immediately preceding the act or omission for which liability was imposed.

Our articles of incorporation provide for the elimination of liability of officers and directors in every instance permitted under Virginia law. The liability of an officer or director is not limited if the officer or director engaged in willful misconduct or a knowing violation of the criminal law or of any federal or state securities law, including any claim of unlawful insider trading or manipulation of the market for any security.

Item 17. Undertakings.

Insofar as indemnification for liabilities arising under the Securities Act

Edgar Filing: MARKEL CORP - Form S-3

of 1933 may be permitted to directors, officers or persons controlling the Registrants pursuant to the provisions described under Item 15, or otherwise, the Registrants have been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable. In the event that a claim for indemnification against these liabilities (other than the payment by the Registrants of expenses incurred or paid by a director, officer or controlling person of the Registrants in the successful defense of any action, suit or proceeding) is asserted by this director, officer or controlling person in connection with the securities being registered, the Registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether this indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of this issue.

Each of the undersigned Registrants hereby undertake:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) under the Securities Act of 1933 if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement;
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement;

provided, however, that paragraphs (1)(i) and (1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the Registrants pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; and
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Edgar Filing: MARKEL CORP - Form S-3

Each of the undersigned Registrants hereby undertake that for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement

shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Each of the undersigned Registrants hereby undertake (1) to use its best efforts to distribute prior to the opening of bids, to prospective bidders, underwriters, and dealers, a reasonable number of copies of a prospectus which at that time meets the requirements of section 10(a) of the Act, and relating to the securities offered at competitive bidding, as contained in the registration statement, together with any supplements thereto, and (2) to file an amendment to the registration statement reflecting the results of bidding, the terms of the reoffering and related matters to the extent required by the applicable form, not later than the first use, authorized by the issuer after the opening bids, of a prospectus relating to the securities offered at competitive bidding, unless no further public offering of such securities by the issuer and no reoffering of such securities by the purchasers is proposed to be made.

Each of the undersigned Registrants hereby undertake that:

- (1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrants pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Each of the undersigned Registrants hereby undertake to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act (the "Act") in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, Markel Corporation certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Richmond, State of Virginia, on October 19, 2001.
