INFORMATION TO BE INCLUDED IN PROSPECTUS/PROXY STATEMENT

FIRST NATIONAL BANK OF WIGGINS
124 Border Avenue
Wiggins, Mississippi 39577

September 6, 2006

To Our Shareholders:

You are cordially invited to attend a Special Meeting of Shareholders (the Meeting) of First National Bank of Wiggins (FNB Wiggins) to be held at 5:00 p.m. local time, on September 21, 2006 at 124 Border Avenue, Wiggins, Mississippi.

At the Meeting, you will be asked to consider and vote upon a proposal to approve an Agreement and Plan of Merger (the Merger Agreement), dated as of May 19, 2006, by and among The First Bancshares, Inc. (First Bancshares), a Mississippi corporation and registered bank holding company, and its wholly-owned subsidiary, The First, a National Banking Association (The First), a banking association organized under the laws of the United States, on the one hand, and FNB Wiggins on the other hand, pursuant to which (a) FNB Wiggins will merge with and into The First (the Merger), and (b) each outstanding share of FNB Wiggins common stock, \$10.00 par value per share (FNB Wiggins Common Stock) will be converted into the right to receive cash and shares of First Bancshares common stock, \$1.00 par value per share (First Bancshares Common Stock). Details of the proposal are set forth in the accompanying Proxy Statement/Prospectus, which you should read carefully.

Upon completion of the Merger, FNB Wiggins shareholders will receive in the aggregate cash and common stock of First Bancshares having a combined value of approximately \$4,152,400 (Merger Consideration). This approximate value is based upon the terms of the Merger Agreement, which states that FNB Wiggins shareholders will receive approximately \$175.00 in value (in the form of cash and/or First Bancshares Common Stock as described below) for each share of FNB Wiggins Common Stock they own. For purposes of the Merger Consideration, the Merger Agreement states that First Bancshares Common Stock will be valued at \$19.00. Shares of First Bancshares Common Stock traded on the NASDAQ stock market for prices ranging from \$21.09 to \$_____ between the date of the Merger Agreement and the

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

day prior to the date of this letter. Therefore, should the shares of First Bancshares Common Stock have a value on the Effective Date of the Merger that equals its trading price on the day prior to the date of this letter, the actual value of the consideration received by FNB Wiggins shareholders as a result of the Merger would be \$_____. However, no assurance can be given as to the market price of First Bancshares Common Stock on the Effective Date.

Under the terms of the Merger Agreement, FNB Wiggins shareholders will be entitled to receive the Merger Consideration, consisting of \$87.50 per share in cash (Cash Element) and 4.605 shares of First Bancshares common stock (Stock Element), in exchange for each share of FNB Wiggins stock owned by them, representing approximately 50% cash and 50% stock as consideration for their shares.

As a result of the Merger and subject to certain limitations provided for in the Merger Agreement, shares of FNB Wiggins Common Stock issued and outstanding immediately prior to the Effective Date, other than dissenting shares, shall by virtue of the Bank Merger be converted into and represent the right to receive the Stock Element, the cash payable in lieu of fractional shares, and the Cash Element less a pro rata share of Seven Hundred and Eighty Thousand Dollars (\$780,000) in Consideration Deductions (which represents \$32.873 per share of outstanding FNB Wiggins Common Stock), which are defined as follows: (i) Two Hundred and Eighty Thousand Dollars (\$280,000) which represents a maximum of 50% of the cost of cancellation of FNB Wiggins data processing contract with Brasfield Technology, LLC; (ii) Two Hundred Thousand Dollars (\$200,000) which represents a potential payment under that certain Confidential Term Sheet between FNB Wiggins and Richton Bank & Trust Company dated January 20, 2006 and discussed in further detail below (Richton Letter of Intent); and (iii) Three Hundred Thousand Dollars (\$300,000) to account for potential losses related to the Mortgage Loan Purchase and Sale Agreements dated October 31, 2005 and December 16, 2005.

On the Effective Date, First Bancshares shall deposit into an escrow account cash in the amount of the Consideration Deductions (the Escrow Fund) in accordance with the terms of the escrow agreement which is attached to the Merger Agreement as Exhibit E (Escrow Agreement). A distribution to the holders of FNB Wiggins Common Stock (other than holders of dissenting shares) of certain portions of the Escrow Fund remaining after the payment of any Actual Loss (as defined in the Escrow Agreement) shall be made in accordance with the methods stated in the Escrow Agreement and upon the occurrence of each of the following events: (a) the date of the execution of a settlement and release or the entering of a final judgment with regards to any amounts owed by FNB Wiggins to Brasfield Technology, LLC, for termination fees related to the termination of the data processing agreement between FNB Wiggins and Brasfield Technology, LLC; (b) the date of the execution of a settlement and release or the entering of a final judgment with regards to the suit brought by Richton Bank & Trust Company against FNB Wiggins for breach of the Richton Letter of Intent (See Summary Recent Developments); and (3) December 16, 2006, with regards to any amounts paid according to that certain Mortgage Loan Purchase and Sale Agreements whereby FNB Wiggins sold certain assets with recourse to SNGC, LLC. Notwithstanding the foregoing, on May 19, 2009, or upon the earlier termination of the Escrow Agreement, whichever occurs first, the balance remaining in the Escrow Fund shall be distributed to the holders of FNB Wiggins Common Stock (other than holders of dissenting shares) in accordance with the terms of the Escrow Agreement.

FNB Wiggins shareholders who perfect dissenters rights will be deemed to have elected to receive cash in the amount of the appraised value of such FNB Wiggins shares in accordance with Sections 215 and 215a of Title 12 of the United States Code. FNB Wiggins shareholders considering whether to perfect dissenters rights should read carefully the section of the attached Proxy Statement/Prospectus discussing dissenters rights, as well as the copy of Sections 215 and 215a of Title 12 of the United States Code attached thereto as an Exhibit. Specific steps must be taken to perfect statutory dissenters rights.

After careful consideration, the Merger Agreement has been unanimously approved by your Board of Directors. The Board believes the Merger is in the best interests of FNB Wiggins and its shareholders and unanimously recommends that you vote for approval of the Merger Agreement. The reasons for such recommendation are set forth in the accompanying Proxy Statement/Prospectus. Furthermore, FNB Wiggins financial advisor, Southard Financial, has issued its opinion to the effect that, as of the date of such opinion and based upon the considerations described therein, the consideration to be received by the holders of FNB Wiggins Common Stock pursuant to the Merger is fair, from a financial point of view, to such shareholders.

The Merger presents an opportunity for holders of FNB Wiggins Common Stock to join in a combined enterprise with greater financial resources and a more geographically diversified business. As a result of the proposed Merger, you, as a shareholder of First Bancshares, will own common stock in a bank holding company whose shares are actively traded on NASDAQ which provides you with greater liquidity.

We urge you to read the enclosed materials carefully so that you can evaluate the Merger for yourself. The affirmative vote of the holders of two-thirds (2/3) of the outstanding shares of FNB Wiggins Common Stock is required to approve the Merger. Accordingly, the Board is hereby soliciting the necessary approval of FNB Wiggins shareholders in order to effectuate the Merger.

In the material accompanying this letter, you will find a Notice of Special Meeting of Shareholders, a Prospectus/Proxy Statement (the Proxy Statement) relating to the actions to be taken by FNB Wiggins shareholders at the Meeting, and a form of proxy. The Proxy Statement more fully describes the proposed Merger and includes information about FNB Wiggins, First Bancshares, and The First.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

All shareholders are invited to attend the Meeting in person. However, in order to ensure that your shares will be represented at the Meeting, your Board of Directors urges that you sign, date and return the enclosed form of proxy promptly in the enclosed self addressed, stamped envelope, whether or not you plan to attend the Meeting. The prompt return of your signed proxy, regardless of the number of shares you hold, will assist FNB Wiggins in reducing the expense of additional proxy solicitation. Your proxy may be revoked at any time prior to the vote at the Meeting by notice to the Secretary of FNB Wiggins or by execution and delivery of a later dated proxy. If you attend the Meeting you may, if you wish, revoke your proxy and vote in person on all matters brought before the Meeting. A returned proxy which has been signed but which does not indicate how the proxy is to be voted (whether on one or more of the proposals) will be voted FOR the proposal for which there is no voting indication.

Very truly yours,
H. F. Campbell, Chairman of the Board

QUESTIONS AND ANSWERS

This section highlights selected information from this document. It does not contain all of the information that is important to you. You should carefully read this entire document and the documents to which we refer in order to fully understand the merger and to obtain a more complete description of the legal aspects of the Merger. This section also includes certain page references that direct you to more complete descriptions of the topics discussed.

Q(1): Why is FNB Wiggins merging with The First?

A: FNB Wiggins's Board has approved the Merger with The First based upon: (1) its assessment of the financial condition and prospects of FNB Wiggins in particular; (2) the provisions of the Merger Order, which is discussed in further detail in the following sections of this Prospectus Supplement; and (3) the competitive and regulatory environment for financial institutions. First, A National Banking Association, is a nationally chartered bank which operates offices in Mississippi. Its parent company, First Bancshares, whose common stock is traded on the New York Stock Exchange under the symbol FBMS, is a Mississippi corporation that is also registered as a company. The Merger will enable FNB Wiggins shareholders to hold stock in First Bancshares, a more diversified entity whose shares are more widely held and more actively traded. The Merger will also enable us to better serve our customers with more products and services. To review the financial statements and reasons for the Merger see page 19.

In recommending approval of the Merger, we also considered the opinion of our financial advisor, Southard Financial that as of the date of its opinion, the exchange ratio was fair from the point of view to FNB Wiggins's shareholders. We have attached this opinion as Exhibit B to this Prospectus Supplement. You should read it carefully.

A copy of the Merger Agreement is attached to this document as Appendix A. We encourage you to read the Merger Agreement. It is the legal document that governs the Merger.

Q(2): As a FNB Wiggins shareholder, what will I receive in the Merger?

A: You will have the right to receive \$87.50 per share in cash ("Cash Element") and 4.605 shares of First Bancshares Common Stock ("Stock Element"), in exchange for each share of FNB Wiggins Common Stock you own, representing approximately 50% cash and 50% stock as consideration for your shares. If you own fractional shares, fractional shares will be issued, but you will be compensated with cash for the proportional value of your fractional share.

Example: If you own 100 shares of FNB Wiggins Common Stock upon completion of the Merger, you will receive \$8,750 in cash and 460.5 shares of First Bancshares Common Stock.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

the right to receive a check for \$8,750.00, as well as the equivalent of 460.5 shares of Bancshares Common Stock. Since no fractional shares are to be issued, you will receive stock and \$9.50 representing the value of the fractional .5 share.

Q(3): What are the key attributes of the First Bancshares Common Stock?

A: First Bancshares Common Stock has the voting, dividend, and liquidation rights usually a common stock. To review a more detailed description of the First Bancshares Common Stock comparison to FNB Wiggins Common Stock see "Comparative Rights of Shareholders" on page

Q(4): May a FNB Wiggins shareholder elect to receive more cash or First Bancshares Common Stock?

A: No. All FNB Wiggins shareholders will receive approximately 50% cash and 50% stock for

-1-

Q(5): What happens as the market price of First Bancshares Common Stock fluctuates?

A: The exchange ratio is based upon a formula that is not determined by the market price of Bancshares Common Stock and is not expected to change. The market value of First Bancshares Common Stock will fluctuate before and after the Merger. First Bancshares cannot predict the price will trade at any particular point in time.

Q(6): When do you expect the merger to be completed?

A: We hope to complete the Merger on or before September 30, 2006, following the approval of shareholders.

Q(7): What are the tax consequences of the Merger to me?

A: We expect that for U.S. federal income tax purposes, your receipt of First Bancshares Common Stock in exchange for your shares of FNB Wiggins Common Stock in the Merger generally will not cause you to recognize any gain or loss. You will, however, have to recognize gain in connection with the Merger if you received or if you exercise dissenters' appraisal rights under the National Bank Act.

We provide a more detailed review of the U.S. federal income tax consequences of the Merger in Exhibit B of this document.

Q(8): As a FNB Wiggins shareholder, do I have to accept the First Bancshares Common Stock and consideration of \$87.50 per share in exchange for my shares if the Merger is approved?

A: If you follow the procedures prescribed by the National Bank Act, you may dissent from the Merger and have the fair value of your stock determined according to those procedures. If you follow the dissent procedures, you will not receive First Bancshares Common Stock. The fair value of your shares of Common Stock, determined in the manner prescribed by the National Bank Act, will be paid to you.

For a more complete description of these dissenters' rights, see page 33 of this document as well as Exhibit C, which provides the text of the National Bank Act that governs dissenters' rights.

Q(9): What do I need to do now?

A: Just indicate on your proxy card how you want to vote, and sign and mail the proxy card in the enclosed return envelope as soon as possible so that your shares may be represented at the meeting. If you sign and send in your proxy but don't indicate how you want to vote, your proxy will vote in favor of the Merger. If you don't return your proxy card or you abstain, the effect will be to vote against the Merger.

The meeting will take place on September 21, 2006. You are invited to the meeting to vote in person rather than signing and mailing your proxy card. If you do sign your proxy card,

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

back your proxy until and including the date of the meeting and either change your vote at the meeting and vote in person. We provide more detailed instructions about voting on page 11.

The Board of Directors of FNB Wiggins unanimously recommends voting in favor of the proposal.

Q(10): Should I send in my stock certificates now?

A: No. No one should send their stock certificates in now. After the Merger is completed, Bancshares will send you written instructions on how to exchange your FNB Wiggins Common Stock for Bancshares Common Stock.

-2-

Q(11): Who can help answer my questions?

A: If you have more questions about the Merger you should contact Benny Bell or Buddy Lewis at the National Bank of Wiggins, 124 Border Avenue, Wiggins, Mississippi 39577, Telephone (601) 768-1234.

SUMMARY

The following is a brief summary of certain information contained elsewhere in this Proxy Statement/Prospectus and the documents incorporated herein by reference. This summary is necessarily incomplete and is subject to and qualified in its entirety by reference to the more detailed information and financial statements contained elsewhere in this Proxy Statement/Prospectus, including the Exhibits and the documents incorporated in this Proxy Statement/Prospectus by reference. Certain capitalized terms used in this summary are defined elsewhere in this Proxy Statement/Prospectus.

Purpose of the Meeting

The purpose of the Meeting (as defined below) is to consider and vote upon a proposal to approve an Agreement and Plan of Merger, dated May 19, 2006 (the Merger Agreement), by and among The First Bancshares, Inc., a Mississippi corporation and registered bank holding company (First Bancshares), and its wholly-owned subsidiary, The First, a National Banking Association, a national banking association organized under the laws of the United States (The First), on the one hand, and First National Bank of Wiggins, a national banking association organized under the laws of the United States (FNB Wiggins), on the other hand, pursuant to which, among other things, (a) FNB Wiggins will be merged with and into The First (the Merger), and (b) on the effective date of the Merger (the Effective Date), each outstanding share of FNB Wiggins common stock, \$10.00 par value per share (FNB Wiggins Common Stock), will be converted into the right to receive cash and common stock, \$1.00 par value per share, of First Bancshares (First Bancshares Common Stock) as determined pursuant to the Merger Agreement.

Upon completion of the Merger, FNB Wiggins shareholders will receive in the aggregate cash and shares of First Bancshares Common Stock having a combined value of approximately \$4,152,400 (Merger Consideration). This approximate value is based upon the terms of the Merger Agreement, which states that FNB Wiggins shareholders will receive approximately \$175.00 in value (in the form of cash and/or First Bancshares Common Stock as described below) for each share of FNB Wiggins Common Stock they own. For purposes of the Merger Consideration, the Merger Agreement states that First Bancshares Common Stock will be valued at \$19.00. Shares of First Bancshares Common Stock traded on the NASDAQ stock market for prices ranging from \$21.09 to \$_____ between the date of the Merger Agreement and the day prior to the date of this letter. Therefore, should the shares of First Bancshares Common Stock have a value on the Effective Date of the Merger that equals its trading price on the day prior to the date of this letter, the actual value of the consideration received by FNB Wiggins shareholders as a result of the Merger would be \$_____. However, no assurance can be given as to the market price of First Bancshares Common Stock on the Effective Date.

Under the terms of the Merger Agreement, FNB Wiggins shareholders will be entitled to receive the Merger Consideration, consisting of \$87.50 per share in cash (Cash Element) and 4.605 shares of First Bancshares Common Stock (Stock Element), in exchange for each share of FNB Wiggins Common Stock owned by them, representing approximately 50% cash and 50% stock as consideration for their shares.

As a result of the Bank Merger and subject to certain limitations provided for in the Merger Agreement, shares of FNB Wiggins Common Stock issued and outstanding immediately prior to the Effective Date, other than dissenting shares, shall by virtue of the Bank Merger be converted into and represent the right to receive the Stock Element, the cash payable in lieu of fractional shares, and the Cash Element less a pro rata share

of Seven Hundred and Eighty Thousand Dollars (\$780,000) in Consideration Deductions (which represents \$32.873 per share of outstanding FNB Wiggins Common Stock), which are defined as follows: (i) Two Hundred and Eighty Thousand Dollars (\$280,000) which represents a maximum of 50% of the cost of cancellation of FNB Wiggins data processing contract with Brasfield Technology, LLC; (ii) Two Hundred Thousand Dollars (\$200,000) which represents a potential payment under that certain Confidential Term Sheet between FNB Wiggins and Richton Bank & Trust Company dated January 20, 2006 and discussed in further detail below (Richton Letter of Intent); and (iii) Three Hundred Thousand Dollars (\$300,000) to account for potential losses related to the Mortgage Loan Purchase and Sale Agreements dated October 31, 2005 and December 16, 2005.

-4-

On the Effective Date, First Bancshares shall deposit into an escrow account cash in the amount of the Consideration Deductions (the Escrow Fund) in accordance with the terms of the escrow agreement which is attached to the Merger Agreement as Exhibit E (Escrow Agreement). A distribution to the holders of FNB Wiggins Common Stock (other than holders of dissenting shares) of certain portions of the Escrow Fund remaining after the payment of any Actual Loss (as defined in the Escrow Agreement) shall be made in accordance with the methods stated in the Escrow Agreement and upon the occurrence of each of the following events: (a) the date of the execution of a settlement and release or the entering of a final judgment with regards to any amounts owed by FNB Wiggins to Brasfield Technology, LLC, for termination fees related to the termination of the data processing agreement between FNB Wiggins and Brasfield Technology, LLC; (b) the date of the execution of a settlement and release or the entering of a final judgment with regards to the suit brought by Richton Bank & Trust Company against FNB Wiggins for breach of the Richton Letter of Intent (See Summary Recent Developments); and (3) December 16, 2006, with regards to any amounts paid according to that certain Mortgage Loan Purchase and Sale Agreements whereby FNB Wiggins sold certain assets with recourse to SNGC, LLC. Notwithstanding the foregoing, on May 19, 2009, or upon the earlier termination of the Escrow Agreement, whichever occurs first, the balance remaining in the Escrow Fund shall be distributed to the holders of FNB Wiggins Common Stock (other than holders of dissenting shares) in accordance with the terms of the Escrow Agreement.

As a result of the Merger, the business and properties of FNB Wiggins will become the business and properties of First Bancshares, and holders of FNB Wiggins Common Stock will become shareholders of First Bancshares, except for any such holders who perfect dissenters rights. Page 12 of this Proxy Statement/Prospectus contains a table that illustrates the number of shares of First Bancshares Common Stock to be received based on the value of \$19.00 for each share of First Bancshares Common Stock as stated in the Merger Agreement.

Date, Time and Place of the Meeting; Record Date

A Special Meeting of Shareholders (the Meeting) of FNB Wiggins will be held on September 21, 2006, at 5:00 p.m. at 124 Border Avenue, Wiggins, Mississippi. The Board of Directors of FNB Wiggins has fixed the close of business on August 1, 2006, as the record date (the Record Date) for determining holders of outstanding shares of FNB Wiggins Common Stock entitled to notice of and to vote at the Meeting. See Introduction General and Introduction Record Date; Voting Rights; Proxies.

As of the Record Date, the executive officers and directors of FNB Wiggins as a group had the power to vote approximately 11,220 shares of FNB Wiggins Common Stock, representing approximately 47% of the outstanding shares.

Recommendation of the Boards of Directors; Reasons for the Merger

THE BOARD OF DIRECTORS OF FNB WIGGINS (THE FNB WIGGINS BOARD) BELIEVES THE MERGER IS FAIR TO AND IN THE BEST INTERESTS OF FNB WIGGINS AND ITS SHAREHOLDERS AND RECOMMENDS THAT HOLDERS OF FNB WIGGINS COMMON STOCK VOTE **FOR** APPROVAL OF THE MERGER AGREEMENT. See The Merger Background of and Reasons for the Merger FNB Wiggins. For information on the interests of certain officers and directors of FNB Wiggins in the Merger, see The Merger Interests of Certain Persons in the Merger.

In recommending approval of the Merger Agreement to the holders of FNB Wiggins Common Stock, the FNB Wiggins Board considered, among other factors, the terms of the Consent Order with the Office of the Comptroller of the Currency (OCC), the enhanced opportunities for operating efficiencies and growth, the additional products which would be available to customers of FNB Wiggins, and the additional liquidity First Bancshares Common Stock would provide for FNB Wiggins shareholders. See The Merger Background of and Reasons for the Merger FNB Wiggins.

In addition, the FNB Wiggins Board has received the opinion of Southard Financial (Southard) that the consideration payable under the Merger Agreement is fair from a financial point of view to the holders of FNB Wiggins Common Stock. The opinion of Southard is attached as Exhibit B and should be read in its entirety. See The Merger Opinion of Financial Advisor.

The Board of Directors of The First has approved the Merger Agreement because it believes that the Merger will enhance The First's earnings capacity by enabling it to deliver products and provide services to a larger geographic customer base, and that the combination of The First and FNB Wiggins can take advantage of increased overall efficiencies and economies of scale. See The Merger Reasons for the Merger First Bancshares.

Opinion of Financial Advisor

Southard, FNB Wiggins' financial advisor, has rendered its opinion that the Merger Consideration to be received by the holders of FNB Wiggins Common Stock pursuant to the Merger Agreement, when taken as a whole, is fair to FNB Wiggins and its shareholders from a financial point of view. The opinion of Southard is attached hereto as Exhibit B and should be read in its entirety with respect to the assumptions made therein and other matters considered. See The Merger Opinion of Financial Advisor for further information regarding, among other things, the selection of Southard and its compensation arrangement in connection with the Merger Agreement.

Risk Factors

Making or continuing an investment in securities, including First Bancshares' Common Stock, involves certain risks that you should carefully consider. The risks and uncertainties described below are not the only risks that may have a material adverse effect on First Bancshares. Additional risks and uncertainties also could adversely affect First Bancshares' business and results of operations. If any of the following risks actually occur, First Bancshares' business, financial condition or results of operations could be affected, the market price for your securities could decline, and you could lose all or a part of your investment. Further, to the extent that any of the information contained in this Proxy Statement/Prospectus constitutes forward-looking statements, the risk factors set forth below also are cautionary statements identifying important factors that could cause First Bancshares' actual results to differ materially from those expressed in any forward-looking statements made by or on behalf of First Bancshares.

First Bancshares may be vulnerable to certain sectors of the economy.

A portion of First Bancshares' loan portfolio is secured by real estate. If the economy deteriorated and depressed real estate values beyond a certain point, that collateral value of the portfolio and the revenue stream from those loans could come under stress and possibly require

additional loan loss accruals. First Bancshares' ability to dispose of foreclosed real estate at prices above the respective carrying values could also be impinged, causing additional losses.

General economic conditions in the areas where First Bancshares' operations or loans are concentrated may adversely affect our customers' ability to meet their obligations.

A sudden or severe downturn in the economy in the geographic markets served by First Bancshares in the state of Mississippi may affect the ability of First Bancshares' customers to meet loan payments obligations on a timely basis. The local economic conditions in these areas have a significant impact on First Bancshares' commercial, real estate, and construction loans, the ability of borrowers to repay these loans and the value of the collateral securing such loans. Changes resulting in adverse economic conditions of First Bancshares' market areas could negatively impact the financial results of First Bancshares' banking operations and its profitability. Additionally, adverse economic changes may cause customers to withdraw deposit balances, thereby causing a strain on First Bancshares' liquidity.

First Bancshares is subject to a risk of rapid and significant changes in market interest rates.

First Bancshares' assets and liabilities are primarily monetary in nature, and as a result First Bancshares is subject to significant risks tied to changes in interest rates. First Bancshares' ability to operate profitably is largely dependent upon net interest income. Unexpected movement in interest rates markedly changing the slope of the current yield curve could cause First Bancshares' net interest margins to decrease, subsequently decreasing net interest income. In addition, such changes could adversely affect the valuation of First Bancshares' assets and liabilities.

At present First Bancshares' one-year interest rate sensitivity position is slightly asset sensitive, but a gradual increase in interest rates during the next twelve months should not have a significant impact on net interest income during that period. However, as with most financial institutions, First Bancshares' results of operations are affected by changes in interest rates and First Bancshares' ability to manage this risk. The difference between interest rates charged on interest-earning assets and interest rates paid on interest-bearing liabilities may be affected by changes in market interest rates, changes in relationships between interest rate indices, and/or changes in the relationships between long-term and short-term market interest rates. A change in this difference might result in an increase in interest expense relative to interest income, or a decrease in First Bancshares' interest rate spread.

Certain changes in interest rates, inflation, or the financial markets could affect demand for First Bancshares products and First Bancshares' ability to deliver products efficiently.

Loan originations, and potentially loan revenues, could be adversely impacted by sharply rising interest rates. Conversely, sharply falling rates could increase prepayments within First Bancshares' securities portfolio lowering interest earnings from those investments. An unanticipated increase in inflation could cause First Bancshares' operating costs related to salaries & benefits, technology, & supplies to increase at a faster pace than revenues.

The fair market value of First Bancshares' securities portfolio and the investment income from these securities also fluctuate depending on general economic and market conditions. In addition, actual net investment income and/or cash flows from investments that carry prepayment risk, such as mortgage-backed and other asset-backed securities, may differ from those anticipated at the time of investment as a result of interest rate fluctuations.

-7-

Changes in the policies of monetary authorities and other government action could adversely affect First Bancshares' profitability.

The results of operations of First Bancshares are affected by credit policies of monetary authorities, particularly the Federal Reserve Board. The instruments of monetary policy employed by the Federal Reserve Board include open market operations in U.S. government securities, changes in the discount rate or the federal funds rate on bank borrowings and changes in reserve requirements against bank deposits. In view of changing conditions in the national economy and in the money markets, particularly in light of the continuing threat of terrorist attacks and the current military operations in the Middle East, we cannot predict possible future changes in interest rates, deposit levels, loan demand or First Bancshares' business and earnings. Furthermore, the actions of the United States government and other governments in responding to such terrorist attacks or the military operations in the Middle East may result in currency fluctuations, exchange controls, market disruption and other adverse effects.

Natural disasters could affect First Bancshares' ability to operate

First Bancshares' market areas are susceptible to natural disasters such as hurricanes. Natural disasters can disrupt First Bancshares' operations, result in damage to properties and negatively affect the local economies in which First Bancshares operates. First Bancshares cannot predict whether or to what extent damage caused by future hurricanes will affect First Bancshares' operations or the economies in First Bancshares' market areas, but such weather events could cause a decline in loan originations, a decline in the value or destruction of properties securing the loans and an increase in the risk of delinquencies, foreclosures or loan losses.

Greater loan losses than expected may adversely affect First Bancshares' earnings.

First Bancshares as lender is exposed to the risk that its customers will be unable to repay their loans in accordance with their terms and that any collateral securing the payment of their loans may not be sufficient to assure repayment. Credit losses are inherent in the business of making loans and could have a material adverse effect on First Bancshares' operating results. First Bancshares' credit risk with respect to its real estate and construction loan portfolio will relate principally to the creditworthiness of corporations and the value of the real estate serving as security for the repayment of loans. First Bancshares' credit risk with respect to its commercial and consumer loan portfolio will relate principally to the general creditworthiness of businesses and individuals within First Bancshares' local markets.

First Bancshares makes various assumptions and judgments about the collectibility of its loan portfolio and provide an allowance for estimated loan losses based on a number of factors. First Bancshares believes that its current allowance for loan losses is adequate. However, if First Bancshares' assumptions or judgments prove to be incorrect, the allowance for loan losses may not be sufficient to cover actual loan losses. First Bancshares may have to increase its allowance in the future in response to the request of one of its primary banking regulators, to adjust for changing conditions and assumptions, or as a result of any deterioration in the quality of First Bancshares' loan portfolio. The actual amount of future provisions for loan losses cannot be determined at this time and may vary from the amounts of past provisions.

First Bancshares may need to rely on the financial markets to provide needed capital

First Bancshares' Common Stock is listed and traded on the NASDAQ stock market. Although First Bancshares anticipates that its capital resources will be adequate for the foreseeable future to meet its capital requirements, at times First Bancshares may depend on the liquidity of the NASDAQ stock market to raise equity capital. If the market should fail to operate, or if conditions in the capital markets are adverse, First Bancshares may be constrained in raising capital. First Bancshares maintains a consistent analyst following; therefore, downgrades in First Bancshares' prospects by an analyst(s) may cause First Bancshares' Common Stock price to fall and significantly limit First Bancshares' ability to access the markets for additional capital requirements. Should these risks materialize, First Bancshares' ability to further expand its operations through internal growth may be limited.

-8-

First Bancshares is subject to regulation by various Federal and State entities

First Bancshares is subject to the regulations of the Securities and Exchange Commission (SEC), the Federal Reserve Board, the Federal Deposit Insurance Corporation, and the OCC. New regulations issued by these agencies may adversely affect First Bancshares' ability to carry on its business activities. First Bancshares is subject to various Federal and state laws and certain changes in these laws and regulations may adversely affect First Bancshares' operations.

First Bancshares is also subject to the accounting rules and regulations of the SEC and the Financial Accounting Standards Board. Changes in accounting rules could adversely affect the reported financial statements or results of operations of First Bancshares and may also require extraordinary efforts or additional costs to implement. Any of these laws or regulations may be modified or changed from time to time, and First Bancshares cannot be assured that such modifications or changes will not adversely affect First Bancshares.

First Bancshares engages in acquisitions of other businesses from time to time.

On occasion, First Bancshares will engage in acquisitions of other businesses. Acquisitions may result in customer and employee turnover, thus increasing the cost of operating the new businesses. The acquired companies may also have legal contingencies, beyond those that First Bancshares is aware of, that could result in unexpected costs.

First Bancshares is subject to industry competition which may have an impact upon its success.

The profitability of First Bancshares depends on its ability to compete successfully. First Bancshares operates in a highly competitive financial services environment. Certain competitors are larger and may have more resources than First Bancshares does. First Bancshares faces competition in its regional market areas from other commercial banks, savings and loan associations, credit unions, internet banks, finance companies, mutual funds, insurance companies, brokerage and investment banking firms, and other financial intermediaries that offer similar

services. Some of First Bancshares' nonbank competitors are not subject to the same extensive regulations that govern First Bancshares or the Bank and may have greater flexibility in competing for business.

Another competitive factor is that the financial services market, including banking services, is undergoing rapid changes with frequent introductions of new technology-driven products and services. First Bancshares' future success may depend, in part, on its ability to use technology competitively to provide products and services that provide convenience to customers and create additional efficiencies in First Bancshares' operations.

Future issuances of additional securities could result in dilution of shareholders' ownership.

First Bancshares may determine from time to time to issue additional securities to raise additional capital, support growth, or to make acquisitions. Further, First Bancshares may issue stock options or other stock grants to retain and motivate First Bancshares' employees. Such issuances of Company securities will dilute the ownership interests of First Bancshares' shareholders.

Anti-takeover laws and certain agreements and charter provisions may adversely affect share value.

Certain provisions of state and federal law and First Bancshares' articles of incorporation may make it more difficult for someone to acquire control of First Bancshares. Under federal law, subject to certain exemptions, a person, entity, or group must notify the federal banking agencies before acquiring 10% or more of the outstanding voting stock of a bank holding company, including First Bancshares' shares. Banking agencies review the acquisition to determine if it will result in a change of control. The banking agencies have 60 days to act on the notice, and take into account several factors, including the resources of the acquirer and the antitrust effects of the acquisition. There also are Mississippi statutory provisions and provisions in First Bancshares' articles of incorporation that may be used to delay or block a takeover attempt. As a result, these statutory provisions and provisions in First Bancshares' articles of incorporation could result in First Bancshares being less attractive to a potential acquirer.

-9-

Securities issued by First Bancshares, including First Bancshares' Common Stock, are not FDIC insured.

Securities issued by First Bancshares, including First Bancshares' Common Stock, are not savings or deposit accounts or other obligations of any bank and are not insured by the FDIC, the Deposit Insurance Fund, or any other governmental agency or instrumentality, or any private insurer, and are subject to investment risk, including the possible loss of principal.

Regulatory Approvals

It is a condition to the consummation of the Merger that all required regulatory approvals be obtained. The only required regulatory approval is the approval of the OCC. See *The Merger* Regulatory Approvals.

Other Conditions to Consummation of the Merger

In addition to regulatory approvals and the approval of the Merger Agreement by the requisite vote of the holders of FNB Wiggins Common Stock, which conditions may not be waived, the respective obligations of each party under the Merger Agreement are subject, among other conditions, to: (1) the receipt of an opinion of Watkins Ludlam Winter & Stennis, P.A., that the transactions contemplated by the Merger Agreement will be treated for federal income tax purposes as a tax-free reorganization under Section 368 of the Internal Revenue Code of 1986, as amended (the Code), with respect to the Stock Element provided to the holders of FNB Wiggins Common Stock as part of the Merger Consideration, which condition may not be waived; and (2) the absence of a material adverse change in the financial condition, results of operations or business of the other party's consolidated group which condition may be waived. See *The Merger* Other Conditions to the Merger and *The Merger* Certain Federal Income Tax Consequences for additional information concerning the conditions to consummation of the Merger.

Exchange of FNB Wiggins' Certificates; No Fractional Shares

As soon as practicable after the Effective Date, The First (the Exchange Agent) will mail to each holder of record of FNB Wiggins Common Stock, a letter of transmittal and instructions for use in effecting the surrender of the certificates which, immediately prior to the Effective Date, represented issued and outstanding shares of FNB Wiggins Common Stock in exchange for cash and certificates representing First Bancshares Common Stock. See *The Merger* Exchange of FNB Wiggins Certificates. Cash will also be paid in lieu of any fractional shares of First Bancshares Common Stock. See *The Merger* Structure and Terms of the Merger. **Certificates representing FNB Wiggins Common Stock**

should not be surrendered until the letter of transmittal is received.

Effective Date

If the Merger Agreement is approved by the requisite vote of the holders of FNB Wiggins Common Stock, the Merger is approved by all required regulatory agencies, and the other conditions to the Merger are satisfied or waived (where permissible), the Merger will become effective at the date agreed to by FNB Wiggins and The First (the Effective Date) which will be explicitly stated in the Certificate of Merger filed with the OCC. It is expected that the Effective Date will occur on or before September 30, 2006; however, there can be no assurance that the conditions to the Merger will be satisfied or waived so that the Merger can be consummated. See The Merger Effective Date and The Merger Other Conditions to the Merger.

Interests of Certain Persons in the Merger

Certain members of FNB Wiggins management and Board of Directors have interests in the Merger in addition to their interests as shareholders of FNB Wiggins generally. Those interests include, among others, provisions in the Merger Agreement that: (1) allow FNB Wiggins to purchase Tail Insurance which will provide post Closing coverage for errors and omissions similar to that provided by the directors and officers errors and omissions insurance policy presently carried by FNB Wiggins; (2) require The First to reimburse any person that is defined as an insured under the current directors and officers errors and omissions insurance policy and insured under the Tail Insurance policy for any expenditures classified as retention or deductible amounts under the policy that are incurred by the insured as a result of any errors or omissions covered by the Tail Insurance; and (3) grant to some of them the eligibility to participate in certain employee benefit plans of The First. The executive officers and directors of FNB Wiggins will also receive cash and shares of First Bancshares Common Stock in the Merger with an aggregate value of \$2,221,275.00, based on the price of \$19.00 for each share of First Bancshares Common Stock. See The Merger Interests of Certain Persons in the Merger and Security Ownership of Principal Shareholders and Management.

-10-

Termination

Among other reasons, the Merger Agreement may be terminated at any time prior to the Effective Date (i) in the event the Merger Agreement is not approved by the OCC or shareholders of FNB Wiggins at the Meeting, (ii) if either party commits a material breach of any covenant, agreement, warranty, or representation in the Merger Agreement that is not or cannot be cured within sixty (60) days after the breaching party receives written notice of such breach, (iii) if the number of shares of FNB Wiggins Common Stock, the holders of which perfect dissenters rights, is in such numbers as would disqualify the transaction as a nontaxable reorganization under and in accordance with Sections 368(a)(1)(A) and 368(a)(2)(D) of the Code, or (iv) if the Closing has not occurred by 5:00 p.m. local time on September 30, 2006. The Merger Agreement may also be terminated by mutual consent. See The Merger Amendment; Waiver; Termination.

Certain Federal Income Tax Consequences

Consummation of the Merger is conditioned upon receipt by each of the parties to the Merger Agreement of an opinion of Watkins Ludlam Winter & Stennis, P.A. that the Merger will be treated, for federal income tax purposes, as a tax-free reorganization, with the result that no gain or loss will be recognized by FNB Wiggins or by holders of FNB Wiggins Common Stock who exchange their FNB Wiggins Common Stock for First Bancshares Common Stock pursuant to the Merger, except with respect to cash received. FNB Wiggins shareholders who exercise dissenters rights and receive all cash for their shares will have gain or loss for federal income tax purposes. FNB Wiggins shareholders are urged to consult their own tax advisors as to the specific tax consequences to them of the Merger. See The Merger Certain Federal Income Tax Consequences.

Dissenters' Rights

Under the National Bank Act, holders of FNB Wiggins Common Stock who vote against the Merger and who deliver to FNB Wiggins the required written demand and who otherwise comply with the requirements of the National Bank Act will be entitled to receive the value of their shares in cash as determined under the provisions of the National Bank Act. **Such right will be lost, however, if the procedural requirements of the National Bank Act are not fully and precisely satisfied.** See Dissenters Rights and Exhibit C hereto.

Resales of First Bancshares Common Stock

The shares of First Bancshares Common Stock to be issued to the holders of FNB Wiggins Common Stock pursuant to the Merger Agreement have been registered under the Securities Act pursuant to a Registration Statement on Form S-4, of which this Proxy Statement/Prospectus is a

part, thereby allowing such shares to be freely transferred without restriction by persons who will not be affiliates of First Bancshares or who were not affiliates of FNB Wiggins within the meaning of Rule 145 under the Securities Act. In general, affiliates of FNB Wiggins include its executive officers and directors and any person who controls, is controlled by or is under common control with FNB Wiggins. For the purposes of Rule 145, any shareholder who owns ten percent (10%) or more of the voting stock of a company is presumptively deemed to have control. However, the amount of voting stock owned by a shareholder is not the only factor considered when deciding who has control over a company, and a person may or may not be deemed to have control regardless of how much voting stock they own if other factors apply. Holders of FNB Wiggins Common Stock who are affiliates of FNB Wiggins will not be able to resell the First Bancshares Common Stock received by them in the Merger unless the First Bancshares Common Stock is registered for resale under the Securities Act, is sold in compliance with Rule 145 under the Securities Act or is sold in compliance with another exemption from the registration requirements of the Securities Act. See The Merger Resales of First Bancshares Common Stock.

Recent Developments

On May 24, 2006, Centon Bancorp, Inc., a Mississippi corporation and registered bank holding company located in Richton, Mississippi (Centon), along with its wholly-owned subsidiary, Richton Bank & Trust Company, a Mississippi banking corporation whose main office is located in Richton, Mississippi (RB&T), filed suit against FNB Wiggins in the Circuit Court of Stone County for the following causes of action: (1) the breach of a Confidential Term Sheet executed by RB&T and FNB Wiggins whereby both expressed an intent for RB&T to purchase and assume certain assets and liabilities of FNB Wiggins pursuant to a definitive agreement that was contemplated by the Confidential Term Sheet but was never completed; (2) the breach of an implied covenant of good faith and fair dealing with regards to its failure to abide by the Confidential Term Sheet; and (3) the tortious breach of the Confidential Term Sheet due to its alleged and willful disregard of its contractual obligations to RB&T. RB&T also claimed the right to recover the following damages as a result of the alleged causes of action: (1) \$200,000 of liquidated damages as specified in the Confidential Term Sheet; (2) punitive damages for the tortious breach of the Confidential Term Sheet; (3) attorneys' fees in an amount to be determined at trial; and (4) such other relief as the Court deems proper.

On June 16, 2006, FNB Wiggins, through its attorneys Tadd and Jack Parsons, filed an answer to RB&T's complaint, asserting the following defenses: (1) that Centon and RB&T have failed to state a claim for which relief can be granted; (2) that FNB Wiggins did not violate the Confidential Term Sheet; (3) that the punitive damage request violates the Fourteenth Amendment of the United States Constitution; and (4) that the request for attorney's fees should be dismissed. FNB Wiggins asked for the lawsuit to be dismissed and also made a motion to join Holloway & Associates, consultants to Centon and RB&T, to the lawsuit as a third party defendant. The FNB Wiggins Board believes the suit is without merit; however, this should not be construed as a guaranty that FNB Wiggins will not be assigned fault by the court.

For more information on the Confidential Term Sheet that is the subject of the suit, see The Merger Background of the Merger.

At the Meeting, shareholders will consider and vote upon a proposal to approve the Merger Agreement, by and among First Bancshares, The First, and FNB Wiggins pursuant to which FNB Wiggins will merge with and into The First and each share of FNB Wiggins Common Stock issued and outstanding immediately prior to the Effective Date of the Merger (except Dissenting Shares, as hereinafter defined) will be converted into the right to receive and be exchangeable for cash and shares of First Bancshares Common Stock pursuant to the Merger Agreement. As a result of the Merger, the holders of FNB Wiggins Common Stock (other than holders of Dissenting Shares) will become shareholders of First Bancshares.

This Proxy Statement/Prospectus constitutes a Proxy Statement of FNB Wiggins with respect to the Meeting and a Prospectus of First Bancshares with respect to the shares of First Bancshares Common Stock to be issued in connection with the Merger. The information in this Proxy Statement/Prospectus concerning First Bancshares and its subsidiaries and FNB Wiggins has been furnished by each of such entities, respectively.

The principal executive offices of First Bancshares and The First are located at 6480 Highway 98 West, Hattiesburg, Mississippi 39402, and their telephone number is (601) 268-8998. The principal executive office of FNB Wiggins is located at 124 Border Avenue, Wiggins, Mississippi, and its telephone number is (601) 928-5241.

This Proxy Statement/Prospectus is first being mailed to holders of FNB Wiggins Common Stock on or about September 6, 2006.

Record Date; Voting Rights; Proxies

The FNB Wiggins Board has fixed the close of business on August 1, 2006 as the Record Date for determining holders of outstanding shares of FNB Wiggins Common Stock entitled to notice of and to vote at the Meeting. Only holders of FNB Wiggins Common Stock of record on the

books of FNB Wiggins at the close of business on the Record Date are entitled to vote at the Meeting or at any adjournment thereof. As of the Record Date, there were 23,728 shares of FNB Wiggins Common Stock issued and outstanding, each of which is entitled to one vote. The approval of the Merger Agreement by shareholders, in person or by proxy, holding two-thirds (2/3) of the total voting power of FNB Wiggins is necessary for the Merger to become effective. Shares of FNB Wiggins Common Stock represented by properly executed proxies will be voted in accordance with the instructions indicated on the proxies or, if no instructions are indicated, will be voted FOR the proposal to approve the Merger Agreement and in the discretion of the proxy holders as to any other matter which may properly come before the Meeting or any adjournment thereof, except that, with respect to shares voting against approval of the Merger Agreement, this discretionary authority will not be used to vote for adjournment of the Meeting in order to permit further solicitation of proxies. A shareholder who has given a proxy may revoke it at any time before it is voted by (a) filing with the Secretary of FNB Wiggins (i) a notice in writing revoking it, or (ii) a duly executed proxy bearing a later date, or (b) voting in person at the Meeting.

Approval of the Merger Agreement requires the approval of the holders of two-thirds (2/3) of the outstanding shares of FNB Wiggins Common Stock. An abstention by a shareholder present at the Meeting in person or by proxy, a failure to return a properly executed proxy, or a broker submitting a proxy without exercising discretionary authority with respect to approval of the Merger Agreement will have the same effect as a vote against the Merger Agreement. As of the Record Date, the executive officers and directors of FNB Wiggins as a group had the power to vote approximately 11,220 shares of FNB Wiggins Common Stock, representing approximately 47% of the outstanding shares, all of which are expected to be voted in favor of approval of the Merger Agreement.

First Bancshares shareholders are not required to approve the Merger Agreement or the issuance of shares of First Bancshares Common Stock. However, The Board of Directors of First Bancshares is required to approve the issuance of shares of First Bancshares Common Stock. Additionally, the Merger Agreement must be approved by the Board of Directors of The First and by First Bancshares as sole shareholder of The First.

-16-

FNB Wiggins will bear the costs of soliciting proxies from its shareholders. In addition to the use of the mail, proxies may be solicited by the directors, officers and employees of FNB Wiggins in person, or by telephone, telecopier or telegram. Such directors, officers and employees will not be additionally compensated for such solicitation but may be reimbursed for out-of-pocket expenses incurred in connection therewith. Arrangements will also be made with custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of FNB Wiggins Common Stock held of record by such persons, and FNB Wiggins may reimburse such custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred in connection therewith.

THE MERGER

General

The Merger Agreement provides that, subject to the satisfaction or waiver (where permissible) of certain conditions, including, among other things, the receipt of all necessary regulatory approvals, the expiration of all related waiting periods and the approval of the holders of FNB Wiggins Common Stock, FNB Wiggins will be merged with and into The First. As a result of the Merger, the separate corporate existence of FNB Wiggins will cease and the holders of FNB Wiggins Common Stock (other than shares owned by shareholders who, pursuant to the National Bank Act, perfect any right to receive the fair value of such shares (Dissenting Shares)) will become shareholders of First Bancshares. The date on which the Merger will be consummated is herein referred to as the Effective Date. See The Merger Effective Date.

Upon completion of the Merger, FNB Wiggins shareholders will receive in the aggregate cash and shares of First Bancshares Common Stock having a combined value of approximately \$4,152,400 (Merger Consideration). This approximate value is based upon the terms of the Merger Agreement, which states that FNB Wiggins shareholders will receive approximately \$175.00 in value (in the form of cash and/or First Bancshares Common Stock as described below) for each share of FNB Wiggins Common Stock they own. For purposes of the Merger Consideration, the Merger Agreement states that First Bancshares Common Stock will be valued at \$19.00. Shares of First Bancshares Common

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

Stock traded on the NASDAQ stock market for prices ranging from \$21.09 to \$_____ between the date of the Merger Agreement and the day prior to the date of this letter. Therefore, should the shares of First Bancshares Common Stock have a value on the Effective Date of the Merger that equals its trading price on the day prior to the date of this letter, the actual value of the consideration received by FNB Wiggins shareholders as a result of the Merger would be \$_____. However, no assurance can be given as to the market price of First Bancshares Common Stock on the Effective Date.

Under the terms of the Merger Agreement, FNB Wiggins shareholders will be entitled to receive the Merger Consideration, consisting of \$87.50 per share in cash (Cash Element) and 4.605 shares of First Bancshares Common Stock (Stock Element), in exchange for each share of FNB Wiggins Common Stock owned by them, representing approximately 50% cash and 50% stock as consideration for their shares.

-17-

As a result of the Merger and subject to certain limitations provided for the Merger Agreement, shares of FNB Wiggins Common Stock issued and outstanding immediately prior to the Effective Date, other than Dissenting Shares, shall by virtue of the Merger be converted into and represent the right to receive the Stock Element, the cash payable in lieu of fractional shares, and the Cash Element less a pro rata share of Seven Hundred and Eighty Thousand Dollars (\$780,000) in Consideration Deductions (which represents \$32.873 per share of outstanding FNB Wiggins Common Stock), which are defined as follows: (i) Two Hundred and Eighty Thousand Dollars (\$280,000) which represents a maximum of 50% of the cost of cancellation of FNB Wiggins data processing contract with Brasfield Technology, LLC; (ii) Two Hundred Thousand Dollars (\$200,000) which represents a potential payment under that certain Confidential Term Sheet between FNB Wiggins and Richton Bank & Trust Company dated January 20, 2006 and discussed in further detail below (Richton Letter of Intent); and (iii) Three Hundred Thousand Dollars (\$300,000) to account for potential losses related to the Mortgage Loan Purchase and Sale Agreements dated October 31, 2005 and December 16, 2005.

On the Effective Date, First Bancshares shall deposit into an escrow account cash in the amount of the Consideration Deductions (the Escrow Fund) in accordance with the terms of the escrow agreement which is attached to the Merger Agreement as Exhibit E (Escrow Agreement). A distribution to the holders of FNB Wiggins Common Stock (other than holders of dissenting shares) of certain portions of the Escrow Fund remaining after the payment of any Actual Loss (as defined in the Escrow Agreement) shall be made in accordance with the methods stated in the Escrow Agreement and upon the occurrence of each of the following events: (a) the date of the execution of a settlement and release or the entering of a final judgment with regards to any amounts owed by FNB Wiggins to Brasfield Technology, LLC, for termination fees related to the termination of the data processing agreement between FNB Wiggins and Brasfield Technology, LLC; (b) the date of the execution of a settlement and release or the entering of a final judgment with regards to the suit brought by Richton Bank & Trust Company against FNB Wiggins for breach of the Richton Letter of Intent (See Summary Recent Developments); and (3) December 16, 2006, with regards to any amounts paid according to that certain Mortgage Loan Purchase and Sale Agreements whereby FNB Wiggins sold certain assets with recourse to SNGC, LLC. Notwithstanding the foregoing, on May 19, 2009, or upon the earlier termination of the Escrow Agreement, whichever occurs first, the balance remaining in the Escrow Fund shall be distributed to the holders of FNB Wiggins Common Stock (other than holders of dissenting shares) in accordance with the terms of the Escrow Agreement.

The Merger Consideration is illustrated by the table below, which shows the price assigned to shares of First Bancshares Common Stock by the Merger Agreement, the per share amounts for the two elements of the Merger Consideration, the total number of shares of First Bancshares Common Stock issuable in the Merger, the aggregate value of the Stock Element of the Merger Consideration based on the price for each share of First Bancshares Common Stock stated in the Merger Agreement, and the aggregate value of the Cash Element of the Merger Consideration paid to the holders of FNB Wiggins Common Stock as a result of the Merger. The table assumes that, immediately before the Effective Date, a total of 23,728 shares of FNB Wiggins Common Stock are outstanding.

Merger Agreement Price of First Bancshares Common Stock	Merger Consideration		Total Number of Shares of First Bancshares Common Stock Issuable	Aggregate Value of Stock Element of Merger Consideration	Aggregate Value of Cash Element of Merger Consideration
	Cash Element Per Share	Stock Element Per Share			
\$19.00	\$87.50*	4.605**	109,274	\$2,076,200**	\$

* These Amounts include all of the \$780,000.00 (\$32.873 per share) of cash deposited into the Escrow Fund less the amount of the Consideration Deductions, some of which is likely to not be distributed to the FNB Wiggins Shareholders upon the termination of the Escrow Agreement.

** These Amounts are based on the value assigned to each share of First Bancshares Common Stock by the Merger Agreement, which is \$19.00.

If prior to the Effective Date the outstanding shares of First Bancshares Common Stock shall be increased, decreased, changed into or exchanged for a different number or class of shares by reason of any reclassification, recapitalization, stock split or reverse stock split, split-up or if a stock dividend thereon shall be declared with a record date within such period, or by reason of a combination or exchange of shares in a transaction in which First Bancshares is effectively acquired, or other like changes in First Bancshares' capitalization shall have occurred, then the Merger Consideration shall be adjusted accordingly.

-18-

The Merger Consideration was determined by a process of arm's length negotiations involving the managements of FNB Wiggins, The First, and First Bancshares and their respective advisors. The number of shares of First Bancshares Common Stock which will be issued upon consummation of the Merger (109,274 shares) will constitute approximately 4.40% of the shares of First Bancshares Common Stock outstanding immediately after the Effective Date. These calculations do not make any adjustment for fractional shares or Dissenting Shares and are based upon the number of shares of FNB Wiggins Common Stock and First Bancshares Common Stock outstanding on the Record Date.

No fractional shares of First Bancshares Common Stock will be issued in the Merger. Any FNB Wiggins shareholder otherwise entitled to receive a fractional share of First Bancshares Common Stock will be paid a cash amount in lieu of any such fractional share determined by multiplying (i) the Merger Agreement Price of First Bancshares Common Stock (\$19.00), by (ii) the fraction of a share of First Bancshares Common Stock to which such holder would otherwise be entitled.

Background of Business and Reasons for the Merger - FNB Wiggins

Background of the Merger.

FNB Wiggins is a national banking association organized in 1973 under the National Bank Act. The principal executive offices of FNB Wiggins are located at 124 Border Avenue, Wiggins, Mississippi 39577. FNB Wiggins has no subsidiaries.

The principal market for FNB Wiggins is Stone County, Mississippi. FNB Wiggins has historically drawn the bulk of its customers from this area. Stone County has seven (7) offices of four commercial banks and one credit union. FNB Wiggins offers traditional depository services including checking accounts, certificates of deposit, and savings accounts.

FNB Wiggins, as a national bank, is a member of the Federal Reserve System. Its deposit accounts are insured by the Deposit Insurance Fund of the Federal Deposit Insurance Corporation (FDIC) up to the maximum legal limits of the FDIC, and it is subject to regulation, supervision and regular examination by the OCC. The regulations of these various agencies govern most aspects of FNB Wiggins' business, including required reserves against deposits, loans, investments, mergers and acquisitions, borrowing, distributions and location and number of branch offices. The laws and regulations governing FNB Wiggins generally have been promulgated to protect depositors and the deposit insurance funds, and not for the purpose of protecting shareholders. As a result of an examination that commenced on December 2, 2002, FNB Wiggins, through its Board of Directors, executed a Stipulation and Consent to the Issuance of a Consent Order dated July 9, 2003. The terms of the Consent Order, which is a public document available on the website of the OCC at www.occ.treas.gov, may be summarized as follows:

Article I. The FNB Wiggins Board is to establish a compliance committee for monitoring and coordinating FNB Wiggins' adherence to the provisions of the Consent Order. The committee is to consist of not less than three directors, a majority of whom shall not be employees of FNB Wiggins. This committee is to meet at least monthly and provide written monthly reports to the FNB Wiggins Board of Directors and the OCC.

Article II. The FNB Wiggins Board is required to adopt and implement a written strategic plan covering the ensuing three years. The plan shall establish objectives for FNB Wiggins' overall risk profile, earnings performance, growth, balance sheet mix, off balance sheet activities, liability structure, capital adequacy, reduction in value of nonperforming assets, product line development and market segments that FNB Wiggins intends to promote or develop, along with strategies for achieving those objectives. Upon adoption, the plan must be approved by the OCC, and FNB Wiggins shall not deviate significantly from the plan without a written determination of supervisory non-objection from the OCC.

Article III. FNB Wiggins is to achieve and maintain Tier 1 regulatory capital equal to at least 12% of risk weighted assets and Tier 1 regulatory capital equal to 8% of total adjusted assets. In conjunction with achieving and maintaining such capital levels, the FNB Wiggins Board is to develop, implement and insure adherence to a 3-year capital plan detailing specific plans for the maintenance of capital and projections for growth and capital requirements, together with the sources of additional capital. This capital plan shall be submitted to the OCC for approval. If the OCC determines that FNB Wiggins has failed to submit an acceptable capital plan or implement an approved capital plan within stated time limits, FNB Wiggins shall develop a capital contingency plan detailing the FNB Wiggins Board's proposal to sell, merge, or liquidate FNB Wiggins, which must be immediately implemented after its approval by the OCC.

-19-

Article IV. The FNB Wiggins Board is to adopt a plan to identify and employ a new senior lending officer to be approved by the OCC.

Article V. The FNB Wiggins Board is to develop, implement and insure the adherence of FNB Wiggins to a written program to improve its loan portfolio management and to insure compliance with FNB Wiggins loan policy. In addition, FNB Wiggins is to develop a system to provide for early problem loan identification and management.

Article VI. The FNB Wiggins Board is required to secure an independent and ongoing loan review system to review at least quarterly all loans in FNB Wiggins loan and lease portfolio to assure timely identification and categorization of problem credits. The FNB Wiggins Board is also required to evaluate the loan and lease review report and ensure immediate, adequate, and remedial action is taken upon all finding noted in the report.

Article VII. The FNB Wiggins Board is to review the adequacy of FNB Wiggins reserve for loan and lease losses and shall establish a program for maintenance of the reserve in conformity with regulations of the OCC.

Article VIII. FNB Wiggins is to take immediate and continuing actions to protect its interests in problem assets identified in the Report of Examination, and the FNB Wiggins Board is to adopt, implement, and adhere to a written program to eliminate the basis of criticism of assets criticized in the Report of Examination or any other review.

Article IX. The FNB Wiggins Board is to secure current and satisfactory credit information on all loans lacking such information and to insure that proper collateral documentation is obtained and maintained on all loans.

Article X. The FNB Wiggins Board is to adopt and insure compliance with an independent internal audit program sufficient to detect irregularities in FNB Wiggins operations and internal control systems and to determine the level of compliance with applicable laws, rules and regulations as well as the policies and procedures of FNB Wiggins.

Article XI. The FNB Wiggins Board is to adopt, implement and insure adherence to a written liquidity, asset, and liability management policy. The FNB Wiggins Board is also required to review the liquidity of FNB Wiggins on a monthly basis, and ensure that FNB its asset and liability management committee meets and makes reports to the FNB Wiggins Board at least quarterly.

Article XII. The FNB Wiggins Board is to take all necessary steps to insure correction of any violation of law, rule or regulation cited in the Report of Examination.

Article XIII. The FNB Wiggins Board is required to develop Information Technology Systems (ITS) policies and operations procedures in conformity with regulations of the Federal Financial Institutions Examination Council and 12 C.F.R. Part 30, Appendix B, together with an effective and independent internal ITS audit program. The FNB Wiggins Board shall also immediately take all steps necessary to correct each ITS deficiency cited in the Report of Examination.

Article XIV. The FNB Wiggins Board is to develop a written program of policies and procedures, to be approved by the OCC, which will insure compliance with the Bank Secrecy Act and the regulations promulgated thereunder, and will include a comprehensive training program.

Article XV. The FNB Wiggins Board will insure that FNB Wiggins has a capable experienced compliance officer vested with sufficient authority to monitor and insure its compliance with all applicable laws, rules and regulations. This officer shall report directly to the FNB Wiggins Board and shall be independent of management.

-20-

Article XVI. The FNB Wiggins Board shall adopt, implement and thereafter insure adherence to a written consumer compliance program designed to insure that FNB Wiggins is operating in compliance with all applicable consumer protection laws, rules and regulations.

FNB Wiggins submitted its capital and strategic plan to the OCC on February 24, 2005. On May 7, 2005, FNB Wiggins received a letter from the OCC determining that its capital plan was not sufficient, and ordering it to sell, merge, or liquidate FNB Wiggins. On July 20, 2005, the FNB Wiggins Board voted to sell, merge, or liquidate FNB Wiggins in accordance with the Consent Order.

Capital Adequacy Guidelines Applicable to FNB Wiggins under the Consent Order

Under the terms of the Consent Order, FNB Wiggins is required to maintain certain capital requirements specific to FNB Wiggins which supersede the regular minimum requirements discussed above. Under Article III of the Consent Order, FNB Wiggins is to achieve and maintain Tier 1 regulatory capital equal to at least 12% of risk weighted assets and Tier 1 regulatory capital equal to 8% of total adjusted assets. In conjunction with achieving and maintaining such capital levels, the FNB Wiggins Board has been required to develop, implement and insure adherence to a 3-year capital plan detailing specific plans for the maintenance of capital and projections for growth and capital requirements, together with the sources of additional capital. This capital plan was previously submitted to the OCC for approval. In February, 2005 FNB Wiggins received a letter from the OCC determining that its capital and strategic plan was not sufficient, and ordering FNB Wiggins to sell, merge, or liquidate FNB Wiggins.

Potential Sale Transactions

The Bank has been directed by the OCC to seek a potential purchaser of FNB Wiggins as a result of FNB Wiggins' inability to secure OCC approval for the capital and strategic plan pursuant to the Consent Order discussed above. At the present time, FNB Wiggins is not in compliance with Articles II and III requiring OCC approval of a strategic plan and budget. Beginning in June, 2004, FNB Wiggins pursued several potential sale transactions, none of which were fruitful.

In October, 2004 FNB Wiggins submitted a revised strategic and capital plan as requested by the OCC. The revised plan contemplated a strategy to raise capital through a stock offering, and failing that, the plan contemplated the sale, merger, or liquidation of FNB Wiggins. FNB Wiggins began working toward raising additional capital pursuant to a Regulation D offering in December, 2004.

From June, 2004, through February, 2005 FNB Wiggins held discussions with four (4) potential buyers of FNB Wiggins. None of these discussions resulted in offers considered by the FNB Wiggins Board to be fair to FNB Wiggins or its shareholders. In carrying out its fiduciary duties, FNB Wiggins' Board determined that FNB Wiggins and its shareholders would be better served by raising additional capital, and that additional capital could be raised. As noted above, in February, 2005, the OCC, by letter, directed FNB Wiggins to implement the plan to sell, merge, or liquidate FNB Wiggins. Concurrently with receipt of such letter, the only potential buyer who had actually made an offer withdrew its preliminary offer of \$150.00 per share. Therefore, the FNB Wiggins Board was not afforded the opportunity to seriously pursue this offer at the time.

From February through May, 2005, FNB Wiggins attempted to work with the OCC to craft a new strategic and capital plan that would satisfy the OCC's concerns. However, on June 7, 2005, the OCC issued a letter to the FNB Wiggins Board determining that FNB Wiggins was in willful violation of the Consent Order by allegedly failing to implement and adhere to FNB Wiggins' capital contingency plan.

As a result of OCC's June 7, 2005, letter and subsequent statements made by the OCC, and despite having spent substantial time, efforts, and other Bank resources on the stock offering, FNB Wiggins' Board voted on June 28, 2005, to abandon efforts at raising capital and remaining independent and to sell, merge, or liquidate FNB Wiggins. In pursuit of such sale, between June 28, 2005, and late August, 2005, FNB Wiggins solicited a number of bids from potential purchasers in accordance with a timetable mutually agreed to by OCC and the FNB Wiggins Board. After August, 2005, progress to implement the sell, merge, or liquidate directive was practically delayed as a result of the impact of Hurricane Katrina, which directly affected FNB Wiggins' operations, service area, and customers.

-21-

On January 6, 2006, Richton Bank & Trust Company, a Mississippi banking corporation having its main office in Richton, Mississippi (RB&T), delivered a Confidential Term Sheet (Richton Letter of Intent) to FNB Wiggins which contained an offer to acquire substantially all of the assets and liabilities of FNB Wiggins through a deposit assumption and asset purchase arrangement. According to the Richton Letter of Intent, the offered acquisition price was \$4,000,000, and the assets purchased would have included all assets reflected on the books of FNB Wiggins as of the date of the acquisitions, with the exception of deferred income tax assets, income tax refunds due FNB Wiggins, certain equipment and software related to data processing operations, and intangible assets on the books of FNB Wiggins. RB&T also agreed to assume all current deposit liabilities, including interest thereon, and any other liabilities selected at the sole discretion of RB&T. Such liabilities would include any liability associated with an asset purchased, but would expressly exclude the existing data processing contract and associated contracts, if any, between FNB Wiggins and Brasfield Technology, LLC, even though RB&T agreed to pay up to fifty percent (50%) of the first \$100,000 of termination fee penalties assessed as a result of FNB Wiggins' termination of the Brasfield Technology, LLC, contract.

FNB Wiggins executed the Richton Letter of Intent on January 20, 2006. However, during March, 2006, the negotiations for a definitive agreement between FNB Wiggins and RB&T stalled, and, on March 17, 2006, FNB Wiggins terminated the Richton Letter of Intent and thereby discontinued those negotiations. That decision of the FNB Wiggins Board of Directors was primarily based on the fact that the structure of the transaction left the shareholders of FNB Wiggins with many liabilities and various assets, including the FNB Wiggins' national bank charter, which were going to be difficult to liquidate after the disposal of all desirable assets and liabilities to RB&T. Additionally, the lack of clarity obtained during the course of negotiations with RB&T with regards to exactly which assets would be purchased and which liabilities would be assumed made it difficult for the FNB Wiggins Board to ascertain the ultimate value that would be received by shareholders of FNB Wiggins as

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

a result of the proposed deposit assumption and asset purchase agreement. The inability to agree on the terms of a definitive agreement with RB&T caused FNB Wiggins to terminate the Richton Letter of Intent. Shortly thereafter, FNB Wiggins began negotiating with The First, and it executed a letter of intent with The First on March 20, 2006 (The First Letter of Intent).

On May 18, 2006, at a special meeting the FNB Wiggins Board met to consider the proposed Merger Agreement, which was largely based upon the terms of The First Letter of Intent. After discussing the Merger Agreement, the Consent Order, the circumstances surrounding the termination of the Richton Letter of Intent, and various other factors relating to the proposed Merger with legal counsel, the FNB Wiggins Board unanimously approved the Merger Agreement.

Reasons for the Merger.

In reaching its determination that the Merger and Merger Agreement are fair to, and in the best interests of, FNB Wiggins and its shareholders, the FNB Wiggins Board consulted with its legal and financial advisors, as well as with FNB Wiggins management, and considered a number of factors, including, without limitation, the following:

(a) the FNB Wiggins Board's review, based in part on the presentation by FNB Wiggins management regarding its due diligence of First Bancshares and The First, of the business, operations, earnings and financial condition of First Bancshares and The First on both a historical and prospective basis, the enhanced opportunities for operating efficiencies (particularly in terms of integration of operations, data processing and support functions, although the FNB Wiggins Board did not quantify such anticipated operating efficiencies) that could result from the Merger, the enhanced opportunities for growth that the Merger would make possible and the respective contributions the parties would bring to a combined institution;

-22-

(b) the FNB Wiggins Board's belief, based upon an analysis of the anticipated financial effects of the Merger, that upon consummation of the Merger, First Bancshares and its banking subsidiary would continue to be well capitalized institutions, the financial positions of which would be in excess of all applicable regulatory capital requirements;

(c) the fact that the value assigned under the terms of the Merger Agreement to the shares of First Bancshares Common Stock which will be received by holders of FNB Wiggins Common Stock is \$19.00, while the actual trading price of shares of First Bancshares Common Stock on the NASDAQ stock market on the date of the Merger Agreement was \$23.20;

(d) the FNB Wiggins Board's belief that, in light of the reasons discussed above, First Bancshares and The First were the most attractive choice as a long-term affiliation partner of FNB Wiggins;

(e) the expectation that the Merger will generally be a tax-free transaction of FNB Wiggins and its shareholders to the extent such shareholders receive shares of First Bancshares Common Stock. See "The Merger Certain Federal Income Tax Consequences;"

(f) the current and prospective economic and regulatory environment and competitive constraints facing FNB Wiggins and the banking and financial institutions in FNB Wiggins market area;

(g) the fact that inquiries of 5 other financial institutions regarding a potential business combination did not result in a more favorable proposal than the First Bancshares proposal;

(h) the recent business combinations involving financial institutions, either announced or completed, during the past year in the United States, the State of Mississippi and contiguous states and the effect of such combinations on competitive conditions in FNB Wiggins market area; and

(i) the terms of the Consent Order and, based on historical efforts of FNB Wiggins since the issuance of the Consent Order, the reasonable likelihood that FNB Wiggins would not reach a more favorable solution to resolve the sell, merge, or liquidate requirements under the Consent Order.

The FNB Wiggins Board considered as potentially negative the fact that FNB Wiggins would no longer be an independent community-based bank owned primarily by local residents, and the fact that certain officers were required to execute retention and non-compete agreements.

The FNB Wiggins Board did not assign any specific or relative weight to the foregoing factors in their considerations. It should be noted that there is no guarantee that any of the positive results listed above will be achieved.

BASED ON THE FOREGOING, THE FNB WIGGINS BOARD APPROVED THE MERGER AGREEMENT AND UNANIMOUSLY RECOMMENDS THAT THE HOLDERS OF FIRST NATIONAL BANK OF WIGGINS COMMON STOCK VOTE "FOR" APPROVAL OF THE MERGER AGREEMENT.

Reasons for the Merger - First Bancshares and The First

The Boards of Directors of First Bancshares and The First believe that by expanding the customer base of The First into the FNB Wiggins service territory, the Merger should enhance the earnings capacity of First Bancshares and The First by enabling The First to deliver products and provide services to that enlarged customer base, and by permitting cost savings through consolidation of operations. In addition, the Boards of Directors of First Bancshares and The First believe that the combination of The First and FNB Wiggins will allow The First and FNB Wiggins to increase overall efficiency and take advantage of economies of scale in several areas. In evaluating the Merger, the Boards of Directors of The First and First Bancshares considered a variety of factors, including the respective results of operations, financial condition and prospects of First Bancshares, The First, and FNB Wiggins; the compatibility and complementary nature of the respective businesses and managerial philosophies of First Bancshares, The First, and FNB Wiggins; and the relative prices paid in recent acquisitions of financial institutions.

Opinion of Financial Advisor

The FNB Wiggins Board originally retained Southard in March 2006 to serve as its financial advisor in the negotiations with Richton Bank & Trust Company. However, after those negotiations ceased and a letter of intent was received from First Bancshares, the engagement with Southard was continued by verbally substituting First Bancshares for RB&T. Southard subsequently rendered a written fairness opinion, dated July 31, 2006, that the consideration to be paid to FNB Wiggins shareholders by First Bancshares in the Merger is fair from a financial point of view. The fairness opinion, which is included in Exhibit B, should be read in its entirety by FNB Wiggins shareholders.

Southard, as part of its valuation services practice, is regularly engaged to value the securities of banks, issue fairness opinions and assist in other aspects of structuring mergers among financial institutions. FNB Wiggins retained Southard on the basis of its reputation and its experience in evaluating mergers among financial institutions and in representing the institutions in merger transactions. No limitations were imposed by the FNB Wiggins Board with respect to the investigations made or the procedures followed by Southard in rendering its fairness opinion. FNB Wiggins has agreed to pay Southard a fee of \$12,000 for serving as financial advisor and rendering its opinion. FNB Wiggins has agreed to indemnify Southard and its partners, employees, consultants, agents and representatives against certain liabilities, including liabilities under the federal securities laws.

As part of its investigation, Southard reviewed: (1) the Merger Agreement; (2) regulatory financial statements of FNB Wiggins for the periods ended December 31, 2000-05, and March 31, 2006; (3) projected financial statements of FNB Wiggins for 2006; (4) internal financial statements of FNB Wiggins for the period ended June 30, 2006 and certain internal financial information through July 12, 2006; (5) Annual Report, including audited financial statements, of First Bancshares for the years ended December 31, 2003-05; (6) regulatory financial statements of The First for the periods ended December 31, 2001-05, and March 31, 2006; (7) regulatory financial statements of First Bancshares for the periods ended December 31, 2003-05; (8) SEC Form 10-KSB of First Bancshares for the year ended December 31, 2005; (9) SEC Form 10-QSB of First Bancshares for the quarter ended March 31, 2006 and draft summary for the quarter ended June 30, 2006; (10) 2006 Budget of The First; (11) public market pricing data of publicly traded bank holding companies which Southard deemed comparable to First Bancshares; (12) transaction data involving other banks which have been acquired; and (13) public data regarding First Bancshares agreement to merge FNB Wiggins with and into The First.

As part of its engagement, representatives of Southard visited with the management of FNB Wiggins in Wiggins, Mississippi and the management of First Bancshares and The First in Hattiesburg, Mississippi. Factors considered in rendering the opinion included: (1) terms of the Merger Agreement; (2) the arms length process by which the Merger Agreement was negotiated; (3) an analysis of the proposed Merger presented to the Board of Directors; (4) an analysis of the estimated pro forma changes in book value per share, earnings per share, and dividends per share from the perspective of the shareholders of FNB Wiggins; (5) a review of First Bancshares historical financial performance, historical stock pricing, the liquidity of its shares and pricing in relation to other publicly traded bank holding companies; (6) a review of FNB Wiggins historical financial performance and projected financial performance; and (7) tax consequences of the Merger for shareholders of FNB Wiggins.

In connection with rendering its opinion, Southard performed a variety of financial analyses, which are summarized below. Southard believes that its analyses must be considered as a whole and that selection of portions of such analyses and the factors considered therein, without considering all factors and analyses, could create an incomplete view of the analyses and the process underlying Southard's opinion. Also, Southard relied upon management forecasts in rendering its opinion. Southard did not represent or warrant that the actual performance would

reflect that which was projected. Southard did not compile nor audit FNB Wiggins or First Bancshares financial statements, nor did Southard independently verify the information reviewed. Southard relied upon such information as being complete and accurate in all material respects. Southard did not make an independent valuation of the loan portfolio, adequacy of the loan loss reserve or other assets or liabilities of either institution. Southard's opinion does not constitute a recommendation to any shareholder as to how the shareholder should vote on the proposed Merger; nor did Southard express any opinion as to the prices at which any security of FNB Wiggins or First Bancshares might trade in the future.

-24-

Transaction Summary. Southard noted that, under the terms of the Merger Agreement, FNB Wiggins' shareholders would receive \$2,076,200 in cash plus 109,274 shares of First Bancshares Common Stock at the stated price of \$19.00 per share. Southard also noted that the total consideration received by FNB Wiggins shareholders under the terms of the Merger Agreement would be \$4,152,400 less any amount of the Consideration Deductions that is not delivered to the FNB Wiggins shareholders pursuant to the terms of the Escrow Agreement, which represents approximately 140% of FNB Wiggins reported common equity as of June 30, 2006 (\$2,971,404). The price to trailing twelve-month earnings is not meaningful, as trailing 12-month earnings were negative (\$415,000) as of June 30, 2006. FNB Wiggins projected earnings for 2006 were \$188,292; however, earnings in the first half of the year were substantially below projections (loss of \$362,178 versus projected profit of \$26,404).

On the date that Southard rendered its oral opinion to the FNB Wiggins Board, First Bancshares was trading in the vicinity of \$21.60 per share. If the Merger were consummated on that date, the total consideration would be about \$4,436,518, or \$186.97 per share of FNB Wiggins common stock. In such event, the price/book value of the transaction would be approximately 149%.

Market Transaction Analysis. Southard reviewed the prices paid for various banks that have been acquired based upon certain available public information as compiled by SNL Securities. Southard noted that most banking transactions are measured in terms of the price/earnings (P/E), price/book (P/B), and price/assets (P/A) ratios. The bank acquisition data was divided into the following groups: (1) aggregate national acquisition data; (2) banks based in the Southeast; (3) banks based in Mississippi; (4) banks with assets under \$100 million; and (5) banks with an equity-to-asset ratio of 6%-8%.

For each group, average and median P/E, P/B, and P/A ratios were calculated for the combined period of calendar year 2005 and the year-to-date period ended July 12, 2006. The average P/B and P/A ratios were then multiplied times FNB Wiggins respective book value, tangible book value, and assets to develop an overall indicated range for FNB Wiggins. The P/E ratio could not be used due to the losses incurred by FNB Wiggins over the 2005-06 period.

Southard concluded that the P/B and P/A multiples of the market transactions were well above those implied by the Merger. However, this disparity is normally observed in market transactions where the target bank has incurred losses. Further, the implied P/E for FNB Wiggins based upon budgeted earnings is within the observed range. Finally, a review of prior market transactions where the target bank was unprofitable indicated that the pricing of the Merger falls within a reasonable range.

Pro Forma Analysis of Per Share Data. Southard analyzed the changes in pro forma dividends per share, earnings per share, and book value per share from the perspective of FNB Wiggins shareholders. Southard did not represent or warrant that the actual pro forma data reflected in the Proxy Statement/Prospectus mailed to FNB Wiggins shareholders would reflect that which was developed in its analysis. Southard noted that the proposed terms of the Merger would result in a substantial increase in earnings, book value, and dividends per share for shareholders of FNB Wiggins.

Discounted Cash Flow Analysis. A discounted cash flow ("DCF") analysis would normally be prepared to develop an estimate of value shareholders of FNB Wiggins might realize assuming a sale was delayed five years. Indications of value derived using the DCF method reflect interim cash flows (dividends) and a terminal cash flow (the value of FNB Wiggins at the end of the projection period), both discounted to the present at an appropriate required rate of return.

However, FNB Wiggins is currently unprofitable, and FNB Wiggins management indicated that it did not anticipate paying any dividends in the foreseeable future; thus, no interim cash flows were assumed. Further, it is not prudent to estimate a terminal value since earnings cannot be projected with confidence. Also, it was noted that by delaying a sale in an effort to realize more value that shareholders of FNB Wiggins would run the risk of losing value if market and/or economic conditions changed, if management's projected performance was not achieved, or other such events occurred. Further, FNB Wiggins is under an order from the OCC to sell.

-25-

Analysis of Liquidity. FNB Wiggins Common Stock is not listed on an exchange, and there is not an organized trading market for the stock. Thus, the ability to sell FNB Wiggins Common Stock is very limited. Alternatively, First Bancshares Common Stock is listed and traded on the NASDAQ stock market under the symbol FBMS . Therefore, although trading volume of First Bancshares Common Stock is light, the proposed Merger would provide some liquidity for smaller minority shareholders of FNB Wiggins over time. Southard noted that shareholders of FNB Wiggins will collectively own about 4.4% of First Bancshares Common Stock, assuming 109,274 shares of First Bancshares Common Stock are issued to the shareholders of FNB Wiggins.

Review of First Bancshares. Using public and other available information, Southard compared the historical financial performance and current market pricing of First Bancshares with publicly traded bank holding companies throughout the U.S., in the South Central U.S., and in Mississippi. Comparisons were also made with institutions having fundamental ratios similar to those of First Bancshares. None of the companies considered in the comparison analysis are identical to First Bancshares. Southard noted that, in general, First Bancshares could be characterized as slightly less profitable than the comparable group medians, but assets and earnings are growing rapidly. Further, based on the current trading range of its stock, First Bancshares has a lower P/E and a higher P/B than the median statistics.

Other Factors. Other factors considered by Southard in rendering its opinion included the possibility that shareholders of FNB Wiggins may benefit from a merger with The First given the ongoing industry consolidation. Southard made no representation or warranty, however, that such an event would occur, or if it did occur, that it would occur on favorable terms. Southard also noted the offers and overtures made by other institutions as noted elsewhere in this Proxy Statement/Prospectus. However, the offer made by First Bancshares was superior to any other offers being discussed with other institutions.

Effective Date

The Merger will be consummated and become effective at the time the Certificate of Merger is filed with the OCC, or as of such later date or time to which First Bancshares, The First and FNB Wiggins agree, which may be specified in the Certificate of Merger. It is expected that the Effective Date will occur on or before September 30, 2006; however, there can be no assurance that the conditions to the Merger will be satisfied or waived so that the Merger can be consummated. See The Merger Regulatory Approvals and The Merger Other Conditions to the Merger.

Regulatory Approvals

It is a condition to the consummation of the Merger that all required regulatory approvals be obtained. The Merger is subject to prior approval by the OCC under the National Bank Act.

The National Bank Act requires the OCC, when approving a transaction such as the Merger, to take into consideration the financial and managerial resources (including the competence, experience and integrity of the officers, directors and principal shareholders) and future prospects of the existing and proposed institutions and the convenience and needs of the communities to be served. In considering financial resources and future prospects, the OCC will, among other things, evaluate the adequacy of the capital levels of the parties to a proposed transaction.

The National Bank Act prohibits the OCC from approving a merger if it would result in a monopoly or be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or if its effect in any section of the country would be substantially to lessen competition or to tend to create a monopoly, or if it would in any other manner result in a restraint of trade, unless the OCC finds that the anti-competitive effects of a merger are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the communities to be served. In addition, under the Community Reinvestment Act of 1977, as amended, the OCC must take into account the record of performance of the existing institutions in meeting the credit needs of the entire community, including low and moderate-income neighborhoods, served by such institutions.

Applicable U. S. federal law provides for the publication of notice and public comment on applications or notices filed with the OCC and authorizes such agency to permit interested parties to intervene in the proceedings. If an interested party is permitted to intervene, such intervention could delay the regulatory approvals required for consummation of the Merger.

The Merger generally may not be consummated until thirty (30) days (which may be shortened to fifteen (15) days with the consent of the U. S. Department of Justice) following the date of all applicable United States federal regulatory approvals, during which time the U. S. Department of Justice may challenge the Merger on antitrust grounds. The commencement of an antitrust action by the U. S. Department of Justice would stay the effectiveness of the regulatory agency's approval unless a court specifically ordered otherwise.

It is anticipated that OCC approval will be obtained in August, 2006. No other regulatory approvals are required for consummation of the Merger.

Other Conditions to the Merger

The respective obligations of each party to the Merger Agreement are subject to the following conditions, which may not be waived: (i) approval of the Merger Agreement by the requisite vote of the holders of FNB Wiggins Common Stock, (ii) approval of the Merger by the OCC, (iii) the declared effectiveness of the Registration Statement filed with the SEC, the absence of any stop order with regards to the issuance of First Bancshares stock, and the receipt of all required state securities and blue sky permits or approvals, (iv) the absence of any order, decree or injunction of a court or agency of competent jurisdiction enjoining or prohibiting consummation of the Merger, and (v) receipt of an opinion of Watkins Ludlam Winter & Stennis, P.A. substantially to the effect that the transactions contemplated by the Merger Agreement will be treated for federal income tax purposes as a tax-free reorganization under Section 368 of the Code.

The obligations of FNB Wiggins under the Merger Agreement are also subject to the following conditions, which may be waived: (i) the representations and warranties of First Bancshares contained in the Merger Agreement shall be true and correct in all material respects as of the date of the Merger Agreement and as of the Closing as though made at and as of the Closing (except as otherwise contemplated by the Merger Agreement), (ii) First Bancshares shall have performed in all material respects all obligations and complied with all covenants required by it under the Merger Agreement prior to the Closing and First Bancshares shall deliver at Closing appropriate certificates setting forth such, (iii) there shall not have occurred any material adverse change from the date of the Merger Agreement to the Closing Date in the financial condition, results of operations or business of First Bancshares and its subsidiaries taken as a whole, and (iv) the receipt of customary legal opinions from counsel to First Bancshares.

The obligations of First Bancshares under the Merger Agreement are also subject to the following conditions, which may be waived: (i) the representations and warranties of FNB Wiggins contained in the Merger Agreement shall be true and correct in all material respects as of the date of the Merger Agreement and as of the Closing as though made at and as of the Closing (except as otherwise contemplated by the Merger Agreement), (ii) FNB Wiggins shall have performed in all material respects all obligations and complied with all covenants required by it under the Merger Agreement prior to the Closing and FNB Wiggins shall deliver at Closing appropriate certificates setting forth such, (iii) there shall not have occurred any material adverse change in the financial condition, results of operations or business of FNB Wiggins (iv) the receipt of customary legal opinions from counsel to FNB Wiggins, (v) any obligations of FNB Wiggins under any employment, incentive or severance agreement with FNB Wiggins employees requiring payments in the event of exercise or sale of FNB Wiggins shall have been fully and completely resolved, canceled and rendered invalid, void and unenforceable and certain officers of FNB Wiggins as determined by First Bancshares shall have executed retention and noncompete agreements between The First and such employee, and (vi) each employee with whom FNB Wiggins has an employment agreement shall have executed and delivered to First Bancshares an amendment to their respective employment agreements or other written arrangements with FNB Wiggins terminating such agreements at the Effective Date.

Interests of Certain Persons in the Merger

Tail Insurance. The Merger Agreement provides that First Bancshares shall permit FNB Wiggins and its directors and officers to purchase insurance (commonly referred to as Tail Insurance) which will provide post Effective Date coverage for errors and omissions similar to that provided by the directors and officers errors and omissions insurance presently carried by FNB Wiggins. Additionally, The First agrees to reimburse any person that is (1) defined as an insured under the current FNB Wiggins directors and officers errors and omissions insurance, and (2) insured under the Tail Insurance for any expenditures classified as retention or deductible amounts under the policy which are incurred by the insured as a result of any errors or omissions covered by the Tail Insurance.

-27-

Employee Benefits. The Merger Agreement provides that, after the Effective Date of the Merger, First Bancshares and The First will, subject to compliance with applicable legal and regulatory requirements, use their best efforts to retain FNB Wiggins officers and employees. The First will make reasonable efforts to maintain duties and compensation levels for retained personnel commensurate with the employees experience and qualifications, and in accordance with First Bancshares and The First's salary administration program. With regard to any retained employee, First Bancshares and The First shall be free of any obligation to honor any past agreement of FNB Wiggins to such person. With respect to FNB Wiggins group health and life benefit plan as it relates to its employees, The First shall have the option of either: (a) continuing such plan on and after the Effective Date of the Merger; or (b) discontinuing such plan upon the Effective Date and thereafter, all retained employees will be eligible to participate in The First's group health and life benefit plan based on the provisions in the plan. The ninety (90) day employment period will be waived for eligible retained employees in accordance with The First's plan. The First will waive pre-existing medical conditions for health insurance purposes as to all retained personnel, but only if and to the extent such pre-existing medical conditions were waived under similar plans of Bank as of the date hereof. FNB Wiggins also currently maintains a 401(k) Plan which will remain operative and in effect through the Effective Date of the Merger (the Plan). At the sole option of The First, the Plan will, as of the Effective Date of the Bank Merger, either (a) be merged with an existing retirement plan of The First, or (b) be terminated and distributed to the participants in accordance with the

terms of the Plan after the normal and customary contributions for periods prior to the Effective Date of the Merger have been made consistent with past practices. All retained employees will be eligible to enter The First's 401(k) Plan upon meeting the eligibility requirements set forth in such plan. All retained employees will be granted full credit for all prior service with FNB Wiggins for all purposes, including determining eligibility, under The First's 401(k) Plan. Additionally, all retained employees will be eligible to enter The First's Employee Stock Ownership Plan once that plan becomes effective (which is expected to occur subsequent to the Effective Date) and upon meeting the eligibility requirements thereof. However, any retained employees will not be granted credit for prior service with FNB Wiggins for any purpose, including determining eligibility, under The First's Employee Stock Ownership Plan. Other FNB Wiggins benefit plans will continue through the Effective Date of the Merger. Thereafter, all retained employees will be eligible to participate in all employee benefit plans of The First not discussed above, based on the provisions set forth in the plans.

Exchange of FNB Wiggins' Certificates

On the Effective Date, each holder of FNB Wiggins Common Stock will cease to have any rights as a shareholder of FNB Wiggins and his or her sole rights will pertain to the right to receive shares of First Bancshares Common Stock and cash to which such holder's shares of FNB Wiggins Common Stock shall have been converted pursuant to the Merger, except for any such shareholder who exercises statutory dissenters rights.

As soon as practicable after the Effective Date, the Exchange Agent will mail to each holder of record of FNB Wiggins Common Stock a letter of transmittal and instructions for effecting the surrender of the stock certificates which, immediately prior to the Effective Date, represented outstanding shares of FNB Wiggins Common Stock in exchange for cash and certificates representing shares of First Bancshares Common Stock. **Shareholders of FNB Wiggins are requested not to surrender their FNB Wiggins' certificates for exchange until such letter of transmittal and instructions are received.** Upon surrender of a certificate for exchange and cancellation to the Exchange Agent, together with such letter of transmittal, duly executed, such certificate shall forthwith be cancelled and the holder of such certificate shall be entitled to receive in exchange therefore the following: (a) a certificate representing that number of whole shares of First Bancshares Common Stock, as defined below, to which such holder of FNB Wiggins Common Stock shall have become entitled pursuant to the provisions of the Merger Agreement; and (b) a check representing (i) the amount of cash, as defined below, to which such holder of FNB Wiggins Common Stock shall have become entitled pursuant to the provisions of the Merger Agreement, and (ii) the amount of cash paid to the FNB Wiggins shareholder in lieu of fractional shares, if any.

-28-

First Bancshares will not pay former shareholders of FNB Wiggins who become holders of First Bancshares Common Stock pursuant to the Merger any dividends or other distributions that may have become payable to holders of record of First Bancshares Common Stock following the Effective Date until they have surrendered their certificates evidencing ownership of shares of FNB Wiggins Common Stock along with a properly completed letter of transmittal.

Shareholders of FNB Wiggins who cannot locate their certificates are urged to promptly contact Patty Fiveash, Vice President of FNB Wiggins at 124 Border Avenue, Wiggins, Mississippi, telephone number (601) 928-5241. A new certificate will be issued to replace the lost certificate(s) only upon execution by the shareholder of an affidavit certifying that his or her certificate(s) cannot be located and an agreement to indemnify FNB Wiggins and First Bancshares and their transfer agents and registrars against any claim that may be made against FNB Wiggins or First Bancshares by the owner of the certificate(s) alleged to have been lost or destroyed. FNB Wiggins or First Bancshares may also require the shareholder to post a bond in such sum as is sufficient to support the shareholder's agreement to indemnify FNB Wiggins and First Bancshares.

Amendment; Waiver; Termination

The Merger Agreement may be amended at any time before or after its approval by the shareholders of FNB Wiggins by written agreement of FNB Wiggins, First Bancshares, and The First, except that no amendment may be made after FNB Wiggins' shareholder approval that changes the consideration to be received by FNB Wiggins' shareholders or that by law would require further shareholder approval unless such further shareholder approval is obtained.

The Merger Agreement provides that either party may (i) extend the time for performance of any of the obligations or other acts of the other parties, (ii) waive any inaccuracies in the representations and warranties contained in the Merger Agreement or in any document delivered pursuant to the Merger Agreement, or (iii) waive compliance with any of the agreements or conditions contained in the Merger Agreement other than the satisfaction of all requirements prescribed by law for consummation of the Merger.

The Merger Agreement may be terminated at any time prior to the Effective Date (i) by mutual written consent of the parties, properly authorized by their respective Boards of Directors; (ii) by the Boards of Directors of First Bancshares or FNB Wiggins, in writing, if the Bank Merger shall have not become effective on or before 5:00 p.m. local time on September 30, 2006, unless the absence of such occurrence shall be due to the failure of the party seeking to terminate the Merger Agreement to perform each of its obligations under the Merger Agreement

required to be performed by it on or prior to the Effective Date; (iii) by either party to the Merger Agreement, in the event of a breach by the other party (A) of any covenant or agreement contained therein or (B) of any representation or warranty therein, if (1) the facts constituting such breach reflect a material and adverse change in the financial condition, results of operations, business, or prospects taken as a whole, of the breaching party, which in either case cannot be or is not cured within sixty (60) days after written notice of such breach is given to the party committing such breach, or (2) in the event of a breach of a warranty or covenant, such breach results in a material increase in the cost of the non-breaching party's performance of this Agreement; (iv) by either party to the Merger Agreement, at any time after any bank regulatory authority or United States Department of Justice has denied any application for any approval or clearance required to be obtained as a condition to the consummation of the Bank Merger and the time period for all appeals or requests for reconsideration thereof has run; (v) by either party to the Merger Agreement, if the Merger is not approved by the required vote of shareholders of FNB Wiggins; or (vi) by First Bancshares and The First if holders of outstanding FNB Wiggins Common Stock exercise statutory rights of dissent and appraisal pursuant to 12 U.S.C. §§ 215 and 215a, in such numbers as would disqualify the transaction as a nontaxable reorganization under and in accordance with Sections 368(a)(1)(A) and 368(a)(2)(D) of the Code.

-29-

Conduct of Business Pending the Merger

The Merger Agreement provides that FNB Wiggins will operate its business solely in the ordinary course consistent with prudent business practices and in compliance with all applicable laws, regulations and rules. Without the prior consent of First Bancshares, which shall not be unreasonably withheld, delayed or conditioned, FNB Wiggins shall not: (i) amend or otherwise change its Articles of Association or Bylaws, as each such document is in effect on the date of the Merger Agreement (except to the extent required in order to effect the Merger as contemplated herein); (ii) issue or sell, or authorize for issuance or sale, any shares of FNB Wiggins Common Stock or any additional shares of any class of capital stock of FNB Wiggins; (iii) issue, grant, or enter into any subscription, option, warrant, right, convertible security, or other agreement or commitment of any character obligating FNB Wiggins to issue securities; (iv) declare, set aside, make, or pay any dividend or other distribution with respect to its capital stock; (v) redeem, purchase, or otherwise acquire, directly or indirectly, any of its capital stock respectively; (vi) authorize any capital expenditure(s) which, individually or in the aggregate, exceeds \$10,000; (vii) extend any new, or renew any existing, loan, credit, lease, or other type of financing which individually exceeds \$100,000 or does not meet The First's loan policy requirements except in connection with the workout of loans; provided, however, that The First shall have the right to review on a monthly basis new and existing extensions of credit which individually exceed \$25,000 and all extensions of credit which are past due ninety (90) days or more and still accruing interest or on nonaccrual status; (viii) except in the ordinary course of business, sell, pledge, dispose of, or encumber, or agree to sell, pledge, dispose of, or encumber, any material assets of FNB Wiggins; (ix) excluding normal and customary banking transactions, incur any indebtedness for borrowed money, issue any debt securities, or enter into or modify any contract, agreement, commitment, or arrangement with respect thereto; (x) establish or add any automated teller machines, branches or other banking offices; (xi) take any action that would materially and adversely affect the ability of any party hereto to obtain the regulatory and shareholder approvals necessary for consummation of the transactions contemplated thereby or that would materially and adversely affect FNB Wiggins' ability to perform its covenants and agreements thereunder; (xii) acquire (by merger, consolidation, lease or other acquisition of stock, ownership interests or assets) any corporation, partnership, or other business organization or division thereof, or enter into any contract, agreement, commitment, or arrangement with respect to any of the foregoing, other than in connection with a foreclosure or collection of a debt previously contracted for in good faith; (xiii) enter into, extend, or renew any lease for office or other space; (xiv) except as required by law, enter into, adopt or amend any bonus, profit sharing, compensation, stock option, pension, retirement, deferred compensation, employment, or other employee benefit plan, agreement, trust, fund, or arrangement for the benefit or welfare of any officer, employee or representative of FNB Wiggins; (xv) grant any increase in compensation or benefits to any director, officer, or employee or representative of FNB Wiggins except in the ordinary course of business consistent with past practice; (xvi) other than such amendments and Change of Control Payments (as defined in the Merger Agreement), enter into, amend, or terminate any employment agreement, relationship or responsibilities with any director, officer, or key employee or representative of FNB Wiggins, or enter into, amend, or terminate any employment agreement with any other person otherwise than in the ordinary course of business, or take any action with respect to the grant or payment of any severance, change in control or termination pay except as expressly consented to in writing by Bancshares; (xvii) take any action or omit to take any action which would cause any of FNB Wiggins' representations or warranties in the Merger Agreement to be untrue or misleading in any material respect or any covenant of FNB Wiggins under the Merger Agreement incapable of being performed; or (xviii) agree, in writing or otherwise, to do any of the foregoing.

In addition, FNB Wiggins has agreed that it shall not authorize nor knowingly permit any of its officers, directors, employees, representatives, agents or other persons controlled by FNB Wiggins to directly or indirectly, encourage or solicit or, hold any discussions or negotiations with, or provide any information to, any persons, entity or group concerning any merger, consolidation, sale of substantial assets, sale of shares of capital stock or similar transactions including, without limitation, a tender offer, involving, directly or indirectly, FNB Wiggins (a Third Party Acquisition Proposal) except as contemplated by the Merger Agreement. FNB Wiggins shall promptly communicate to Bancshares the identity and terms of any Third Party Acquisition Proposal which it may receive. As a condition of and as an inducement to First Bancshares and The First entering into the Merger Agreement, FNB Wiggins has covenanted, acknowledged, and agreed that it shall be a specific, absolute, and unconditionally binding condition precedent to FNB Wiggins entering into a letter of intent, agreement in principle, or definitive agreement (whether or not considered binding, non-binding, conditional or unconditional) with any third party with respect to a Third Party Acquisition Proposal, or supporting or indicating an intent to support a Third Party Acquisition Proposal (other than the Merger Agreement and the

transactions contemplated hereby), regardless of whether FNB Wiggins has otherwise complied with the non-solicitation provisions of the Merger Agreement, that FNB Wiggins or such third party to the Third Party Acquisition Proposal shall have paid to First Bancshares, as liquidated damages, the sum of One Hundred Seventy-five Thousand Dollars (\$175,000), which sum represents the (i) direct costs and expenses (including, but not limited to, fees and expenses incurred by First Bancshares' financial or other consultants, printing costs, investment bankers, accountants, and counsel) incurred by or on behalf of First Bancshares in negotiating and undertaking to carry out the transactions contemplated by the Merger Agreement; (ii) indirect costs and expenses of First Bancshares in connection with the transactions contemplated by the Merger Agreement, including First Bancshares' management time devoted to negotiation and preparation for the transactions contemplated by the Merger Agreement; and (iii) First Bancshares' loss as a result of the transactions contemplated by the Merger Agreement not being consummated. Notwithstanding anything to the contrary in the non-solicitation provisions of the Merger Agreement, in the event such Third Party Acquisition Proposal should be the result of a hostile takeover of FNB Wiggins, any sums due First Bancshares under the non-solicitation provisions of the Merger Agreement shall be paid only at the closing of the transactions set forth in such Third Party Acquisition Proposal. First Bancshares has acknowledged that under no circumstances shall any officer or director of FNB Wiggins (unless such officer or director shall have an interest in a potential acquiring party in any Third Party Acquisition Proposal) be held personally liable to First Bancshares or FNB Wiggins for any amount of the foregoing payment. On payment of such amount to First Bancshares, then neither First Bancshares nor The First shall have any cause of action or claim (either in law or equity) whatsoever against FNB Wiggins, or any officer or director of FNB Wiggins, with respect to or in connection with such Third Party Acquisition Proposal or the Merger Agreement, so long as FNB Wiggins, or such person, shall not have intentionally violated the non-solicitation provisions of the Merger Agreement. The requirements, conditions, and obligations imposed by the non-solicitation provisions of the Merger Agreement shall continue in full force and effect from the date of the Merger Agreement until the earlier of (i) the Effective Date, (ii) the date on which the Merger Agreement shall have been terminated mutually by the parties; or (iii) twelve (12) months from the date the Merger Agreement shall have been terminated as a result of a breach by FNB Wiggins, unless the failure to consummate the transactions contemplated by the Merger Agreement by 5:00 p.m. local time on September 30, 2006 results from or is related to pending or threatened litigation arising out of or in connection with the Merger or a Third Party Acquisition Proposal, in which case the date shall be extended to that date which is thirty (30) days after the final termination of such litigation or threatened litigation.

Resales of First Bancshares Common Stock

The shares of First Bancshares Common Stock to be issued to the holders of FNB Wiggins Common Stock pursuant to the Merger Agreement have been registered under the Securities Act pursuant to a Registration Statement on Form S-4, of which this Proxy Statement/Prospectus is a part, thereby allowing such shares to be freely transferred without restriction by persons who will not be affiliates of First Bancshares or who were not affiliates of FNB Wiggins within the meaning of Rule 145 under the Securities Act. In general, affiliates of FNB Wiggins include its executive officers and directors and any person who controls, is controlled by or is under common control with FNB Wiggins. For the purposes of Rule 145, any shareholder who owns ten percent (10%) or more of the voting stock of a company is presumptively deemed to have control. However, the amount of voting stock owned by a shareholder is not the only factor considered when deciding who has control over a company, and a person may or may not be deemed to have control regardless of how much voting stock they own if other factors apply. Holders of FNB Wiggins Common Stock who are affiliates of FNB Wiggins will not be able to resell the First Bancshares Common Stock received by them in the Merger unless the First Bancshares Common Stock is registered for resale under the Securities Act, is sold in compliance with Rule 145 under the Securities Act, or is sold in compliance with another exemption from the registration requirements of the Securities Act.

Pursuant to Rule 145 under the Securities Act, the sale of First Bancshares Common Stock held by former affiliates of FNB Wiggins will be subject to certain restrictions. Such persons may sell First Bancshares Common Stock under Rule 145 only if (i) First Bancshares has filed all reports required to be filed by it under Section 13 or 15(d) of the Exchange Act during the preceding twelve months, (ii) such First Bancshares Common Stock is sold in a broker's transaction, which is defined in Rule 144 under the Securities Act as a sale in which (a) the seller does not solicit or arrange for orders to buy the securities, (b) the seller does not make any payment other than to the broker, (c) the broker does no more than execute the order and receive a normal commission, and (d) the broker does not solicit customer orders to buy the securities, and (iii) such sale and all other sales made by such person within the preceding three months do not exceed the greater of (a) 1% of the outstanding shares of First Bancshares Common Stock or (b) the average weekly trading volume of First Bancshares Common Stock on the New York Stock Exchange during the four-week period preceding the sale. Any affiliate of FNB Wiggins who is not an affiliate of First Bancshares after the Merger may sell First Bancshares Common Stock without restriction one year after the Effective Date; provided that First Bancshares has filed all reports required to be filed by it under Section 13 or 15(d) of the Exchange Act during the preceding twelve months.

-31-

FNB Wiggins has agreed to use its best efforts to cause each of its directors and executive officers and each person who is deemed to be an affiliate under the Securities Act to enter into an agreement not to sell shares of First Bancshares Common Stock received by him or her in violation of the Securities Act or the rules and regulations of the Commission thereunder.

Expenses and Fees

Except for the breach of the non-solicitation provisions discussed above by FNB Wiggins, in which case FNB Wiggins shall be liable to First Bancshares in an amount equal to said economic damages in addition to First Bancshares' and the First's out of pocket expenses incurred in connection with the transactions contemplated by the Merger Agreement, including but not limited to its reasonable attorney fees and accountant fees and in addition to any payments otherwise due to Bancshares pursuant to the non-solicitation provisions, each party to the Merger Agreement has agreed to pay all costs, fees and expenses which it has incurred in connection with or incidental to the matters contained in the Merger Agreement, including without limitation any fees and disbursements to its accountants and counsel. First Bancshares has agreed to prepare the applications, regulatory filings and Registration Statement necessary to obtain approval of the Merger and the issuance of the First Bancshares Common Stock. FNB Wiggins has agreed to be responsible for the cost of its accountants and legal counsel and will bear all costs related to conducting its stockholders' meetings and obtaining stockholders' approval of the Merger.

Certain Federal Income Tax Consequences

The following discussion of the principal federal income tax consequences of the Merger is based on provisions of the Code, the regulations thereunder, judicial authority, and administrative rulings and practice as of the date hereof, any of which is subject to change. Consummation of the Merger is conditioned on the receipt by First Bancshares, The First, and FNB Wiggins of an opinion of Watkins Ludlam Winter & Stennis, P.A., counsel to First Bancshares and The First, to the effect that the Merger will be treated, for federal income tax purposes, as a tax-free reorganization under Section 368(a) of the Code.

Shareholders of FNB Wiggins will not recognize any gain or loss upon the exchange of their FNB Wiggins Common Stock to the extent that they receive First Bancshares Common Stock in return. The aggregate tax basis of First Bancshares Common Stock received by such a holder in exchange for FNB Wiggins Common Stock will equal such holder's tax basis in the FNB Wiggins Common Stock surrendered less any cash received by such a holder as a result of the transaction. If such shares of FNB Wiggins Common Stock are held as capital assets at the Effective Date, the holding period of the First Bancshares Common Stock received will include the holding period of the FNB Wiggins Common Stock surrendered therefor. Shareholders of FNB Wiggins should consult their tax advisors as to the determination of their tax basis and holding period in any one share of First Bancshares Common Stock, as several methods of determination may be available.

As discussed above, a portion of each share of FNB Wiggins Common Stock will be exchanged by holders for the Cash Element. Any shareholder of FNB Wiggins who receives cash pursuant to the Merger will recognize a gain or loss equal to the difference between the amount of cash received for that portion of the FNB Wiggins Common Stock and the basis of that portion of the FNB Wiggins Common Stock. Any such gain or loss recognized on such redemption will typically be treated as capital gain or loss if the FNB Wiggins Common Stock was held as a capital asset.

To avoid the expense and inconvenience to First Bancshares of issuing fractional shares, no fractional shares of First Bancshares Common Stock will be issued pursuant to the Merger. Any shareholder of FNB Wiggins who receives cash pursuant to the Merger in lieu of a fractional share interest will generally recognize capital gain or loss on such a deemed redemption of the fractional share in an amount determined by the difference between the amount of cash received for such fractional share and the shareholder's tax basis in the fractional share.

Shareholders of FNB Wiggins who perfect dissenters' rights and receive cash in exchange for their FNB Wiggins Common Stock will be treated, under Code Sections 302(a) and 302(b)(3), as receiving such payment in complete redemption of the FNB Wiggins Common Stock subject to the proceeding, provided that such shareholder does not actually or constructively own (under Code Section 318) any FNB Wiggins Common Stock after the redemption. Such deemed redemption may also be subject to Section 302(a) of the Code if such deemed redemption is substantially disproportionate with respect to the FNB Wiggins shareholder who exercises dissenters' rights, or is not essentially equivalent to a dividend, with the result that a shareholder who exercises dissenters' rights will recognize gain or loss equal to the difference between the amount realized and such shareholder's tax basis in the FNB Wiggins Common Stock subject to the proceeding. Any such gain or loss recognized on such redemption will be treated as capital gain or loss if the FNB Wiggins Common Stock with respect to which dissenters' rights were exercised was held as a capital asset. Each FNB Wiggins shareholder who contemplates exercising dissenters' rights should consult a tax advisor as to the possibility that all or a portion of the payment received pursuant to the dissenters' rights proceeding will be treated as dividend income.

-32-

Unless an exemption applies under the applicable law and regulations, the Exchange Agent will be required to withhold federal and/or state income taxes from any cash payments to which a shareholder or other payee is entitled pursuant to the Merger unless the shareholder or other payee provides its taxpayer identification number (social security number or employer identification number) and certifies that such number is correct. Each shareholder and, if applicable, each other payee should complete and sign the substitute Form W-9 included as part of the letter of transmittal so as to provide the information and certification necessary to avoid backup withholding, unless an applicable exemption exists and is established in a manner satisfactory to First Bancshares and the Exchange Agent.

THE FOREGOING IS A SUMMARY OF THE MATERIAL FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER WITHOUT REGARD TO THE PARTICULAR FACTS AND CIRCUMSTANCES OF EACH FNB WIGGINS SHAREHOLDER.

SHAREHOLDERS OF FNB WIGGINS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE MERGER, INCLUDING THE APPLICABILITY AND EFFECT OF FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX LAWS.

DISSENTERS' RIGHTS

The following summary of applicable provisions of federal law governing the rights of FNB Wiggins shareholders is qualified in its entirety by reference to Exhibit C. Any shareholder of FNB Wiggins entitled to vote on the Merger Agreement has the right to receive payment of the fair value of his shares of FNB Wiggins Common Stock upon compliance with 12 U.S.C. §§ 215 and 215a.

Filing Vote Against or Dissent from the Merger and Filing of Dissenter's Request

An FNB Wiggins shareholder may not dissent as to less than all of the shares that he beneficially owns. A nominee or fiduciary may not dissent on behalf of any beneficial owner as to less than all of the shares of such beneficial owner held of record by such nominee or fiduciary. A beneficial owner asserting dissenters' rights to shares held on his behalf must submit to FNB Wiggins the written consent of the record shareholder of FNB Wiggins to the dissent not later than the time the beneficial shareholder asserts dissenters' rights. Any FNB Wiggins shareholder intending to enforce this right must vote against the Merger Agreement or must file written notice of his or her dissent from the Merger Agreement with the presiding officer of the Meeting either before the Meeting or at the Meeting. Such dissenting shareholder shall then be entitled to receive the value of the share so held by him or her when the Merger shall be approved by the OCC upon written request made to The First (Dissenter's Request) at any time before thirty (30) days after the date of consummation of the Bank Merger, accompanied by the surrender of his or her stock certificates. The Dissenter's Request must state that the FNB Wiggins shareholder intends to demand payment for his or her shares of FNB Wiggins Common Stock. A vote against approval of the Merger Agreement will not, in and of itself, constitute a Dissenter's Request satisfying the requirements of 12 U.S.C. §§ 215 and 215a. A failure to vote will not constitute a waiver of appraisal rights as long as the requirements of 12 U.S.C. §§ 215 and 215a are complied with. **However, any FNB Wiggins shareholder who executes a proxy card and who desires to pursue his appraisal rights must mark the proxy card Against the proposal relating to the Merger because if the proxy card is left blank, it will be voted For the proposal relating to the Merger.**

-33-

Appraisal

The value of the shares of any dissenting shareholder shall be ascertained, as of the Effective Date of the Merger, by an appraisal made by a committee of three (3) persons, composed of (1) one person selected by the vote of the holders of the majority of the FNB Wiggins Common Stock, the owners of which are entitled to payment in cash in accordance with dissenters' rights; (2) one person selected by the directors of The First; and (3) one person selected by the two so selected. The valuation agreed upon by any two of the three appraisers shall govern. If the value so fixed shall not be satisfactory to any dissenting shareholder who has requested payment, that shareholder may, within five (5) days after being notified of the appraised value of his or her shares, appeal to the OCC, who shall cause a reappraisal to be made which shall be final and binding as to the value of the shares of the appellant. If, within ninety (90) days from the date of consummation of the Merger, for any reason one or more of the appraisers is not selected as provided above, or the appraisers fail to determine the value of such shares, the OCC shall, upon written request of any interested party, cause an appraisal to be made which shall be final and binding on all parties. The expenses of the OCC in making the reappraisal or the appraisal, as the case may be, shall be paid by The First. The value of the shares ascertained shall be promptly paid to the dissenting shareholders by The First. The shares of stock of First Bancshares which would have been delivered to such dissenting shareholders had they not requested payment shall be sold by First Bancshares at an advertised public auction, and First Bancshares shall have the right to purchase any of such shares at such public auction, if it is the highest bidder therefor, for the purpose of reselling such shares within thirty (30) days thereafter to such person or persons and at such price not less than par as its board of directors by resolution may determine. If the shares are sold at public auction at a price greater than the amount paid to the dissenting shareholders, the excess in such sale price shall be paid to such dissenting shareholders.

The foregoing is a summary of all applicable provisions of the National Bank Act which shareholders must comply with to exercise their dissenters' rights. This summary is not intended to be a complete statement of such provisions, and is qualified in its entirety by reference to such sections, which are included as Exhibit C hereof.

Notices

Prior to the Effective Date, dissenting shareholders of FNB Wiggins should send any communications regarding their rights to Patty Fiveash, Vice President, FNB Wiggins, 124 Border Avenue, Wiggins, Mississippi, 39577. On or after the Effective Date, dissenting FNB Wiggins shareholders should send any communications regarding their rights to Chandra B. Kidd, Corporate Secretary, First Bancshares, Inc., 6480 U.S. Hwy 98 West, Hattiesburg, Mississippi 39402. All such communications should be signed by or on behalf of the dissenting FNB Wiggins

shareholder in the form in which his or her shares are registered on the books of FNB Wiggins. First Bancshares and The First have the right to terminate the Merger Agreement if the number of shares of FNB Wiggins Common Stock as to which holders thereof are legally entitled to assert Dissenters' Rights equals a number that would disqualify the transaction as a nontaxable reorganization under and in accordance with Sections 368(a)(1)(A) and 368(a)(2)(D) of the Code. See The Merger Amendment; Waiver; Termination.

ANY FNB WIGGINS SHAREHOLDER WHO DESIRES TO EXERCISE DISSENTERS' RIGHTS SHOULD CAREFULLY REVIEW THE NATIONAL BANK ACT AND IS URGED TO CONSULT SUCH SHAREHOLDER'S LEGAL ADVISOR BEFORE EXERCISING OR ATTEMPTING TO EXERCISE SUCH RIGHTS.

COMPARATIVE RIGHTS OF SHAREHOLDERS

FNB Wiggins is a national bank organized under the laws of the United States and First Bancshares is a business corporation incorporated in the State of Mississippi. If the Merger is consummated, holders of FNB Wiggins Common Stock, whose rights as shareholders are currently governed by federal law and by the FNB Wiggins Articles of Association and Bylaws, will, upon consummation of the Merger, become shareholders of First Bancshares and their rights as such will be governed by Mississippi law and by First Bancshares' Articles of Incorporation (the First Bancshares Articles) and Bylaws.

-34-

Certain significant differences between the rights of holders of FNB Wiggins Common Stock and holders of First Bancshares Common Stock are set forth below. This summary is not intended to be relied upon as an exhaustive list or a detailed description of the provisions discussed and is qualified in its entirety by the National Bank Act and the Mississippi Business Corporation Act (MBCA) and by the Articles of Association and Bylaws of FNB Wiggins and the Articles of Incorporation and Bylaws of First Bancshares, respectively, to which holders of FNB Wiggins Common Stock are referred.

Voting Rights; Cumulative Voting

FNB Wiggins. Generally, each outstanding share of FNB Wiggins' common stock is entitled to one vote on each matter submitted to a vote. However, FNB Wiggins' Bylaws and the National Bank Act provide that in the election of directors, each shareholder entitled to vote has the right to vote in person or by proxy the number of shares owned by him for as many persons as there are directors to be elected for whose election he has a right to vote, or to cumulate his votes by giving one candidate as many votes as the number of such directors multiplied by the number of his shares shall equal, or by distributing such votes on the same principle among any number of candidates. Holders of FNB Wiggins Common Stock do not have cumulative voting rights in the election of directors.

First Bancshares. Pursuant to the MBCA and First Bancshares' Bylaws, each outstanding share of First Bancshares stock is entitled to one vote on each matter submitted to a vote. Holders of First Bancshares Common Stock do not have cumulative voting rights. Article 2.6 of the First Bancshares Bylaws provides that unless otherwise required by the MBCA or the Articles, all classes or series of First Bancshares shares entitled to vote generally on a matter shall for that purpose be considered a single voting group.

Limitations on Directors' and Officers' Liability

FNB Wiggins. FNB Wiggins' Articles of Association and Bylaws provide for indemnification or reimbursement of its directors and executive officers by FNB Wiggins, for reasonable expenses actually incurred in connection with any action, suit, or proceeding to which he or they are made a party by reason of being or having been a director, officer, or employee of FNB Wiggins, subject to certain exceptions.

First Bancshares. Article 7 of First Bancshares' Articles of Incorporation provide that no director of First Bancshares shall be personally liable to the Corporation or its shareholders for monetary damages for breach of fiduciary duty as a director, except for any appropriation in violation of fiduciary duties of any business opportunity; for acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law, under Section 79-4-8.33 of the MBCA, or for any transaction from which the director derived an improper personal benefit. Article 8 of First Bancshares' Bylaws provide for indemnification of Directors and Officers as discussed below under the caption Indemnification.

Supermajority Voting Requirements; Business Combinations or Control Share Acquisition

FNB Wiggins. FNB Wiggins' Articles of Association and Bylaws are silent as to supermajority voting requirements. However, 12 U.S.C. § 215 and 215a and require for any Merger of FNB Wiggins with another institution to be ratified and confirmed by the affirmative

vote of its shareholders owning at least two-thirds (2/3) of its capital stock outstanding.

First Bancshares. The MBCA states that in the absence of a greater requirement in the articles of incorporation, a sale, lease, exchange, or other disposition of all, or substantially all, a corporation's property requires approval by a majority of the shares entitled to vote on the transaction. The First Bancshares Articles of Incorporation do not provide for a greater than majority vote on such a transaction.

The First Bancshares Articles of Incorporation do include a Control Share Acquisition provision requiring any person who plans to acquire a control block of stock (generally defined as 10%) to obtain approval by the majority vote of disinterested shareholders or the affirmative vote of 75% of eligible members of the Board of Directors in order to vote the control shares. If a control share is made without first obtaining this approval, all stock beneficially owned by the acquiring person in excess of 10% will be considered excess stock and will not be entitled to vote.

-35-

Any person who proposes to make or has made a control share acquisition may deliver a statement to First Bancshares describing the person's background and the control share acquisition and requesting a special meeting of shareholders of First Bancshares to decide whether to grant voting rights to the shares acquired in the control share acquisition. The acquiring person must pay the expenses of this meeting. If no request is made, the voting rights to be accorded the shares acquired in the control share acquisition shall be presented to the next special or annual meeting of the shareholders. If the acquiring person does not deliver his or her statement to First Bancshares, it may elect to repurchase the acquiring person's shares at fair market value. Control shares acquired in a control share acquisition are not subject to redemption after an acquiring person's statement has been filed unless the shares are not accorded full voting rights by the shareholders.

Removal of Directors

FNB Wiggins. FNB Wiggins' Articles of Association and Bylaws are silent as to removal of directors.

First Bancshares. Article 11 of First Bancshares' Articles of Incorporation provide that no director of First Bancshares may be removed except by the shareholders for cause; provided that directors elected by a particular voting group may be removed only by the shareholders in that voting group for cause. Article 3.3 of First Bancshares Bylaws provide further that removal action may only be taken at a shareholders' meeting for which notice of the removal action has been given. A removed director's successor may be elected at the same meeting to serve the unexpired term.

Board of Directors

FNB Wiggins. All members of the FNB Wiggins Board are elected annually.

First Bancshares. Under Article 10 of the First Bancshares Articles of Incorporation, the Board of Directors of First Bancshares is divided into three classes—Class I, Class II, and Class III as nearly equal in numbers of directors as possible. Article 3.2 of the Bylaws establishes a minimum of 9 directors, and a maximum of 25 directors. At present there are 6 Class I directors, 6 Class III directors, and 5 Class II directors. The terms of the Class III directors will expire at the 2007 Annual Shareholders' Meeting. The terms of the Class I directors will expire at the 2008 Annual Shareholders' Meeting. The terms of the Class II directors will expire at the 2009 Annual Shareholders' Meeting.

Vacancies in the Board of Directors

FNB Wiggins. Under FNB Wiggins' Articles of Association and Bylaws, any vacancy may be filled by action of the FNB Wiggins Board.

First Bancshares. Under First Bancshares' Bylaws, any vacancy, may be filled for the unexpired term by the affirmative vote of a majority of the remaining directors, provided that, if the vacant office was held by a director elected by a particular voting group, only the shares of that voting group or the remaining directors elected by that voting group shall be entitled to fill the vacancy; and further provided that, if the vacant office was held by a director elected by a particular voting group, the other remaining directors or director (elected by another voting group or

groups) may fill the vacancy during an interim period before the shareholders of the vacated director's voting group act to fill the vacancy.

Amendment of the Articles of Incorporation or Bylaws

FNB Wiggins. Amendments of the FNB Wiggins Articles of Association require the vote of the holders of a majority of the outstanding shares of FNB Wiggins Common Stock. The FNB Wiggins Bylaws may be altered, amended or repealed and new bylaws may be adopted at any regular meeting of the FNB Wiggins Board by a majority vote of the whole number of directors.

First Bancshares. Under the MBCA, the board of directors has the power to amend or repeal the bylaws of a Mississippi corporation such as First Bancshares, unless such power is expressly reserved for the shareholders. Article 10 of First Bancshares' Bylaws provide that the Bylaws may be amended, altered, or repealed by the Board of Directors, except with regard to the provisions establishing the number of directors and process for removal of directors, which may only be amended by the affirmative vote of holders of outstanding shares entitled to more than 80% of the votes entitled to be cast on the alteration, amendment, or repeal.

-36-

Amendments to the Articles of Incorporation that result in dissenters' rights require the affirmative vote of a majority of the outstanding shares entitled to vote on the amendment. Otherwise, the Articles of Incorporation may be amended by a majority vote of the shares present at a meeting where a quorum is present.

Special Meetings of Shareholders

FNB Wiggins. FNB Wiggins' Bylaws authorize the FNB Wiggins Board or any three or more shareholders who hold at least 25% of the issued and outstanding shares of FNB Wiggins Common Stock to call a special meeting of shareholders. Such a call shall state the purpose or purposes of the proposed special meeting.

First Bancshares. Under First Bancshares' Bylaws, special meetings of the shareholders, for any purpose or purposes, may be called by the Chairman of the Board, the Chief Executive Officer, or the Board of Directors, or within 75 days of a written request of shareholders holding in the aggregate 10% or more of the total voting power entitled to vote on an issue. Such a request must state the purpose or purposes of the proposed special meeting.

Shareholder Proposals and Nominations

FNB Wiggins. The FNB Wiggins Bylaws do not contain any provisions regarding shareholder proposals and nominations.

First Bancshares. First Bancshares' Bylaws provide procedures that must be followed to properly nominate candidates for election as directors. At least 60 days prior to the Annual Meeting, or 10 days after notice of the Annual Meeting is provided to shareholders, notice must be given to the Secretary of First Bancshares if a shareholder intends to nominate an individual for election to the Board of Directors or propose any shareholder action. These Bylaw provisions also require information to be supplied about both the shareholder making such nomination or proposal and the person nominated.

Authorized Capital

FNB Wiggins. The authorized capital stock of FNB Wiggins consists of 50,000 Shares, \$10 Par Value Common Stock.

First Bancshares. First Bancshares has 10,000,000 shares of authorized Common Stock, \$1.00 par value, and authority to issue up to 10,000,000 shares of Preferred Stock, \$1.00 par value, with such preferences, limitations, and relative rights as determined by the Board of Directors. No shares of preferred stock are currently issued and outstanding.

Indemnification

FNB Wiggins. FNB Wiggins' Articles of Association and Bylaws provide for indemnification or reimbursement of its directors and executive officers by FNB Wiggins, for reasonable expenses actually incurred in connection with any action, suit, or proceeding to which they are made a party by reason of being or having been a director, officer, or employee of FNB Wiggins, subject to certain exceptions. The exceptions are that no person shall be so indemnified or reimbursed in relation to any matter in such action, suit, or proceeding: 1) as to which he shall finally be adjudged to have been guilty of or liable for gross negligence, willful misconduct, or criminal acts in the performance of his duties to FNB Wiggins; or 2) which has been made the subject of a compromise settlement except with the approval of a court of competent jurisdiction, or the holders of record of a majority of the outstanding shares of FNB Wiggins, or the Board of Directors acting by vote of directors not parties to the same or substantially the same action, suit, or proceeding, constituting a majority of the whole number of directors. These rights are not exclusive of other rights FNB Wiggins is entitled to as a matter of law.

-37-

First Bancshares. Section 79-4-8.50 through 79-4-8.59 of the MBCA provide First Bancshares with broad powers and authority to indemnify its directors and officers and to purchase and maintain insurance for such purposes and mandate the indemnification of First Bancshares' directors under certain circumstances. First Bancshares' Articles of Incorporation also provide it with the power and authority, to the fullest extent legally permissible under the MBCA, to indemnify its directors and officers, persons serving at the request of the First Bancshares or for its benefit as directors or officers of another corporation, and persons serving as First Bancshares' representatives or agents in certain circumstances. Pursuant to such authority and the provisions of First Bancshares' Articles of Incorporation, First Bancshares intends to purchase insurance against certain liabilities that may be incurred by it and its officers and directors.

The Articles of Incorporation of First Bancshares contain a provision which, subject to certain exceptions described below, eliminates the liability of a director or officer to it or its shareholders for monetary damages for any breach of duty as a director or officer. This provision does not eliminate such liability to the extent the director or officer engaged in willful misconduct or a knowing violation of criminal law or of any federal or state securities law, including, without limitation, laws proscribing insider trading or manipulation of the market for any security.

Under its Bylaws, First Bancshares must indemnify any person who becomes subject to a lawsuit or proceeding by reason of service as a director of First Bancshares or The First or any other corporation which the person served as a director at the request of First Bancshares. Except as noted in the next paragraph, directors are entitled to be indemnified against judgments, penalties, fines, settlements, and reasonable expenses actually incurred by the director in connection with the proceeding. Directors are also entitled to have First Bancshares advance any such expenses prior to final disposition of the proceeding, upon delivery of (1) a written affirmation by the director of his good faith belief that the standard of conduct necessary for indemnification has been met, and (2) a written undertaking to repay the amounts advanced if it is ultimately determined that the standard of conduct has not been met.

Under the Bylaws, indemnification will be disallowed if it is established that the director appropriated, in violation of his duties, any business opportunity of First Bancshares, engaged in acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, approved dividends or other distributions in violation of the MBCA, or engaged in any transaction in which the director derived an improper personal benefit. In addition to the Bylaws of First Bancshares, the MBCA requires that a corporation indemnify a director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which he or she was a party because he is or was a director of the corporation against reasonable expenses incurred by him or her in connection with the proceeding. The MBCA also provides that, upon application of a director, a court may order indemnification if it determines that the director is entitled to such indemnification under the applicable standard of the MBCA.

The Board of Directors of First Bancshares also has the authority to extend to officers, employees, and agents the same indemnification rights held by directors, subject to all of the accompanying conditions and obligations. The Board of Directors has extended or intends to extend indemnification rights to all of its executive officers.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, and controlling persons of First Bancshares pursuant to the Articles of Incorporation or Bylaws, or otherwise, First Bancshares has been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

INFORMATION CONCERNING FNB WIGGINS

FNB Wiggins is a national banking association organized in 1973 under the National Bank Act. The principal executive offices of FNB Wiggins are located at 124 Border Avenue, Wiggins, Mississippi 39577.

-38-

Business

FNB Wiggins was established in 1973 as a federally chartered national banking association under the name of First National Bank of Wiggins. It has no subsidiaries.

Competition

The principal market for FNB Wiggins is Stone County, Mississippi. It has historically drawn the bulk of its customers from this area.

Stone County has seven (7) offices of four commercial banks and one credit union. FNB Wiggins offers traditional depository services including checking accounts, certificates of deposit, and savings accounts.

FNB Wiggins is subject to intense competition in all aspects of its activities. As a lender, FNB Wiggins competes not only with other banks, but also with savings and loan associations, mortgage companies, credit unions, finance companies, insurance companies and brokerage companies. FNB Wiggins must compete for savings and time deposits with other banks, savings and loan associations, credit unions, money market and mutual funds, and issuers of commercial paper, securities and various forms of fixed and variable income investments. The primary competitive factors in the marketplace for deposits and loans are interest rates paid and interest rates charged, along with related services.

FNB Wiggins has historically operated as a community oriented bank and management believes that there has been a market niche for FNB Wiggins in the services offered by a community financial institution, particularly in the area of originating and servicing mortgage loans.

FNB Wiggins compares favorably with competing financial institutions in terms of prices, interest rates, and hours of operation. The range of services is, of necessity, more narrow than other larger financial institutions. FNB Wiggins' operating strategies have been and will continue to be developed to respond to the economic conditions prevailing in its market area.

Dividends on Common Stock

As discussed elsewhere in this Prospectus/Proxy Statement, until FNB Wiggins has fully complied with the OCC's Consent Order and its earnings and capital levels support such activities, FNB Wiggins may not declare or pay dividends on its common stock.

Liability and Asset Management

Liabilities of FNB Wiggins are represented almost entirely by customers' deposit balances including demand deposits and interest bearing accounts. In managing its liabilities, FNB Wiggins has attempted to attract customers who, assuming rates are competitive, would be inclined to maintain an ongoing relationship with FNB Wiggins, and in the case of maturing savings certificates, would tend to renew or reinvest their deposits with FNB Wiggins.

Assets of FNB Wiggins consist primarily of loans and investment securities. In order to maintain a high degree of liquidity and minimize fluctuations in the interest margin (the difference between interest income and interest expense), management endeavors to maintain loans and investment securities which are generally similar to the maturity distribution of FNB Wiggins' deposit liabilities.

Since the majority of FNB Wiggins' deposits have a maturity of six months or less, FNB Wiggins invests the majority of its investable funds (funds not put into loans) in readily marketable assets, such as Federal Funds and short-to-intermediate term issues of the United States government and its agencies. Interest rates on many loans are negotiated on a variable rate basis, especially when the loan maturity is in excess of one year. By pricing loans on a variable rate structure or selling on the secondary market long term fixed rate mortgages, and by maintaining loan maturities and investments of a relatively short term, FNB Wiggins attempts to maintain a relatively consistent interest rate margin.

-39-

Employees

FNB Wiggins employs sixteen (16) full-time equivalent employees and seven (7) part-time employees.

Properties

FNB Wiggins owns its main office. FNB Wiggins' Operations Center, adjacent to the Main Office, is also owned by FNB Wiggins. Management considers the properties to be adequate for the needs of FNB Wiggins.

Legal Proceedings

FNB Wiggins, in the usual and ordinary conduct of its business, becomes involved from time to time in litigation, both as plaintiff and as defendant. FNB Wiggins is currently a defendant in a lawsuit filed by Centon Bancorp, Inc., and Richton Bank & Trust Company in the Circuit Court of Stone County, Mississippi, on May 24, 2006, as discussed earlier in this Proxy Statement/Prospectus (See Summary Recent Developments). None of the legal proceedings to which FNB Wiggins is now a party is deemed to be likely to have any material effect upon it or its operations.

Supervision and Regulation *General*

FNB Wiggins, as a national bank, is a member of the Federal Reserve System. Its deposit accounts are insured by the Deposit Insurance Fund of the Federal Deposit Insurance Corporation (FDIC) up to the maximum legal limits of the FDIC, and it is subject to regulation, supervision and regular examination by the OCC and the FDIC. The regulations of these various agencies govern most aspects of FNB Wiggins' business, including required reserves against deposits, loans, investments, mergers and acquisitions, borrowing, distributions and location and number of branch offices. The laws and regulations governing FNB Wiggins generally have been promulgated to protect depositors and the deposit insurance funds, and not for the purpose of protecting shareholders.

Interest Rate Risk

Banking is a business which depends on interest rate differentials. In general, the differences between the interest paid by a bank on its deposits and its other borrowings and the interest received by a bank on loans extended to its customers and securities held in its investment portfolio constitute the major portion of FNB Wiggins' earnings. However, due to recent deregulation of the industry, the banking business is becoming increasingly dependent on the generation of fees and service charges.

The earnings and growth of FNB Wiggins are subject to the influence of economic conditions generally, both domestic and foreign, and also to the monetary and fiscal policies of the United States and its agencies, particularly the Federal Reserve Board, which regulates the supply of money through various means including open market dealings in United States government securities. The nature and timing of changes in such policies and their impact on FNB Wiggins cannot be predicted.

Capital Adequacy Guidelines

FNB Wiggins is generally subject to capital adequacy guidelines adopted by the various federal banking regulatory agencies for use in their examination and regulation of banks. **While the General Capital Adequacy Guidelines discussed below are applicable to all banks, FNB Wiggins is presently subject to more stringent and specific capital requirements contained in the OCC's Consent Order dated July 9, 2003.** See Business of the Bank Governmental Supervision and Regulation Consent Order.

-40-

General Capital Adequacy Guidelines

Banks generally are expected to meet certain capital guidelines which employ two measures of capital: (1) a Leverage Capital Ratio (comparing capital to total balance sheet assets), and (2) a Risk Based Capital Ratio (comparing capital to risk weighted assets and off balance sheet activity). **While the General Capital Adequacy Guidelines discussed herein are applicable to all banks, FNB Wiggins is presently subject to more stringent and specific capital requirements contained in the OCC's Consent Order dated July 9, 2003, and discussed under Capital Adequacy Guidelines Applicable to FNB Wiggins under the Consent Order below.**

The federal banking regulators, including the OCC, have adopted leverage capital guidelines under which the most highly-rated banks under the Uniform Interagency Bank Rating System are expected to maintain a minimum Leverage Capital Ratio (core capital (Tier 1) to total adjusted assets) of 3.0%. All other banks are required to meet a minimum Leverage Capital Ratio of at least 4% to 5%. As of December 31, 2003, and December 31, 2004, FNB Wiggins' Leverage Capital Ratio was 8.0% and 7.1% respectively, in each case above the regulatory minimum requirement, but in 2004 slightly below the amount of capital required by the Consent Order. As of December 31, 2005, FNB Wiggins' Leverage Capital Ratio was 6.45%, again above the regulatory minimum requirement, but slightly below the amount of capital required by the Consent Order.

The federal banking regulators have also adopted risk based capital adequacy guidelines which are used to determine the adequacy of capital based on the risk inherent in various classes of assets and off-balance sheet items. Under these guidelines, banks are expected to meet a minimum ratio of core capital (Tier 1) to risk weighted assets of 4.0% and a minimum ratio of total qualifying capital (the sum of core capital (Tier 1) and supplementary capital (Tier 2)) to risk weighted assets of 8%.

Tier 1 Capital generally consists of the sum of common stockholders' equity plus a certain portion of perpetual preferred stock, less intangible assets. Tier 2 Capital consists primarily of the excess of any perpetual preferred stock which is not included in Tier 1 Capital, mandatory convertible securities, subordinated debt and general reserves for loan losses.

The risk-weighted asset base is determined by adjusting the assets of the bank under the risk-based capital guidelines to take into account different risk characteristics. Assets are assigned to one of four risk categories: these are 0%, 20%, 50% and 100%. Off-balance sheet items (for example, standby letters of credit) also are adjusted to take into account certain risk characteristics through a two-step process. First, the amount of the off-balance sheet item is multiplied by a credit conversion factor of either 0%, 20%, 50% or 100%. Then, the result is assigned to one of the four risk categories. A bank's risk-weighted assets equal the sum of the aggregate dollar values of assets and off-balance sheet items in each risk category, after multiplied by the weight assigned to that category.

Capital Adequacy Guidelines Applicable to FNB Wiggins under the Consent Order

Under the terms of the Consent Order, FNB Wiggins is required to maintain certain capital requirements specific to FNB Wiggins which supersede the regular minimum requirements discussed above. Under Article III of the Consent Order, FNB Wiggins is to achieve and maintain Tier 1 regulatory capital equal to at least 12% of risk weighted assets and Tier 1 regulatory capital equal to 8% of total adjusted assets. In conjunction with achieving and maintaining such capital levels, the FNB Wiggins Board was required to develop, implement and insure adherence to a 3-year capital plan detailing specific plans for the maintenance of capital and projections for growth and capital requirements, together with the sources of additional capital, which had to be submitted to the OCC for approval. However, the failure of the FNB Wiggins Board to develop an OCC approved capital plan was its motivation for deciding to merge with another institution.

As of December 31, 2003, the Tier 1 Leverage capital ratio of FNB Wiggins was 8.2%; the Tier 1 Risk-Weighted Capital ratio of FNB Wiggins was 12.2% and the Total Risk-Based capital ratio of FNB Wiggins was 13.5%, in each case above the regulatory minimum requirement, and slightly above the requirements of the Order. As of December 31, 2004, the Tier 1 Leverage capital ratio of FNB Wiggins was 7.1%; the Tier 1 Risk-Weighted Capital ratio of FNB Wiggins was 11.7% and Total Risk-Based capital ratio of FNB Wiggins was 13.0%, slightly below the requirements of the Order. As of December 31, 2005, the Tier 1 Leverage capital ratio of FNB Wiggins was 6.45%; the Tier 1 Risk-Weighted Capital ratio of FNB Wiggins was 12.18% and Total Risk-Based capital ratio of FNB Wiggins was 13.36%, **slightly below the requirements of the Order. At present, FNB Wiggins is not compliant with the capital requirements of the Consent Order applicable to FNB Wiggins.**

-41-

Loan Loss Reserves

FNB Wiggins is required by the FDIC and the OCC to maintain an adequate reserve for loan and lease losses. Management of FNB Wiggins is responsible for devising a monitoring system which adequately assesses the losses each period and maintains an adequate reserve. This reserve is funded by charges to FNB Wiggins' income. The charges adversely impact income irrespective of actual losses.

During the due diligence review of FNB Wiggins, The First determined that an additional \$400,000 was needed in the allowance for loan losses of FNB Wiggins. This determination was reached after reviewing approximately 50% of the loan portfolio, applying the more conservative loan classification standards of The First to those loans reviewed, and extrapolating the results to the remainder of the loan population. The review

revealed that an additional allowance of approximately \$400,000 was needed. This additional provision was primarily related to: (1) loans that would be downgraded under the loan classification standards of The First but were previously rated as pass by FNB Wiggins; (2) loans with capitalized interest; (3) charge-offs that would have been taken under the loan classification standards of The First; and (4) loans with insufficient documentation to justify their current classification. As a result, The First requested that an additional provision for loan losses of \$400,000 be recorded by FNB Wiggins and reflected in its June 30, 2006, call report, which was filed with the FDIC. FNB Wiggins complied with this request, and the additional provision is reflected within the June 30, 2006, financial information that is part of this Prospectus/Proxy Statement. However, the recording of this additional provision does not mean that the prior loan loss allocation used by FNB Wiggins according to its methodology was insufficient. It reflects a difference in the loan classification standards of The First and FNB Wiggins. Additionally, the additional provision will have no effect on the Merger Consideration received by holders of FNB Wiggins Common Stock under the terms of the Merger Agreement.

For more information on loan loss reserves for the periods ended December 31, 2003, December 31, 2004, and December 31, 2005, see FNB WIGGINS MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS Allowance for Loan Losses for the respective periods below.

Enforcement Authority

Federal banking law grants substantial enforcement powers to federal banking regulators. This enforcement authority includes, among other things, the ability to assess civil money penalties, to issue cease-and-desist or removal orders and to initiate injunctive actions against banking organizations and institution-affiliated parties. In general, these enforcement actions may be initiated for violations of laws and regulations and unsafe or unsound practices. Other actions or inactions may provide the basis for enforcement action, including misleading regulatory authorities or the untimely filing of reports.

Additional Regulation

FNB Wiggins is subject to Federal Reserve regulations which, among other things, require it to maintain reserves against transaction accounts (primarily checking accounts), money market deposit accounts and nonpersonal time deposits. Because reserves generally must be maintained in cash or in noninterest-bearing accounts, the effect of the reserve requirements is to increase the cost of funds for FNB Wiggins.

In addition to the specific laws affecting banks and the regulations promulgated by the OCC, FNB Wiggins will also be subject to general state laws (including, for example, usury laws which govern interest rates and other finance charges collectible by FNB Wiggins on loans) except to the extent any such laws may be preempted by federal law.

-42-

Future Deregulation

FNB Wiggins is subject to laws and regulations which impose specific requirements or restrictions on and provide for general regulatory oversight with respect to virtually all aspects of operations. The operations of FNB Wiggins may be affected by legislative changes and changes in the policies of various regulatory authorities. FNB Wiggins is unable to predict the nature or the extent of the effect on its business and earnings that fiscal or monetary policies, economic control, or new federal or state legislation may have in the future.

Consent Order

As a result of an examination of FNB Wiggins by the OCC that commenced on December 2, 2002, FNB Wiggins, through its Board of Directors, executed a Stipulation and Consent to the Issuance of a Consent Order dated July 9, 2003. The terms of the Consent Order, which is a public document available on the website of the OCC at www.occ.treas.gov, is on page 8.

The Bank remains in noncompliance with the Consent Order. As noted, FNB Wiggins is obligated by the Consent Order to achieve and maintain certain minimum regulatory capital ratios. **At present, FNB Wiggins is not compliant with the capital requirements of the Consent Order and has been ordered to sell, merge, or liquidate FNB Wiggins.** The previous capital plan of FNB Wiggins calling for increase of capital by sale of the stock offered hereby was not approved by the OCC. Failure of the Bank to comply with the requirements of the Consent Order has resulted in an Order by the OCC to sell or liquidate FNB Wiggins.

FNB WIGGINS'

MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION

AND RESULTS OF OPERATIONS

The following discussion and analysis of the financial condition and results of operations of FNB Wiggins should be read in conjunction with the consolidated financial statements, accompanying footnotes and other supplemental financial information appearing elsewhere in this Proxy Statement/Prospectus.

Forward Looking Statements

This Proxy Statement/Prospectus prepared by FNB Wiggins, as well as other filings, reports and press releases made or issued by FNB Wiggins, and oral statements made by executive officers of FNB Wiggins, may include forward-looking statements relating to such matters as (a) assumptions concerning future economic and business conditions and their effect on the economy in general and on the markets in which FNB Wiggins does business, and (b) expectations for increased revenues and earnings for FNB Wiggins through improved operations, attraction of new deposit and loan customers and the introduction of new products and services. Such forward-looking statements are based on assumptions rather than historical or current facts and, therefore, are inherently uncertain and subject to risk.

Results of operations, 2005 compared to 2004

The Bank reported a net loss of \$242,631 for the year ended December 31, 2005 compared to net loss of \$611,025 for the year ended December 31, 2004.

Changes in Financial Position and Liquidity - For the year ended December 31, 2005, total assets increased to \$51,039,282 from \$47,435,468 at December 31, 2004.

Allowance for Loan Losses - FNB Wiggins maintains its allowance for loan losses at a level that is considered sufficient to absorb potential losses in the loan portfolio. The estimate of the loan loss allowance and provision for loan losses is determined by management after considering the following factors: (1) analytical review of the loan loss experience in relations to outstanding loans; (2) internal review of problem loans and overall portfolio quality; (3) examinations of the loan portfolio conducted by state and federal supervisory authorities; (4) management's judgment with respect to current and expected economic conditions and their impact on the loan portfolio and borrower's ability to pay; and (5) the relationship of the reserve for possible loan losses to outstanding loans.

FNB Wiggins continues to make significant efforts to strengthen the loan portfolio through sound lending practices and careful monitoring of existing loans. The allowance for loan losses decreased to \$308,876 at December 31, 2005 compared to \$975,122 at December 31, 2004. Management regularly reviews the level of the allowance for possible loan losses and believes it is adequate to absorb estimated probable loan losses at December 31, 2005. The following is a summary of activity in the allowance for loan losses for each of the past two years:

	2005	2004
----- Beginning Balance	\$975,122	\$1,306,123 -----

Pursuant to the Consent Order discussed above, FNB Wiggins is required to develop, implement and insure Bank adherence to a written program to improve FNB Wiggins' loan portfolio management and to insure compliance with its loan policy. In addition, FNB Wiggins is to develop a system to provide for early problem loan identification and management. The FNB Wiggins Board is also required to secure an independent and ongoing loan review system to review at least quarterly all loans in FNB Wiggins' loan and lease portfolio to assure timely identification and categorization of problem credits, and to review the adequacy of the FNB Wiggins' reserve for loan and lease losses and shall establish a program for maintenance of the reserve in conformity with regulations of the OCC.

 (1) This includes charge-offs for commercial, real estate, and consumer loans, as well as approximate charge-offs of other types of loans including agricultural finance loans, obligations of states and subdivisions, and other loans.

(2) This includes approximately \$10,000 in recoveries for other loans including agricultural finance of states and political subdivisions, and other loans.

-44-

During the year ended December 31, 2005, FNB Wiggins decreased its provision for loan losses charged to operations to \$118,419 from \$287,187 during the prior year. The allowance for loan losses decreased during the year ended December 31, 2005 to \$308,876 from \$975,122 for the prior year.

Results of operations, 2004 compared to 2003

The Bank reported a net loss of \$611,025 for the year ended December 31, 2004 compared to net loss of \$79,153 for the year ended December 31, 2003. The increased loss can be attributed largely to loan losses experienced during 2004.

Interest income was \$2,487,104 for the year ended December 31, 2004, down from \$2,970,816 for the year ended December 31, 2003. Interest expense was \$1,205,691 for the year ended December 31, 2004, compared to \$1,439,893 for the previous year.

Non-interest income for the year ended December 31, 2004 increased to \$540,023, up from \$520,901 for the prior year ended December 31, 2003. Non-interest expense increased to \$2,136,836 from \$2,043,043 for December 31, 2004 and 2003, respectively.

Salaries were reduced to \$724,796 for the year ended December 31, 2004, compared to \$737,867 for the prior year.

FNB Wiggins' provision for loan losses charged to operations was increased substantially to \$287,187 for the year ended December 31, 2004, up from \$87,934 for the year ended December 31, 2003. This increase was due primarily to the FNB Wiggins' continued recognition and charge-off of doubtful loans, the process discussed in more detail below under Allowance for Loan Losses.

For the year ended December 31, 2004, FNB Wiggins incurred income tax expense in the amount of \$8,438, compared to no such expense during 2003.

Changes in Financial Position and Liquidity - For the year ended December 31, 2004, total assets decreased to \$47,435,468 from \$50,334,566 at December 31, 2003.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

Allowance for Loan Losses - FNB Wiggins maintains its allowance for loan losses at a level that is considered sufficient to absorb potential losses in the loan portfolio. The estimate of the loan loss allowance and provision for loan losses is determined by management after considering the following factors: (1) analytical review of the loan loss experience in relations to outstanding loans; (2) internal review of problem loans and overall portfolio quality; (3) examinations of the loan portfolio conducted by state and federal supervisory authorities; (4) management's judgment with respect to current and expected economic conditions and their impact on the loan portfolio and borrower's ability to pay; and (5) the relationship of the reserve for possible loan losses to outstanding loans.

FNB Wiggins continues to make significant efforts to strengthen the loan portfolio through sound lending practices and careful monitoring of existing loans. The allowance for loan losses decreased to \$975,122 at December 31, 2004 compared to \$1,306,123 at December 31, 2003. Management regularly reviews the level of the allowance for possible loan losses and believes it is adequate to absorb estimated probable loan losses at December 31, 2004. The following is a summary of activity in the allowance for loan losses for each of the past two years:

	2004	2003
-----	-----	-----
Beginning Balance	\$1,306,123	\$1,497,498
Charge-offs	(\$780,855)	(474,388) (3)

 (3) This includes charge-offs for commercial, real estate, and consumer loans, as well as approximate charge-offs of other types of loans including agricultural finance loans, obligations of states and subdivisions, and other loans.

(4) This includes approximately \$10,000 in recoveries for other loans including agricultural finance of states and political subdivisions, and other loans.

-45-

Pursuant to the Consent Order discussed above, FNB Wiggins is required to develop, implement and insure Bank adherence to a written program to improve FNB Wiggins' loan portfolio management and to insure compliance with its loan policy. In addition, FNB Wiggins is to develop a system to provide for early problem loan identification and management. The FNB Wiggins Board is also required to secure an independent and ongoing loan review system to review at least quarterly all loans in FNB Wiggins' loan and lease portfolio to assure timely identification and categorization of problem credits, and to review the adequacy of the FNB Wiggins' reserve for loan and lease losses and shall establish a program for maintenance of the reserve in conformity with regulations of the OCC.

During the year ended December 31, 2004, FNB Wiggins increased its provision for loan losses charged to operations to \$287,187 from \$87,934 during the prior year. Despite the FNB Wiggins' increase in its provision for loan losses, its allowance for loan losses decreased during the year ended December 31, 2004 to \$975,122 from \$1,306,123 for the prior year. This overall decrease in allowance for loan losses was attributed to substantially more charge-offs during 2004 than in the prior year as a result of the FNB Wiggins' implementation of higher scrutiny in its loan quality review procedures.

Interest Rate Risk

FNB Wiggins is subject to liquidity and interest rate risks related to the composition of its interest bearing assets and liabilities.

Capital Adequacy

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

Under the terms of the Consent Order, FNB Wiggins is required to maintain certain capital requirements specific to FNB Wiggins which supercede the capital adequacy guidelines generally applicable to all banks and discussed above under the subheading *General Capital Adequacy Guidelines*. Under Article III of the Consent Order, FNB Wiggins is to achieve and maintain Tier 1 regulatory capital equal to at least 12% of risk weighted assets and Tier 1 regulatory capital equal to 8% of total adjusted assets. In conjunction with achieving and maintaining such capital levels, the FNB Wiggins Board is to develop, implement and insure adherence to a 3-year capital plan detailing specific plans for the maintenance of capital and projections for growth and capital requirements, together with the sources of additional capital. This capital plan shall be submitted to the OCC for approval.

As of December 31, 2003, the Tier 1 Leverage capital ratio of FNB Wiggins was 8.2%; the Tier 1 Risk-Weighted Capital ratio of FNB Wiggins was 12.2% and the Total Risk-Based capital ratio of FNB Wiggins was 13.5%, in each case above the regulatory minimum requirement, and slightly above the requirements of the Consent Order. As of December 31, 2004, the Tier 1 Leverage capital ratio of FNB Wiggins was 7.1%; the Tier 1 Risk-Weighted Capital ratio of FNB Wiggins was 11.7% and Total Risk-Based capital ratio of FNB Wiggins was 13.0%, slightly below the requirements of the Consent Order. As of December 31, 2005, the Tier 1 Leverage capital ratio of FNB Wiggins was 6.45%; the Tier 1 Risk-Weighted Capital ratio of FNB Wiggins was 12.18% and Total Risk-Based capital ratio of FNB Wiggins was 13.36%, **slightly below the requirements of the Consent Order. At present, FNB Wiggins is not compliant with the capital requirements of the Consent Order applicable to FNB Wiggins.**

-46-

Regulatory Matters

See discussion under *Consent Order* at *Business of the Bank* *Supervision and Regulation* above.

The conditions imposed on FNB Wiggins by the Consent Order and by ongoing capital adequacy and other regulatory requirements effectively restrict its ability to increase its assets and deposit base, expand its operations, make acquisitions or pay dividends until FNB Wiggins has fully complied with the Order and its earnings and capital levels support such activities. Although management does not expect FNB Wiggins to experience future operating losses at the levels incurred in prior years, there can be no assurance that continued losses and further depletion of the FNB Wiggins capital will not occur. Any future losses could significantly impact FNB Wiggins ability to continue to meet its capital requirements. If FNB Wiggins does not meet its capital requirements or otherwise fully comply with the Consent Order, FNB Wiggins could be subject to further restrictions or enforcement actions by regulatory authorities.

RE: Fairness Opinion Relative to the Agreement and Plan of Merger by and among The First Inc., The First, A National Banking Association, and First National Bank of Wiggins D 2006 (the "Merger Agreement")

Directors:

The Board of Directors of First National Bank of Wiggins ("FNB Wiggins") retained Southard Financial as a financial valuation and consulting firm, to render its opinion of the fairness, from the viewpoint, of the merger of FNB Wiggins with and into The First, A National Banking Association (the "Merger"), a wholly-owned national bank subsidiary of The First Bancshares, Inc. ("First Bancshares"). Southard Financial and its principals have no past, present, or future contemplated financial interest in either FNB Wiggins, The First, or First Bancshares. This opinion is issued based upon information as of June 30, 2006 for FNB Wiggins, The First, and First Bancshares.

Southard Financial is a financial valuation consulting firm specializing in the valuation of public companies and financial institutions. Since its founding in 1987, Southard Financial has provided valuation opinions for clients in 43 states. Further, Southard Financial provides valuation services to financial institutions for approximately 130 financial institutions annually. Southard Financial is independent of the merger.

Approach to Assignment

The key consideration in this fairness opinion is the adequacy of the total price paid in the terms of the Merger, the shareholders of FNB Wiggins will receive a total consideration of \$4.00 per share, the outstanding shares of common stock of FNB Wiggins ("FNB Wiggins Common Stock"). FNB Wiggins will receive 4.605 shares of First Bancshares common stock ("First Bancshares Common Stock") for each share of FNB Wiggins Common Stock. The consideration equates to approximately \$175.00 per share of FNB Wiggins Common Stock, assuming a value of \$19.00 per share for First Bancshares Common Stock. It should be noted that the First Bancshares Common Stock (NASDAQ: FBMS) has traded above \$19.00 per share since its 2-for-1 stock split on March 16, 2006. Since that time, daily closing prices ranged from \$20.00 per share, and average daily volume was low at just 642 shares. FNB Wiggins Common Stock is not listed on any exchange.

Exhibit B-2

The approach to this assignment was to consider the following factors:

- A review of the financial performance and position of FNB Wiggins and the value of its common stock;
- A review of the financial performance and position of First Bancshares and the value of its common stock;
- A review of recent bank merger transactions;
- A review of the current and historical market prices of banks and bank holding companies in the states and surrounding states;
- A review of the investment characteristics of the common stock of FNB Wiggins and First Bancshares;
- A review of the Agreement and Plan of Merger between First Bancshares, The First, and FNB Wiggins;
- An evaluation of the impact of the Merger on the expected return to the current shareholders of FNB Wiggins; and,
- An evaluation of other factors as was considered necessary to render this opinion.

It is Southard Financial's understanding that the Merger and resulting exchange of the outstanding shares of FNB Wiggins Common Stock for shares of First Bancshares Common Stock constitutes a non-taxable exchange for tax purposes. The exchange of FNB Wiggins Common Stock for cash may have tax consequences. The total consideration to be received by shareholders of FNB Wiggins will include a combination of cash and First Bancshares Common Stock, the transaction may have tax consequences for all shareholders of FNB Wiggins.

OVERVIEW OF FAIRNESS ANALYSIS

In connection with rendering its opinion, Southard Financial performed a variety of financial analyses. Southard Financial believes that its analyses must be considered as a whole and that considering only one analysis could create an incomplete view of the analyses and the process underlying the opinion. The rendering of a fairness opinion is a complex process involving subjective judgment and is not susceptible to mechanical application. In its analyses, Southard Financial made numerous assumptions, many of which are beyond the control of FNB Wiggins, The First, and First Bancshares. Any estimates contained in the analyses prepared by Southard Financial are not necessarily indicative of future results or values, which may vary significantly from the estimates of value of companies do not purport to be appraisals or necessarily reflect the value of companies or their securities may actually be sold. None of the analyses performed by Southard Financial assigned greater significance than any other.

Based upon the analyses of the foregoing and such matters as were considered relevant, it is the opinion of Southard Financial that the terms of the Merger of FNB Wiggins with and into The First pursuant to the Merger Agreement are fair, from a financial viewpoint, to the shareholders of FNB Wiggins.

This opinion is solely for the use and benefit of the Board of Directors, and (except for the materials to be sent to shareholders of FNB Wiggins and in necessary regulatory applications) no reference to the opinion or any other reference to Southard Financial by FNB Wiggins in connection with the Merger will be subject to Southard Financial's prior review and written approval, which shall not be withheld. THE FIRST BANCSHARES, INC.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE A - NATURE OF BUSINESS

The First Bancshares, Inc. (the Company) is a financial holding company whose business is primarily conducted by its wholly-owned subsidiary, The First, A National Banking Association (The First or The Bank). The bank provides a full range of banking services in its primary market area of South Mississippi. The Company, as a financial holding company, is regulated by the Federal Reserve Bank. Its subsidiary bank is subject to the regulation of the Office of the Comptroller of the Currency (OCC).

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The Company and its subsidiary follow accounting principles generally accepted in the United States of America including, where applicable, general practices within the banking industry.

1. Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary. All significant intercompany accounts and transactions have been eliminated.

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of the allowance for loan losses and the valuation of deferred tax assets.

3. Cash and Due From Banks

Included in cash and due from banks are legal reserve requirements which must be maintained on an average basis in the form of cash and balances due from the Federal Reserve. The reserve balance varies depending upon the types and amounts of deposits. At December 31, 2005, the required reserve balance on deposit with the Federal Reserve Bank was approximately \$1,393,000.

4. Securities

Investments in securities are accounted for as follows:

Exhibit D-8

Available-for-Sale Securities

Securities classified as available-for-sale are those securities that are intended to be held for an indefinite period of time, but not necessarily to maturity. Any decision to sell a security classified as available-for-sale would be based on various factors, including movements in interest rates, liquidity needs, security risk assessments, changes in the mix of assets and liabilities and other similar factors. These securities are carried at their estimated fair value, and the net unrealized gain or loss is reported in stockholders' equity, net of tax, when applicable, until realized. Premiums and discounts are recognized in interest income using the interest method.

Gains and losses on the sale of available-for-sale securities are determined using the adjusted cost of the specific security sold.

Securities to be Held-to-Maturity

Securities classified as held-to-maturity are those securities for which there is a positive intent and ability to hold to maturity. These securities are carried at cost adjusted for amortization of premiums and accretion of discounts, computed by the interest method.

Trading Account Securities

Trading account securities are those securities which are held for the purpose of selling them at a profit. There were no trading account securities on hand at December 31, 2005 and 2004.

Other Securities

Other securities are carried at cost and are restricted in marketability. Other securities consist of investments in the Federal Home Loan Bank (FHLB), Federal Reserve Bank and First National Bankers Bankshares, Inc.

5. Loans held for sale

The Company originates fixed rate single family, residential first mortgage loans on a presold basis. The Company issues a rate lock commitment to a customer and concurrently locks in with a secondary market investor under a best efforts delivery mechanism. Such loans are sold without the servicing retained by the Company. The terms of the loan are dictated by the secondary investors and are transferred within several weeks of the Company initially funding the loan. The Company recognizes certain origination fees and service release fees upon the sale which are included in interest and fees on loans in the consolidated statement of income. Between the initial funding of the loans by the Company and the subsequent purchase by the investor, the Company carries the loans held for sale at the lower of cost or fair value in the aggregate as determined by the outstanding commitments from investors.

6. Loans

Loans are carried at the principal amount outstanding, net of the allowance for loan losses. Interest income on loans is recognized based on the principal balance outstanding and the stated rate of the loan. Loan origination fees and certain direct origination costs are deferred and recognized as an adjustment of the related loan yield using the interest method.

A loan is considered impaired when, based upon current events and information, it is probable that the scheduled payments of principal or interest will not be collected in accordance with the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral values, and the probability of collecting scheduled payments of principal and interest when due. Generally, impairment is measured on a loan by loan basis using the fair value of the supporting collateral.

Exhibit D-9

Loans are generally placed on a nonaccrual status when principal or interest is past due ninety days or when specifically determined to be impaired. When a loan is placed on nonaccrual status, interest accrued but not received is generally reversed against interest income. If collectability is in doubt, cash receipts on nonaccrual loans are used to reduce principal rather than recorded in interest income. Past due status is determined based upon contractual terms.

7. Allowance for Loan Losses

For financial reporting purposes, the provision for loan losses charged to operations is based upon management's estimations of the amount necessary to maintain the allowance at an adequate level. Allowances for any impaired loans are generally determined based on collateral values. Loans are charged against the allowance for loan losses when management believes the collectability of the principal is unlikely.

Management evaluates the adequacy of the allowance for loan losses on a regular basis. These evaluations are based upon a periodic review of the collectability considering historical experience, the nature and value of the loan portfolio, underlying collateral values, internal loan reviews, and prevailing economic conditions. In addition, the OCC, as a part of the regulatory examination process, reviews the loan portfolio and the allowance for loan losses and may require changes in the allowance based upon information available at the time of the examination. The allowance consists of two components: allocated and unallocated. The components represent an estimation done pursuant to either Financial Accounting Standards Board (FASB) Statement No. 5, Accounting for Contingencies, or FASB Statement No. 114, Accounting by Creditors for Impairment of a Loan. The allocated component of the allowance reflects expected losses resulting from an analysis developed through specific credit allocations for individual loans, including any impaired loans, and historical loan loss history. The analysis is performed quarterly, and loss factors are updated regularly.

The unallocated portion of the allowance reflects management's estimate of probable inherent but undetected losses within the portfolio due to uncertainties in economic conditions, changes in collateral values, unfavorable information about a borrower's financial condition, and other risk factors that have not yet manifested themselves. In addition, the unallocated allowance includes a component that explicitly accounts for the

inherent imprecision in the loan loss analysis.

In August 2005, Hurricane Katrina struck the Mississippi Gulf Coast causing significant damage. In determining the allowance for loan losses, factors resulting from the Hurricane based upon communications with borrowers, collateral inspections and various risk characteristics were considered. These factors are based upon management's estimates and judgments utilizing information available as of the date of the consolidated financial statements and, accordingly, actual results could differ.

8. Premises and Equipment

Premises and equipment are stated at cost, less accumulated depreciation. The depreciation policy is to provide for depreciation over the estimated useful lives of the assets using the straight-line method. Repairs and maintenance expenditures are charged to operating expenses; major expenditures for renewals and betterments are capitalized and depreciated over their estimated useful lives. Upon retirement, sale, or other disposition of property and equipment, the cost and accumulated depreciation are eliminated from the accounts, and any gains or losses are included in operations.

Exhibit D-10

9. Other Real Estate

Other real estate consists of properties acquired through foreclosure and, as held for sale property, is recorded at the lower of the outstanding loan balance or current appraisal less estimated costs to sell. Any write-down to fair value required at the time of foreclosure is charged to the allowance for loan losses. Subsequent gains or losses on other real estate are reported in other operating income or expenses. At December 31, 2005 and 2004, other real estate totaled \$310,728 and \$167,793, respectively.

10. Other Assets

Financing costs related to the issuance of junior subordinated debentures are being amortized over the life of the instruments and are included in other assets. The Company invests in bank owned life insurance (BOLI). BOLI involves the purchasing of life insurance by the Company on a chosen group of employees. The Company is the owner of the policies and, accordingly, the cash surrender value of the policies is reported as an asset, and increases in cash surrender values are reported as income.

11. Stock Options

FASB Statement No. 123, *Accounting for Stock-Based Compensation*, requires a fair value-based method of measuring employee stock options. Under this method, compensation cost is measured at the option grant date based on the value of the award and is recognized over the service period. In lieu of recording the value of such options, the Company has elected to continue to measure compensation cost using Accounting Principles Board (APB) No. 25, *Accounting for Stock Issued to Employees*, and to provide pro forma disclosures quantifying the difference between compensation cost included in reported net income and the related cost measured by such fair value-based method.

Had compensation cost for the stock plans been determined based on the fair values of the options at the grant dates consistent with the method of FASB Statement No. 123, the Company's net income and net income per share would have been reduced to the pro forma amounts indicated below:

	Years end 2005
Net income as reported	\$ 1,909,194
Deduct stock-based compensation expense determined under the fair value based method	8,368
Pro forma net income	\$ 1,900,826
Basic net income per share as reported	\$ 1.62

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

Diluted net income per share as reported
 Pro forma diluted net income per share

1.53
 1.53

For options granted in the year ended December 31, 2005, the assumptions used in estimating compensation cost on a pro forma basis were: dividend yield of 1.3%, expected life of three years, volatility of near 50%, and a risk-free interest rate of 3.7%. No grants were issued during the year ended December 31, 2004.

Exhibit D-11

12. Income Taxes

Income taxes are provided for the tax effects of the transactions reported in the financial statements and consist of taxes currently payable plus deferred taxes related primarily to differences between the bases of assets and liabilities as measured by income tax laws and their bases as reported in the financial statements. The deferred tax assets and liabilities represent the future tax consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled.

The Company and its subsidiary file consolidated income tax returns. The subsidiary provides for income taxes on a separate return basis and remits to the Company amounts determined to be payable.

13. Advertising Costs

Advertising costs are expensed in the period in which they are incurred. Advertising expense for the years ended December 31, 2005 and 2004, was approximately \$149,340 and \$146,236, respectively.

14. Statements of Cash Flows

For purposes of reporting cash flows, cash and cash equivalents include cash, amounts due from banks, interest-bearing deposits with banks and federal funds sold. Generally, federal funds are sold for a one to seven day period.

15. Off-Balance Sheet Financial Instruments

In the ordinary course of business, the subsidiary bank enters into off-balance sheet financial instruments consisting of commitments to extend credit, credit card lines and standby letters of credit. Such financial instruments are recorded in the financial statements when they are exercised.

16. Per Share Amounts

Per share amounts are presented in accordance with FASB Statement No. 128, "Earnings Per Share." Under Statement No. 128, two per share amounts are considered and presented, if applicable. Basic per share data is calculated based on the weighted-average number of common shares outstanding during the reporting period. Diluted per share data includes any dilution from potential common stock outstanding, such as exercise of stock options.

Exhibit D-12

The following table discloses the reconciliation of the numerators and denominators of the basic and diluted computations:

	For the Year Ended December 31, 2005			
	Net Income (Numerator)	Shares (Denominator)	Per Share Amount	Net Income (Numerator)

The diluted per share amounts were computed by applying the treasury stock method.

17. Reclassifications

Certain reclassifications have been made to the 2004 financial statements to conform with the classifications used in 2005. These reclassifications did not impact the Company's consolidated financial condition or results of operations.

18. Accounting Pronouncements

In November, 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position (FSP) 115-1, The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments. This FSP provides additional guidance on when an investment in a debt or equity security should be considered impaired and when that impairment should be considered other-than-temporary and recognized as a loss in earnings. Specifically, the guidance clarifies that an investor should recognize an impairment loss no later than when the impairment is deemed other-than-temporary, even if a decision to sell has not been made. The FSP also requires certain disclosures about unrealized losses that have not been recognized as other-than-temporary impairments. Management applied the guidance in this FSP in 2005.

In December, 2004, the FASB revised SFAS 123, Accounting for Stock-Based Compensation. SFAS 123R establishes accounting requirements for share-based compensation to employees and carries forward prior guidance on accounting for awards to non-employees. In 2005, the FASB issued further guidance on the classification and measurement of freestanding financial instruments originally issued for employee service and the application of grant date as defined in SFAS 123R. The Corporation will be required to adopt these statements on January 1, 2006. SFAS 123R will require the Corporation to change its method of accounting for share-based awards to include estimated forfeitures in the initial estimate of compensation expense and to accelerate the recognition of compensation expense for retirement eligible employees. The adoption of these standards is not expected to have a material effect on financial condition, results of operations, or liquidity.

Approximately 71% of the number of securities in the investment portfolio at December 31, 2005, reflected an unrealized loss. Management is of the opinion the Company has the ability to hold these securities until such time as the value recovers or the securities mature. Management also believes the deterioration in value is attributable to changes in market interest rates and not to the credit quality of the issuer.

NOTE H - REGULATORY MATTERS

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

The Company and its subsidiary bank are subject to regulatory capital requirements administered by federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on the Company's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Company and its subsidiary bank must meet specific capital guidelines that involve quantitative measures of assets, liabilities, and certain off-balance-sheet items as calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgment by regulators about components, risk weightings, and other related factors.

To ensure capital adequacy, quantitative measures have been established by regulators, and these require the Company and its subsidiary bank to maintain minimum amounts and ratios (set forth in the table below) of total and Tier I capital (as defined) to risk-weighted assets (as defined), and of Tier I capital to adjusted total assets (leverage). Management believes, as of December 31, 2005, that the Company and its subsidiary bank exceed all capital adequacy requirements.

At December 31, 2005 and 2004, the subsidiary bank was categorized by regulators as well-capitalized under the regulatory framework for prompt corrective action. A financial institution is considered to be well-capitalized if it has a total risk-based capital ratio of 10% or more, has a Tier I risk-based capital ratio of 6% or more, and has a Tier I leverage capital ratio of 5% or more. There are no conditions or anticipated events that, in the opinion of management, would change the categorization.

Exhibit D-18

The actual capital amounts and ratios at December 31, 2005 and 2004, are presented in the following table. No amount was deducted from capital for interest-rate risk exposure.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

The Company's dividends, if any, are expected to be made from dividends received from its subsidiary bank. The OCC limits dividends of a national bank in any calendar year to the net profits of that year combined with the retained net profits for the two preceding years.

NOTE I - COMPREHENSIVE INCOME

The Company and its subsidiary bank report comprehensive income as required by FASB Statement No. 130, Reporting Comprehensive Income. In accordance with this statement, unrealized gains and losses on securities available-for-sale are included in other comprehensive income.

In the calculation of comprehensive income, certain reclassification adjustments are made to avoid double counting amounts that are displayed as part of net income for a period that also had been displayed as part of other comprehensive income. The disclosure of the reclassification amounts is as follows:

NOTE K - EMPLOYEE BENEFITS

The Company and its subsidiary bank provide a deferred compensation arrangement (401(k) plan) whereby employees contribute a percentage of their compensation. For employee contributions of three percent or less, the Company and its subsidiary bank provide a matching contribution. Contributions totaled \$67,227 in 2005, and \$64,191 in 2004.

The Company and its subsidiary bank have employment agreements with certain executive officers. These agreements contain provisions concerning salaries, bonuses, incentive programs, and benefits related to a change in control.

NOTE L - STOCK PLANS

In 1997, the Company adopted the 1997 Stock Option Plan (1997 Plan) which provides for the granting of options to purchase up to 72,185 shares of Company common stock by directors and key employees of the Company and the Bank. Options granted under the 1997 Plan were exercisable at December 31, 1999, and expire ten years after the grant date. As of December 31, 2005, 53,567 grants had not been exercised or forfeited. The options are exercisable at not less than the market value of the Company's stock at the grant date. Accordingly, no compensation cost has been recognized.

On May 27, 1999, the Company's shareholders approved the 1999 Stock Incentive Plan (1999 Plan). The 1999 Plan provides for the granting of options to purchase up to 106,689 shares of the Company's common stock by the Company's and its subsidiaries' directors, key employees, and management. Under the 1999 Plan, the Company may grant either incentive stock options or nonqualified stock options. Options granted to directors and employees vest in equal amounts over three years. Stock options granted to management vest based on annual performance goals or after nine years and eleven months, if still employed. At December 31, 2005, 106,679 options had been granted, and 29,690 had been exercised or forfeited. Of the remaining grants available, 73,024 were vested. All options expire and are void unless exercised on or before April 15, 2009. The options are exercisable at not less than the market value of the Company's stock at the grant date. Accordingly, no compensation expense has been recognized.

Exhibit D-21

A summary of the status of the stock option plans as of December 31, 2005 and 2004, and changes during the years ending on those dates is presented below:

NOTE M - SUBORDINATED DEBENTURES

The Company issued \$7,217,000 of floating rate junior subordinated deferrable interest debentures to The First Bancshares Statutory Trust I, a Connecticut business trust, in which the Company owns all of the common equity. The debentures are the sole asset of the Trust. The Trust issued \$7,000,000 of Trust Preferred Securities (TPSs) to investors. The Company's obligations under the debentures and related documents, taken together, constitute a fully and unconditional guarantee by the Company of the Trust's obligations under the preferred securities. The preferred securities are redeemable by the Company in 2007, or earlier in the event the deduction of related interest for federal income taxes is prohibited, treatment as Tier I capital is no longer permitted, or certain other contingencies arise. The preferred securities must be redeemed upon maturity of the debentures in 2032. Interest on the preferred securities is the three month London Interbank Offer Rate (LIBOR) plus 3.6% and is payable quarterly. The terms of the subordinated debentures are identical to those of the preferred securities. In December 2003, the Company adopted the provisions of FASB Interpretations No. 46R (FIN 46R), Consolidation of Variable Interest Entities, An Interpretation of ARB No. 51. The adoption of FIN 46R required the company to deconsolidate the subsidiary.

NOTE N - TREASURY STOCK

Shares held in treasury totaled 26,494 at December 31, 2005 and 2004.

NOTE O - RELATED PARTY TRANSACTIONS

In the normal course of business, the subsidiary bank makes loans to its directors and executive officers and to companies in which they have a significant ownership interest. In the opinion of management, these loans are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other parties, are consistent with sound banking practices, and are within applicable regulatory and lending limitations. Such loans amounted to approximately \$8,093,000 and \$7,672,000 at December 31, 2005 and 2004, respectively. The activity in loans to current directors, executive officers, and their affiliates during the year ended December 31, 2005, is summarized as follows (in thousands):

Loans outstanding at beginning of year
 New loans
 Repayments

 Loans outstanding at end of year

In 2004, the Company sold its leasehold interest in sixteenth section land to a related party for \$153,562.

NOTE P - COMMITMENTS, CONTINGENCIES, AND CONCENTRATIONS OF CREDIT RISK

In the normal course of business, there are outstanding various commitments and contingent liabilities, such as guaranties, commitments to extend credit, etc., which are not reflected in the accompanying financial statements. The subsidiary bank had outstanding letters of credit of \$1,446,000 and \$927,000 at December 31, 2005 and 2004, respectively, and had made loan commitments of approximately \$33,364,000 and \$23,471,000 at December 31, 2005 and 2004, respectively.

Commitments to extend credit and letters of credit include some exposure to credit loss in the event of nonperformance of the customer. Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Standby letters of credit are conditional commitments issued by the Bank to guarantee the performance of a customer to a third party. The credit policies and procedures for such commitments are the same as those used for lending activities. Because these instruments have fixed maturity dates and because a number expire without being drawn upon, they generally do not present any significant liquidity risk. No significant losses on commitments were incurred during the two years ended December 31, 2005, nor are any significant losses as a result of these transactions anticipated.

The primary market area served by the subsidiary bank is Forrest, Lamar, Jones, Pearl River and Jackson Counties within South Mississippi. Management closely monitors its credit concentrations and attempts to diversify the portfolio within its primary market area. As of December 31, 2005, management does not consider there to be any significant credit concentrations within the loan portfolio. Although the banks' loan portfolio, as well as existing commitments, reflects the diversity of its primary market area, a substantial portion of a borrower's ability to repay a loan is dependent upon the economic stability of the area.

The Company has three leases for facilities. The first lease expires in July, 2006, and the monthly lease payments are \$2,110. The second lease expires in May, 2006, and the monthly lease payments are \$1,675. The third lease requires monthly payments of \$2,706 through December, 2006, with escalation to \$2,829 through the lease expiration in June, 2007. Three one-year renewal options are included in the lease terms. Renewal rates will be based on the increase in the Consumer Price Index.

Rental expense for premises and equipment for the years ended December 31, 2005 and 2004, was approximately \$136,000 and \$90,000, respectively.

The Company and its subsidiary bank are subject to claims and lawsuits which arise primarily in the ordinary course of business. It is the opinion of management that the disposition or ultimate resolution of such claims and lawsuits will not have a material adverse effect on the consolidated financial position of the Company.

NOTE Q - DISCLOSURE ABOUT FAIR VALUES OF FINANCIAL INSTRUMENTS

The following disclosure of the estimated fair value of financial instruments is made in accordance with FASB Statement No. 107, Disclosures About Fair Value of Financial Instruments. The estimated fair value amounts have been determined using available market information and appropriate valuation methodologies. However, considerable judgment is necessarily required to interpret market data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that could be realized in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

Cash and Cash Equivalents -For such short-term instruments, the carrying amount is a reasonable estimate of fair value.

Securities - For securities held as investments, fair value equals market price, if available. If a quoted market price is not available, fair value is estimated using quoted market prices for similar securities.

Loans - The fair value of loans is estimated by discounting the future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities.

Deposits - The fair values of demand deposits are, as required by Statement No. 107, equal to the carrying value of such deposits. Demand deposits include noninterest-bearing demand deposits, savings accounts, NOW accounts, and money market demand accounts. The fair value of variable rate term deposits, those repricing within six months or less, approximates the carrying value of these deposits. Discounted cash flows have been used to value fixed rate term deposits and variable rate term deposits repricing after six months. The discount rate used is based on interest rates currently being offered on comparable deposits as to amount and term.

Short-Term Borrowings - The carrying value of any federal funds purchased and other short-term borrowings approximates their carrying values.

FHLB and Other Borrowings - The fair value of the fixed rate borrowings are estimated using discounted cash flows, based on current incremental borrowing rates for similar types of borrowing arrangements. The carrying amount of any variable rate borrowings approximates their fair values.

Subordinated Debentures - The subordinated debentures bear interest at a variable rate and the carrying value approximates the fair value.

Off-Balance Sheet Instruments - Fair values of off-balance sheet financial instruments are based on fees charged to enter into similar agreements. However, commitments to extend credit do not represent a significant value until such commitments are funded or closed. Management has determined that these instruments do not have a distinguishable fair value and no fair value has been assigned.

INDEPENDENT AUDITORS' REPORT

Board of Directors and Stockholders
First National Bank of Wiggins
Wiggins, Mississippi

We have audited the accompanying balance sheets of First National Bank of Wiggins as of Dec 2003, and the related statements of operations, changes in stockholders' equity, and cash flow then ended. These financial statements are the responsibility of the Bank's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The accompanying financial statements have been prepared assuming that the Bank will continue as a going concern. As discussed in Note G to the financial statements, at December 31, 2004, the Bank did not meet the minimum capital requirements established by the Office of the Comptroller of the Currency (OCC) under a consent order. The Bank also has suffered recurring losses from operations. The Bank has filed with the OCC outlining its plans for attaining the required levels of regulatory capital. The Bank's notification from the OCC rejecting its capital plan. Failure to meet the capital requirements and other conditions of the OCC included in the consent order would expose the institution to regulatory sanctions that could include restrictions on operations and growth, mandatory asset dispositions, and seizure. These conditions cast substantial doubt about the ability of the Bank to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

In our opinion, the financial statements referred to above present fairly, in all material aspects, the financial position of the First National Bank of Wiggins as of December 31, 2004 and 2003, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

FIRST NATIONAL BANK OF WIGGINS
 NOTES TO FINANCIAL STATEMENTS
 DECEMBER 31, 2004 AND 2003

NOTE A - SUMMARY OF ACCOUNTING POLICIES

The accounting and reporting policies of First National Bank of Wiggins (the Bank) conform to the accounting principles generally accepted in the United States of America and, where applicable, to the practices within the banking industry. The following is a description of the significant policies:

1. Nature of Operations

The Bank provides full banking services. It operates under a national bank charter and is subject to the regulation of the Office of the Comptroller of the Currency (OCC). The Bank serves the Mississippi area.

2. Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the end of the reporting period. Actual results may differ from those estimates.

The determination of the adequacy of the allowance for loan losses is based on estimates and is particularly susceptible to significant changes in the economic environment and market conditions. In connection with the determination of the estimated losses on loans, management obtains independent appraisals for significant collateral. The Bank's loans are generally secured by specific items of collateral, including real property, consumer assets, and business assets. Although the Bank has a diversified portfolio, a substantial portion of its debtors' ability to honor their contracts is dependent on the value of their collateral.

conditions. While management uses available information to recognize losses on loans, further allowance may be necessary based on changes in local economic conditions. In addition, regulators as an integral part of their examination process, periodically review the estimated loss agencies may require, and have required, the Bank to recognize additional losses based on about information available to them at the time of their examination. Because of the reasonably possible that the estimated losses on loans may change materially in the near term, the amount of the change that is reasonably possible cannot be estimated.

Exhibit E-9

FIRST NATIONAL BANK OF WIGGINS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2004 AND 2003

NOTE A - SUMMARY OF ACCOUNTING POLICIES (Continued)

3. Securities

Investments in securities are accounted for as follows:

Available-for-Sale Securities

Securities classified as available-for-sale are those securities that are intended for an indefinite period of time but not necessarily to maturity. Any decision to sell a security classified as available-for-sale would be based on various factors including movements in interest rates, security risk assessments, changes in the mix of assets and liabilities and other similar factors. Securities are carried at their estimated fair value, and the net unrealized gain or loss is reported in accumulated other comprehensive income. Premiums and discounts are recognized in interest income using the interest method.

Gains and losses on the sale of available-for-sale securities are determined using the cost basis of the specific security sold.

Securities to be Held-to-Maturity

Securities classified as held-to-maturity are those securities for which there is a positive intent and ability to hold to maturity. These securities are carried at cost adjusted for amortization or accretion of discount, computed by the interest method.

Trading Account Securities

Trading account securities are those securities which are held for the purpose of selling them in the near term. There were no trading account securities on hand at December 31, 2004 and 2003.

Other Securities

Other securities are carried at cost and are restricted in marketability. Other security investments in the Federal Home Loan Bank (FHLB) and the Federal Reserve Bank.

4. Loans

Loans are generally carried at the principal amount outstanding and adjusted for the allowance for loan losses. Interest is accrued into income based upon the principal outstanding and the terms of the loan.

(Continued)

FIRST NATIONAL BANK OF WIGGINS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2004 AND 2003

NOTE A - SUMMARY OF ACCOUNTING POLICIES (Continued)

4. Loans (Continued)

A loan is considered to be impaired when it appears probable that the entire amount contractually due will not be collected. Factors considered in determining impairment include payment status, collateral value, and the probability of collecting scheduled payments of principal and interest when due. Impairment is measured on a loan by loan basis using the fair value of the supporting collateral.

The accrual of interest on significant loans, as determined by bank management, is discontinued when, in the opinion of management, there are indications that the borrower may be unable to meet payments as they come due. Thereafter, no interest is taken into income until received.

Direct loan costs and any related loan origination fees are recognized currently as period costs. Loan costs, respectively, and do not vary materially from the results that would be recorded using the method prescribed by Financial Accounting Standards Board (FASB) No. 91, "Accounting for Nonrecurring Costs Associated with Originating or Acquiring Loans and Initial Direct Costs of Leases."

5. Allowance for Loan Losses

The allowance for loan losses is maintained at a level believed adequate by management to cover probable losses inherent in the loan portfolio and is based on the size and current risk characteristics of the loan portfolio, an assessment of individual problem loans, actual and anticipated loss experience, economic events, internal and regulatory loan reviews, and other pertinent factors, including management guidance and general economic conditions. Determination of the allowance is inherently subjective and requires significant estimates, including the evaluation of collateral supporting impaired loans on pools of homogeneous loans based on historical loss experience, and consideration of current economic trends, all of which may be susceptible to significant change. Loan losses are charged to the allowance, while recoveries of amounts previously charged off are credited to the allowance. The allowance for loan losses is charged to operations based on management's periodic evaluation of the factors mentioned, as well as other pertinent factors.

5. Allowance for Loan Losses (Continued)

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

The allowance for loan losses consists of an allocated component and an unallocated component. The components of the allowance for loan losses represent an estimation done pursuant to either FASB Statement No. 5, "Accounting for Contingencies," or FASB Statement No. 114, "Accounting by Creditors for Impairment of a Loan." The allocated component of the allowance for loan losses reflects expected losses analysis developed through specific credit allocations for individual loans and historical loss experience for each loan category. The specific allocations are based on a regular review of all loans and the internal credit rating is at or below a predetermined classification. The historical loss experience is determined statistically using loss experience and the related internal gradings of loan categories. The loss analysis is performed quarterly and loss factors are updated regularly based on actual loss experience. The allocated component of the allowance for loan losses also includes consideration of the amount of concentrations and changes in portfolio mix and volume.

The unallocated portion of the allowance reflects management's estimate of probable inherent losses within the portfolio due to uncertainties in economic conditions, changes in credit conditions, unfavorable information about a borrower's financial condition, and other risk factors. The unallocated allowance includes a component that explicitly accounts for the inherent impairment loss analysis.

6. Premises and Equipment

Premises and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation and amortization are determined using the straight-line and accelerated methods at rates calculated to depreciate or amortize the cost of the assets over their estimated useful lives.

Repairs and maintenance expenditures are charged to operating expenses; major expenditures that improve the betterments are capitalized and depreciated over their estimated useful lives. Upon retirement or other disposition of premises and equipment, the cost and accumulated depreciation are removed from the accounts, and any gains or losses are included in operations.

7. Employee Benefits

The Bank provides a deferred compensation arrangement (401(k) plan) whereby employees contribute a portion of their compensation. Eligible employees are allowed to contribute up to 10% of their compensation as defined in the plan, and the Bank matches up to 4% of the employee contribution. For the years ended December 31, 2004 and 2003, expense attributable to the Plan amounted to \$19,403 and \$14,650, respectively.

8. Income Taxes

Deferred income tax assets and liabilities are determined using the liability (or balance sheet) method. Under this method, the net deferred tax asset or liability is determined based on the differences between the book and tax bases of the various balance sheet assets and liabilities, adjusted for current recognition to changes in tax rates and laws.

9. Foreclosed Assets

Real estate properties acquired through or in lieu of loan foreclosure are initially recorded at the Bank's carrying amount or fair value less estimated selling cost at the date of acquisition. Write-downs based on the asset's fair value at the date of the acquisition are charged to loan losses. After foreclosure, property held for sale is carried at the lower of the new value less cost to sell. Impairment losses on property to be held and used are measured as the excess of the carrying amount of a property over its fair value. Costs of significant improvements are capitalized, whereas costs relating to holding property are expensed. Valuations are performed by management, and any subsequent write-downs are recorded as a charge to operations to reduce the carrying value of a property to the lower of its cost or fair value less cost to sell.

10. Statement of Cash Flows

For purposes of reporting cash flows, cash and cash equivalents include cash and due from banks and funds sold. Generally, federal funds are sold for one to seven-day periods.

11. Off-Balance Sheet Financial Instruments

In the ordinary course of business, the Bank has entered into off-balance-sheet financial instruments consisting of commitments to extend credit. Such financial instruments are recorded on the balance sheet when they are exercised.

12. Accounting Pronouncements

On September 30, 2004, the FASB issued FASB Staff Position ("FSP") Emerging Issues Task Force No. 03-1-1 delaying the effective date of paragraphs 10-20 of EITF 03-1, "The Meaning of Other-than-temporarily Impaired and Its Application to Certain Investments." The EITF Issue provides guidance for the meaning of "other-than-temporarily impaired" and its application to certain debt and equity investments under the scope of SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities." Investments accounted for under the cost method. The guidance requires that investments with a decline in value due to credit concerns or solely due to changes in interest rates must be classified as other-than-temporarily impaired unless the Bank can assert and demonstrate its intention to hold the investment for a period of time sufficient to allow for a recovery of fair value up to or beyond the cost of the investment which might mean maturity. The delay of the effective date of EITF 03-1 was concurrent with the final issuance of proposed FSP Issue 03-1-a. Proposed FSP Issue 03-1-a provides implementation guidance with respect to all securities analyzed for impairment under EITF 03-1. Management continues to closely monitor and evaluate how the provisions of proposed FSP Issue 03-1-a will affect the Bank.

In December 2003, the Accounting Standards Executive Committee issued Statement of Position No. 03-1, "Accounting for Certain Loans or Debt Securities Acquired in a Transfer." The SOP is effective for securities acquired in fiscal years beginning after December 15, 2004. The SOP addresses accounting for certain securities between contractual cash flows and cash flows expected to be collected from an investor's

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

in loans or debt securities acquired in a transfer if those differences are attributable, to credit quality. The SOP applies to loans acquired in business combinations but does not apply to loans originated by the Bank. Management does not believe the provision of this standard will have a material impact on the results of future operations.

13. Reclassifications

Certain prior period amounts have been reclassified to conform with the 2004 presentation.

As of December 31, 2004, approximately 64% of the number of securities in the investment portfolio had an unrealized loss. Management is of the opinion the Bank has the ability to hold these securities until such time as the value recovers or the securities mature. Management also believes the unrealized value is attributable to changes in market interest rates and not to the credit quality of the securities.

NOTE G - REGULATORY MATTERS

The Bank, as a national bank, is subject to the dividend restrictions set forth by the Currency. Under such restrictions, the Bank may not, without the prior approval of the Currency, declare dividends in excess of the sum of the current year's earnings (as

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

retained earnings (as defined) from the prior two years.

The Bank operated under an OCC Formal Agreement for the year 2002. The Agreement provided that the Bank not accept brokered deposits without prior OCC approval and provided directives regarding asset quality, earnings, and operations. During its regulatory examination, the OCC instructed the Bank to charge off significant amounts of loans and book additional provisions for losses. Additional regulatory supervision and directives as a result of this examination resulted in a Consent Order that superseded the Formal Agreement. The Consent Order, effective July 2003, directed the Bank's Board of Directors to increase their supervisory roles, raise and maintain certain prescribed minimums, and implement certain operational controls, policies, and procedures. In 2004, the Bank continued to operate under the regulatory Consent Order. During the years ended December 31, 2004, the Bank sold 3,177 and 551 shares of common stock for \$635,400 and \$110,200, respectively.

The Bank is subject to regulatory capital requirements administered by federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory, and possibly additional, supervisory actions by regulators that, if undertaken, could have a direct material effect on the Bank's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Bank must meet specific capital guidelines that involve quantitative measures of assets, liabilities, and certain off-balance-sheet items as calculated under regulatory accounting practices. Capital adequacy classifications are also subject to qualitative judgment by regulators about components, risks, and other related factors.

NOTE G - REGULATORY MATTERS (Continued)

To ensure capital adequacy, quantitative measures have been established by regulators and the Bank to maintain minimum amounts and ratios (set forth in the table below) of Total and Tier I capital (as defined) to risk-weighted assets (as defined), and of Tier I capital to adjusted total assets.

At December 31, 2004, the Bank was adequately capitalized under the guidelines provided in the regulatory framework for prompt corrective action. A financial institution is considered to be adequately capitalized if it has total risk-based capital ratio of 8% or more, has a Tier I risk-based capital ratio of 6% or more, and has a Tier I leverage capital ratio of 4% or more. However, at the most recent examination, the Bank's capital was determined to be critically deficient.

The actual capital amounts and ratios at December 31, 2004 and 2003, are presented in the table below. No amount was deducted from capital for interest-rate risk exposure.

NOTE I - RELATED PARTY TRANSACTIONS

In the normal course of business, the Bank makes loans to its directors and executive companies in which they have a significant ownership interest. These loans are made on similar terms, including interest rates and collateral, as those prevailing at the time for comparable loans with other persons. Such loans amounted to approximately \$1,810,000 and \$1,575,000 at Dec 31, 2004 and 2003, respectively.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

2003, respectively. In the opinion of management, such loans are consistent with sound banking practices and are within applicable regulatory and lending limitations.

NOTE J - COMMITMENTS AND CONTINGENT LIABILITIES

In the ordinary course of business, the Bank is subject to legal actions and complaints. After consultation with legal counsel and based upon available facts and proceedings to date, ultimate liability, if any, arising from such legal actions or complaints will not have a material effect on the financial position or future results of operations of the Bank.

NOTE J - COMMITMENTS AND CONTINGENT LIABILITIES (Continued)

The Bank has entered into a borrowing agreement with the Federal Home Loan Bank of Dallas. The Bank can obtain funds by collateralizing its first mortgage notes. The amount of borrowings is based upon the amount of first mortgage loans and total assets of the Bank. At December 31, 2004, borrowings had been advanced from the Federal Home Loan Bank.

In the normal course of business, there are outstanding various commitments and contingent liabilities, such as guarantees, commitments to extend credit life, etc., which are not reflected in the accompanying financial statements. The Bank had no outstanding letters of credit at December 31, 2004 and 2003, respectively. The Bank's exposure to credit loss in the event of nonperformance by the financial instrument for commitments to extend credit and letters of credit is represented by the amount of the instrument. The Bank uses the same credit policies in making commitments and obligations as it does for its lending activities. No significant losses are anticipated from these transactions.

NOTE K - CONCENTRATION OF CREDIT RISK

Most of the Bank's loans, commitments, and letters of credit have been granted in the Bank's market area. Generally, borrowers are also depositors of the Bank. Investments in states and municipalities also involve governmental entities within the Bank's market area. The concentrations of loans are set forth in Note C. The distribution of commitments to extend credit approximates the distribution of loans outstanding.

NOTE L - COMPREHENSIVE INCOME

In the calculation of comprehensive income, certain reclassification adjustments are made to net income to account for amounts that are displayed as part of net income for a period that also had been included in the calculation of other comprehensive income. The disclosure of the reclassification amounts are as follows:

NOTE M - RISK FACTORS

The Bank's operations are affected by various risk factors, including interest-rate risk, risk from geographic concentration of lending activities. Management attempts to manage through various asset/liability management techniques designed to match maturities liabilities. Loan policies and administration are designed to provide assurance that granted to credit-worthy borrowers, although credit losses are expected to occur because of factors and factors beyond the control of the Bank. In addition, the Bank is a community bank as mandated by the Community Reinvestment Act and other regulations to conduct most of its business within the geographic area where it is located. As a result, the Bank and its borrowers are vulnerable to the consequences of changes in the local economy.

NOTE N - MISAPPROPRIATION OF ASSETS

Subsequent to December 31, 2003, a discovery of a misappropriation scheme was made. The misappropriation totaled approximately \$109,000, of which \$103,000 was estimated and reported in the 2003 financial statements. The additional \$6,000 was reported in the 2004 financial statements.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS/PROXY STATEMENT

Item 20. Indemnification of Directors and Officers.

The Mississippi Business Corporation Act (MBCA) provides that a director, officer or agent of a corporation may be indemnified for such service if he conducted himself in good faith, and he reasonably believed in the case of conduct in his official capacity with the corporation, that his conduct was in the corporation's best interests; and in all other cases that his conduct was at least not opposed to the corporation's best interests. In the case of a criminal proceeding, a director must show that he had no reasonable cause to believe his conduct was unlawful. Indemnification permitted under this section in connection with a derivative action is limited to reasonable expenses incurred in connection with the proceeding.

First Bancshares' Articles of Incorporation provide it with the power and authority, to the fullest extent legally permissible under the MBCA, to indemnify its directors and officers, persons serving at the request of the First Bancshares or for its benefit as directors or officers of another corporation, and persons serving as First Bancshares' representatives or agents in certain circumstances. Pursuant to such authority and the provisions of First Bancshares' Articles of Incorporation, First Bancshares intends to purchase insurance against certain liabilities that may be incurred by it and its officers and directors.

The MBCA further authorizes a corporation to make further indemnity for certain actions that do not constitute gross negligence or willful misconduct if authorized by the corporation's Articles of Incorporation. The First Bancshares Articles provide for indemnification to the fullest extent permitted by the MBCA and specifically provide for the further indemnity authorized by the MBCA.

The Articles of Incorporation of First Bancshares contain a provision which, subject to certain exceptions described below, eliminates the liability of a director or officer to it or its shareholders for monetary damages for any breach of duty as a director or officer. This provision does not eliminate such liability to the extent the director or officer engaged in willful misconduct or a knowing violation of criminal law or of any federal or state securities law, including, without limitation, laws proscribing insider trading or manipulation of the market for any security.

Under its Bylaws, First Bancshares must indemnify any person who becomes subject to a lawsuit or proceeding by reason of service as a director of First Bancshares or The First or any other corporation which the person served as a director at the request of First Bancshares. Except as noted in the next paragraph, directors are entitled to be indemnified against judgments, penalties, fines, settlements, and reasonable expenses actually incurred by the director in connection with the proceeding. Directors are also entitled to have First Bancshares advance any such expenses prior to final disposition of the proceeding, upon delivery of (1) a written affirmation by the director of his good faith belief that the standard of conduct necessary for indemnification has been met, and (2) a written undertaking to repay the amounts advanced if it is ultimately determined that the standard of conduct has not been met.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

Under the Bylaws, indemnification will be disallowed if it is established that the director appropriated, in violation of his duties, any business opportunity of First Bancshares, engaged in acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, approved dividends or other distributions in violation of the MBCA, or engaged in any transaction in which the director derived an improper personal benefit. In addition to the Bylaws of First Bancshares, the MBCA requires that a corporation indemnify a director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which he or she was a party because he is or was a director of the corporation against reasonable expenses incurred by him or her in connection with the proceeding. The MBCA also provides that, upon application of a director, a court may order indemnification if it determines that the director is entitled to such indemnification under the applicable standard of the MBCA.

The Board of Directors of First Bancshares also has the authority to extend to officers, employees, and agents the same indemnification rights held by directors, subject to all of the accompanying conditions and obligations. The Board of Directors has extended or intends to extend indemnification rights to all of its executive officers.

In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer, or controlling person of the Registrant in the successful defense of any such action, suit or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement;
 - (iii) To include any material information with respect to the plan or distribution of securities previously disclosed in the Registration Statement or any material change in the information in the Registration Statement;
- (2) That, for the purpose of determining any liability under the Securities Act of 1933,

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form S-4

post-effective amendment shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

- (3) To remove from registration by means of post-effective amendment any of the securities registered which remain unsold at the termination of the offering.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) of the Securities Exchange Act of 1934 (and, when applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) (1) The undersigned Registrant hereby undertakes as follows: that prior to any public offering of the securities registered hereunder through use of a prospectus which is a part of the Registration Statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reoffering of securities, persons who may be deemed underwriters, in addition to the information called for by the applicable items of the applicable form.

(2) The Registrant undertakes that every prospectus (i) that is filed pursuant to paragraph (1) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities, subject to Rule 415, will be filed as a part of an amendment to the Registration Statement and will not be used until such amendment is effective, and for the purposes of determining any liability under the Securities Act of 1933, a post-effective amendment shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be sought by directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. That a claim for indemnification against such liabilities (other than the payment by the Registrant of incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with securities being registered, the Registrant will, unless in the opinion of its counsel the matter is settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether indemnification by it is against public policy as expressed in the Act and will be governed by the adjudication of such issue.

(e) The undersigned Registrant hereby undertakes to respond to requests for information that are made by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means.
