REPORT OF INDEPENDENT ACCOUNTANTS

Report of Independent Public Accountants

To the Stockholders and Board of Directors of FirstEnergy Corp.:

We have audited the consolidated balance sheet and consolidated statement of capitalization of FirstEnergy Corp. (an Ohio corporation) and subsidiaries as of December 31, 2001, and the related consolidated statements of income, common stockholders' equity, preferred stock, cash flows and taxes for the year then ended (included in the Company's 2001 annual report to stockholders, which is incorporated by reference into the 2001 Form 10-K included in Exhibit A-1 to this Form U5S). These consolidated financial statements and the supplementary consolidating financial information referred to below are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements and the supplementary consolidating information based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of FirstEnergy Corp. and subsidiaries as of December 31, 2001, and the results of their operations and their cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States.

As explained in Note 1 to the consolidated financial statements, effective January 1, 2001, the Company changed its method of accounting for derivative instruments and hedging activities by adopting Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities", as amended.

Our audit was made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The supplementary consolidating financial information in the accompanying Form U5S is presented for purposes of additional analysis of the basic consolidated financial statements rather than to present the financial positions, results of operations and cash flows of the individual companies and is not a required part of the basic consolidated financial statements. This information has been subjected to the auditing procedures applied in our audit of the basic consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic consolidated financial statements taken as a whole.
