PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the board of directors of Atrix Laboratories, Inc., a Delaware corporation, for use at our Annual Meeting of Stockholders to be held on April 27, 2003, and at any adjournment, continuation or postponement of the meeting.

A number of abbreviations are used in the proxy statement. We refer to the company as Atrix or we, us or our. The term proxy solicitation materials includes this proxy statement, as well as the enclosed proxy card. References to fiscal 2002 means our 2002 fiscal year which began on January 1, 2002 and ended on December 31, 2002. Our 2003 Annual Meeting of Stockholders is simply referred to as the annual meeting or the meeting.

Our principal executive office is located at 2579 Midpoint Drive, Fort Collins, Colorado 80525. Our principal executive office telephone number is (970) 482-5868.

These proxy solicitation materials were mailed on or about March 26, 2003 to all stockholders entitled to vote at the annual meeting.

Record Date and Shares Outstanding

Stockholders who owned shares of our common stock at the close of business on March 21, 2003, referred to as the record date, are entitled to notice of, and to vote at, the annual meeting. At the record date, we had 20,539,016 shares of common stock issued and outstanding.

Revoking Your Proxy

You may revoke your proxy at any time prior to the date of the annual meeting by: (1) submitting a later-dated vote, in person at the annual meeting, via the Internet, by telephone or by mail, or (2) delivering instructions to the attention of Investor Relations at our principal executive office, 2579 Midpoint Drive, Fort Collins, Colorado 80525. Any notice of revocation sent to us must include the stockholder's name and must be received prior to the meeting to be effective.

How Your Proxy Will Be Voted

All shares represented by properly executed proxies received in time for the meeting will be voted at the meeting in accordance with the instructions marked thereon or otherwise as provided therein, unless such proxies have previously been revoked. Unless instructions to the contrary are marked, or if no instructions are specified, shares represented by proxies will be voted:

FOR the election of all nominees for director;

FOR the proposal to amend and restate our 2000 Stock Incentive Plan; and

FOR the ratification of the selection of Deloitte & Touche LLP as our independent auditors for the calendar year ending December 31, 2003.

In addition, if any other matters properly come before the annual meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as directed by the board of

Table of Contents

directors. We have not received notice of any other matters that may properly be presented at the annual meeting.

Quorum

Each share of common stock outstanding on the record date is entitled to one vote. Cumulative voting is not permitted. A quorum, which is a majority of the outstanding shares as of the record date, must be present to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting, if you vote your shares by telephone or over the Internet, or if you submit a properly executed proxy card. Votes against a particular proposal will be counted both to determine the presence or absence of a quorum and to determine whether the requisite majority of voting shares has been obtained.

Voting

Tabulation

If a quorum is present, the affirmative vote of (1) a plurality of the shares of common stock voting at the annual meeting is required to elect directors, and (2) a majority of the shares voted at the annual meeting is required to approve the proposal to amend and restate our 2000 Stock Incentive Plan and to ratify the appointment of Deloitte & Touche LLP as our independent accountants for this fiscal year.

Our transfer agent will tabulate votes cast by proxy by an automated system. Votes cast by proxy or in person at the meeting will be counted by the persons appointed by us to act as election inspectors for the meeting. Abstentions, broker non-votes, which are explained below, and shares as to which authority to vote on any proposal is withheld, are each included in the determination of the number of shares present and voting at the meeting for purposes of obtaining a quorum. Each will be tabulated separately.

Abstentions; Broker Non-Votes

In the absence of controlling precedent to the contrary, we intend to treat abstentions and broker non-votes in the following manner. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker non-votes and shares as to which proxy authority has been withheld with respect to any matter are not deemed to be entitled to vote for purposes of determining whether stockholder approval of that matter has been obtained. As a result, broker non-votes are not included in the tabulation of the voting results on the election of directors or issues requiring the approval of a majority of the shares of common stock present and entitled to vote and, therefore, do not have the effect of votes in opposition for such proposals. With respect to Proposal 1 requiring a plurality vote and Proposals 2 and 3 requiring the affirmative vote of a majority of the common stock, present and entitled to vote, broker non-votes have no effect. Because abstentions will be included in tabulations of the shares of common stock entitled to vote for purposes of determining whether a proposal has been approved, abstentions have the same effect as a negative vote on Proposals 2 and 3.

Solicitation of Proxies

This solicitation is being made by mail on behalf of our board of directors, but may also be made without additional remuneration by our officers or employees by telephone, telegraph, facsimile transmission, e-mail or personal interview. We will bear the expense of the preparation, printing and mailing of the enclosed form of proxy, notice of annual meeting and this proxy statement and any additional material relating to the meeting that may be furnished to our stockholders by our board subsequent to the furnishing of this proxy statement. We will reimburse banks and brokers who hold shares in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. To obtain the necessary representation of stockholders at the meeting, supplementary solicitations may be made by mail, telephone or interview by our

Table of Contents

officers or employees, without additional compensation, or selected securities dealers. We anticipate that the cost of such supplementary solicitations, if any, will not be material.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

Our amended and restated certificate of incorporation provides for a board of directors made up of three classes. The members of each class serve three-year staggered terms with one class to be elected at each annual meeting. In accordance with our bylaws, the board of directors has currently set the total number of directors at eight, with three directors in Class A, two directors in Class B and three directors in Class C. The current terms of the Class B and Class C directors expire at our annual meeting of stockholders for the years ended 2004 and 2005, respectively. The current term of the Class A directors expires at the meeting.

The board of directors has nominated Dr. D. Walter Cohen, Mr. Sander Flaum and Mr. Peter Schied for election as Class A directors to serve for a three-year term expiring at the annual meeting of the stockholders for the year ended 2006 and until their successors are elected and qualified.

If any of the Class A nominees is unable or declines to serve as a director at the time of the annual meeting, the proxies will be voted for any nominee who is designated by the present board of directors to fill the vacancy. It is not expected that any nominee will be unable or will decline to serve as a director.

Compensation of Directors

Each non-employee director receives in lieu of an annual cash retainer, an option to purchase 2,800 shares of common stock, granted in quarterly installments, which vest in three equal annual installments. Each non-employee director may elect to apply all or any portion of the annual retainer fee to the acquisition of restricted shares or the receipt of stock options in accordance with the terms of our non-employee director stock incentive plan. Under our non-employee director stock incentive plan, immediately following each annual meeting of the stockholders, each non-employee director is granted a non-qualified stock option to purchase 4,000 shares (5,000 shares in the case of a non-employee Chairman of the Board). The options vest in three equal annual installments. We also reimburse expenses of directors for attending meetings. In addition, each non-employee director receives \$1,500 for each board meeting attended, which the directors can elect to receive either in cash or in shares of restricted stock. Our directors who are also officers do not receive any additional compensation for their service as members of the board of directors.

REPORT OF THE COMPENSATION COMMITTEE

Our compensation committee is currently comprised of three independent outside directors and is responsible for establishing our overall compensation policy and administering the compensation programs for our executive officers.

Executive Compensation Philosophy

The compensation committee applies a consistent philosophy of compensation for all of our employees, including our executive officers. This philosophy is based on the premise that our achievements result from the coordinated efforts of all individuals working toward common objectives.

The goals of the executive compensation program are to align executive compensation with our business objectives and performance, and to enable us to attract, retain and reward executive officers who contribute to our long-term success. Our compensation program for executive officers is based on the same principles applicable to compensation decisions for all of our employees and generally consists of two compensation elements: cash and equity. A large percent of peer companies also incorporate performance bonus programs to enhance the executive compensation package, whether they are profitable or not. We incorporated both equity and a cash bonus in 2003 after comparison with our peers. In determining executive officer compensation levels for each of these components the compensation committee takes into account both qualitative and quantitative factors. Among the factors considered by the compensation committee are the recommendations of the CEO with respect to the compensation of our other executive officers. The compensation committee, however, makes the final compensation decisions concerning such officers.

In making compensation decisions, the compensation committee considers compensation practices and financial performance of our peer group. The peer group is comprised of drug delivery and biotech companies that are among those entities who participate in an annual biotechnological survey conducted by Radford Associates in conjunction with Aon Consulting Group (the Radford Survey). The peer group included companies within our investment space. The 2002 custom survey included public and private companies considered to be similar to us or to be our competitors.

The compensation committee uses this information as a guide, but does not target total executive compensation or any component thereof to any particular point within, or outside, the range of peer group results. However, the compensation committee believes that compensation at or near the weighted average of the peer group for base salaries is generally appropriate to use as a guideline for compensation decisions. The specified weighted averages are considered on both an absolute basis and a size-adjusted basis (i.e., reflecting compensation levels that are commensurate with our size relative to the sizes of the peer group companies).

Table of Contents

Specific compensation for individual executive officers will vary from these levels as the result of other factors considered by us, unrelated to compensation practices of the peer group.

Compensation Elements

For fiscal 2002, our executive compensation program consisted of a base salary, bonus and the grant of stock options.

Base Salary. The compensation committee determines salaries for our executive officers by evaluating, subjectively, the responsibilities of the position held and the experience and performance of the individual and comparing base salaries for comparable positions at peer group entities. In determining the base salaries for 2002, the compensation committee reviewed the peer group data with our CEO for each executive position. In addition, the compensation committee reviewed the responsibility level of each position, together with the executive officer's individual performance for the prior year and objectives for the current year. In addition, our overall performance during the past year was compared to objectives for the prior year and performance targets for the current year. In general, during 2002, the base salaries for our executive officers were adjusted between 0 and 10% depending on performance, with the average salary increase being approximately 5%.

Bonus. A discretionary cash bonus was also awarded to some of the executive officers in 2002. Their performance was compared to the goals and objectives for the Company and their respective areas of control from the 2001 and 2002 Business Plans. Each position was also compared to respective positions among peer companies. Overall the cash bonus as a percent of base salary was much smaller than those of peer companies, many of whom were not profitable.

Stock Options. The long-term incentive component of our executive officers is stock options. The compensation committee believes that providing executive officers with opportunities to acquire significant equity positions in the company and thus, the opportunity to share in our growth and prosperity, through the grant of stock options will enable us to attract and retain qualified and experienced executive officers. Stock options represent a valuable portion of the compensation program for our executive officers. The exercise price of stock options is the fair market value of the shares on the date of the grant and generally only provide a benefit if the value of the shares increases. Grants of stock options to executive officers are made by the compensation committee upon the recommendation of the CEO, who comprises the stock option committee, and are based upon a review of peer group and our relative size data within the 2002 survey. Each executive officer's stock option ownership is compared to ownership levels of officers in similar positions in companies in our peer group or the Radford Survey. We also evaluate the executive officer's past and expected future performance and the number of outstanding and previously granted options.

CEO Compensation

Base Salary. In determining the base salary for Mr. Bethune in 2002, the compensation committee reviewed the peer group data and reviewed the Radford Survey. The compensation committee also compared our performance to our stated objectives in 2002, and considered performance targets for 2003, and based on this review elected to increase Mr. Bethune's base salary from approximately \$280,000 per year to \$350,000 per year.

Bonus. A discretionary bonus in the amount of \$450,000 was awarded to Mr. Bethune in 2002 based upon his performance as compared to the goals and objectives of the Company. \$300,000 of the bonus was paid in cash and \$150,000 of the bonus was paid through a deferred compensation arrangement.

2001 Executive Long Term Incentive Compensation Program. On August 5, 2001, the board of directors approved the 2001 executive long term incentive compensation program. The purpose of program is to enhance our ability to retain Mr. Bethune and provide Mr. Bethune with incentive compensation based on the achievement of certain performance goals. The program was adopted under our 2000 stock incentive plan and is subject to the terms and provisions thereof. Only our Chief Executive Officer and Chairman of the Board are eligible to participate in the program.

Table of Contents

The program has a term of three years, during which time awards may be made. Awards may consist of the issuance of shares of common stock, restricted stock or options with a fixed or variable exercise price, or any combination of the above. Under the program, the aggregate value of all awards granted under the program, determined on the date of grant, cannot exceed \$7,000,000. With respect to any options granted under the program, the options will be valued based on the Black-Scholes option pricing model.

The compensation committee may determine that the grant or vesting of an award shall be dependent on the satisfaction of performance criteria or other conditions, but is not required to make such determination. The relevant criteria may include, product development, corporate partnering, strategic planning, capital or fund raising, success in clinical trials, establishment of manufacturing capabilities, regulatory approvals, attracting and retaining senior management, financial objectives, strategic alliances and other factors or matters. As soon as practicable after the end of any designated performance period the compensation committee will certify in writing our attainment or non-attainment of the performance goals and criteria.

In recognition of Mr. Bethune's achievements and our performance under his leadership, and to further align his interest with those of our stockholders, in 2002 the compensation committee granted Mr. Bethune an option to purchase 100,000 shares of common stock under the program. 25,000 of the options have an exercise price of \$22.62 per share, 25,000 of the options have an exercise price of \$25.00 per share, 25,000 of the options have an exercise price of \$28.00 per share and 25,000 of the options have an exercise price of \$30.00 per share. The stock options will vest ratably, monthly, over twenty-four months from the date of grant.

Other Compensation Considerations

Under Section 162(m) of the Internal Revenue Code we may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer or any of the four most highly compensated executive officers to the extent that any of the persons receive more than \$1,000,000 in compensation in any one year. However, if we pay compensation that is performance-based under Section 162(m) we can receive a federal income tax deduction for the compensation paid even if such compensation exceeds \$1,000,000 in a single year. Our 1987 performance stock option plan and our 2000 stock incentive plan have been designed to qualify as performance-based plans and therefore compensation realized in connection with exercise of options granted under these plans is fully tax deductible on our federal income tax return. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the compensation committee has not adopted a policy that all compensation must be deductible on our federal income tax returns.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission, the NASD, and us.

Based solely on our review of Section 16(a) forms received by us and written representations that no other reports were required, we believe that, during the last fiscal year, all Section 16(a) filing requirements applicable to our executive officers, directors and 10% beneficial owners were complied with.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On July 18, 2000, we formed a joint venture with Elan International Services, Ltd., a wholly owned subsidiary of Elan Corporation, plc. The joint venture is a Bermuda limited company and is initially owned 80.1% by us and 19.9% by Elan. Its purpose is to develop and commercialize oncology and pain management products. In a related transaction, Elan purchased 12,015 shares of our Series A convertible exchangeable preferred stock on July 18, 2000 for \$12,015,000. We used the proceeds of the preferred stock sale to purchase 6,000 shares of the joint venture's common stock and 3,612 shares of its preferred stock to fund our share of the joint venture's initial capitalization. Elan may also loan us up to \$8,010,000 to support our share of the joint venture's research and development costs pursuant to a convertible promissory note issued by us to Elan. Elan purchased 442,478 shares of our common stock for \$5,000,000 and we issued Elan a five-year warrant to purchase up to 1,000,000 shares of our common stock for \$18 per share in conjunction with the formation of the joint venture.

AUDIT COMMITTEE REPORT

The following is a report of the audit committee with respect to our audited financial statements for the fiscal year ended December 31, 2002, which include our consolidated balance sheets as of December 31, 2002 and 2001, and the related consolidated statements of operations, stockholders' equity (deficit) and cash flows for each of the three years in the period ended December 31, 2002, and the notes thereto.

The audit committee is comprised solely of independent directors, as defined in the Marketplace Rules of The Nasdaq Stock Market, and operates pursuant to a written charter adopted by the board of directors and attached to this Proxy Statement as Appendix A. In general, the audit committee charter sets forth:

the scope of the audit committee's responsibilities and the means by which it carries out these responsibilities;

the outside auditor's accountability to the board of directors and the audit committee; and

the audit committee's responsibility to assist the board of directors in determining the independence of the outside auditor.

Table of Contents

As described more fully in its charter, the purpose of the audit committee is to assist the board of directors in its general oversight of our financial reporting, internal control, and audit functions. Management is responsible for the preparation, presentation, and integrity of our financial statements; selection of accounting and financial reporting principles; and maintaining internal controls and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. Deloitte & Touche LLP, our independent auditing firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

The audit committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditor. The committee serves a board-level oversight role, in which it provides advice, counsel, and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the committee's members in business, financial, and accounting matters.

The audit committee members have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of our independent auditors included in their report on our financial statements. The committee's oversight role does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the committee's considerations and discussions with management and the independent auditors do not assure that our financial statements are presented in accordance with generally accepted accounting principles, that the audit of our financial statements has been carried out in accordance with generally accepted auditing standards, or that our independent auditors are in fact independent.

Among other matters, the audit committee monitors the activities and performance of our external auditors, including the audit scope, external audit fees, auditor independence matters, and the extent to which the independent auditor may be retained to perform non-audit services. The audit committee and the board have ultimate authority and responsibility to select, evaluate, and, when appropriate, replace our independent auditors. The audit committee also reviews the results of the external audit work with regard to the adequacy and appropriateness of our financial, accounting, and internal controls. Management and independent auditor presentations to and discussions with the audit committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditors. In addition, the audit committee generally oversees our internal compliance programs.

Review with Management

The audit committee has reviewed and discussed our audited financial statements with management. Management represented to the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles.

Review and Discussions with Independent Auditors

During 2002, the audit committee held meetings with management and the independent auditors to discuss the overall scope and plans for the audit. We also met with the independent auditors, with and without management present, to discuss the results of their examinations and their evaluations of our internal controls. In addition, the committee has reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2002 and held discussions with management and Deloitte & Touche LLP on the quality, not just the acceptability, of our accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The audit committee has also discussed with Deloitte & Touche the matters required to be discussed by SAS 61 (Codification of Statements on Accounting Standards), which includes, among other items, matters related to the conduct of the audit of our financial statements.

Table of Contents

The audit committee has also received written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 (which relates to the auditors' independence from us and our related entities) and has discussed with Deloitte & Touche LLP their independence from Atrix. In addition, the audit committee has also considered whether the provision of those services set forth in the table below is compatible with Deloitte & Touche LLP maintaining its independence from Atrix.

In reliance on the reviews and the meetings, discussions and reports noted above, the committee recommended to our board of directors that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002.

PROPOSAL NO. 2**AMENDMENT AND RESTATEMENT OF
THE 2000 STOCK INCENTIVE PLAN**

Our stockholders are being asked to vote on the proposed amendment and restatement of our 2000 Stock Incentive Plan (a) to increase by 1,500,000 the number of shares authorized for issuance under the Incentive Plan for a total of 4,250,000, (b) to eliminate the automatic transfer to the Incentive Plan of any shares awarded under our former stock option plan which are cancelled, expired or are forfeited to us, (c) to limit the maximum number of shares which may be issued under the Incentive Plan as restricted stock to 250,000 shares, (d) to increase the limit on the number of shares with respect to which options which may be awarded to a participant in any fiscal year from 250,000 to 400,000 shares and increase the limit on the additional number of shares with respect to which a participant may be granted stock options in connection with his or her initial commencement of services with us from 100,000 to 300,000 shares, (e) to require that non-qualified stock options be granted at an exercise price of not less than 100% of the fair market value of the shares on the date the option is granted, (f) to eliminate the ability of the plan administrator to permit grantees to exercise any part or all of an award prior to full vesting of the award, and (g) to require stockholder approval to (x) reduce the exercise price of any outstanding award or (y) undertake an award exchange program where outstanding awards are exchanged for awards with a lesser exercise price.

The Incentive Plan currently provides for the issuance of stock options and restricted stock covering up to 2,750,000 shares plus any shares awarded under our former stock option plan which are cancelled, expired

Table of Contents

or are forfeited to us. As of the record date, options to purchase an aggregate of 2,419,704 shares and 0 shares of restricted stock were outstanding. A total of 160,790 shares were available for future issuance subject to options or as shares of restricted stock. Our board of directors has concluded that the proposed amendment is in the best interests of us and our stockholders. The amendment to our Incentive Plan as described above will enable us to grant options and restricted stock as needed to attract and retain talented employees.

Our board believes that our long-term success depends upon our ability to attract and retain highly qualified individuals who, by virtue of their ability and qualifications, make important contributions to us. Our Incentive Plan is intended to enhance our ability to provide individuals with awards and incentives commensurate with their contributions and is competitive with those offered by other employers. The stock options and restricted stock granted under this plan will increase stockholder value by further aligning the interests of these individuals with the interests of our stockholders by providing our employees an opportunity to benefit from stock price appreciation that generally accompanies improved financial performance.

Because of our continuing efforts to conserve cash and pursue a conservative fiscal policy, stock and options have constituted and will continue to constitute an important and significant component of the compensation offered to our employees. Especially in the highly competitive biotechnology industries, the ability to attract and retain highly qualified employees is essential to our success. The grant of stock options and restricted stock in these industries is often the primary consideration of individual employees in making employment decisions, both at the time of initial employment and later when they consider possible employment alternatives. It is essential that we have a stock incentive plan that provides a sufficient number of shares available for grant.

A general description of the principal terms of our Incentive Plan as proposed to be amended is set forth below; however, the summary does not purport to be a complete description of all of the provisions of our Incentive Plan and is qualified in its entirety by reference to the Incentive Plan. Copies of the Incentive Plan may be obtained upon request to our Corporate Secretary at our principal executive offices.

The affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote is required for approval of the amendment to our Incentive Plan.

General Description

Our Incentive Plan was approved by our board of directors in March 2000 and by our stockholders in May 2000 and subsequently amended in 2001. The purposes of our Incentive Plan are to give our employees, directors and consultants an incentive, through ownership of our common stock, to continue in service to us, and to help us compete effectively with other enterprises for the services of qualified individuals.

Our Incentive Plan permits the grant of incentive stock options, or ISOs, within the meaning of Section 422 of the Internal Revenue Code, or the Code, only to our employees or employees of any parent or subsidiary corporation of ours. Non-qualified stock options and restricted stock may be granted to employees, directors and consultants. Our Incentive Plan provides for the grant of options, including ISOs and non-qualified stock options, which we refer to in this proxy statement as awards, with an exercise privilege at a fixed price related to the common stock and/or the passage of time, the occurrence of one or more events or the satisfaction of performance criteria or other conditions. Under our Incentive Plan, awards may be granted to such employees, directors or consultants who are residing in foreign jurisdictions as the administrator of the plan may determine from time to time. The Incentive Plan is not a qualifying deferred compensation plan under Section 401(a) of the Code and is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, or ERISA.

Administration

Our Incentive Plan is administered, with respect to grants to directors, officers, consultants, and other employees, by the administrator of our Incentive Plan, defined as our board of directors or a committee designated by our board. Our committee is constituted in such a manner as to satisfy applicable laws,

Table of Contents

including Rule 16b-3 promulgated under the Securities Exchange Act of 1934. With respect to awards subject to Code Section 162(m), the committee will be comprised solely of two or more outside directors as defined under Section 162(m) and applicable tax regulations. For grants of awards to individuals not subject to Rule 16b-3 and Section 162(m), our board may authorize one or more officers to grant such awards.

Shares Reserved

If the stockholders approve the amendment and restatement of the Incentive Plan, the number of shares authorized for issuance under the Incentive Plan will be increased by 1,500,000 shares for a total reserve of 4,250,000 shares. Notwithstanding the foregoing, of the number of shares reserved for issuance under the Incentive Plan, if the stockholders approve the amendment and restatement of the Incentive Plan, the maximum aggregate number of shares which may be issued as restricted stock shall be 250,000 Shares.

Code Section 162(m) Limitations

Our Incentive Plan currently limits the number of options which may be awarded to a participant in any fiscal year to 250,000 shares. However, in connection with his or her initial commencement of services with us, a participant in our Incentive Plan may be granted stock options for up to an additional 100,000 shares, which do not count against the limit set forth in the previous statement. If the stockholders approve the amendment and restatement of the Incentive Plan, (a) the number of options which may be awarded to a participant in any fiscal year shall be increased from 250,000 to 400,000 shares and (b) the additional number of shares with respect to which a participant may be granted stock options in connection with his or her initial commencement of services with us shall be increased from 100,000 to 300,000 shares. The limitations ensure that any options granted under our Incentive Plan qualify as performance-based compensation under Section 162(m) of the Code.

Under Code Section 162(m) no deduction is allowed in any taxable year for compensation in excess of \$1 million paid to our chief executive officer and each of our four most highly paid other executive officers who are serving in such capacities as of the last day of such taxable year. An exception to this rule applies to compensation that is paid pursuant to a stock incentive plan approved by our stockholders and that specifies, among other things, the maximum number of shares with respect to which options may be granted to eligible employees under such plan during a specified period. Compensation paid pursuant to options granted under such a plan and with an exercise price equal to the fair market value of our common stock on the date of grant is deemed to be inherently performance-based, since such awards provide value to employees only if the stock price appreciates.

If our Incentive Plan did not contain the Code Section 162(m) share limits with respect to which options may be granted to eligible employees under such plan during a specified period, any compensation expense associated with the options granted under our Incentive Plan in excess of the shares currently available for issuance (together with all other non-performance based compensation) in excess of \$1 million for any of our five highest paid officers would not be deductible under the Code.

Amendment and Termination

Our board of directors may at any time amend, suspend or terminate our Incentive Plan. To the extent necessary to comply with applicable provisions of federal securities laws, state corporate and securities laws, the Code, the rules of any applicable stock exchange or national market system and the rules of any foreign jurisdiction applicable to awards granted to residents therein, we will obtain stockholder approval of any amendment to our Incentive Plan in such a manner and to such a degree as required. If the stockholders approve the amendment and restatement of the Incentive Plan, stockholder approval will be required in order to (a) reduce the exercise price of any outstanding award and (b) undertake an award exchange program where outstanding options are exchanged for awards with a lesser exercise price.

Our Incentive Plan will terminate in March 2010 unless previously terminated by our board.

Table of Contents

Other Terms

Our Incentive Plan authorizes the administrator to select the employees, directors and consultants of ours to whom awards may be granted. The plan also authorizes the administrator to determine the terms and conditions of any award.

Our Incentive Plan authorizes the administrator to grant ISOs at an exercise price of not less than 100% (or 110% in the case of ISOs granted to any grantee who owns stock representing more than 10% of the combined voting power of ours or any parent or subsidiary corporation of ours) of the fair market value of the shares on the date the option is granted. The Incentive Plan currently provides that non-qualified stock options may be granted at an exercise price of not less than 85% of the fair market value of the shares on the date the option is granted, unless otherwise determined by the plan administrator. If the stockholders approve the amendment and restatement of the Incentive Plan, non-qualified stock options must be granted at an exercise price of not less than 100% of the fair market value of the shares on the date the option is granted. The exercise price of awards intended to qualify as performance-based compensation for purposes of Code Section 162(m) may not be less than 100% of the fair market value. The exercise price is generally payable in cash or, in certain circumstances, with a promissory note, with such documentation as the administrator and the broker, if applicable, require to effect an exercise of an award and delivery to us of the sale or loan proceeds required to pay the exercise price, or with shares. The aggregate fair market value of the shares with respect to any ISOs that are exercisable for the first time by an eligible employee in any calendar year may not exceed \$100,000.

Awards may be granted subject to vesting schedules and restrictions on transfer and repurchase or forfeiture rights in favor of us as specified in agreements issued under our Incentive Plan. The administrator has the authority to accelerate the vesting schedule of awards so that they become fully vested, exercisable and released from any restrictions on transfer and repurchase or forfeiture rights in the event of a change in control, corporate transaction or related entity disposition, all as defined in our Incentive Plan. Effective upon the consummation of such a corporate transaction, all outstanding awards under our Incentive Plan will terminate unless assumed by the successor company or its parent including affirmation of the awards by us if we are the surviving entity in the transaction. The Incentive Plan currently permits the administrator to include a provision whereby the grantee may elect at any time while an employee, director or consultant to exercise any part or all of the award prior to full vesting of the award. If the stockholders approve the amendment and restatement of the Incentive Plan, it will eliminate the ability of the administrator to permit grantees to exercise any part or all of the award prior to full vesting of the award.

Under our Incentive Plan, ISOs may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised during the lifetime of the grantee only by the grantee. However, our Incentive Plan permits the designation of beneficiaries by holders of ISOs. Other awards are transferable to the grantee's immediate family to the extent provided in the award agreement or in the manner and to the extent permitted by the administrator.

Under our Incentive Plan, the administrator may establish one or more programs under the plan to permit selected grantees the opportunity to elect to defer receipt of consideration payable under an award. The administrator also may establish under our Incentive Plan separate programs for the grant of particular forms of awards to one or more classes of grantees.

Certain Federal Tax Consequences

The grant of a non-qualified stock option under our Incentive Plan will not result in any federal income tax consequences to the optionee or to us. Upon exercise of a non-qualified stock option, the optionee is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares on the date of exercise. This income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by the optionee, subject to possible limitations imposed by Section 162(m) of the Code. Any gain or loss on the optionee's subsequent disposition of the shares will

Table of Contents

receive long-term or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. We do not receive a tax deduction for any such gain.

The grant of an ISO under our Incentive Plan will not result in any federal income tax consequences to the optionee or to us. An optionee recognizes no federal taxable income upon exercising an ISO (subject to the alternative minimum tax rules discussed below), and we receive no deduction at the time of exercise. The tax consequences of a disposition of stock acquired upon exercise of an ISO depends upon how long the optionee has held the shares. If the optionee does not dispose of the shares within two years after the ISO was granted, nor within one year after the ISO was exercised, the optionee will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. We are not entitled to any deduction under these circumstances.

If the optionee fails to satisfy either of the foregoing holding periods, he or she must recognize ordinary income in the year of the disposition, which we refer to as a disqualifying disposition. The amount of such ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price, or (ii) the difference between the fair market value of the stock on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long-term or short-term capital gain, depending on whether the stock was held for more than one year. We are entitled to a deduction equal to the amount of ordinary income recognized by the optionee in the year of the disqualifying disposition.

The spread under an ISO, i.e., the difference between the fair market value of the shares at exercise and the exercise price, is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax.

The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code. Any gain or loss on the recipient's subsequent disposition of the shares will receive long-term or short-term capital gain or loss treatment depending on whether the shares are held for more than one year and depending on how long the stock has been held since the restrictions lapsed. We do not receive a tax deduction for any such gain.

Recipients of restricted stock may make an election under Section 83(b) of the Code to recognize as ordinary compensation income in the year that such restricted stock is granted the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long-term or short-term capital gain to the recipient. An election under Section 83(b) must be made within 30 days from the time the restricted stock is issued.

The foregoing is only a summary of the current effect of federal income taxation upon the grantee and us with respect to the shares purchased under our Incentive Plan. You should refer to the applicable provisions of the Code. In addition, the summary does not discuss the tax consequences of a grantee's death or the income tax laws of any municipality, state or foreign country to which the grantee may be subject.

Plan Benefits

The grant of stock options and shares of restricted stock to executive officers is subject to the discretion of our compensation committee and our board of directors. The following table sets forth the grants under the Incentive Plan to our Chief Executive Officer and our other four most highly compensated executive officers whose total annual compensation exceeded \$100,000 during 2002 (which we refer to as the named executive

PROPOSAL NO. 3

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

Notwithstanding the foregoing, subject to the provisions of Section 10, below, of the number of Shares specified above, the maximum aggregate number of Shares that may be issued pursuant to all Awards of Restricted Stock is 250,000 Shares. The Shares to be issued pursuant to Awards may be authorized, but unissued, or reacquired Common Stock.

(b) Any Shares covered by an Award (or portion of an Award) which is forfeited or canceled, expires or is settled in cash, shall be deemed not to have been issued for purposes of determining the maximum aggregate number of Shares which may be issued under the Plan. Table of Contents

Rule 16b-3. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board.

(ii) *Administration With Respect to Consultants and Other Employees.* With respect to grants of Awards to Employees or Consultants who are neither Directors nor Officers of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board. The Board may authorize one or more Officers to grant such Awards and may limit such authority as the Board determines from time to time.

(iii) *Administration With Respect to Covered Employees.* Notwithstanding the foregoing, grants of Awards to any Covered Employee intended to qualify as Performance-Based Compensation shall be made only by a Committee (or subcommittee of a Committee) which is comprised solely of two or more Directors eligible to serve on a committee making Awards qualifying as Performance-Based Compensation. In the case of such Awards granted to Covered Employees, references to the Administrator or to a Committee shall be deemed to be references to such Committee or subcommittee.

(iv) *Administration Errors.* In the event an Award is granted in a manner inconsistent with the provisions of this subsection (a), such Award shall be presumptively valid as of its grant date to the extent permitted by the Applicable Laws.

(b) *Powers of the Administrator.* Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Administrator hereunder), and except as otherwise provided by the Board, the Administrator shall have the authority, in its discretion:

(i) to select the Employees, Directors and Consultants to whom Awards may be granted from time to time hereunder;

(ii) to determine whether and to what extent Awards are granted hereunder;

(iii) to determine the number of Shares or the amount of other consideration to be covered by each Award granted hereunder;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions of any Award granted hereunder;

(vi) to amend the terms of any outstanding Award granted under the Plan, provided, however, that any amendment that would adversely affect the Grantee's rights under an outstanding Award shall not be made without the Grantee's written consent and, provided further, that, without stockholder approval, outstanding Awards may not be (A) amended to reduce the exercise price of the Award or (B) surrendered or cancelled in exchange for Awards with a lower exercise price;

(vii) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan, including without limitation, any notice of Award or Award Agreement, granted pursuant to the Plan;

(viii) to establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable foreign jurisdictions and to afford Grantees favorable treatment under such laws; provided, however, that no Award shall be granted under any such additional terms, conditions, rules or procedures with terms or conditions which are inconsistent with the provisions of the Plan; and

(ix) to take such other action, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.

5. *Eligibility.* Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants. Incentive Stock Options may be granted only to Employees of the Company, a Parent or a Subsidiary. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible,

Table of Contents

be granted additional Awards. Awards may be granted to such Employees, Directors or Consultants who are residing in foreign jurisdictions as the Administrator may determine from time to time.

6. Terms and Conditions of Awards.

(a) *Type of Awards.* The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares or (ii) an Option with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions. Such awards include, without limitation, Options and sales or bonuses of Restricted Stock, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) *Designation of Award.* Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options, to the extent of the Shares covered thereby in excess of the foregoing limitation, shall be treated as Non-Qualified Stock Options. For this purpose, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the date the Option with respect to such Shares is granted.

(c) *Conditions of Award.* Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Administrator may be based on any one of, or combination of, increase in share price, earnings per share, total stockholder return, return on equity, return on assets, return on investment, net operating income, cash flow, revenue, economic value added, personal management objectives, or other measure of performance selected by the Administrator. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement.

(d) *Acquisitions and Other Transactions.* The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) *Deferral of Award Payment.* The Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(f) *Separate Programs.* The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.

(g) *Individual Option Limit.* The maximum number of Shares with respect to which Options may be granted to any Grantee in any fiscal year of the Company shall be 400,000 Shares. In connection with a Grantee's commencement of Continuous Service, a Grantee may be granted Options for up to an additional

Table of Contents

300,000 Shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitations with respect to a Grantee, if any Option is canceled, the canceled Option shall continue to count against the maximum number of Shares with respect to which Options may be granted to the Grantee. For this purpose, the repricing of an Option shall be treated as the cancellation of the existing Option and the grant of a new Option.

(h) *Term of Award.* The term of each Award shall be the term stated in the Award Agreement, provided, however, that the term of all Awards shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement.

(i) *Transferability of Awards.* Incentive Stock Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee; provided, however, that the Grantee may designate a beneficiary of the Grantee's Incentive Stock Option in the event of the Grantee's death on a beneficiary designation form provided by the Administrator. Other Awards may be transferred by gift or through a domestic relations order to members of the Grantee's Immediate Family to the extent provided in the Award Agreement or in the manner and to the extent determined by the Administrator.

(j) *Time of Granting Awards.* The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such other date as is determined by the Administrator. Notice of the grant determination shall be given to each Employee, Director or Consultant to whom an Award is so granted within a reasonable time after the date of such grant.

7. Award Exercise or Purchase Price, Consideration and Taxes.

(a) *Exercise or Purchase Price.* The exercise or purchase price, if any, for an Award shall be as follows:

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be not less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or

(B) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Non-Qualified Stock Option, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iii) In the case of Awards intended to qualify as Performance-Based Compensation, the exercise or purchase price, if any, shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iv) In the case of other Awards, such price as is determined by the Administrator.

(v) Notwithstanding the foregoing provisions of this Section 7(a), in the case of an Award issued pursuant to Section 6(d), above, the exercise or purchase price for the Award shall be determined in accordance with the principles of Section 424(a) of the Code.

(b) *Consideration.* Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the

Table of Contents

Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant). In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following, provided that the portion of the consideration equal to the par value of the Shares must be paid in cash or other legal consideration permitted by the Delaware General Corporation Law:

(i) cash;

(ii) check;

(iii) delivery of Grantee's promissory note with such recourse, interest, security, and redemption provisions as the Administrator determines as appropriate;

(iv) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require (including withholding of Shares otherwise deliverable upon exercise of the Award) which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised (but only to the extent that such exercise of the Award would not result in an accounting compensation charge with respect to the Shares used to pay the exercise price unless otherwise determined by the Administrator);

(v) with respect to Options, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or

(vi) any combination of the foregoing methods of payment.

(c) *Taxes.* No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any foreign, federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares or the disqualifying disposition of Shares received on exercise of an Incentive Stock Option. Upon exercise of an Award, the Company shall withhold or collect from Grantee an amount sufficient to satisfy such tax obligations.

8. Exercise of Award.

(a) Procedure for Exercise; Rights as a Stockholder.

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b)(v). Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to Shares subject to an Award, notwithstanding the exercise of an Option or other Award. The Company shall issue (or cause to be issued) such stock certificate promptly upon exercise of the Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in the Award Agreement or Section 10, below.

(b) Exercise of Award Following Termination of Continuous Service.

Table of Contents

(i) An Award may not be exercised after the termination date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Service only to the extent provided in the Award Agreement.

(ii) Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.

(iii) Any Award designated as an Incentive Stock Option to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of a Grantee's Continuous Service shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.

9. Conditions Upon Issuance of Shares.

(a) Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares pursuant thereto shall comply with all Applicable Laws, and shall be further subject to the approval of counsel for the Company with respect to such compliance.
