except for the dates/period have changed.

****CURRENT UPDATE****

Today, Management believes there is a 100,000,000 shares short position
in ACCR still active, and the ex-funders that shorted this into the
ground tried to kill this off with a Form 15 in 2007, and wished
to be in a position of just never having to cover. Now, they
are worried and they
are afraid, and that is OK. I will sell the Corporation for
\$15,000,000.00 today, we have 2 undisclosed assets.

As of the close of business June 21, 2018
there were issued and outstanding 244,144,121 shares
of our Common stock. We have a treasury of 500,000,000 Authorized
shares of Access-Power Inc common stock, so that means that we have
about 255,000,000 shares AVAILABLE for issuance. We have \$100 in our
premiere checking account now. We are a For Profit Corporation
active in the State of Florida, operating in Michigan for the time
being. Access-Power, Inc. is for sale. Management will make
informed well processed decisions.
