THE PROXY PROCESS AND SHAREHOLDER VOTING

The proxy process is the means by which corporate shareholders can exercise their rights to vote for the election of directors and other strategic corporate proposals. This **Proxy Statement** provides notice of a scheduled shareholder meeting, describes the proposals presented for shareholder action and includes information required to be disclosed to shareholders. The accompanying **Proxy Card** provides shareholders with a simple means to vote on the described proposals without having to attend the shareholder meeting in person. By executing the Proxy Card, you authorize Charles T. Fote and Michael T. Whealy to act as your **Proxies** to vote your shares as specified.

The proxy voting mechanism also is vitally important to the Company. In order for the Company to obtain the necessary shareholder approval of proposals, a "**quorum**" of shareholders (a majority of the issued and outstanding shares entitled to vote, excluding treasury stock) must be represented at the meeting in person or by proxy. Since few shareholders can spend the time or money to attend shareholder meetings in person, voting by proxy is necessary to obtain a quorum and complete the shareholder vote.

It is important that you vote your shares to assure a quorum is obtained so corporate business can be transacted. If a quorum is not obtained, the Company must postpone the meeting and solicit additional proxies; this is an expensive and time-consuming process that is not in the best interest of the Company or its shareholders.

QUESTIONS AND ANSWERS ABOUT THE PROXY PROCESS

Why Did I Receive These Materials?

Shareholders of the Company as of the close of business on the March 22, 2004 Record Date are entitled to vote at the Company's Annual Meeting. The Company is required by law to distribute these proxy materials to all shareholders as of the Record Date.

What Does It Mean If I Receive More Than One Set Of Materials?

Edgar Filing: FIRST DATA CORP - Form DEF 14A

This means you own shares of the Company that are registered under different names. For example, you may own some shares directly as a "**Registered Holder**" and other shares through a broker or you may own shares through more than one broker. In these situations you will receive multiple sets of proxy materials. It is necessary for you to vote, sign and return all of the Proxy Cards or follow the instructions for any alternative voting procedure on each of the Proxy Cards you receive in order to vote all of the shares you own. Each Proxy Card you received came with its own prepaid return envelope; if you vote by mail make sure you return each Proxy Card in the return envelope which accompanied that Proxy Card.

How Do I Vote?

You may vote by mail or follow any alternative voting procedure described on the Proxy Card. To use an alternative voting procedure, follow the instructions on each Proxy Card that you receive. To vote by mail, sign and date each Proxy Card you receive, indicating your voting preference on each proposal, and return each Proxy Card in the prepaid envelope which accompanied that Proxy Card. If you return a signed and dated Proxy Card but you do not indicate your voting preferences, your shares will be voted in favor of the director nominees and in favor of the other proposals. All outstanding shares of Common Stock represented by your signed and dated Proxy Card or for which you have provided instructions by the alternative voting procedure that are received in time for the 2004 Annual Meeting will be voted.

2

Does My Vote Matter?

Absolutely! Corporations are required to obtain shareholder approval for the election of directors and other important matters. Each share of Common Stock is entitled to one vote and every share voted has the same weight. It is also important that you vote to assure that a quorum is obtained so corporate business can be transacted.

What Percentage Of Votes Is Required To Elect Directors?

If a quorum is obtained, the four nominees receiving the greatest number of votes will be elected.

What Percentage Of Votes Is Required To Approve Other Proposals?

If a quorum is obtained, proposals other than the election of directors require the affirmative vote of a majority of shares of Common Stock represented at the meeting and entitled to vote. Since majority approval is required, an "**ABSTAIN**" vote has the effect of a vote against the proposal.

What Is The Effect Of Not Voting?

It depends on how ownership of your shares is registered. If you own shares as a Registered Holder, rather than through a broker, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement. Assuming a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own shares through a broker and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. As described in the answer to the following Question, in the absence of your voting instruction, your broker may or may not vote your shares.

If I Don't Vote, Will My Broker Vote For Me?

If you own your shares through a broker and you don't vote, your broker may vote your shares in its discretion on some "routine matters." With respect to other proposals, however, your broker may not be able to vote your shares for you. With respect to these proposals, the aggregate number of unvoted shares is reported as the "**broker non-vote**." "Broker non-vote" shares are counted toward the quorum requirement but they do not affect the determination of whether a matter is approved. The Company believes that proposals set forth in this Proxy Statement are routine matters on which brokers will be permitted to vote unvoted shares.

Is My Vote Confidential?

Yes. The vote of any shareholder will not be revealed to anyone other than a non-employee tabulator of votes or an independent election inspector, except (i) as necessary to meet applicable legal and stock exchange listing requirements, (ii) to assert claims for or

Edgar Filing: FIRST DATA CORP - Form DEF 14A

defend claims against the Company, (iii) to allow the inspectors of election to certify the results of the shareholder vote, (iv) in the event a proxy solicitation in opposition to the Company or the election of the Board of Directors takes place, (v) if a shareholder has requested that their vote be disclosed, or (vi) to respond to shareholders who have written comments on Proxy Cards.

If I Own My Shares Through A Broker, How Is My Vote Recorded?

Brokers typically own shares of Common Stock for many shareholders. In this situation the Registered Holder on the Company's stock register is the broker or its nominee. This often is referred to as holding shares in "**Street Name.**" The "**Beneficial Owners**" do not appear in the Company's shareholder register. Therefore, for shares held in Street Name, distributing the proxy materials and tabulating votes are both two-step processes. Brokers inform the Company how many of their clients are Beneficial Owners and the Company provides the broker with that

3

number of proxy materials. Each broker then forwards the proxy materials to its clients who are Beneficial Owners to obtain their votes. When you receive proxy materials from your broker, the accompanying return envelope is addressed to return your executed Proxy Card to your broker. Shortly before the meeting, each broker totals the votes and submits a Proxy Card reflecting the aggregate votes of the Beneficial Owners for whom it holds shares.

Can I Revoke My Proxy And Change My Vote?

Yes. You have the right to revoke your proxy at any time prior to the time your shares are voted. If you are a Registered Holder, your proxy can be revoked in several ways: (i) by timely delivery of a written revocation delivered to the Corporate Secretary, (ii) by submitting another valid proxy bearing a later date, or (iii) by attending the meeting and giving the Inspectors of Elections notice that you intend to vote your shares in person. If your shares are held by a broker, you must contact your broker in order to revoke your proxy.

Will Any Other Business Be Transacted At The Meeting? If So, How Will My Proxy Be Voted?

Management does not know of any business to be transacted at the Annual Meeting other than those matters described in this Proxy Statement. The period specified in the Company's By-Laws for submitting additional proposals to be considered at the meeting has passed and there are no such proposals to be considered. However, should any other matters properly come before the meeting, and any adjournments and postponements thereof, shares with respect to which voting authority has been granted to the Proxies will be voted by the Proxies in accordance with their judgment.

Who Counts The Votes?

Votes will be counted and certified by the Inspectors of Election, who are employees of Wells Fargo Bank, N.A., the Company's independent Transfer Agent and Registrar. If you are a Registered Holder, your executed Proxy Card is returned directly to Wells Fargo for tabulation. As noted above, if you hold your shares through a broker, your broker returns one Proxy Card to Wells Fargo on behalf of its clients.

How Much Does The Proxy Solicitation Cost?

The Company has engaged the firm of Morrow & Co. to assist in distributing and soliciting proxies for a fee of \$8,000, plus expenses. However, the proxy solicitor fee is only a small fraction of the total cost of the proxy process. The largest expense in the proxy process is printing and mailing the proxy materials. Proxies also may be solicited on behalf of the Company by directors, officers or employees of the Company in person or by mail, telephone or facsimile transmission. No additional compensation will be paid to such directors, officers, or employees for soliciting proxies. The Company will bear the entire cost of solicitation of proxies, including the preparation, assembly, printing and mailing of this Proxy Statement and the accompanying Proxy Card, Notice of Meeting, and Annual Report to Shareholders.

What Is The Deadline For Submitting Proposals To Be Considered At The 2005 Annual Meeting?

Shareholder proposals requested to be included in the Company's 2005 Proxy Statement must be received by the Company not later than December 6, 2004. Even if a proposal is not submitted in time to be considered for inclusion in the Company's 2005 Proxy Statement, a proper shareholder proposal or director nomination may still be considered at the Company's 2005 Annual Meeting of Stockholders, but only if the proposal or nomination is received by the Company no sooner than January 19, 2005 and no later than

February 18, 2005. All proposals or nominations a shareholder wishes to submit at the meeting should be directed to Michael T. Whealy, Corporate Secretary, First Data Corporation, 10825 Old Mill Road, Suite M-10, Omaha, Nebraska 68154.

PROPOSALS SUBMITTED FOR SHAREHOLDER VOTE

Proposal 1

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes serving staggered three-year terms. The terms of office of four current directors, Mr. Duques, Mr. Fote, Mr. Kiphart and Ms. Spero, expire at the 2004 Annual Meeting of Stockholders. Mr. Duques, Mr. Fote, Mr. Kiphart and Ms. Spero have been nominated for reelection through the 2007 Annual Meeting of Stockholders or until a successor is elected and qualified. (See the Board of Directors section for information concerning all Directors.) In the case of a vacancy occurring during the year in any class, the Board of Directors may elect another director as a replacement, may leave the vacancy unfilled or may reduce the number of directors.

The terms of Ms. Davis, Mr. Robinson, Mr. Schwartz and Mr. Weinbach expire at the 2005 Annual Meeting of Stockholders. The terms of Messrs. Burnham, Greenberg, Jones and Russell expire at the 2006 Annual Meeting of Stockholders.

A shareholder may (i) vote for the election of any one or more of the nominees, or (ii) withhold authority to vote for one or more of the nominees by so indicating on the Proxy Card. Your shares will be voted as you specify on the enclosed Proxy Card or as you instruct via the alternative voting procedure described on the Proxy Card. If you sign, date and return the Proxy Card without specifying how you want your shares voted, they will be voted for the election of the Director nominees. If unforeseen circumstances (such as death or disability) require the Board of Directors to substitute another person for any of the Director nominees, your shares will be voted for that other person.

Directors are elected by a plurality of votes of the shares represented at the meeting and entitled to vote. Therefore, if a quorum is present, the four nominees receiving the greatest number of votes will be elected. The effects of unvoted shares, abstentions and "broker non-votes" are discussed in the preceding Questions and Answers.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE TO RE-ELECT MR. DUQUES, MR. FOTE, MR. KIPHART AND MS. SPERO AS DIRECTORS FOR THREE-YEAR TERMS.

Proposal 2

RATIFICATION OF SELECTION OF AUDITORS

The Board of Directors recommends to the shareholders the ratification of the selection of Ernst & Young LLP, independent auditors, to audit the accounts of the Company and its subsidiaries for 2004. Ernst & Young LLP has served as the independent auditors for the Company or its predecessor entities since 1980. Historically, Ernst & Young LLP has followed a policy of rotating the partner in charge of the Company's audit every seven years. Consistent with the recently adopted regulations pursuant to the Sarbanes-Oxley Act of 2002, the lead audit partner having primary responsibility for the audit and the concurring audit partner will be rotated every five years beginning with the 2004 audit year.

A representative of Ernst & Young LLP will be present at the meeting with the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Summary of Auditor's Fees for 2003

Audit Fees. Ernst & Young LLP's fees for the Company's annual audit were \$4.3 million in 2003 and \$3.6 million in 2002.

Audit-Related Fees. Ernst & Young LLP's fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements were \$4.6 million in 2003 and \$2.6 million in 2002. Audit-related services generally

Edgar Filing: FIRST DATA CORP - Form DEF 14A

include fees for service auditor reviews, subsidiary and employee benefit plan audits, business acquisitions and accounting consultations.

Tax Fees. Ernst & Young LLP's fees for tax compliance, tax advice, and tax planning services to the Company were \$2.0 million in 2003 and \$1.7 million in 2002.

All Other Fees. Ernst & Young LLP did not receive any fees from the Company for all other professional services during 2003 and were paid \$0.8 million for such services in 2002. These fees primarily were related to treasury and business advisory services.

Since May 2003, all audit and non-audit services provided by the independent auditor have been pre-approved by the Audit Committee of the Board of Directors or, consistent with the pre-approval policy of the Audit Committee, by the Chairperson of the Committee.

In the event the shareholders fail to ratify the appointment, the Audit Committee of the Board of Directors will consider it a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Audit Committee, in its discretion, may select a new independent accounting firm at any time during the year if it feels that such a change would be in the best interest of the Company and its shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR PROPOSAL 2.

6

GOVERNANCE OF THE COMPANY

In accordance with applicable Delaware law, the business of the Company is managed under the direction of its Board of Directors. Pursuant to the Company's Second Amended and Restated Certificate of Incorporation, the Board of Directors is to consist of not less than one nor more than fifteen Directors. Directors are divided into three classes and Directors in each class are elected for a three-year term. During 2003, the Board of Directors met fifteen times (not including Committee meetings). Each of the Directors attended at least 75% of the aggregate number of meetings of the Board and Board committees on which they served during 2003, except for Mr. Schwartz who attended sixteen of twenty-four meetings for a 66.7% attendance rate.

COMPENSATION OF DIRECTORS

Directors who are not employees of the Company or its affiliates were paid an annual retainer of \$50,000. In addition, a non-employee chairperson of a standing committee receives an annual retainer of \$8,000. Because of the additional time commitment required of the chairperson of the special Oversight Committee established by the Board, the chairperson of the Oversight Committee receives an annual retainer of \$60,000. Non-employee directors have the option of electing to receive all or a portion of the annual retainer fees in the form of stock option grants pursuant to the First Data Corporation 1993 Director's Stock Option Plan. Non-employee directors also receive annual grants of non-qualified options pursuant to the same plan. Each non-employee director receives options for 20,000 shares of Common Stock upon commencing services as a director and options for 8,000 shares of Common Stock on the date of each annual shareholders' meeting thereafter, except that on the fourth annual shareholders' meeting after the initial grant and every third annual shareholders' meeting thereafter, instead of options for 8,000 shares, each non-employee director receives options for 28,000 shares. Each non-employee director who serves at the request of the Company on the governing board of an entity in which the Company has a significant ownership or business interest also receives options for 4,000 shares of Common Stock upon initial appointment to that board and options for 4,000 shares of Common Stock each year thereafter as long as he or she remained a non-employee director and continued to serve on such board at the request of the Company. Directors are reimbursed for their actual expenses incurred in attending Board, committee and shareholder meetings, including those for travel, meals and lodging.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Any shareholder who desires to contact the non-management directors or the other members of the Company's Board of Directors may do so by writing to: First Data Corporation, Board of Directors, 10825 Old Mill Road, Suite M-10, Omaha, Nebraska 68154. Communications that are intended specifically for non-management directors should be addressed to the attention of the Chairperson of the Corporate Governance Committee. All communications will be forwarded to the Chairperson of the Corporate Governance Committee unless the communication is specifically addressed to another member of the Board, in which case, the communication will be forwarded to that director.

Although the Company does not have a formal policy regarding attendance by members of the Board of Directors at the Company's Annual Meeting of Stockholders, it encourages directors to attend. All directors attended the 2003 Annual Meeting of Stockholders.

12

NOMINATION OF DIRECTORS

The Board is responsible for nominating directors for election by the shareholders and filling any vacancies on the Board that may occur. The Corporate Governance Committee is responsible for identifying, screening and recommending candidates to the Board for Board

Edgar Filing: FIRST DATA CORP - Form DEF 14A

membership. In formulating its recommendations, the Corporate Governance Committee will consider recommendations offered by any shareholder, director or officer of First Data.

Director Qualifications

General criteria for the nomination of director candidates include experience, high ethical standards and integrity, skills, diversity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to Board duties all in the context of an assessment of the perceived needs of the Board at that point in time. The Board believes that independent outside directors should constitute a majority of the Board of Directors. In exercising its Director nomination responsibilities, the Committee considers women and minority candidates consistent with the Company's nondiscrimination policies. The Board also believes that it should generally have no fewer than eight and no more than fifteen directors. This range permits diversity of experience without hindering effective discussion or diminishing individual accountability. Each director is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as a Board or Committee member.

Shareholder Nominees

Shareholder recommendations may be submitted to the Secretary of the Company at 10825 Old Mill Road, Suite M-10, Omaha, Nebraska 68154, and they will be forwarded to the Corporate Governance Committee members for their consideration. Any such recommendation should include:

the number of shares of the Corporation held by the shareholder;

the name and address of the candidate;

a brief biographical description, including his or her occupation for at least the last five years, and a statement of the qualifications of the candidate, taking into account the qualification requirements set forth above; and

the candidate's signed consent to serve as a director if elected and to be named in the proxy statement.

Once the Company receives the recommendation, the Company may request additional information from the candidate about the candidate's independence, qualifications and other information that would assist the Corporate Governance Committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in the Company's proxy statement, if nominated. Candidates must complete and return the questionnaire within the time frame provided to be considered for nomination by the Committee.

INDEPENDENCE OF DIRECTORS

The Board of Directors believes that a majority of its members are independent outside directors. A director is independent if they have had no material relationship with the Company and otherwise satisfy the independence requirements of the New York Stock Exchange. The Board believes that the following relationships are immaterial for purposes of determining independence: (i) owning or holding options to acquire First Data Common Stock, (ii) service as an officer or employee of First Data or its subsidiaries that ended more than five years ago, (iii) any prior service as an interim Chief Executive

Officer of First Data, (iv) employment or affiliation with the auditor of First Data that ended more than five years ago, (v) having a family member that is an employee but not an executive officer of First Data, (vi) any relationship that is not required to be disclosed in the Corporation's annual proxy statement, and (vii) owning part of a company in which First Data also has an ownership interest if there is no other material relationship between First Data and such company. All other relationships are reviewed on a case-by-case basis. The Board has reviewed the independence of the current directors under these standards and found Mr. Burnham, Ms. Davis, Mr. Greenberg, Mr. Jones, Mr. Russell, Mr. Schwartz, Ms. Spero, and Mr. Weinbach to be independent.

COMMITTEES OF THE BOARD OF DIRECTORS

The members of the Audit Committee are Courtney F. Jones (Chairperson), Alison Davis and Arthur F. Weinbach. The Audit Committee consists of three or more directors each of whom the Board has determined has no material relationship with the Corporation and each of whom is otherwise "independent" under the rules of the New York Stock Exchange. No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee. All Audit Committee members must be financially literate, and at least one member must have accounting or related financial management expertise. The Board of Directors has determined that Mr. Jones and Mr. Weinbach are audit committee financial experts as defined by Item 401(h) of Regulation S-K of the Securities and Exchange Commission. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to: (i) the integrity of the Corporation's financial statements, (ii) the Corporation's compliance with legal and regulatory requirements, including the Company's disclosure controls and procedures, (iii) the independent auditor's qualifications and independence, (iv) the performance of the Corporation's internal audit function and independent auditors, and (v) the Corporation's contingency plans for business continuity.

The Audit Committee has established a policy to pre-approve all audit and non-audit services provided by the independent auditor. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year. Any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. Once pre-approved, the services and pre-approved amounts are monitored against actual charges incurred and modified if appropriate. The Audit Committee has delegated pre-approval authority to its Chairperson when expedition of services is necessary. The Chairperson must report all such pre-approvals to the entire Audit Committee at the next committee meeting. Since May 2003, the effective date of the Securities and Exchange Commission's new rule regarding pre-approval, all audit and non-audit services provided by the independent auditor have been pre-approved. During 2003, the Audit Committee met eleven times.

The members of the Compensation and Benefits Committee (the "Compensation Committee") are Charles T. Russell (Chairperson), Daniel P. Burnham and Bernard L. Schwartz. The Compensation Committee consists of three or more directors, each of whom the Board has determined has no material relationship with the Corporation and is otherwise independent under the rules of the New York Stock Exchange. The Compensation Committee is responsible for (i) establishing the Corporation's general compensation philosophy, and overseeing the development and implementation of compensation programs, (ii) with input from the Board of Directors, reviewing and approving corporate goals and objectives relevant to the compensation of the CEO and other management, evaluating the performance of the CEO and other management in light of those goals and objectives, and setting the CEO's and other management's compensation level based on this evaluation, (iii) administering and interpreting all salary and incentive compensation plans for officers,

14

management and other key employees, (iv) reviewing senior management compensation, (v) reviewing management organization, development and succession planning, (vi) taking any actions relating to employee benefit, compensation, and fringe benefit plans, programs, or policies of the Corporation, (vii) appointing, monitoring and terminating named fiduciaries of employee benefit plans, (viii) establishing, overseeing and delegating authority to employee committees with respect to employee benefit plans, (ix) overseeing regulatory compliance with respect to compensation matters, (x) reviewing and approving severance or similar termination payments to any executive officer of the Company, (xi) preparing reports on executive compensation, (xii) reporting activities of the Committee to the Board of Directors on a regular basis and reviewing issues with the Board as the Committee deems appropriate, and (xiii) preparing an annual performance evaluation of the Committee. The Compensation Committee regularly consults with independent compensation advisors in performing its duties. During 2003, the Compensation Committee met five times.

On March 5, 2003, the Board of Directors established the Corporate Governance Committee, which consists of two or more directors who have no material relationship with the Company and are otherwise independent under the rules of the New York Stock Exchange. The current members of the Corporate Governance Committee are Joan E. Spero (Chairperson), Alison Davis, Jack M. Greenberg and Bernard L. Schwartz. All the members of the Corporate Governance Committee meet the independence standards set forth in the rules of the New York Stock Exchange. The Corporate Governance Committee is responsible for (i) establishing criteria for selecting new Directors, (ii) assessing, considering and recruiting candidates to fill positions on the Board of Directors, (iii) recommending the director nominees for approval by the Board of Directors and the shareholders, (iv) establishing and recommending to the Board of Directors guidelines for the removal of directors, (v) reviewing the desirability of and recommending policies from time to time regarding term limits and mandatory retirement for directors, (vi) reviewing at least annually and recommending modifications to the Board of Directors corporate governance guidelines, (vii) advising the Board of Directors with respect to the charters, structure, operations and membership qualifications for the various Board committees of the Board of Directors, (viii) establishing and implementing self-evaluation procedures for the Board of Directors and its committees, (ix) reviewing and making recommendations regarding the succession plans relating to positions held by senior executive officers of the Company. During 2003, the Corporate Governance Committee met four times.

Edgar Filing: FIRST DATA CORP - Form DEF 14A

The members of the Executive Committee are James D. Robinson III (Chairperson), Charles T. Fote and Courtney F. Jones. The Executive Committee meets in place of the full Board of Directors in intervals between meetings of the Board. The Committee may act on behalf of the Board of Directors on all matters permitted by the General Corporation Law of the State of Delaware. The Executive Committee met five times in 2003.

The Oversight Committee consists of one or more directors who, in the judgment of the Board of Directors, have no material relationship with the Company and are otherwise independent under the rules of the New York Stock Exchange. The Committee's current membership consists of Courtney F. Jones (Chairperson), who also serves as Chairperson of the Audit Committee. The Oversight Committee is responsible for (i) reviewing intercompany transactions and relationships that involve potential conflicts of interest with related parties, (ii) establishing policies and procedures regarding relationships with related parties, (iii) reviewing compliance with such policies and procedures, and (iv) approving in advance transactions or relationships involving an actual or potential conflict of interest between the Company and related parties in cases in which management or the Committee deems approval is required to protect the interests of shareholders of the Company. During 2003, the Oversight Committee met five times.

The non-management directors meet in regularly scheduled executive sessions without management to promote open and honest discussion. The Chairperson of the Corporate Governance Committee, currently Ms. Spero, is the presiding director at these meetings.

Each committee operates under a charter approved by the Board. Committee charters are posted on the Company's web site at <http://ir.firstdata.com/governance.cfm>. In addition, the Audit Committee charter is included as Exhibit A to this Proxy Statement.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements of the Company and its subsidiaries set forth in the Company's 2003 Annual Report to Shareholders and the Company's Annual Report on Form 10-K for the year ended December 31, 2003 with management of the Company. The Audit Committee also discussed with Ernst & Young LLP, independent auditors for the Company, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended. The Statement on Auditing Standards No. 61 communications include, among other items, matters relating to the conduct of an audit of the Company's financial statements under generally accepted auditing standards.

The Audit Committee has received the written communication from Ernst & Young LLP required by Independence Standards Board Standard No. 1, has considered the compatibility of nonaudit services with the auditors' independence, and has discussed with Ernst & Young LLP their independence from the Company.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for 2003 for filing with the Securities and Exchange Commission.

REPORT OF THE CORPORATE GOVERNANCE COMMITTEE

The Corporate Governance Committee of the Board of Directors of the Company (i) identifies and recommends to the Board nominees for election as directors at each annual meeting of shareholders and to fill vacancies on the Board, (ii) develops and recommends to the Board corporate governance principles applicable to the Company, and (iii) establishes evaluation procedures for the Board and its committees that conduct self-evaluations.

Edgar Filing: FIRST DATA CORP - Form DEF 14A

The Corporate Governance Committee seeks to identify and recommend governance policies that reflect best practices among corporations, conform with legislative and regulatory requirements, and are in the best interest of the Company. In fulfilling that responsibility, the Committee periodically reviews the governance practices of the Company against the standards of practice of other companies as well as practices recommended by outside experts.

In fulfilling its responsibilities to identify and recommend directors, the Corporate Governance Committee will review any candidate recommended by the shareholders of the Company in light of the Committee's criteria for selection of new Directors. The Corporate Governance Committee seeks to create a Board that defines and enforces standards of accountability that enable executive management to execute their responsibilities fully and in the interests of shareholders. Nominees for director are selected on the basis of their strength of character, judgment, business experience, specific areas of

16

expertise, factors relating to the composition of the Board (including its size and structure) and principles of diversity. In exercising its Director nomination responsibilities, the Committee considers women and minority candidates consistent with the Company's nondiscrimination policies.

From time to time, the Company has engaged third parties to identify potential candidates, gather information regarding potential candidates, and provide an evaluation of such candidates. The Company may continue to engage such third parties in the future.

EXECUTIVE COMPENSATION REPORT BY THE COMPENSATION AND BENEFITS COMMITTEE

The Compensation and Benefits Committee (the "Committee") consists of four independent, non-employee directors. The Committee establishes executive compensation policies and employee benefits plans for senior executives. It also sets the incentive award targets and performance metrics for senior management, including the Named Executives.

Compensation Philosophy. First Data operates in a competitive and rapidly changing industry. The Company's executive compensation programs are designed to attract, retain and motivate executives who possess the high-quality skills and talents necessary to grow and transform the business. These programs are also designed to reflect the Company's belief that the interests of its Chief Executive Officer ("CEO") and senior management should be aligned with those of the shareholders.

In furtherance of its objectives, the Committee has structured the CEO and senior management's total compensation as a combination of base salary, annual incentive compensation, stock options, restricted stock and a long-term incentive award. For these executives, the Committee has determined that a significant portion of total compensation should be comprised of "at-risk," performance-based components. The at-risk

components are structured to reward results that benefit shareholders and are not earned unless specific, pre-established goals are met. In support of this, a special equity grant which vests over time was made in 2004 to retain and motivate the highest performing members of senior management. This included 100,000 non-qualified stock options granted in the aggregate to two members of the Company's Executive Committee and 460,000 restricted stock awards granted in the aggregate to the CEO and seven other Executive Committee members.

The Committee sets executive compensation at appropriate and competitive levels. The Committee relies on market data provided by surveys conducted by external compensation consultants when doing this. The Committee directly engages an independent external compensation consultant in this regard. The Committee's philosophy is that base salary and annual incentive compensation should be competitive with the market, and that long-term incentive compensation should directly align with the value created for shareholders, based upon the Company's financial performance both as a whole and relative to specific targets.

Base Salary. It is the Committee's policy, in setting total compensation, that while base salary should remain competitive, annual and long-term incentive compensation should be emphasized. The base salaries of the CEO and other Named Executives are targeted at the median of the market. The Committee targets the total cash compensation (base salary plus annual incentive compensation) to be paid when pre-established performance goals are achieved to be between the 50th and 75th percentile of market.

Annual Incentive Compensation. The Senior Executive Incentive Plan approved by shareholders provides an annual incentive opportunity for the CEO based on the achievement of aggressive improvements in performance of Company earnings before interest expense and taxes ("EBIT"). For 2003, the Committee also included the Company's earnings per share as an additional performance objective, which may reduce the amount otherwise payable under this Plan. This Plan is designed to focus attention and efforts on both of these important financial measurements. The Company's EBIT for 2003 did not meet the performance threshold and no payout was made under the plan.

For executive management, except Mr. Fote, the Company adopted an incentive compensation plan with annual bonus targets payable if specific goals are achieved. The annual incentive opportunity is based on the overall financial performance of the Company, financial performance of a business unit or units, and achievement of the executive's individual performance objectives. The purpose of this

incentive compensation plan is to tie a significant portion of annual pay directly to key financial results and other important objectives.

Stock Options. The Committee has established an option grant program under which the number of option grants made to the Named Executives and other senior management is performance driven. In 2003, the CEO was eligible for up to 200,000 options and each of the other Named Executives was eligible for a maximum grant of 75,000 options.

Long-Term Incentive Compensation. Because the Committee considers a long-term orientation essential for the CEO and members of executive management, a major part of their total incentive compensation is based on the Company's Shareholder Value Plan which was approved by shareholders. Under the plan, performance units are awarded each year at the beginning of a two-year performance period. The value of the performance unit awards is determined at the end of this period by measuring the Company's total shareholder return compared to the total shareholder return of the companies in the S&P 500 Index over the same period (subject to the Committee's discretion to adjust downward). It is required that the total shareholder return on the Company's common stock exceed that of 50% of the companies in the S&P 500 index to trigger a payout. The awards reach their maximum value if the percentage increase in the price of the Company's common stock, plus dividends, exceeds that of 75% of the companies in the S&P 500 Index. This award amount is banked for an additional two-year period and increases annually by an amount equal to 50% of the Company's return on equity percentage or, if the return on equity is negative, decreases by an amount equal to 100% of the Company's return on equity percentage.

The increase in the Company's common stock during the performance period beginning January 1, 2002 and ending December 31, 2003 was at the 40th percentile of the companies in the S&P 500 Index resulting in \$0 unit value award to Mr. Fote and other Named Executives.

Performance Reviews. Although both the CEO's annual and long-term incentive awards are formula driven (subject to the Committee's discretion to make a downward adjustment), the Committee has a formal process for providing performance review and feedback to Mr. Fote. In reviewing Mr. Fote's 2003 performance, the Board acknowledged his accomplishments in recognizing the need to further transform First Data in the future, and, as a result, completed all the steps necessary to close the Concord merger early in 2004. Additionally in 2003, the Company continued to generate extremely strong cash flow from operations of approximately \$2 billion with double-digit earnings per share growth consistent with prior years. For this performance, they awarded him a discretionary bonus of \$750,000. For each year, the outside Board members and Mr. Fote mutually develop goals for him in several major areas. Similarly, Mr. Fote reviews his assessment of each of the other Named Executives with the outside Board members and receives their input. Mr. Fote then meets with each of the Named Executives to discuss performance and set performance goals for the year.

Edgar Filing: FIRST DATA CORP - Form DEF 14A

Policy on Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the Company's tax deduction to \$1 million for compensation paid to any of the Named Executives unless certain requirements are met. The Company's 1992 and 2002 Long-Term Incentive Plans, Shareholder Value Plan, and the Company's Senior Executive Annual Incentive Plan are designed to meet those requirements. The Committee generally administers these programs to obtain full deductibility of executive compensation under Section 162(m) unless it determines that to do so would not be in the best interest of the Company and its shareholders, for example the increase of the CEO's base salary to \$1.1million for 2004 and the discretionary bonus detailed above.

- (2) These values were calculated using the Black-Scholes single option-pricing model, a formula widely used and accepted for valuing traded stock options. The model is based on immediate exercisability and transferability, which are not features of the options shown in the table. Any ultimate value will depend on the market value of the Company's stock at a future date. The following assumptions were used to calculate the values for grants under the First Data Corporation 2002 Long-Term Incentive Plan: estimated future dividend yield of .223%; expected price volatility of 37.00%; weighted average risk-free rate of return of 2.86%; and option holding period of 5 years.
- (3) Options were granted under the First Data Corporation 2002 Long-Term Incentive Plan and carry an exercise price of 100% of the fair-market value of the underlying common stock on the date of grant and become exercisable in increments of one-fourth each year beginning on the first anniversary of the date of the grant.

LONG-TERM INCENTIVE PLANS GRANTS IN 2003

The following table sets forth information regarding grants made in 2003 under the Shareholder Value Plan to the Named Executives for the four-year period beginning January 1, 2003.

| Name | Number of Shares, Units or Other Rights(#)(1) | Performances or Other Period Until Maturaton or Payout | Estimated Future Payouts under Non-Stock Price-Based Plans | | |
|---------------------|--|--|---|-----------------|------------------|
| | | | Threshold \$(2) | Target \$(3) | Maximum \$(4) |
| Charles T. Fote | 0 | 4 years | 660,000 | N/A | 3,600,000 |
| Pamela H. Patsley | 0 | 4 years | 275,000 | N/A | 900,000 |
| Christina A. Gold | 0 | 4 years | 275,000 | N/A | 900,000 |
| Scott H. Betts | 0 | 4 years | 250,000 | N/A | 750,000 |

| Kimberly S. Patmore | 0 | 4 years | 250,000 | N/A | 750,000 |

- (1) The Company's long-term incentives under the Shareholder Value Plan are not based on shares, units or rights. Under the terms of the plan, at the end of a two-year performance period, a unit value, i.e. the award, is established for each executive based on the performance of the Company's Common Stock as compared to the performance of companies in the S&P 500 Index, subject to the Committee's discretion to reduce the award produced by the formula based on factors it determines in its discretion. Those unit values or awards are banked for an additional two-year period, until payout of the award, during which time the amount will be increased by a percentage equal to 50% of the shareholders' return on equity each year, or, if return on equity is negative, decreased by a percentage equal to 100% of the shareholders' return on equity each year. For the two-year performance period ended December 31, 2003, the formula produced a unit value of \$0 for Messrs. Fote, Patsley, Gold, Betts, Whealy and Patmore.

- (2) Two thresholds must be met before any unit value is established for any of the Named Executives. First, the rate of total shareholders' return must exceed the average two-year treasury note rate of return for the 60-day period prior to the performance period. Second, no unit value is established if the percentage increase in the Common Stock price, plus dividends, does not exceed the percentage increase of at least 50% of the companies in the S&P 500 Index. Amounts shown are the unit values, which would be established under the plan formula applicable to each executive if the thresholds are met, but not exceeded. As noted in footnote (1), these amounts will increase or decrease during the two-year banking period after they are set based on the Company's return on equity.
- (3) No performance level or pay level has been identified as a target.
- (4) Amounts shown are the maximum unit values, which may be established at the end of the performance period. The ultimate payout is determined by the Company's return on equity over the two-year banking period after the unit value is established, and may be greater or less than the amount shown. No limit has been placed on the potential increase or decrease.

RETIREMENT PLANS

The Company's defined benefit retirement plans were frozen in 1997. Each of the Named Executives has a frozen benefit which would provide for an annual payment at age 65 of approximately: \$97,246 for Mr. Fote, \$5,618 for Mr. Whealy, and \$2,168 for Ms. Patmore.

All of the Company's Named Executives participate in the Company's defined contribution plans. The Company's contributions to its defined contribution plans on behalf of the Named Executives are shown in the "All Other Compensation" column of the Summary Compensation Table.

PERFORMANCE GRAPH

The following graph compares the yearly percentage change in cumulative total shareholder return on Common Stock of the Company since December 31, 1998 with the cumulative total return over the same period for (i) the S&P 500 Index, and (ii) a peer group selected by the Company. The peer group is composed of the following eleven computer services companies with market capitalizations over one billion dollars: Automatic Data Processing Inc.; Ceridian Corporation; Certegy Inc.; Computer Sciences Corporation; DST Systems, Inc.; Electronic Data Systems Corporation; Equifax Inc.; Fiserv, Inc.; Paychex, Inc.; SunGard Data Systems, Inc.; and Total System Services, Inc. (the "Peer Group").

Pursuant to rules of the Securities and Exchange Commission ("SEC"), the comparison assumes \$100 was invested on January 1, 1999 in the Company's Common Stock and in each of the indices and assumes reinvestment of dividends, if any. Also pursuant to SEC rules, the returns of each of the companies in the peer group are weighted according to the respective company's stock market capitalization at the beginning of each period for which a return is indicated. Historic stock price is not indicative of future stock price performance.

Exhibit A

AUDIT COMMITTEE CHARTER
I. PURPOSE AND ORGANIZATION

The purpose of the Audit Committee of the Board of Directors is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to: (i) the integrity of the Corporation's financial statements, (ii) the Corporation's compliance with legal and regulatory requirements, including the Company's disclosure controls and procedures, (iii) the independent auditor's qualifications and independence, (iv) the performance of the Corporation's internal audit function and independent auditors, and (v) the Corporation's contingency plans for business continuity. The Committee also must prepare the report that is required to be included in the annual proxy statement pursuant to the rules of the Securities and Exchange Commission.

The Committee shall consist of three or more directors each of whom the Board has determined has no material relationship with the Corporation and each of whom is otherwise "independent" under the rules of the New York Stock Exchange. The Board also shall determine that each member is financially literate, and that at least one member has accounting or related financial management expertise. No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee.

Edgar Filing: FIRST DATA CORP - Form DEF 14A

Members and the Chairperson shall be appointed by the Board for such term as the Board may determine, and shall serve at the pleasure of the Board.

The function of the Committee is oversight. The Committee does not prepare financial statements or disclosures or perform audits, and its members are not auditors and do not certify the Corporation's financial statements. These tasks are performed by management, the internal auditors or the independent auditors of the Corporation.

The Committee shall meet at least once every fiscal quarter. The Committee periodically should meet separately with management, the manager of the internal audit department and the independent auditors to discuss any matters that the Committee or any of these persons or firms believe should be discussed privately. The Committee may request any officer or employee of the Corporation, or any outside counsel or independent auditors of the Corporation to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. Each year the Committee shall establish a schedule of meetings; additional meetings may be scheduled as required.

A quorum at any Committee meeting shall be at least two members. All determinations of the Committee shall be made by a majority of its members present at a meeting duly called and held, except as provided herein (or where only two members are present, by unanimous vote). Any decision or determination of the Committee reduced to writing and signed by all of the members of the Committee shall be fully as effective as if it had been made at a meeting duly called and held.

The Chairperson of the Committee shall be responsible for establishing the agendas for meetings of the Committee. An agenda, together with materials relating to the subject matter of each meeting, shall be sent to members of the Committee prior to each meeting. Minutes for all meetings of the Committee shall be prepared to document the Committee's discharge of its responsibilities. The minutes shall be circulated in draft form to all Committee members to ensure an accurate final record,

3. On an annual basis, review and discuss with the independent auditors all relationships the independent auditors have with the Corporation in order to evaluate the auditor's independence. The Committee shall: (i) ensure that the independent auditors submit to the Committee on an annual basis a written statement (consistent with Independent Standards Board Standards No. 1) delineating all relationships and services that may impact the objectivity and independence of the independent auditors; (ii) discuss with the independent auditors any disclosed relationship or services that may impact the objectivity and independence of the independent auditors; and (iii) satisfy itself as to the independence of the independent auditors.
