**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

At the Meeting, three Class II directors are to be elected to serve until the 2007 Annual Meeting of Stockholders and until their successors have been elected and qualified.

The Company's Certificate of Incorporation, as amended, and Bylaws provide that the Board of Directors shall be divided into three classes. At each Annual Meeting of Stockholders, the directors elected to succeed those whose terms expire shall be identified as being the same class as the directors they succeed and shall be elected to hold office for a term to expire at the third Annual Meeting of Stockholders after this election, and until their respective successors are duly elected and qualified, unless an adjustment in the term to which an individual director shall be elected is made because of a change in the number of directors.

The Certificate of Incorporation, as amended, provides that the number of directors that will constitute the whole Board of Directors shall be fixed by, or in the manner provided in, the Bylaws. The Board of Directors has increased the total number of its members from eight to nine and has nominated Thomas W. Oberdorf to fill the vacant spot as a Class II director. This nominee was recommended by a director. The terms of William H. Shaw and Kenneth L. Gestal expire at the Meeting. Messrs. Shaw, Gestal and Oberdorf are being nominated for election as Class II directors, each to hold office until the 2007 Annual Meeting of Stockholders and until their successors have been elected and qualified.

It is the intention of the persons named as proxies to vote for the election of the nominees. In the unanticipated event that any such nominee should be unable to serve, the persons named as proxies

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

will vote the proxy for such substitutes, if any, as the present Board of Directors may designate. The nominees have not been nominated pursuant to any arrangement or understanding with any person.

The following table sets forth certain information with respect to the nominees and each of the directors whose term extends beyond this Meeting, including the year in which the nominees' terms would expire, if elected. Meetings of the Board of Directors

The Board of Directors of the Company held six meetings during 2003. Each director attended at least 75% of the aggregate number of all meetings of the Board of Directors and committees of which he was a member during such fiscal year. All of the Company's directors are encouraged to attend the Company's annual meeting of stockholders. Seven of the Company's directors were in attendance at the Company's 2003 annual meeting.

Committees

The Board of Directors does not have a nominating committee. Director nominees are selected by a majority of the independent directors, as defined by the listing standards of the Nasdaq Stock Market. The independent directors are Messrs. William C. Curry, Peter R. Worrell, Michael J. Ross, David B. Gould and, if elected, Thomas W. Oberdorf. The Board of Directors believes that it is

appropriate for the Company not to have a nominating committee because all its independent directors lead the nomination process and the establishment of a nominating committee would be redundant. The Board of Directors does not have a charter for nomination of directors.

The independent members of the Company's Board of Directors may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the independent members of the Company's Board of Directors may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to recommend a candidate for director for election at the 2005 Annual Meeting of Stockholders, it must follow the procedures described in "Stockholder Proposals and Recommendations For Director."

Compensation

The Board of Directors has a Compensation Committee, which met on 11 occasions in 2003 and is currently composed of Messrs. Curry, Ross and Worrell. The functions of the Compensation Committee include determining salaries, individuals to whom stock options are granted and the terms upon which option grants are made, incentive plans, benefits and overall compensation.

Audit

The Board of Directors has an Audit Committee, which met five times in 2003 and is currently composed of Messrs. Curry, Gould and Worrell. The Board of Directors recently adopted amendments to the written charter of the Audit Committee (the "Audit Committee Charter") to conform to the new SEC and Nasdaq rules. A copy of the Audit Committee Charter is attached as Appendix A to this proxy statement. Under the provisions of the Audit Committee Charter, the primary functions of the Audit Committee are to assist the Board of Directors with the oversight of (i) the Company's financial reporting process, accounting functions and internal controls and (ii) the qualifications, independence, appointment, retention, compensation and performance of the Company's registered public accounting firm. The Audit Committee is also responsible for the establishment of "whistle-blowing" procedures, and the oversight of certain other compliance matters. See "Report of the Audit Committee" below.

The Board of Directors has determined that the members of the Audit Committee are independent directors, as defined by the Audit Committee Charter and the current listing standards of the Nasdaq Stock Market. The Board of Directors has determined that Mr. Curry qualifies as an "audit committee financial expert," as defined by applicable SEC rules, and satisfies the financial sophistication standards of the Nasdaq Stock Market.

Audit Fees. The Company incurred an aggregate of \$88,200 and \$61,800 in fees and expenses for audit services from PricewaterhouseCoopers LLP for the fiscal years ended December 31, 2003 and December 31, 2002, respectively. Audit fees include fees and expenses for professional services rendered in connection with the audit of the Company's financial statements for those years, reviews of the financial statements included in each of the Company's Quarterly Reports on Form 10-Q during those years and fees for services related to registration statements, consents and assistance with and review of documents filed with the SEC.

Audit-Related Fees. The Company incurred an aggregate of \$4,500 and \$14,500 in the fiscal years ended December 31, 2003 and December 31, 2002, respectively, in fees and expenses from PricewaterhouseCoopers LLP for professional services rendered by it for assurance and related services reasonably related to the performance of an audit or review. Audit-related services included accounting advice and other audits, including benefit plans.

Tax Fees. The Company incurred an aggregate of \$27,600 and \$21,300 in the fiscal years ended December 31, 2003 and December 31, 2002, respectively, in fees and expenses from PricewaterhouseCoopers LLP for tax services. For fiscal year 2003, the aggregate fee amount of \$27,600 includes fees for tax consulting of \$7,600.

All Other Fees. The Company incurred no other fees from PricewaterhouseCoopers LLP.

The Audit Committee has considered whether the provision of non-audit services by the Company's independent auditor is compatible with maintaining auditor independence, and believes that the provision of such services is compatible.

Report of the Audit Committee

The Audit Committee has:

reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2003;

discussed with PricewaterhouseCoopers LLP, the Company's independent auditor, the matters required to be discussed by Statement on Auditing Standards 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants;

received and reviewed the written disclosures and the letter from the independent auditor required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and discussed with the auditor the auditor's independence; and

based on the review and discussions referred to above, recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

By the Audit Committee of the Board of Directors:

David B. Gould
William C. Curry
Peter R. Worrell

Audit Committee Policy on Pre-Approval of Services of Independent Auditors

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services.

Independent Auditors

The Audit Committee has appointed PricewaterhouseCoopers LLP, independent accountants, to audit the consolidated financial statements of the Company for the year ending December 31, 2004. PricewaterhouseCoopers LLP has continuously served as the Company's independent public accountants since June 19, 2002. The Company is advised that no member of PricewaterhouseCoopers LLP has any direct financial interest or material indirect financial interest in the Company since the date of their engagement, June, 2002 or, has had any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee since such date.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Meeting and will be given the opportunity to make a statement if so desired. The representative will be available to respond to appropriate questions.

Arthur Andersen LLP was dismissed as the Company's independent public accountants effective as of the close of business on June 11, 2002. The Company engaged PricewaterhouseCoopers LLP as its new independent accountants as of June 19, 2002. The change in accountants was reported by the Company in a Current Report on Form 8-K/A filed with the Securities and Exchange Commission on June 25, 2002 (the "Form 8-K/A").

The reports of Arthur Andersen LLP on the consolidated financial statements of the Company at December 31, 2000 and December 31, 2001, and for the three years ended December 31, 2001, contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

The decision to change accountants was recommended by the Audit Committee of the Company's Board of Directors, and approved by the full Board of Directors of the Company.

In connection with its audits for the two most recent fiscal years and through June 11, 2002, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen LLP, would have caused Arthur Andersen LLP to make reference thereto in their report on the financial statements for such years.

During the two most recent fiscal years and through June 11, 2002 there have been no reportable events (as defined in Regulation S-K Item 304(a)(1)(v)).

The Company provided Arthur Andersen LLP with a copy of the foregoing statements prior to the filing of its Form 8-K/A and requested Arthur Andersen LLP to furnish it with a letter addressed to the Securities and Exchange Commission stating whether Arthur Andersen LLP agreed with such statements and, if not, stating the respects in which it did not agree. The Company received such a letter, which stated that Arthur Andersen LLP did agree with such statements. The Company filed this letter as an exhibit to the Form 8-K/A.

Compensation of Directors

Beginning in June 2003, nonemployee directors of the Company were entitled to receive (i) an annual \$6,000 fee, (ii) if applicable, an annual committee membership fee of \$2,000 per year and an additional \$500 annual fee if the nonemployee director served as a Committee Chair, (iii) a fee of \$1,000 plus reimbursement of expenses for each meeting physically attended and (iv) a fee of \$500 plus reimbursement of expenses for each half-day committee meeting attended. Messrs. Gestal, Curry, Ross, Gould and Worrell elected to receive stock options in lieu of their respective annual Board of Directors' fees and committee membership fees pursuant to the Company's 1998 Director Stock Option Incentive Plan (the "Director Plan"). Richard L. Bailly received \$50,000 in retirement benefits pursuant to an agreement with the Company dated September 1993. See "Consulting Contracts." In addition, each nonemployee director is eligible to receive stock options pursuant to the Director Plan.

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

The chart below lists the annual Board of Directors fees, the annual committee membership fees and the attendance fees earned by each nonemployee director in 2003:

Only nonemployee directors of the Company are eligible to receive grants of options under the Director Plan. See "Proposal No. 2 Proposal to Amend the Company's 1998 Director Stock Option Incentive Plan" for more information.

Consulting Contracts. William H. Shaw retired as the Company's President, Chief Executive Officer and Treasurer on December 31, 1994. Pursuant to an agreement between the Company and Mr. Shaw entered into in September 1993, Mr. Shaw received an automobile and served as a consultant to the Company from January 1, 1995 to December 31, 1997 for \$50,000 per year. Thereafter, Mr. Shaw, or his heirs or beneficiaries, will receive a retirement benefit of \$50,000 per year for an additional 12 years. Mr. Shaw has agreed that he will not compete with the Company while he is receiving any of these payments.

Richard L. Bailly retired as the Company's Executive Vice President on June 1, 1999. Pursuant to an agreement between the Company and Mr. Bailly entered into in September 1993 and amended in February 1999, Mr. Bailly served as a consultant to the Company until June 2002 for \$50,000 per year. Thereafter, Mr. Bailly, or his heirs or beneficiaries, will receive a retirement benefit of \$50,000 per year for an additional 12 years. Mr. Bailly has agreed that he will not compete with the Company while he is receiving any of these payments.

Indemnification Agreements. The Company has entered into indemnification agreements with each of its directors and anticipates that it will enter into similar agreements with any future directors. Generally, the indemnification agreements attempt to provide the maximum protection permitted by Delaware law with respect to indemnification of directors.

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

The indemnification agreements provide that the Company will pay certain amounts incurred by a director in connection with any civil or criminal action or proceeding and specifically including actions

by or in the name of the Company (derivative suits) where the individual's involvement is by reason of the fact that he is or was a director. Such amounts include, to the maximum extent permitted by law, attorney's fees, judgments, civil or criminal fines, settlement amounts, and other expenses customarily incurred in connection with legal proceedings. Under the indemnification agreements, a director will not receive indemnification if he is found not to have acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company.

The Agreement provides that Mr. Bailly will receive a minimum annual salary of \$200,000 and consideration for discretionary bonuses. 1993 Stock Option Plan. Effective October 1993, the Company adopted the 1993 Stock Option Plan (the "1993 Plan"). The purpose of the 1993 Plan is to benefit the Company through the maintenance and development of its businesses by offering certain present and future key individuals a favorable opportunity to become holders of stock in the Company over a period of years, thereby giving them a permanent stake in the growth and prosperity of the Company. As of April 22, 2004, there are 614,750 shares of Common Stock available for issuance under the 1993 Plan. The 1993 Plan may be administered by the Board of Directors of the Company or by a committee appointed by the Board of Directors. Employees of the Company (including officers and directors of the Company who are also employees), as well as certain consultants and advisors of the Company, are eligible to receive grants of options under the 1993 Plan. Under the 1993 Plan, the Company may grant both incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986 ("incentive

stock options") and other options which are not qualified as incentive stock options ("nonqualified stock options"). Unless otherwise determined by the Board of Directors or the committee, all options granted under the 1993 Plan vest at the rate of 25% per year, with the first installment vesting at the end of one year from the date of grant.

Compensation Committee Interlocks and Insider Participation

Decisions regarding executive compensation are made by the Compensation Committee of the Board of Directors, which in 2003 was composed of Messrs. Curry, Worrell and Ross. Neither Mr. Curry, Mr. Worrell nor Mr. Ross is a former or current officer or employee of the company.

Compensation Committee and Board of Directors Report

The primary objectives of the Compensation Committee in developing executive compensation policies are to attract, motivate and retain superior talent to enable the Company to achieve its business objectives and to align the financial interests of its executive officers with the stockholders of the Company.

The compensation of executive officers consists of base compensation, bonus, the grant of options and participation in benefit plans generally available to employees. In setting compensation, the Compensation Committee strives to maintain base compensation for the Company's executive officers at levels which the Compensation Committee believes are competitive with the compensation of comparable executive officers in similarly situated companies, while relying upon stock options and the bonus plan to provide significant performance incentives.

Executive officers are eligible to participate in the bonus plan which is administered by the Compensation Committee. Under the plan, executive officers may receive bonuses derived from a formula tied to the Company's income. In addition, executive officers, including R. Jeffrey Bailly, may receive discretionary bonuses payable in cash or the Company's common stock based upon a subjective evaluation of the performance of the Company and their contributions to the Company.

Each of the executive officers and all key employees are eligible to receive grants of options under the 1993 Stock Option Plan. The 1993 Stock Option Plan is used to align a portion of the officer's compensation with the stockholders' interests and the long-term success of the Company. In determining the number of options to be granted to each executive officer, the Compensation Committee reviews recommendations provided by R. Jeffrey Bailly and makes a subjective determination regarding those recommendations based upon the following criteria: (i) the individual performance and position of responsibility of the executive officer, (ii) the number of options held by the executive officer, and (iii) the financial performance of the Company. No particular weight is given to any of these factors, rather each executive officer's total compensation package is reviewed as a whole. During the fiscal year ended December 31, 2003, the Company granted options to purchase 80,000 shares to executive officers other than Mr. Bailly as a group under the 1993 Stock Option Plan.

For 2003, R. Jeffrey Bailly received the following compensation: (i) a salary of \$225,000; (ii) a bonus valued at \$125,000, which was comprised of \$62,500 in cash and 32,723 fully vested shares of the Company's Common Stock; (iii) an additional 15,000 fully vested shares of the Company's Common Stock; and (iv) \$66,060 to defray the taxes attributable to Mr. Bailly's receipt of shares of the Company's Common Stock. The Company's Board of Directors conducted a survey of salaries of chief executive officers at the time it negotiated Mr. Bailly's employment agreement. Based upon that information and the Company's experience since that time, the Company believes that Mr. Bailly's

aggregate fiscal 2003 compensation was comparable to the compensation of chief executive officers of similar companies.

PROPOSAL NO. 2
PROPOSAL TO AMEND THE COMPANY'S
1998 DIRECTOR STOCK OPTION INCENTIVE PLAN

Effective July 15, 1998, the Company adopted the 1998 Director Stock Option Incentive Plan (as amended February 24, 1999, July 2, 2001 and July 5, 2002, the "Director Plan"). The purpose of the Director Plan is to maximize long-term stockholder value by aligning the interests of nonemployee directors of the Company with those of its stockholders by offering nonemployee directors ownership of the Company's Common Stock. The Company proposes, subject to stockholder approval, to amend the Director Plan to: (i) increase the number of shares of Common Stock available for issuance under the Director Plan from 425,000 to 725,000 shares; (ii) eliminate the ability of the Company to extend loans to directors in connection with the exercise of options under the Director Plan, consistent with the Sarbanes-Oxley Act of 2002; and (iii) require shareholder approval for material amendments to the Director Plan, consistent with the new listing standards of the Nasdaq Stock Market. The following is a summary description of the Director Plan and is qualified in its entirety by reference to the full text of the Director Plan, a copy of which is attached hereto as Appendix B.

Description of the Director Plan

The Director Plan may be administered by the Board of Directors or by any committee of the Board of Directors, including the Compensation Committee. Subject to the express provisions of the Director Plan, the Compensation Committee has the authority to interpret and construe the Director Plan and to adopt rules and regulations for administering the Director Plan.

Only nonemployee directors of the Company are eligible to receive grants of options under the Director Plan. As of the date of this proxy statement, the Company's nonemployee directors are Messrs. Shaw, Curry, Gestal, Worrell, Ross, Gould, Richard L. Bailly and, if elected, Oberdorf.

Under the Director Plan, 73,455 shares of Common Stock are currently available for the grant of stock options, subject to adjustment in the event of stock splits, stock dividends or changes in corporate structure affecting Common Stock. If the amendment is approved, a total of 373,455 shares of Common Stock will be available under the Director Plan. To the extent a stock option granted under the Director Plan expires or terminates unexercised, the shares of Common Stock allocable to the unexercised portion of such option are available for awards under the Director Plan. In addition, to the extent that shares are delivered to pay all or a portion of an option exercise price, such shares will become available for awards under the Director Plan.

The Director Plan, as originally adopted, became effective on July 15, 1998. The Director Plan will terminate when shares of Common Stock are no longer available under the Director Plan unless terminated earlier by the Board of Directors. The Board of Directors or the stockholders may amend or discontinue the Director Plan at any time except that no amendment or discontinuance may change or impair any options previously granted without the consent of the optionee, or where stockholder approval is required by applicable law, rule or regulation. Should an optionee cease to be a member of the Board of Directors of the Company for any reason other than death or permanent disability, such optionee's options may be exercised to the extent exercisable on the date of such termination by the optionee or, if he or she is not living, by his or her heirs, legatees or legal representative, as the case may be, during their specified term but not later than three months after the date of such termination. Should such an optionee cease to be a member of the Board of Directors of the Company because of death or permanent disability, such options may be exercised in full by the optionee or, if she or she is not living, by his or her heirs, legatees or legal representatives, as the case may be, during their specified term but not later than one year after the date of death or permanent disability.

Automatic options, elective options and discretionary options may be granted under the Director Plan. Since July 1, 1999 and continuing in effect on July 1 in each subsequent calendar year, each person who is at the time serving as a nonemployee director is automatically granted an option (each an "Automatic Option") to purchase 2,500 shares of Common Stock.

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

Under the Director Plan each nonemployee director may elect to receive all or a portion of his annual director fees or fees for serving as a member of any committee of the Board of Directors earned during each calendar year in the form of an option ("Elective Options"). Each such election must be irrevocable and made by December 31 of each year for fees to be received in the following calendar year. The number of shares of Common Stock into which Elective Options granted in any year are exercisable shall be determined based on an independent appraisal for such year of the intrinsic value of the options granted and the amount of fees covered by the director's election for such year. Elective Options, if any, are granted on the date of the annual meeting of stockholders.

The Compensation Committee may grant options to nonemployee directors from time to time in its discretion subject to the provisions of the Director Plan (the "Discretionary Options"). The Compensation Committee may establish the terms of the Discretionary Option in its sole discretion including, without limitation, the time to expiration (which shall not exceed 10 years) and the vesting schedule of such options.

Each Automatic Option and Elective Option granted is for a term of ten years and is exercisable for any or all of the shares covered by such Option on the date of grant under the Director Plan.

The exercise price per share of all Discretionary Options granted under the Director Plan will be determined by the Compensation Committee in its discretion, and may be greater than, but not less than, 100% of the fair market value per share of Common Stock on the grant date, which is defined as the average between the highest and lowest sale prices per share on The Nasdaq Small Cap Market on the trading day next preceding the date of grant of the Option. The exercise price of an Automatic Option or an Elective Option will be 100% of the fair market value of Common Stock as of the applicable grant date. Options may be exercised (i) by the payment of cash in the amount of the aggregate option price, (ii) by surrendering shares of Common Stock owned by the participant, (iii) by a combination of (i) and (ii), having a combined value equal to the aggregate option price of the shares subject to the option or the portion of the option being exercised, or (iv) by any other means the Compensation Committee deems appropriate. Any option or portion thereof that is not exercised on or before the tenth anniversary of the date of grant will expire.

Options granted under the Director Plan are not transferable by the participant other than by court order, will or the laws of descent and distribution and are exercisable during the participant's lifetime only by the participant.

As of the date of this proxy statement, Elective Options to purchase 351,845 shares of Common Stock have been granted to Messrs. Curry, Gestal, Worrell and Ross at exercise prices ranging from \$1.10 to \$4.25 per share. In 2003, Messrs. Richard L. Bailly, Curry, Gestal, Ross, Worrell, Gould and Shaw each received, automatically and in addition to any stock options granted in lieu of annual fees, Automatic Options to purchase 2,500 shares of Common Stock with an exercise price of \$1.10 per share under the Director Plan. The closing price of the Company's Common Stock on April 28, 2004 was \$2.74 per share. In 2003, the Compensation Committee granted Discretionary Options, each with an exercise price of \$1.10, as follows:

Grantee	Number of Discretionary Options
William C. Curry	2,000
Richard C. Bailly	1,000
Kenneth L. Gestal	1,000
David B. Gould	1,000
Michael J. Ross	1,000
William H. Shaw	4,500
Peter R. Worrell	2,000

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

The following general discussion of the United States federal income tax consequences of the issuance and exercise of options granted under the Director Plan is based upon the provisions of the Internal Revenue Code as in effect on the date hereof, current regulations promulgated and proposed thereunder, existing public and private administrative rulings and pronouncements of the Internal Revenue Service, and judicial decisions, all of which are subject to change. This discussion is not intended to be a complete discussion of all of the United States federal income tax consequences of the Director Plan or of all of the requirements that must be met in order to qualify for the tax treatment described herein. Changes in the law and regulations may modify the discussion, and in some cases the changes may be retroactive. No information is provided as to state tax laws. The Director Plan is not qualified under Section 401 of the Internal Revenue Code and is not subject to the provisions of the Employee Retirement Income Security Act of 1974. In addition, because tax consequences may vary and certain exceptions may apply depending upon the personal circumstances of individuals, each option holder should consider his or her personal situation and consult with his or her tax advisor with respect to the specific tax consequences applicable to him or her.

The recipient of an option under the Director Plan generally will not recognize any taxable income upon the grant of an option under the plan. Generally, he or she will recognize ordinary taxable income at the time the option is exercised in an amount equal to the excess of the fair market value of the shares of the Company common stock received on the date of exercise over the option exercise price. However, directors generally will be subject to Section 16(b) of the Securities Exchange Act upon their sale of shares of the Company common stock and this may affect their tax liability. In the case of exercise of an option within six months of grant by someone whose sale of shares of the Company common stock would subject him or her to liability under Section 16(b), recognition of income by the option holder will be postponed. The Internal Revenue Service regulations have not yet been amended to conform with the rules under Section 16(b). However, it is generally anticipated that the date of recognition will be postponed to the earlier of (i) six months after the date the option was granted, or (ii) the first day on which the sale of the shares would not subject the individual to liability under Section 16(b). It is possible that the six month period will instead run from the option holder's most recent grant or purchase of the Company common stock prior to his or her exercise of the option. The option holder will generally recognize ordinary taxable income on the recognition date in an amount equal to the excess of the fair market value of the shares at that time over the option exercise price. Despite this general rule, the option holder may make an election pursuant to Section 83(b) of the Internal Revenue Code, in which case the option holder will recognize ordinary taxable income at the time the option is exercised and not on the later recognition date. In order to be effective, the 83(b) election must be filed with the Company and the Internal Revenue Service within 30 days after exercise.

The application of the tax rules to an option holder who receives shares that are subject to a substantial risk of forfeiture (for example, if the shares must be returned to the Company if the recipient does not continue to work for the Company for a period of time specified in the award) are more complex. In that case, the recipient generally will not recognize income until the date that the shares are no longer subject to the substantial risk of forfeiture, unless a Section 83(b) election (described above) is made.

The Company will generally be entitled to a compensation deduction for federal income tax purposes in an amount equal to the taxable income recognized by the option holder, provided the Company reports the income on a form W-2 or 1099 (whichever is applicable) that is timely provided to the option holder and timely filed with the Internal Revenue Service.

When an option holder subsequently disposes of the shares of the Company common stock received upon exercise of an option, he or she will generally recognize capital gain or loss (long-term or short-term depending on the holding period of the shares) in an amount equal to the difference between amount realized and the fair market value of the shares on the date of exercise. The holding

period for the shares generally would begin on the date the shares were acquired and would not include the period of time during which the option was held.

An option holder who pays the exercise price, in whole or in part, by delivering shares of the Company common stock already owned by him or her will generally recognize no gain or loss for United States federal income tax purposes on the shares surrendered, but otherwise will be taxed according to the rules described above. To the extent the shares acquired upon exercise are equal in number to the shares surrendered, the basis of the shares received will be equal to the basis of the shares surrendered. The basis of shares received in excess of the shares surrendered upon exercise will be equal to the fair market value of the shares on the date of exercise, and the holding period for the shares received will commence on that date.

The following table sets forth the amounts that have been received by or allocated to each of the following under the Director Plan.

- (1) Based solely on the difference between the market value of the underlying shares on the date of grant and the exercise price of the options. This valuation is not based on the amount of cash fees elected to be received in the form of elective options and does not take into account any appreciation in market value of the underlying shares which may occur over the term of the options. The closing price of the Company common stock on April 28, 2004 was \$2.74.
- (2) Options may be granted under the Director Plan only to nonemployee directors.
- (3) Including options to purchase 2,500 shares that would be granted pursuant to the July annual grant to each of the Company's nonemployee directors (total of 17,500 shares) provided that they remain directors of the Company through July 1, 2004. Does not include elective options that will be granted on June 2, 2004 in lieu of director fees because the number of shares is dependent upon the market price of the Company's Common Stock on June 2, 2004.

The affirmative vote of the holders of a majority of the shares present in person or by proxy at the Meeting and entitled to vote on the proposal to amend the Director Plan is required to amend the Director Plan.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF PROPOSAL NO. 2.

OTHER MATTERS

Voting Procedures

The votes of stockholders present in person or represented by proxy at the Meeting will be tabulated by an inspector of elections appointed by the Company. A quorum, consisting of a majority of shares of all stock issued, outstanding and entitled to vote at the Meeting, will be required to be present in person or by proxy for consideration of the proposal to elect directors and for the proposal to amend the Director Plan. If a quorum is not present, a vote of a majority of the votes properly cast will adjourn the Meeting.

The nominees for director of the Company who receive the greatest number of votes cast by stockholders present in person or represented by proxy at the Meeting and entitled to vote thereon will be elected directors of the Company. The affirmative vote of the holders of a majority of shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote thereon is required to approve the amendment of the Director Plan.

Abstentions will have no effect on the outcome of the vote for the election of directors, but will have the effect of being cast against the proposal to amend the Director Plan, even though the stockholder so abstaining intends a different interpretation.

Shares of Common Stock held of record by brokers who do not return a signed and dated proxy will not be considered present at the Meeting, will not be counted towards a quorum and will not be voted in the election of directors or on the proposal to amend the Director Plan. Shares of Common Stock held of record by brokers who return a signed and dated proxy but who fail to vote (a "broker nonvote") on the election of directors or on the proposal to amend the Director Plan will count toward the quorum but will have no effect on those proposals not voted.

Reporting Under Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than 10% of the Company's Common Stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and the Nasdaq Small Cap Market. Executive officers, directors and greater than 10% stockholders are required to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company's review of the copies of such Forms it has received and written representations from certain reporting persons that they were not required to file Forms 5 for specified fiscal years, the Company believes that all of its executive officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements applicable to them during the Company's fiscal year ended December 31, 2003.

Other Proposed Action

The Board of Directors knows of no matters that may come before the Meeting other than the election of directors and the amendment of the Director Plan. However, if any other matters should properly be presented to the Meeting, the persons named as proxies shall have discretionary authority to vote the shares represented by the accompanying proxy in accordance with their own judgment.

Stockholders may contact the Board of Directors of the Company by writing to them c/o Investor Relations, UFP Technologies, Inc., 172 East Main Street, Georgetown, MA 01833. All communications directed to the Board will be delivered to the Board of Directors.

Stockholder Proposals and Recommendations for Director

Stockholder proposals for inclusion in the Company's proxy materials for the Company's 2005 Annual Meeting of Stockholders must be received by the Company no later than December 31, 2004. These proposals must also meet the other requirements of the rules of the Securities and Exchange Commission and the Company's By-laws relating to stockholder proposals.

Stockholders who wish to make a proposal at the Company's 2005 Annual Meeting other than one that will be included in the Company's proxy materials should notify the Company no later than March 18, 2005. If a stockholder who wishes to present such a proposal fails to notify the Company by this date, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the proxy rules of the Securities and Exchange Commission.

Stockholders may make recommendations to the Board of Directors of candidates for its consideration as nominees for director at the Company's 2005 Annual Meeting of Stockholders by submitting the name, qualifications, experience and background of such person, together with a statement signed by the nominee in which he or she consents to act as such, to the Board of Directors, c/o Secretary, UFP Technologies, Inc., 172 East Main Street, Georgetown, MA 01833. Notice of such recommendations should be submitted in writing as early as possible, but in any event not later than 90 days prior to the anniversary date of the immediately preceding annual meeting or special meeting in lieu thereof and must contain specified information and conform to certain requirements set forth in the Company's Bylaws. The letter of recommendation from one or more stockholders should state whether or not the person(s) making the recommendation has beneficially owned 5% or more of the Company's Common Stock for at least one year. The Board of Directors may refuse to acknowledge the nomination of any person not made in compliance with these procedures or in the Company's Bylaws.

Incorporation By Reference

AUDIT COMMITTEE CHARTER
ADOPTED ON FEBRUARY 25, 2004**

I. PURPOSE

The primary functions of the Audit Committee (the "Committee") are to assist the Board of Directors of UFP Technologies, Inc. (the "Company") with the oversight of (i) the Company's financial reporting process, accounting functions and internal controls and (ii) the qualifications, independence, appointment, retention, compensation and performance of the Company's registered public accounting firm.

The term "registered public accounting firm" as used herein shall mean the public accounting firm registered with the Public Company Accounting Oversight Board (the "Accounting Board") under Section 102 of the Sarbanes-Oxley Act of 2002 that performs the auditing function for the Company.

Although the Committee has the powers and responsibilities set forth in this Charter, the role of the Committee is oversight. It is not the duty of the Committee to conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of Company management, and subject to audit by the Company's registered public accounting firm.

II. COMPOSITION AND INDEPENDENCE

The Committee shall consist of three or more directors of the Company. The members on the Committee shall meet the independence and other qualification requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the rules and regulations thereunder and the applicable rules of the stock exchange or stock market on which the Company's securities are traded or quoted, subject to any permitted exceptions thereunder. At least one of the Committee members must satisfy the financial sophistication requirements of the listing standards of the Nasdaq Stock Market, and the Committee shall use diligent efforts to assure that at least one member qualifies as an "audit committee financial expert," as defined by rules of the Securities and Exchange Commission ("SEC").

Committee members, including the chairperson, shall be elected by the Board at the annual meeting of the Board of Directors. Members shall serve until their successors shall be duly elected and qualified.

III. MEETINGS AND PROCEDURES

The Audit Committee shall meet no less than four times per year, or more frequently as circumstances require. The Committee may request that members of management, representatives of the registered public accounting firm and others attend meetings and provide pertinent information, as necessary. In order to foster open communications, the Committee shall meet at such times as it deems appropriate or as otherwise required by applicable law, rules or regulations in separate executive sessions to discuss any matters that the Committee believes should be discussed privately.

Committee meetings will be governed by the quorum and other procedures generally applicable to meetings of the Board under the Company's By-laws, unless otherwise stated by resolution of the Board of Directors.

IV. Responsibilities and Duties

A. General Matters

1. The Committee, in its capacity as a committee of the Board of Directors, shall be directly responsible for the appointment, compensation, retention (including termination) and oversight of the work of the registered public accounting firm (including resolution of disagreements between management and the registered public accounting firm regarding financial reporting) engaged for the purpose of preparing or issuing its audit report or related work. The registered public accounting firm shall report directly to and be accountable to the Committee.
2. To the extent required by applicable law, rules and regulations, the Committee shall pre-approve all auditing services and non-audit services (including the fees and terms thereof) permitted to be provided by the Company's registered public accounting firm contemporaneously with the audit, subject to certain de minimus exceptions for permitted non-audit services described in Section 10A(i)(1)(B) of the Exchange Act, which shall be approved by the Committee prior to the completion of the audit.
3. The Committee shall have the authority to engage independent counsel and other advisers, as it determines necessary to carry out its duties. The Committee shall determine the extent of funding necessary for payment of (i) compensation to the registered public accounting firm for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, (ii) compensation to any independent counsel and other advisers retained to advise the Committee, and (iii) ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

In connection with its review and discussions, the Committee shall: (i) ensure that the registered public accounting firm submits to the Committee a formal written statement (consistent with the Accounting Board independence standards as then in effect) delineating all relationships and services that may impact the objectivity and independence of the registered public accounting firm; (ii) discuss with the registered public accounting firm any disclosed relationship, services or fees (audit and non-audit related) that may impact the objectivity and independence of the registered public accounting firm; (iii) review the registered public accounting firm's statement of the fees billed for audit and non-audit related services, which statement shall specifically identify those fees required to be disclosed in the Company's annual proxy statement; and (iv) satisfy itself as to the registered public accounting firm's independence.
2. Ensure the rotation of the lead (or coordinating) audit partner and other significant audit partners as required by applicable law, rules and regulations.

3. On an annual basis, confirm that the registered public accounting firm is not disqualified from performing any audit service for the Company due to the fact that any of the Company's chief executive officer, chief financial officer, controller, chief accounting officer (or a person serving in an equivalent position) was employed by that registered public accounting firm and participated in any capacity in the audit of the Company during the one-year period preceding the date of the initiation of the audit of the current year's financial statements.

10. Following completion of its review of the annual audited financial statements, recommend to the Board of Directors, if appropriate, that the Company's annual audited financial statements and the report of the registered public accounting firm thereon be included in the Company's annual report on Form 10-K filed with the SEC.

APPENDIX B

UFP TECHNOLOGIES, INC.
1998 DIRECTOR STOCK OPTION INCENTIVE PLAN
(AS AMENDED FEBRUARY 24, 1999, JULY 2, 2001 AND JULY 5, 2002)

1. Statement of Purpose. This 1998 Non-employee Director Stock Option Plan (as amended, the "Plan") is intended to promote the interests of UFP Technologies, Inc., a Delaware corporation (the "Company"), by offering non-employee members of the Board of Directors of the Company (individually a "Non-employee Director" and collectively "Non-employee Directors") the opportunity to participate in a special stock option program designed to provide them with significant incentives to remain in the service of the Company.

2. Administration. The Plan shall be administered by the Board of Directors of the Company or by any committee of the Board of Directors, including the Compensation Committee (the "Committee"). The Committee shall have full and plenary authority to interpret the terms and provisions of the Plan.

3. Eligibility. Non-employee Directors of the Company shall be eligible to receive grants of non-statutory options under this Plan (individually an "Option" and collectively "Options") pursuant to the provisions of Section 5 hereof.

4. Stock Subject to Plan. The stock issuable under this Plan shall be shares of the Company's Common Stock, par value \$.01 per share (the "Common Stock"). Such shares may be made available from authorized but unissued shares of Common Stock or shares of Common Stock reacquired by the Company. The aggregate number of shares of Common Stock issuable upon exercise of Options under this Plan shall not exceed 725,000 shares, subject to adjustment from time to time in accordance with Section 9 hereof.

5. Granting of Options.

a. Automatic Granting of Options.

(i) Commencing July 1, 1999, and continuing in effect on July 1, in each subsequent calendar year, each individual who is at the time serving as a Non-employee Director shall receive an automatic grant of an Option to purchase 2,500 shares of Common Stock (subject to adjustment as provided in Section 10 hereof). Each Option granted pursuant to this Section 5(a) (herein referred to individually as an "Automatic Option" or collectively as "Automatic Options") shall be for a term of ten (10) years. Each Option shall become exercisable for any or all of the shares covered by such Option on the later of the date on which this Plan is ratified by the shareholders of the Company or on the date of automatic grant pursuant to this Section 5(a). The Automatic Option shall thereafter remain so exercisable until the expiration or sooner termination of the Option term. The foregoing automatic grant dates under this Section 5(a) are herein referred to individually as an "Automatic Grant Date" and collectively as "Automatic Grant Dates".

(ii) Should an Optionee cease to be a member of the Board of Directors of the Company for any reason other than death or permanent disability, such Optionee's Automatic Options may be exercised (to the extent they were exercisable on the date of such termination) by the Optionee or, if he or she is not living, by his or her heirs, legatees or legal representative, as the case may be, during their specified term but not later than three (3) months after the date of such termination.

(iii) Should an Optionee cease to be a member of the Board of Directors of the Company because of death or permanent disability (as that term is defined in Section 22(e)(3) of the Code, as now in effect or as subsequently amended), such Automatic Options may be exercised in full, by the Optionee or, if he or she is not living, by his or her heirs, legatees or legal representatives, as the case

may be, during their specified term but not later than one (1) year after the date of death or permanent disability.

b. Options in Lieu of Director Fees.

(i) Each Non-Employee Director may elect to receive any or all of his or her annual director fees or fees for serving as a member of any committee of the Board of Directors earned during the second half of 1998 and each subsequent calendar year in the form of Non-Qualified Stock Options under this Section 5(b). Each Option granted pursuant to this Section 4(b) is herein referred to individually as an "Elective Option" or collectively as "Elective Options". Each such election must be irrevocable, and made in writing and filed with the Secretary of the Company by June 30, 1998 (for fees earned in the second half of 1998) and (for fees earned in subsequent calendar years) by December 31 of each year for fees to be received in the following calendar year.

(ii) A Non-Employee Director may file a new election each calendar year applicable to fees earned in the immediately succeeding calendar year. If no new election or revocation of a prior election is received by December 31 of any calendar year, the election, if any in effect for such calendar year shall continue in effect for the immediately succeeding calendar year. If a director does not elect to receive his or her fees in the form of Non-Qualified Stock Options, the fees otherwise due such director shall be paid in accordance with the normal payment dates of director fees, as the same may be amended from time to time by the Company.

(iii) The number of common shares covered by each Elective Option granted in any year under this Section 5(b) shall be determined based on an independent appraisal for such year of the intrinsic value of options granted hereunder and the amount of fees covered by the director's election for such year. The number of common shares covered by options granted in 1998 and 1999 (as determined under this procedure) shall be the number of whole shares equal to (A) the product of three (3) times the amount of fees which the director has elected under subsection (i) to receive in the form of Elective Options, divided by (B) One Hundred percent (100%) of the fair market value of one common share on the grant date. Any fraction of a share shall be disregarded, and the remaining amount of the fees corresponding to such option shall be paid in cash.

(iv) Each Elective Option due a director under this Section 5(b) shall be issued as of the date of the Annual Meeting of Stockholders of the Company held in the calendar year during which the corresponding fees otherwise due the director would have been paid and at a purchase price equal to One Hundred percent (100%) of the fair market value of the common shares covered by such option on the grant date, provided, however, that with respect to fees earned during the second half of 1998, the date of grant shall be July 15, 1998. Each Elective Option shall have a term of ten (10) years and shall become exercisable for any or all of the shares covered by such Elective Option on the later of the date on which this plan is ratified by the shareholders of the Company or on the date of grant pursuant to this Section 5(b). The Elective Option shall thereafter remain so exercisable until the expiration or sooner termination of the Option term. The foregoing elective grant dates under this Section 5(b) are herein referred to individually as an "Elective Grant Date" and collectively as "Elective Grant Dates".

(v) Each Elective Option shall remain in effect for the remainder of the option term following the termination of the Optionee's service on the Board of Directors of the Company. In the event of the death or permanent disability (as that term is defined in Section 22(e)(3) of the Code, as now in effect or as subsequently amended) of the Optionee, such Elective Options may be exercised in full, by the Optionee or, if he or she is not living, by his or her heirs, legatees or legal representatives, as the case may be, during their specified term.

c. Discretionary Granting of Options.

(i) In addition to the Automatic Options and Elective Options, the Committee may grant non-qualified options to Non-Employee Directors from time to time in the discretion of the Committee subject to the provisions of this Section 5(c) and the other provisions of this Plan. Each Option granted pursuant to this Section 5(c) is herein referred to individually as a "Discretionary Option" or collectively as "Discretionary Options". The grant of a Discretionary Option pursuant to this Section 5(c) shall be evidenced by a written Non-Qualified Stock Option Agreement, executed by the Company and the Non-Employee Director, stating the number of shares of Common Stock subject to such Option evidenced thereby and in such form and with such restrictions and subject to such conditions as the Committee may from time to time determine, which need not be the same for each grant or for each participant.

(ii) Each Discretionary Option shall be for a term of not more than ten years. Each Discretionary Option shall become exercisable in such installments as may be determined from time to time by the Committee but not earlier than the date on which this Plan is ratified by the shareholders of the Company. In addition, subject to such shareholders ratification, the Committee may, in its discretion (i) accelerate the exercisability of such option subject to such terms as the Committee deems necessary and appropriate to effectuate the purpose of the Plan; or (ii) at any time prior to the expiration or termination of any Option previously granted, extend the term of any such option for such period as the Committee in its discretion shall determine. In no event, however, shall the aggregate option period with respect to any option, including the original term of the option and any extensions thereof, exceed ten years. Subject to the foregoing, all or any part of the shares to which the right to purchase has accrued may be purchased at the time of such accrual or at any time or times thereafter during the option period.

(d) The Non-employee Directors receiving Options are herein referred to individually as an "Optionee" and collectively as "Optionees." Options granted under this Plan are not intended to be treated as incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code").

(e) In the event that an Option expires or is terminated or canceled unexercised as to any shares of Common Stock, the shares subject to the Option, or portion thereof not so exercised, shall be available for subsequent grants of Automatic Options, Elective Options or Discretionary Options under this Plan.

(f) Should the total number of shares of Common Stock at the time available under this Plan not be sufficient for the automatic or elective grants to be made at that particular time, the available shares shall be allocated proportionately among all Automatic and Elective Option grants to be made at that time.

6. Exercise Price. The exercise price of a Discretionary Option shall be determined by the Committee in its discretion, and may be greater than, but not less than the fair market value, at the time the option is granted, of the shares of Common Stock subject to the option. The exercise price of an Automatic Option or an Elective Option shall be 100% of the fair market value of Common Stock as of the applicable Automatic Grant Date or Elective Grant Date. Such fair market value shall be deemed to be the last trading price of the Common Stock on the trading day next preceding the date of the grant of the option except that if the Common Stock is then listed on any national exchange, fair market value shall be the mean between the high and low sales price on the trading day next preceding the date of grant of the option. If shares of the Common Stock shall not have been traded on any national exchange or interdealer quotation system for more than 10 days immediately preceding the date of grant of such option or if deemed appropriate by the Committee for any other reason, the fair market value of shares of Common Stock shall be determined by the Committee in such manner as it

may deem appropriate. In no event shall the exercise price of any share of Common Stock be less than its par value.

7. Exercise of Option.

a. A Discretionary Option may be exercised in such manner as may be provided in the applicable Non-Qualified Stock Option Agreement referred to in Section 5(c)(i) hereof. An Automatic Option or an Elective Option may be exercised by giving written notice to the Company, attention of the Secretary, specifying the number of shares to be purchased, accompanied by the full purchase price for the shares to be purchased either in cash, or its equivalent, or by tendering previously owned shares of the Common Stock of the Company, or by a combination of these methods. Payment may also be made, if in accordance with applicable law (i) by delivery (including delivery by facsimile transmission) to the Company or its designated agent of an executed irrevocable option exercise form together with irrevocable instructions to a broker-dealer to sell a sufficient portion of the shares and deliver the sale proceeds directly to the Company to pay for the exercise price, or (ii) by any other means which the Committee, in its discretion, determines to be consistent with the Plan's purpose. For the purpose of this Section 7, the per share value of the Common Stock of the Company shall be the fair market value determined in accordance with Section 6 hereof, except using the trading day next preceding the date of exercise. Any Optionee holding two or more options that are partially or wholly exercisable at the same time may exercise said options (to the extent they are then exercisable) in any order the Optionee chooses, regardless of the order in which said options were granted.

b. At the time of exercise of any Option, the Company may, if it shall determine it necessary or desirable for any reason, require the Optionee (or his heirs, legatees or legal representative, as the case may be) as a condition upon the exercise thereof, to deliver to the Company a written representation of present intention to purchase the shares for investment and not for distribution. In the event such representation is required to be delivered, an appropriate legend may be placed upon each certificate delivered to the Optionee (or his or her heirs, legatees or legal representative, as the case may be) upon his or her exercise of part or all of the Option and a stop transfer order may be placed with the transfer agent. Each Option shall also be subject to the requirement that, if at any time the Company determines, in its discretion, that the listing, registration or qualification of the shares subject to the Option upon any securities exchange or under any state or federal law or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of or in connection with the issue or purchase of shares thereunder, the Option may not be exercised in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company.

8. Non-Transferability. Except as otherwise provided in an Optionee's option agreement, or as otherwise permitted by the Committee in its discretion, Options shall not be assignable or transferable by the Optionee otherwise than by will or by the laws of descent and distribution, or pursuant to a qualified domestic relations order as defined by the Code, or Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), or the rules thereunder. Subject to the foregoing, during the lifetime of the Optionee, Options shall be exercisable only by the Optionee.

9. Adjustments. The number of shares subject to this Plan and to Options granted under this Plan shall be adjusted as follows: (a) in the event that the number of outstanding shares of Common Stock is changed by any stock dividend, stock split or combination of shares, the number of shares subject to this Plan and to Options granted hereunder shall be proportionately adjusted; (b) in the event of any merger, consolidation or reorganization of the Company with any other corporation or corporations, there shall be substituted, on an equitable basis for each share of Common Stock then subject to this Plan, whether or not at the time subject to outstanding Options, the number and kind of shares of stock or other securities to which the holders of shares of Common Stock will be entitled pursuant to the transaction; and (c) in the event of any other relevant change in the capitalization of

the Company, an equitable adjustment shall be made in the number of shares of Common Stock then subject to this Plan, whether or not then subject to outstanding Options. In the event of any such adjustment the exercise price per share shall be proportionately adjusted.

10. Amendment or Discontinuance of Plan. This Plan may from time to time (i) be amended by action of the Board of Directors, if permitted by law (including without limitation any listing standards of the Nasdaq Stock Market then applicable to the Company), or (ii) be amended or discontinued by action of the stockholders of the Company. Notwithstanding the foregoing, no amendment or discontinuance shall change or impair any Options previously granted without the consent of the Optionee.

11. No Impairment of Rights. Nothing in this Plan or any Automatic Grant or Elective Grant made pursuant to this Plan shall be construed or interpreted so as to affect adversely or otherwise impair the Company's right to remove any Optionee from service on the Board of Directors of the Company at any time in accordance with the provisions of the Company's By-laws and applicable law.

12. Effective Date. This Plan was adopted and authorized by the Board of Directors of the Company on June 3, 1998 and became effective on July 15, 1998. The Plan was amended on February 24, 1999, July 2, 2001 and July 5, 2002.
