PROXY STATEMENT

**For Annual Meeting Of Stockholders
To Be Held August 26, 2010**

Information About the 2010 Annual Meeting

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Capstone Turbine Corporation (the "Company" or "Capstone") from holders of issued and outstanding shares of Common Stock, par value \$.001 per share ("Common Stock"), to be voted at the 2010 Annual Meeting of Stockholders (the "Annual Meeting"), to be held at the Company's corporate offices located at 21211 Nordhoff Street, Chatsworth, California, 91311, at 9:00 a.m., Pacific Time, on August 26, 2010, for the purposes set forth in the accompanying notice and herein, and any adjournments or postponements thereof.

Voting Procedures

If you were a stockholder of record of the Company's Common Stock at the close of business on June 30, 2010, you are entitled to notice of, and to vote at, the Annual Meeting. As of the record date, 242,348,323 shares of Common Stock were outstanding.

Proxies properly executed, duly returned to us and not revoked will be voted in accordance with the instructions given. Where no instructions are given, such proxies will be voted FOR each of the nominees and proposals. If any matter not described in this proxy statement (the "Proxy Statement") is properly presented for action at the Annual Meeting, the persons named on the proxy card will have discretionary authority to vote on the action according to their best judgment. Each stockholder of record on June 30, 2010 is entitled to one vote for each share of Common Stock held by such stockholder on that date. The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of our Common Stock eligible to be voted on the record date.

Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, and abstentions, but not broker non-votes, as to particular proposals will be treated as shares entitled to vote. A broker non-vote occurs when a broker holding shares for a beneficial holder does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Without your instructions, your broker or nominee is permitted to use its own discretion and vote your shares on certain routine matters (such as Proposal 3), but it is not permitted to use discretion and

vote your shares on non-routine matters (such as Proposals 1 and 2). Prior to January 2010, the election of directors was considered a routine matter for which brokers were permitted to vote your shares, but brokers are no longer permitted to vote your shares for the election of directors. We urge you to give voting instructions to your broker on all three proposals. Broker non-votes are not considered votes for or against a proposal and, therefore, will have no direct impact on any proposal. Concerning the election of directors, you may: (a) vote for all of the director nominees as a group; (b) withhold authority to vote for all director nominees as a group; or (c) vote for all director nominees as a group except those nominees you identify on the appropriate line. For each of the proposals other than the election of directors, abstentions will have the same effect as a vote against these proposals.

A copy of Capstone's 2010 Annual Report to Stockholders (the "2010 Annual Report") and the Proxy Statement and accompanying proxy card were first mailed or made available to stockholders on or about July 16, 2010. The 2010 Annual Report includes Capstone's audited consolidated financial statements.

You may revoke your proxy at any time before it is actually voted at the Annual Meeting by: (i) delivering written notice of revocation to the Secretary of Capstone at our address above; (ii) submitting a later dated proxy; or (iii) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, constitute revocation of the proxy.

Voting Electronically via the Internet or by Telephone

Whether you hold shares directly as the stockholder of record or through a broker, trustee or other nominee, as the beneficial owner, you may direct how your shares are voted without attending the Annual Meeting. Stockholders are encouraged to vote their proxies by Internet, telephone or completing, signing, dating and returning a proxy card, but not by more than one method. If you vote by Internet or telephone, you do not need to return a proxy card. If you vote by more than one method, only the last vote that is submitted will be counted and each previous vote will be disregarded. Please refer to the instructions provided in the Notice of Internet Availability or proxy card provided to you for information on the available voting methods.

Solicitation of Proxies

We will pay the expense of soliciting proxies and the cost of preparing, assembling and mailing material in connection with the solicitation of proxies. Our directors, officers or employees may solicit proxies by mail, e-mail, telephone, facsimile or other means. These individuals will not receive any additional compensation for these efforts.

Proposals of Stockholders for the 2011 Annual Meeting of Stockholders

Stockholder proposals or nominations for directors intended to be presented at the 2011 annual meeting of stockholders (the "2011 Annual Meeting") must be in writing and received at Capstone's executive offices no later than the date listed below and must comply with Capstone's bylaws and the proxy rules of the Securities and Exchange Commission (the "SEC"). If appropriate notice of a stockholder proposal is not received at Capstone's executive offices prior to the close of business on March 18, 2011, the proposal will be deemed untimely. Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 (the "Exchange Act") and the Company's bylaws, an untimely proposal will not be included in the Company's proxy statement or proxy card for the 2011 Annual Meeting and cannot be brought before the 2011 Annual Meeting by the proponent.

In addition to stockholder nominations made in accordance with the procedures described above, Capstone's Nominating and Corporate Governance Committee will consider stockholder recommendations of candidates for election to the Board of Directors if such recommendations are submitted by the date and in accordance with the policies described in the "Director Recommendation and Nomination Process" section elsewhere in this Proxy Statement.

The date of this Proxy Statement is July 16, 2010.

PROPOSAL 2

**APPROVAL OF THE AMENDED AND RESTATED
CAPSTONE TURBINE CORPORATION EMPLOYEE STOCK PURCHASE PLAN**

Effective June 29, 2010, the Board of Directors unanimously approved, subject to stockholder approval, an amendment and restatement of our Employee Stock Purchase Plan (the "ESPP"). The amendment and restatement includes an increase of 500,000 shares of Common Stock that will be available under the ESPP and extends the term of the ESPP for a period of ten years.

Prior to the amendment, the ESPP would terminate by its terms on December 31, 2010 and 900,000 shares of Common Stock had been reserved for issuance. Of this number, there were only 11,439 shares of Common Stock remaining as of March 31, 2010. As amended, the ESPP will continue by its terms through June 30, 2020, unless terminated sooner, and will reserve for issuance a total of 1,400,000 shares of Common Stock.

The following is a summary of the principal provisions of the ESPP as amended and restated. This description is qualified by reference to the ESPP document, a copy of which is attached hereto as *Appendix A*.

History. The ESPP was initially adopted by the Company's Board of Directors and approved by the stockholders in 2000 and has been amended once to modify the exercise price to be used on the date the shares are exercised. The ESPP is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Internal Revenue Code and will be administered and interpreted in accordance with this provision.

Summary. The ESPP provides participants an opportunity to purchase shares of Common Stock at a discount through payroll deductions. It is administered by the Compensation Committee of the Board of Directors, which has the right to determine any questions which may arise regarding the interpretation and application of the provisions of the ESPP and to make, administer, and interpret such rules and regulations as it deems necessary. Any determinations will be made by the Compensation Committee in its sole discretion and will be final and binding.

Eligibility. Eligibility for participation is limited to employees of the Company or its affiliated subsidiaries who are customarily employed for at least 20 hours per week and more than 5 months or more in a calendar year. As of June 30, 2010, approximately 172 employees were eligible to participate in the ESPP.

Option Periods. The ESPP provides six-month option periods from January 1 to June 30 and July 1 to December 31 of each year. A participant must be employed at the beginning of an option period to participate in the ESPP for that six-month option period.

Participation by Employees. Eligible employees can participate in the ESPP by authorizing the Company to deduct from payroll up to 15% of their compensation. The deductions are accumulated without interest through the option period and used to fund the purchase of Common Stock at the end of the option period. A participant may discontinue or decrease participation in the ESPP during the option period. If a participant elects to discontinue participation during an option period, the amounts accumulated through payroll deductions are returned to the participant in cash without interest. An employee's participation election is automatically continued for subsequent option periods until the employee makes a new election or becomes ineligible to participate.

Purchase. Common Stock is purchased from the Company for 95% of its fair market value on the last day of the option period. Fair market value is determined by reference to the closing sales price on the NASDAQ Global Market. The balance of funds accumulated for each participant is applied to acquire the greatest number of whole shares of Common Stock at the purchase price determined for

each option period. Any balance of funds is returned to the participant. No fractional shares are delivered under the ESPP.

Share Purchase Limits. The maximum number of shares that a participant may purchase during any option period is 2,500. Each participant's acquisition of Common Stock is limited to \$25,000 per year, based on the fair market value of the Common Stock on the date of acquisition, which is the last day of each option period. In addition, an employee will become ineligible to participate in the ESPP if he or she owns or could acquire 5% or more of the combined voting power or value of all classes of stock of the Company or of any of its subsidiaries (including stock that may be purchased under the ESPP or pursuant to any other options).

Termination of Employment; Death. The right to participate in the ESPP terminates immediately upon termination of employment. Generally, a participant will receive a refund of amounts withheld through payroll deduction during the option period without interest. However, if termination of employment is due to the participant's death, the participant's estate is entitled apply the amounts that were withheld from payroll during the option applied to the purchase of Common Stock at the end of the option period.

Adjustment or Changes in Capitalization. In the event of any change in the outstanding Common Stock of the Company by reason of a stock split, stock dividend, recapitalization, partial or complete liquidation, reclassification, merger, consolidation, reorganization, extraordinary cash dividend, spin-off, split-up, combination or other corporate event or distribution of stock or property affecting the Common Stock, the number of shares available under the ESPP and subject to purchase during the option period, as well as the purchase price, will be appropriately adjusted in a manner consistent with Section 423 of the Internal Revenue Code.

Amendment and Termination of the Plan. The ESPP may be amended by the Board of Directors for any reason, subject to applicable law. However, an amendment that increases the number of outstanding shares of Common Stock available for issuance, extends the expiration date of the ESPP or changes the class of employees eligible to participate must be approved by the Company's stockholders within twelve months thereof. If approved by stockholders, the plan will remain in effect until June 30, 2020, unless terminated earlier by the Board of Directors.

Certain Federal Income Tax Considerations. The following is a general summary of certain United States federal income tax consequences under the ESPP based upon the laws that are currently in effect. This summary is not a complete description of the possible federal income tax consequences of the ESPP and does not purport to cover possible foreign, state, local, estate, employment or other tax consequences.

The ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Section 421 and 423 of the Internal Revenue Code. No tax is recognized on the grant of an option to the participant at the beginning of an option period or the purchase of shares at the end of the period. A participant is subject to taxation upon the disposition of the shares acquired under the ESPP. The tax treatment depends on the length of time that the participant holds the shares after purchase.

To obtain favorable tax treatment under the ESPP, the participant is required to hold the shares for at least two years after the first day of the option period. The participant will recognize ordinary income at the time of the sale on the lesser of 5% of the fair market value of the Common Stock at the beginning of the option period and the amount by which the fair market value exceeded the amount paid to purchase the stock, if any. Long term capital gains treatment applies to the amount realized on the sale of the Common Stock over the aggregate of the price paid to purchase the stock and the amount of ordinary income recognized in the sale. There are no tax consequences to the Company.

A sale of the shares before the expiration of this two year period is treated as a "disqualifying disposition." The participant will recognize ordinary income on the difference between the fair market value of the Common Stock on the date of disposition and the purchase price paid for the shares. The Company is entitled to a deduction for the amount recognized as ordinary income by the participant upon a disqualifying disposition.

New Plan Benefits. It is not presently possible to determine the benefits or amounts that will be received by any particular employee or groups in the future.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2011 (the "2011 Fiscal Year"). Deloitte & Touche LLP is considered by management to be well-qualified. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting and will have an opportunity to make any statement they consider appropriate and to respond to any appropriate stockholders' questions at that time.

Required Vote for Ratification; Recommendation of the Board

Stockholder ratification of the Audit Committee's selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm is not required by the Company's bylaws or otherwise; however, the Board of Directors has elected to submit the selection of Deloitte & Touche LLP to the Company's stockholders for ratification. The Company is seeking an affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting, if a quorum is present, in order to ratify the selection of the independent registered public accounting firm. If the appointment of Deloitte & Touche LLP is not ratified by the stockholders, the selection of an independent registered public accounting firm will be determined by the Audit Committee after careful consideration of any information submitted by the stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE PROPOSAL TO RATIFY THE SELECTION OF DELOITTE & TOUCHE LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

GOVERNANCE OF THE COMPANY AND PRACTICES OF THE BOARD OF DIRECTORS

Board of Directors; Leadership Structure

As of the date hereof, the Board of Directors consists of nine directors: Eliot G. Protsch (Chair), Richard K. Atkinson, John V. Jagers, Darren R. Jamison, Noam Lotan, Gary J. Mayo, Gary D. Simon, Holly A. Van Deursen and Darrell J. Wilk. Mr. Protsch has indicated a desire to step down as Chairman of the Board of Directors, and it is anticipated that Mr. Simon will be elected Chairman of the Board of Directors following the Annual Meeting. The Board of Directors has determined that all of the members of the Board of Directors, other than Mr. Jamison, are "independent directors" as defined by Nasdaq rules.

The Board of Directors met thirteen (13) times during the fiscal year ended March 31, 2010 (the "2010 Fiscal Year"), and each of the directors attended or participated in more than 90% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served. The Company strongly encourages each member of the Board of Directors to attend each annual meeting of stockholders. All of the directors serving on the Board of Directors at the time attended the 2009 annual meeting of stockholders. The Company's independent directors met in executive session, without members of the Company's management present, at all five (5) in-person meetings of the Board of Directors in the 2010 Fiscal Year.

The Board of Directors is committed to having a sound governance structure that promotes the best interests of all of the Company's stockholders. To that end, the Board of Directors has evaluated and actively continues to examine emerging corporate governance trends and best practices. Stockholder perspectives play an important role in that process. The level of importance afforded to stockholder perspectives by the Board of Directors is evident upon a closer review of the Board of Director's governance structure. Some key points regarding that structure are as follows:

The Board of Directors is predominantly independent. Of our nine directors, only one (our President and Chief Executive Officer) is an employee of the Company. Further, the Board of Directors has affirmatively determined that eight of our nine directors are independent under SEC and NASDAQ corporate governance rules, as applicable.

Our board committees are comprised exclusively of independent directors.

Our independent directors meet in executive session at every in-person board meeting.

We have separated the roles of Chairman of the Board of Directors and Chief Executive Officer. Our Chairman focuses on board oversight responsibilities, strategic planning, setting board agendas and mentoring company officers, as well as facilitating communications between the Board of Directors and management.

Our Board of Directors is very active. Each of our directors attended more than 90% of the 2010 Fiscal Year board meetings and meetings of the committees on which such director served.

We believe our Board of Directors structure serves the interests of stockholders by balancing board continuity and the promotion of long-term thinking with the need for director accountability.

Board Committees

The Board of Directors has designated an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee

The Audit Committee currently consists of Messrs. Lotan (Chair), Atkinson, Protsch and Wilk. Mr. Wilk will no longer be a member of the Audit Committee following the Annual Meeting as a result of a recent restructuring of committee assignments. Each member of the Audit Committee is an "independent director" pursuant to NASDAQ rules and is "financially literate" within the meaning of NASDAQ rules. The Audit Committee is constituted to comply with Section 3(a)(58)(A) of the Exchange Act and is responsible, among other items, for: (i) monitoring the Company's financial reporting and overseeing accounting practices; (ii) annually retaining the independent public accountants as auditors of the books, records and accounts of the Company; (iii) monitoring the scope of audits made by the independent public accountants and the audit reports submitted by the independent public accountants; (iv) overseeing the systems of internal control which management and the Board of Directors have established; and (v) discussing with management and the independent and internal auditors the Company's major financial risk exposure and the steps taken to monitor and control such exposure. In addition, the Audit Committee has the duties of a "qualified legal compliance committee," including monitoring and reviewing stockholder complaints and also reviews and approves all related-party transactions. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.capstoneturbine.com. During the 2010 Fiscal Year, the Audit Committee held four (4) meetings. The Board of Directors has determined that each of Noam Lotan, Richard Atkinson, Eliot Protsch and Darrell Wilk is an "audit committee financial expert," as that term is defined by rules adopted by the SEC.

Compensation Committee

The Compensation Committee currently consists of Messrs. Jagers (Chair), Lotan, Mayo and Simon. It is expected that the Compensation Committee will consist of Messrs. Mayo (Chair), Jagers and Wilk and Ms. Van Deursen following the Annual Meeting. The Compensation Committee is comprised solely of "independent directors" as defined by NASDAQ. The functions of the Compensation Committee include: (i) for the purposes of compensation, reviewing the performance and development of the Company's senior management in achieving corporate goals and objectives; (ii) determining the salary, benefits and other compensation of the executive officers and reviewing the compensation programs for the Company; (iii) adopting and monitoring a succession plan for the Company's senior management; and (iv) administering the following benefit plans of Capstone: the 1993 Incentive Stock Option Plan, the 2000 Employee Stock Purchase Plan, the Amended and Restated 2000 Equity Incentive Plan, as amended (the "Incentive Plan"), and the Executive Performance Incentive Plan. The Compensation Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.capstoneturbine.com. During the 2010 Fiscal Year, the Compensation Committee held five (5) meetings. Processes and procedures for determining executive compensation are discussed elsewhere in this Proxy Statement in the section entitled "Compensation Discussion and Analysis."

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of Messrs. Simon (Chair), Atkinson and Jagers and Ms. Van Deursen. It is expected that the Nominating and Corporate Governance Committee will consist of Ms. Van Deursen (Chair) and Messrs. Mayo, Simon and Wilk following the Annual Meeting. The Nominating and Corporate Governance Committee is comprised solely of "independent directors" as defined by NASDAQ rules in conformance with the committee's charter. The Nominating and Corporate Governance Committee is responsible for, among other things, (i) monitoring corporate governance matters; (ii) recommending to the full Board of Directors candidates for election to the Board of Directors; and (iii) coordinating the Board of Directors evaluation process. The Nominating and Corporate Governance Committee operates under a written

charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.capstoneturbine.com. During the 2010 Fiscal Year, the Nominating and Corporate Governance Committee held five (5) meetings. The Nominating and Corporate Governance Committee met subsequent to the end of the 2010 Fiscal Year to recommend to the full Board of Directors each of the nominees for election to the Board of Directors, as presented herein.

Risk Oversight

The Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full Board of Directors in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company. The full Board of Directors participates in an annual enterprise risk management assessment.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors. In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy and is responsible for oversight with respect to succession planning risks. Finally, the Company's Nominating and Corporate Governance Committee conducts an annual assessment of the risk management process and reports its findings to the full Board of Directors.

Board of Directors and Committee Performance Evaluations

The charter of each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee requires an annual performance evaluation, and the Company's Corporate Governance Principles also mandate an annual evaluation of the Board of Directors. Such performance evaluations are designed to assess whether the Board of Directors and its committees function effectively and make valuable contributions to the Company. In April 2010, all members of the Company's Board of Directors were asked to assess the performance of the Board of Directors and each committee on which they serve and identify areas for improvement through the completion of a detailed questionnaire for each such committee and the Board of Directors. The Nominating and Corporate Governance Committee and counsel for the Company reviewed the completed questionnaires, consolidated the responses and reported findings to the Board of Directors in June 2010. The Nominating and Corporate Governance Committee and the Board of Directors discussed the results of the performance evaluations and asked the appropriate committees to each discuss the consensus suggestions and put a follow-up process in place. The Nominating and Corporate Governance Committee has reviewed the results, identified the key areas for improvement and created a strategy for addressing the areas most in need of improvement. In addition, the Chairman of the Board of Directors conducted a peer review interview with each other member of the Board of Directors as part of the nomination process, and the Chairman of the Nominating and Corporate Governance Committee conducted the interviews with the Chairman of the Board of Directors.

Director Recommendation and Nomination Process

The Nominating and Corporate Governance Committee has a policy for the consideration of director candidates recommended by stockholders, and will consider all bona fide recommended candidates for director if submitted in accordance with the policy. The policy provides that any stockholder recommendation must include the specific information required by the policy and be submitted in writing to:

Capstone Turbine Corporation
21211 Nordhoff Street
Chatsworth, CA 91311
Attention: Chair of Nominating and Corporate Governance Committee
Care of: Edward I. Reich, Secretary

and must be received by the committee at least 180 days prior to that year's annual meeting of stockholders. All such recommendations should include the following: (i) the name, age, business address and residence address of the prospective candidate and the name and record address of the stockholder submitting the recommendation, as well as the number of shares of stock of the Company which are owned of record or beneficially by that stockholder; (ii) a statement from the prospective candidate consenting to being named in the proxy and proxy card if selected as a nominee and to serving on the Board of Directors if elected; (iii) a statement explaining whether the prospective candidate is "independent" under applicable laws, Nasdaq rules and otherwise; (iv) biographical data of the prospective candidate, including former and current service on other boards of directors, business experience and current occupation, and any other information relating to the prospective candidate and the recommending stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors; (v) transactions and relationships between the recommended candidate and the recommending stockholder, on the one hand, and the Company or Company management, on the other hand, as well as a description of all arrangements or understandings between the recommending stockholder and the prospective candidate and any other person pursuant to which the nomination is being made by the stockholder; (vi) the prospective candidate's Company stock trading history; (vii) any material proceedings to which the prospective candidate or his or her associates is a party that are adverse to the Company; (viii) the prospective candidate's involvement in any past or present legal proceedings, including any involvement in legal proceedings involving the Company; (ix) information regarding whether the recommending stockholder or the recommended candidate, or affiliates of either of those parties, have any plans or proposals for the Company; (x) an explanation as to whether the recommending stockholder and the prospective candidate intend to use the nomination to redress personal claims or grievances against the Company or others or to further personal interests or special interests not shared by the Company's stockholders at large; (xi) whether the prospective candidate is proposed to be nominated at the annual meeting of stockholders or is provided solely as a recommendation for consideration by the committee; and (xii) any other relevant information concerning the prospective candidate. The committee reserves the right to request additional information as it deems appropriate.

In addition to stockholder recommendations as described above, the Company's bylaws permit stockholders to nominate directors at a meeting of the stockholders. Any stockholder nomination must comply with the applicable provisions of the Company's bylaws and the SEC's proxy rules and will be handled in accordance with the Company's bylaws and applicable laws.

The Nominating and Corporate Governance Committee reviews the composition and size of the Board of Directors and determines the criteria for Board of Directors membership. In addition, the Nominating and Corporate Governance Committee reviews the qualifications of prospective candidates to determine whether they will make good candidates for membership on the Company's Board of

Directors. This consideration includes, at a minimum, a review of each prospective candidate's character, judgment, experience, expertise, age, diversity, independence under applicable law and freedom from other conflicts, as well as other factors that the Nominating and Corporate Governance Committee deems relevant in light of the needs of the Board of Directors and the Company and/or that are in the best interests of the Company, including relevant experience, the ability to dedicate sufficient time, energy and attention to performance of Board of Directors duties, financial expertise, experience with a company that has introduced a new, technologically advanced product or service to the marketplace and existing relationships within target industries or public policy institutions that may benefit the Company and whether the prospective candidate is a Nominating and Corporate Governance Committee-selected prospective candidate or a stockholder-recommended prospective candidate. The Nominating and Corporate Governance Committee selects qualified candidates and recommends those candidates to the Board of Directors, and the Board of Directors then decides if it will invite the candidates to be nominees for election to the Board of Directors.

The Nominating and Corporate Governance Committee also considers issues of diversity, such as diversity of education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance does not have a formal diversity policy in terms of considering nominees for directors, but it actively considers all relevant factors, including diversity and the other factors outlined above, when evaluating potential nominees to the Board of Directors. For example, when its two newest directors, Ms. Van Deursen and Mr. Mayo, were added to the Board of Directors in 2007, the Nominating and Corporate Governance Committee developed a matrix of all relevant qualifications, skills and experience possessed by the incumbent members of the Board of Directors and identified certain areas where the Board of Directors needed additional attributes including, but not limited to, diversity. As a direct result of this process, Ms. Van Deursen and Mr. Mayo joined the Board of Directors, substantially increasing its depth, range of experience and diversity. The Board of Directors and the Nominating and Corporate Governance Committee believe that it is essential that members of the Board of Directors represent diverse viewpoints.

The Nominating and Corporate Governance Committee uses the following process to identify prospective candidates for the Board of Directors and to evaluate all candidates, including candidates recommended by stockholders in accordance with the Company's policy regarding stockholder recommendations and the director nominations process. The Nominating and Corporate Governance Committee: (i) reviews the composition and size of the Board of Directors and determines the criteria for Board of Directors membership; (ii) evaluates the Board of Directors for effectiveness and makes a verbal presentation of its findings to the Board of Directors; (iii) determines whether the current members of the Board of Directors who satisfy the criteria for Board of Directors membership are willing to continue in service; if the current members of the Board of Directors are willing to continue in service, the committee evaluates the performance of such board members and considers those current members for re-nomination, and if the current members of the Board of Directors are not willing to continue in service or if there will be an increase in the number of directors on the Board of Directors, the Nominating and Corporate Governance Committee considers candidates who meet the criteria for Board of Directors membership; (iv) if necessary, engages a search firm to assist with the identification of potential candidates; (v) compiles a list of potential candidates; (vi) evaluates the prospective candidates, including candidates recommended by stockholders, to determine which of the prospective candidates, if any, will best represent the interests of all stockholders and determines whether any conflicts of interest exist; (vii) holds committee meetings to narrow the list of prospective candidates; (viii) along with the Chairman of the Board of Directors and management, interviews a select group of prospective candidates; (ix) approves the candidate or candidates who are most likely to advance the best interests of the stockholders; and (x) recommends the selected candidate or candidates to the Board of Directors and the stockholders for approval. The Nominating and Corporate Governance Committee, which may request the assistance of Board members who are not

on the committee in the execution of its duties, carefully documents the selection and evaluation process.

Stockholder Communications

The Company has a policy whereby stockholders may communicate directly with the Company's Board of Directors, or individual members of the Board of Directors, by writing to the Company at:

Capstone Turbine Corporation
21211 Nordhoff Street

and indicating prominently on the outside of any envelope that the communication is intended for: (i) the Board of Directors; (ii) the Chairman of the Board of Directors; (iii) a specific committee of the Board of Directors; (iv) the non-management directors; or (v) any other director or subset of directors of the Board of Directors. The Secretary of the Board of Directors reviews all correspondence and regularly forwards to the appropriate director, directors or the Board of Directors, copies of all communications that, in the opinion of the Secretary, deal with the functions of or otherwise require the attention of individual directors, the Board of Directors or committees or subsets thereof. Unless, in the opinion of the Secretary, a communication is improper or irrelevant, a communication will not be withheld from its intended recipient(s) without the approval of the Chairman of the Board of Directors, the Chair of the appropriate committee or the director who presides during non-management executive sessions.

Compensation Committee Interlocks and Insider Participation

During the 2010 Fiscal Year, the Compensation Committee consisted of Messrs. Jagers, Lotan, Mayo and Simon. None of the committee members have at any time been an officer or employee of the Company nor have any of the members had any relationship with the Company requiring disclosure by the Company during the 2010 Fiscal Year. During the 2010 Fiscal Year, none of the Company's executive officers served as a member of the compensation committee of another entity, an executive officer of which served on the Compensation Committee of Capstone; none of the Company's executive officers served as a director of another entity, an executive officer of which served on the Compensation Committee of Capstone; and none of the Company's executive officers served as a member of the compensation committee of another entity, an executive officer of which served as a director of Capstone.

AUDIT COMMITTEE REPORT

In performing its functions, the Audit Committee acts primarily in an oversight capacity. Our management is responsible for the integrity of the Company's financial statements, as well as its accounting and financial reporting process, principles and internal controls to assure compliance with accounting standards and applicable laws and regulations. Our independent registered public accountants have the primary responsibility for performing an independent audit of our financial statements and expressing an opinion as to the conformity of such financial statements with generally accepted auditing standards and on the effectiveness of the Company's internal controls over financial reporting. Members of the Audit Committee are not professionally engaged in the practice of auditing or accounting, and all members are not experts in the fields of accounting or auditing, including auditor independence. The Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for preparing financial statements and reports and implementing internal controls over financial reporting. In addition, the Audit Committee selects the Company's independent registered public accountants and has the authority to engage independent counsel and other advisors as it deems necessary.

In this context, the Audit Committee has reviewed and discussed the audited consolidated financial statements of Capstone contained in Capstone's Annual Report on Form 10-K as of and for the year ended March 31, 2010 with management and Deloitte & Touche LLP. The Audit Committee has discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, both with and without management present. In addition, the Audit Committee has received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP's communications with the Audit Committee concerning independence and has discussed with Deloitte & Touche LLP their independence from Capstone.

In the performance of their oversight function, the members of the Audit Committee necessarily relied upon the information, opinions, reports and statements presented to them by management of the Company and by the independent auditors. Based on the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K as of and for the year ended March 31, 2010 for filing with the SEC.

Pre-approval of Services Performed by the Independent Registered Public Accounting Firm

The Audit Committee has implemented procedures for the advance approval of all audit and non-audit services to be performed by the independent registered public accounting firm, whereby the Audit Committee must approve all services prior to the commencement of work. Unless the specific service has been pre-approved in accordance with the Audit Committee's charter for the current year, the Audit Committee must approve the permitted service before the independent registered public accounting firm is engaged to perform it. The Audit Committee considers whether the proposed provision of any non-audit services by the independent registered public accounting firm is compatible with maintaining the firm's independence. The Audit Committee consults with management prior to the Company's engagement of the independent registered public accounting firm for all audit and non-audit services. The Audit Committee has delegated its authority to pre-approve non-audit services up to an amount of \$75,000 in the aggregate in any fiscal year to the Chair of the Audit Committee. The Audit Committee approved in accordance with applicable law all of the audit and non-audit services performed by Deloitte & Touche LLP during the 2010 Fiscal Year. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee reviews and administers the process and substance of the Company's executive compensation program, including compensation of the Named Executive Officers (i.e., those executive officers who appear in the Summary Compensation Table on page 30).

The Compensation Committee believes that the Company's executive compensation program should:

Attract and retain individuals of superior ability and managerial talent by offering total compensation that is competitive with a group of specifically identified peer companies that are of comparable size within similar industries and other companies with which the Company competes for executive talent;

Establish goals and objectives that link incentive compensation to achievement of specific key strategic and financial performance goals;

Provide compensation that aligns the financial interests of executives with those of Capstone's stockholders through long-term equity incentives that take into account the Company's performance;

Comply with all applicable laws and NASDAQ rules and guidelines, and ensure that compensation is appropriate in light of reasonable and sensible standards of good corporate governance; and

Be straightforward and easy to understand and administer.

Role of Compensation Consultant

The Compensation Committee focuses on attracting, retaining and motivating a highly qualified group of executive officers. They believe that doing so is in the best interests of the Company, its stockholders and other constituencies. The Compensation Committee has engaged an international compensation consulting firm, Hewitt Associates, Inc. ("Hewitt"), as its consultant in determining appropriate compensation for our executive officers, including our Named Executive Officers. As a part of its consulting services, Hewitt collects and analyzes competitive pay data, trends and market practices. Hewitt also provides compensation consulting services to the Company for individuals who are not executive officers.

In setting compensation, the Compensation Committee reviews information from Hewitt regarding comparative market data, including comprehensive analyses of total compensation and compensation components based on published survey data sized to our annual revenue. The published surveys used by the Compensation Committee in its analysis covered publicly-traded technology and manufacturing industry companies that are below \$200 million in revenue. The Compensation Committee believes this information is relevant in making compensation decisions and relies on it, in part, but does not deem this broad group of companies in the survey category to be Capstone's specific "peer group." For the 2010 Fiscal Year, Hewitt updated its survey analysis for prior years and provided an updated analysis of market data to the Compensation Committee.

The Compensation Committee has determined that the competitive analysis provided by Hewitt includes a sufficiently large and relevant group of companies for purposes of comparing compensation data. The Compensation Committee considers all relevant information from compensation surveys and does not exclude data in determining compensation for our executive officers. The compensation report provided by Hewitt includes detailed information regarding base salary, target bonus, target total cash, actual total cash, estimated value of long-term incentive compensation and target total direct

compensation for individuals deemed to be comparable to our executive officers at the comparable companies. As further discussed below, the Compensation Committee uses this information to assess the levels of compensation that are appropriate for our executive officers, including the Named Executive Officers.

Goal Alignment and Financial and Strategic Performance

The Compensation Committee believes that the Company's compensation program should encourage and reward outstanding financial and strategic performance. In the 2009 Fiscal Year, the stockholders approved an Executive Performance Incentive Plan pursuant to which the Compensation Committee may pay annual cash bonuses to our executive officers upon the achievement of specific performance goals. The Compensation Committee also believes that the Named Executive Officers should receive a significant portion of their compensation in the form of equity, thereby putting this portion of their compensation at risk and further aligning their long-term interests with the Company's strategic objectives and stockholders' interests. With this structure, the Company's compensation program is designed to maintain a close correlation between the rewards to the Company's executives and the strategic success of the Company and the performance of its stock price.

Based on input from Hewitt and other resources, the Compensation Committee has determined that a mix of stock options and stock bonus awards, also referred to as time-based restricted stock units or RSUs, is most appropriate for aligning the goals of the Named Executive Officers and other critical senior executives with those of the Company's stockholders. Stock options provide a financial reward only in the event that stockholder values are increased. RSUs provide value upon completion of service or other performance requirements but impose less dilution of stockholder value than do stock options.

Compliance

The responsibilities and authority of the Compensation Committee are set forth in its charter, which is intended to set forth best practices for compensation. The members of the Compensation Committee are all "independent directors," as defined under NASDAQ rules. Equity incentive awards are granted by the Compensation Committee in a manner that is intended to satisfy SEC Rule 16b-3 under the Exchange Act. As further discussed below, incentive compensation is awarded in a manner that is intended to qualify the payments as "performance-based compensation" within the meaning of Section 162(m) of the Code.

Simplicity

The basic components of compensation applicable to the executive officers are limited to base salary, annual cash bonus and long-term incentives. The executive officers also receive employee benefits consistent with those offered to other employees of the Company. All executive officers are covered by the Company's Change of Control Severance Plan. The Compensation Committee believes the Company is well served by a compensation structure that is easy to monitor, implement and disclose to its officers, employees and stockholders.

Process

The Compensation Committee relies on compensation information about comparable companies and consultation with Hewitt in establishing compensation. For the 2010 Fiscal Year, Hewitt provided an update to the comprehensive compensation information that had been prepared for the prior fiscal year. The information provided by Hewitt is described above under " Overview Role of the Compensation Consultant." The data included the levels of compensation paid at the 50th percentile and 75th percentile of the comparable companies. The Compensation Committee did not set

compensation for Named Executive Officers at these or any other percentiles but, instead, used this data as benchmarks in assessing the appropriateness of our compensation arrangements.

Components of Compensation

For each of our Named Executive Officers, the Compensation Committee reviews each component of compensation and the total value of all compensation, or "total direct compensation." Each component is discussed in more detail below. The Compensation Committee has placed more emphasis on the comparative value of each Named Executive Officer's total direct compensation, rather than each compensation component. The Compensation Committee seeks to provide total direct compensation to the Named Executive Officers that is comparable to the total direct compensation of executives of comparable companies. Because the Compensation Committee has determined that a significant portion of compensation should be at risk, the actual compensation realized by the Named Executive Officers depends on the level of performance achieved over both the short-term and long-term and upon long-term tenure in the position. This emphasis has the effect of more heavily weighting total direct compensation on long-term incentives and at-risk compensation.

Base Salary

The base salary for each of the Named Executive Officers is based on long-term individual performance and is compared to base salaries for executives at comparable companies, as further described above under "Process." The Compensation Committee believes that base salaries should also reflect other relevant factors, such as unique roles and responsibilities and/or individual long-term performance and experience. Accordingly, the base salary of any particular individual may be above or below the median of the applicable range of base salaries paid by comparable companies. In the 2010 Fiscal Year, the base salaries of the Company's Named Executive Officers remained unchanged from the 2009 Fiscal Year.

Annual Cash Bonus

Annual cash bonus payments to Named Executive Officers can be awarded by the Compensation Committee based on performance, achievement of specific goals and other relevant factors determined in the discretion of the Compensation Committee. In the 2009 Fiscal Year, the stockholders approved the Executive Performance Incentive Plan, pursuant to which the Compensation Committee can make awards, including cash bonuses, to our executive officers based on the attainment of specific performance goals.

On June 9, 2010, the Compensation Committee met to determine if certain performance targets were met under the terms of awards granted for the 2010 Fiscal Year pursuant to the Executive Performance Incentive Plan. If performance goals had been achieved at the targeted levels of performance our executive officers could have received cash payments ranging from 30% to 100% of their annual base compensation or more. The Compensation Committee determined and certified that performance targets were satisfied by Mr. Crouse and authorized payment of \$132,000 pursuant to the plan. The committee also determined that the Company's performance met or exceeded certain business objectives required for bonus payment to our other named executive officers under the plan but did not meet other business objectives at minimum required target levels under the plan.

Because not all of the business objectives under the Executive Performance Incentive Plan were met at targeted levels, the committee certified that the Named Executive Officers, other than Mr. Crouse, did not achieve the performance goals required to earn payments for the 2010 Fiscal Year under the plan. However, the committee determined that significant performance was achieved and further determined that a financial reward would be appropriate to encourage the executive officers to continue to strive for improvements in Company performance. Therefore, the committee, in its sole

discretion, determined to pay cash bonuses of \$106,250 to Mr. Jamison, \$28,100 to Mr. Reich, \$30,900 to Mr. Gilbreth and \$15,000 to Ms. Brooks, based on the significant progress that was made during very difficult economic times toward achieving our business objectives during the 2010 Fiscal Year. Such amounts represent half of the amounts that such executives would have received had the Company achieved all of the threshold performance objectives under the Executive Performance Incentive Plan awards for the 2010 Fiscal Year. The treatment of these discretionary bonuses for federal tax purposes is discussed under the heading " Internal Revenue Code Section 162(m)."

Also on June 9, 2010, the Compensation Committee approved performance goals and other terms of awards for our executive officers for the 2011 Fiscal Year. Awards under the Executive Performance Incentive Plan for the 2011 Fiscal Year entitle each of the executive officers, other than Mr. Crouse, to payments of a target bonus equal to a stated percentage of annual base salary, with a threshold bonus opportunity of one-half of the target bonus and a maximum possible bonus of 165% of the target bonus. The percentages above and below target are calculated on a sliding scale to penalize performance below target and reward performance that exceeds target. Payments under the awards are based on performance goals that are selected from the criteria described in the Executive Performance Incentive Plan. Each objective is determined in reference to our financial statements and annual budget. The awards provide that the bonus payment to each executive officer, other than Mr. Crouse, will be based 65% upon targets related to revenue for the 2011 Fiscal Year and 35% upon targets related to our operating expenses. Bonuses are not payable unless we achieve threshold amounts of revenue and operating expenses established for the 2011 Fiscal Year. The potential bonus that could be paid pursuant to awards to each executive officer, other than Mr. Crouse, for the 2011 Fiscal Year are summarized in the table below.

Fiscal 2011 Executive Performance Incentive Plan Awards

Executive Officer	Target Bonus Percentage of Salary	Award Opportunity		
		Threshold (\$)	Target (\$)	Maximum (\$)
Darren R. Jamison	100%	\$ 212,500	\$ 425,000	\$ 701,250
Mark G. Gilbreth	45%	61,875	123,750	204,188
Edward I. Reich	45%	56,250	112,500	185,625
Jayne L. Brooks	30%	30,000	60,000	99,000

The bonus for Mr. Crouse for the 2011 Fiscal Year will be based on our revenue exceeding revenue during the 2010 Fiscal Year, subject to modification if actual department expenses exceed budget. The Executive Performance Incentive Plan includes an absolute maximum payment of \$4 million under any award.

Following the end of the 2011 Fiscal Year, the Compensation Committee will determine whether and the extent to which the applicable 2011 performance targets were met. The Compensation Committee will then award each executive officer a bonus based on the achievement of the applicable performance targets. No payments will be made for performance below specified threshold levels. The Compensation Committee has discretion to reduce any payments that would otherwise be made under the awards based on the achievement of the performance goals. For example, a payment could be reduced if the Compensation Committee determined that the executive officer failed to achieve individual or departmental goals that are unrelated to the Company's overall performance.

Long-Term Equity Incentives

General. In February 2007, the Compensation Committee formalized its policy regarding the granting of equity-based compensation awards. The policy generally provides that the Compensation Committee shall not backdate any equity grant or manipulate the timing of the public release of

material information with the intent of benefiting a grantee under an equity award. Generally, quarterly grants of equity-based compensation awards are to be approved by the Compensation Committee on the date of a regularly scheduled meeting of the Compensation Committee. Inducement grants may be approved at a special meeting of the Compensation Committee and are generally effective as of the commencement of employment. The date the Compensation Committee acts to approve an award shall be the grant date of the award for purposes of the Company's equity compensation plans, except that grants made after the close of business may be deemed to be granted on the following day. No grants may be made by action on written consent, except in extraordinary circumstances. In no event shall the exercise price or value of an award be determined by reference to the fair market value of the Company's Common Stock on a day other than the grant date of the award. The Compensation Committee does not grant options with reload features and is prohibited from re-pricing stock options under the terms of the Incentive Plan.

In discharging its responsibility for administering the Company's stock-based compensation programs, the Compensation Committee regularly monitors and evaluates the total cost of such programs, based on information provided annually by, and in consultation with, Hewitt. This information includes share utilization and annual grant rates. The Compensation Committee determines the appropriate award to each Named Executive Officer by assessing equity incentive awards made to officers by comparable companies and evaluating the level of equity incentives that have been previously awarded to each Named Executive Officer.

Awards In 2010 Fiscal Year. The Compensation Committee granted Mr. Jamison long-term equity incentives in the 2010 Fiscal Year under our Incentive Plan. All long-term incentives were made in the form of either stock options or a stock bonus award under the Incentive Plan. A stock bonus award entitles the holder to receive shares of Common Stock upon the achievement of service or other vesting conditions. Bonus awards are also referred to as restricted stock units or RSUs. See "Executive Compensation Grants of Plan-Based Awards" for more information on awards of long-term equity incentives.

Awards In 2011 Fiscal Year. In June 2010, options were granted to all Named Executive Officers. Pursuant to the provisions of the Incentive Plan, the exercise price of an option is set as the market price of the Company's stock on the date of the grant. All options granted in June 2010 to Named Executive Officers vest 25% on the first anniversary date and monthly thereafter on a pro rata basis over the next 36 months and expire ten years from the grant date. See " Compensation of the Individual Named Executive Officers" for additional details.

In June 2010, the Compensation Committee also granted RSUs to all of the Named Executive Officers. The RSUs vest in increments of 25% on each anniversary of the date of grant. See " Compensation of the Individual Named Executive Officers" for additional details.

Cost Reduction Equity Incentive Program. In June 2010, the Compensation Committee approved the Cost Reduction Equity Incentive Program (the "Cost Reduction Program") pursuant to which certain employees, including Mr. Gilbreth, may be awarded RSUs based on direct material cost reductions during the 2011 Fiscal Year. The Cost Reduction Program is intended to provide a long-term incentive for achieving specific direct material cost reductions for certain of the Company's product lines. Cost reductions will be tracked against a predetermined cost reduction schedule and a minimum of 50% of targeted reductions must be achieved before RSUs are earned under the program. RSUs issuable pursuant to the program will be calculated quarterly and awarded at the end of the fiscal year based on a pre-determined percentage of actual savings. The RSUs will vest over a two-year period.

Employee Benefits

Executive officers are generally entitled only to benefits consistent with those offered to other employees of the Company. The Company offers group life, disability, medical, dental and vision insurance and an employee stock purchase program.

Change of Control Benefits

The Company maintains the Capstone Turbine Corporation Change of Control Severance Plan (the "Change of Control Plan"), which provides certain payments and benefits to eligible employees, including the Named Executive Officers, upon a change of control of the Company. The Change of Control Plan provides severance benefits to participants whose employment is terminated or otherwise adversely impacted within 12 months of a change of control. Upon becoming eligible, participants receive a lump sum cash payment under the Change of Control Plan that is equal to their annual base salary and continuation coverage in our medical and dental benefit plans at no cost for a period of 12 months. However, we entered into an agreement with Mr. Jamison to provide him with a severance payment that is equal to his base compensation for a period of 18 months. This additional payment applies to a change of control that occurs prior to April 1, 2012. The Board adopted the Change of Control Plan to increase the likelihood that key management personnel are retained during any pending transactions involving a change of control of the Company. In addition, certain awards under the Incentive Plan become fully vested in the event of a change of control. The Compensation Committee believes that these change of control benefits are similar to and consistent with those offered by the companies included in the Hewitt industry group described above.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation in excess of \$1 million that is paid to our Named Executive Officers. Qualifying performance-based compensation, however, is fully deductible without regard to the general Section 162(m) limits if certain requirements are met. Section 162(m) also permits full deductibility for certain employee benefit plan contributions, sales commissions and other payments. The Compensation Committee intends that our incentive compensation programs qualify for an exception to the limitations of Section 162(m) whenever possible so that we may fully deduct compensation paid to our Named Executive Officers under these programs. The Executive Performance Incentive Plan is intended to ensure that cash bonuses paid to our Named Executive Officers are treated as "performance based compensation" for this purpose, as are certain awards under the Incentive Plan.

We have made certain equity incentive awards that may cause a portion of the compensation paid to Named Executive Officers to exceed the Section 162(m) limitation and, therefore, may prevent us from deducting the excess portion. Payments under these equity incentives are generally conditioned on long-term increases in stockholder value. In making these equity incentive awards, the Compensation Committee determined that the benefits of these arrangements to us and our stockholders outweighed the potential inability to deduct a portion of the compensation for federal income tax purposes.

As described under the heading "Components of Compensation Annual Cash Bonus," the Compensation Committee approved awards to our named executive officers for the 2010 fiscal year under the Executive Performance Incentive Plan that would have been exempt from Section 162(m) as performance-based compensation. The discretionary bonus payments that were approved for Mr. Jamison, Mr. Reich, Mr. Gilbreth and Ms. Brooks do not qualify as performance-based compensation. However, these payments did not exceed the limits of Section 162(m) and are fully deductible for federal income tax purposes.

Compensation of the Individual Named Executive Officers

Mr. Jamison

Mr. Jamison's total direct compensation (i.e., base salary, annual cash bonus and long-term incentives) was established and is reviewed and adjusted by the Compensation Committee with market analysis provided by Hewitt. Mr. Jamison's total direct compensation is, and is expected to remain, comparable to the compensation paid to chief executive officers by comparable companies reflected in the published survey data.

For the 2010 Fiscal Year, Mr. Jamison was eligible for a cash bonus equivalent to 100% of his base salary at target performance levels. However, the Company did not achieve the threshold performance objectives required by the Executive Performance Incentive Plan. As described above, the committee determined that, despite not meeting all required threshold objectives, significant performance was achieved and further determined that a financial reward would be appropriate to encourage the executive officers to continue to strive for improvements in Company performance. Therefore, the committee in its sole discretion determined to pay a cash bonus of \$106,250 to Mr. Jamison. Such amount represents half of the amount that he would have received had the Company achieved all of the threshold performance objectives under the Executive Performance Incentive Plan for the 2010 Fiscal Year.

Mr. Jamison was eligible to receive a special performance bonus of \$100,000 to be paid if the Company became cash flow positive for any two consecutive quarters through the end of the 2010 Fiscal Year. This objective was not achieved, and the special performance bonus was not paid.

Effective April 8, 2009, the Compensation Committee awarded Mr. Jamison options to purchase 650,000 shares of common stock and 205,000 RSUs under our Incentive Plan. Effective June 9, 2010, the Compensation Committee awarded Mr. Jamison options to purchase 360,000 shares of common stock and 60,000 RSUs under our Incentive Plan. The terms of these grants are set forth above under "Components of Compensation Long-Term Equity Incentives." Hewitt provided comments and considerations and survey data that was relied on by the Compensation Committee in making these determinations.

Messrs. Reich, Crouse, and Gilbreth and Ms. Brooks

The Compensation Committee set the 2010 Fiscal Year compensation for the remaining Named Executive Officers based on updated information provided by, and in consultation with, Hewitt. As discussed above under "Process," the compensation for these Named Executive Officers was compared to the selected compensation benchmarks for executive officers of comparable companies. The Compensation Committee determined that compensation paid to our Named Executive Officers is comparable to amounts paid by comparable companies reflected in the published survey data. Consideration was also given to internal pay equity and with emphasis on long-term incentives to encourage the long-term success of the Company.

For the 2010 Fiscal Year, Messrs. Reich and Gilbreth and Ms. Brooks were eligible for cash bonuses equivalent to 45%, 45% and 30% of his or her base salary, respectively, at target performance levels. However, the Company did not achieve the threshold performance objectives required by the Executive Performance Incentive Plan for payment of a bonus to these executives. As described above, the committee determined that, despite not meeting all required threshold objectives, significant performance was achieved and further determined that a financial reward would be appropriate to encourage the executive officers to continue to strive for improvements in Company performance. Therefore, the committee, in its sole discretion, determined to pay a cash bonus of \$28,100 to Mr. Reich, \$30,900 to Mr. Gilbreth and \$15,000 to Ms. Brooks. Such amounts represent half of the amounts that such executives would have received had the Company achieved all of the threshold

performance objectives under the Executive Performance Incentive Plan awards for the 2010 Fiscal Year. The Compensation Committee determined and certified that performance targets under the Executive Performance Incentive Plan were satisfied by Mr. Crouse and authorized payment to him of \$132,000 pursuant to the plan.

The Compensation Committee did not grant long-term equity incentives to Named Executive Officers other than Mr. Jamison during the 2010 Fiscal Year. In June 2010, the Compensation Committee granted long-term equity incentives under our Incentive Plan as follows: Mr. Reich received options to purchase 150,000 shares of Common Stock and 20,000 RSUs; Mr. Crouse received options to purchase 75,000 shares of Common Stock and 18,000 RSUs; Mr. Gilbreth received options to purchase 135,000 shares of Common Stock and 22,000 RSUs; and Ms. Brooks received options to purchase 86,600 shares of Common Stock. The terms of the grants are set forth above under " Components of Compensation Long-Term Equity Incentives Awards In 2011 Fiscal Year."

Conclusion

The Compensation Committee believes that its decisions with respect to compensation paid to the Named Executive Officers for the 2010 Fiscal Year are consistent with the goals outlined at the beginning of this Compensation Discussion and Analysis.

Employment Contracts, Termination of Employment and Change of Control Arrangements

The Board of Directors adopted the Change of Control Severance Plan (the "Change of Control Plan") in April 2002. The Change of Control Plan is applicable to each member of management designated by the Board of Directors, including the Named Executive Officers. In the event that a participant is involuntarily terminated (other than for misconduct) or resigns as a result of a reduction in responsibility or compensation or relocation within 12 months of a change in control of the Company, the participant will receive a payment equal to his or her annual base salary plus the cash incentive compensation for the year in which the effective date for the change in control occurs, as well as continuation of health plan benefits for 12 months. However, Mr. Jamison is a party to an agreement that provides he will receive an enhanced payment equal to his base salary over a period of 18 months. This agreement expires on April 8, 2012.

The Company adopted the Capstone Turbine Corporation Severance Pay Plan (the "Severance Plan") in May 2002. The Severance Plan provides that each member of management reporting to the Chief Executive Officer and/or the President, including the Named Executive Officers, whose employment is involuntarily terminated without cause will receive, upon signing a release, a payment equal to such person's salary for six months. However, Mr. Jamison is a party to an agreement that provides he will receive an enhanced payment equal to his base salary over a period of 12 months. Payments under the Severance Plan are reduced by any benefits received under the Change of Control Plan or under any other severance agreement with the Company.

The Company has entered into indemnification agreements with its officers and directors containing provisions which may require the Company, among other things, to indemnify its officers and directors against certain liabilities that may arise by reason of their status or service as officers or directors (other than liabilities arising from willful misconduct of a culpable nature) and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Stock awards or options to purchase Common Stock have been issued to Named Executive Officers as inducement grants or pursuant to the Incentive Plan that become fully vested or exercisable if a participant is involuntarily terminated (other than for misconduct) or resigns as a result of a reduction in responsibility or compensation or relocation within 12 months of a change of control of the Company. Full vesting is also triggered if the acquirer of the Company does not assume the awards issued under the Incentive Plan.

COMPENSATION OF DIRECTORS

Mr. Jamison, the Company's President and Chief Executive Officer, does not receive compensation for serving as a member of the Board of Directors. Information about the compensation of the non-employee directors for the 2010 Fiscal Year is set forth in the table below.

Name	Fees Earned or Paid in Cash(1)	Option Awards(2)	Total
Eliot G. Protsch	\$ 32,745	\$ 9,004	\$ 41,749
Richard K. Atkinson	30,499	9,004	39,503
John V. Jagers	31,996	9,004	41,000
Noam Lotan	31,999	9,004	41,003
Gary J. Mayo	28,999	9,004	38,003
Gary D. Simon	33,249	9,004	42,253
Holly A. Van Deursen	28,999	9,004	38,003
Darrell J. Wilk	28,998	9,004	38,002

- (1) Includes stock awards granted to non-employee directors who elect to take payment of all or any part of their directors' fees in stock in lieu of cash. For each term of the Board of Directors (beginning on the date of an annual meeting of stockholders and ending on the date immediately preceding the next annual meeting of stockholders), a non-employee director may elect to receive, in lieu of all or any portion of his or her annual retainer or committee fee cash payment, a stock award. The award is calculated by dividing the amount of the fee by the fair market value of a share of Common Stock on the date the fee is payable. For the 2010 Fiscal Year, 44% of the amount of the fees were paid in the form of stock.
- (2) This column represents the aggregate grant date fair value of stock options granted during the 2010 Fiscal Year. For a discussion of valuation assumptions, see Note 8 to the Company's financial statements included in the Company's Annual Report on Form 10-K for the 2010 Fiscal Year.

As of March 31, 2010, Messrs. Protsch and Jagers each held options to purchase 101,884 shares, Mr. Lotan held options to purchase 66,600 shares, Mr. Mayo and Ms. Van Deursen each held options to purchase 29,400 shares and Messrs. Atkinson, Simon and Wilk each held options to purchase 56,600 shares.

Equity compensation is paid under the Incentive Plan which provides each non-employee director an option to purchase 21,600 shares of our Common Stock upon initial election to the Board of Directors. This initial grant becomes exercisable in three equal installments on each anniversary of the initial election, based upon continuing service as a director. The Incentive Plan further provides for the grant of options to our non-employee directors to purchase 10,000 shares of our Common Stock on the date of each annual meeting of stockholders at which the non-employee director is re-elected to our Board of Directors. This annual grant becomes exercisable in four equal installments at the end of each quarter in the fiscal year, based upon continuing service as a director. The exercise price of all options is equal to the fair market value of the Common Stock on the grant date, and the term is ten years, subject to earlier expiration in connection with termination of service.

During the 2010 Fiscal Year, each non-employee director received a cash and stock-based retainer of \$30,000. Each non-employee director also receives a \$1,500 annual retainer for each standing committee of the Board of Directors on which he or she serves; except that the Chairman of each committee receives a \$3,000 annual retainer. The Chairman of the Board of Directors receives an additional \$5,000 annual retainer. Non-employee directors may elect to receive shares of Common Stock in lieu of any cash retainer, based on the fair market value of Common Stock on the date that cash would have otherwise been paid. All payments are paid quarterly in arrears. If requested, all director expenses incurred in attending the Board of Directors or committee meetings are reimbursed by the Company.

1.13. "Option Period" shall mean the 6-month period following each Grant Date and ending with the respective Exercise Date.

1.14. "Option Price" is 95% of the Fair Market Value of Stock on the Exercise Date.

1.15. "Participant" shall mean any Employee who has met the conditions for becoming a Participant provided in Article 3.

1.16. "Plan" shall mean the Capstone Turbine Corporation Employee Stock Purchase Plan as set forth herein and all subsequent amendments hereto.

1.17. "Stock" shall mean, subject to adjustment as provided in Article 9, those shares of the Company's common stock, par value \$0.001 per share.

1.18. "Subsidiary Corporation" means any corporation, other than the Company, in an unbroken chain of corporations beginning with the Company if, at the time of the Grant Date, each of the corporations other than the last corporation in an unbroken chain owns stock possessing more than 50% of the total combined voting power of all classes of stock in one of the other corporations in such chain.

2. STOCK SUBJECT TO THE PLAN

Subject to the adjustments provided under Article 10, the maximum number of shares of Stock available for issuance under the Plan is 1,400,000. Stock sold under the Plan may be authorized and unissued shares, issued shares held in or acquired for the treasury of the Company, or shares of stock reacquired by the Company upon purchase in the open market or otherwise.

3. ELIGIBILITY FOR PARTICIPATION

3.1. Eligible Employees. Each Employee may elect to participate in this Plan, except for the following:

- (a) An Employee whose customary employment is less than 20 hours per week.
- (b) An Employee whose customary employment is for five months or less in a calendar year.
- (c) An Employee who would own more than 5% of the total combined voting power of all classes of stock of the Company or a subsidiary corporation or parent corporation (as those terms are defined in section 424(e) and (f) of the Code) at the time such employee would be granted an Option. For purposes of this paragraph, the ownership attribution rules of section 424(d) of the Code shall apply in determining the stock ownership of an Employee and stock which the Employee may purchase under outstanding options (under this or any other agreement) shall be treated as stock owned by the Employee.

3.2. Rights and Privileges. All Employees who are eligible to participate in the Plan shall have the same rights and privileges, as described in Treas. Reg. § 1.423-2(f). To become a Participant, an eligible Employee shall provide the information required for participation in the Plan and make the elections required by the Company to exercise options through payroll deduction described in Article 5.

4. GRANT OF OPTIONS

4.1. Option Grant. Each Employee who is employed by an Employer on each Grant Date shall, without further action, be granted an option to purchase a number of whole shares of Stock determined in accordance with Section 4.2. Options granted under this Plan shall be subject to such amendments or modifications as the Company shall deem necessary to comply with any applicable law or regulation, and shall contain such other provisions as the Company shall from time to time approve and deem necessary. The right to exercise an option shall terminate immediately after each respective Grant Date. Upon termination of an option for any reason, the shares of Stock allocable to the unexercised portion of such option may again be subject to option under the Plan. This Plan, as amended and restated, is subject to stockholder approval as provided in Section 11.11 and unless so approved on or before the date which is 12 months after the date this Plan is adopted by the Board, this Plan and all options granted hereunder shall terminate and become void.

4.2. Option Limits. Each option is limited by the amount of Eligible Compensation a Participant may elect to contribute pursuant to Section 5.1. In addition, the maximum number of shares of Stock that may be acquired during an Option Period is 2,500 shares; provided, however, no Employee shall receive options to purchase Stock which permit the rights of an Employee to purchase stock under all "employee stock purchase plans" of the Company and its parent corporation (as defined in section 424(e) of the Code) and Subsidiary Corporation to accrue at a rate which exceeds \$25,000 of Fair Market Value of such stock (determined at the time the option is granted) for each calendar year in which the option is outstanding at any time. For purposes of this Section 4.2, (a) the right to purchase Stock under an option accrues when the option (or any portion thereof) first becomes exercisable during the calendar year, (b) the right to purchase stock under an option accrues at the rate provided in the option but in no case may such rate exceed \$25,000 of fair market value of such stock (determined at the time such option is granted) for any one calendar year, and (c) a right to purchase Stock which has accrued under one option granted pursuant to the Plan may not be carried over to any other option. This limitation shall be applied in accordance with Section 423(b)(8) of the Code.

5. PARTICIPATION ELECTION AND OPTION EXERCISE

5.1. Payroll Deduction Election. Except as otherwise determined by the Committee, an Employee may become a Participant and exercise an option granted hereunder by authorizing the Employer to

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

withhold up to 15% of his/her Eligible Compensation (but not less than 1%) through payroll deduction in the manner prescribed by the Committee or the Company to be credited to such Participant's Account. Such authorization must be provided to the Employer no later than 15 days prior to a Grant Date, or such other period specified by the Committee. Such authorization shall be in a writing specified by the Committee and shall apply to each payroll during each respective Option Period. Such amounts that are withheld shall be credited to each Participant's Account. The amounts credited to Accounts may be used for any valid corporate purposes. No interest shall accrue or be paid on any amounts credited to Accounts.

5.2. Election Changes. A Participant may change the amount of Eligible Compensation that is withheld during an Option Period, subject to the limits of this Article 5, or may suspend the withholdings at any time during the Option Period by notifying the Employer in the manner prescribed by the Committee, provided that any such modification shall become effective as soon as administratively feasible after such notification is received. The amount that a Participant elects for contribution hereunder shall remain in effect for each subsequent Option Period unless the Participant timely makes a new election prior to a successive Grant Date, withdraws from the Plan pursuant to Section 5.3, ceases to be an eligible employee as defined in Section 3.1, or terminates employment as provided in Article 6.

5.3. Withdrawal From Participation. A Participant may elect to withdraw all, but not less than all, of their contributions at any time prior to 15 days before the Exercise Date, or such other period specified by the Committee, during an Option Period in the manner specified by the Committee. Upon receipt of a Participant's withdrawal election, the Company or Subsidiary Corporation employing the Participant shall pay to the Participant the amount credited to the Participant's Account in cash, without any interest thereon. Upon electing to withdraw during an Option Period will, an Employee will cease to be a Participant until he or she elects to resume participation with respect to a subsequent Option Period.

5.4 Leave of Absence. During a leave of absence meeting the requirements of Treasury Regulation section 1.421-1(h)(2), a Participant may continue to participate in the Plan by making cash payments to the Company on each pay period equal to the amount of the Participant's contribution rate for the pay period immediately preceding the first day of such Participant's leave of absence.

5.5 Stock Purchase. On each Exercise Date, the amount credited to each Participant's Account shall be applied to purchase the maximum number of whole shares of Stock, based on the Option Price that has been determined with respect thereto. Any amount remaining in the Account solely as a result of an amount representing a fractional share shall remain in the Participant's Account to be applied in a subsequent Option Period unless the return of such amount is timely requested by the Participant in the manner specified by the Committee.

5.6 Pro-Rata Allocation. If the total number of shares to be purchased under option by all Participants exceeds the number of authorized shares pursuant to Article 2 (after deducting shares that have been previously purchased), the Committee shall make a pro-rata allocation of the available shares remaining based on the respective amounts credited to each Participant's Account on the Exercise Date.

5.7 Issuance of Stock. As soon as practicable after each Exercise Date, the Company shall issue the shares of Stock to each Participant to the custody of the brokerage firm, bank or other financial institution, entity, or person(s) engaged retained, appointed or authorized to act as the agent of the Company or a Participant with respect to the Plan (the "Agent") for the benefit of the Participant. The Company or the Agent shall make an entry on its books and records indicating that the share of Stock purchased in connection with such exercise (including any partial share) have been duly issued as of that date to such Participant. Upon the expiration of 18 months following the Exercise Date, a Participant may at any time to request in writing to receive in certificate form any portion of the whole shares of Stock purchased hereunder. Nothing in this Section 5.7 shall prohibit the sale or other disposition by a Participant of shares of Stock purchased hereunder. In the event the Company is required to obtain authority from any commission or agency to issue any certificate or certificates for all or a portion of the whole shares of Stock purchased hereunder, the Company shall seek to obtain such authority as soon as reasonably practicable.

6. TERMINATION OF EMPLOYMENT

6.1. General. Any Employee whose employment with all Employers is terminated for any reason, except death, or who is transferred to a Subsidiary Corporation that is not a Designated Subsidiary, shall immediately cease to be a Participant and any option exercise election shall be immediately terminated. The balance of the Participant's Account, without any interest thereon, shall be paid to such Participant, or to such Participant's legal representative, as soon as practicable.

6.2. Death. If a Participant dies during a Option Period no further contributions on behalf of the deceased Participant shall be accepted. The personal representative of the estate of the deceased Participant may elect to withdraw the balance in the Participant's Account by notifying the Committee in writing prior to the Exercise Date. In the event no election to withdraw has been made before the Exercise Date, the balance accumulated in the deceased Participant's Account shall be used to purchase Stock in accordance with Article 5.

7. DISPOSITION OF STOCK

If a Participant or former Participant disposes of any shares of Stock obtained under this Plan (a) prior to two years after the Grant Date of such share, or (b) prior to one year after the Exercise Date of such share, that Participant or former Participant must notify the Committee immediately of such disposition in writing. Such notice shall specify the date of such disposition or other transfer and the amount realized, in cash, other property, assumption of indebtedness or other consideration, by the Participant in such disposition or other transfer. All dispositions of Stock shall be made in compliance with applicable federal and state securities laws.

8. ADMINISTRATION

The Plan shall be administered by the Committee, which may interpret the Plan and make decisions regarding Plan administration in its sole and absolute discretion. All questions of interpretation and application of the Plan, or of options granted hereunder, shall be subject to the determination, which shall be final and binding, of a majority of the Committee. The Plan shall be administered in order to qualify the options granted hereunder as options granted pursuant to an "employee stock purchase plan" described in section 423 of the Code.

9. CHANGES IN COMPANY'S CAPITAL STRUCTURE

9.1. No Restraint on Corporate Authority. The existence of this Plan shall not affect in any way the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, or

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

any merger or consolidation of the Company, or any issue of bonds, debentures, preferred or prior preference stock ahead of or affecting the Stock or rights thereof, or the dissolution or liquidation of the Company, or any sale or transfer of all or part of its assets or business, or any other corporate act or proceeding, whether of similar character or otherwise.

9.2. Adjustments in Capital Structure. In the event of a subdivision or consolidation of shares or other capital readjustment, the payment of a stock dividend or other increase or decrease of the number of shares of the Company's Stock outstanding without receiving compensation in money, services, or property, then the class of shares of the Company's Stock as defined in the Plan, the number of shares of stock reserved pursuant to Article 2, and the number of options granted a Participant shall be appropriately adjusted as determined by the Committee. The Committee's determination shall be final, binding, and conclusive, provided that each option granted pursuant to this Plan shall not be adjusted in a manner that causes the option to fail to continue to qualify as an option issued pursuant to an "employee stock purchase plan" within the meaning of section 423 of the Code.

9.3. Acquisition or Dissolution. Subject to any required action by the stockholders, if the Company is the surviving corporation in any merger or consolidation, each outstanding option shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to the option would have been entitled. Unless adopted by the surviving corporation, upon a dissolution or liquidation of the Company or a merger or consolidation in which the Company is not the surviving corporation, the Plan shall be terminated in accordance with Section 11.2 hereof effective immediately prior to the date of such event.

10. DIVIDENDS

10.1. Reinvestment. Cash dividends and other cash and other cash distributions received by the Agent with respect to Stock held in its custody hereunder will be credited to each Participant's Account in accordance with such Participant's interests in such Stock, and shall be applied, as soon as practicable after the receipt thereof by the Agent, to the purchase in the open market at prevailing market prices of the number of whole shares of Stock that may be purchased with such funds (after deductions of any bank service fees, brokerage charges, transfer taxes, and any other transaction fee, expense or cost payable in connection with the purchase of such shares of Stock and not otherwise paid by the Company.)

10.2. Allocations. All purchases of shares of Stock made pursuant to this Article 10 will be made in the name of the Agent or its nominee, and shall be transferred and credited to the Account(s) of the Participants to which such dividends or other distributions were credited. Dividends paid in the form of shares of Stock will be allocated by the Agent, as and when received, with respect to Stock held in its custody hereunder to the Account of each Participant in accordance with such Participant's interests in such Stock. Property, other than Stock or cash, received by the Agent as a distribution on Stock held in its custody hereunder, shall be sold by the Agent for the accounts of Participants, and the Agent shall treat the proceeds of such sale in the same manner as cash dividends received by the Agent on Stock held in its custody hereunder.

11. MISCELLANEOUS

11.1. Amendment, Suspension and Termination. The Board may at any time or from time to time amend the Plan in any respect, except that approval of the stockholders of the Company is required within 12 months prior to or after the date of adoption by the Board, for any amendment that is subject to stockholder approval under section 423 of the Code. In addition, the Board shall obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with federal and state laws, the Code, any stock exchange or quotation system on which the Stock is listed or quoted and the applicable laws of any foreign country or jurisdiction where options are granted

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

under the Plan. The Board may direct suspension of the issuance of new options under the Plan with respect to one or more Option Periods. The Plan shall terminate without further action on June 30, 2020 unless the Board takes action to terminate the Plan prior thereto. 11.2. Expenses. The Company will pay all expenses that may arise in connection with the administration of this Plan.

11.3. Securities Law Restrictions. The Company's obligation to sell and deliver stock under the Plan is at all times subject to all approvals of any governmental authorities required in connection with the authorization, issuance, offer, sale, or delivery of such stock and compliance with applicable state and federal securities laws. Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance. As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law. All grants and awards made hereunder are intended to be exempt under Rule 16b-3, promulgated under the Securities Exchange Act of 1934, and the terms hereof shall be interpreted in a manner that is consistent with such Rule 16b-3.

11.4. Headings and Terms. Any headings or subheadings in this Plan are inserted for convenience of reference only and are to be disregarded in the construction of any provisions hereof. All references in this Plan to Articles and Sections are to Articles and Sections of this Plan unless specified otherwise. Any words herein used in the masculine shall be read and construed in the feminine where they would so apply. Words in the singular shall be read and construed as though in the plural in all cases where they would so apply.

11.5. Choice of Law. This Plan shall be construed in accordance with the laws of the state of incorporation of the Company to the extent federal law does not supersede and preempt such law.

11.6. Options Nontransferable. The option to purchase Stock arising by participation in this Plan is not transferable by a Participant other than by will or the laws of descent and distribution and is exercisable during his lifetime only by him.

11.7. No Employment Rights. This Plan will not be deemed to constitute a contract between an Employer and any Employee or to be in consideration of or an inducement for the employment of any Participant or Employee. Nothing contained in this Plan shall be deemed to give any Participant or Employee the right to be retained in the service of an Employer or to interfere with the right of an Employer to discharge any Participant or Employee at any time regardless of the effect which such discharge shall have upon him as a Participant of the Plan.

11.8. Release From Liability. No liability whatsoever shall attach to or be incurred by any past, present or future stockholders, officers, or directors, as such, of the Company or any Employer, under or by reason of any of the terms, conditions, or agreements contained in this Plan or implied therefrom, and any and all liabilities of, and any and all rights and claims against an Employer, or any stockholder, officer, or director, as such, whether arising at common law or in equity or created by statute or constitution or otherwise, pertaining to this Plan, are hereby expressly waived and released by every Participant, as a part of the consideration for any benefits provided under this Plan.

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

11.9. Notices. Whenever any notice is required or permitted hereunder, such notice must be in writing and personally delivered or sent by mail. Any notice required or permitted to be delivered hereunder shall be deemed to be delivered on the date which it is personally delivered, or, whether actually received or not, on the third business day after it is deposited in the United States mail, certified or registered, postage prepaid, addressed to the person who is to receive it at the address which such person has theretofore specified by written notice delivered in accordance herewith. Notwithstanding any of the foregoing, any notice required or permitted to be given by or on behalf of a Participant hereunder shall only be effective as of the date of its actual receipt. Any party may change, at any time and from time to time, by written notice to the other, the address which it or he had theretofore specified for receiving notices. Until changed in accordance herewith, the Company shall be entitled to use the address of a Participant in the Employer's records. Any person entitled to notice hereunder may waive such notice.

11.10. Section 423 Compliance. This Plan is intended to qualify as an "employee stock purchase plan" within the meaning of section 423(b) of the Code. In the event the Company should receive notice that this Plan fails to qualify as an "employee stock purchase plan" under section 423 of the Code, the Company shall have the option of returning all then existing Participants' Accounts to the Participants and terminating the Plan.
