PROXY STATEMENT

OVERVIEW OF 2011 PERFORMANCE AND 2012 ANNUAL MEETING

We prepared the following overview to assist you in reviewing our 2011 performance and the matters to be voted upon at the 2012 Annual Meeting of Stockholders. For further information, please review our Annual Report on Form 10-K for the year ended December 31, 2011 and the other information in this Proxy Statement.

2011 Performance

In 2011, we delivered our ninth consecutive year of growth in normalized Funds From Operations ("FFO"), which increased 71% to \$777.0 million. Our normalized FFO per diluted share rose 17% to \$3.37, while we also built a stronger capital base containing 46% more outstanding shares. TSR was strong at 9.8% for 2011 and 721.3%, 67.3% and 91.2% for the ten, five and three years ended December 31, 2011, respectively. See "Management's Discussion and Analysis of Financial Condition and Results of Operations Non-GAAP Financial Measures Funds From Operations and Normalized Funds From Operations" on page 74 of our Annual Report on Form 10-K for the year ended December 31, 2011 for a reconciliation of normalized FFO to net income attributable to common stockholders computed in accordance with U.S. generally accepted accounting principles.

**Proposal 2 Ratification of the Selection of Ernst & Young LLP
as Our Independent Registered Public Accounting Firm for Fiscal Year 2012 (see page 74)**

Ernst & Young audited our financial statements for the year ended December 31, 2011 and has been our independent registered public accounting firm since May 1998. The Board recommends that you vote "**FOR**" the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2012.

Proposal 3 Advisory Vote to Approve Our Executive Compensation (see page 77)

At our 2011 Annual Meeting of Stockholders, holders of approximately 96% of shares represented at the meeting voted to approve, on an advisory basis, our executive compensation. Our stockholders' strong support for our executive compensation at our 2011 Annual Meeting of Stockholders was a factor considered by the Compensation Committee in 2011 in continuing the structure of our executive compensation program without significant changes. The Board recommends that you vote "**FOR**" the approval, on an advisory basis, of our executive compensation.

Proposal 4 Adoption of the Ventas, Inc. 2012 Incentive Plan (see page 79)

We have not requested the approval of a new equity incentive plan or an increase in the number of shares available for issuance under our existing incentive plans since 2006. To enable us to continue to attract, retain and motivate talented employees and to attract and retain individuals of the highest quality to serve as non-employee directors, as well as to continue our alignment of director and executive officer interests with long-term stockholder interests, we are asking our stockholders to approve the adoption of the Ventas, Inc. 2012 Incentive Plan, which will replace the existing Ventas, Inc. 2006 Incentive Plan and Ventas, Inc. 2006 Stock Plan for Directors. The Board recommends that you vote "**FOR**" the adoption of the Ventas, Inc. 2012 Incentive Plan.

Information about Voting

Who Can Vote

Only stockholders of record at the close of business on March 20, 2012 are entitled to vote at the Annual Meeting. As of that date, 289,026,857 shares of our common stock, par value \$0.25 per share, were outstanding. Each share of our common stock entitles the owner to one vote on each matter properly brought before the Annual Meeting. However, certain shares designated as "Excess Shares" (which are generally any shares owned in excess of 9.0% of the outstanding common stock) or as "Special Excess Shares" pursuant to our Amended and Restated Certificate of Incorporation, as amended ("Charter"), may not be voted by the record owner thereof, but will instead be voted in accordance with Article IX of our Charter.

A list of all stockholders entitled to vote at the Annual Meeting will be available for inspection by any stockholder for any purpose reasonably related to the Annual Meeting during ordinary business hours for a period of ten days prior to the meeting at our principal executive offices located at 353 North Clark Street, Suite 3300, Chicago, Illinois 60654.

How to Vote

You may vote your shares in one of several ways, depending on how you own your shares. If you own shares registered in your name (a "stockholder of record"), you may vote in one of the following ways:

By telephone You may vote your shares by calling 1-800-690-6903. You may vote by telephone 24 hours a day, seven days a week until 11:59 p.m. Eastern time on the day before the meeting date. The telephone voting system has easy-to-follow instructions and allows you to confirm that the system has properly recorded your vote. Have your proxy card in hand when you call and follow the instructions. If you vote by telephone, you do not need to return your proxy card.

Over the Internet You may vote your shares via the website www.proxyvote.com. You may vote over the Internet 24 hours a day, seven days a week until 11:59 p.m. Eastern time on the day before the meeting date. As with telephone voting, you may confirm that the system has properly recorded your vote. Have your proxy card in hand when you access the website and follow the instructions. If you vote over the Internet, you do not need to return your proxy card. Please note that you may incur costs charged by telephone companies or Internet access providers if you vote over the Internet.

By mail If you have requested paper copies of our proxy materials by mail, you may vote your shares by signing, dating and returning the proxy card in the postage-paid envelope provided.

In person You may vote your shares by attending the Annual Meeting in person and depositing your proxy card at the registration desk (if you have requested paper copies of

Edgar Filing: VENTAS INC - Form DEF 14A

Table of Contents

our proxy materials by mail) or completing a ballot that will be distributed at the Annual Meeting.

If you own shares registered in the name of a bank, broker or other holder of record (a "beneficial owner"), you should follow the instructions provided by your broker or nominee in order for your shares to be voted. If you are a beneficial owner and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or nominee to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

All shares that have been properly voted by proxy and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. Shares represented by proxy cards that are signed and returned but do not contain any voting instructions will be voted as the Board recommends, which is:

Proposal 1 **FOR** the election of all nominees for director named in this Proxy Statement;

Proposal 2 **FOR** the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2012;

Proposal 3 **FOR** the approval, on an advisory basis, of our executive compensation;

Proposal 4 **FOR** the adoption of the Ventas, Inc. 2012 Incentive Plan; and

In the discretion of the proxy holders, on such other business as may properly come before the Annual Meeting.

Revocation of Proxies

Stockholders of record may revoke a proxy at any time before it is voted at the Annual Meeting by:

Executing and returning a later-dated proxy card;

Subsequently voting by telephone or over the Internet (until 11:59 p.m. Eastern time on the day before the meeting date); or

Submitting a written notice of revocation to our Corporate Secretary at our principal executive offices located at 353 North Clark Street, Suite 3300, Chicago, Illinois 60654.

A stockholder of record may also attend the Annual Meeting and vote in person, in which event any prior proxy given by the stockholder will be revoked automatically. Attendance at the Annual Meeting by itself will not constitute revocation of a proxy. Beneficial owners should follow the instructions provided by their broker or nominee to revoke a proxy, if applicable. No dissenters' or appraisal rights are available with respect to the proposals presently being submitted to the stockholders for their consideration at the Annual Meeting.

Quorum Requirement

The holders of a majority of the shares of our common stock outstanding as of the record date must be present, in person or represented by proxy, to constitute a quorum to transact business at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of establishing a quorum.

Table of Contents

A broker non-vote occurs when a beneficial owner does not provide voting instructions to the broker or nominee with respect to a proposal on which the broker or nominee does not have discretionary authority to vote.

If you are a beneficial owner, your broker or nominee has discretionary authority, under current NYSE rules, to vote your shares on the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2012 (Proposal 2), even if you do not provide voting instructions. However, your broker or nominee does not have discretionary authority to vote on the election of directors (Proposal 1), the advisory vote to approve our executive compensation (Proposal 3), or the adoption of the Ventas, Inc. 2012 Incentive Plan (Proposal 4) without instructions from you, in which case your shares will not be voted on these matters.

Votes Necessary for Action to Be Taken

Election of Directors (Proposal 1)

Under our Fourth Amended and Restated By-Laws, as amended ("By-Laws"), directors must be elected by a majority of votes cast in uncontested elections. This means that the number of votes cast "for" a director-nominee must exceed the number of votes cast "against" that nominee. Abstentions and broker non-votes are not counted as votes "for" or "against" a director-nominee and, therefore, will have no effect. Under our Director Resignation Policy, in an uncontested election, any incumbent director-nominee who does not receive a majority of votes cast "for" his or her election must tender his or her resignation promptly following the certification of the election results. Following consideration, our Nominating and Corporate Governance Committee (the "Nominating Committee") will then make a recommendation to the Board as to whether it should accept or reject such resignation. Thereafter, the Board must decide whether to accept or reject such resignation and to publicly disclose its decision. In contested elections, the required vote is a plurality of votes cast.

Ratification of the Selection of Ernst & Young LLP as Our Independent Registered Public Accounting Firm for Fiscal Year 2012 (Proposal 2)

Under our By-Laws, the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting is required to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for 2012. Abstentions will have the same effect as votes against such proposal, and broker non-votes will have no effect.

Advisory Vote to Approve Our Executive Compensation (Proposal 3)

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting is required to approve, on an advisory basis, our executive compensation. Abstentions will have the same effect as votes against such proposal, and broker non-votes will have no effect.

Adoption of the Ventas, Inc. 2012 Incentive Plan (Proposal 4)

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting is required to approve the adoption of the Ventas, Inc. 2012 Incentive Plan, provided that the number of votes cast represents more than 50% of the shares entitled to vote thereon. Abstentions will have the same effect as votes against such proposal, and broker non-votes will have no effect unless they represent, in the aggregate, 50% or more of the shares entitled to vote on the proposal.

Table of Contents

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting will be necessary to approve any other proposal that may properly come before the Annual Meeting. Accordingly, abstentions will have the same effect as votes against any such proposal, and broker non-votes will have no effect.

CORPORATE GOVERNANCE

Our Guidelines on Governance

Our Guidelines on Governance reflect the fundamental corporate governance principles by which our Board and its committees operate. These guidelines set forth general practices the Board follows with respect to Board structure and function, Board and committee organization and composition, and Board conduct. These guidelines are reviewed at least annually by the Nominating Committee and updated periodically in response to changing regulatory requirements, evolving corporate governance practices, input from our stockholders and otherwise as circumstances warrant.

Our Guidelines on Governance are available in the Corporate Governance section of our website at www.ventasreit.com/investor-relations/corporate-governance. In addition, we will provide a copy of our Guidelines on Governance, without charge, upon request to our Corporate Secretary at Ventas, Inc., 353 North Clark Street, Suite 3300, Chicago, Illinois 60654. The information on our website is not a part of this Proxy Statement.

Governance Information

In general, our Board provides guidance and oversight with respect to our financial and operating performance, strategic plans, key corporate policies and decisions and enterprise risk management. Among other matters, our Board considers and approves significant acquisitions, dispositions and other transactions, advises and counsels senior management on key financial and business objectives, and monitors our progress with respect to these matters. Members of the Board are kept informed about matters affecting our business by various reports and materials provided to them on a regular basis by senior management, including presentations made at Board and committee meetings by our Chief Executive Officer, President, Chief Financial Officer and other members of senior management.

Our Board Leadership Structure

Our Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide effective oversight of management. The Board understands that there is no single, generally accepted approach to providing Board leadership and that different structures may be appropriate for companies of varying sizes and performance characteristics and with different histories and culture. Consistent with this understanding, our Board (led by the Nominating Committee) considers its leadership structure as part of its annual self-evaluation process, taking into account our existing operations and the current governance environment, to determine the optimal leadership structure for us and for our stockholders.

Pursuant to our By-Laws and Guidelines on Governance, the Board has discretion in evaluating its leadership structure to determine whether to separate or combine the roles of our Chief Executive Officer and Chairman of the Board. Debra A. Cafaro has served as both our Chief Executive Officer and Chairman of the Board since 2003, and the Board continues to believe that her combined role is the optimal structure for us and our stockholders because it enables decisive leadership, ensures

Table of Contents

clear accountability and enhances our ability to consistently communicate our message and strategy to all of our stakeholders. Moreover, Ms. Cafaro possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing us and our business and, therefore, is best positioned to develop agendas that focus the Board's time and attention on the most critical matters.

As required by our Guidelines on Governance, the independent members of our Board, after considering the recommendation of the Nominating Committee, annually select one independent director to serve as Presiding Director, whose specific responsibilities include, among other things, chairing the executive sessions and all other meetings of the independent directors. The Presiding Director also acts as the principal liaison between the Chairman and the independent directors, collaborating with the Chairman to set Board meeting agendas and schedules and to approve materials provided to directors, and has such additional duties as may be assigned from time to time by the independent directors or the Board. While the Presiding Director is elected on an annual basis, the Board generally expects that he or she will serve for more than one year, and Douglas Crocker II has been our Presiding Director since 2003. At this time, our Board believes that our current leadership structure under which our Chief Executive Officer also serves as Chairman of the Board and a Presiding Director assumes specific responsibilities on behalf of the independent directors is effective, provides the appropriate balance between the authority of those who oversee our company and those who manage it on a day-to-day basis and achieves the optimal governance model for us and for our stockholders.

Our Board's Role in Risk Oversight

While management has responsibility for identifying and managing our exposure to risk on a daily basis, our Board plays an active and primary role in overseeing the processes we establish to assess, monitor and mitigate that exposure. The Board, directly and indirectly through its committees, routinely discusses with management the significant risks facing our company and reviews the guidelines, policies and procedures we have in place to address those risks, such as our approval process for investments. Directors regularly receive materials and information, including in-depth and in-person presentations from third-party experts, with respect to specific areas of risk, and the Board engages in comprehensive analyses and dialogue regarding those risks a practice we have followed since 2008. This process enables the Board to focus on the strategic, financial, operational, legal, regulatory and other risks that are most significant to us and our business, and ensures that the risks we face are well understood, mitigated to the extent reasonable and consistent with the Board's view of our risk profile and risk tolerance.

In addition to the risk oversight function administered directly by the Board, each of the Audit and Compliance, Executive Compensation, Nominating and Investment Committees exercises oversight related to the risks associated with the particular responsibilities of that committee. In accordance with NYSE requirements, the Audit and Compliance Committee (the "Audit Committee") reviews financial, accounting and internal control risks and the mechanisms through which we assess and manage risk. In addition, the Audit Committee has certain responsibilities with respect to our compliance programs, such as our Code of Ethics and Business Conduct and Whistleblower Policy and Procedures. Similarly, the Executive Compensation Committee (the "Compensation Committee") considers whether the structure of our compensation programs, as they relate to both executive officers and employees generally, encourages excessive risk-taking, and the Nominating Committee focuses on risks related to succession planning. The Investment Committee has responsibility for certain transaction-related risks, including the review of transactions in excess of established dollar thresholds or that involve investments in non-core assets. The chairs of these committees report on such matters to the full Board. We believe that this division of responsibilities is the most effective approach for identifying and addressing the risks facing us and that our Board leadership structure appropriately supports the Board's role in risk oversight.

Table of Contents

Attendance at Meetings

Our Board held a total of twelve meetings during 2011. Each director attended at least 75% of the total meetings of the Board and the committees on which he or she served that were held during the time he or she was a director in 2011. See " Board and Committee Membership" below.

We encourage, but do not require, directors to attend our annual meetings of stockholders. All but two directors who were nominated for reelection at our 2011 Annual Meeting of Stockholders attended that meeting.

Executive Sessions of Independent Directors

Our independent directors meet in executive session, outside the presence of management, at each regularly scheduled quarterly Board meeting and at other times as necessary or desirable. The Presiding Director chairs all regularly scheduled executive sessions and all other meetings of the independent directors.

Members of our Audit, Compensation and Nominating Committees also meet in executive session, outside the presence of management, at each regularly scheduled committee meeting and at other times as necessary or desirable.

Communications with Directors

Stockholders and other parties interested in communicating directly with our Board or any director on Board-related issues may do so by writing to Board of Directors, c/o Corporate Secretary, Ventas, Inc., 353 North Clark Street, Suite 3300, Chicago, Illinois 60654, or by submitting an e-mail to bod@ventasreit.com. Communications addressed to the Board are screened by our Corporate Secretary for appropriateness before distributing to the Board, or to any individual director or directors, as applicable.

Additionally, stockholders and other parties interested in communicating directly with the Presiding Director of the Board or with the independent directors as a group may do so by writing to Presiding Director, Ventas, Inc., 353 North Clark Street, Suite 3300, Chicago, Illinois 60654, or by sending an e-mail to independentbod@ventasreit.com.

Director Nominations and Criteria for Board Membership

Our Guidelines on Governance set forth, among other things, the process by which the Nominating Committee identifies and evaluates nominees for Board membership. Under this process, the Nominating Committee annually considers and recommends to the Board a slate of directors for election at the next annual meeting of stockholders. In selecting this slate, the Nominating Committee considers: incumbent directors who have indicated a willingness to continue to serve on our Board; candidates, if any, nominated by our stockholders; and other potential candidates identified by the Nominating Committee. Additionally, if at any time during the year a seat on the Board becomes vacant or a new seat is created, the Nominating Committee considers and recommends to the Board a candidate for appointment to fill the vacant or newly created seat.

The Nominating Committee regularly reviews the size and composition of the Board in light of our changing requirements and seeks nominees who, taken together as a group, possess the skills and expertise appropriate for an effective Board. In evaluating potential director candidates, the Nominating Committee considers, among other factors, the experience, qualifications and attributes listed below and any additional characteristics that it believes one or more directors should possess,

Table of Contents

based on an assessment of the perceived needs of our Board at that time. The Nominating Committee considers different perspectives, skill sets, education, ages, genders, ethnic origins and business experience in its annual nomination process, although it has not established a formal policy regarding diversity in identifying potential director candidates. No single factor or group of factors is necessarily dispositive of whether a candidate will be recommended by the Nominating Committee. The Nominating Committee considers and applies these same standards in evaluating individuals recommended for nomination to our Board by our stockholders in accordance with the procedures described in this Proxy Statement under "Requirements for Submission of Stockholder Proposals, Director Nominations and Other Business."

In general, the Nominating Committee seeks to include on our Board a complementary mix of individuals with diverse backgrounds, knowledge and viewpoints reflecting the broad set of challenges that the Board confronts without representing any particular interest group or constituency. Accordingly, our Guidelines on Governance provide that, in general, nominees for membership on the Board should:

Have demonstrated management or technical ability at high levels in successful organizations;

Be currently employed in positions of significant responsibility and decision making;

Have experience relevant to our operations, such as real estate, real estate investment trusts ("REITs"), healthcare, finance or general management;

Be well-respected in their business and home communities;

Have time to devote to Board duties; and

Be independent from us and not related to our other directors or employees.

In addition, our directors are expected to be active participants in governing our enterprise, and the Nominating Committee looks for certain characteristics common to all Board members, including integrity, independence, leadership ability, constructive and collegial personal attributes, candor and the ability and willingness to evaluate, challenge and stimulate.

The Board's satisfaction of these criteria is implemented and assessed through ongoing consideration of directors and nominees by the Nominating Committee and the Board, as well as the Board's annual self-evaluation process. Based upon these activities, the Nominating Committee and the Board believe that the director-nominees named in this Proxy Statement satisfy these criteria.

Matthew J. Lustig was appointed to our Board in May 2011 pursuant to the terms of a Director Appointment Letter we entered into in connection with our acquisition of substantially all of the real estate assets of ASLG. The Director Appointment Letter provided certain affiliates of Lazard Real Estate Partners LLC ("LREP") the right to designate one individual for nomination to our Board for so long as they collectively beneficially owned 3% or more of the outstanding shares of our common stock. Although our obligations under the Director Appointment Letter have terminated, the LREP affiliates continue to own a significant number of shares of our common stock and the Nominating Committee and the Board believe that Mr. Lustig's continued service as a director is beneficial to us and our stockholders. Douglas M. Pasquale, Richard I. Gilchrist and Robert D. Paulson are former NHP directors and were appointed to our Board in July 2011 in connection with our acquisition of NHP.

Table of Contents

We have from time to time retained search firms and other third parties to assist us in identifying potential candidates based on specific criteria that we provided to them, including the qualifications described above. We may retain search firms and other third parties on similar or other terms in the future.

Director Independence

Our Guidelines on Governance require that at least a majority of the Board be comprised of directors who meet the criteria for independence under the rules and regulations of the NYSE. For a director to be considered independent under the NYSE's listing standards, the Board must affirmatively determine that the director has no direct or indirect material relationship with us. The Board has evaluated the independence of each non-management director on a case-by-case basis. The Board considered any matters that could affect the ability of the non-management director to exercise independent judgment in carrying out his or her responsibilities as a director, including all transactions and relationships between such director, his or her family members and organizations with which the director or his or her family members have an affiliation, on the one hand, and us, our subsidiaries and our management, on the other hand. Any such matters were evaluated from the standpoint of both the director and the persons or organizations with which the director has an affiliation, and each director abstained from the vote pertaining to the determination of his or her independence.

Based on its review, the Board affirmatively determined that each of the following directors has no direct or indirect material relationship with us and therefore qualifies as independent under the NYSE's standards: Douglas Crocker II, Ronald G. Geary, Jay M. Gellert, Richard I. Gilchrist, Robert D. Paulson, Robert D. Reed, Sheli Z. Rosenberg, Glenn J. Rufrano, James D. Shelton and Thomas C. Theobald. Ms. Cafaro is not considered independent under the NYSE listing standards due to her employment as our Chairman and Chief Executive Officer. Mr. Lustig is not considered independent under the NYSE listing standards as a result of his affiliation with LREP and his service as Chairman of Atria Senior Living, Inc. ("Atria"), an entity that manages, as of December 31, 2011, 118 of our seniors housing properties. Mr. Pasquale is not considered independent under the NYSE listing standards because of his employment as Senior Advisor to our Chief Executive Officer from July 1, 2011 through December 31, 2011.

In evaluating the independence of Mr. Gilchrist, Mr. Reed and Mr. Rufrano, the Board considered the following:

our wholly owned subsidiary, Nationwide Health Properties, LLC, as successor to NHP, leased office space from The Irvine Company ("Irvine"), for which Mr. Gilchrist serves as Senior Advisor, from July 2011 to February 2012;

our joint venture with Pacific Medical Buildings LLC to develop a new MOB that is expected to be 100% leased by Sutter Health, for which Mr. Reed serves as Senior Vice President and Chief Financial Officer; and

our engagement, from time to time, of Cushman & Wakefield, Inc. ("Cushman"), a global commercial real estate firm for which Mr. Rufrano serves as President and Chief Executive Officer, to act as a leasing agent or broker with respect to certain of our properties.

The Board does not believe these relationships will affect the ability of Mr. Gilchrist, Mr. Reed or Mr. Rufrano to exercise independent judgment in carrying out their responsibilities as directors of Ventas. See "Transactions with Related Persons."

Table of Contents*Code of Ethics and Business Conduct*

All of our directors and employees, including our Chief Executive Officer, our Chief Financial Officer and our Chief Accounting Officer and Controller, as well as all of the directors and officers of our subsidiaries, are required to comply with our Code of Ethics and Business Conduct to ensure that our business is conducted in accordance with consistent legal and ethical standards. Our Code of Ethics and Business Conduct covers all major areas of professional conduct, including employment practices, conflicts of interest, unfair or unethical use of corporate opportunities, protection of confidential information and other company assets, compliance with applicable laws and regulations, and proper and timely reporting of financial results.

Our Code of Ethics and Business Conduct is available in the Corporate Governance section of our website at www.ventasreit.com/investor-relations/corporate-governance. Audit and Compliance Committee

The Audit Committee assists the Board in fulfilling its responsibilities relating to our accounting and reporting practices, including oversight of the quality and integrity of our financial statements, our compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of our internal audit function and independent registered public accounting firm. Among other things, the Audit Committee:

Prepares the report required by SEC rules to be included in our annual proxy statement;

Annually assesses the adequacy of its charter and reviews its performance;

Appoints and evaluates our independent registered public accounting firm;

Compensates, retains and oversees the work of the independent registered public accounting firm (including the resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or related work;

Reviews accounting and financial personnel.

The Audit Committee maintains free and open communication with the Board, our independent registered public accounting firm, our internal auditors and our financial and accounting management. The Audit Committee meets separately in executive session, outside the presence of management, with each of the independent registered public accounting firm and the internal auditors at each regularly scheduled meeting and at other times as necessary or desirable.

The Board has determined that each member of the Audit Committee is independent and satisfies the independence standards of the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act") and related rules and regulations of the SEC and the NYSE listing standards, including the additional independence requirements for audit committee members. The Board has also determined that each member of the Audit Committee is financially literate and qualifies as an "audit committee financial expert" for purposes of the SEC's rules.

Executive Committee

The Board has delegated to the Executive Committee the power to direct the management of our business and affairs in emergency situations during the intervals between meetings of the Board, except for matters specifically reserved for the Board and its other committees. The Executive Committee exercises its delegated authority only under extraordinary circumstances and has not held a meeting since 2002.

Executive Compensation Committee

The Compensation Committee has primary responsibility for the design, review, approval and administration of all aspects of our executive compensation program. The Compensation Committee makes all compensation decisions for, and reviews the performance of, each of our executive officers other than our Chief Executive Officer. The Compensation Committee also reviews the performance of, and makes compensation recommendations for, our Chief Executive Officer. Final decisions

Table of Contents

regarding compensation for our Chief Executive Officer are made by the independent members of the Board, taking into consideration the Compensation Committee's recommendations.

The Compensation Committee meets throughout the year to review our compensation philosophy and its continued alignment with our business goals and to consider and approve the executive compensation program for the coming year. The Compensation Committee, with the assistance of a nationally recognized independent compensation consultant, discusses changes, if any, to the program structure, assesses the appropriate peer comparators, sets base salaries, determines annual and long-term incentive award levels and establishes the applicable performance goals for annual and long-term incentive awards for our executive officers.

Our executive officers provide support to the Compensation Committee by coordinating meeting logistics, preparing and disseminating relevant financial and non-financial company information and relevant data concerning our peer comparators as a supplement to the comparative market data prepared by the compensation consultant, and making recommendations with respect to goals and related performance metrics. Our Chief Executive Officer attends meetings at the Compensation Committee's request and recommends to the Compensation Committee compensation changes affecting the other executive officers. However, our Chief Executive Officer does not play any role in setting her own compensation. In addition, at the Compensation Committee's request, our General Counsel, Corporate Secretary or Senior Vice President, Human Resources will attend meetings to act as secretary and record the minutes of the meetings. At a minimum at each regularly scheduled meeting, the Compensation Committee meets in executive session without management present.

The Compensation Committee meets during the first quarter of each year, typically in January, to review the achievement of performance goals for executives, to determine annual and long-term incentive awards for the prior year and to approve equity award grants to our executive officers and, based on management's recommendation, other employees. Our executive officers provide support to the Compensation Committee in this process, and the Chief Executive Officer makes award recommendations with respect to the other executive officers.

The Board has determined that each member of the Compensation Committee is independent and satisfies the NYSE listing standards. The Board has also determined that each member of the Compensation Committee meets the additional requirements for compensation committee members under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Independent Compensation Consultant

Under its charter, the Compensation Committee has authority to retain compensation consultants, outside counsel and other advisors that the Compensation Committee deems appropriate, in its sole discretion, to assist it in discharging its duties and to approve the terms of retention and fees to be paid to those consultants and advisors. The compensation consultant reports to the Compensation Committee and receives no fees from us that are unrelated to its role as advisor to our Board and its committees. Although the compensation consultant periodically interacts with company employees to gather and review information related to our executive compensation program, this work is done at the direction of the Compensation Committee. Pursuant to our Compensation Consultant Independence Policy, any compensation consultant retained by the Compensation Committee must be independent, as determined annually by the Compensation Committee in its reasonable business judgment, considering all relevant facts and circumstances.

Pearl Meyer & Partners ("PM&P") has served as the Compensation Committee's independent consultant since 2006. In 2011, the Compensation Committee retained PM&P to advise it and the

Table of Contents

independent members of the Board, as applicable, on matters related to our executive compensation levels and program design for 2012. The Compensation Committee reviews the scope of work provided by PM&P on an annual basis and, in connection with PM&P's engagement in 2011, determined that PM&P met the independence criteria under our Compensation Consultant Independence Policy and applicable SEC guidelines. Also in 2011, the Nominating Committee retained PM&P to advise it and the Board on matters related to non-employee director compensation levels and program design for 2012. PM&P and its affiliates did not perform any other consulting services for us during the year ended December 31, 2011.

Compensation Risk Assessment

The Compensation Committee annually considers whether our compensation policies and practices for all employees, including our executive officers, create risks that are reasonably likely to have a material adverse effect on our company. As part of this risk assessment in 2012, management reviewed our existing compensation plans and programs, including our severance and change-in-control arrangements, in the context of our business risk environment. In its review, the Compensation Committee noted several design features of our compensation programs that reduce the likelihood of excessive risk-taking, including, without limitation: a balanced mix of cash and equity compensation and annual and long-term incentives; multiple performance measures with payouts capped and subject to the Compensation Committee's or the Board's overall assessment of performance; equity compensation weighted more heavily towards restricted stock than stock options to provide greater incentive to create and preserve long-term stockholder value; and minimum stock ownership guidelines that align with long-term stockholder interests. Based on its evaluation, the Compensation Committee determined, in its reasonable business judgment, that our compensation practices and policies for all employees do not encourage excessive risk-taking and instead promote behaviors that support long-term sustainability and stockholder value creation.

Compensation Committee Interlocks and Insider Participation

During the year ended December 31, 2011, Messrs. Gellert, Gilchrist, Shelton and Theobald served on the Compensation Committee. No member of the Compensation Committee is, or has been, employed by us or our subsidiaries or is an employee of any entity for which any of our executive officers serves on the board of directors.

Investment Committee

The function of the Investment Committee is to review and approve certain investments in, and acquisitions or development of, seniors housing and healthcare properties, as well as divestitures of properties, in accordance with our Amended and Restated Investment and Divestiture Approval Policy.

Nominating and Corporate Governance Committee

The Nominating Committee is responsible for matters of corporate governance and matters relating to the practices, policies and procedures of the Board, such as: identifying individuals qualified to become members of the Board; selecting, or recommending to the Board for selection, director-nominees; overseeing evaluation of the Board and Board committees; developing and recommending to the Board a set of corporate governance guidelines and the corporate code of ethics; and generally advising the Board on corporate governance and related matters. Under the terms of its charter, the Nominating Committee also:

Establishes or approves the criteria for Board membership;

Table of Contents

Makes recommendations to the Board regarding its size and composition and the tenure of directors;

Reviews stockholder proposals and proposed responses;

Advises the Board on appropriate structure and operations of all committees of the Board, including committee member qualifications;

Reviews and recommends to the Board committee assignments and additional committee members to fill vacancies as needed;

Annually reviews and recommends to the Board the amount and types of compensation to be paid to our non-employee directors;

Annually reviews with the Board succession planning with respect to our Chief Executive Officer and other executive officers;

Periodically reviews our policies and procedures, including without limitation our Guidelines on Governance and Code of Ethics and Business Conduct, as it deems appropriate, and recommends any changes or modifications to the Board for approval;

Develops, implements, reviews and monitors an orientation program for new directors, as well as a continuing education program for existing directors;

Monitors developments, trends and best practices in corporate governance and takes such actions in accordance therewith, as it deems appropriate; and

Oversees, as it deems appropriate, an evaluation process of the Board and each of the Board committees, as well as an annual self-performance evaluation.

The Nominating Committee has the authority to form subcommittees of independent directors and delegate its authority, to the extent not otherwise inconsistent with its obligations and responsibilities.

The Board has determined that each member of the Nominating Committee is independent and satisfies the NYSE listing standards.

Non-Employee Director Compensation

Our Board believes that the compensation paid to our non-employee directors should be competitive with comparable companies and should enable us to attract and retain individuals of the highest quality to serve as our directors. In addition, the Board believes that a significant portion of that compensation should align director interests with the long-term interests of our stockholders. Accordingly, non-employee directors receive a combination of cash and equity-based compensation for their services. Each of these components is described below. We also reimburse each non-employee director for travel and other expenses associated with attending Board and committee meetings, director education programs and other Board-related activities.

Ms. Cafaro, our only employee director, does not receive compensation for her service as a director. Mr. Pasquale, who served as Senior Advisor to our Chief Executive Officer from July 1, 2011 through December 31, 2011, did not receive compensation for his service as a director during 2011.

Table of Contents

Cash Compensation

The cash compensation paid to, or earned by, our non-employee directors in 2011 was comprised of the following three components:

Quarterly Board retainer: Each non-employee director received a retainer of \$18,750 for each calendar quarter in which he or she served as a director. The Presiding Director received an additional retainer of \$6,250 for each calendar quarter of service.

Quarterly committee retainers: Each member (other than the chair) of the Audit, Compensation and Nominating Committees received a retainer of \$5,000, \$5,000 and \$3,750, respectively, for each calendar quarter of service as a member of such committee. The chair of the Audit, Compensation and Nominating Committees received a retainer of \$6,250, \$6,250 and \$5,000, respectively, for each calendar quarter of service as the chair of such committee.

Board and committee meeting fees: Each non-employee director received \$1,500 for each Board meeting he or she attended in excess of the eighth Board meeting held during the year, \$1,500 for each Audit, Compensation or Nominating Committee meeting he or she attended in excess of the sixth such committee meeting held during the year and \$1,500 for each Investment or Executive Committee meeting he or she attended during the year (in each case, including telephonic meetings, unless the meeting was 30 minutes or less).

Pursuant to our Nonemployee Directors' Deferred Stock Compensation Plan (the "Director Deferred Compensation Plan"), non-employee directors may elect to defer receipt of all or a portion of their retainer and meeting fees. Deferred fees are credited to each participating director in the form of stock units, based on the fair market value of our common stock on the deferral date. At the prior election of the participating director, dividend equivalents on the stock units are paid either in additional units or cash. After a participating director ceases to serve on the Board, or at such later time as he or she has previously designated, the director's stock unit account is settled in whole shares of our common stock on a one-for-one basis and distributed either in one lump sum or in installments over a period of not more than ten years, at the director's prior election. Fractional stock units are paid out in cash.

Equity-Based Compensation

The equity-based compensation paid to our non-employee directors in 2011 consisted of stock options and shares of restricted stock or restricted stock units, at the director's prior election, granted pursuant to our 2006 Stock Plan for Directors as follows:

On January 1, each non-employee director who was serving on such date received: (1) options to purchase 5,000 shares of our common stock, having an exercise price equal to the fair market value of our common stock on the date of grant; and (2) shares of restricted stock or restricted stock units, at his or her prior election, having an aggregate value equal to \$100,000 minus the value of the same-day grant of stock options described in clause (1).

Upon initial election or appointment to the Board, each non-employee director received: (1) options to purchase a number of shares of common stock equal to a pro rata portion of the number of stock options granted to the existing directors on January 1 (determined by reference to the number of days remaining in the calendar year), having an exercise price

equal to the fair market value of our common stock on the date of grant; and (2) 2,000 shares of restricted stock or restricted stock units, at his or her prior election, plus a number of shares of restricted stock having an aggregate value equal to a pro rata portion of \$100,000 minus the fair market value of the same-day grant of stock options described in clause (1) (in each case, determined by reference to the number of days remaining in the calendar year).

Stock options granted to our non-employee directors generally vest in two equal annual installments, beginning on the date of grant, and are subject to a ten-year term. The stock option exercise price is the closing price of our common stock on the date of grant. Shares of restricted stock and restricted stock units granted to our non-employee directors generally vest in two equal annual installments, beginning on the first anniversary of the date of grant.

Non-Employee Director Compensation Review Practices

The Nominating Committee is responsible for annually reviewing the amount and types of compensation to be paid to our non-employee directors, and any changes to our non-employee director compensation program must be recommended by the Nominating Committee for approval by the Board. As part of its annual review, the Nominating Committee may consider information contained in surveys compiled by the National Association of Corporate Directors or the National Association of Real Estate Investment Trusts ("NAREIT") and may retain an independent compensation consultant to advise it on appropriate director compensation levels. In 2011, the Nominating Committee retained PM&P to advise on matters related to non-employee director compensation levels and program design for 2012.

Minimum Share Ownership Guidelines for Non-Employee Directors

In 2011, we amended our minimum share ownership guidelines to require each non-employee director to maintain a minimum number of shares of our common stock with a value not less than five times the current annual cash retainer (currently \$75,000) paid to such director for service on our Board (excluding, among other things, any additional retainer paid for committee membership or chairmanship or service as the Presiding Director). Each non-employee director has five years from the date that he or she first becomes subject to the guidelines to satisfy the minimum share ownership levels, and until such time, that director must retain 100% of the common stock or stock units granted to him or her as compensation minus any shares forfeited by the director under our share withholding program to pay taxes on the vesting of shares. Compliance with the guidelines is reviewed on July 1 of each year. Taking into account any permitted transition period, all of our non-employee directors are currently in compliance with these guidelines.

Director and Executive Officer 10b5-1 Plans

From time to time, certain of our directors and executive officers may adopt non-discretionary, written trading plans that comply with Rule 10b5-1 under the Exchange Act. 10b5-1 plans permit our directors and executive officers to monetize their equity-based compensation in an automatic and non-discretionary manner over time and are generally adopted for estate, tax and financial planning purposes. Ms. Cafaro's 10b5-1 plan currently covers the sale of up to 210,000 shares of our common stock either owned by her or expected to be acquired by her through the exercise of stock options previously granted to her as a portion of her long-term compensation, subject to certain conditions (including an average minimum sale price of \$67 per share), and is expected to be in effect until June 2012. SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, officers (as defined in Rule 16a-1 under the Exchange Act) and persons who own more than 10% of our outstanding common stock to file reports of beneficial ownership and changes in such ownership with the SEC. TRANSACTIONS WITH RELATED PERSONS

Our Board has an unwritten policy requiring that any transaction between us and any of our officers, directors or their affiliates be approved by the disinterested members of the Board and be on terms no less favorable to us than those available from unaffiliated parties. In addition, our Audit Committee charter provides that any such transaction and all other conflicts of interest or similar matters involving any of our officers or directors must also be reviewed by the Audit Committee. Pursuant to our Code of Ethics and Business Conduct, officers and directors must disclose in writing to our General Counsel, who will review the matter with the Presiding Director, any existing or proposed transaction in which he or she has a personal interest, or in which there is or might appear to be a conflict of interest by reason of his or her connection to another business organization, and must refrain from voting on any such transaction.

Transactions with Atria and ASLG

On May 12, 2011, we acquired substantially all of the real estate assets and working capital of ASLG from private equity funds managed by LREP or its affiliates for a total purchase price of approximately \$3.4 billion, which we funded in part through the issuance of 24.9 million shares of our common stock. Prior to the closing, ASLG spun off its management operations to a newly formed entity, Atria, that continues to operate the acquired assets under long-term management agreements with us. Mr. Lustig, Chief Executive Officer and Managing Principal of LREP and Atria Chairman, has served as a member of our Board since May 2011. In 2011, we paid Atria \$20.2 million in management fees. The Board approved the terms of the management agreements in connection with its approval of the ASLG transaction, and we believe that the terms of the management agreements are no less favorable to us than those available from an unaffiliated party.

Transactions with Cushman

From time to time, we may engage Cushman to act as a leasing agent or broker with respect to certain of our properties. Mr. Rufrano is President and Chief Executive Officer of Cushman and has served as a member of our Board of Directors since June 2010. We believe any fees we pay to Cushman in connection with the provision of these services are customary, represent market rates and are no less favorable to us than the terms available from an unaffiliated party. Total fees we paid to Cushman during 2011 were de minimis.

Transactions with Irvine

From July 2011 to February 2012, our wholly owned subsidiary, Nationwide Health Properties, LLC, as successor to NHP, leased office space from Irvine. Mr. Gilchrist, Senior Advisor to Irvine and former President of Irvine's Investment Properties Group, has served as a member of our Board since July 2011. In 2011, we paid \$280,000 in rent to Irvine. We believe the rent we paid to Irvine in 2011 was customary, represented market rates and was no less favorable to us than the terms available from an unaffiliated party.

Transactions with Mr. Pasquale

In connection with our acquisition of NHP, we entered into an agreement (the "Pasquale Employment Agreement") with Mr. Pasquale pursuant to which he served as Senior Advisor to our Chief Executive Officer from July 1, 2011 through December 31, 2011. Pursuant to the Pasquale Employment Agreement, Mr. Pasquale has received approximately \$5.8 million, certain benefits to which he was entitled under his prior employment agreement with NHP, and 97,642 shares of our common stock in settlement of his 2009, 2010 and 2011 NHP performance share awards. Mr. Pasquale is also entitled to receive substantially the same severance benefits that he would have received if he had resigned for "Good Reason" under his prior employment agreement with NHP. Future benefits under the Pasquale Employment Agreement are expected to include an additional \$6.0 million, vesting of certain equity awards, payment of previously deferred compensation, and continued medical and life insurance coverage and payment of certain dividend equivalent rights through December 31, 2014.

Mr. Pasquale has agreed to certain noncompetition and nonsolicitation restrictive covenants until June 30, 2012, provided that, on or after January 1, 2012, he has the option to terminate the noncompetition restrictive covenant by making a lump-sum cash payment of \$8.0 million to us.

The disinterested members of the Board approved the terms of the Pasquale Employment Agreement in connection with its approval of the NHP acquisition, and we believe that its terms are no less favorable to us than those available from an unaffiliated party.

Transactions with Sutter Health

In December 2011, we entered into a joint venture with Pacific Medical Buildings LLC to develop a new MOB to be located on the Sutter Medical Center Castro Valley campus. Our 82.8% interest in the building will be subject to a ground lease from Sutter Health, and the MOB, when completed, is expected to be 100% leased by Sutter Health pursuant to long-term triple net leases. Mr. Reed, Senior Vice President and Chief Financial Officer of Sutter Health, has served as a member of our Board since March 2008. We believe the terms of the leases with Sutter Health are no less favorable to us than those available from an unaffiliated party.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (or "CD&A") describes our 2011 compensation program for our principal executive officer (Ms. Cafaro), our principal financial officer (Mr. Schweinhart) and our three other executive officers (Messrs. Lewis, Lillibridge and Riney) (collectively, our "Named Executive Officers"). In particular, this CD&A explains the overall objectives of our executive compensation program, how each element of our executive compensation program attempts to satisfy those objectives, the policies underlying our 2011 compensation program and the compensation awarded to our Named Executive Officers for 2011. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Future compensation programs that we adopt may differ materially from currently planned programs.

Executive Summary

Through our executive compensation program, we strive to attract, retain and motivate talented executives and link the compensation realized by our executive officers to the achievement of financial and strategic corporate goals and individual goals. Our executive compensation program emphasizes variable pay, and a significant portion of total direct compensation is in the form of equity awards that vest over time. Our approach to performance based compensation provides balanced incentives for our executive officers that align their interests with our stockholders and discourage excessive risk-taking.

2011 Accomplishments

2011 was a transformational year for Ventas. We successfully integrated over \$11 billion of acquisitions while improving our attractive cost of capital and strengthening our liquidity and balance sheet. The Board's 2011 compensation decisions supported our general executive compensation philosophy and reflected our exceptional financial and operational performance during the year. In particular:

We performed well against established financial performance objectives in 2011. Our normalized FFO per diluted share increased 17% year-over-year, from \$2.88 per share in 2010 to \$3.37 per share in 2011. In addition, cash flow from operations and same-store cash net operating income ("NOI") for our total portfolio increased 73% and 3%, respectively, year-over-year.

Our TSR exceeded the returns of the S&P 500® index and the MSCI US REIT (RMZ) index for the one, three, five and ten years ended December 31, 2011.

Reflecting our strong financial performance, we delivered TSR of 9.8% in 2011, which approximated the 55th percentile of our peer group. We also delivered TSR of 721.3% for the ten-year period ended December 31, 2011, which ranked us first among our peer group. Our TSR for the five- and three-year periods ended December 31, 2011 ranked us above the 90th percentile and 65th percentile, respectively, of our peer group.

In May 2011, we added to our senior living operating portfolio 117 private pay seniors housing communities with strong growth potential located in affluent coastal markets such as the New York metropolitan area, New England and California.

In July 2011, we successfully completed the acquisition of NHP, adding 643 seniors housing and healthcare properties to our portfolio (including properties that are owned through joint ventures). The acquisition was immediately accretive to earnings, expanded and diversified our portfolio, and improved our balance sheet and credit ratings.

In addition to the transactions described above, in 2011, we continued to diversify and expand our portfolio by investing approximately \$329.5 million in MOBs and seniors housing communities.

In December 2011, we entered into an agreement to acquire Cogdell and its 72 high quality MOBs, which would expand our MOB business to over 21 million square feet.

In August 2011, HCP paid us \$102.8 million in compensatory damages arising out of our lawsuit against HCP related to our 2007 acquisition of Sunrise Senior Living REIT ("Sunrise REIT"). In November 2011, HCP paid us an additional \$125.0 million to settle our outstanding lawsuit against HCP related to the Sunrise REIT acquisition. From the litigation proceeds, we made a donation to the Ventas Charitable Foundation, which supports worthwhile causes important to our customers, employees and communities.

In 2011, we issued an aggregate of 130.3 million shares of our common stock at a weighted average price of \$55.50, which is 97% of the 2011 high closing price of our common stock (\$57.19).

We achieved ratings upgrades from each of the major ratings agencies. In July 2011, Fitch Ratings upgraded our corporate credit rating to BBB+ (stable) and Moody's Investors Service upgraded our corporate credit rating to Baa2 (stable). In November 2011, Standard & Poor's Ratings Services upgraded our corporate credit rating to BBB (stable).

In October 2011, we entered into a new \$2.0 billion unsecured revolving credit facility, which replaced our previously existing unsecured revolving credit facilities. As of December 31, 2011, pricing under our new unsecured revolving credit facility was an attractive LIBOR plus 110 basis points.

Reinforcing our excellent balance sheet and liquidity position, in December 2011, we entered into a new fully funded \$500 million unsecured term loan facility with a weighted average maturity of 4.5 years and attractive pricing at LIBOR plus 125 basis points.

In May 2011, we issued and sold \$700.0 million aggregate principal amount of 4.750% senior notes due 2021 for total proceeds of \$693.9 million, before the underwriting discount and expenses, demonstrating our commitment to prudent balance sheet management and optimal capital markets execution.

In 2011, we provided our stockholders with an 8% year-over-year increase in our cash dividend and ended the year as the sixth largest REIT by equity market capitalization. Since 2004, our cash dividend has increased at a compound annual growth rate of 8%.

Our leadership team continued to be recognized for their excellence. During 2011, Ms. Cafaro was named to the *Institutional Investor* "All-America Executive Team" for the second year in a row and was named one of the top 50 women in world business by *Financial Times*. Our Investor Relations was named "Best Investor Relations" by *Institutional Investor*.

2011 Compensation Practices

In recognition of our Named Executive Officers' contributions to the achievements described above and the additional factors described below under "Elements of Our Compensation Program":

the cash incentive awards granted to our Named Executive Officers for 2011 ranged from 76% to 95% of their respective maximum levels; and

the long-term incentive awards granted to our Named Executive Officers for 2011 equaled 100% of their respective maximum levels.

Following a review of individual performance and compensation data from a group of peer comparators, four of our Named Executive Officers received an increase in base salary for 2011 to more closely align with market competitive levels and, in certain cases, to recognize future advancement potential or past contributions to our success.

In March 2011, we continued our commitment to responsible compensation and corporate governance practices by amending Ms. Cafaro's employment agreement and Mr. Riney's change-in-control severance agreement to eliminate the change of control "modified single trigger" from both agreements and to eliminate certain tax gross-up payments from Ms. Cafaro's agreement. In addition, we:

continued the Compensation Committee's engagement of an independent compensation consultant;

provided a balanced mix of cash and equity compensation and annual and long-term incentives;

Table of Contents

based incentive awards on multiple performance measures with payouts capped and subject to the Compensation Committee's or the Board's overall assessment of performance;

maintained meaningful share ownership guidelines for our executive officers and non-employee directors;

assessed potential risks of our compensation policies and practices;

provided our executive officers with limited perquisites that are not otherwise generally available to all of our employees; and

continued to prohibit executive officers and directors from engaging in derivative and other hedging transactions in our securities.

2011 Advisory Vote on Executive Compensation

We believe that our executive compensation program is appropriately structured to achieve our objectives of attracting and retaining talented executives and rewarding superior performance. At our 2011 Annual Meeting of Stockholders, holders of approximately 96% of shares represented at the meeting voted to approve, on an advisory basis, our executive compensation. In light of the strong shareholder support for our executive compensation program, we did not make significant changes in 2011 to the structure of our executive compensation program. Our Board values continuing and constructive feedback from our stockholders on executive compensation and will continue to consider the views of our stockholders, including the results of our annual shareholder advisory vote on executive compensation, when making future executive compensation decisions.

Objectives of Our Compensation Program

We recognize that effective compensation strategies are critical to recruiting and retaining key employees who contribute to our long-term success and thereby build value for our stockholders. Accordingly, our compensation program is designed to achieve the following primary objectives:

Attract, retain and motivate talented executives;

Link compensation realized to the achievement of our financial and strategic goals, as well as individual goals;

Reward performance that meets or exceeds these established goals;

Encourage executives to become and remain long-term stockholders of Ventas;

Provide balanced incentives that do not promote excessive risk-taking; and

Maintain compensation and corporate governance best practices.

We align the interests of our executives and stockholders by establishing and maintaining a performance- and achievement-oriented environment that provides executives with the opportunity to earn market-competitive levels of cash and equity compensation.

Compensation Consultant and Benchmarking

The Compensation Committee retained PM&P as its compensation consultant to advise it and the independent members of our Board on matters related to our Named Executive Officers' compensation and compensation program design for 2011. At the time of engagement, the Compensation Committee affirmatively determined that PM&P met the criteria for an independent consultant pursuant to our Compensation Consultant Independence Policy and in accordance with SEC guidelines for such services.

In 2011, PM&P provided the Compensation Committee and the independent members of our Board with comparative market data on compensation practices and programs based on an analysis of peer comparators and provided guidance on best practices. Using this market data, PM&P advised the Compensation Committee and the independent members of our Board and made recommendations with respect to setting salary levels and establishing incentive award levels. For 2011, PM&P compared our executive compensation structure and levels to executive compensation at a comparative group of 21 companies. Our comparative group consisted of (i) REITs similar to us in terms of operations and FFO and generally falling within a range of 50% to 200% of our enterprise value and market capitalization and (ii) selected healthcare operators that operate the types of properties we own.

The comparative group identified below (the "Comparable Companies") was approved by the Compensation Committee at its August 18, 2010 meeting as the appropriate benchmark for 2011 comparative purposes and is consistent with the comparative group approved by the Compensation Committee in 2009 and used for 2010 comparative purposes. These companies reported compensation data for executive positions with responsibilities similar in breadth and scope to those of our executive officers, and we believe these companies generally competed with us for executive talent and stockholder investment in 2011:

AMB Property Corporation*	HCP, Inc.	ProLogis
AvalonBay Communities, Inc.	Health Care REIT Inc.	Public Storage, Inc.
Boston Properties, Inc.	Host Hotels & Resorts, Inc.	Regency Centers Corp.
Community Health Systems, Inc.	Kimco Realty Corporation	SL Green Realty Corp.
Duke Realty Corp.	Kindred Healthcare, Inc.	The Macerich Company
Equity Residential Properties Trust	Liberty Property Trust	Vornado Realty Trust
Federal Realty Investment Trust	Nationwide Health Properties, Inc.**	Weingarten Realty Investors

* Merged with ProLogis in June 2011.

** Acquired by Ventas in July 2011.

The Compensation Committee annually reviews the Comparable Companies to ensure that the companies included remain comparable to us in terms of size and operations. The Compensation Committee may change the composition of the group from time to time as appropriate.

In determining 2011 compensation targets for our Named Executive Officers, the Compensation Committee, in consultation with PM&P, considered the competitive positioning of our executive compensation levels relative to market data for the following components of pay: base salary; total annual compensation (base salary plus annual incentives); long-term incentives (annualized expected value of long-term incentives); and total direct compensation (base salary plus annual incentives plus annualized expected value of long-term incentives). We generally targeted the 50th percentile of the Comparable Companies for base salary and the 65th percentile of the Comparable

Table of Contents

Companies for total annual compensation, long-term incentives and total direct compensation. The Compensation Committee established these targets based on our larger size and superior historical performance relative to the Comparable Companies. Our 2011 compensation program was designed to deliver compensation levels above or below these targets if executive officer performance was well above or below established goals. We believe this methodology is appropriate for our operating style and reflects the need to attract, retain and stretch top executive talent.

In addition to evaluating the compensation data described above, the Compensation Committee considers the unique roles held by some of our Named Executive Officers in determining appropriate compensation levels. Specifically, certain of our Named Executive Officers perform duties that are traditionally assigned to multiple senior officers at competitive companies. For example, Mr. Riney, in his capacity as our Executive Vice President, Chief Administrative Officer and General Counsel, is not only responsible for all legal matters, but plays a critical role in our asset management and acquisition strategies. Our uncommon division of responsibilities fosters a cohesive and streamlined management team, which enables us to operate with a smaller staff of senior executives than is typically found at companies of our size. Therefore, the Compensation Committee considers available compensation data for executives at the Comparable Companies, but also recognizes the need for adjustments in certain cases to set appropriate compensation targets for each Named Executive Officer.

Elements of Our Compensation Program

For 2011, the compensation provided to our Named Executive Officers consisted of the same elements generally available to our non-executive officers, including base salary, annual cash incentive compensation, long-term incentive compensation, and other perquisites and benefits, each of which is described in more detail below. The structure of our executive compensation program has been in place for several years, and our stockholders' strong support for our executive compensation at our 2011 Annual Meeting of Stockholders was a factor considered by the Compensation Committee in continuing this structure without significant changes.

Our executive compensation philosophy promotes a compensation mix that emphasizes variable pay and long-term value. Accordingly, our compensation structure is designed to grant a significant portion of total direct compensation in the form of equity awards that vest over time. Our emphasis on variable compensation creates greater alignment with the interests of our stockholders, ensures that risk is managed by decision makers in a manner that focuses on the creation of long-term value rather than only short-term results, and diminishes the probability of excessive risk-taking. We believe that our executive compensation program is well balanced between cash and equity-based compensation and between fixed and performance-based compensation to support our compensation philosophy.

The following charts illustrate each Named Executive Officer's target base salary, annual cash incentive compensation and long-term incentive compensation as a percentage of total direct compensation for 2011.

Table of ContentsBase Salary

The base salary payable to each Named Executive Officer provides a fixed component of compensation that reflects the executive's position and responsibilities. Base salary is generally targeted to approximate the competitive market median of the Comparable Companies, but may deviate from this target based on an individual's sustained performance, contribution, experience, expertise and specific roles within our company as compared to the benchmark data. Base salary is reviewed annually and may be adjusted to better match competitive market levels or to recognize an executive's professional growth and development or increased responsibility. The Compensation Committee also considers the success of the executive officer in developing and executing our strategic plans, exercising leadership and creating stockholder value, but does not assign any specific weights to these factors.

In connection with its review of 2011 base salaries for our Named Executive Officers, the Compensation Committee analyzed and evaluated base salary information from a compensation study of the Comparable Companies prepared by PM&P. Although the Compensation Committee periodically considers data from REIT industry and other compensation surveys, the Compensation Committee places primary emphasis on publicly available data from the Comparable Companies' proxy statements, which is more detailed by individual executive officer position than the data typically provided in compensation surveys.

For 2011, the Compensation Committee and, in the case of the Chief Executive Officer, the independent members of our Board approved the following increases in base salary for the Named Executive Officers:

	Base Salary		Year-Over-Year
	2011	2010	% Growth
D. Cafaro	\$ 915,000	\$ 725,000	26.2%
R. Schweinhart	407,000	395,000	3.0%
R. Lewis	498,000	470,000	6.0%
T. Lillibridge	375,000	375,000	
T.R. Riney	381,000	370,000	3.0%

With these increases, the 2011 base salary for each Named Executive Officer generally approximated the market median for the Comparable Companies. Mr. Lewis received a higher base salary increase than Messrs. Schweinhart and Riney to reflect his new role as President and his leadership development and future advancement potential. Ms. Cafaro received a higher base salary increase in connection with a rebalancing of her target mix of pay elements to better align with competitive market practice. See "Other 2011 Compensation Decisions Rebalancing of Chief Executive Officer Compensation and Special Equity Incentive Award" below.

Annual Cash Incentive Compensation

We provide our Named Executive Officers with the opportunity to earn cash incentive awards for achievement of corporate and individual goals on an annual basis. Prior to the beginning of each performance year, an earnings opportunity range, expressed as multiples of base salary and corresponding to three levels of performance (threshold, target and maximum), is established for each executive officer. In the first quarter of the year following the performance year, annual cash incentive awards are then determined and paid based on each executive officer's performance with respect to the corporate and individual goals.

Table of Contents

The Compensation Committee and, in the case of the Chief Executive Officer, the independent members of our Board approved the following annual cash incentive award opportunities for performance in fiscal 2011:

2011 Annual Cash Incentive Opportunity
(as a multiple of base salary)

At the target opportunities shown in the above table, the 2011 annual cash incentive award for each Named Executive Officer would result in total annual compensation levels that generally approximate the 65th percentile of the Comparable Companies. The Compensation Committee believes that the Chief Executive Officer should have the greatest alignment with our shareholders, and, therefore, Ms. Cafaro's annual cash incentive compensation is more sensitive to our performance than the annual cash incentive compensation of our other Named Executive Officers.

We believe that the annual cash incentive award goals set by the Compensation Committee are stretch goals, such that significant performance is expected in order to pay out at target levels. Consistent with prior years, the 2011 goals were challenging, but achievable. In December 2010, the Compensation Committee and, in the case of the Chief Executive Officer, the independent members of our Board determined the performance measures and their weightings for the 2011 annual cash incentive award opportunities for our Named Executive Officers. The performance measures and the weightings for Ms. Cafaro and Messrs Schweinhart, Lewis and Riney were:

One-year relative TSR (25% of annual cash incentive awards): Our TSR for 2011 compared to the TSR of the Comparable Companies for the same period. Goals established by the Compensation Committee for this performance measure were 33rd percentile at the threshold level, 50th percentile at the target level and 75th percentile at the maximum level. In evaluating performance under this measure, the Compensation Committee determined that it could take into account, in its reasonable discretion, the effects of unusual year-end trading, any peers that were takeover targets and other factors it deemed appropriate.

Table of Contents

Company Performance Based upon Specified Criteria (40% of annual cash incentive awards): Company performance based upon certain criteria as determined by the Compensation Committee, including normalized FFO per share outcome, value enhancing investments, prudent balance sheet and liquidity, optimizing capital markets execution, management of our senior living operating portfolio, and management of tenant/borrower defaults (if any), in each case at the discretion of the Compensation Committee. For 2011, the Compensation Committee determined weightings of 15%, 15% and 10% of the annual cash incentive awards for normalized FFO per share, year-end balance sheet, and management of the ASLG closing and performance of the acquired ASLG assets, respectively.

For the computation of normalized FFO per share, we use the NAREIT definition of FFO, with adjustments to exclude items (which may be recurring in nature) such as: (i) gains and losses on the sales of real property assets; (ii) merger-related costs and expenses, including amortization of intangibles and transition and integration expenses, and deal costs and expenses, including expenses and recoveries relating to our lawsuit against HCP; (iii) the impact of any expenses related to asset impairment and valuation allowances, the write-off of unamortized deferred financing fees, or additional costs, expenses, discounts, make-whole payments, penalties or premiums incurred as a result of early retirement or payment of our debt; (iv) the non-cash effect of income tax benefits or expenses; (v) the impact of future unannounced acquisitions or divestitures (including pursuant to tenant options to purchase) and capital transactions; (vi) the financial impact of contingent consideration; and (vii) charitable donations made to the Ventas Charitable Foundation. NAREIT defines FFO as net income (computed in accordance with GAAP), excluding gains or losses from sales of real estate property and impairment write-downs of depreciable real estate, plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect FFO on the same basis.

Individual performance (35% of annual cash incentive awards): To be determined in the discretion of the Compensation Committee taking into account the individual's performance under his or her specified management objectives established for 2011. Individual management objectives cover areas of special emphasis related to the particular responsibilities and duties of the Named Executive Officer, as well as other matters such as succession planning, departmental team building, professional development, personal growth and extraordinary or unusual accomplishments or contributions.

Due to Mr. Lillibridge's responsibility for the strategic focus, vision and overall leadership of our MOB operations, 70% of his 2011 annual cash incentive award was based on the 2011 financial performance of our MOB operations segment. Of the remaining portion of his 2011 annual cash incentive award, 15% was based on the one-year relative TSR and company performance goals described above, and 15% was based on his individual performance as described above.

In January 2012, the Compensation Committee and, in the case of the Chief Executive Officer, the independent members of our Board determined that each of the Named Executive Officers had achieved a high level of performance between the target and maximum levels overall under the annual cash incentive plan for 2011, with several specific accomplishments, including:

TSR of 9.8% for the year, which approximated the 55th percentile of the Comparable Companies;

Edgar Filing: VENTAS INC - Form DEF 14A

Table of Contents

A 17% increase in normalized FFO per diluted share (from \$2.88 per share in 2010 to \$3.37 per share in 2011), notwithstanding a 46% increase in weighted average diluted shares outstanding;

Cash flow from operations growth of 73%;

An increase of 3% in same-store cash NOI;

Our successful completion of the NHP and ASLG acquisitions, which added 643 seniors housing and healthcare properties and 117 private pay seniors housing communities, respectively, to our portfolio and made us the largest owner of seniors housing in the United States;

The execution of a definitive agreement to acquire Cogdell and its 72 high quality MOBs, which would expand our MOB business to over 21 million square feet;

In addition to the transactions described above, the investment of approximately \$329.5 million in MOBs and seniors housing communities;

The issuance of an aggregate of 130.3 million shares of our common stock at a weighted average price of \$55.50, which is 97% of the 2011 high closing price of our common stock (\$57.19);

Maintenance of an excellent balance sheet and credit statistics, evidenced by a debt to enterprise value of 29% at December 31, 2011, the entrance into a new \$2.0 billion unsecured revolving credit facility due 2015 with pricing, as of December 31, 2011, of LIBOR plus 110 basis points, the entrance into a new \$500 million unsecured term loan with a weighted average maturity of 4.5 years and pricing, as of December 31, 2011, of LIBOR plus 125 basis points, ample coverage of \$320 million of debt maturing in 2012 by cash on hand and undrawn borrowing capacity under our unsecured revolving credit facility, favorable credit statistics (net debt to EBITDA (earnings before interest, taxes, depreciation and amortization) and fixed charge coverage ratios), and credit rating upgrades by each of Fitch, Moody's and Standard & Poor's;

The issuance and sale of \$700.0 million aggregate principal amount of 4.750% senior notes due 2021 in an underwritten public offering for total proceeds of \$693.9 million, before the underwriting discount and expenses, which demonstrated our commitment to prudent balance sheet management and optimal capital markets execution; and

The receipt of approximately \$219 million in final repayments on our loans receivable investments.

Accordingly, as set forth below, the annual cash incentive awards granted to the Named Executive Officers for 2011 performance were between their respective target and maximum levels.

2011 Annual Cash Incentive Awards
(as a multiple of base salary)

The actual award amounts for the Named Executive Officers are set forth in the "Non-Equity Incentive Plan Compensation" column of the 2011 Summary Compensation Table below.

Long-Term Incentive Compensation

As explained above, the Compensation Committee believes that a substantial portion of each Named Executive Officer's compensation should be in the form of long-term incentive compensation. Long-term incentive awards are based on certain criteria as determined by the Compensation Committee, including the achievement of pre-established corporate and individual goals for the performance year. Prior to the beginning of each performance year, an earnings opportunity range, expressed as multiples of base salary and corresponding to three levels of performance (threshold, target and maximum), is established for each executive officer. The Compensation Committee annually reviews the long-term incentive compensation performance criteria in the context of market pay and performance when setting the earnings opportunity range and when determining the actual award earned for each executive officer. Long-term incentive awards are then determined and granted in the first quarter of the year following the performance year.

Table of Contents

The Compensation Committee and, in the case of the Chief Executive Officer, the independent members of our Board approved the following long-term incentive award opportunities for performance in fiscal 2011:

2011 Long-Term Incentive Opportunity
(as a multiple of base salary)

At the target opportunities shown in the above table, the 2011 long-term incentive award for each Named Executive Officer would result in total direct compensation levels that generally approximate the 65th percentile of the Comparable Companies. Similar to our philosophy regarding the annual cash incentive opportunities, the Compensation Committee believes that our Chief Executive Officer should have the greatest alignment with our shareholders, and, therefore, Ms. Cafaro's long-term incentive compensation is more sensitive to performance than the long-term incentive compensation of our other Named Executive Officers.

For 2011, the value of the long-term incentive awards was based on the following factors, in each case at the discretion of the Compensation Committee:

TSR (absolute and relative to our healthcare REIT peers and the Comparable Companies) over various time periods and in light of market conditions and our strategic objectives and risk profile;

Table of Contents

Factors contributing to our long-term stockholder value, such as: expansion and growth to the extent then current market conditions are appropriate; proactive identification and mitigation of risks in our existing portfolio, capital structure and organization, and future acquisitions; expansion and management of MOB business; management of ASLG closing and performance of ASLG assets following closing; accretive investments that provide excellent risk-adjusted returns; optimal capital markets execution; strong credit statistics and ratings, balance sheet and liquidity management; infrastructure investments; effective management of our triple-net leased properties and our senior living operating and MOB portfolios; management of the HCP litigation appeals process to a favorable outcome; consideration of environmental/green initiatives; and values, business ethics, reputation and industry leadership;

Individual performance; and

Other factors deemed appropriate by the Compensation Committee.

While there was no specific weighting or target level attributed to any of these factors, the Compensation Committee carefully analyzed these factors in determining the 2011 long-term incentive awards for our Named Executive Officers.

In January 2012, the Compensation Committee and, in the case of the Chief Executive Officer, the independent members of our Board determined that each of our Named Executive Officers had performed well against the performance objectives under the long-term incentive plan for 2011 based on the accomplishments described above under " Annual Cash Incentive Compensation" and several other key long-term value creating achievements, including:

Superior TSR performance relative to peers, including significantly outperforming the MSCI US REIT Index over the ten, five and three years ended December 31, 2011, ranking us second among our peer group for the five years ended December 31, 2011 and ranking us first among our peer group with a TSR of 721.3% for the ten years ended December 31, 2011;

Continued value creation for our stockholders with an 8% year-over-year increase in our cash dividend and by ending the year as the sixth largest REIT by equity market capitalization, the ninth largest REIT by enterprise value and the largest owner of seniors housing in the United States;

Outperformance of the S&P 500® index by 11.1% for the three years ended December 31, 2011, by 11.1% for the five years ended December 31, 2011 and by 19.8% for the ten years ended December 31, 2011;

As of December 31, 2011, the highest expected 2012 FFO multiple among healthcare REITs;

A reduction in tenant/operator concentration (our largest tenant's share of our annualized fourth quarter NOI declined from 35% in 2010 to 18% in 2011) and an increase in private pay assets, diversification and tenant/operator relationships (increased more than 6x year-over-year) as a result of the NHP and ASLG acquisitions;

Proactive management of enterprise risk, including through aggressive asset management, strong processes, disciplined integration of acquisitions and experienced personnel additions;

Table of Contents

Significant expansion of our MOB portfolio, as MOB operations segment NOI more than doubled from \$50.2 million in 2010 to \$116.6 million in 2011 and MOB operations segment assets increased from approximately \$750 million at December 31, 2010 to approximately \$2.4 billion at December 31, 2011;

Exceptional management of our senior living operating portfolio through extensive work with Atria and Sunrise on their pricing, marketing and expense strategies, enhanced capital spending and redevelopment approval processes, and comprehensive visits to more than 190 communities, which contributed to the portfolio's strong performance in 2011;

Optimal capital markets execution, including through our issuance and sale of \$700.0 million aggregate principal amount of 4.750% senior notes due 2021, our entrance into a new \$2.0 billion unsecured revolving credit facility with attractive pricing, as of December 31, 2011, of LIBOR plus 110 basis points, and the entrance into a new \$500 million unsecured term loan with attractive pricing, as of December 31, 2011, of LIBOR plus 125 basis points;

The repayment of \$489 million of secured debt and the redemption of \$200 million aggregate principal amount of our 6¹/₂% senior notes due 2016 pursuant to the call option contained in the indenture governing the notes;

Our receipt of \$228 million in total proceeds in connection with the successful completion of the HCP litigation;

Expanded depth across the enterprise to reflect our increased size and scale;

Continued evaluation of environmental/green initiatives, including the acquisition of two LEED certified MOB's, three Atria redevelopments that have received or applied for LEED status and the installation of "smart" water meters at Sunrise communities; and

Accordingly, as set forth below, the long-term incentive awards granted to the Named Executive Officers for 2011 performance equaled 100% of their respective maximum levels.

2011 Long-Term Incentive Awards
(as a multiple of base salary)

For 2011, long-term incentive compensation consisted of equity awards in the form of stock options and shares of restricted stock granted pursuant to our 2006 Incentive Plan. The Compensation Committee recognizes that while the annual cash incentive plan rewards management actions that impact short- and mid-term performance, the interests of our stockholders are also served by giving key employees the opportunity to participate in the long-term appreciation of our common stock through grants of stock options and restricted stock awards. Equity awards encourage management to create stockholder value over the long term because the value of the equity awards is directly attributable to changes in the price of our common stock over time. In addition, equity awards are an effective tool for management retention because full vesting of the awards generally requires continued employment for multiple years.

For 2011, the Compensation Committee determined that 70% of the value of the long-term incentive awards should be granted in the form of shares of restricted stock and 30% should be granted in the form of stock options. The Compensation Committee believes that restricted stock provides a stronger incentive to create and preserve long-term stockholder value and, therefore, has weighted the long-term incentive awards more heavily toward restricted stock. Furthermore, restricted stock is the most prevalent form of long-term incentive compensation among the Comparable Companies. The actual award amounts earned by the Named Executive Officers for 2011 will be reflected in next year's Summary Compensation Table as restricted stock and stock option awards granted in 2012.

Shares of restricted stock and stock options are granted to our Named Executive Officers, other than the Chief Executive Officer, on the date that the Compensation Committee meets to review annual performance and determine the value of the long-term incentive awards. Shares of restricted

stock and stock options are granted to our Chief Executive Officer on the date that the independent members of our Board meet to review and approve the Compensation Committee's recommendations with respect to the value of the Chief Executive Officer's long-term incentive award. Typically, these meetings of the independent members of our Board and the Compensation Committee are held on the same day. The long-term incentive awards granted to our executive officers generally vest in three equal annual installments, beginning on the date of grant. Stock options are generally subject to a ten-year term, and the stock option exercise price is the closing price of our common stock on the date of grant.

Benefits and Perquisites

The Named Executive Officers are generally eligible to participate in the same benefit programs that we offer to other employees, including:

health, dental and vision insurance (of which we paid 100% of the premium in 2011);

short-term disability, long-term disability and life insurance coverage (at no cost to the employee);

paid time off and paid holidays; and

participation in a 401(k) plan (to which we made a contribution equal to 3% of the employee's base salary, up to the federal limit, in 2011).

We believe these benefits are competitive with overall market practices. In addition, we may provide certain perquisites and other personal benefits to enable us to attract and retain superior employees for key positions. For 2011, the only perquisites and benefits provided to our Named Executive Officers that were not otherwise available to all employees consisted of: supplemental disability and life insurance coverage for Ms. Cafaro; provision of a parking space (with no incremental cost to us) for Ms. Cafaro and Mr. Lewis; and reimbursement for the cost of parking and membership in certain professional and social organizations for Mr. Lillibridge. The Compensation Committee periodically reviews the perquisites and other personal benefits provided to each Named Executive Officer and has determined that they are consistent with current market practice. Except for the eligibility to participate in our 401(k) plan and our contributions to the 401(k) plan, as described above, we do not provide our Named Executive Officers with any retirement benefits.

Other 2011 Compensation Decisions

Review of Comparable Companies

In the second half of 2011, the Compensation Committee reviewed the Comparable Companies and approved several changes for 2012 comparative purposes. Due to our significant growth in 2010 and 2011, primarily as a result of the Lillibridge, ASLG and NHP transactions, our relative positioning in the Comparable Companies had risen to the 74th percentile with respect to enterprise value and the 77th percentile with respect to equity market capitalization. To position us closer to the median of our peer group for 2012 comparative purposes, the Compensation Committee, after consultation with PM&P, removed Duke Realty Corp., Federal Realty Investment Trust, Liberty Property Trust, Regency Centers Corp., Weingarten Realty Investors, and Kindred Healthcare, Inc. due to their smaller size, AMB Property Corporation, which merged with ProLogis in June 2011, and Nationwide Health Properties, Inc., which was acquired by us in July 2011. In addition, at the recommendation of PM&P, the Compensation Committee added Simon Property Group, Inc., General Growth Properties, Inc. and Brookfield Office Properties, Inc. because they met the applicable selection criteria (50% to 200%) in terms of enterprise value and market capitalization.

Rebalancing of Chief Executive Officer Compensation and Special Equity Incentive Award

In March 2011, the independent members of our Board reviewed Ms. Cafaro's compensation and determined to rebalance her target mix of pay elements to better align with competitive market practice. In connection with this review, the independent members of our Board determined that a higher base salary was appropriate to reflect our significant growth and Ms. Cafaro's strong leadership, contributions to our superior performance and continuing value to our company. Accordingly, the independent members of our Board approved a 2011 base salary for Ms. Cafaro of \$915,000, effective as of January 1, 2011, and approved a concurrent rebalancing of Ms. Cafaro's target direct compensation by adjusting downward Ms. Cafaro's target annual cash incentive award from 1.75x to 1.60x and Ms. Cafaro's target long-term incentive award from 4.5x to 3.2x.

In connection with the rebalancing of Ms. Cafaro's compensation, the independent members of our Board approved an amendment to the terms of Ms. Cafaro's employment agreement to eliminate certain provisions to reflect compensation practices more favorable to us and our stockholders. In particular, the amendment eliminated (1) a provision that provided for payment of severance benefits if Ms. Cafaro were to terminate employment with us without Good Reason (as defined under " Employment and Change of Control Severance Agreement with Named Executive Officers Employment Agreement: Cafaro" below) within the 30-day period commencing one year after a change of control (a so-called "modified single trigger") and (2) certain tax gross-up payments with respect to severance and certain other benefits in connection with a change of control. The material provisions of Ms. Cafaro's employment agreement are summarized under " Employment and Change of Control Severance Agreement with Named Executive Officers Employment Agreement: Cafaro" below.

To support Ms. Cafaro's continued retention, in recognition of her superior performance and contributions to our success, and in consideration for the elimination of the change of control "modified single trigger" and change of control tax gross-up payments from her employment agreement, concurrent with the actions described above, the independent members of our Board granted Ms. Cafaro a special equity incentive award in the form of 152,934 shares of restricted stock having an aggregate fair market value of \$8,000,000 on the date of grant. These shares vest in five equal annual installments beginning on the first anniversary of the date of grant. The shares are subject to accelerated vesting in the event of death, disability, termination of employment by us without Cause or termination of employment by Ms. Cafaro with Good Reason (as such terms are defined under " Employment and Change of Control Severance Agreement with Named Executive Officers Employment Agreement: Cafaro" below), but are not subject to accelerated vesting solely upon a change of control.

Other than Ms. Cafaro's rebalanced compensation, each Named Executive Officer's target annual cash incentive and target long-term incentive opportunities in 2011 were consistent with such Named Executive Officer's target opportunities in 2010.

Compensation of Our Named Executive Officers for 2011, 2010 and 2009 Performance

In order to provide stockholders with a more complete picture of our Named Executive Officers' compensation, we are providing additional information not required by the SEC. The table below shows each Named Executive Officer's total direct compensation for services performed in 2011, 2010 and 2009 (with the exception of Mr. Lillibridge, who joined us in July 2010 and was not a Named Executive Officer for 2009). In contrast to the Summary Compensation Table, which discloses the grant date fair value of equity awards granted in a given year, the table below discloses the grant date fair value of equity awards granted in the first quarter of the subsequent year for performance during a

- (1) Amounts shown represent the full grant date fair value, calculated pursuant to FASB guidance relating to fair value provisions for share-based payments, of the restricted stock and stock option portions of each Named Executive Officer's long-term incentive award.
- (2) Total direct compensation consists of base salary, plus annual cash incentive awards and long-term incentive awards, and therefore excludes amounts shown in the "All Other Compensation" column of the 2011 Summary Compensation Table.
- (3) Ms. Cafaro's total direct compensation for 2011 excludes the \$8 million special equity incentive award granted to her in March 2011 because this award was not related solely to 2011 performance. The special equity incentive award was granted to support her continued retention, in recognition of her superior performance and contributions to our success, and in consideration for the elimination of the change of control "modified single trigger" and change of control tax gross-up payments from her prior employment agreement. See "Other 2011 Compensation Decisions Rebalancing of Chief Executive Officer Compensation and Special Equity Incentive Award" above.
- (4) Mr. Lillibridge's total direct compensation for 2010 excludes the \$5.3 million special equity incentive awards that were granted to him in connection with the closing of our Lillibridge acquisition and the negotiation and execution of his employment agreement in July 2010 because these awards were not related solely to 2010 performance.

Severance Benefits

Under existing employment or change of control severance agreements, our Named Executive Officers are entitled to receive severance benefits upon certain qualifying terminations of employment (subject to any required payment delay pursuant to Section 409A of the Code). Generally, the severance arrangements support executive retention and continuity of management and provide replacement income if an executive is terminated involuntarily other than for cause.

As previously discussed, we amended Ms. Cafaro's employment agreement in 2011 to eliminate certain tax gross-up payments with respect to severance and certain other benefits in connection with a change of control (see "Other 2011 Compensation Decisions Rebalancing of Chief Executive Officer Compensation and Special Equity Incentive Award" above), and the employment agreement we entered into with Mr. Lillibridge in July 2010 does not provide tax gross-up payments with respect to severance benefits. Legacy arrangements with Messrs. Schweinhart, Lewis and Riney, which have been in existence and have not been amended (other than certain amendments to comply with Section 409A of the Code and as described below) for several years, provide certain tax gross-up payments with respect to payments made in connection with a change of control. However, no tax gross-up would

Table of Contents

have been payable to any of our Named Executive Officers under the scenarios and assumptions presented under " Potential Payments Upon Termination or Change of Control" in this Proxy Statement. At the time we entered into each such arrangement, the Compensation Committee considered the potential severance benefits, including any potential tax gross-up, to be necessary to attract and retain top executives and, based on the market compensation analysis of the Compensation Committee's independent compensation consultant, to be consistent with then current competitive market practices.

Tax Considerations

Section 162(m) of the Code places a limit of \$1 million on the amount of compensation that we may deduct in any year with respect to each of our Named Executive Officers other than the Chief Financial Officer, unless the compensation is performance-based compensation and meets certain other requirements, as described in Section 162(m) and the related regulations. We generally consider qualification for deductibility under Section 162(m) for compensation paid to our Named Executive Officers, including stock options granted under our 2006 Incentive Plan. The Compensation Committee believes, however, that our executive compensation program should be flexible, maximize our ability to recruit, retain and reward high-performing executives and promote varying corporate goals. Accordingly, the Compensation Committee may approve compensation that exceeds the \$1 million limit or does not otherwise meet the requirements of Section 162(m), but that is deemed to be in our best interests and the best interests of our stockholders.

Minimum Share Ownership Guidelines for Executive Officers

Our minimum share ownership guidelines require each executive officer to maintain a minimum equity investment in our company based upon a multiple (five times, in the case of the Chief Executive Officer, and three times, in the case of all other executive officers) of his or her then current base salary. Each executive officer must achieve the minimum equity investment within five years from the date he or she first becomes subject to the guidelines and, until such time, must retain at least 60% of our common stock granted to the executive officer or purchased by the executive officer through the exercise of stock options. The independent members of our Board annually review each executive officer's compliance with the guidelines as of July 1. Taking into account any permitted transition period, all of our executive officers are currently in compliance with the minimum share ownership guidelines. Except as described above, our minimum share ownership guidelines and our 2006 Incentive Plan do not require a minimum holding period for stock options, restricted stock or other equity grants.

Adjustment or Recovery of Awards

Under Section 304 of the Sarbanes-Oxley Act, if we are required to restate our financial results due to material noncompliance with any financial reporting requirement as a result of misconduct, our Chief Executive Officer and Chief Financial Officer must reimburse us for (i) any bonus or other incentive-based or equity-based compensation received during the twelve months following the public issuance of the non-compliant document and (ii) any profits realized from the sale of our securities during those twelve months. Following the SEC's adoption of final rules regarding executive compensation recoupment policies pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, we will consider and adopt a separate executive compensation recoupment policy in accordance with the final rules.

Amendments to Employment and Change of Control Severance Agreements

As discussed above under "Other 2011 Compensation Decisions Rebalancing of Chief Executive Officer Compensation and Special Equity Incentive Award," in March 2011, we amended the terms of Ms. Cafaro's employment agreement to eliminate the change of control "modified single trigger" and certain tax gross-up payments with respect to severance and certain other benefits in connection with a change of control. The material provisions of Ms. Cafaro's employment agreement are summarized under " Employment and Change of Control Severance Agreement with Named Executive Officers Employment Agreement: Cafaro" below.

Also in March 2011, we amended the terms of Mr. Riney's change-in-control severance agreement to eliminate a provision that provided for payment of severance benefits if Mr. Riney were to terminate employment with us without Good Reason (as defined under " Employment and Change of Control Severance Agreement with Named Executive Officers Employment Agreement and Change of Control Severance Agreement: Riney" below) within the 30-day period commencing 30 days after a change of control or within the 30-day period commencing one year after a change of control. The material provisions of Mr. Riney's change-in-control severance agreement are summarized under " Employment and Change of Control Severance Agreement with Named Executive Officers Employment Agreement and Change of Control Severance Agreement: Riney" below.

The value realized has not been reduced to reflect the payment of any tax obligations.

Employment and Change of Control Severance Agreements with Named Executive Officers

We are parties to the following employment and change of control severance agreements with our Named Executive Officers:

a second amended and restated employment agreement with Ms. Cafaro dated March 22, 2011 (the "Cafaro Employment Agreement");

an amended and restated employment agreement with Mr. Schweinhart dated December 31, 2004, as amended (the "Schweinhart Employment Agreement");

an employment agreement with Mr. Lewis dated September 18, 2002, as amended (the "Lewis Employment Agreement");

an employment agreement with Mr. Lillibridge dated July 1, 2010 (the "Lillibridge Employment Agreement"); and

an amended and restated employment agreement with Mr. Riney dated July 31, 1998, as amended (the "Riney Employment Agreement"), and an amended and restated change-in-control severance agreement with Mr. Riney dated March 22, 2011 (the "Riney Severance Agreement").

Under these agreements, our Named Executive Officers are entitled to receive severance benefits upon certain qualifying terminations of employment (subject to any required payment delay pursuant to Section 409A of the Code). At the time we entered into each of the agreements, the Compensation Committee considered the potential severance benefits, including any potential tax gross-up, to be necessary to attract and retain top executives and, based on the market compensation analysis of the Compensation Committee's independent compensation consultant, to be consistent with competitive market practices.

Employment Agreement: Cafaro

The Cafaro Employment Agreement provides Ms. Cafaro with an annual base salary of not less than \$915,000, effective as of January 1, 2011 and subject to increases, if any, as determined by the Compensation Committee. Ms. Cafaro is also eligible to participate in our incentive and other employee benefit plans. The Cafaro Employment Agreement requires that we provide Ms. Cafaro with \$2 million of life insurance coverage and executive disability coverage that would provide annual benefits of at least 100% of her base salary. Under the Cafaro Employment Agreement, the term of Ms. Cafaro's employment will continue until terminated or the Cafaro Employment Agreement is amended. Upon termination of the Cafaro Employment Agreement for any reason, Ms. Cafaro will be subject to noncompetition and nonsolicitation restrictions for a period of one year following such termination. Ms. Cafaro will also be subject to certain confidentiality and nondisparagement restrictions.

Under the terms of the Cafaro Employment Agreement and our 2006 Incentive Plan, Ms. Cafaro is entitled to the benefits summarized below upon the event specified. Under certain circumstances, Ms. Cafaro's severance payments or other benefits are subject to reduction such that there will be no taxes imposed upon her by Section 4999 of the Code or any similar state or local tax.

"Good Reason" means the occurrence of any of the following events: (i) the assignment to Mr. Riney of duties substantially of a non-executive or non-managerial nature; (ii) an adverse change in Mr. Riney's status or position as an executive officer, including as a result of a diminution in his duties and responsibilities (other than a change directly attributable to our ceasing to be a publicly owned company); (iii) a reduction in Mr. Riney's base salary, bonus opportunity or, except as uniformly applicable to all of our similarly situated executives, benefits and perquisites (which reduction, for purposes of the Riney Employment Agreement, is material); (iv) our requiring Mr. Riney to relocate his principal business office to a location more than 30 miles from his existing office; and (v) our failure to obtain the assumption of the Riney Employment Agreement by any successor to all or substantially all of our business or assets, in each case, for purposes of the Riney Employment Agreement, that is not cured within 30 days after written notice from Mr. Riney.

Potential Payments upon Termination or Change of Control

The table below reflects the amount of compensation and benefits payable to each Named Executive Officer in the event of:

termination for Cause or without Good Reason;

termination other than for Cause or with Good Reason ("involuntary termination");

a Change of Control (without any termination of employment);

involuntary termination following a Change of Control;

death; and

disability.

The amounts shown assume a termination date and Change of Control date of December 31, 2011 and, therefore, are estimates of the amounts that would be paid to the Named Executive Officers upon such events. The actual amounts can be determined only if and when the Named Executive Officer's employment is terminated or the Change of Control occurs. Receipt of benefits upon termination is subject to the execution of a general release of claims by the Named Executive Officer or his or her beneficiary. Although the Cafaro Employment Agreement, the Executive Employment Agreements and the Lillibrige Employment Agreement contain certain restrictive covenants, including noncompetition and nonsolicitation provisions, no specific value to the company has been ascribed to these covenants.

(1) Involuntary termination following Change of Control for Ms. Cafaro, involuntary termination within one year of Change of Control for Messrs. Schweinhart, Lewis and Lillibridge, and involuntary termination within two years of Change of Control for Mr. Riney.

(2) "Target Bonus" or "Maximum Annual Bonus," as applicable, for each Named Executive Officer is defined above under "Employment and Change of Control Severance Agreements with Named Executive Officers."

(3) Multiples for the Named Executive Officers are as follows:

	Involuntary Termination (without Change of Control)	Involuntary Termination Following Change of Control
Ms. Cafaro	3x	3x
Mr. Schweinhart	1x	2x
Mr. Lewis	1x	2x
Mr. Lillibridge	1x	2x
Mr. Riney	1x	2x

(4) Pursuant to our 2006 Incentive Plan, upon a change of control or in the event of death or disability of a participant while employed by us, generally, all stock options held by the participant become fully vested and immediately exercisable and all restrictions and other conditions pertaining to shares of restricted stock and restricted stock units held by the participant immediately lapse (other than, in the event of a change of control, the special equity incentive awards granted to Ms. Cafaro on March 22, 2011 and Mr. Lillibridge on July 1, 2010). In the event of involuntary termination: Ms. Cafaro would become fully vested in all restricted stock awards and stock options; Messrs. Schweinhart, Lewis and Riney would be treated as having one additional year of service for purposes of vesting of restricted stock; and all shares of restricted stock granted to Mr. Lillibridge as part of his special equity incentive awards on July 1, 2010 would vest in full.

(5) Assumes a stock price of \$55.13, the closing price of our common stock on December 30, 2011, the last trading day of fiscal 2011. For purposes of the table, the value of vesting of restricted stock is determined by multiplying the number of shares by \$55.13, and the value of vesting of stock options is determined by subtracting the stock option exercise price from \$55.13 and multiplying by the number of options.

(6) Pursuant to the Cafaro Employment Agreement, and the Executive Employment Agreements, under certain circumstances, payments or benefits to Ms. Cafaro and Messrs. Schweinhart and Lewis are subject to reduction such that there will be no taxes imposed upon them by Section 4999 of the Code or any similar state or local tax.

(7) In March 2011, the Cafaro Employment Agreement was amended to eliminate the excise tax gross-up with respect to severance and certain other benefits in connection with a change of control.

PROPOSALS REQUIRING YOUR VOTE

Proposal 1: Election of Directors

Thirteen directors currently serve on our Board. In accordance with the director retirement policy set forth in our Guidelines on Governance, Mr. Theobald has reached the mandatory retirement age and will retire from our Board effective at the Annual Meeting. In addition, Mr. Paulson has advised the Nominating Committee that he will retire from our Board effective at the Annual Meeting. Following the recommendation of the Nominating Committee, our Board has nominated each individual presently serving as a director, other than Messrs. Paulson and Theobald, for election at the Annual Meeting.

In uncontested elections (which is the case for the Annual Meeting), a majority of votes cast is required for the election of each director, which means that the number of votes cast "for" a nominee must exceed the number of votes cast "against" that nominee. In contested elections, in which the number of nominees is greater than the number of directors to be elected, the vote standard would be a plurality of the votes cast. Each director elected at the Annual Meeting will hold office until the next succeeding annual meeting of stockholders and his or her successor is duly elected and qualified, or until his or her earlier death, resignation or removal. We do not have a staggered Board.

In accordance with our Director Resignation Policy, the Board will nominate an incumbent director for reelection only if the director agrees that, in the event the director fails to receive the required majority vote for reelection, he or she will tender, promptly following certification of the election results, an irrevocable resignation that will be effective upon acceptance by the Board. If an incumbent director fails to receive the required majority vote for reelection, the Nominating Committee will act on an expedited basis to determine whether to recommend acceptance or rejection of the director's resignation and submit its recommendation for prompt consideration by the Board. The Board will act on the Nominating Committee's recommendation and publicly disclose its decision regarding the tendered resignation by filing a Current Report on Form 8-K with the SEC no later than 90 days following certification of the election results.

Any director who tenders his or her resignation pursuant to our Director Resignation Policy may not participate in any Nominating Committee or Board decision regarding that resignation. If less than a majority of the Nominating Committee members receive the required vote in favor of their reelection in the same election, then the independent directors who received the required vote will be constituted by the Board as a committee to consider the tendered resignation(s) and make a recommendation to the Board. However, if three or fewer independent directors receive the required vote in the same election, all directors not required by the Director Resignation Policy to tender a resignation may participate in considering and recommending to the Board whether to accept or reject the resignation(s).

Under our Guidelines on Governance, a director is generally required to retire at the first annual meeting of stockholders following his or her 75th birthday. On the recommendation of the Nominating Committee, the Board may waive this requirement as to any director if it deems a waiver to be in our best interests.

Each nominee listed below has consented to be named in this Proxy Statement and has agreed to serve as a director if elected, and we expect each nominee to be able to serve if elected. If any nominee is unable or unwilling to accept his or her election or is unavailable to serve for any reason,

Edgar Filing: VENTAS INC - Form DEF 14A

the persons named as proxies will have authority, according to their judgment, to vote or refrain from voting for such alternate nominee as may be designated by the Board.

The following pages contain certain biographical and other information concerning the nominees proposed for election as directors. This information is based upon statements made or confirmed to us by or on behalf of these nominees, except to the extent certain information appears in our records. Ages shown for all nominees are as of the date of the Annual Meeting.

Following each nominee's biographical information, we have provided information concerning the particular experience, qualifications, attributes and skills that led the Nominating Committee and the Board to determine that each nominee should serve as a director. In addition, a substantial majority of the nominees serve or have served on boards and board committees (including, in many cases, as board or committee chairs) of other public companies, which we believe provides them with essential leadership experience, exposure to corporate governance best practices and substantial knowledge and skills that enhance the functioning of our Board.

Proposal 2: Ratification of the Selection of Ernst & Young as Our Independent Registered Public Accounting Firm for Fiscal Year 2012

The Board has approved the Audit Committee's selection of Ernst & Young as our independent registered public accounting firm for fiscal year 2012. Although not required by our By-Laws or otherwise, we are submitting the selection of Ernst & Young to our stockholders for ratification because the Board values our stockholders' views and believes such submission is appropriate as a matter of good corporate practice. If our stockholders fail to ratify this selection, it will be considered a recommendation to the Audit Committee and the Board to consider the selection of a different firm, and the Audit Committee and the Board may select another independent registered public accounting firm without resubmitting the matter to the stockholders. Even if the selection is ratified, the Audit Committee may, in its discretion, select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the interests of our stockholders.

We expect that representatives of Ernst & Young will be present at the Annual Meeting to respond to appropriate questions. They will also have the opportunity to make a statement if they desire to do so.

Table of Contents

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting is required to ratify the selection of Ernst & Young as our independent registered public accounting firm for fiscal year 2012.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" RATIFICATION OF THE SELECTION OF ERNST & YOUNG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2012.

Audit and Non-Audit Fees

Ernst & Young audited our financial statements for the year ended December 31, 2011 and has been our independent registered public accounting firm since May 1998. Fees billed by Ernst & Young for the years ended December 31, 2011 and 2010 were as follows:

	2011	2010
Audit Fees(1)	\$ 2,677,267	\$ 1,002,000
Audit-Related Fees(2)	51,000	347,500
Tax Fees(3)	798,935	324,645
All Other Fees(4)	2,115	2,115
Total	\$ 3,529,317	\$ 1,676,260

- (1) Audit Fees include the aggregate fees billed for professional services rendered by Ernst & Young for the audit of our annual consolidated financial statements (including debt covenant compliance letters), audit of internal control over financial reporting, review of interim financial statements included in our Quarterly Reports on Form 10-Q during such fiscal year, advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements, and work on securities offerings and other filings with the SEC, including comfort letters, consents and comment letters.
- (2) Audit-Related Fees consist principally of fees relating to acquisitions.
- (3) Tax Fees consist principally of reviews and preparation of tax returns (\$105,007 in 2011 and \$21,026 in 2010) and advice on tax-planning matters primarily related to acquisitions (\$693,928 in 2011 and \$303,619 in 2010).
- (4) All Other Fees relate to annual subscription fees for Ernst & Young's online technical site.

All audit-related services, tax services and other services were pre-approved by the Audit Committee in accordance with the Audit Committee's pre-approval policies described below. The Audit Committee determined that the provision of these services by Ernst & Young did not compromise Ernst & Young's independence and was consistent with its role as our independent registered public accounting firm.

Audit Committee Report

The Audit Committee oversees Ventas's financial reporting process on behalf of the Board. Management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with management the audited financial statements for the year ended December 31, 2011, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has reviewed and discussed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, its judgments as

to the quality, not just the acceptability, of Ventas's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61, *Communications with Audit Committees* (SAS 61), as amended and as adopted by the Public Company Accounting Oversight Board (the "PCAOB") in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence. In addition, the Audit Committee has discussed with the independent registered public accounting firm that firm's independence from Ventas and its management, and the Audit Committee has considered the compatibility of non-audit services with the firm's independence.

The Audit Committee has discussed with the independent registered public accounting firm the overall scope and plans for its audit. The Audit Committee meets regularly with the independent registered public accounting firm, with and without management present, to discuss the results of its examination, its evaluations of Ventas's internal controls, and the overall quality of Ventas's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in Ventas's Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the SEC. The Audit Committee has also recommended, and the Board has approved, the selection of Ventas's independent registered public accounting firm for fiscal year 2012.

Policy on Pre-Approval of Audit and Permissible Non-Audit Services

Consistent with the requirements of the SEC and the PCAOB, the Audit Committee has responsibility for compensating, retaining and overseeing the work of our independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has implemented procedures relating to the pre-approval of all audit and permissible non-audit services performed by the independent registered public accounting firm to ensure that the provision of such services and related fees does not impair the firm's independence.

Under these procedures, the annual audit services and related fees of the independent registered public accounting firm are subject to specific approval by the Audit Committee. Prior to or during the first quarter of each fiscal year, the independent registered public accounting firm must provide the Audit Committee with an engagement letter outlining the scope of proposed audit services for that year and the related fees. If agreed to by the Audit Committee, the engagement letter will be formally accepted as evidenced by its execution by the Chair of the Audit Committee. The Audit Committee will then approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, company structure or other matters.

In addition, the Audit Committee may grant pre-approval for those permissible non-audit services that it believes would not impair the independence of the independent registered public accounting firm. However, the Audit Committee may not grant approval for any services categorized by

Table of Contents

the SEC as "Prohibited Non-Audit Services." Prior to the beginning of each year, management submits to the Audit Committee a list of certain non-audit services and related fees expected to be rendered by the independent registered public accounting firm during that year. Following review, the Audit Committee pre-approves the non-audit services within each category, and the fees for each category are budgeted. The term of any pre-approved non-audit service is twelve months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. Fee levels for all non-audit services to be provided by the independent registered public accounting firm are established periodically by the Audit Committee, and any proposed services exceeding those levels require separate pre-approval by the Audit Committee. Upon request, the independent registered public accounting firm must provide detailed supporting documentation to the Audit Committee regarding the particular services to be provided. To obtain approval of other permissible non-audit services, management must submit to the Audit Committee those non-audit services for which it recommends the Audit Committee engage the independent registered public accounting firm, and both management and the independent registered public accounting firm must confirm to the Audit Committee that each non-audit service for which approval is requested is not a Prohibited Non-Audit Service.

Our Chief Accounting Officer and Controller is responsible for tracking all fees for pre-approved non-audit services provided by the independent registered public accounting firm, and at each regularly scheduled Audit Committee meeting, management reports on the pre-approved non-audit services provided during the quarter and year-to-date and the fees incurred for such services during such periods.

Proposal 3: Advisory Vote on Our Executive Compensation

We are submitting to our stockholders a non-binding advisory vote on the compensation of our Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC. At our 2011 Annual Meeting of Stockholders, holders of approximately 96% of shares represented at the meeting voted to approve, on an advisory basis, our executive compensation. In light of the strong shareholder support for our executive compensation program, we did not make significant changes in 2011 to the structure of our executive compensation program. By maintaining a performance- and achievement-oriented environment that provides the opportunity to earn market-competitive levels of compensation, we believe that our executive compensation program is structured in the best manner possible, and our exceptional long-term performance demonstrates the success of this program.

Our executive compensation program is designed to achieve certain key objectives, including: attracting, retaining and motivating talented executives; linking compensation realized to the achievement of our financial and strategic goals; rewarding performance that meets or exceeds established goals; encouraging executives to become and remain long-term stockholders of our company; providing balanced incentives that do not promote excessive risk-taking; and following compensation and corporate governance best practices. Below is a summary of some of the key features of our executive compensation program:

In 2011, we generally targeted the 50th percentile of our peer comparators for the base salary of our Named Executive Officers and the 65th percentile of our peer comparators for total annual compensation, long-term incentive compensation and total direct compensation of our Named Executive Officers. Our 2011 executive compensation program was designed to deliver compensation levels above or below these targets based on performance well above or below established goals.

Table of Contents

We target a mix of executive compensation that emphasizes variable pay, and our compensation structure is designed so that a significant portion of total direct compensation is in the form of equity awards that vest over time. The use of equity awards encourages management to create stockholder value over the long term because the value of the equity awards is directly attributable to changes in the price of our common stock over time. Equity awards are also an effective tool for management retention because full vesting of the awards generally requires continued employment over multiple years.

A significant portion of our executive compensation is performance-based incentive compensation, including annual cash incentive awards and long-term incentive awards granted in the form of shares of restricted stock and stock options.

The Compensation Committee annually reviews the compensation practices and programs of our compensation peer group (generally selected based on their similarity to us in terms of operations, enterprise value and market capitalization) and receives guidance from its independent compensation consultant on compensation best practices.

Our share ownership guidelines require our executive officers and directors to maintain significant ownership of our common stock to further align interests with our stockholders, and our Securities Trading Policy prohibits our directors, executive officers and employees from engaging in derivative and other hedging transactions in our securities.

The incentives created by our executive compensation program drive outstanding performance and have contributed to a strong track record of growth, diversification and shareholder value creation. Our TSR exceeded the returns of the S&P 500® index and MSCI US REIT (RMZ) index for the one, three, five and ten years ended December 31, 2011. TSR was strong at 9.8% for 2011 and 721.3%, 67.3% and 91.2% for the ten, five and three years ended December 31, 2011, respectively. In 2011, we completed more than \$11 billion in acquisitions that expanded our portfolio to 1,378 properties as of December 31, 2011 and provided additional diversification by asset class, tenant/operator/manager, geographic location, revenue source and business model, while we also improved our attractive cost of capital and strengthened our liquidity and balance sheet.

We encourage stockholders to review the information under "Executive Compensation Compensation Discussion and Analysis" in this Proxy Statement for additional details about our executive compensation program and our recent performance against established performance goals.

* * * * *

Based on the information provided above and elsewhere in this Proxy Statement, we believe our executive compensation program is designed appropriately to support our key objectives. Accordingly, the Board recommends that stockholders vote in favor of the following resolution:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the 2011 Summary Compensation Table, the accompanying compensation tables and the related narrative disclosure."

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting is required to approve, on an advisory basis, our executive compensation. Although the results of the stockholder vote on this proposal are non-binding, the Board values continuing and

constructive feedback from our stockholders on compensation. Our Board and the Compensation Committee will consider the outcome of the vote when making future executive compensation decisions.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF OUR EXECUTIVE COMPENSATION.

Proposal 4: Adoption of the Ventas, Inc. 2012 Incentive Plan

We are asking stockholders to approve the adoption of the Ventas, Inc. 2012 Incentive Plan (the "Incentive Plan"). The Board, upon the recommendation of the Compensation Committee and the Nominating Committee, adopted the Incentive Plan on March 7, 2012, subject to stockholder approval, and recommends that stockholders approve such adoption. The Incentive Plan will become effective January 1, 2013, provided its adoption is approved by the holders of a majority of the outstanding shares present or represented and entitled to vote on the proposal to adopt the Incentive Plan at the Annual Meeting and the number of votes cast on such proposal represents more than 50% of the shares of our common stock entitled to vote thereon. If the Incentive Plan is approved by stockholders at the annual meeting, the existing Ventas, Inc. 2006 Incentive Plan and Ventas, Inc. 2006 Stock Plan for Directors will expire on December 31, 2012, and no additional awards will be granted under the Ventas, Inc. 2006 Incentive Plan or the Ventas, Inc. 2006 Stock Plan for Directors (together, the "Existing Plans") after that date.

The purpose of the Incentive Plan is to promote our growth and profitability and to increase stockholder value by providing officers, key employees and non-employee directors with incentives to achieve our long-term objectives. The Incentive Plan is also intended to help attract and retain officers, key employees and non-employee directors, to advance our interests by giving officers, key employees and non-employee directors a stake in our future growth and success, and to strengthen the alignment of interests of officers, key employees and non-employee directors with our stockholders. The Incentive Plan permits but does not require the award of a variety of economic incentives to our employees and our non-employee directors, including stock options, restricted stock, restricted stock units, stock awards, performance units, units of partnership interest in our operating partnerships ("OP Units"), cash awards, and stock appreciation rights ("SARs").

A copy of the Incentive Plan is attached to this Proxy Statement as Annex A and is incorporated herein by reference. The description below is a summary and not intended to be a complete description of the Incentive Plan. Please read the Incentive Plan for more detailed information.

Plan Administration and Eligibility

The Incentive Plan is administered by the Board or one or more committees appointed by the Board to administer all or certain aspects of the Incentive Plan (the "Plan Committee"). In administering the Incentive Plan, the Plan Committee will determine, among other things: (i) individuals to whom grants of awards will be made; (ii) the type, amount and frequency of awards; and (iii) the terms of awards including, but not limited to, vesting provisions, exercise price, treatment upon termination of employment or cessation of service as a director, restrictions or performance criteria, and deferral opportunity. The Plan Committee may also construe and interpret the Incentive Plan. The Plan Committee will initially be the Compensation Committee, with respect to employees, and the Nominating Committee, with respect to non-employee directors.

Table of Contents

Notwithstanding the preceding paragraph, the Board or the Plan Committee may delegate its responsibility for granting awards and otherwise administering the Incentive Plan to one or more committees of the Board and may authorize one or more of our officers to grant awards to designated classes of employees within prescribed limits. The Board has delegated the authority to grant awards to employees that are not executive officers to a committee of the Board comprised solely of our Chief Executive Officer. Each year, the Board or the Plan Committee will establish an annual allotment of shares with respect to which this delegated authority may be exercised. This annual allotment will be 10,000 shares unless otherwise determined by the Board or the Plan Committee.

All of our employees, all employees of any corporation, partnership, limited liability company or other entity in which we own a majority interest, and all of our non-employee directors are eligible to receive awards under the Incentive Plan when and as designated by the Plan Committee. At December 31, 2011, we had 328 employees (including employees of our majority owned entities) and twelve non-employee directors. In selecting employees to receive awards under the Incentive Plan, the Plan Committee may take into consideration such factors as it deems relevant in promoting the purposes of the Incentive Plan, including the duties of the employees and their present and potential contribution to our success.

Shares Available for Issuance

The maximum number of shares of common stock and OP Units that may be issued or transferred pursuant to awards under the Incentive Plan will equal the sum of: (1) 7,500,000 shares, plus (2) the aggregate number of shares available for grant under the Existing Plans, determined as of December 31, 2012 immediately prior to the termination of authority to grant new awards under such plans, plus (3) the number of any shares subject to stock options granted under the Existing Plans and outstanding as of December 31, 2012, which expire, or for any reason are cancelled or terminated, after December 31, 2012 without being exercised, plus (4) the number of any shares of restricted stock granted under the Existing Plans that are outstanding and unvested as of December 31, 2012, which are forfeited, terminated, cancelled or otherwise reacquired by us without having become vested.

The maximum number of shares of common stock and OP Units with respect to which awards (or any type of award) may be granted to any employee or non-employee director will be 7,500,000. The maximum amount of a cash award that may be granted to an employee or non-employee director during any calendar year will not be greater than \$10 million.

The shares of common stock and OP Units issued under the Incentive Plan may be authorized but unissued shares or OP Units or held in treasury. Pursuant to the Incentive Plan, the number and kind of shares or OP Units to which awards are subject may be appropriately adjusted in the event of certain changes in our capitalization, including stock dividends and stock splits, reclassifications, recapitalizations, reorganizations, mergers, consolidations, spin-offs, split-ups, combinations or exchanges of shares, and certain distributions and repurchases of shares. If and to the extent an award under the Incentive Plan expires or terminates for any reason without having been exercised in full or is forfeited, the shares (including shares of restricted stock) or OP Units associated with such award will again become available for issuance pursuant to other awards under the Incentive Plan. However, shares or OP Units that are exchanged or withheld as full or partial payment in connection with an award or to satisfy tax withholding obligations will not be available for subsequent issuance under the Incentive Plan. Awards may be granted in connection with a transaction in substitution for awards previously granted by an entity acquired by us or combined with us without reducing the aggregate number of shares of common stock and OP units available under the Incentive Plan.

The per share closing price of our common stock on the NYSE on March 27, 2012 was \$57.07.

Table of Contents

Awards under the Incentive Plan

Stock Options

The Plan Committee may grant stock options in the form of incentive stock options ("ISOs") that are intended to qualify under Section 422 of the Code to eligible employees or non-qualified stock options to eligible employees and non-employee directors. ISOs must be granted within ten years from the date of adoption of the Incentive Plan and may only be granted to our employees and employees of a subsidiary corporation. The exercise period for any stock option will be determined by the Plan Committee at the time of grant, but may not exceed ten years from the date of grant (five years in the case of an ISO granted to a "Ten-Percent Shareholder," as defined in the Incentive Plan). The exercise price per share of the common stock covered by a stock option may not be less than 100% of the fair market value of a share of our common stock on the date of grant (110% in the case of an ISO granted to a Ten-Percent Shareholder). The exercise price is payable, at the Plan Committee's discretion, in cash, in shares of already owned common stock, through a reduction in the number of shares otherwise deliverable pursuant to the option, or in any other reasonable consideration that the Plan Committee may deem appropriate. Stock options may be exercisable in installments as determined by the Plan Committee and as set forth in the applicable option agreement and may be exercised in whole at any time, or in part from time to time, after they become exercisable.

The Plan Committee may, in its discretion and with appropriate restrictions, authorize any non-qualified stock option to be transferable to (i) the recipient's spouse, children, stepchildren, grandchildren, parents, stepparents, grandparents, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law, including adoptive relationships, or any person sharing the recipient's household (other than a tenant or employee) (collectively, "family members"), (ii) a trust or trusts in which the recipient and the recipient's family members hold more than 50% of the beneficial interest or (iii) a partnership, limited liability company or other entity in which the recipient and the recipient's family members hold more than 50% of the voting interests in exchange for an interest in the entity.

The Plan Committee determines the terms of the stock options. However, except for adjustments pursuant to the Incentive Plan or otherwise in connection with a corporate transaction involving us (including without limitation any stock dividend, stock split, etc.), the Plan Committee will not reduce the exercise price of an outstanding stock option or cancel an outstanding stock option with an exercise price less than current fair market value for cash, other awards or stock options with an exercise price that is less than the exercise price of the original stock option without the approval of stockholders. The Plan Committee also determines the treatment of stock options upon the recipient's termination of employment with us or cessation of service as a director as set forth in the applicable option agreement.

Restricted Stock and Restricted Stock Units

Subject to the limitations of the Incentive Plan, the Plan Committee may grant restricted stock or restricted stock units to eligible employees and non-employee directors. Generally, employees and non-employee directors receiving restricted stock or restricted stock units are not required to pay us for those awards (except for applicable tax withholding). Restricted stock awards are shares of our common stock that are subject to restrictions on transfer or other incidence of ownership that lapse based on continued employment with us or continued service as a director for specified periods, on the achievement of specified performance standards or upon the satisfaction of other conditions, as determined by the Plan Committee at the time of grant. Restricted stock units are awards denominated in units of our common stock that are also subject to restrictions that lapse based on continued

Table of Contents

employment with us or continued service as a director for specified periods, on the achievement of specified performance standards or upon the satisfaction of other conditions, as determined by the Plan Committee at the time of grant. The Plan Committee determines all terms and conditions pursuant to which restrictions on restricted stock or restricted stock units will lapse. At the discretion of the Plan Committee, certificates representing shares of restricted stock, if so issued, will be deposited with us until the restriction period ends. Recipients of restricted stock will have full voting rights as a stockholder with respect to the restricted stock and, if so determined by the Plan Committee and set forth in the applicable award agreement, shall be entitled to receive dividends and other distributions paid with respect thereto. Recipients of restricted stock units do not have any rights of stockholders, but, if so determined by the Plan Committee and set forth in the applicable award agreement, shall be entitled to receive dividend equivalents.

The Plan Committee determines the terms of the restricted stock and restricted stock units, including, without limitation, the treatment of restricted stock and restricted stock units upon the recipient's termination of employment with us or cessation of service as a director.

OP Units

The Plan Committee may grant OP Units to eligible employees and non-employee directors. The Plan Committee determines the terms and restrictions on the award of OP Units. The right to distributions with respect to OP Units is determined by the applicable award agreement and the partnership agreement with respect to the OP Unit.

Performance Units

The Plan Committee may grant performance units to eligible employees and non-employee directors. The applicable award agreement relating to each performance unit will specify the performance goals, performance period and the number of performance units granted. The performance period will not be less than six months, nor more than five years, as determined by the Plan Committee. Performance goals are those objectives established by the Plan Committee which may be expressed in terms of earnings per share, price of our common stock, pre-tax profit, net earnings, earnings before interest, tax, depreciation and amortization, return on equity or assets, revenues, normalized or other adjusted FFO in the aggregate or per share, relative or absolute total stockholder return, diversification, balance sheet or credit metrics or ratings, growth rate in any of the foregoing, any combination of the foregoing, or such other goals as the Plan Committee may determine. Performance goals may relate to our performance or the performance of one or more of our subsidiaries, divisions or other operating units and may be established as a range of goals if the Plan Committee so desires. The Plan Committee must establish performance goals within 90 days of the commencement of the applicable fiscal year. If the Plan Committee determines that the performance goals have been met, the recipient will be entitled to the appropriate payment with respect thereto. At the option of the Plan Committee, payment may be made solely in shares of our common stock, solely in cash, or a combination of cash and shares of common stock; provided, however, that if any performance unit becomes payable upon a change in control, payment shall be made solely in cash. The award of performance units does not create any rights in such recipient as our stockholder until the payment of any shares of common stock associated with such performance units.

The Plan Committee determines the treatment of performance units as to which the performance period has not expired upon the recipient's termination of employment with us or cessation of service as a director.

Stock Appreciation Rights and Stock and Cash Awards

The Plan Committee may grant SARs to eligible employees and non-employee directors. SARs constitute a right to receive, without payment to us, shares of our common stock, cash or any combination thereof, having a value equal to the appreciation of the shares to which the SAR relates, determined in accordance with the Incentive Plan. The term of each SAR shall be determined by the Plan Committee, but will not exceed ten years from the date of its grant. The Plan Committee determines all terms and conditions relating to any award of SARs. However, except for adjustments pursuant to the Incentive Plan or otherwise in connection with a corporate transaction involving us (including without limitation any stock dividend, stock split, etc.), the Plan Committee will not reduce the base price of an outstanding SAR or cancel an outstanding SAR with a base price less than current fair market value for cash, other awards or SARs with a base price that is less than the base price of the original SAR without the approval of stockholders.

The Plan Committee may also grant stock and cash awards to eligible employees and non-employee directors under the Incentive Plan. Stock and cash awards may be subject to terms and conditions, which may vary from time to time and among participants, as the Plan Committee deems appropriate. Each award of stock or cash may provide for a lesser payment in the event of partial fulfillment of performance goals.

Change in Control

The Plan Committee will have sole discretion to determine the treatment of outstanding awards in the event of a change in control (as defined in the Incentive Plan or in the applicable award agreement). If so determined by the Plan Committee and set forth in the applicable award agreement, outstanding stock options and SARs will become fully vested and immediately exercisable in their entirety, and all restrictions on restricted stock, restricted stock units and OP Units will lapse and outstanding performance units will become fully vested and immediately payable upon a change in control.

Amendments and Termination

The Board may at any time, terminate, and from time to time, amend or modify the Incentive Plan. Any such action of the Board generally may be taken without the approval of our stockholders, but any material revision to the Incentive Plan can be made solely by the Board only to the extent that such stockholder approval is not required by applicable law or regulation or any national securities exchange on which the shares of our common stock are listed. In no event may an amendment to the Incentive Plan increase the number of shares of common stock or OP Units available thereunder without the approval of our stockholders.

The Incentive Plan will terminate on the earliest to occur of (i) the date when all of the shares of common stock and OP Units available under the Incentive Plan have been acquired through the exercise of awards and the payment of benefits in connection with awards under the Incentive Plan, (ii) December 31, 2022 and (iii) such other date as the Board may determine.

Federal Income Tax Considerations

The following discussion briefly describes the federal income tax consequences generally applicable to employees, non-employee directors and us with respect to awards under the Incentive Plan. It is not intended to be a complete discussion of the federal income tax consequences of

Table of Contents

participation in the Incentive Plan and is qualified in its entirety by reference to the Code and the regulations adopted under the Code.

Non-Qualified Stock Options

The granting of non-qualified stock options does not produce taxable income to the recipient or a tax deduction to us. Taxable ordinary income will generally be recognized by the optionee at the time of exercise in an amount equal to the excess of the fair market value of the common stock purchased at the time of such exercise over the aggregate exercise price. We will be entitled to a corresponding federal income tax deduction for employee stock options at the time of exercise. Upon a subsequent taxable disposition of the common stock, the optionee will generally recognize a taxable capital gain or loss based upon the difference between the per share market value at the time of exercise and the per share selling price. To the extent an optionee pays all or part of the exercise price by tendering shares of common stock (other than shares acquired pursuant to the exercise of any ISO where the holding period has not yet been met), the tax consequences described above apply, except that the number of shares received upon such exercise that is equal to the number of shares surrendered in payment of the exercise price will have the same basis and tax holding period as the shares surrendered.

ISOs

In the case of an ISO, an optionee will not recognize any taxable income at the time of grant and we will not be entitled to an income tax deduction. No ordinary income will be recognized by the holder of an ISO at the time of exercise. However, the excess of the fair market value of the common stock at the time of exercise over the aggregate exercise price will be an adjustment to alternative minimum taxable income for purposes of the federal "alternative minimum tax" at the date of exercise.

If the optionee holds the shares acquired upon exercise of the ISO for the greater of two years after the date the option was granted or one year after the acquisition of the common stock, the difference between the aggregate exercise price and the amount realized upon disposition of the common stock will constitute a long-term capital gain or loss, as the case may be, and we will not be entitled to a federal income tax deduction. If the common stock is disposed of in a sale, exchange or other "disqualifying disposition" within two years after the date of grant or within one year after the date of exercise: (i) the optionee would realize taxable ordinary income in an amount equal to the excess of the fair market value of the common stock at the time of exercise or the sales price, whichever is less, over the aggregate exercise price; (ii) we would generally be entitled to a deduction for such year in the amount of the ordinary income so realized; and (iii) the optionee would realize capital gain in an amount equal to the difference between (a) the amount realized upon the sale of the common stock and (b) the exercise price plus the amount of ordinary income, if any, realized upon the disposition.

Restricted Stock

In the absence of an election under Section 83(b) of the Code (a "Section 83(b) election"), a participant who receives restricted stock will recognize no income at the time of issuance. When the restriction period expires with respect to shares of restricted stock, the holder will recognize ordinary income equal to the fair market value of the common stock as of the date the restrictions expire over the amount paid for such common stock (if any). The holder's basis for the common stock is equal to the amount included in income on the expiration of the restriction period plus the amount paid (if any), and the holding period begins just after the restriction period ends. Any disposition of the common stock will result in a long-term or short-term capital gain or loss (depending upon the time

Table of Contents

the shares are held after the end of the restriction period) equal to the difference between the amount received in the disposition and the tax basis of the shares sold. Dividends received on restricted stock constitute ordinary income in the year received. We will be entitled to a deduction equal to the amount of ordinary income recognized by a recipient at the time such income is included in the recipient's income, and also are entitled to a deduction for dividends paid on shares of common stock which remain subject to restrictions.

If a Section 83(b) election is made within 30 days of the initial award of restricted stock, the restricted stock is treated, for tax purposes, as though the restriction period did not apply. Thus, the recipient must include the excess of the fair market value of the common stock (computed without regard to the restrictions) on the date of the issuance over the amount paid for the common stock, if any, as ordinary income and the holding period begins just after such award date. We are entitled to a corresponding deduction for the grant, but dividends on the restricted stock would not be deductible. Any subsequent disposition of the common stock by the recipient, other than by forfeiture, would result in capital gain or loss, which would be long-term or short-term depending upon the holding period. No deduction may be claimed by a recipient who has made the Section 83(b) election and who subsequently forfeits the restricted stock, other than a deduction for the amount (if any) the employee paid for the restricted stock, which is treated as a long-term or short-term capital loss, depending upon the holding period. In such case, we would be required to include as ordinary income the amount of the deduction we claimed with respect to the restricted stock.

OP Units

It is intended that the grant of OP Units will generally not be taxable to the recipient, and, therefore, we will not be entitled to a deduction for such grant. OP Units are intended to be profits interests in our operating partnerships, and therefore, recipients of OP Units will be treated as partners of the operating partnerships. Pursuant to the terms of the operating partnerships, such partnership interests in the operating partnerships after vesting are convertible into shares of our common stock.

Performance Units

Generally, performance units granted to a participant will be taxable to such person in the amount of cash and the fair market value of common stock received. We will be entitled to a deduction for such amount at the time it is includable in the income of the recipient.

Stock Appreciation Rights and Stock and Cash Awards

No income is recognized by a participant upon the grant of an SAR. Upon exercise of the SAR, the recipient will have ordinary income in an amount equal to the cash received plus the fair market value of any common stock received. We will be entitled to a deduction for such amount at the time it is includable in the income of the recipient.

Upon the payment of a stock or cash award, the fair market value of the common stock or the amount of cash received will be ordinary income to the recipient. We will be entitled to a deduction for such amount at the time it is includable in the income of the recipient.

Treatment as Deferred Compensation

Restricted stock units or other awards under the Incentive Plan may, in some cases, result in the deferral of compensation that is subject to the requirements of Section 409A of the Code. Section 409A requirements include the timing of elections to defer, the timing of distributions and

Table of Contents

certain prohibitions on the acceleration of distributions. If these requirements are not met, the amounts deferred will generally be subject to immediate tax in the year the amounts are vested, imposition of an additional 20% income tax in addition to ordinary income taxes and interest at the underpayment rate plus 1%. The Plan Committee has authority to interpret the Incentive Plan in favor of compliance with Section 409A.

Limitations on Deductions

Under Section 162(m) of the Code, we are prohibited from deducting compensation paid to each of our Named Executive Officers (other than our Chief Financial Officer) in excess of \$1 million per person. However, compensation that is performance-based will be excluded for purposes of calculating the amount of compensation subject to the \$1 million limit. We have structured the Incentive Plan so that compensation for which we may claim a deduction in connection with options, performance units, and SARs may be "performance-based compensation" within the meaning of Section 162(m) of the Code. Awards under the Incentive Plan which are not performance-based include stock awards, cash awards and awards of restricted stock which are not subject to performance restrictions, and therefore, any amounts for which we may claim a deduction in connection therewith will be subject to the limitations on deductibility in Section 162(m) of the Code.

Under certain circumstances, the acceleration of the exercisability of options, the early lapse of restrictions on restricted stock or performance units, or the making of a cash payment in connection with a change in control might be deemed to be an "excess parachute payment" for purposes of the golden parachute tax provisions of Sections 280G and 4999 of the Code. To the extent it is so considered, the employee may be subject to a 20% excise tax, and we may be denied a tax deduction.

New Plan Benefits

As described above, the Plan Committee, in its discretion, generally determines the selection of employees and non-employee directors who will receive awards under the Incentive Plan and the type, amount and frequency of awards. Because annual cash incentive and long-term incentive awards are based on company and individual performance with respect to performance objectives established by the Plan Committee, the size and number of awards that will be granted to employees under the Incentive Plan in the future cannot be determined.

Under our current director compensation program, pursuant to the Ventas, Inc. 2006 Stock Plan for Directors, on January 1 of each year, each non-employee director who is serving on such date receives: (1) options to purchase 5,000 shares of our common stock, having an exercise price equal to the fair market value of our common stock on the date of grant; and (2) shares of restricted stock or restricted stock units, at his or her prior election, having an aggregate value equal to \$100,000 minus the value of the same-day grant of stock options described in clause (1). In addition, upon initial election or appointment to the Board, each non-employee director receives: (1) options to purchase a number of shares of common stock equal to a pro rata portion of the number of stock options granted to the existing directors on January 1, having an exercise price equal to the fair market value of our common stock on the date of grant; and (2) 2,000 shares of restricted stock or restricted stock units, at his or her prior election, plus a number of shares of restricted stock having an aggregate value equal to a pro rata portion of \$100,000 minus the fair market value of the same-day grant of stock options described in clause (1).

In 2012, a total of 60,000 stock options (having an aggregate grant date fair value of \$519,600) and 12,336 shares of restricted stock or restricted stock units (having an aggregate grant date fair value of \$680,400) were granted to our twelve non-employee directors under the Ventas, Inc. 2006 Stock Plan

for Directors. The Plan Committee will determine awards to non-employee directors under the Incentive Plan in its discretion. Therefore, aggregate awards to non-employee directors under the Incentive Plan are not yet determinable.

Approval of the Incentive Plan

Adoption of the Incentive Plan requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the Annual Meeting, provided that the number of votes cast represents more than 50% of the shares entitled to vote thereon.

VENTAS, INC.

2012 INCENTIVE PLAN

I. Purpose

The purpose of the Ventas, Inc. 2012 Incentive Plan ("*Plan*") is to promote the growth and profitability of Ventas, Inc., a Delaware corporation ("*Company*"), and its subsidiaries and to increase stockholder value by providing officers, key employees and non-employee directors with incentives to achieve long-term objectives of the Company. The Plan is also intended to help attract and retain officers, key employees and non-employee directors, to advance the interests of the Company by giving officers, key employees and non-employee directors a stake in the Company's future growth and success, and to strengthen the alignment of interests of officers, key employees and non-employee directors with those of the Company's stockholders.

II. Definitions and Construction

2.1. *Definitions.* Unless otherwise defined herein, capitalized terms used herein shall have the respective meanings set forth in Appendix I (and such terms shall apply equally to both the singular and plural forms of the terms defined).

2.2. *Gender and Number.* Except where otherwise indicated by the context, reference to the masculine gender shall include the feminine gender, the plural shall include the singular and the singular shall include the plural.

2.3. *Severability.* In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

III. Plan Administration

3.1. *The Committee.* The Plan shall be administered by and all Awards under the Plan shall be authorized by the Committee. The "Committee" means the Board or one or more committees appointed by the Board to administer all or certain aspects of the Plan. Any such committee shall consist of one or more directors of the Company and shall serve at the discretion of the Board. To the extent deemed appropriate by the Board, members of the Committee shall be "outside directors" within the meaning of Section 162(m) of the Code (or any successor provision thereto) and "non-employee directors" within the meaning of Rule 16b-3 under the Exchange Act.

3.2. *Delegation.* Notwithstanding the foregoing, the Board or the Committee may delegate some or all of its responsibility for granting Awards and otherwise administering the Plan with respect to Nonemployee Directors or designated classes of Employees to one or more different committees consisting of one or more members of the Board, subject to such limitations as the Board or the Committee deems appropriate. To the extent consistent with applicable law, the Board or the Committee may authorize one or more officers of the Company to grant Awards to designated classes of Employees, within limits specifically prescribed by the Board or the Committee. The Board has delegated the ability to grant Awards to Nonexecutive Employees to a Board committee comprised of the Chief Executive Officer. Consistent with this paragraph, each year the Board or the Committee

Table of Contents

shall establish an annual allotment of Shares with respect to which such Board committee or Company officer authorized pursuant to this paragraph may grant Awards to Nonexecutive Employees. Unless another amount shall otherwise be determined by the Board or the Committee by authorized action, an annual allotment of ten thousand (10,000) Shares or OP Units is hereby established with respect to which such Board committee or Company officer is authorized pursuant to this paragraph to grant each year. Any Shares or OP Units within such annual allotment with respect to which Awards are not granted during such year shall be automatically added to the annual allotment available pursuant to this paragraph in each succeeding year for Awards to Nonexecutive Employees until such Shares or OP Units are used for Awards. If and to the extent an Award granted pursuant to this paragraph shall expire or terminate for any reason without having been exercised in full, or shall be forfeited, the Shares or OP Units associated with such Awards shall again become available for Awards pursuant to this paragraph.

3.3. *Authority of the Committee.* Subject to the provisions of the Plan, the Committee shall have full authority to do all things and make all determinations necessary or advisable in connection with the administration of the Plan, including without limitation the authority to:

- (a) select Participants to whom Awards are granted;
- (b) determine the types, amounts and frequency of Awards granted under the Plan;
- (c) determine the terms and conditions of Awards, including, without limitation, the treatment of the Award upon a Participant's termination of employment or cessation of service or any limitations, restrictions or conditions upon the Awards, which need not be identical;
- (d) accelerate or extend the vesting or exercisability of any Award, for any reason, including, without limitation, a Change in Control;
- (e) construe and interpret the Plan and any agreement or instrument entered into under the Plan; and
- (f) establish, amend and rescind rules and regulations relating to administration of the Plan.

The Committee may delegate its authority as identified hereunder; *provided, however*, that such delegation is permitted by law. The Committee (or the Board, in the absence of any such Committee) shall have the discretion to determine for purposes of the Plan whether any Participant (i) is or remains (or is not or does not remain) an employee of the Company, and (ii) shall have incurred (or shall not have incurred) a termination of employment or cessation of service.

3.4. *Decisions Binding.* All actions taken and all determinations and decisions made by the Committee pursuant to the provisions of the Plan shall be final, conclusive and binding upon all persons, including the Company, its stockholders, Employees, Nonemployee Directors, Participants and their estates and beneficiaries.

Table of Contents

IV. Shares Subject to the Plan and Maximum Awards

4.1. *Shares Available.* Subject to adjustment as provided in Section 4.3, the number of Shares and OP Units available for issuance under the Plan shall be equal to the sum of the following:

- (a) 7,500,000; plus
- (b) the number of Shares available for issuance, and not issued or subject to outstanding awards, under the Company's 2006 Incentive Plan (the "2006 Employee Plan") and the Company's 2006 Stock Plan for Directors (the "2006 Director Plan"); plus
- (c) the number of any Shares subject to stock options granted under the 2006 Employee Plan or the 2006 Director Plan and outstanding on the Effective Date which expire, or for any reason are forfeited, cancelled or terminated, after the Effective Date without being exercised; plus
- (d) the number of any Shares of restricted stock or restricted stock units granted under the 2006 Employee Plan or the 2006 Director Plan and outstanding on the Effective Date which for any reason are forfeited, cancelled, terminated or otherwise reacquired by the Company after the Effective Date without having become vested.

Any Shares or OP Units issued under the Plan may be, in whole or in part, of original issuance or held in treasury. If and to the extent an Award shall expire or terminate for any reason without having been exercised in full, or shall be forfeited, the Shares or OP Units associated with such Awards shall again become available for Awards under the Plan. Shares or OP Units that are exchanged by a Participant or withheld by the Company as full or partial payment in connection with any Award or to satisfy tax withholding obligations related to any Award shall not be available for subsequent Awards under the Plan. Substitute Awards may be granted under the Plan, and such Substitute Awards shall not reduce the aggregate number of Shares or OP Units available for Awards under the Plan.

4.2. *Maximum Awards.* Subject to adjustment as provided in Section 4.3, the maximum number of Shares and OP Units with respect to which Awards (or any type of Award) may be granted to any Participant under the Plan shall be 7,500,000, and the maximum number of ISOs that may be granted to any Participant under the Plan shall be 7,500,000.

4.3. *Adjustments in Authorized Shares and Outstanding Awards.* In the event of a merger, reorganization, consolidation, recapitalization, reclassification, split-up, spin-off, separation, liquidation, stock dividend, stock split, reverse stock split, property dividend, share repurchase, share combination, share exchange, issuance of warrants, rights or debentures, or other change in the corporate structure of the Company affecting the Shares or OP Units, the Committee may substitute or adjust the total number and class of Shares, OP Units or other stock or securities which may be issued under the Plan, and the number, class and/or price of Shares or OP Units subject to outstanding Awards, as it determines to be appropriate and equitable to prevent dilution or enlargement of the rights of Participants and to preserve, without exceeding, the value of any outstanding Awards; *provided*, that the number of Shares or OP Units subject to any Award shall always be a whole number. In the case of ISOs, such adjustments shall be made in such a manner so as not to constitute a "modification" within the meaning of Section 424(h)(3) of the Code and only to the extent otherwise permitted by Sections 422 and 424 of the Code.

In the event of a Change in Control, the Committee shall, in its sole discretion, determine the appropriate adjustment, if any, to be effected and effect such adjustment. In addition, in the event of a

Table of Contents

Change in Control, the Committee existing prior to such Change in Control may accelerate the time or times at which any Award may be exercised and may provide for cancellation of such accelerated Awards that are not exercised within a time prescribed by the Committee in its sole discretion. In the event of any Change in Control, the Committee existing prior to such Change in Control, in its sole discretion, may provide that any Award shall terminate and an equitable cash amount as determined by the Committee in its sole discretion be paid. Without limitation on the foregoing, an amount equal to the excess (if there is an excess and zero if there is no excess) by which the fair market value of the Shares subject to the Option exceeds the aggregate exercise price with respect to such Option shall constitute an equitable cash amount.

Any adjustments pursuant to this Section 4.3 to Awards that are considered 409A Awards are intended to be made only if permitted by Section 409A of the Code and only in a manner in compliance with the requirements of Section 409A of the Code, and any adjustments made pursuant to this Section 4.3 to Awards that are not considered 409A Awards are intended to be made only if and in such a manner that after such adjustment the Awards either continue not to be 409A Awards or comply with the requirements of Section 409A of the Code.

V. Eligibility and Participation

All Employees are eligible to receive Awards under the Plan. In selecting Employees to receive Awards under the Plan, as well as in determining the number of Shares or OP Units subject to, and the other terms and conditions applicable to, each Award, the Committee shall take into consideration such factors as it deems relevant in promoting the purposes of the Plan, including the duties of the Employees and their present and potential contribution to the success of the Company.

All Nonemployee Directors are eligible to receive Awards under the Plan. Subject to the limitations of the Plan, the Committee may grant Awards to Nonemployee Directors on terms as the Committee shall from time to time determine.

VI. Stock Options

6.1. *Grant of Options.* Subject to the terms and provisions of the Plan, the Committee may grant Options to Participants at any time and from time to time, in the form of Options which are intended to qualify as incentive stock options within the meaning of Section 422 of the Code ("ISOs"), Options which are not intended to so qualify ("NQSOs") or a combination thereof. All ISOs must be granted within ten years from the date on which the Plan was adopted by the Board, and may only be granted to employees of the Company or any subsidiary corporation (within the meaning of Section 424(f)) and may not exceed the maximum limit set forth in Section 4.2. The Option Exercise Price shall not be less than the Fair Market Value of a Share on the date of grant (110% of Fair Market Value in the case of an ISO granted to a Ten Percent Shareholder).

6.2. *Option Agreement.* Each Option shall be evidenced by an Option Agreement that shall specify the Option Exercise Price, the duration of the Option, the number of Shares to which the Option relates and such other provisions as the Committee may determine or which are required by the Plan. The Option Agreement shall also specify whether the Option is intended to be an ISO or a NQSO and shall include such provisions applicable to the particular type of Option granted.

6.3. *Duration of Options.* Each Option shall expire at such time as is determined by the Committee at the time of grant; *provided, however*, that no Option shall be exercised later than the tenth anniversary of the date of its grant (fifth anniversary in the case of an ISO granted to a Ten Percent Shareholder).

Table of Contents

6.4. *Exercise of Options.* Options shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall approve at the time of grant, which need not be the same for each grant or for each Participant. The Committee may accelerate the exercisability of any Option. Options shall be exercised, in whole or in part, by delivery to the Company of a written notice of exercise, setting forth the number of Shares with respect to which the Option is to be exercised and accompanied by full payment of the Option Exercise Price and all applicable withholding taxes.

6.5. *Payment of Option Exercise Price.* The Option Exercise Price for Shares as to which an Option is exercised shall be paid to the Company in full at the time of exercise by one or a combination of the following methods:

- (a) cash in the form of currency or other cash equivalent acceptable to the Company;
- (b) the tender of Shares (by either actual delivery or by attestation) having a Fair Market Value (determined as of the close of the business day immediately preceding the day on which the Option is exercised) equal to the Option Exercise Price;
- (c) a reduction in the number of Shares otherwise deliverable pursuant to the Award; or
- (d) any other reasonable consideration that the Committee may deem appropriate.

The Committee may permit the cashless exercise of Options as described in Regulation T promulgated by the Federal Reserve Board, subject to applicable securities law restrictions, or by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law.

6.6. *Transferable Options.* The Committee may, in its discretion by appropriate provision in the Participant's Option Agreement, authorize all or a portion of any NQSOs granted to a Participant to be on terms which permit transfer by such Participant to (i) the Participant's child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law, including adoptive relationships, or any person sharing the Participant's household (other than a tenant or employee) ("*Family Members*"), (ii) a trust or trusts in which the Participant and/or his Family Members have more than 50% of the beneficial interest, or (iii) a partnership, limited liability company or other entity in which the Participant and/or his Family Members own more than 50% of the voting interests in exchange for an interest in the entity; *provided*, that (a) there may be no consideration for any such transfer (other than interests in such partnership, limited liability company or other entity), (b) the Option Agreement must expressly provide for transferability in a manner consistent with this Section 6.6, and (c) subsequent transfers of transferable NQSOs shall be prohibited except by will or the laws of descent and distribution. Following transfer, any such NQSOs shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer; *provided*, that for purposes of this Article 6 (excluding as set forth in the following sentence), the term "Participant" shall be deemed to refer to the transferee. The events of termination of employment or cessation of service shall continue to be applied with respect to the original Participant. Any transferred NQSOs shall be exercisable by the transferee only to the extent, and for the periods, specified in the Option Agreement.

6.7. *Legend.* For any Shares issued upon exercise of or in connection with an Award, the Company may legend such Shares as it deems appropriate.

Table of Contents

6.8. *Committee Determination of Option Terms.* The Committee determines the period of time during which the Option is exercisable (*provided*, that no Option shall be exercised later than the tenth anniversary of the date of its grant (fifth anniversary in the case of an ISO granted to a Ten Percent Shareholder)), and the Option Agreement shall control as to such exercisability.

VII. Restricted Stock and Restricted Stock Units

7.1. *Grant of Restricted Stock and Restricted Stock Units.* Subject to the terms and provisions of the Plan, the Committee may grant Restricted Stock or Restricted Stock Units to Participants at any time and from time to time and upon such terms and conditions as it may determine.

7.2. *Restricted Award Agreement.* Each grant of Restricted Stock or Restricted Stock Unit shall be evidenced by a Restricted Award Agreement that shall specify the Restriction Period, the number of shares of Restricted Stock or Restricted Stock Units granted, the payment date for Restricted Stock Units, and such other provisions as the Committee may determine and which are required by the Plan.

7.3. *Non-Transferability of Restricted Stock and Restricted Stock Units.* Except as provided in this Article 7, shares of Restricted Stock and Restricted Stock Units may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated until the end of the applicable Restriction Period or later as specified in the Restricted Award Agreement, or upon earlier satisfaction of any other conditions determined at the time of grant specified in the Restricted Award Agreement.

7.4. *Other Restrictions.* The Committee may impose such other restrictions on any shares of Restricted Stock or any Restricted Stock Units as it may deem advisable, including without limitation restrictions based upon the achievement of Performance Goals, years of service and/or restrictions under applicable Federal or state securities laws. The Committee may provide that any share of Restricted Stock shall be held (together with a stock power executed in blank by the Participant) in custody by the Company until any or all restrictions thereon shall have lapsed.

7.5. *Reacquisition of Restricted Stock and Forfeiture of Restricted Stock Units.* The Committee shall determine and set forth in a Participant's Restricted Award Agreement such events upon which a Participant's shares of Restricted Stock shall be reacquired by the Company or Restricted Stock Units shall be forfeited, which may include without limitation a Participant's termination of employment or cessation of service during the Restriction Period or the nonachievement of Performance Goals. Any such forfeited shares of Restricted Stock held by a Participant which are to be reacquired by the Company shall be immediately returned to the Company by the Participant, and the Participant shall only receive the amount, if any, paid by the Participant for such Restricted Stock.

7.6. *Certificate Legend.* In addition to any legends placed on certificates pursuant to Section 7.4, each certificate representing shares of Restricted Stock shall bear the following legend:

"The sale or other transfer of the shares represented by this Certificate, whether voluntary, involuntary or by operation of law, is subject to certain restrictions on transfer as set forth in the Ventas, Inc. 2012 Incentive Plan, and in the related Restricted Stock Agreement. A copy of the Plan and such Restricted Stock Agreement may be obtained from the Secretary of Ventas, Inc."

7.7. *Lapse of Restrictions Generally.* Except as otherwise provided in this Article 7, shares of Restricted Stock shall be delivered to the Participant and no longer subject to reacquisition after the last day of the Restriction Period and Restricted Stock Units shall be fully vested after the last day of the Restriction Period and shall be paid as set forth in the Restricted Award Agreement; *provided*,

Table of Contents

however, that if the restriction relates to the achievement of a Performance Goal, the Restriction Period shall not end until the Committee has certified in writing that the Performance Goal has been met. Once the shares of Restricted Stock are released from their restrictions, the Participant shall be entitled to have the legend required by Section 7.6 removed from the Participant's share certificate, which certificate shall thereafter represent Shares free from any and all restrictions under the Plan.

7.8. *Voting Rights; Dividends and Other Distributions.* During the Restriction Period, Participants holding shares of Restricted Stock may exercise full voting rights and, if the Committee so determines as provided in the Award Agreement, shall be entitled to receive all dividends and other distributions paid, with respect to such Restricted Stock; *provided*, that if any dividends or distributions are paid in Shares, the Shares shall be subject to the same restrictions as the shares of Restricted Stock with respect to which they were paid.

If the Committee so determines as provided in the Award Agreement, on each dividend or other distribution date with respect to Shares, (i) a cash dollar amount equal to the amount of cash dividends or the fair market value of property other than Shares that would have been paid or distributed on a number of Shares equal to the number of Restricted Stock Units held by Participants as of the close of business on the record date for such dividend or distribution shall be paid in cash to such Participants, and (ii) if such dividend or distribution is payable in Shares, Participants shall be credited with an additional number of Restricted Stock Units equal to the product of the number of Restricted Stock Units held by such Participants on the record date for such dividend or distribution multiplied by the number of Shares (including fractions thereof) distributable as a dividend or distribution on a Share. Restricted Stock Units which are credited to Participants pursuant to the preceding sentence shall be subject to the same terms and conditions of the Plan, the Restricted Award Agreement and elections applicable with respect to such Restricted Stock Units with respect to which they relate.

VIII. LTIP Units

8.1. *Grant of LTIP Units.* Subject to the terms and provisions of the Plan, the Committee may grant LTIP Units to Participants at any time and from time to time and upon such terms and conditions as it may determine, including without limitation as an alternative to other Awards.

8.2. *LTIP Unit Award Agreement.* Each grant of LTIP Units shall be evidenced by a LTIP Unit Award Agreement that shall specify the Restriction Period, the number of LTIP Units granted and such other provisions as the Committee may determine and which are required by the Plan.

8.3. *Non-Transferability of LTIP Units.* Except as provided in this Article 8, LTIP Units may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated until the end of the applicable Restriction Period or later as specified in the LTIP Unit Award Agreement or Partnership Agreement, or upon earlier satisfaction of any other conditions determined at the time of grant specified in the LTIP Unit Award Agreement.

8.4. *Other Restrictions.* The Committee may impose such other restrictions on any LTIP Units as it may deem advisable, including without limitation restrictions based upon the achievement of Performance Goals, years of service and/or restrictions under applicable Federal or state securities laws.

8.5. *Reacquisition or Forfeiture of LTIP Units.* The Committee shall determine and set forth in a Participant's LTIP Unit Award Agreement such events upon which a Participant's LTIP Units shall be reacquired by the Company or shall be forfeited, which may include without limitation the

Table of Contents

Participant's termination of employment or cessation of service during the Restriction Period or the nonachievement of Performance Goals.

8.6. *Distributions.* The right to distributions with respect to the LTIP Units shall be determined as set forth in the LTIP Unit Award Agreement and Partnership Agreement.

IX. Performance Units

9.1. *Grant of Performance Units.* The Committee may, from time to time and upon such terms and conditions as it may determine, grant Performance Units which will become payable to a Participant upon certification in writing by the Committee that the Performance Goals related thereto have been achieved. If the Performance Goals are achieved in full, and the Participant remains employed with the Company as of the end of the relevant Performance Period, the Participant will be allocated Shares equal to the number of Performance Units initially awarded to the Participant for the relevant Performance Period. Each award of Performance Units may provide for the allocation of fewer Performance Units in the event of partial fulfillment of Performance Goals.

9.2. *Performance Unit Agreement.* Each Performance Unit grant shall be evidenced by a Performance Unit Agreement that shall specify the Performance Goals, the Performance Period and the number of Performance Units to which it pertains.

9.3. *Performance Period.* The period of performance ("*Performance Period*") with respect to each Performance Unit shall be such period of time, which shall not be less than six months, nor more than five years, as determined by the Committee, for the measurement of the extent to which Performance Goals are attained.

9.4. *Performance Goals.* The goals ("*Performance Goals*") that are to be achieved with respect to each Performance Unit (or Restricted Stock, Restricted Stock Unit, LTIP Units, stock award or cash award subject to a requirement that Performance Goals be achieved), shall be those objectives established by the Committee as it deems appropriate, and which may be expressed in terms of (a) earnings per Share, (b) Share price, (c) pre-tax profit, (d) net earnings, (e) earnings before interest, taxes, depreciation and amortization, (f) return on equity or assets, (g) revenues, (h) normalized or other adjusted funds from operations in the aggregate or per Share, (i) relative or absolute total stockholder return, (j) diversification, balance sheet or credit metrics or ratings, (k) a growth rate in any of the foregoing, (l) any combination of the foregoing, or (m) such other goals as the Committee may determine. Performance Goals may be in respect of the performance of the Company and its Subsidiaries (which may be on a consolidated basis), a Subsidiary, a division or other operating unit of the Company. Performance Goals may be absolute or relative and may be expressed in terms of a progression within a specified range. The Committee shall establish Performance Goals applicable to a particular fiscal year within 90 days of the commencement of such fiscal year; *provided*, that the outcome of the Performance Goal is substantially uncertain at the time of its adoption. To the extent deemed appropriate by the Committee, the Performance Goals with respect to a Performance Period shall be established by the Committee in order to comply with Section 162(m) of the Code. The Committee shall determine the target levels of performance that must be achieved with respect to each criterion that is identified in a Performance Goal in order for a Performance Goal to be treated as attained in whole or in part. In the event that the Performance Goals are based on more than one business criteria, the Committee may determine to make a grant of an Award upon attainment of the Performance Goal relating to any one or more of such criteria.

9.5. *Payment of Performance Units.* Subject to such terms and conditions as the Committee may impose, and unless otherwise provided in the Performance Unit Agreement, Performance Units

Table of Contents

shall be payable within 90 days following the end of the Performance Period during which the Participant attained at least the minimum acceptable level of achievement under the Performance Goals, or 30 days following a Change in Control, as applicable. The Committee, in its discretion, may determine at the time of payment required in connection with a Performance Unit whether such payment shall be made (a) solely in cash, (b) solely in Shares (valued at the Fair Market Value of the Shares on the date of payment), or (c) a combination of cash and Shares; *provided, however*, that if a Performance Unit becomes payable upon a Change in Control, the Performance Unit shall be paid solely in cash.

9.6. *No Rights as Stockholder.* The award of Performance Units to a Participant shall not create any rights in such Participant as a stockholder of the Company, until the payment of any Shares associated with such Performance Units.

X. Stock Appreciation Rights

10.1. *Grant of Stock Appreciation Rights.* An SAR is a right to receive, without payment to the Company, a number of Shares, cash or any combination thereof, the amount of which is determined pursuant to the formula set forth in Section 10.5. An SAR may be granted (a) with respect to any Option granted under the Plan, either concurrently with the grant of such Option or at such later time as determined by the Committee (as to all or any portion of the Shares subject to the Option) or (b) alone, without reference to any Option.

10.2. *Number of SARs.* Each SAR granted to any Participant shall relate to such number of Shares as the Committee shall determine, subject to adjustment as provided in Section 4.3. If an SAR is granted in conjunction with an Option, the number of Shares to which the SAR pertains shall be reduced by the same number of Shares for which the holder of the Option exercises the related Option.

10.3. *Duration.* Subject to early termination as herein provided, the term of each SAR shall be as determined by the Committee, but shall not exceed ten years from the date of grant. Unless otherwise determined by the Committee and provided in the SAR Agreement, each SAR shall become exercisable at such time or times, to such extent and upon such conditions as the Option, if any, to which it relates is exercisable. The Committee may, in its discretion, accelerate the exercisability of any SAR.

10.4. *Exercise.* A holder may exercise an SAR, in whole or in part, by giving written notice to the Company, specifying the number of SARs which such Participant wishes to exercise. Upon receipt of such written notice, the Company shall deliver, within 30 days thereafter, to the exercising holder, the Shares or cash or both as determined by the Committee, to which the Participant is entitled pursuant to Section 10.5.

10.5. *Payment.*

(a) *Number of Shares.* Subject to the right of the Committee to deliver cash in lieu of Shares (which, as it pertains to officers and directors of the Company, shall comply with all requirements of the Exchange Act and regulations adopted thereunder), the number of Shares which shall be issuable upon the exercise of an SAR shall be determined by dividing (i) the number of Shares to which the SAR is exercised multiplied by the amount of the appreciation in such Shares (for this purpose, the "appreciation" shall be the amount by which the Fair Market Value of the Shares subject to the SAR on the date of exercise exceeds (x) in the case of an SAR related to an Option, the Option Exercise Price of the Shares under the Option or

(y) in the case of an SAR granted alone without reference to a related Option, an amount that the Committee determined at the time of grant to be the Fair Market Value of a Share, subject to adjustment as provided in Section 4.3) by (ii) the Fair Market Value of a Share on the exercise date.

(b) *Cash.* In lieu of issuing Shares upon the exercise of an SAR, the Committee may elect, in its sole discretion, to pay the holder of the SAR cash equal to the Fair Market Value on the exercise date of any or all of the Shares which would otherwise be issuable. No fractional Shares shall be issued upon exercise of an SAR; instead, the holder of the SAR shall be entitled to receive a cash adjustment equal to the same fraction of the Fair Market Value of a Share on the exercise date or to purchase the portion necessary to make a whole Share at its Fair Market Value on the date of exercise.

10.6. *SAR Agreement.* Each SAR shall be evidenced by an SAR Agreement that shall further specify the terms and conditions of such Award. Any terms and conditions of the Award shall be consistent with the terms of the Plan.

XI. Stock and Cash Awards

A stock award consists of the transfer by the Company to a Participant of Shares, without other payment therefor, as additional compensation for services to the Company. A cash award consists of a monetary payment made by the Company to a Participant as additional compensation for services to the Company. The Committee shall determine, in its sole discretion, the amount of any stock or cash award. Stock and cash awards may be subject to the terms and conditions, which may vary from time to time and among Participants, as the Committee deems appropriate. The maximum amount of a cash award which may be granted to a Participant during any calendar year under the Plan shall not be greater than \$10,000,000. Payment of a stock or cash award can depend on meeting Performance Goals. Each award of stock or cash may provide for lesser payment in the event of partial fulfillment of Performance Goals.

XII. Amendment, Modification and Termination

12.1. *Effective Date.* The Plan shall become effective as of May 17, 2012 ("*Effective Date*") provided it is approved by the Company's stockholders at a meeting of the Company's stockholders. The Plan shall be rescinded and all Options, Shares of Restricted Stock, Restricted Stock Units, LTIP Units, SARs, Performance Units and other Awards granted shall be null and void unless within 12 months from the date of the adoption of the Plan by the Board it shall have been approved by the Company's stockholders.

12.2. *Termination Date.* The Plan shall terminate on the earliest to occur of (a) the tenth anniversary of the Effective Date, (b) the date when all Shares and OP Units available under the Plan shall have been acquired pursuant to the exercise of Awards and the payment of all benefits in connection with Awards has been made, or (c) such other date as the Board may determine in accordance with Section 12.3.

Table of Contents

12.3. *Amendment, Modification and Termination.* The Board may, at any time, amend, modify or terminate the Plan. However, no such amendment or modification may make a material revision to the Plan without the approval of the stockholders of the Company if such stockholder approval is required by the Code and the rules promulgated thereunder, any national securities exchange or system on which the Shares are then listed or reported or a regulatory body having jurisdiction with respect hereto. Without limitation on the preceding sentence, no amendment may increase the number of Share or OP Units available under the Plan without the approval of the stockholders of the Company.

12.4. *Awards Previously Granted.* No amendment, modification or termination of the Plan shall in any manner adversely affect any outstanding Award without the written consent of the Participant holding such Award; *provided*, that no such consent shall be required with respect to any amendment, modification or termination if the Committee determines in its reasonable discretion that such amendment, modification or termination is required or advisable in order for the Company, the Plan or the Award to satisfy or conform to any law or regulation or to meet the requirements of any accounting standard.

12.5. *No Repricing.* Except for the adjustments set forth in Section 4.3 or otherwise in connection with a corporate transaction involving the Company (including without limitation any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), no outstanding Options or SARs shall be amended to reduce their exercise price or base price, and no outstanding Options or SARs with an exercise price or base price less than current Fair Market Value shall be cancelled in exchange for cash, other Awards or Options or SARs with an exercise price or base price that is less than the exercise price or base price of the original Options or SARs without the approval of the stockholders of the Company.

XIII. Non-Transferability

13.1. Except as expressly provided in the Plan, a Participant's rights under the Plan may not be assigned, pledged or otherwise transferred other than by will or the laws of descent and distribution. Except as expressly provided in the Plan, during a Participant's lifetime, an Award may be exercised only by such Participant. In the event of the death of a Participant, the Award may be exercised by the person or persons to whom rights pass by will or by the laws of descent and distribution or, if appropriate, the legal representative of the deceased Participant's estate. In the event of the Disability of a Participant, the Award may be exercised by the Participant or, if such Participant is incapable of exercising the Award, by such Participant's legal representative.

XIV. No Employment or Reelection Rights

Neither the Plan, nor any action taken under the Plan, shall be construed as giving any Employee or Nonemployee Director the right to become a Participant, nor shall an Award under the Plan be construed as giving a Participant any right with respect to continuance of employment by or service with the Company or any right to be re-nominated by the Board or reelected by the stockholders of the Company as a director. The Company expressly reserves the right to terminate, whether by dismissal, discharge, removal or otherwise, a Participant's employment or service at any time, with or without Cause, except as may otherwise be provided by any written agreement between the Company and the Participant or applicable law.

Table of Contents

XV. Withholding

15.1. *Tax Withholding.* A Participant shall remit to the Company an amount sufficient to satisfy Federal, state and local taxes (including the Participant's FICA and Medicare obligation) required by law to be withheld with respect to any grant, exercise or payment made under or as a result of the Plan.

15.2. *Share Withholding.* If the Company has a withholding obligation upon the issuance of Shares or OP Units under the Plan, a Participant may, subject to the discretion of the Committee, elect to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the withholding tax is to be determined equal only to the minimum amount required to be withheld under applicable law.

XVI. Section 16 and 409A Compliance

It is the intention of the Company that the Plan and the administration of the Plan comply in all respects with Section 16(b) of the Exchange Act and Section 409A of the Code and the rules and regulations promulgated thereunder to the extent deemed appropriate by the Committee. If any Plan provision, or any aspect of the administration of the Plan, is found not to be in compliance with Section 16(b) of the Exchange Act or Section 409A of the Code, the provision or administration shall be deemed null and void to the extent deemed appropriate by the Committee, and the Plan shall be construed in favor of its meeting the requirements of Rule 16b-3 promulgated under the Exchange Act and Section 409A of the Code to the extent deemed appropriate by the Committee. Notwithstanding anything in the Plan to the contrary, the Board or the Committee, in its discretion, may bifurcate the Plan so as to restrict, limit or condition the use of any provision of the Plan to Participants who are subject to Section 16 of the Exchange Act without so restricting, limiting or conditioning the Plan with respect to other Participants.

Notwithstanding anything contained in the Plan to the contrary, the Company intends that Awards payable under the Plan shall satisfy the requirements for exemption from, or compliance with, Section 409A of the Code and that all terms and provisions shall be interpreted, operated and administered to satisfy such requirements. To the extent Section 409A of the Code is applicable to any Award, it is intended that such 409A Award complies with the deferral, payout and other limitations and restrictions imposed under Section 409A of the Code.

Regardless of what may be contained in any Award Agreement, to the extent that any 409A Award is treated as payable upon a "separation from service" pursuant to Section 409A of the Code (as determined, and in accordance with the methodology selected by the Company, consistent with Section 409A of the Code) ("*Separation from Service*"), then, if payment is triggered by reason of the Separation from Service, and on the date of the Participant's Separation from Service the Participant is a Specified Employee, to the extent required for the Participant not to incur additional taxes pursuant to Section 409A of the Code, no payment with respect to the 409A Award shall be made to the Participant prior to the earlier of (i) six (6) months after the Participant's Separation from Service; or (ii) the date of the Participant's death. Should the limitation set forth in the preceding sentence result in payment later than otherwise provided in the Plan or 409A Award, on the first day any such payment may be made without incurring additional tax pursuant to Section 409A of the Code, such payment shall be made to the Participant in a lump sum. Notwithstanding anything contained in the Plan or Award to the contrary, the date on which a Participant's Separation from Service occurs shall be treated as the Participant's termination of employment or cessation of service date or comparable concept for purposes of determining the timing of payments under the Plan and Award to the extent necessary to have such payments under the Plan and Award be exempt from or comply with the

Table of Contents

requirements of Section 409A of the Code; *provided, however*, this sentence shall have no impact on whether or not an Award becomes vested. No 409A Award shall be subject to acceleration or to any change in the specified time or method of payment, except as permitted by Section 409A of the Code or as otherwise provided under the Plan or Award and consistent with Section 409A of the Code.

These last three paragraphs of this Article XVI are not intended to impose any restrictions on Awards, other than those required for the Participant not to incur additional tax under Code Section 409A, and shall be interpreted and operated accordingly. Notwithstanding any other provision in the Plan, the Committee makes no representations that Awards granted under the Plan shall be exempt from, or comply with, Section 409A of the Code and makes no undertaking to preclude Section 409A of the Code from applying to Awards granted under the Plan. No provision of the Plan shall be interpreted or construed to transfer any liability for failure to comply with Section 409A from the Participant or any other individual to the Company.

XVII. Indemnification

No member of the Board or the Committee, nor any officer or Employee acting on behalf of the Board or the Committee, shall be personally liable for any action, determination or interpretation taken or made with respect to the Plan, and all members of the Board, the Committee and each officer or Employee of the Company acting on their behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action, determination or interpretation.

XVIII. Successors

All obligations of the Company with respect to Awards granted under the Plan shall be binding on any successor to the Company, whether the existence of such successor is a result of a direct or indirect purchase, merger, consolidation or otherwise, of all or substantially all of the business and/or assets of the Company.

XIX. Participants in Other Countries or Jurisdictions

Without amending the Plan, the Committee may grant Awards to Employees or Nonemployee Directors who are foreign nationals on such terms and conditions different from those specified in the Plan, as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan, and the Committee shall have the authority to adopt such modifications, procedures, subplans and the like as may be necessary or desirable to comply with provisions of the laws or regulations of other countries or jurisdictions in which the Company or any Subsidiary may operate or have employees to ensure the viability of the benefits from Awards granted to Participants employed in such countries or jurisdictions, meet the requirements that permit the Plan to operate in a qualified or tax efficient manner, comply with applicable foreign laws or regulations and meet the objectives of the Plan.

XX. No Trust or Fund

The Plan is intended to constitute an "unfunded" plan. Nothing contained herein shall require the Company to segregate any monies or other property, or Shares, or to create any trusts, or to make any special deposits for any immediate or deferred amounts payable to any Participant, and no Participant shall have any rights that are greater than those of a general unsecured creditor of the Company.

Table of Contents

XXI. Governing Law

To the extent not preempted by Federal law, the Plan and all agreements and instruments entered into under the Plan shall be governed by, and construed in accordance with, the laws of the State of Delaware without regard to its conflict of laws rules. Participants irrevocably consent to the personal jurisdiction and exclusive venue of the state and Federal courts in Illinois. Furthermore, the Plan and all Option Agreements relating to ISOs shall be interpreted to the extent deemed appropriate by the Committee so as to qualify as incentive stock options under the Code.

APPENDIX I
Definitions

"409A Award" shall mean an Award that constitutes a "deferral of compensation" subject to the requirements of Section 409A of the Code.

"Award" shall mean, individually or collectively, a grant under the Plan of Options, Restricted Stock, Restricted Stock Units, LTIP Units, SARs, Performance Units, stock awards and cash awards.

"Award Agreement" shall mean an Option Agreement, Restricted Award Agreement, LTIP Unit Award Agreement, SAR Agreement, Performance Unit Agreement or other agreement evidencing an Award as described in this Plan.

"Board" shall mean the Board of Directors of the Company.

"Cause" shall have the same meaning as provided in a Participant's employment or change in control severance agreement, or if no such agreement exists, unless otherwise defined in an agreement evidencing an Award, a felony conviction of a Participant or the failure of a Participant to contest prosecution for a felony, or a Participant's willful misconduct or dishonesty, any of which is determined by the Committee to be directly and materially harmful to the business or reputation of the Company or its Subsidiaries.

"Change in Control" shall have the same meaning as provided in a Participant's employment or change in control severance agreement, or if no such agreement exists, unless otherwise defined in an agreement evidencing an Award, shall mean any of the following events:

(1) An acquisition (other than directly from the Company) of any voting securities of the Company ("*Voting Securities*") by any Person immediately after which such Person has beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) ("*Beneficial Ownership and/or Beneficially Owned*") of 20% or more of the combined voting power of the Company's then outstanding Voting Securities; *provided, however*, that in determining whether a Change in Control has occurred, Voting Securities which are acquired in a Non-Control Acquisition (as hereinafter defined) shall not constitute an acquisition which would cause a Change in Control. A Non-Control Acquisition shall mean an acquisition by (i) the Company or any Subsidiary, (ii) an employee benefit plan (or a trust forming a part thereof) maintained by the Company or any Subsidiary, or (iii) any Person in connection with a Non-Control Transaction (as hereinafter defined);

(2) The individuals who, as of May 17, 2012, are members of the Board ("*Incumbent Board*") cease for any reason to constitute at least a majority of the Board; *provided, however*, that if the election, or nomination for election by the Company's stockholders, of any new director was approved by a vote of at least a majority of the Incumbent Board, such new director shall, for purposes of the Plan, be considered as a member of the Incumbent Board; and *provided, further, however*, that no individual shall be considered a member of the Incumbent Board if such individual initially assumed office as a result of either an actual or threatened election contest (as described in former Rule 14a-11 promulgated under the Exchange Act) ("*Election Contest*") or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board ("*Proxy Contest*") including by reason of any agreement intended to avoid or settle any Election Contest or Proxy Contest; or

Table of Contents

- (3) Approval by stockholders of the Company and the consummation of:
- (A) A merger, consolidation or reorganization involving the Company, unless such is a Non-Control Transaction. For purposes of the Plan, the term "*Non-Control Transaction*" shall mean a merger, consolidation or reorganization of the Company in which:
- (i) the stockholders of the Company, immediately before such merger, consolidation or reorganization, own, directly or indirectly immediately following such merger, consolidation or reorganization, at least a majority of the combined voting power of the voting securities of the corporation or entity resulting from such merger or consolidation or reorganization ("*Surviving Corporation*") over which any Person has Beneficial Ownership in substantially the same proportion as their ownership of the Voting Securities immediately before such merger, consolidation or reorganization;
- (ii) the individuals who were members of the Incumbent Board immediately prior to the execution of the agreement providing for such merger, consolidation or reorganization constitute at least a majority of the members of the board of directors or equivalent body of the Surviving Corporation; and
- (iii) no Person (other than the Company, any Subsidiary, any employee benefit plan (or any trust forming a part thereof) maintained by the Company, the Surviving Corporation, or any Person who, immediately prior to such merger, consolidation or reorganization had Beneficial Ownership of 20% or more of the then outstanding Voting Securities) has Beneficial Ownership of 20% or more of the combined voting power of the Surviving Corporation's then outstanding voting securities;
- (B) A complete liquidation or dissolution of the Company; or
- (C) The sale or other disposition of all or substantially all of the assets of the Company to any Person (other than a transfer to a Subsidiary).

Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any Person ("*Subject Person*") acquired Beneficial Ownership of more than the permitted amount of the outstanding Voting Securities as a result of the acquisition of Voting Securities by the Company which, by reducing the number of Voting Securities outstanding, increases the proportional number of shares Beneficially Owned by the Subject Person; *provided, however*, that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of Voting Securities by the Company, and after such share acquisition by the Company, the Subject Person becomes the Beneficial Owner of any additional Voting Securities which increases the percentage of the then outstanding Voting Securities Beneficially Owned by the Subject Person, then a Change in Control shall occur.

With respect to any 409A Award but only to the extent necessary for such 409A Award to comply with Section 409A of the Code, a Change in Control must constitute a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of Section 409A(a)(2)(A)(v) of the Code for any acceleration of the
