ANNUAL MEETING OF STOCKHOLDERS ON APRIL 17, 2013

PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING, PROXY MATERIALS AND VOTING

Why did I receive this proxy statement?

You have received this proxy statement because the Board of Directors (the "Board") of City National Corporation (the "Company") is soliciting your proxy to vote at the 2013 Annual Meeting of Stockholders to be held on Wednesday, April 17, 2013 at 4:30 p.m. Pacific Time. You are cordially invited to attend the annual meeting and are requested to vote on the Proposals described in this proxy statement. The annual meeting is being held at City National Center at 400 N. Roxbury Drive, Beverly Hills, California, 90210.

What proposals are being voted on at the annual meeting and how does the Board recommend I vote?

Proposal	Board Recommendation
1 The election of seven directors	FOR
2 Ratification of KPMG LLP as our independent registered public accounting firm for fiscal year 2013	FOR
3 The approval of the material terms of our 2008 Omnibus Plan, including an amendment to increase authorized shares	FOR
4 The approval, on an advisory basis, of the compensation of our named executive officers	FOR

Who can vote at the annual meeting?

Only stockholders of record of the Company's common stock at the close of business on February 27, 2013, may vote at the annual meeting. At the close of business on February 27, 2013, there were 53,981,807 shares of the Company's common stock outstanding, each of which is entitled to one vote with respect to each matter to be voted on at the annual meeting.

How many votes are needed to hold the annual meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the common stock issued and outstanding on February 27, 2013 will constitute a quorum, permitting us to hold the meeting and conduct business. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum.

How do I vote my shares?

You may vote by granting a proxy, or for shares held in "street name" through a broker or other nominee, by submitting voting instructions to your broker or other nominee. If your shares are held in street name, you will receive instructions that you must follow to have your shares voted. See below for more information on voting your shares if held in street name.

Edgar Filing: CITY NATIONAL CORP - Form DEF 14A

Table of Contents

If you hold your shares as the stockholder of record, follow the instructions on each proxy card you receive to vote either on the Internet, by telephone, or by mailing your signed proxy card in the enclosed return envelope. Your shares will be voted as you direct.

If you do not tell us how you want to vote your shares, and we are permitted to vote on your behalf, your shares will be voted as follows:

FOR each of the Board's nominees for election as director,

FOR ratification of KPMG LLP ("KPMG") as our independent registered public accounting firm,

FOR approval of the material terms of the 2008 Omnibus Plan, including an amendment to increase authorized shares, and

FOR the compensation of our named executive officers, on an advisory basis.

If you are the record holder of the shares, you may change or revoke your vote at any time before it is counted at the annual meeting by (i) notifying our Secretary at the address shown above, (ii) attending the annual meeting and voting in person, or (iii) submitting a later dated proxy card. Unless you decide to attend the meeting and vote your shares in person after you have submitted voting instructions to the proxies, we recommend that you revoke or amend your prior instructions in the same way you initially gave them that is, by telephone, Internet or in writing. This will help to ensure that your shares are voted the way you have finally determined you wish them to be voted. If you revoke by mail, or by using the telephone or Internet voting options, we must receive the revocation several hours before the annual meeting begins. If you choose to revoke by mail, please make sure you have provided enough time for the replacement proxy to reach us. Once the annual meeting begins you can only revoke your proxy in person. Once the polls close at the annual meeting, the right to revoke ends. If you have not properly revoked your proxy, we will vote your shares in accordance with your most recent valid proxy.

In addition, if other matters are properly presented for voting at the annual meeting, the proxy holders are also authorized to vote on such matters as they shall determine in their sole discretion. As of the date of this proxy statement, we have not received notice of any other matters that may be properly presented for voting at the annual meeting.

How do I vote my shares if they are held in the name of my broker?

If your shares are held by your broker or other nominee, you must vote your shares through your broker or other nominee. You should receive a form from your broker or other nominee asking how you want to vote your shares. Follow the instructions on that form to give voting instructions to your broker or other nominee, including instructions for voting by telephone or on the Internet. You may change your vote by submitting new voting instructions to your broker or other nominee.

If you do not give instructions to your broker or other nominee, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under the rules of the New York Stock Exchange ("NYSE"), brokers and other nominees have the discretion to vote on routine matters such as Proposal 2, but do not have discretion to vote on non-routine matters such as Proposals 1, 3 and 4. Therefore, if you do not provide voting instructions to your broker or other nominee, your broker or other nominee may only vote your shares on Proposal 2 and any other routine matters properly presented for a vote at the annual meeting. A broker non-vote occurs when a broker has not received voting instructions from the customer and the broker cannot vote the shares because the matter is not considered a routine matter under NYSE rules. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to a particular proposal.

Table of Contents

How do I vote my shares that I hold in the City National Corporation Profit Sharing Plan?

If you hold shares in your account under the City National Corporation Profit Sharing Plan ("Profit Sharing Plan"), you will receive directions on how to submit your voting instructions as part of your proxy materials. For any shares you hold in the Profit Sharing Plan, if your voting instructions are not received by Friday, April 12, 2013, your shares will be voted in proportion to the way the other Profit Sharing Plan participants voted their shares. If your shares are held in our Profit Sharing Plan, you may change your vote by following the voting instructions included as part of your proxy materials, except that any changes to your voting instructions must be provided by Friday, April 12, 2013. You will not be able to change your vote after this deadline.

What is the vote required for each proposal?

Proposal	Vote Required	Broker Discretionary Voting
1 Election of Directors	Votes cast "For" the nominee must exceed the number of votes cast "Against" the nominee	No
2 Ratification of KPMG LLP as our independent registered public accounting firm for fiscal year 2013	Affirmative vote of majority of the shares entitled to vote and present in person or represented by proxy	Yes
3 The approval of the material terms of our 2008 Omnibus Plan, including an amendment to increase authorized shares	Affirmative vote of majority of the shares entitled to vote and present in person or represented by proxy	No
4 The approval, on an advisory basis, of the compensation of our named executive officers	Affirmative vote of majority of the shares entitled to vote and present in person or represented by proxy	No

With respect to each Proposal, you may vote "For", "Against" or "Abstain". With regard to Proposal 1, pursuant to our bylaws, we will not count abstentions or broker non-votes as either for or against a director, therefore abstentions and broker non-votes will have no effect on the election of a director. If you "Abstain" from voting on Proposals 2, 3 or 4, the abstention will have the same effect as an "Against" vote. With respect to Proposal 3, under NYSE rules, the total votes cast on the proposal must represent over 50% of all shares entitled to vote on the proposal. Proposal 4 is an advisory vote and is non-binding on our Board. Shares constituting broker non-votes are not counted for the purpose of determining whether stockholders have approved a proposal.

How may I obtain a separate set of proxy materials or request a single set for my household? What should I do if I receive more than one set of voting materials?

If you share an address with another stockholder, you may receive only one set of proxy materials (including our 2012 Summary Annual Report, Annual Report on Form 10-K for the year ended December 31, 2012, and proxy statement) unless you have provided contrary instructions. If you wish to receive a separate set of proxy materials now or in the future, please request the additional copies by

e-mail to investor_relations@cnb.com, by facsimile to (213) 673-7622, by calling (213) 673-7615 or (800) 773-7100 or through our website at www.cnb.com/investor-relations. Similarly, if you share an address with another stockholder and have received multiple copies of our proxy materials, you may contact us in the same manner or write us at the address set forth below in the last question to request delivery of a single copy of these materials.

Why may I receive multiple voting instruction forms and/or proxy cards?

If you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. If you are an employee of the Company, you will receive a voting instruction card for all the shares you hold in the Profit Sharing Plan and you will receive a proxy card for any restricted shares of our common stock you hold. In each case, please follow the voting instructions on the card or form you receive to vote your shares on the Internet, by telephone or by completing and returning each proxy card and voting instruction form that you receive.

Who is paying for this solicitation?

The Company will pay the cost of this proxy solicitation. In addition to soliciting proxies by mail, proxies may be solicited personally or by telephone, facsimile, the Internet or other means by certain directors, officers and employees who will receive no additional compensation for their services. We have engaged Innisfree M&A Incorporated, 501 Madison Avenue, 20th Floor, New York, NY 10022, to assist in the solicitation of proxies at an estimated fee of \$20,000 plus disbursements. We will pay brokers and others who hold our common stock in their name for the expenses of forwarding the proxy materials to the beneficial owners of the common stock.

What are the guidelines for attending the meeting?

Any stockholder entitled to vote at the annual meeting may attend the annual meeting. If you plan to attend the annual meeting, please bring the admission ticket attached to your proxy card and photo identification. If your shares are held in the name of a broker or other nominee, please bring with you a letter (and a legal proxy if you wish to vote your shares) from the broker or nominee confirming your ownership as of the record date, which is February 27, 2013. Failure to bring such a letter may prevent you from attending the meeting.

How do I get more information about the Company?

With this proxy statement, we are also sending you our 2012 Summary Annual Report and our Annual Report on Form 10-K for the year ended December 31, 2012, which includes our financial statements. At your written request directed to the address below, we will send you additional copies of these reports without charge, and we also make these items available on our website at www.cnb.com/investor-relations/investor-kit.asp. PROPOSAL 1: ELECTION OF DIRECTORS

The Company's Board currently consists of eleven directors. At the 2012 annual meeting of stockholders, our stockholders approved an amendment to our Restated Certificate of Incorporation to declassify our Board and provide for the annual election of directors. Prior to the amendment, our Board was divided into three classes with approximately one-third of our directors elected to serve a three-year term at each annual meeting. Pursuant to the amendment to our Restated Certificate of Incorporation, upon the expiration of the term of the then-serving class of directors, such director nominees will be elected for a one-year term ending at the next annual meeting. Directors previously elected for three-year terms will continue to serve those terms so that no director previously elected to a three-year term will have his term shortened. In 2012, the term of the Class I directors ended and each Class I director nominee was elected for a one-year term ending at the 2013 annual meeting. The term of the Class II directors ends at the 2013 annual meeting and each of the Class I directors and Class II directors has been nominated for election for a one-year term ending at the 2014 annual meeting. The term of the Class III directors ends at the 2014 annual meeting and in 2014 our Board will be fully declassified and all director nominees will be elected for a one year term ending at the next annual meeting.

Our Board has nominated Kenneth L. Coleman, Bruce Rosenblum, Peter M. Thomas, Christopher J. Warmuth, Russell Goldsmith, Ronald L. Olson and Robert H. Tuttle for election at this year's annual meeting to serve for a one-year term expiring at our annual meeting in 2014 or until their successors have been duly elected and qualified. The Compensation, Nominating & Governance Committee ("CN&G Committee") believes that each nominee and continuing director satisfies the director qualification criteria and factors set forth in our Corporate Governance Guidelines, as described below under *Corporate Governance*. Each director will be elected by a vote of the majority of the votes cast, meaning that the number of votes cast "For" a director's election must exceed the number of votes cast "Against" that director.

Set forth below is information about each nominee for election as a director and each of the Class III directors whose terms have not yet expired and who will continue to serve as directors after this year's annual meeting. Each of the current directors is also a director of City National Bank (the "Bank"), a wholly-owned subsidiary of City National Corporation (references to the "Company" in this proxy statement include the Bank unless the context otherwise requires or indicates).

Unless otherwise directed, the persons named as proxies in the enclosed proxy card intend to vote "**FOR**" the election of the nominees. If one or more of the nominees unexpectedly becomes unavailable to serve as a director, the proxies may be voted for one or more substitute nominees selected by our Board, or the authorized number of directors may be reduced. If the authorized number of directors is reduced for any reason, the proxies will be voted for the election of the remaining nominees named in this proxy statement. All nominees have consented to being named in this proxy statement and to serve if re-elected.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF KENNETH L. COLEMAN, BRUCE ROSENBLUM, PETER M. THOMAS, CHRISTOPHER J. WARMUTH, RUSSELL GOLDSMITH, RONALD L. OLSON AND ROBERT H. TUTTLE.

Table of Contents**PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our Board has ratified the decision of the Audit & Risk Committee to appoint KPMG to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2013. Although we are not required to do so, it has been our practice to seek stockholder ratification of this appointment as a matter of good corporate governance. KPMG has audited our financial statements since 1993. Representatives of KPMG will be present at our annual meeting to make a statement, if they desire to do so, and to respond to appropriate questions.

If the stockholders fail to ratify the selection, the Board may reconsider whether or not to retain KPMG and reserves the discretion to retain KPMG as our independent registered public accounting firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Board determines that such change would be in the best interests of the Company and its stockholders.

We incurred the following fees in 2012 and 2011 for professional services provided by KPMG:

- (2) Audit-Related Fees consisted of professional services related to audits of employee benefit plans, internal control reviews of wealth management department operations, AIMR performance attestations regarding the wealth management department and other audit services requested by management, which are in addition to the scope of the financial statement audit.
- (3) Tax Fees included tax return review and tax compliance advice.
- (4) All Other Fees represented fees for other professional services that are not included in Audit Fees, Audit-Related Fees or Tax Fees.

The Audit & Risk Committee's policy is to pre-approve all audit and non-audit services to be provided by our independent registered public accounting firm. Pre-approvals are generally provided for up to one year, are detailed as to the particular service or category of services, and are subject to a specific budget. The Audit & Risk Committee has delegated pre-approval authority to its Chairman when expedited approval of services is necessary. All of the services provided by KPMG in 2012 and 2011 were pre-approved by the Committee.

PROPOSAL 3: APPROVAL OF THE MATERIAL TERMS OF THE 2008 OMNIBUS PLAN, INCLUDING AN AMENDMENT TO INCREASE AUTHORIZED SHARES

The Company's 2008 Omnibus Plan ("2008 Plan"), which has a ten-year term, was initially approved by our stockholders at our annual meeting on April 23, 2008 and has been amended several times since then. There were 1,952,528 shares of common stock of the Company available for issuance under the 2008 Plan as of December 31, 2012 ("Existing Shares"). In 2013, the Board approved amendments to the 2008 Plan to (i) provide that shares withheld for taxes in connection with awards of restricted stock, restricted stock units, performance shares, performance share units and performance units would be added back to the shares available for issuance, and (ii) subject to stockholder approval, reserve an additional 2,000,000 shares for issuance. For 2013, we are asking stockholders to approve the material terms of our 2008 Plan for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), which includes approval of the amendment to the Company's 2008 Plan to reserve 2,000,000 additional shares for issuance under the 2008 Plan.

The objective of the 2008 Plan is to promote the success and enhance the value of the Company by providing an additional means to attract, motivate, retain, reward and recognize employees of the Company and its subsidiaries. The Board has found equity based awards to be an effective means of compensating employees to motivate them to achieve strong future performance for the Company and to align their interests with the Company's stockholders to build long-term stockholder value. The Board believes that reserving the additional shares is consistent with the purposes of the 2008 Plan and desirable in order to service the needs of the plan.

The additional authorization of 2,000,000 shares, in combination with outstanding awards and shares still available under the 2008 Plan, amounts to approximately 14.6% of outstanding shares as of December 31, 2012 on a fully diluted basis. The current utilization of shares amounts to approximately 1.4% of outstanding shares (measuring 2013 awards to date against weighted outstanding shares as of December 31, 2012), which is only slightly higher than the 1.3% run rate in 2012. Based on estimates of potential share utilization that have been developed, it is estimated that, under most scenarios, the proposed increase should enable us to continue our equity award programs and practices until at least 2016.

In order to ensure that we have sufficient shares of common stock of the Company ("Shares") available under the 2008 Plan to retain equity based awards as a core element of our compensation program, the Board recommends approval of the material terms of the 2008 Plan, including the amendment to increase the number of authorized shares.

Generally, Section 162(m) of the Code limits the tax deductibility of compensation paid to certain executive officers unless the compensation satisfies certain exemptions, one of which is the exception for "performance-based compensation" as defined under Section 162(m). Section 162(m) regulations require that if the compensation committee is given the authority under a plan to set specific targets under one or more performance goals, the material terms of the performance goals must be re-approved by the stockholders every five years. Under these regulations, the material terms include the employees eligible to receive compensation, a description of the business criteria on which the performance goals are based, and the maximum amount of compensation that can be paid to an employee under the performance goals.

In the event stockholder approval of this Proposal 3 is not obtained, the Company will continue to grant awards available from Existing Shares pursuant to the 2008 Plan, subject to applicable laws, but the Company would lose much of the alignment and retention value relied on today to deliver effective long-term compensation. Moreover, certain future awards granted under the 2008 Plan may not qualify as "performance-based compensation" for purposes of Section 162(m).

Plan Features and Grant Practices That Protect Stockholder Interests:

The 2008 Plan provides for grants of Restricted Stock Units settled solely in cash ("CS-RSUs"). In 2011 and 2012, the Company determined to grant CS-RSUs in conjunction with other types of awards ("Awards") under the 2008 Plan to reduce the Company's dilution to stockholders while continuing to retain equity based awards as a core element of long-term compensation. The long-term compensation grants made in 2012 to our executives (other than our CEO) include approximately 25% CS-RSUs. CS-RSUs track to our common stock price, align executive interests with stockholders and emphasize our performance based culture. Dividend equivalents on CS-RSUs are paid only if and when the underlying Award vests. See *Compensation Discussion and Analysis* for a description of the long-term incentive awards to our Chief Executive Officer ("CEO").

For each Award of Restricted Stock ("RS"), Restricted Stock Units ("RSUs"), Performance Shares ("PS"), Performance Share Units ("PSUs"), or Performance Units ("PRUs") actually paid in Shares under the 2008 Plan, 2 Shares (3.3 Shares for Awards made prior to April 21, 2010) will be subtracted from the maximum number of Shares available for Awards under the Plan.

For share counting purposes, (1) Shares subject to any unexercised, unvested or undistributed portion of any expired, canceled, terminated or forfeited Award (provided the participant did not receive dividends during the period in which the participant's ownership was unvested), (2) Shares subject to any portion of an Award that is settled for cash, or (3) Shares withheld for taxes in connection with an Award of RS, RSUs, PS, PSUs, or PRUs, will be available for Awards as additional Shares under the 2008 Plan. Shares withheld or tendered as payment of the exercise price of an Award or for taxes in connection with an Award of Stock Options ("Options") or Stock Appreciation Rights ("SARs") will not be added back to the available Shares.

The 2008 Plan prohibits the grant of discounted Options or SARs, or the repricing of Options or SARs, without stockholder approval, including the surrender of underwater Options or SARs for cash or as consideration for the grant of a new Award with a lower per-share exercise price.

PS, PSUs and PRUs may not vest over a period of less than twelve months from the date of the Award subject to earlier vesting in the case of death, total disability or a change in control; and restrictions on RS and RSUs may not lapse over a period of less than thirty-six months from the date of the Award subject to earlier lapse in the case of death, total disability or a change in control.

Grants to our CEO of RSUs denominated in Shares and payable in Shares, cash or a combination thereof and grants of PRUs valued by reference to a designated amount of cash or property other than Shares and payable as the CN&G Committee determines, including in Shares, cash or a combination thereof, are authorized based upon achievement of specified performance goals.

Table of Contents

The following table summarizes information, as of December 31, 2012, relating to equity compensation plans of the Company pursuant to which equity securities of the Company are authorized for issuance.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in first column)
Equity compensation plans approved by security holders	5,276,368(1)(2)	\$ 53.92(2)	1,952,528(3)
Equity compensation plans not approved by security holders(4)	20,500	\$ 52.47	
Total	5,296,868(2)	\$ 53.91(2)	1,952,528(3)

- (1) Includes 382 shares assumed in the acquisition of Business Bank Corporation ("BBC") with a weighted-average exercise price of \$38.72. BBC shareholders had approved these stock option plans.
- (2) Includes 747,171 Shares of outstanding but unvested restricted stock and Shares underlying unvested restricted stock units, and 132,901 Shares underlying vested restricted stock units where the Shares have not yet been issued. The weighted-average exercise price does not take into account awards that have no exercise price such as restricted stock and restricted stock units.
- (3) The 2008 Plan provides for the reduction in the maximum number of shares available for awards of 2 shares (3.3 shares for awards made prior to April 21, 2010) for every share of restricted stock or restricted stock unit issued.
- (4) In March 2001, the Board adopted the 2001 Stock Option Plan ("2001 Plan"), under which options were only granted to employees of the Company who were neither directors nor executive officers. The 2001 Plan contains a change in control provision similar to the 2008 Plan. The 2001 Plan was not submitted to the stockholders for their approval, and no further awards can be issued under the 2001 Plan. Equity compensation plans not approved by stockholders include the Company's Executive Deferred Compensation Plan and Director Deferred Compensation Plan (collectively, the "Plans"). The Plans allow eligible employees and non-employee directors to defer specified portions of their compensation (e.g., salaries, bonuses and commissions for employees and annual retainers, annual awards, committee chair retainers and meeting fees for directors) into the Plans. Participants of the Plans can allocate their deferrals among a number of investment options, including investing in units that correlate to shares of the Company's common stock ("CNC Stock Fund"). The portion of deferred compensation invested in the CNC Stock Fund is payable in shares of the Company's common stock following termination of employment or board service. As of December 31, 2012, the CNC Stock Fund held 64,418 units that correlate to shares of the Company's common stock.

Description of the 2008 Omnibus Plan

The following summary of the 2008 Plan sets forth its material terms. It is, however, a summary and qualified in its entirety by reference to the 2008 Plan. For stockholder convenience, the 2008 Plan has been restated to incorporate all amendments made to the 2008 Plan since adoption, and also to incorporate the amendments authorizing the reissuance of shares withheld for taxes in connection with Awards of RS, RSUs, PS, PSUs and PRUs and increasing the number of Shares that may be granted under the 2008 Plan. The complete amended and restated 2008 Plan is attached as Appendix A.

Administration and Eligibility

The 2008 Plan is administered by the CN&G Committee. Except for any amendment requiring stockholder approval under applicable law or the NYSE listing standards, the Board may amend, suspend or discontinue the 2008 Plan in its discretion. Termination of the 2008 Plan will not affect any Awards then outstanding.

Officers at the level of Vice President or above and other officers who provide substantial services to the Company and non-employee directors are eligible to participate as well as other persons who perform or agree to perform substantial services for the Company of a nature similar to those performed by key employees, including significant agents and consultants, except that Incentive Stock Options ("ISOs") may

Edgar Filing: CITY NATIONAL CORP - Form DEF 14A

only be granted to employees. The CN&G Committee determines which employees will receive Awards and the terms of the Awards. As of January 1, 2013, approximately 291 officers and 8 non-employee directors are eligible to participate in the 2008 Plan. The Company does not currently have a practice of

Table of Contents

issuing Awards from the 2008 Plan to non-employee directors. No determination has been made as to the number of agents, consultants and other persons who are neither employees nor directors, but who might have been, or may be, eligible to participate in the 2008 Plan.

Except with respect to Awards set forth under Russell Goldsmith's employment agreement, as further described in the *Compensation Discussion and Analysis* below, no determination has been made as to the types or amounts of Awards that will be granted to specific individuals under the 2008 Plan if the amendment is approved. As of December 31, 2012, all current executive officers as a group had received an aggregate of 1,666,208 stock options, 155,020 RSUs, 57,652 CS-RSUs and 410,769 Awards of RS under the 2008 Plan, and all of our other current employees as a group (including our current officers who are not executive officers) had received an aggregate of 1,069,348 stock options, 0 RSUs, 43,253 CS-RSUs and 340,699 Awards of RS under the 2008 Plan. None of our current non-employee directors, none of our nominees for election as a director, no associate of any non-employee director or nominee for director, and no associate of any executive officer has received any Awards under the 2008 Plan, except that Russell Goldsmith (a nominee for director and an associate of Bram Goldsmith) has received 556,133 Options and 122,264 CS-RSUs, RS and RSUs under the 2008 Plan as of December 31, 2012. No other person has received or is to receive 5 percent of options, warrants or rights under the 2008 Plan.

Kinds of Awards

The following types of Awards are authorized by the 2008 Plan:

Options. Options, either ISOs or Nonqualified Stock Options ("NSOs"), may be granted to eligible employees. ISOs are subject to certain limitations not applicable to NSOs. NSOs may be granted to non-employee directors. The exercise price of all Options may not be less than the fair market value of the Company's common stock on the date of grant (for an ISO granted to any eligible employee owning more than 10% of the Company's stock the exercise price may not be less than 110% of the fair market value). The aggregate fair market value (determined at the date of grant) of the stock subject to all ISOs held by an optionee that vest in any single calendar year cannot exceed \$100,000.

Stock Appreciation Rights. SARs may be granted to eligible employees or non-employee directors, either in tandem with Options or freestanding. Upon exercise, the holder receives a specified amount in cash, Shares, or a combination of the two. The exercise price of SARs may not be less than the fair market value of a Share on the date of grant. Each SAR entitles the holder to receive the excess of the fair market value of a Share on the exercise date over the fair market value of such Share on the date the SAR was awarded, subject to any maximum determined by the CN&G Committee. If SARs are granted in tandem with Options, they may be exercised only during the time and to the extent that the related Options may be exercised, and the number of Options held by the optionee is decreased by the number of SARs exercised by the optionee.

The CN&G Committee may not reduce the exercise price of any Option or SAR granted under the 2008 Plan without stockholder approval.

Restricted Stock and Restricted Stock Unit Awards. RS Awards may be granted to eligible employees or non-employee directors. The CN&G Committee shall determine the consideration to be paid. Except in the case of death, total disability, or change in control, the restrictions may not lapse with respect to any RS Award, including RSUs, over a period of less than three years following the date of the Award, and unless otherwise provided in the applicable award agreement, recipients of a RS Award shall be entitled to cash dividends and voting rights for all RS issued even though not vested, provided that such rights shall terminate immediately as to any RS which ceases to be eligible for vesting. An award agreement may provide that cash dividends shall be automatically deferred and reinvested in additional RS, held subject to the vesting of the underlying RS. RSUs may be granted to any eligible employee or non-employee director and may be payable in Shares, cash or a combination thereof. Recipients of CS-RSUs will not be entitled

Table of Contents

to voting rights, but will be credited with Dividend Equivalent Units ("DEUs") based on dividends paid on the Company's stock. A recipient's rights to DEUs terminate immediately as to any CS-RSUs that cease to be eligible for vesting.

Performance Share and Performance Share Unit Awards. PS and PSU Awards may be granted based on criteria determined by the CN&G Committee which, if achieved, result in the Company's issuing to the employee or non-employee director an amount in Shares, cash or a combination thereof equal to the fair market value of the number of Shares specified in the Award Agreement, subject to any maximum determined by the CN&G Committee. The financial criteria outlined in Section 1.2(x) of the 2008 Plan attached as Appendix A include the following: revenues; earnings (including earnings before or after taxes, earnings before or after interest and taxes or earnings before or after interest, taxes, depreciation and amortization); earnings per share; operating income (including non-pension operating income); pre- or after-tax income (before or after allocation of corporate overhead and bonus); cash flow (before or after dividends); cash flow per share (before or after dividends); return on equity; return (including risk-adjusted return) on capital (including total capital or invested capital); return on assets; assets; assets under management and administration; economic value added (or an equivalent metric); stock price appreciation; total shareholder return (measured in terms of stock price appreciation and dividend growth); efficiency ratio; or non-interest income with respect to the Company or any one or more subsidiaries, divisions, business units or business segments of the Company either in absolute terms or relative to the performance of one or more other companies or an index covering multiple companies. The CN&G Committee may provide for full or partial credit for the satisfaction of criteria before the end of the period of time specified or the attainment of the specified goal under such circumstances as the CN&G Committee may determine, subject to Section 162(m) of the Code; provided that except in the case of the employee's death or total disability, or in the case of a change in control, the restrictions on the PSUs may not lapse sooner than over a period of twelve months from the date of the Award.

Performance Unit Awards. PRUs may be granted to eligible employees valued by reference to a designated amount of cash or property other than Shares, which value may be paid by delivery of such property as the CN&G Committee shall determine, including, without limitation, Shares, cash or a combination thereof, upon achievement of such performance goals during the performance period as the CN&G Committee shall establish at the time of such grant or thereafter.

Maximum Shares

The maximum number of shares for which Options and SARs may be granted to a single employee in any three calendar year period may not exceed 2,400,000 Options or SARs, or in the case of RS, RSUs, PS, or PSUs, their equivalent at the ratio of 1:3.3 for Awards made prior to April 21, 2010 and 1:2 for Awards made subsequent to April 21, 2010. The limitations are subject to adjustment in the event of changes in the capitalization or corporate structure of the Company. Upon termination, cancellation, forfeiture or expiration of any unexercised Award under the current 2008 Plan, the number of Shares with respect to which Awards may be granted under the 2008 Plan will be increased by the number of Shares to which such unexercised Award pertained (in the case of RS, RSUs, PS, PSUs or PRUs, the increase will be based on the same ratio by which authorized Shares were reduced at the time of issuance of the Award). The number of Shares with respect to which Awards may be granted under the 2008 Plan will also be increased by the number of Shares withheld for taxes in connection with Awards of RS, RSUs, PS, PSUs and PRUs (with the increase based on the same ratio by which authorized Shares were reduced at the time of issuance of the Award). In addition, the maximum value of the property, including cash or Shares, that may be paid or distributed to any eligible employee or non-employee director pursuant to a grant of PRUs with respect to any three calendar year period is \$15 million.

Table of Contents

Terms of Awards

The CN&G Committee determines the vesting (subject to the vesting limitations set forth in the 2008 Plan, as described immediately above under *Kinds of Awards*) and, where applicable, the expiration date of Awards, but Awards that provide for the right to acquire stock may not remain outstanding more than 10 years after the grant date, and any ISO Award granted to any eligible employee owning more than 10% of the Company's stock must not be for a term longer than five years. Except as otherwise provided in the 2008 Plan, Awards do not vest or become exercisable until at least six months after the date of grant.

Awards may generally be exercised only by the person to whom they were granted, and, unless otherwise permitted by the Company, cannot be sold, pledged, assigned or otherwise transferred, except to the Company, by a designation of beneficiary or according to the grantee's will or the laws of descent and distribution or according to the terms of certain court orders.

The CN&G Committee will determine the effect of the termination of employment on Awards, depending on the nature of the termination, including changing the exercise period or the number of shares for which an Award is vested or exercisable at the time of termination or thereafter.

Adjustments and Extraordinary Events

In the event of an extraordinary corporate transaction, the CN&G Committee shall proportionately adjust the 2008 Plan and outstanding Awards as to the number or kind of shares to which they relate, the price payable upon the exercise of Awards or the applicable performance standards or criteria. If a Change in Control Event, as defined in the 2008 Plan, takes place, then all outstanding Options and SARs become exercisable, all RS and RSU restrictions lapse and all PS, PSUs and PRUs shall become vested to the extent provided in the Award agreement, unless the CN&G Committee determines otherwise, in which event the CN&G Committee will make provision for continuation and, if required, assumption of the 2008 Plan and outstanding Awards or for the substitution of new Awards therefor.

Market Value

The closing price of the shares of our common stock on the New York Stock Exchange on February 1, 2013 was \$53.91 per share.

Federal Income Tax Consequences

Options. Grants of NSOs and ISOs do not create taxable income at the time of the grant. Optionees will realize ordinary income at the time of exercise of a NSO equal to the difference between the exercise price and the fair market value of the stock on the date of exercise. Optionees will not realize income at the time of a qualified exercise of an ISO. If the shares of stock acquired in the exercise of an ISO are retained for a period of at least two years after the Option is granted and one year after the Option is exercised, any gain upon the subsequent sale of the stock will be taxed as a long-term capital gain. An optionee who disposes of shares acquired by exercise of an ISO prior to the expiration of two years after the Option is granted or one year after the Option is exercised will realize ordinary income as of the date of disposition up to the difference between the exercise price and fair market value of the stock on the date of exercise. To the extent ordinary income is recognized by the optionee, the Company may deduct a like amount as compensation.

Restricted Stock and Performance Share Awards. Grants of RS and PS Awards will not be subject to taxation until the restrictions lapse. At that time, the employee's ordinary income will be the difference between the fair market value at the time the restrictions lapse and the amount employees pay, if anything, for the Shares, and the Company may deduct a like amount as compensation. Employees may be entitled to make an election within thirty (30) days of the RS or the PS Award which will cause tax to be due on the value of the Shares at the time of the grant.

Table of Contents

Restricted Stock Unit, Performance Share Unit and Performance Unit Awards. Grants of RSUs, PSUs and PUs will be taxed at ordinary income rates at the time the Award is settled, on the fair market value of the Shares and/or cash received in connection with such settlement, and the Company may deduct a like amount as compensation. Taxable income on RSUs settled in Shares will be deferred until the time such Shares are distributed.

Section 162(m) Limits. Section 162(m) of the Code (Section 162(m)) and the regulations thereunder can result in compensation that exceeds \$1,000,000 in any year paid to the principal executive officer or any of the three other most highly compensated executive officers, other than the principal financial officer, being non-deductible by the Company unless the compensation is exempt under Section 162(m). The rules contain an exemption for performance based compensation plans that includes the requirement, among other things, that the material terms of the plan be approved by stockholders. Although the Company believes that Options and SARs granted under the 2008 Plan should be exempt under Section 162(m), and consequently deductible to the Company as discussed above, RS and RSUs may not be exempt if the aggregate compensation of the executive officer would exceed such limit. PS, PSUs and PRUs are intended to be classified as performance based compensation which is exempt from the Section 162(m) limitation; however the CN&G Committee is also authorized to grant Awards that are not qualified under Section 162(m) of the Code. In the event of a further change in the applicable law or rules, the continued deductibility of Options, SARs and PS, PSUs and PRUs cannot be assured.

Section 409A. Except to the extent specifically provided otherwise by the CN&G Committee, it is intended that the 2008 Plan and Awards issued under the 2008 Plan will comply with Section 409A of the Code (and any Treasury Regulations and related guidance) to the extent the Awards are subject thereto, and the 2008 Plan and such Awards shall be interpreted on a basis consistent with such intent. The 2008 Plan and any Award Agreements issued under the 2008 Plan may be amended in any respect deemed by the CN&G Committee to be necessary in order to seek to preserve compliance with Section 409A of the Code.

CORPORATE GOVERNANCE

We are committed to maintaining the highest standards of business conduct and corporate governance. We regularly review our governance practices and update them, as appropriate, based upon applicable state law, NYSE rules and listing standards, SEC regulations, and best practices recommended by recognized governance authorities. Our corporate governance program includes robust risk management and compliance policies, practices and programs. Our framework for corporate governance includes the following:

Majority Vote Standard for Election of Directors

Consistent with our commitment to review and update our governance practices, in 2011 our Board amended our bylaws to provide for majority voting in uncontested elections and plurality voting in any election that is contested. Our Board also updated our Corporate Governance Guidelines to provide that any director who fails to receive a sufficient number of votes for reelection at the annual meeting of stockholders must offer to resign. Our CN&G Committee and the Board have 90 days to act on the tendered offer to resign.

Board Leadership Structure; Executive Sessions

We separate the roles of CEO and Chairman with Bram Goldsmith serving as the Chairman of the Board of City National Corporation and Russell Goldsmith serving as the CEO of City National Corporation. Bram Goldsmith, as our Chairman, provides guidance, continuing strong leadership, energy and passion to the Board from his perspective as one of the earliest clients of the Bank, his experience as a successful real estate developer, and years of experience as an executive of the Company. Russell Goldsmith, as our CEO, is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company. Because our Chairman is not independent, Kenneth Ziffren serves as the Lead Independent Director and leads all executive sessions of the independent directors. Our Lead Independent Director also advises on board agendas, meeting materials, and schedules. In 2012, our independent directors had two executive sessions without management and four executive sessions with our CEO.

Director Independence

Our Corporate Governance Guidelines provide that a majority of our directors will be independent. We have long maintained a Board with a substantial majority of directors who are not employees of the Company. Currently, independent directors comprise more than two-thirds of our Board and 100% of our Audit & Risk Committee and CN&G Committee. Our Board has adopted independence standards to assist in determining each director's independence which are included as part of our Corporate Governance Guidelines. Our independence standards are structured to provide a framework for Board decisions that are free of relationships that may impair, or appear to impair, our Board's ability to make independent collective judgments, and to ensure that all permitted transactions between the Company and a director or his immediate family or their respective primary business affiliations will be on arms-length, market terms. The independence standards include a combination of economic tests and require confirmation that relationships are maintained on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons.

In February 2012, our CN&G Committee, Audit & Risk Committee, and Board reviewed the relationship of the Company with each of our non-employee directors and determined that each of the following persons is an independent director as defined by the NYSE listing standards and our independence standards: Richard L. Bloch, Kenneth L. Coleman, Ashok Israni, Ronald L. Olson, Bruce Rosenblum, Peter M. Thomas, Robert H. Tuttle and Kenneth Ziffren.

Table of Contents

In making its independence determinations, the CN&G Committee, the Audit & Risk Committee, and the Board considered the following ordinary course, non-preferential relationships in 2012 between us and our subsidiaries and our independent directors, director nominees, their immediate family members, and any entity of which the independent director (or their immediate family member) is a principal, executive officer, or greater than 5% equity holder:

The Bank and other subsidiaries had ordinary course banking, financial services, and wealth management relationships with certain members of the Board, some of their respective immediate family members and some of the entities affiliated with such directors and their immediate family members.

The Company or its subsidiaries received legal services in the ordinary course from the law firm of Munger, Tolles & Olson LLP in which Ronald L. Olson, a director of the Company, is a partner. The amounts paid for the legal services are below the thresholds in our independence standards and the NYSE listing standards.

The Bank is party to an ordinary course commercial transaction for data storage services with Switch Communications Group, LLC ("Switch") negotiated on arms-length, market terms. Switch owns and operates high security data centers. Peter M. Thomas, a director of the Company, owns, either directly or indirectly, approximately a 6% equity interest as a passive investor in Switch without any active oversight or management control. The payments made to Switch for services are based on competitive rates made on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated entities. The amounts paid in 2012 to Switch are below the thresholds in our independence standards and the NYSE listing standards.

The CN&G Committee, Audit & Risk Committee and the Board have each determined that, based on the information available, none of these relationships was material.

Board Meetings and Committees; Annual Meeting Attendance

Directors are expected to attend our annual meeting of stockholders, regular and special meetings of the Board and meetings of the committees on which they serve. In 2012, there were 10 meetings of the Board, and each current director attended at least 75% of the total number of meetings of the Board and Board committees on which that director then served. In addition, all directors serving on the Board at the time of the 2012 annual meeting of stockholders attended our 2012 annual meeting.

The table below lists the names of our directors who were serving as directors as of December 31, 2012. The table also lists each Board committee on which that person served during 2012 and the number of meetings held by the full Board and each standing committee. As it deems appropriate, our Board may form new committees or disband committees, other than the Audit & Risk Committee and the CN&G

(1) The Audit & Risk Committee is a separately designated standing audit committee as defined in Section 3(a)(58)(A) of the 1934 Act.

(2) Identified as the Audit & Risk Committee "Financial Expert."

Board of Directors' Role in Risk Oversight

The Board is actively involved in oversight of risks that could affect the Company. This oversight is conducted primarily through committees of the Board, as disclosed in the charters of each of the committees.

The Audit & Risk Committee monitors the Company's overall risk profile, as established by the Board, including all credit, market, liquidity, operational and regulatory risk management activities, and reviews and approves the activities of key management governance committees that regularly evaluate risks and internal controls for the Company. These management committees include the Asset Liability Management Committee, Credit Policy Committee, Senior Operations Risk Committee, Risk Council, Disclosure Committee and Product Review Committee. The Risk Council reviews the development, implementation and maintenance of risk management processes from a Company-wide perspective, and assesses the adequacy and effectiveness of the Company's risk management policies and the Enterprise Risk Management Program. Other management committees, with representatives from the Company's various lines of business and affiliates, address and monitor specific risk types and report periodically to the key management committees. The Senior Risk Management Officer ("SRMO") and the Internal Audit and Credit Risk Review Departments provide the Audit & Risk Committee with independent assessments of the Company's internal controls and related systems and processes. The SRMO also regularly presents to the Audit & Risk Committee an assessment of "emerging risks" which is a dynamic view of both internal and external risks that the Company faces. The Wealth Management & Fiduciary Committee reviews and assesses all key risk issues related to the wealth management and fiduciary activities of the Company and reports regularly to the Board on its activities. Together with the SRMO of the Company, the CN&G Committee engages in a risk assessment of the employee compensation plans of the Company and reports its findings and conclusions to the Board.

Each of these Board committees makes regular reports to the full Board regarding their deliberations and actions. Managers from each of the primary functional lines of business make presentations to the Board throughout the year summarizing key business issues and challenges. The CEO schedules longer "focus" presentations to the Board regarding strategic planning, annual budget, capital plan, compensation, products and technology, among other areas. The SRMO makes a regular report directly to

the Board regarding enterprise risk management of the Company and provides the Board with annual and periodic supervisory examination reports from the Company's primary regulators. The primary regulators of the Bank and the Company also make annual presentations to the Board. Finally, our Chief Financial Officer ("CFO") provides monthly financial reporting packages to the Board.

Corporate Governance Guidelines, Codes of Conduct and Committee Charters

Our Corporate Governance Guidelines establish significant corporate governance policies and practices for our Company. Our codes of conduct are comprised of our Code of Ethics for Senior Financial Officers and our Principles of Business Conduct and Ethics (collectively, "Codes of Conduct") for our directors, officers and colleagues. Each standing committee of our Board operates pursuant to a written charter which states each committee's functions and duties. Each committee's charter is reviewed, revised, as appropriate, and reaffirmed annually. Further information regarding our Board committees is set forth below. Our Restated Certificate of Incorporation and bylaws set forth basic rights and duties for our Company's corporate governance.

Please visit our website at www.cnb.com/investor-relations/corporate-governance ("Corporate Governance Web Page") to view our Corporate Governance Guidelines, Codes of Conduct and committee charters as well as additional information about our Board, committees and corporate governance. We will post on this website any amendments to the Corporate Governance Guidelines, Codes of Conduct or committee charters, and any waivers of the Codes of Conduct for directors and executive officers. There were no waivers in 2012.

Transactions with Related Persons

We have adopted written policies to implement the requirements of Regulation O of the Federal Reserve Board, which restricts the extension of credit to directors and executive officers and their family members and other related interests. Under these policies, extensions of credit that exceed regulatory thresholds must be approved by our Board.

With respect to other transactions involving the Company in which a director or executive officer or immediate family member may have a direct or indirect material interest, pursuant to its charter, the Audit & Risk Committee has the authority to review and approve insider and affiliated person transactions ("related party transactions"), other than transactions involving director or officer compensation or otherwise related to an employment relationship with the Company, and reports to the Board with respect to related party transactions approved by the Committee. The CN&G Committee, pursuant to its charter, has the authority to review and approve related party transactions involving director or officer compensation or otherwise related to an employment relationship with the Company and reports to the Board with respect to related party transactions approved by the Committee.

Prior to the Company entering into any related party transactions, the Audit & Risk Committee, or the CN&G Committee, as applicable, reviews the terms of the transaction to ensure that they are fair and reasonable, on market terms, on an arm's length basis and comply with the Company's Codes of Conduct. The applicable Board committee then reports to the Board on the related party transaction approved. The Board has the authority to review any related party transaction directly, in lieu of approval by the applicable committee.

A number of our directors and executive officers, their immediate family members, and certain business organizations associated with them, have been, and expect to continue to be, depositors, borrowers or clients of the Bank. All extensions of credit to these persons have been made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Bank and did not involve more than the normal risk of collectibility or present other unfavorable features. Other transactions were in the ordinary course of business and on non-preferential terms and conditions. The following related

Table of Contents

party transactions were reviewed and approved in accordance with our policies regarding transactions with related persons:

Ronald L. Olson, a director of the Company, is a Partner with the law firm of Munger, Tolles & Olson LLP which provides legal services to the Company and its subsidiaries. The Company and its subsidiaries paid fees and costs of \$428,383 to Munger, Tolles & Olson LLP during 2012. The Company's and its subsidiaries' transactions with Munger, Tolles & Olson LLP represent less than the greater of \$1 million or 2% of the firm's revenues in 2012. The Company believes that the transactions described above are comparable to those which would have been undertaken under similar circumstances with nonaffiliated entities or persons.

Bram Goldsmith currently serves as the Chairman of the Board of the Company and as an untitled officer of the Bank pursuant to an employment agreement approved by our Board on May 15, 2003 for an initial two year term, which was extended for two additional years, and subsequently extended for seven additional one year terms, with the most recent extension to May 14, 2013, as approved by the CN&G Committee. The agreement provides for an annual base salary of \$350,000 and an annual incentive bonus not to exceed \$150,000, with the total amount of base and bonus not to exceed \$500,000. For fiscal year 2012, Bram Goldsmith received base and incentive bonus in the amount of \$500,000. Bram Goldsmith is a participant in the Strategy & Planning Committee Change in Control Severance Plan which provides that following a defined change in control event, cash severance payments are made upon an involuntary or good reason termination.

Peter M. Thomas, a director of the Company, owns, either directly or indirectly, approximately a 6% equity interest as a passive investor in Switch without any active oversight or management control. Mr. Thomas' sibling is a member of the Board of Managers of Switch, but is not involved in day to day operations. Mr. Thomas' family members, together with the family members of another member of the Board, own collectively, either directly or indirectly, an approximately 26% interest in Switch. The Bank is party to an arm's length, negotiated, ordinary course commercial transaction with Switch to provide data storage services. In 2012, the Bank paid Switch a total of approximately \$842,618. The Bank's transactions with Switch represent less than the greater of \$1 million or 2% of Switch's revenues in 2012.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act") requires directors and executive officers of the Company and persons who own more than 10% of the Company's common stock ("10% Owners") to file reports of initial ownership of the Company's common stock and subsequent changes in ownership with the SEC and to provide us with copies of such reports. Based solely on a review of the copies of such reports and written representations furnished to us by reporting persons that no other reports were required to be filed during 2012, the Company's directors, officers and 10% Owners complied with all Section 16(a) filing requirements in a timely manner in 2012.

Committees of the Board

The Compensation, Nominating & Governance Committee

The CN&G Committee is appointed by the Board to assist with director and officer compensation matters, recommend director nominees, and review and recommend appropriate policies and guidelines for governance matters. The CN&G Committee reports regularly to the Board regarding compensation matters. Each member of the CN&G Committee is an independent director as defined by the requirements of the NYSE and our Independence Standards.

Table of Contents

Compensation Matters. The CN&G Committee's responsibilities with respect to compensation matters, as discussed in detail in its charter, include reviewing and approving:

Annually, management's recommendations and criteria for the overall annual compensation to be paid to or accrued for all officers in the aggregate;

Annually, management's recommendations for compensation of members of the Strategy & Planning Committee ("S&P Committee") other than the CEO, and all other officers earning an annual base salary of \$300,000 or more. (The S&P Committee is a management committee that includes the Chairman of the Board, the CEO, the Chief Financial Officer and the President of the Bank);

The terms of employment of the CEO and other members of the S&P Committee and all other officers earning an annual base salary of \$300,000 or more, including terms of employment contracts, termination agreements, change in control agreements, and recommendations of management to promote any person to an officer position of Executive Vice President or higher;

Corporate goals and objectives relevant to CEO compensation, including evaluating the CEO's performance in light of those goals and objectives, and recommending to the Board the CEO's compensation in light of those goals and objectives;

Recommendations to the Board for approval, subject as necessary or appropriate to stockholder approval, regarding stock option plans and other equity based compensation plans that permit payment in or based on the Company's stock in connection with the CN&G Committee's administration of such plans; other compensation plans (and material amendments) in which the directors, the CEO, other members of the S&P Committee or any other officer earning an annual base salary of \$300,000 or more participate; and other broadly-based compensation plans (and material amendments) which are available to employees, officers or directors;

Changes to the compensation and benefits provided to the Board, including as members of Board committees and recommending such changes to the Board for approval; and

The Compensation Discussion and Analysis included in the Company's proxy statement.

Role of Compensation Consultants. The CN&G Committee has the sole authority to retain and terminate any compensation consultant directly assisting it in the evaluation of director, CEO or senior executive compensation. The CN&G Committee also has the sole authority to approve fees and other engagement terms. In 2012, the CN&G Committee retained the services of Frederic W. Cook, LLP ("F.W. Cook") as its independent consultant to provide advice and recommendations on senior executive compensation, including the terms and agreement for our CEO's compensation. The CN&G Committee also retained the services of F.W. Cook to work with the Company's senior risk officers to conduct a comprehensive risk review of the Company's incentive compensation plans. See below under *Compensation Discussion and Analysis Risk Management*. In its absolute discretion, the CN&G Committee may also seek advice and assistance from internal or external legal, accounting or other advisors. The CN&G Committee may also form and delegate authority to subcommittees when appropriate.

Our management team retains separate compensation consultants. In 2012, we utilized the services of Semler Brossy Consulting Group ("SBCG"), Towers Watson and McLagan. We retained SBCG to analyze and provide recommendations with regard to the Company's equity program and key non-equity incentive plans, to analyze the competitiveness of certain compensation programs (including the compensation for our outside directors (see below under *Director Compensation*)), and to advise on the terms and agreement for our CEO's compensation. We utilized McLagan and Towers Watson to provide surveys of competitive pay practices and to consult on refinements of key incentive and bonus plans. Towers Watson also prepared specific change in control calculations for disclosure in the Company's annual proxy statement.

Table of Contents

The independence of each of these four compensation consultants has been evaluated in accordance with SEC rules, and it has been determined that their work did not create any conflicts of interest.

Board Diversity. We are committed to creating a culture and workplace that values individuals' similarities and differences. We continually strive to build a diverse base of clients, colleagues and vendors to promote the diversity of our communities in the markets we serve. This commitment to diversity plays an important role in achieving our objective to become the most recommended financial provider. Similarly, we value diversity among our Board members. As provided in our Corporate Governance Guidelines, when reviewing the qualifications of director nominees, the CN&G Committee considers, among other factors, whether the nominee will assist in achieving a mix of Board members that represents a diversity of skills, background, viewpoints, experiences, industry knowledge and community contacts, including with respect to age, gender, demographics, race and specialized experience. The CN&G Committee conducts searches to identify candidates reflecting diversity, including with regard to race, gender and specialized experience. The CN&G Committee assesses the effectiveness of this approach to diversity as part of its annual review of its charter and the Corporate Governance Guidelines.

Nomination and Director Qualifications. Our CN&G Committee is responsible for recommending to our Board candidates for nomination. In carrying out its responsibility to recommend and identify nominees for election to the Board, the CN&G Committee is authorized to retain search firms, as well as obtain advice and assistance from internal or external legal, accounting or other advisors. Nominations for the election of directors may be made by a stockholder of record entitled to vote for the election of directors by complying with the procedures set forth in the Company's bylaws for nominations of persons for election to the Board. The Company did not receive any stockholder nominations for the 2013 annual meeting. The CN&G Committee will consider recommendations for director candidates submitted by stockholders in the same manner as it considers other candidates. A stockholder may recommend a director candidate by submitting the candidate's name and qualifications to us in care of our Secretary at the address for our principal executive office listed on the first page of this proxy statement.

The CN&G Committee identifies, screens and recommends to the Board candidates for membership on the Board, including nominees proposed by stockholders, if any, on the basis of candidate guidelines established by the CN&G Committee and approved by the Board as well as those qualifications for directors set forth in the Corporate Governance Guidelines. These criteria and factors include whether the candidate (i) has demonstrated notable or significant achievements in business, education, or public service; (ii) has the requisite intelligence, education and experience to make a significant contribution to the membership of the Board; (iii) will serve as a significant and active resource for referrals and business development for the Company; (iv) will assist in achieving a mix of Board members that represents a diversity of skills, background, viewpoints, experiences, industry knowledge and community contacts, including with respect to age, gender, demographics, race and specialized experience; and (v) has the highest ethical standards, a strong sense of professionalism and dedication to serving the interests of all the stockholders and will be available to the Board in the fulfillment of director duties. In addition to the particular experiences, qualifications, attributes and skills discussed with respect to each director in *Proposal 1 Election of Directors*, the CN&G Committee believes that all of the members of the Board satisfied or met the foregoing criteria and factors.

The director candidates and the foregoing criteria, including diversity, are considered by the CN&G Committee in light of the contribution and responsibility that the Board has to provide guidance and oversight to management, including reviewing the Company's business strategies and financial performance, providing advice and insight into general and local economic and business conditions that may affect the Company's business, reviewing key risks in the Company's business, reviewing and approving major transactions, ensuring processes are in place for promoting integrity in the conduct of management and other colleagues, and ensuring processes are in place for mandating integrity and transparency in financial reporting.

Table of Contents

The CN&G Committee facilitates the annual assessment of the Board's performance and each of its standing committees. The CN&G Committee also reviews the adequacy of the Corporate Governance Guidelines and the Codes of Conduct and recommends and proposes changes to the Board for approval.

Compensation Committee Interlocks and Insider Participation. None of the current members of the CN&G Committee are officers or employees or former officers of the Company or any of its subsidiaries. None of our executive officers or employee-directors served as a director of an entity in which a member of the CN&G Committee or any other independent Director of the Company is an executive officer.

The Audit & Risk Committee

Each member of the Audit & Risk Committee is an independent director as defined by the requirements of the NYSE and our independence standards, and is "financially literate" as determined by the Board in its business judgment. Under the Corporate Governance Guidelines, Committee members are expected to not serve simultaneously on the audit committees of more than two other public companies, unless the Board determines that such service is (i) not otherwise prohibited and (ii) will not impair the effectiveness and ability to serve effectively on the Audit & Risk Committee. The Committee also functions as the Audit & Risk Committee of the Bank and the Trust Audit Committee with audit oversight responsibility for audit, risk and compliance related wealth management and fiduciary activities of the Company.

The following "Audit & Risk Committee Report" shall not be deemed "soliciting material" or incorporated by reference by any general statement incorporating this proxy statement into any filing under the Securities Act of 1933, as amended, or under the 1934 Act except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Audit & Risk Committee Report

The charter of the Audit & Risk Committee ("the Committee") states that the Committee's purpose is to assist the Board in fulfilling its oversight responsibilities regarding monitoring and oversight of:

Reviews reports from management, including, as appropriate, the senior officers of enterprise risk management, internal audit, legal and compliance and credit risk review, to monitor and oversee the Company and its subsidiaries' conformity with applicable legal and regulatory requirements, and reviews material reports received from regulators or governmental agencies;

Reviews management's report on its assessment of the effectiveness of internal control over financial reporting as of the end of each fiscal year, and the independent registered public accounting firm's report on the effectiveness of internal control over financial reporting.

During 2012, the Audit & Risk Committee conducted meetings in a manner designed to facilitate effective and complete communication among the Committee members, management, internal auditors, enterprise risk management and compliance officers and the Company's independent registered public accounting firm, KPMG. Among the matters discussed with the Company's internal audit, enterprise risk management and compliance officers, as well as KPMG, was the overall scope and plans for their respective audits and controls assessments. During 2012, the Committee met in executive session with the internal auditors, the SRMO, the general counsel, and KPMG, to discuss the result of their reports and related observations and recommendations.

In performing its function, during the year ended December 31, 2012, the Committee has:

Reviewed and discussed with the Company's management the audited financial statements of the Company as of and for the year ended December 31, 2012;

Discussed with the Company's independent registered public accounting firm all matters required to be discussed by Auditing Standards No. 61 (as amended by Auditing Standards, Section 380, Communications with Audit Committees), as adopted by the Public Company Accounting Oversight Board;

Received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence; and

Reviewed and approved all fees paid to KPMG for all audit and non-audit related services in accordance with the Committee's policy on Pre-Approval of Audit and Non-Audit Related Services.

The Committee has also reviewed and overseen the Company's and KPMG's review and assessment process related to Section 404 of the Sarbanes-Oxley Act of 2002, including the Public Company Accounting Oversight Board's Auditing Standard No. 5 regarding the audit of internal control over financial reporting. Based on the foregoing review and discussions, the Audit & Risk Committee

recommended to the Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the SEC.

Proxy Statement Proposals

To be considered for inclusion in the Company's proxy statement for the 2014 Annual Meeting of Stockholders, a stockholder proposal must be received in writing by the Company's Secretary at its principal executive offices on or before November 13, 2013 and must satisfy the other requirements of Rule 14a-8 under the 1934 Act.

The Company's bylaws establish advance notice procedures as to (i) business to be brought before an annual meeting of stockholders other than by or at the direction of the Company's Board, and (ii) the nomination, other than by or at the direction of the Company's Board, of candidates for election as directors. Under the Company's bylaws, nominations for director or other business proposals to be addressed at our next annual meeting may be made by a stockholder entitled to vote who has delivered a notice to the Secretary of the Company no later than the close of business on January 17, 2014 and not earlier than the close of business on December 18, 2013. The notice must contain the information required by the bylaws. Copies of our bylaws may be obtained by written request addressed to the Secretary at the Company's principal executive offices.

These advance notice provisions are in addition to, and separate from, the requirements that a stockholder must meet in order to have a proposal included in the proxy statement under the rules of the SEC. A proxy granted by a stockholder will give discretionary authority to the proxies to vote on any matters introduced pursuant to the above advance notice bylaw provisions, subject to applicable rules of the SEC.

Table of Contents**DIRECTOR COMPENSATION**

For director compensation, we use a combination of cash fees and compensation tied to our common stock to attract and retain qualified candidates to serve on our Board. In setting director compensation, we consider the amount of time that directors expend in fulfilling their duties as well as the skill required for members of our Board. In 2012, we retained SBCG to review the compensation for outside directors for continued competitiveness within the market. The Board considered the results of SBCG's assessment in confirming the compensation for outside directors for 2012 and approving the recommendations of the CN&G Committee to increase the Board Annual Retainer by \$5,000, to increase the fees for meetings of the Board and each Committee by \$500, to increase the retainer fee for the chairs of the Audit & Risk Committee and the CN&G Committee by \$2,500 and for the other committee chairs by \$2,000, as described below. The following table summarizes annual compensation for non-employee directors, as adjusted:

Type of Fees	Amount
Board of Director Meetings	\$ 2,500
Committee Meetings	\$ 2,000
Board Annual Retainer(1)	\$ 25,000
Annual Retainer for Chair of Board Committees(2)	
Audit & Risk Committee	\$ 15,000
CN&G Committee	\$ 10,000
Community Reinvestment Act Committee	\$ 7,000
Special Matters Committee	\$ 7,000
Wealth Management & Fiduciary Committee	\$ 7,000
Annual Award(3)	\$ 35,000

- (1) The Board Annual Retainer is paid on the date of the annual stockholders meeting. Non-employee directors may elect to defer all or part of the Board Annual Retainer to the Deferred Compensation Plan ("Director DCP") and allocate the retainer to one or more investment options including the CNC Stock Fund.
- (2) The retainers are paid bi-annually in January and July. For 2012, the increase in the retainer was pro-rated; 50% of the increase was paid in July.
- (3) The Annual Award is paid on the date of the annual stockholders meeting and deferred into the CNC Stock Fund in furtherance of the director stock ownership requirement.

Director Stock Ownership Requirement. Within three years after joining our Board, non-employee directors are required to own at least \$100,000 worth of our common stock. Each current non-employee director exceeds this ownership requirement. Ownership may be achieved in several ways, including directly owned stock, Stock Fund Units in the CNC Stock Fund, and, due to the nominal \$1.00 exercise price, 100% of any in-the-money exercisable director stock options. The higher of the actual spot date price or the one year simple moving average price for the Company's stock may be used in determining compliance with these ownership requirements. See *Security Ownership of Certain Beneficial Owners and Management* below for further detail.

CNC Stock Fund and Deferred Compensation Program. The Director DCP allows non-employee directors to elect each year to defer up to 100% of the Annual Award, Board Annual Retainer, committee chair retainers and meeting fees, instead of receiving these amounts as cash payments taxable in the year of receipt. Under the Director DCP, directors may designate select investment options in which the deferred director payments are deemed to be invested. The investment options include the CNC Stock Fund and non-publicly traded mutual funds, which are only available through variable insurance products. The CNC Stock Fund is measured in shares of the Company's common stock ("Stock Fund Units"). The value of the Stock Fund Units is based on the market price of the Company's common stock together with dividend equivalents on that stock. The entire amount of each Annual Award, and any percentage amount or dollar amount of the Board Annual Retainer designated by the director, is allocated to the CNC Stock Fund. No

Table of Contents

meeting fees or committee chair retainers may be deferred by the directors to the CNC Stock Fund. Directors have no ownership interest in the investment options they select; and the options are used to measure gains or losses. Share equivalents allocated to the CNC Stock Fund have no voting rights. Investment results are credited to the directors' accounts daily, net of all investment option related expenses. There is no guaranteed investment return on any deferred payment amounts. Amounts in a director's deferral account represent unsecured claims against our assets. Other than the CNC Stock Fund, directors may change investment allocation elections as often as daily. Directors may not subsequently change their investment elections (or diversify out of the CNC Stock Fund) for amounts invested in the CNC Stock Fund. All deferred amounts together with any credited investment returns are paid out to participating directors in accordance with their advance written election either in a lump sum or in installments commencing upon termination of service, except that years 2007 and earlier may be paid during the director's services on the Board if so elected in advance. Directors are not permitted to receive distributions during the director's service for any plan year in which any deferral has been allocated to the CNC Stock Fund. Distributions from the CNC Stock Fund will be in shares of the Company's common stock following the director's termination of service. This unfunded, non-qualified plan structure is required in order to preserve the beneficial tax deferral treatment for participating directors.

The table below summarizes the compensation we paid to non-employee directors for the fiscal year ended December 31, 2012.

Name(1)	Fees Earned or Paid in Cash \$(2)	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)	All Other Compensation (\$)	Total (\$)

- (1) See *Summary Compensation Table* for compensation of Russell Goldsmith and Christopher J. Warmuth. See discussion under *Transactions with Related Persons* for compensation of Bram Goldsmith. Directors who are employees of the Company receive no compensation for services as directors.
- (2) Fees include the 2012 Annual Award, which was deferred by each non-employee director to the Director DCP and allocated to the CNC Stock Fund. Each director was allocated 672 Stock Fund Units. Messrs. Olson and Thomas each elected to defer the entire 2012 Board Annual Retainer to the Director DCP and elected to allocate the entire amount to the CNC Stock Fund. Messrs. Olson and Thomas were each allocated 480 Stock Fund Units in connection with the deferral of the 2012 Board Annual Retainer. For board committee chairs, fees include 50% of the increase in the committee chair retainer.

PROPOSAL 4: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Act enables our stockholders to approve, on an advisory (non-binding) basis, the compensation of our named executive officers ("NEOs") as disclosed in this proxy statement in accordance with the SEC's rules.

One of the keys to our Company's success is the continuing execution of our proven business strategy and consistent alignment with our core values. As described in the *Compensation Discussion and Analysis* below, our compensation program is designed to attract, retain, and motivate our NEOs who are essential to executing our business strategy and delivering the financial solutions and quality services that are critical to serving our client's needs, attaining our goals and increasing stockholder value. We believe that our compensation programs directly link compensation to Company performance and align the interests of our NEOs with those of our stockholders.

The following *Compensation Discussion and Analysis* and related compensation tables describe our compensation philosophy in greater detail and the compensation actions taken in 2012 with respect to our NEOs. Highlights for 2012 include:

The Company delivered strong financial and operational performance in 2012 despite challenging economic conditions which continue to present significant challenges to our clients and our industry.

The CN&G Committee, with the cooperation and support of our CEO, made significant changes to our CEO's compensation to reflect evolving governance and market practices. These changes reflect a significant shift in the structure of our CEO's long-term incentive compensation and strengthen the tie between his compensation and long-term Company performance.

Consistent with evolving market practices, we adopted a policy prohibiting the pledging of our stock by our employees and directors. Our policy requires the termination of any existing pledge positions as soon as practicable but no later than January 1, 2015, less than two years from implementation of this policy.

We are asking our stockholders to indicate their support for our NEO compensation as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the policies and practices described in this proxy statement. This vote is advisory, which means that the vote is not binding on the Company, our CN&G Committee or our Board. However, our Board and CN&G Committee value the opinions expressed by stockholders in their vote on this proposal and will evaluate the outcome of the vote in making future compensation decisions for NEOs. The Board has determined to hold an advisory vote on executive compensation (the "Advisory Vote") every year until our stockholders vote again on the frequency of the Advisory Vote. Accordingly, the next Advisory Vote will be held at our 2014 annual meeting of stockholders.

We are asking our stockholders to vote "**FOR**" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2013 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2012 Summary Compensation Table and the other related tables and disclosure."

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

Compensation Discussion and Analysis

This *Compensation Discussion and Analysis* describes our executive compensation program and the 2012 compensation decisions made for our NEOs identified in the *Summary Compensation Table* following this *Compensation Discussion and Analysis*.

Executive Summary

Strong Fiscal 2012 Performance

The Company delivered strong financial and operational performance in 2012 despite challenging economic conditions which continue to present significant challenges to our clients and our industry. Our performance reflects the strength of our leadership team and our colleagues who have driven growth through, among other things, increasingly broad product and service offerings, an expanding geographic base, strategic acquisitions and exceptional service and financial solutions to our clients. The Company's strong results for 2012 include the following:

Increased net income available for common stockholders in 2012 by 21% year over year to \$208.0 million, or \$3.83 per share, from \$172.4 million, or \$3.21 per share, in 2011.

Generated total stockholder return (stock price appreciation and dividends) of 16% for the one-year period ended December 31, 2012.

Increased average deposits by 12% relative to 2011, for a total of \$21.6 billion, and increased average core deposits by 13% relative to 2011, with core deposits accounting for 97% of average deposit balances.

Increased average loans, excluding loans covered by FDIC loss-sharing agreements, to \$13.3 billion for 2012, up 14% from 2011, with average commercial loans increasing 23% year over year.

Increased net interest income for 2012 to \$831 million, up 7% from 2011.

Increased total assets at December 31, 2012 to a record \$28.6 billion.

Improved credit quality (excluding loans and other real estate owned covered by FDIC loss-sharing agreements) as net recoveries for 2012 were \$7.1 million, compared with net charge-offs of \$5.4 million in 2011, nonperforming assets decreased to \$120.8 million in 2012 from \$142.8 million in 2011, and the provision for credit losses for 2012 decreased to \$10.0 million, a decline of 20% from 2011.

These results helped us exceed our annual incentive plan performance targets for net income and net operating income, as well as our fiscal 2012 strategic and operational goals. As a result, our NEOs received annual payouts in excess of target for the Company's fiscal 2012 performance.

2012 Compensation Program Changes

We consistently strive to maintain compensation programs which reflect strong governance practices and our pay for performance philosophy. In 2012, our CN&G Committee, with the cooperation and support of our CEO, made significant changes to our CEO's compensation to reflect evolving governance and market practices. These changes reflect a significant shift in the structure of our CEO's

long-term incentive compensation and increase the tie between his compensation and long-term Company performance. These changes include:

Replace Annual Incentive RSU Award with Annual Incentive CS-RSU Award. The annual incentive CS-RSU award to our CEO, which has a target award value of \$1,125,000, replaces the annual incentive RSU award, which had a target award value of \$1,320,000, and represents an

Table of Contents

approximately 15% reduction in the target award value. Similar to the prior annual incentive RSU award, the CS-RSU award is performance based and is payable if 60% or more of the annual cash incentive award net income goal is achieved, scaling down to zero if less than 40% of the annual cash incentive award net income goal is achieved. The new incentive CS-RSU continues to be tied to Company performance and reduces share utilization and dilution to our stockholders through cash settlement in lieu of stock.

Replace Annual Incentive Stock Option Award with EPS-Based Long-Term Incentive Cash Award. The EPS-based long-term incentive cash award to our CEO, which has a target award value of \$1,125,000, replaces the annual incentive stock option award, which had a target award value of \$1,320,000, and represents an approximately 15% reduction in the target award value. The EPS-based long-term incentive cash award is based on the Company's cumulative actual three-year diluted earnings per share ("EPS") as compared to cumulative target three-year EPS set by the CN&G Committee. The target award value is payable at achievement of 100% or more of cumulative target EPS, scaling down to zero if 75% or less of cumulative target EPS is achieved. Our CEO has the opportunity to earn an additional 50% of the target award value in the fourth year of grant if cumulative actual EPS for the four-year period is 107.5% or more of cumulative target EPS for the same period, scaling down to 33.33% of the target award value if cumulative actual EPS for the four-year period is 105% of cumulative target EPS for the same period. Any amount not earned in year four may be earned in year five provided five-year cumulative actual EPS performance exceeds five-year cumulative target EPS using the same methodology described above. In addition, no amount is payable unless 40% of the annual cash incentive award performance goal for the year of grant is achieved. The EPS-based long-term incentive cash award strengthens the linkage between compensation earned and value delivered to our stockholders through long-term EPS performance measures and reduces share utilization and dilution to our stockholders by replacing the use of equity with a cash award.

Replace Annual TSR-Based Performance Stock Option Award with TSR-Based Long-Term Incentive Cash Award. The annual TSR-based long-term incentive cash award, which has a target award value of \$750,000, replaces the annual TSR-based performance stock option award, which had a target award value of \$900,000. Like the prior annual TSR-based performance stock option award, the long-term incentive cash award is based on a comparison of the Company's three-year total shareholder return ("TSR") relative to the KBW Regional Bank Index, with target payout requiring 50th percentile performance and payout above target requiring at least 75th percentile performance, and with a range for threshold to maximum performance award value from \$0 to \$1,125,000. The value of the award is approximately 17% less than the prior potential award values for equivalent relative TSR performance which had a range for threshold to maximum performance payout from \$0 to \$1,350,000. The TSR-based long-term incentive cash award continues to draw a strong connection to Company performance and reduces share utilization and dilution to our stockholders through cash settlement in lieu of stock options.

Termination of Supplemental Retirement Benefit ("SERP"). Our CEO's right to receive supplemental retirement benefits was terminated in 2012. The actuarial present value of the accumulated benefit was frozen as of March 14, 2012 and invested on that date in fully vested interests in the CNC Stock Fund, which is measured in shares of our common stock. The termination of the SERP benefit eliminates the volatility of accounting charges caused by changes in interest rates, and the related investment of the accumulated benefit in the CNC Stock Fund ties the payout to the performance of the Company's stock.

Our CN&G Committee also approved the grant of CS-RSUs in combination with other types of equity awards to our other NEOs. The CN&G Committee continues to believe that equity based awards should constitute a core element of long-term compensation, but approved the use of CS-RSUs in order to reduce the Company's dilution to stockholders from the historical use of only stock options, RS and RSUs.

Table of Contents

The long-term compensation grants made in 2012 to our NEOs (other than our CEO) are a mix of approximately 50% options, 25% RS, and 25% CS-RSUs. RS and CS-RSUs track to our common stock price, align executive interests with our stockholders and emphasize our performance based culture.

Strong Compensation and Corporate Governance Practices

The following are highlights of our strong compensation practices and corporate governance framework, which reinforces our pay for performance culture:

A Majority of Our CEO's Compensation is Performance Based and Tied to Multiple Performance Metrics. A majority of our CEO's compensation is performance based. Our CEO's compensation is tied to multiple performance metrics to ensure that compensation is measured in relation to different aspects of Company performance, including growth, delivery of stockholder value and performance against peers. This also ensures that our CEO is motivated by overall Company performance rather than a single metric.

No Excessive Perquisites. Our NEOs do not receive excessive perquisites and it is our policy to limit perquisites.

No Pension or Supplemental Retirement Plan. We do not provide our NEOs with pension or SERP benefits.

Prohibition of Pledging. Consistent with evolving market practices, in February 2013, we adopted a policy prohibiting pledging of Company stock by our employees and directors and, in order to provide for an orderly transition, the policy requires the termination of any existing pledge positions as soon as practicable but no later than January 1, 2015, less than two years from implementation of this policy. There is one existing pledge position, which was in place at the time of the policy's adoption.

Prohibition of Hedging. Our policies on trading prohibit hedging and other speculative trading in Company stock.

Stock Ownership Requirements. Our NEOs are required to hold a multiple of their salary in Company stock pursuant to our stock ownership requirements, further aligning their interests with our stockholders' interests. See *Stock Ownership Requirements* below for more information.

No Repricing or Discounted Stock Options. The 2008 Plan prohibits the repricing of any outstanding stock options or the use of discounted stock options.

Clawback. Pursuant to his employment agreement, our CEO's incentives are subject to forfeiture and recoupment if based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria.

Double Trigger and No Tax Gross-up. Our CEO's employment agreement requires a termination of employment in addition to a change in control before change in control benefits are triggered, and there is no golden parachute excise tax gross-up.

Compensation Plan Risk Assessment. The CN&G Committee retains and consults an independent compensation consultant to collaborate with our senior risk officers to conduct an annual risk-based review of all of the Company's employee incentive plans.

Target Compensation Mix

Consistent with our pay for performance philosophy, our CEO's target compensation mix is designed to be heavily weighted towards performance based compensation. As depicted in the chart below, 83% of our CEO's target compensation is provided in the form of performance based variable compensation, the value of which is tied to the Company's performance.

CEO Target Compensation Mix

The target compensation of our other NEOs is also weighted towards performance based variable compensation. On average, 51% of their compensation is performance based with another 17% tied to time-vested RS and CS-RSUs. The value of these time-vested RS and CS-RSUs will move up and down with our stock price, thereby aligning our NEOs' interests with long-term stockholder interests.

Average Other NEOs Target Compensation Mix

CEO Compensation and Performance Alignment

Our CEO's annual incentive award under the Variable Bonus Plan ("Variable Bonus Plan") is based on net income performance goals. As such, in years where net income performance is below our internal goals, our CEO receives little or no annual incentive payout. Notably, as reflected in the graph below, our CEO received \$0 actual bonus for performance years 2008 and 2009 despite the Company maintaining positive net income in both years during the worst financial crisis in the United States in the last 70 years. The Company's focus on continually increasing performance may be seen by contrasting 2011 and 2012 payouts, even though net income increased 21% in 2012, the payout under the Variable Bonus Plan decreased 19% because the 2012 net income target was set significantly higher than the 2011 target.

Response to 2012 Advisory Vote on Executive Compensation

The Company's 2012 annual meeting of stockholders included a non-binding advisory vote on executive compensation. Approximately 74.3% of the votes cast at the 2012 annual meeting were in favor of the compensation earned by our NEOs. Consistent with the Company's long standing active and open dialogue with its institutional investors, following the filing of our 2012 proxy statement, management directly contacted many of our largest institutional stockholders, representing approximately 60% of our outstanding shares, to discuss the Company's proposal to increase the number of shares available for issuance under the 2008 Plan, the compensation in place for our NEOs and the significant, mutually agreed upon, changes made to the structure of our CEO's compensation in 2012. For those stockholders who indicated that they rely on an internal analysis to determine their vote rather than vote recommendations from third-party consultants, we received a range of responses but generally the feedback regarding our executive compensation practices, and our recent, mutually agreed upon, changes in CEO compensation was positive and supportive. Based on the generally favorable responses from our largest stockholders and the support reflected by the votes ultimately cast at the 2012 annual meeting, the CN&G Committee and our CEO mutually determined not to seek further changes to our CEO's fair and competitive compensation structure. The changes implemented in March 2012 are intended to apply for the remainder of our CEO's employment agreement, which expires on July 15, 2014. As described in this *Compensation Discussion and Analysis*, the changes to the structure of our CEO's compensation were based on input from independent compensation consultants and include a significant shift from equity to cash compensation which positively impacted share utilization and dilution to our stockholders and the use of differentiated performance metrics for different elements of compensation to emphasize overall Company performance. In addition, our CEO's SERP benefit was frozen in exchange for a benefit tied to long-term Company stock performance. As a result, our CEO's average target compensation over the remainder of the term of his employment agreement will be lower than provided under the original agreement. The Company's management, the Board and the CN&G Committee value the opinions expressed by our stockholders, and we believe the changes made to our CEO's compensation in 2012 are directionally positive and significantly differentiate his 2012 compensation structure from the 2011 structure.

Our Compensation Philosophy

Our executive compensation programs are vital to achieving our objective to become the most recommended financial provider and to build sustainable long-term growth in stockholder value. We design our compensation programs based on a pay for performance philosophy to reward our NEOs both for recent performance and to motivate them to achieve strong future performance for the Company and long-term value for our stockholders. As a result, our compensation program for our NEOs is guided by the following principles:

Challenge and motivate our executives, their teams and the entire organization to achieve results that support our business and financial strategies.

Design our compensation plans and programs to encourage sustained and consistent performance while incorporating checks, balances and controls to promote a culture of risk management consistent with our value proposition, and to discourage executives from taking unnecessary and excessive risks that threaten the value of our Company.

Align our NEOs' interests with the interests of our stockholders by including equity and other long-term awards in our compensation package together with stock ownership requirements to motivate our NEOs to create long-term stockholder value.

Attract, motivate, retain, and reward our executives by providing a competitive total compensation opportunity.

Role of our Compensation Committee

Our CN&G Committee is comprised of independent directors and is responsible for reviewing and approving our director and executive compensation plans, policies and programs, including compensation awarded to our CEO and other NEOs. Recommendations regarding the compensation of our NEOs, other than our CEO, are presented by management to the CN&G Committee. The compensation of our President and CFO is reviewed by our CEO before presentation to the CN&G Committee. The compensation of our other NEOs and executives is reviewed by our S&P Committee, comprised of our CEO, CFO and President, prior to submission to the CN&G Committee. Our CEO's compensation is determined under the terms of his employment agreement based on achievement of previously established performance goals. The CN&G Committee makes the final decision as to compensation of each of our NEOs and other executives. Each material action of the CN&G Committee is reported to the full Board at its regular meetings. See *Corporate Governance* above regarding the responsibilities of the CN&G Committee under its charter and the role of compensation consultants.

Risk Management

At the request of the CN&G Committee, the Company's senior risk officers and F.W. Cook conducted a risk-based review of the Company's employee incentive plans in 2012. The objective of the review was to identify areas of risk or potential for unintended consequences that exist in the design of compensation programs and to identify potential areas of concern in the Company's incentive plans relative to the Company's enterprise risk factors. Design features of the incentive plans that mitigated risk were taken into consideration in evaluating the overall results.

The CN&G Committee considered the results of this review for 2012. With the concurrence of the Company's SRMO and F.W. Cook, the CN&G Committee concluded that there were no significant risk areas from an incentive compensation risk perspective, the incentive plans were generally well aligned with compensation design principles, and the risks arising from the Company's incentive compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

The review also considered the Guidance on Sound Incentive Compensation Policies jointly issued in June 2010 by federal bank regulatory agencies and proposed rules issued pursuant to section 956 of the Dodd-Frank Act, each of which contain further guidance for assessing risk with respect to employee compensation plans. At this time, the impact, if any, of the Guidance on the Company's incentive arrangements is unknown and, until the proposed rules are finalized, the Company cannot predict what those final rules will ultimately provide. The Company will continue to monitor the impact of the Guidance and the proposed rules with respect to its incentive compensation program and risk.

Role of Internal Comparison and Use of Market Comparison Data

We seek to establish compensation levels that are consistent with the external competitive market and also reflective of the internal value of each position based on our strategies and business goals. Our compensation programs achieve a balance between fixed and variable pay and result in our executives having more pay at risk than non-executive colleagues. As a part of our decision-making process for executive compensation, we internally compare executives' respective roles and their performance. We look at the relative level of complexity and significant differences among the executives' job positions, the position of each job in the Company's hierarchy, the internal reporting relationship of each job position and the added value of each job to the Company and then calibrate the total compensation for each executive appropriately.

On a case-by-case basis and from time to time, we assess the compensation level for positions by analyzing market data that is reflective of our talent market. We obtain this data both from published surveys and, as needed, our own surveys. To the extent we compare our compensation with the compensation levels at other companies, we generally try to position the compensation of our NEOs, other than our CEO, within a competitive range of the 50th percentile of surveyed companies. However, an

individual NEO's pay may differ from this overall competitive positioning strategy due to an individual's performance, experience level, scope of responsibility, unique skills and talents, and the competitive market for the officer's position. Each NEO's current and prior compensation is considered in setting future compensation. The process for setting our CEO's compensation differs as our CEO's compensation terms are set forth in an employment agreement entered into in 2010. At that time, in setting CEO compensation, our CN&G Committee considered several factors, including, but not limited to, comparable market data, the proven track record and experience level of our CEO, and the exceptional leadership qualities and highly specialized skills and competencies of our CEO that would not only be favorable but critical to the success of the Company. Our CEO's employment agreement was subsequently amended in 2012 to reflect evolving governance and market practices and to further strengthen the pay for performance linkage consistent with our compensation philosophy.

2012 Compensation Elements

The Company's executive compensation program provides a mix of direct cash and equity compensation and participation in Company-sponsored benefit plans generally available to other colleagues. As described below, the elements of direct compensation include base salary, an annual cash incentive award, and long-term compensation awards. Pursuant to his amended employment agreement, the long-term compensation awards made in 2012 to our CEO are a mix of approximately 37.5% CS-RSUs, 37.5% EPS-Based Long-Term Incentive Cash Awards and 25% TSR-Based Long-Term Incentive Cash Awards. The long-term incentive compensation grants made in 2012 to our NEOs (other than our CEO) are a mix of approximately 50% options, 25% RS, and 25% CS-RSUs.

2012 Compensation Actions for NEOs***CEO Compensation***

During 2012, we continued to refine our executive compensation program consistent with our long-term goals and evolving governance and market practices. Our CEO's compensation was initially set forth in an employment agreement entered into in 2010 that expires July 15, 2014. In March 2012, our CN&G Committee, with the input of independent compensation consultants, engaged in negotiations with our CEO, resulting in a mutually agreed upon amendment to our CEO's employment agreement to make significant changes to the structure of the long-term compensation component of our CEO's performance based incentive compensation. The changes to the structure of our CEO's compensation include a significant shift from equity to cash compensation which positively impacted share utilization and dilution to our stockholders, the use of differentiated, objective measures of Company performance for different elements of compensation to emphasize overall Company performance and the termination of his SERP benefit in favor of a benefit tied to long-term Company stock performance. The changes implemented in 2012 are intended to apply for the remainder of the term of our CEO's employment agreement. As a result, our CEO's average target compensation over the remainder of the term of his employment agreement will be lower than provided under the original agreement. The compensation awarded to our CEO in 2012 reflects these mutually agreed upon changes and is described below.

2012 Annual Base Salary

Our CEO's base salary is fixed at \$980,000 for the term of his employment agreement.

2012 Performance-Based Annual Cash Incentive Compensation

Our CEO's annual cash incentive award ("Annual Incentive Award") for 2012 performance was awarded pursuant to the Variable Bonus Plan and his employment agreement. The Variable Bonus Plan is designed to permit the tax deductibility of annual incentive awards for our CEO and the next three most highly compensated executive officers (other than our CFO) as of the end of the year. In 2012, the CN&G Committee approved net income as the financial criteria under the Variable Bonus Plan for our CEO, and set the performance goal at \$188 million with a target cash incentive award of \$1,715,000 (175% of base salary). The net income goal was developed from the Company's budgeting process and reflected the Company's financial and other business goals approved by the Board. The payout range for the Annual

Table of Contents

Incentive Award is expressed as a percentage of base salary based on the percentage of achievement of the performance goal, as follows:

Net Income Goal Achievement	Bonus Percentage of Target	Bonus Percentage of Base Salary
<70%	0%	0%
70%	15%	26%
100%	100%	175%
154%	200%	350%

In 2012, 111% of the net income goal was achieved by the Company. In accordance with his employment agreement and the Variable Bonus Plan, the CN&G Committee approved the payment to our CEO of an incentive bonus of \$2,064,352. This award reflects payment of 120% of the target award and 211% of base salary. This award reflects the solid growth in our Company's 2012 net income and the 16% increase in TSR for the one-year period ending December 31, 2012 under the leadership of our CEO and illustrates our organization's commitment to its stated objective to pay for performance.

2012 Long-Term Incentive Compensation

Annual Incentive CS-RSU Award. In 2012, our CEO received an annual incentive CS-RSU award for 2011 performance based on the level of achievement of the performance goal established for our CEO's 2011 Annual Incentive Award. The CN&G Committee established 2011 net income of \$142 million as the performance goal applicable to our CEO's Annual Incentive Award for 2011 performance. This CS-RSU award replaces the prior annual award of performance based RSUs which had a target award value of \$1,320,000. The target annual incentive CS-RSU award value is \$1,125,000, as set forth in our CEO's employment agreement, representing an approximately 15% decrease in the target award value. The incentive CS-RSU awards settle in cash thereby reducing share utilization and dilution to our stockholders. The following table shows the percentage of the target annual CS-RSU award granted based on percentage achievement of the performance goal:

Net Income Goal Achievement	Grant of Target Annual CS-RSU Award
60% or more	100%
50% to below 60%	75%
40% to below 50%	50%
Less than 40%	0%

In 2012, the Company granted 100% of the target annual incentive CS-RSU award to our CEO due to the achievement of 121% of the 2011 net income goal. This award vests equally over four years beginning on the second anniversary of the grant date. Vesting for the CS-RSU award may be accelerated under certain circumstances, including death, disability, termination without cause or for good reason, the CEO's termination after expiration of his employment agreement currently in effect, or a change in control. These circumstances are further described below under *Potential Payments Upon Termination or Change in Control*.

2012 EPS-Based Long-Term Incentive Cash Award. Our CEO is eligible for an annual long-term incentive cash award based on diluted earnings per share ("EPS") for the 2012-2014 performance period ("EPS LTICA"). This award replaces the prior annual stock option grant which had a target award value of \$1,320,000 and requires the achievement of additional performance goals. The target EPS LTICA value is \$1,125,000, as set forth in our CEO's employment agreement, representing a 15% decrease from the prior target award value. Payment of the award will be determined by comparing the Company's cumulative actual EPS for the performance period to the sum of the three separate annual target EPS performance goals set by the CN&G Committee at approximately the start of each year. The EPS target set by the CN&G Committee each year is developed from the Company's budgeting process and reflects rigorous

Table of Contents

performance goals approved by the CN&G Committee and the Board, taking into account historical performance, current and expected economic conditions, and the Company's operating and investment plans. The CN&G Committee believes these additional performance conditions strengthen the linkage between compensation earned and the value delivered to our stockholders. In addition, this award reduces share utilization and dilution to our stockholders by settling the award in cash instead of stock.

The following table shows the percentage of the target EPS LTICA payable based on percentage achievement of the performance goal. The target award value is payable at achievement of 100% or more of cumulative target EPS, scaling down to zero if 75% or less of cumulative target EPS is achieved. In addition, no amount is payable unless 40% of the Annual Incentive Award performance goal for the year of grant is achieved.

EPS Goal Achievement	EPS LTICA Percentage of Target
100% or more	100%
75%	60%
Less than 75%	0%

Up to an additional 50% of the target award (\$562,500) may be earned in the fourth year after grant of the EPS LTICA if cumulative actual EPS for the 2012-2015 performance period is 107.5% or more of cumulative target EPS for the same period. The additional award scales down to 33.33% of the target award (\$375,000) if cumulative actual EPS for the four-year period is 105% of cumulative target EPS for the same period.

To the extent less than \$562,500 is earned for the 2012-2015 performance period, the difference between \$562,500 and the amount earned for the 2012-2015 performance period may be earned in the fifth year, provided that cumulative actual EPS for the 2012-2016 performance period is at least 107.5% of cumulative target EPS for the same period, scaling down to 33.33% of the remaining available award amount if actual cumulative EPS for the five-year period is 105% of cumulative target EPS for the same period.

In general, the payment of amounts earned, if any, under the EPS LTICA for a performance period is contingent on employment through the end of the applicable performance period. Vesting for the EPS LTICA award may be accelerated under certain circumstances, including death, disability, termination without cause or for good reason, the CEO's termination after the expiration of his employment agreement currently in effect, or a change in control. Other than in the case of a change in control, accelerated vesting does not modify the performance requirements previously described. These circumstances are further described below under *Potential Payments Upon Termination or Change in Control*.

In 2012, the Company's diluted EPS was \$3.83, which was 109% of the 2012 target EPS goal of \$3.51 set by the CN&G Committee in March 2012.

2012 TSR-Based Long-Term Incentive Cash Award. Our CEO is eligible for an annual long-term incentive cash award based on a comparison of the Company's three-year TSR for the July 1, 2012 through June 30, 2015 performance period relative to the KBW Regional Bank Index ("TSR LTICA"), with a target award value of \$750,000. This award replaces the prior annual TSR-based performance stock option award which had a target award value of \$900,000. Like the prior annual TSR-based performance stock option award, the TSR LTICA pays the target award value at 50th percentile performance and pays above target award value for at least 75th percentile performance, with a range for threshold to maximum performance from \$0 to \$1,125,000. The value of the TSR LTICA is approximately 17% less than the prior potential award values for equivalent relative TSR performance which had a range for threshold to maximum performance from \$0 to \$1,350,000. The TSR LTICA continues to draw a strong connection to Company performance and reduces share utilization and dilution to our stockholders through cash settlement in lieu of stock options which settle in shares. The peer banks used are the component companies included in the

Table of Contents

KBW Regional Bank Index. The award amount payable is calculated based on the Company's three-year TSR percentile ranking versus peers as follows:

TSR Percentile	Deemed Value (\$)
Below 25%	0
25% to below 50%	375,000
50% to below 75%	750,000
75% to below 90%	1,000,000
90% and above	1,125,000

Clawback. If the Annual Incentive Award, CS-RSU award, EPS LTICA or TSR LTICA is or was based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria, the excess compensation is subject to forfeiture and recoupment.

Termination of Supplemental Retirement Benefit

As part of the mutually agreed upon amendment of our CEO's employment agreement, our CEO's Supplemental Retirement Benefit Agreement was amended to terminate our CEO's right to receive supplemental retirement benefits in exchange for fully vested interests in the CNC Stock Fund. On March 14, 2012, the SERP was terminated and the actuarial present value of the accumulated SERP benefit was calculated as of that date. Our CEO was credited with fully vested common stock units in the CNC Stock Fund in an amount equal to the actuarial present value of the accumulated SERP benefit. Our CEO will receive the lump sum value of the CNC Stock Fund, payable solely in shares of our common stock, on the first day of the month following his termination of employment for any reason. This restructuring of the SERP eliminates the volatility of accounting charges caused by changes in interest rates, and the related investment of the accumulated benefit in the CNC Stock Fund ties the value of the SERP to Company performance through alignment with the Company's stock performance.

Other Named Executive Officers

2012 Annual Base Salary

During its 2012 annual compensation review, the CN&G Committee approved merit increases in the base salaries of the NEOs based on Company and individual performance to the following amounts, effective March 2012:

Named Executive	2011 Base Salary (\$)	2012 Base Salary (\$)
Christopher J. Warmuth	550,000	567,000
Christopher J. Carey	525,000	541,000
Brian Fitzmaurice	418,000	430,540
Michael B. Cahill	432,600	450,000

2012 Annual Cash Incentive Compensation

The Annual Incentive Award for 2012 performance was awarded under the Executive Management Incentive Compensation Plan ("Executive Plan") for our CFO and under the Variable Bonus Plan for our other NEOs. The CN&G Committee designated Christopher J. Warmuth, Brian Fitzmaurice and Michael B. Cahill as participants in the Variable Bonus Plan for 2012. Mr. Carey, our CFO, participated in the Executive Plan. The CN&G Committee used the funding formulas and performance factors under the Executive Plan as the basis for its determination of the awards to the participants under the Variable Bonus Plan.

Table of Contents

Awards under the Variable Bonus Plan and Executive Plan are determined based on Company performance, individual performance and the performance of each executive's area of responsibility. Under these plans, management sets a financial goal for net operating income ("NOI") which is reviewed and approved by the CN&G Committee. Actual performance is measured against the NOI goal to determine award amounts. NOI is calculated as net income available to stockholders, excluding unusual corporate gains or losses (net of tax) to prevent either unearned enrichment or unjust penalties for incentive plan participants. In 2012, the NOI performance goal was \$188 million with funding capped at 125% of target bonus for achievement of 115% or more of the NOI performance goal. If less than 85% of the NOI performance goal is achieved, there is no funding of the Company performance component for any participant in the Executive Plan. Financial goals were also set for each line division as part of setting internal financial and strategic goals, and goals with significant division and/or Company-wide impact were also set for heads of the staff divisions. Mr. Carey and Mr. Warmuth have responsibility for the performance of the entire organization, and funding of awards to them is based 100% on the Company's performance relative to the NOI performance goal. Mr. Fitzmaurice and Mr. Cahill are each responsible for a staff division, and funding of awards to them is based 60% on the Company's performance relative to the NOI performance goal and 40% on achievement of their respective annual key division and/or individual performance goals. Funding and payment of the awards is subject to an individual performance modifier which can result in an upward or downward adjustment by as much as 20%.

The target and maximum permissible payouts expressed as a percentage of base salary for the NEOs for 2012 were as follows:

Named Executive	Target	Maximum
Christopher J. Warmuth	125%	188%
Christopher J. Carey	125%	188%
Brian Fitzmaurice	100%	150%
Michael B. Cahill	90%	135%

For 2012, 111% of the Company's NOI performance goal was achieved. The Company performance component was funded at 118% for each participant in the Executive Plan. To determine the award amount for each NEO, the CN&G Committee considered the Company's 2012 strong financial performance, as well as each of the NEOs' contribution to that performance, and the performance of each of them against their division and/or personal goals, as appropriate. The CN&G Committee approved the funding of the awards to each NEO at the percentage amount set forth below. The bonuses paid to each executive reflected the following percentage of the maximum bonus that the executive could have received under the applicable bonus plan for the Company's 2012 performance:

Named Executive	Percentage of Maximum Bonus
Christopher J. Warmuth	99%
Christopher J. Carey	99%
Brian Fitzmaurice	93%
Michael B. Cahill	95%

The actual incentive award amounts for each NEO are set forth below in the *Summary Compensation Table*. The awards reflect the evaluation of each NEO's individual performance and achievement of the goals established for him as well as an evaluation of his overall contributions to the Company's strong performance for 2012.

In order to maximize the deductibility of the compensation and incentive payments to the NEOs, the requirements of Section 162(m) were taken into account in the structure of the Variable Bonus Plan. At the start of 2012, the CN&G Committee reviewed and approved revenue as the financial criteria under the Variable Bonus Plan to determine whether the maximum permissible incentive for 2012 could be funded

Table of Contents

for each of Mr. Warmuth, Mr. Fitzmaurice, and Mr. Cahill, and set the performance goal at \$750 million. In each case, these awards could then be reduced, but not increased, at the sole discretion of the Committee. The 2012 revenue goal was achieved.

2012 Long-Term Incentive Compensation

The CN&G Committee approves awards for long-term incentive compensation for the NEOs at the same time as annual cash compensation to ensure the CN&G Committee considers all elements of proposed compensation concurrently. In granting long-term compensation to the NEOs, the CN&G Committee follows a methodology including establishing the total dollar value of the award taking into account expectations for the executive's future contribution to the Company's long-term success, its strategic business plan and the role of the executive, market data, internal parity, prudent corporate level expense management and consistency in equity award policies and practices.

In 2012, the CN&G Committee approved the grant of CS-RSUs in combination with other types of equity awards under the 2008 Plan. The CN&G Committee continues to believe that equity based awards should constitute a core element of long-term compensation, but approved the use of CS-RSUs in order to reduce the Company's dilution to stockholders from the historical use of only options, RS and RSUs. The long-term compensation grants made in 2012 to our NEOs (other than our CEO) are a mix of approximately 50% options, 25% RS, and 25% CS-RSUs. The CS-RSUs vest 25% per year beginning on the second anniversary of grant.

The following table sets forth the grants of equity based awards to the NEOs in 2012. It provides the number of shares of CS-RSUs, RS and stock options granted to each NEO as part of their annual equity based award. The value of each award reflects the significance of the individual's responsibilities, their attractiveness to competitors, and the retention value of their previous equity awards. These awards were granted under the 2008 Plan.

Named Executive	Stock Options	RS	CS-RSU
Christopher J. Warmuth	41,563	5,358	5,358
Christopher J. Carey	37,406	4,822	4,822
Brian Fitzmaurice	12,469	1,607	1,607
Michael B. Cahill	12,469	1,607	1,607

Equity Granting Practices

Grants of equity awards are made by our CN&G Committee in accordance with its charter and our equity compensation plans. The grant date of all equity awards is the date of the CN&G Committee meeting at which the award is approved and, in the case of stock options, the grant price (also known as the exercise price) is required to be the same as the closing price of our common stock on the NYSE on that meeting date.

Annual equity awards for NEOs are granted at a CN&G Committee meeting the same time each year in conjunction with the review of annual individual performance, which meeting typically is held in late February or early March and shortly before the effective date of base salary changes (if any) and Annual Incentive Award payments. In the event of an equity award for a new hire, management recommends to the CN&G Committee an award in connection with the hiring, but that equity award is not deemed approved until the CN&G Committee specifically approves the grant and the new hire actually begins employment. All details of equity awards are reflected in the minutes of the CN&G Committee meetings, and communication regarding equity awards is provided to appropriate Human Resources, Accounting and Legal Services Division personnel to ensure proper recordation, reporting and accounting for such awards.

Table of Contents**Stock Ownership Requirements**

Our stock award program requires our NEOs to own a specific minimum amount of our common stock consistent with our stated principle to align our NEOs' interests with our stockholders' interests. The amount of common stock our NEOs must own varies depending upon the NEO's position and is computed as a multiple of annual base salary. Stock ownership requirements are phased in over five years with the first phase of the requirement becoming applicable three years from hire date or change in officer position. As of February 1, 2013, each NEO met and exceeded the applicable stock ownership requirements. The stock ownership requirements currently applicable to the NEOs are listed below:

Named Executive	Stock Ownership Requirement as % of Base Salary
Russell Goldsmith	500%
Christopher J. Warmuth	350%
Christopher J. Carey	350%
Brian Fitzmaurice	150%
Michael B. Cahill	150%

Ownership may be achieved in several ways including shares owned directly, vested RSUs, stock held in our Profit Sharing Plan, units in the CNC Stock Fund, 50% of the gain on in-the-money exercisable stock options and 50% of unvested RS and RSUs. The higher of the actual spot date price or the one year simple moving average price for the Company's stock may be used in determining compliance with these ownership requirements.

Restrictions on Hedging and Pledging

Our Securities Trading Policy, which applies to all of our employees and directors, has for many years included a prohibition on hedging or speculative trading in Company stock. Consistent with evolving market practices, in February 2013, we adopted a policy prohibiting the future pledging of Company stock. Our policy requires the termination of any existing pledge positions as soon as practicable but no later than January 1, 2015, less than two years from implementation of this policy. There is one existing pledge position, which was in place at the time of the policy's adoption. While our CN&G Committee encourages the prompt termination of existing pledges, it believes that allowing for termination of such positions within two years is in line with the interests of our stockholders as it provides adequate time for the orderly transition of collateral without market disruption.

Employment Agreements

Other than our CEO, the NEOs do not have employment agreements. Russell Goldsmith serves as CEO and President of the Company and Chairman of the Board and CEO of the Bank pursuant to his employment agreement. The Company entered into an employment agreement with Russell Goldsmith on June 24, 2010 for a term of four years commencing July 16, 2010. The Company entered into a mutually agreed upon amendment to Mr. Goldsmith's employment agreement on March 14, 2012 which substantially changed the structure of Mr. Goldsmith's long-term incentive compensation. The material terms of the annual and long-term incentive compensation payable pursuant to the employment agreement are described above under *2012 Compensation Actions for NEOs: CEO Compensation*. As part of the amendment of our CEO's employment agreement, our CEO's Supplemental Retirement Benefit Agreement was amended to terminate our CEO's right to receive supplemental retirement benefits in exchange for fully vested interests in the CNC Stock Fund. Our CEO's employment agreement does not provide for a golden parachute excise tax gross-up and requires a termination of employment in addition to a change in control before change in control benefits are triggered. See *Potential Payments Upon*

Table of Contents

Termination or Change in Control for further information regarding the rights of our CEO and the Company in various termination scenarios and upon a change in control of the Company.

Termination of Employment and Change in Control Plans and Agreements

The rights and obligations of our CEO and the Company upon a change in control are governed by the terms of his employment agreement, including Annex A thereto which provides benefits in the event of a change in control of the Company ("CEO CIC Agreement"). Change in control payments, benefits and rights are set forth in the Strategy & Planning Committee Change in Control Severance Plan ("S&P Plan") for Christopher J. Carey and Christopher J. Warmuth, and in the Executive Committee Change in Control Severance Plan ("EC Plan," and together with the S&P Plan, the "CIC Plans") for Brian Fitzmaurice and Michael B. Cahill.

The CIC Plans and the CEO CIC Agreement are designed to promote stability and continuity of management despite the risk of job loss in the event of termination due to a change in control, and are consistent with market practices. The CIC Plans and CEO CIC Agreement provide that following a defined change in control event, cash severance payments are paid upon involuntary termination for any reason, other than cause, death or disability, or upon termination for "good reason," within 12 months (36 months for the CEO) of the occurrence of a change in control. The CIC Plans (but not the CEO CIC) also provide that a termination for "good reason" includes a voluntary termination of employment during the 30-day period immediately preceding the first anniversary of the change in control. The CEO CIC Agreement provides that the CEO will be employed for the greater of three years or the remaining term of his employment agreement. This structure provides for transition in the event of a change in control and provides an incentive for the NEOs to remain with the successor organization after a change in control.

Information regarding applicable payments under these agreements for the NEOs is provided below under *Potential Payments Upon Termination or Change in Control*.

Executive Compensation Tax and Accounting Considerations

Deductibility of Executive Compensation. Section 162(m) generally disallows a tax deduction for compensation over \$1,000,000 paid for any fiscal year to the Chief Executive Officer and the three other highest paid executive officers other than the Chief Financial Officer unless the compensation qualifies as performance based. To maintain flexibility in compensating executive officers, the CN&G Committee does not require all compensation to be awarded in a tax-deductible manner, but it is their intent to do so to the extent possible and consistent with overall corporate goals. The Variable Bonus Plan and the compensation structure of our CEO's employment agreement is designed to maximize the deductibility of our compensation and incentive payments by taking into account the requirements of Section 162(m).

Nonqualified Deferred Compensation. Section 409A imposes penalties on participants in deferred compensation arrangements that do not comply with the strict requirements of the rules. The deferred compensation plans were amended effective January 1, 2009 to bring the plans into compliance with Section 409A. As required by the IRS, we believe that we have been operating in good faith compliance with the statutory provisions that became effective January 1, 2005 and the applicable guidance. A more detailed discussion of our nonqualified deferred compensation arrangements is provided below under the heading *2012 Nonqualified Deferred Compensation*.

Accounting for Stock-Based Compensation. We account for share-based compensation in accordance with Accounting Standards Codification Topic No. 718, *Compensation Stock Compensation*. See "Critical Accounting Policies" and Note 15 to our Consolidated Financial Statements, each in our Annual Report on Form 10-K for the year ended December 31, 2012.

Edgar Filing: CITY NATIONAL CORP - Form DEF 14A

Includes amounts contributed to our Executive Deferred Compensation Plan, which is an unfunded, nonqualified plan with no guaranteed level of performance or security. See *2012 Nonqualified Deferred Compensation* below for more information.

- (2) For fiscal year 2010, Brian Fitzmaurice was guaranteed an annual cash bonus in the amount of \$400,000.
- (3) The amounts shown in columns (e) and (f) for stock awards and option awards represent the aggregate grant date fair value computed in accordance with Accounting Standards Codification Topic No. 718, *Compensation - Stock Compensation*. See the Company's Annual Report on Form 10-K, "Critical Accounting Policies" and Note 15 to the Company's Consolidated Financial Statements for the year ended December 31, 2012 regarding the Company's accounting for share-based compensation plans. RS, RSU and CS-RSU awards are valued at the closing price of the Company's common stock on the date of award. The fair value of each option award is estimated on the date of grant using the Black-Scholes valuation model.
- (4) In 2011, each of Messrs. Carey, Warmuth and Cahill received a one-time special retention stock award in addition to their annual equity compensation awards, and, in lieu of that special equity award, Mr. Fitzmaurice received an increased annual equity award for retention purposes.
- (5) The non-equity incentive compensation award to Russell Goldsmith is paid in accordance with the terms of his employment agreement and the Variable Bonus Plan. Our next three most highly compensated NEOs (other than our CFO), were designated as eligible plan participants under the Variable Bonus Plan for 2012. For 2012, our CFO participated in the Bank's Executive Plan. See *Compensation Discussion and Analysis* for details regarding how objectives are set and actual incentive awards are calculated and determined for each NEO. See also *Grants of Plan-Based Awards*.
- (6) Amounts reported show the aggregate change in the actuarial present value of Russell Goldsmith's accumulated benefit under his SERP for fiscal years 2012, 2011 and 2010. In 2012, Russell Goldsmith's SERP benefit was terminated and the present value of the accumulated SERP benefit as of March 14, 2012 was invested on that date in fully vested interests in the CNC Stock Fund, which is measured in shares of our common stock. See *Compensation Discussion and Analysis, 2012 Pension Benefits* and *2012 Nonqualified Deferred Compensation* for more information. None of the NEOs earned above market or preferential earnings on nonqualified deferred compensation. Information on the NEOs' earnings under the Executive Deferred Compensation Plan is set forth in *2012 Nonqualified Deferred Compensation* below.

Table of Contents

(1) All stock options referenced in this table vest at the rate of 25% per year, on each of the first four anniversaries of the grant date.

(2) Unless otherwise noted in these footnotes, all RSUs, CS-RSUs and RS vest at the rate of 25% per year, beginning on the second anniversary of the grant date. Vested RSUs convert and are distributed at least six months after termination of employment. RSUs that have not vested at

termination are subject to forfeiture as described in the 2008 Plan. The market price of shares or units of stock that have not vested is calculated based on \$49.52 per share, the closing price of the Company's stock on December 31, 2012, as reported on the NYSE.

- (3) 50% of these RSUs vest five years after the grant date and the other 50% will vest six years after the grant date; provided that the RSU award is subject to forfeiture in the event of termination of employment for any reason other than death, total disability or a change in control.

2012 OPTION EXERCISES AND STOCK VESTED

The following table contains information relating to the exercise of stock options and vesting of RS and RSUs during fiscal year 2012.

- (2) 16,631 of the stock awards listed for Russell Goldsmith, 4,987 of the stock awards listed for Christopher J. Carey, and 5,904 of the stock awards listed for Christopher J. Warmuth, are RSUs that vested in 2012. Receipt of the shares represented by the RSUs is deferred, and the vested RSUs convert to shares and are distributable on a date that is at least six months after termination of employment.

- (3) The balance of the stock awards listed are vested RS which have been issued to these NEOs without further restrictions.

2012 PENSION BENEFITS

The following table provides the actuarial present value of accumulated benefits under the amended Supplemental Retirement Benefit Agreement as of March 14, 2012. As part of the amendment of our CEO's employment agreement, our CEO's Supplemental Retirement Benefit Agreement ("SERP") was amended to terminate our CEO's right to receive supplemental retirement benefits in exchange for fully vested interests in the CNC Stock Fund. There are no other Company plans that provide for specified retirement payments or benefits, including tax-qualified defined benefit plans and supplemental executive retirement plans, to the NEOs. The present value of accumulated benefit has been calculated using assumptions consistent with those used in the Company's financial statements.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year

Edgar Filing: CITY NATIONAL CORP - Form DEF 14A

Russell Goldsmith	Supplemental Retirement Benefit Agreement (Appendix A to Russell Goldsmith Employment Agreement)	16.41	8,347,725	(\$)	0
--------------------------	---	-------	-----------	------	---

On March 14, 2012, the actuarial present value of the accumulated SERP benefit was frozen as of that date and invested in fully vested interests in the CNC Stock Fund, which is measured in shares of our common stock. The cost of the SERP for the year ended December 31, 2012 was \$1,904,430 reflecting the pension expense recognized prior to the termination of this benefit on March 14, 2012 and the pension expense recognized as a result of the termination of this benefit. The SERP benefit was calculated based on 1.5432% per year of service multiplied by final average pay (the average of the highest three years of Russell Goldsmith's final five years' salary and bonus).

2012 NONQUALIFIED DEFERRED COMPENSATION

Pursuant to City National Bank's 2000 Executive Deferred Compensation Plan ("Executive DCP"), colleagues who are senior vice presidents or above can elect to defer up to 75% of their salary, up to 100% of their commissions, and up to 100% of their annual non-equity incentive bonus compensation, and, beginning in 2012, up to 100% of their CS-RSUs, cash-settled performance share units and cash-settled performance unit awards, instead of receiving these amounts as cash payments taxable in the year of receipt. For plan years from and after 2008, the Company will make a contribution to the account of each participant whose Profit Sharing Plan employer contribution was reduced as a result of deferrals to the Executive DCP. Any amount of base salary and/or commission that a colleague defers into the Executive DCP is not counted for purposes of calculating eligible compensation under the Profit Sharing Plan. If the Company makes a Profit Sharing Plan employer contribution, then the Company will contribute to a participant's account in the Executive DCP an amount equal to the amount of compensation (as such term is used in the Profit Sharing Plan) that such participant has elected to defer multiplied by the percentage of compensation that participants in the Profit Sharing Plan received as an employer contribution. Other than any profit sharing make-up contribution, contributions to the Executive DCP consist solely of colleague deferrals.

Under the Executive DCP, colleagues may select from investment options, approved by the Company's Benefits Committee, in which the deferred compensation is deemed to be invested, including the "CNC Stock Fund." Other than the CNC Stock Fund, the investment options are non-publicly traded mutual funds, and are only available through variable insurance products. Participants have no ownership interest in any of the investment options they select, as the investment options are used principally to measure gains or losses. In addition, share equivalents allocated to the CNC Stock Fund do not have voting rights. Investment experience is credited to the executives' accounts daily, net of all investment option related expenses. There is no guaranteed investment return on any deferred compensation amounts. Other than the CNC Stock Fund, executives may change investment allocation elections as often as daily. An executive will not subsequently be able to change his or her investment election (or diversify out of the CNC Stock Fund) for any amounts which the executive has designated to be invested in the CNC Stock Fund. The table below shows the seventeen funds in which more than 70% of the assets deferred to the Executive DCP have been allocated and their annual rate of return for the calendar year ended December 31, 2012, as reported by MullinTBG, the plan record keeper for the Executive DCP. These

Table of Contents

funds and the other investment options available to participants are used as the index for calculating investment returns on executives' deferrals under the Executive DCP.

The unfunded, non-qualified plan structure of the Executive DCP is required in order to preserve the beneficial tax deferral treatment for participating colleagues. Amounts in a colleague's deferral account represent unsecured claims against our assets.

Deferred amounts together with any credited investment returns are paid out to participating colleagues in accordance with their advance written election either (i) in a lump sum or in installments commencing at a specified date during the colleague's employment for amounts other than those invested in the CNC Stock Fund, or (ii) upon termination of employment. No in-service distribution election may be made for any funds deemed invested in the CNC Stock Fund. Hardship distributions are permitted for reason of "unforeseeable emergencies" and are subject to approval by the Benefits Committee. Non-scheduled in-service withdrawals are permitted only with respect to deferrals not subject to Section 409A of the Code and are subject to forfeiture equal to 10% of the amount withdrawn. Separate distribution elections are made for each deferral year, generally prior to the end of the prior deferral year. Changes to distribution elections are allowed in accordance with Executive DCP plan provisions and for compliance with Section 409A with respect to deferrals made for calendar years 2005 and later.

As part of the amendment of our CEO's employment agreement, our CEO's Supplemental Retirement Benefit Agreement was amended to terminate our CEO's right to receive supplemental retirement benefits in exchange for fully vested interests in the CNC Stock Fund. On March 14, 2012, the actuarial present value of the accumulated SERP benefit was frozen as of that date and invested in fully vested interests in the CNC Stock Fund, which is measured in shares of our common stock. Share equivalents allocated to the CNC Stock Fund do not have voting rights. Cash dividends which are paid on our common stock are deemed paid on the number of shares of our common stock represented in the CNC Stock Fund and deemed reinvested in the CNC Stock Fund on the dividend payment date. Our CEO is entitled to receive the lump sum value of the CNC Stock Fund, payable solely in shares of our common

stock, on the first day of the month following his termination of employment for any reason. Our CEO is not entitled to any installment or annuity payments related to this benefit.

Table of Contents

1.4. *Participation.* Awards may be granted by the Committee only to those persons that the Committee determines to be Eligible Employees or Non-Employee Directors. An Eligible Employee or Non-Employee Director, who has been granted an Award may, if otherwise eligible, be granted additional Awards if the Committee shall so determine.

1.5. *Shares Available for Awards.* Subject to the provisions of Section 6.2, the capital stock that may be delivered under this Plan shall be Shares of the Corporation's authorized but unissued Common Stock. The Shares may be delivered for any lawful consideration.

(a) Number of Shares.

(i) The maximum number of Shares that may be subject to Awards granted to Eligible Employees and Non-Employee Directors under this Plan (which is subject to the adjustments contemplated by Section 6.2) made after the action taken at the April 17, 2013 shareholder meeting, or any adjournment or postponement thereof, shall not exceed the sum of (i) 2,000,000 Shares approved by the shareholders, (ii) plus all Shares which were remaining available pursuant to shareholder approval of the Plan on May 9, 2012, and (iii) Shares that are the subject to the reissue of Awards pursuant to Sections 1.5(c), 6.13(b), 6.14(b), 6.15(b), and 6.16(b). If a Stock Appreciation Right is exercised the number of Shares to which such exercise relates under the applicable Award shall be charged against the maximum amount of Shares that may be subject to Awards under this Plan and, if applicable, such Award. For every Share subject to Awards of Restricted Stock, Restricted Stock Units, Performance Shares, Performance Share Units, or Performance Units actually paid in Shares under this Plan, the Shares available for grant hereunder shall be reduced by 2 Shares (3.3 Shares, for such Awards made prior to April 21, 2010).

(ii) The maximum number of Shares that may be granted pursuant to Awards of Incentive Stock Options shall not exceed 4,000,000 Shares, subject to the adjustments contemplated by Section 6.2.

(iii) The maximum Awards under this Plan that can be granted to any one Participant in any three calendar year period shall not exceed 2,400,000 Options or Stock Appreciation Rights, or in the case of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Share Units their equivalent at the ratio of 1:2 (1:3.3 for such Awards made prior to April 21, 2010), subject to adjustment as contemplated in Section 6.2.

(b) *Reservation of Shares.* Common Stock subject to outstanding Awards shall be reserved for issuance. If the Corporation withholds Shares (1) pursuant to Section 2.2(b) or (2) in the case of an Award other than an Award of Restricted Stock, Restricted Stock Units, Performance Shares, Performance Share Units or Performance Units, pursuant to Section 6.5, the number of Shares that would have been deliverable with respect to an Award (including, the number of Shares withheld) shall not be available for additional Awards under this Plan.

(c) *Reissue of Awards.* Subject to any restrictions under Rule 16b-3, (i) Shares which are subject to any unexercised, unvested or undistributed portion of any expired, canceled, terminated or forfeited Award, provided the Participant has not received dividends during the period in which the Participant's ownership was not vested, (ii) Shares which are subject to any Award, or portion of any Award, that is settled for cash and (iii) Shares which are withheld for taxes in connection with an Award of Restricted Stock, Restricted Stock Units, Performance Shares, Performance Share Units or Performance Units shall again be available for Award. If Shares are withheld or tendered as payment of the exercise price or for taxes in connection with an Award other than an Award of Restricted Stock, Restricted Stock Units, Performance Shares, Performance Share Units or Performance Units, however, such Shares may not be reissued or otherwise treated as available for additional Awards or issuance under the Plan. For Stock Appreciation Rights, the specified number of Shares underlying the Award shall be treated as being unavailable for other Awards or other issuances unless the Stock Appreciation Right is forfeited, terminated or cancelled without the delivery of Shares.

Table of Contents

Every Share subject to Awards of Restricted Stock, Restricted Stock Units, Performance Shares, Performance Share Units or Performance Units that becomes available for reissue of Awards pursuant to this Section 1.5(c) shall increase the number of Shares that may be subject to Awards granted under this Plan by 2 Shares (3.3 Shares for Awards granted prior to April 21, 2010) (which corresponds to the reduction factor used at the time of the Award as set forth in Section 1.5(a) above).

Every Share subject to Awards of Restricted Stock or Restricted Stock Units that becomes available for reissue of Awards pursuant to Sections 6.13(b), 6.14(b), 6.15(b) or 6.16(b) shall increase the number of Shares that may be subject to Awards granted under this Plan by the same reduction factor (if any) set forth in the Corporation's plan under which such Shares were awarded.

(d) Interpretive Issues. Additional rules for determining the number of Shares authorized under the Plan may be adopted by the Committee as it deems necessary or appropriate; provided that such rules are consistent with Rule 16b-3.

1.6. *Grant of Awards.* Subject to the express provisions of this Plan, the Committee shall determine the number of Shares subject to each Award, and the price (if any) to be paid for the Shares or the Award and, in the case of Performance Shares, Performance Share Units, Performance Units, or, in its discretion, any other Awards, in addition to matters addressed in Section 1.3(b), the Performance Goals and other specific objectives, goals and performance criteria that further define the terms of such Award. Each Award shall be evidenced by an Award Agreement signed by the Corporation and, if required by the Committee, by the Participant.

1.7. *Award Period.* Each Award and all executory rights or obligations under the related Award Agreement shall expire on such date (if any) as shall be determined by the Committee, but, in the case of Options or Stock Appreciation Rights, not later than ten (10) years after the Award Date.

1.8. *Limitations on Exercise and Vesting of Awards.*

(a) Provisions for Exercise and Vesting. Except as may otherwise be provided in this Plan, no Award shall be exercisable or shall vest until at least six months after the initial Award Date. Once exercisable an Award shall remain exercisable until the expiration or earlier termination of the Award, unless the Committee otherwise provides. For the avoidance of doubt, Awards may become exercisable or may vest or the restrictions thereon may lapse prior to the six-month anniversary of the initial Award Date in the event of the Participant's death or Total Disability or a Change in Control Event.

(b) Procedure. Any exercisable Award shall be deemed to be exercised when the Controller's Office of the Corporation receives written notice of such exercise from the Participant or his or her broker, together with any required payment made in accordance with Section 2.2(b).

(c) Fractional Shares/Minimum Issue. Fractional share interests shall be disregarded, but may be accumulated. The Committee, however, may determine that cash, other securities or other property will be paid or transferred in lieu of any fractional share interests. No fewer than 100 Shares may be purchased on exercise of any Award at one time unless the number purchased is the total number at the time available for purchase under the Award.

1.9. *No Transferability.*

(a) Awards may be exercised only by the Participant or, if the Participant has died, the Participant's Beneficiary or, if the Participant has suffered a Total Disability, the Participant's Personal Representative, if any, or if there is none, the Participant, or (to the extent permitted by applicable law and Rule 16b-3) a third party pursuant to such conditions and procedures as the Committee may establish. Other than upon death or pursuant to a DRO or other exception to transfer restrictions under Rule 16b-3 (except to the extent not permitted in the case of an Incentive Stock Option), no right or benefit under this Plan or any Award shall be transferable by the Participant or shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge (other than to the Corporation), and any such

attempted action shall be void. The Corporation shall disregard any attempt at transfer, assignment or other alienation prohibited by the preceding sentences and shall pay or deliver such cash or Shares in accordance with the provisions of this Plan.

(b) The restrictions on exercise and transfer above shall not be deemed to prohibit the authorization by the Committee of "cashless exercise" procedures with either affiliated persons or unaffiliated third parties who provide financing for the purpose of (or who otherwise facilitate) the exercise of Awards consistent with applicable legal restrictions and Rule 16b-3, nor, to the extent permitted by the Committee, transfers for estate and financial planning purposes, notwithstanding that the inclusion of such features may render the particular Awards ineligible for the benefits of Rule 16b-3, nor, in the case of Participants who are not Section 16 Persons, transfers to such other persons or in such other circumstances as the Committee may in the Award Agreement or other writing expressly permit.

II. OPTIONS

2.1. *Grants.* One or more Options may be granted under this Article to any Eligible Employee or Non-Employee Director, subject to the provisions of Section 1.5. Each Option granted may be either an Option intended to be an Incentive Stock Option or an Option not so intended, and such intent shall be indicated in the applicable Award Agreement.

2.2. *Option Price.*

(a) *Pricing Limits.* Subject to Section 2.3(c), the purchase price per Share covered by each Option shall be determined by the Committee at the time the Option is granted, but shall not be less than 100% of the Fair Market Value of a Share on the Award Date.

(b) *Payment Provisions.* The purchase price of any Shares purchased on exercise of an Option granted under this Article shall be paid in full at the time of each purchase in one or a combination of the following methods: (i) in cash or by electronic funds transfer; (ii) by check payable to the order of the Corporation; (iii) by notice and third party payment in such manner as may be authorized by the Committee; (iv) by the delivery of Shares already owned by the Participant, provided, however, that the Committee may in its absolute discretion limit the Participant's ability to exercise an Award by delivering such Shares; or (v) if authorized by the Committee or specified in the applicable Award Agreement, by reduction in the number of Shares otherwise deliverable upon exercise by that number of Shares which have a then Fair Market Value equal to such purchase price. Previously owned Shares used to satisfy the exercise price of an Option under clause (iv) shall be valued at their Fair Market Value on the date of exercise.

2.3. *Limitations on Grant and Terms of Incentive Stock Options.*

(a) *\$100,000 Limit.* To the extent that the aggregate "fair market value" of Common Stock with respect to which Incentive Stock Options first become exercisable by a Participant in any calendar year exceeds \$100,000, taking into account both Common Stock subject to Incentive Stock Options under this Plan and stock subject to incentive stock options under all other plans of the Corporation, such options shall be treated as Nonqualified Stock Options. For this purpose, the "fair market value" of the Common Stock subject to Options shall be determined as of the date the Options were awarded. In reducing the number of Options treated as Incentive Stock Options to meet the \$100,000 limit, the most recently granted Options shall be reduced first. To the extent a reduction of simultaneously granted Options is necessary to meet the \$100,000 limit, the Committee may, in the manner and to the extent permitted by law, designate which Shares of Common Stock are to be treated as Shares acquired pursuant to the exercise of an Incentive Stock Option.

(b) *Other Code Limits.* There shall be imposed in any Award Agreement relating to Incentive Stock Options such terms and conditions as from time to time are required in order that the Option be an "incentive stock option" as that term is defined in Section 422 of the Code.

Table of Contents

(c) **Limits on 10% Holders.** No Incentive Stock Option may be granted to any person who, at the time the Option is granted, owns (or is deemed to own under Section 424(d) of the Code) Shares of outstanding Common Stock possessing more than 10% of the total combined voting power of all classes of stock of the Corporation, unless the exercise price of such Option with respect to the Common Stock covered by the Option is at least 110% of the Fair Market Value of the Common Stock subject to the Option and such Option by its terms is not exercisable after the expiration of five years from the date such Option is granted.

(d) No Incentive Stock Options may be granted to an individual who is not an employee of the Corporation.

2.4. **Option Period.** Subject to Section 2.3(c), each Option and all rights thereunder shall expire no later than ten years after the Award Date.

2.5. **No Option Repricing.** Subject to Section 6.2 and Section 6.6, the Committee may not reduce the exercise price of any Option granted pursuant to the Plan following the date of the Award or accept the surrender of outstanding Options in exchange for cash or as consideration for the grant of a new Award with an exercise price that is less than the exercise price of the Award.

III. STOCK APPRECIATION RIGHTS

3.1. **Grants.** In its discretion, the Committee may grant to any Eligible Employee or Non-Employee Director Stock Appreciation Rights either concurrently with the grant of another Award or in respect of an outstanding Award, in whole or in part, or independently of any other Award. Any Stock Appreciation Right granted in connection with an Incentive Stock Option shall contain such terms as may be required to comply with the provisions of Section 422 of the Code and the regulations promulgated thereunder.

3.2. **Exercise of Stock Appreciation Rights.**

(a) **Exercisability.** A Stock Appreciation Right related to another Award shall be exercisable at such time or times, and to the extent, that the related Award shall be exercisable.

(b) **Effect on Available Shares.** In the event that a Stock Appreciation Right related to another Award is exercised, the number of Shares subject to the Award shall be charged against the number of Shares subject to the Stock Appreciation Right and the related Option of the Participant.

(c) **Stand-Alone SARs.** A Stock Appreciation Right granted independently of any other Award shall be exercisable pursuant to the terms of the Award Agreement, but, unless the Committee determines otherwise, in no event earlier than six months after the Award Date.

(d) **Exercise Period.** Each Stock Appreciation Right and all rights thereunder shall expire no later than ten years after the Award Date.

3.3. **Payment.**

(a) **Pricing Limits.** The exercise price per Share or the initial Share value covered by each Stock Appreciation Right shall be determined by the Committee at the time the Stock Appreciation Right is granted, but shall not be less than 100% of the Fair Market Value of a Share on the Award Date.

(b) **Amount.** Unless the Committee otherwise provides, upon exercise of a Stock Appreciation Right, the Participant shall be entitled to receive payment of an amount determined by multiplying:

(i) The difference obtained by subtracting the exercise price per Share under the Award or the initial Share value specified in the Award from the Fair Market Value of a Share on the date of exercise of the Stock Appreciation Right, by

(ii) The number of Shares with respect to which the Stock Appreciation Right shall have been exercised.

Table of Contents

Notwithstanding the above, the Committee may place a maximum limitation on the amount payable upon exercise of a Stock Appreciation Right. Such limitation, however, must be determined as of the Award Date and noted on the Award Agreement evidencing the Stock Appreciation Right granted hereunder.

(c) *Form of Payment.* The Committee, in its sole discretion, shall determine the form in which payment shall be made of the amount determined under paragraph (b) above, either solely in cash, solely in Shares (valued at Fair Market Value on the date of exercise of the Stock Appreciation Right), or partly in such Shares and partly in cash, provided that the Committee shall have determined that such exercise and payment are consistent with applicable law. If the Committee permits the Participant to elect to receive cash or Shares (or a combination thereof) on such exercise, any such election shall be subject to such conditions as the Committee may impose and, in the case of any Section 16 Person, any election to receive cash shall be subject to any applicable limitations under Rule 16b-3.

3.4. *No Stock Appreciation Right Repricing.* Subject to Section 6.2 and Section 6.6, the Committee may not reduce the exercise price of any Stock Appreciation Right granted pursuant to the Plan following the date of the Award or accept the surrender of outstanding Stock Appreciation Rights in exchange for cash or as consideration for the grant of a new Award with an exercise price that is less than the exercise price of the Award.

IV. RESTRICTED STOCK AND RESTRICTED STOCK UNIT AWARDS

4.1. *Grants.* The Committee may, in its discretion, grant one or more Restricted Stock Awards to any Eligible Employee or Non-Employee Director. Each Restricted Stock Award Agreement shall specify the number of Shares to be issued, the date of such issuance, the consideration for such Shares (but not less than the minimum lawful consideration) to be paid, if any, by the Participant and the restrictions imposed on such Shares and the conditions of release or lapse of such restrictions.

4.2. *Restrictions.*

(a) *Pre-Vesting Restraints.* Except as provided in Section 1.9, restricted shares comprising any Restricted Stock Award may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered either voluntarily or involuntarily, until such shares have vested.

(b) *Dividend and Voting Rights.* Unless otherwise provided in the applicable Award Agreement, a Participant receiving a Restricted Stock Award shall be entitled to cash dividends and voting rights for all Shares issued even though they are not vested, provided that such rights shall terminate immediately as to any restricted Shares which cease to be eligible for vesting. The Committee shall have the discretion, as evidenced in the applicable Award Agreement and subject to Section 4.5, to provide that (i) cash dividends on the Shares subject to the Restricted Stock Award shall be automatically deferred and reinvested in additional Restricted Stock, held subject to the vesting of the underlying Restricted Stock, and (ii) subject to any adjustment pursuant to Section 6.2(a), dividends payable in Common Stock shall be paid in the form of Restricted Stock of the same class as the Common Stock with which such dividend was paid, held subject to the vesting of the underlying Restricted Stock.

(c) *Cash Payments.* If the Participant shall have received cash (including any dividends) in connection with the Restricted Stock Award, the Award Agreement shall specify whether and to what extent such cash shall be returned (with or without an earnings factor) as to any restricted shares which cease to be eligible for vesting.

(d) *Conditions of Release or Lapse of Restrictions.* Except in the case of the Participant's death or Total Disability or in the case of a Change in Control Event, the restrictions imposed on Restricted Stock as provided for in the Restricted Stock Award Agreements may not lapse with respect to any Award of Restricted Stock (but not with respect to any Performance Share Award, Performance Share Unit Award or Performance Unit Award) over a period of less than three (3) years following the date of the Award.

Table of Contents

4.3. *Return to the Corporation.* Unless the Committee otherwise expressly provides, shares of Restricted Stock that are subject to restrictions at the time of termination of employment or are subject to other conditions to vest that have not been satisfied by the time specified in the applicable Award Agreement shall not vest and shall be returned to the Corporation in such manner and on such terms as the Committee shall therein provide.

4.4. *Restricted Stock Units.*

(a) *Grants.* The Committee may, in its discretion, grant to any Eligible Employee or Non-Employee Director an Award of Restricted Stock Units on such terms as the Committee may determine in its sole discretion, but subject to the vesting restrictions contained in Section 4.2(d) applicable to Restricted Stock Awards. All such Restricted Stock Unit Awards shall constitute Awards for all purposes of the Plan, and may be paid in Shares or cash (or in a combination of Shares and cash) as provided by the Committee in the applicable Award Agreement. The Committee may also grant Dividend Equivalents in connection with any such Award which is made under the Plan on such terms as the Committee may determine in its sole discretion.

(b) *Dividend Equivalent Rights.* Unless otherwise provided in the applicable Award Agreement, a Participant receiving a Restricted Stock Unit Award shall be entitled to Dividend Equivalents for all Restricted Stock Units issued even though they are not vested, provided that such rights shall terminate immediately as to any Restricted Stock Units which cease to be eligible for vesting. The Committee shall have the discretion, as evidenced in the applicable Award Agreement and subject to Section 4.5, to provide that (i) Dividend Equivalents on the Shares subject to the Restricted Stock Unit Award shall be automatically deferred and reinvested in additional Restricted Stock Units, held subject to the vesting of the underlying Restricted Stock Units, and (ii) subject to any adjustment pursuant to Section 6.2(a), Dividend Equivalents payable in Common Stock shall be paid in the form of Restricted Stock Units of the same class as the Common Stock with which such Dividend Equivalent was paid, held subject to the vesting of the underlying Restricted Stock Units.

4.5. *Limitation on Dividend Reinvestment and Dividend Equivalents.* Reinvestment of dividends in additional Restricted Stock at the time of any dividend payment, and the payment of Shares with respect to Dividend Equivalents to Participants holding Awards of Restricted Stock Units, shall only be permissible if sufficient Shares are available under Section 1.5 for such reinvestment or payment (taking into account then outstanding Awards). In the event that sufficient Shares are not available for such reinvestment or payment, such reinvestment or payment shall be made in the form of a grant of Restricted Stock Units equal in number to the Shares that would have been obtained by such payment or reinvestment, the terms of which Restricted Stock Units shall provide for settlement in cash and for Dividend Equivalent reinvestment in further Restricted Stock Units on the terms contemplated by this Section 4.5

V. PERFORMANCE AWARDS

5.1. *Performance Share Awards.*

(a) *Grants.* The Committee may, in its discretion, grant Performance Share Awards to any Eligible Employee or Non-Employee Director based upon such factors as the Committee shall deem relevant in light of the specific type and terms of the Award. An Award Agreement shall specify the number of Shares to be issued subject to the Performance Share Award, the date of such issuance, the consideration for such Shares (but not less than the minimum lawful consideration) to be paid, if any, by the Participant, the Performance Goals and Performance Period or any other conditions upon which vesting of the Award to the Participant shall be based. Subject to paragraph (c) of this Section 5.1, the Committee may provide for full or partial vesting, prior to completion of the Performance Period or the attainment of the Performance Goals specified in the applicable Award Agreement as the Committee, consistent with Section 6.10(c)(ii), if applicable, may determine.

Table of Contents

(b) Dividend and Voting Rights. Unless otherwise provided in the applicable Award Agreement, a Participant receiving a Performance Share Award shall be entitled to cash dividends and voting rights for all Shares issued even though they are not vested, provided that such rights shall terminate immediately as to any Performance Shares which cease to be eligible for vesting. The Committee shall have the discretion, as evidenced in the applicable Award Agreement and subject to Section 5.3, to provide that (i) cash dividends on the Shares subject to the Performance Share Award shall be automatically deferred and reinvested in additional Performance Shares, held subject to the vesting of the underlying Performance Shares, and (ii) subject to any adjustment pursuant to Section 6.2(a), dividends payable in Common Stock shall be paid in the form of Performance Shares of the same class as the Common Stock with which such dividend was paid, held subject to the vesting of the underlying Performance Shares.

(c) Conditions of Release or Lapse of Restrictions. Except in the case of the Participant's death or Total Disability or in the case of a Change in Control Event, the restrictions imposed on Performance Share Awards as provided for in the Performance Share Award Agreements may not lapse with respect to any Award of Performance Shares over a period of less than twelve (12) months following the date of the Award.

5.2. Performance Share Unit Awards.

(a) Grants. The Committee may, in its discretion, grant to any Eligible Employee or Non-Employee Director an Award of Performance Share Units based upon such factors as the Committee shall deem relevant in light of the specific type and terms of the Award. An Award Agreement shall specify the maximum number of Shares (if any) subject to the Performance Share Unit Award, the Performance Goals and Performance Period or any other conditions upon which payment of the Award to the Participant shall be based. All such Performance Share Unit Awards shall constitute Awards for all purposes of the Plan, and may be paid in Shares or cash (or in a combination of Shares and cash) as provided by the Committee in the applicable Award Agreement. The Committee may also grant Dividend Equivalents in connection with any such Award which is made under the Plan on such terms as the Committee may determine in its sole discretion. Subject to paragraph (c) of this Section 5.2, the Committee may provide for full or partial vesting, prior to completion of the Performance Period or the attainment of the Performance Goals specified in the applicable Award Agreement as the Committee, consistent with Section 6.10(c)(ii), if applicable, may determine.

(b) Dividend Equivalent Rights. Unless otherwise provided in the applicable Award Agreement, a Participant receiving a Performance Share Unit Award shall be entitled to Dividend Equivalents for all Performance Share Units issued even though they are not vested, provided that such rights shall terminate immediately as to any Performance Share Units which cease to be eligible for vesting. The Committee shall have the discretion, as evidenced in the applicable Award Agreement and subject to Section 5.3, to provide that (i) Dividend Equivalents on the Shares subject to the Performance Share Unit Award shall be automatically deferred and reinvested in additional Performance Share Units, held subject to the vesting of the underlying Performance Share Units, and (ii) subject to any adjustment pursuant to Section 6.2(a), Dividend Equivalents payable in Common Stock shall be paid in the form of Performance Share Units of the same class as the Common Stock with which such Dividend Equivalent was paid, held subject to the vesting of the underlying Performance Share Units.

(c) Conditions of Release or Lapse of Restrictions. Except in the case of the Participant's death or Total Disability or in the case of a Change in Control Event, the restrictions imposed on Performance Share Unit Awards as provided for in the Performance Share Unit Award Agreements may not lapse with respect to any Award of Performance Share Units over a period of less than twelve (12) months following the date of the Award.

5.3. Limitation on Dividend Reinvestment and Dividend Equivalents. Reinvestment of dividends in additional Performance Shares at the time of any dividend payment, and the payment of Shares with respect to Dividend Equivalents to Participants holding Awards of Performance Share Units, shall only be

permissible if sufficient Shares are available under Section 1.5 for such reinvestment or payment (taking into account then outstanding Awards). In the event that sufficient Shares are not available for such reinvestment or payment, such reinvestment or payment shall be made in the form of a grant of Performance Share Units equal in number to the Shares that would have been obtained by such payment or reinvestment, the terms of which Performance Share Units shall provide for settlement in cash and for Dividend Equivalent reinvestment in further Performance Share Units on the terms contemplated by this Section 5.3.

5.4. *Performance Units.* Performance Units may be issued hereunder to Eligible Employees, for no cash consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan. The Performance Goals to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Unit. The conditions for grant or vesting and the other provisions of Performance Units (including, without limitation, any applicable Performance Goals) need not be the same with respect to each recipient. Performance Units may be paid in cash or Shares (or any combination thereof) as provided by the Committee in the applicable Award Agreement. The performance levels to be achieved for each Performance Period and the amount of the Award to be distributed shall be conclusively determined by the Committee. Performance Units may be paid in a lump sum or in installments following the close of the Performance Period. The maximum value of the property, including cash or Shares, that may be paid or distributed to any Participant pursuant to a grant of Performance Units under this Plan with respect to any three calendar year period shall be \$15.0 million dollars. Except in the case of the Participant's death or Total Disability or in the case of a Change in Control Event, the restrictions imposed on Performance Units as provided for in the Performance Unit Agreements may not lapse with respect to any Award of Units over a period of less than twelve (12) months following the date of the Award.

VI. OTHER PROVISIONS

6.1. *Rights of Eligible Employees, Participants and Beneficiaries.*

(a) *Employment Status.* Status as an Eligible Employee shall not be construed as a commitment that any Award will be made under this Plan to an Eligible Employee or to Eligible Employees generally.

(b) *No Employment Contract.* Nothing contained in this Plan (or in any other documents related to this Plan or to any Award) shall confer upon any Eligible Employee or Participant any right to continue in the employ or other service of the Corporation or constitute any contract or agreement of employment or other service, nor shall interfere in any way with the right of the Corporation to change such person's compensation or other benefits or to terminate the employment of such person, with or without cause; provided that nothing contained in this Plan or any document related hereto shall adversely affect any independent contractual right of such person without his or her consent thereto.

(c) *Plan Not Funded.* Awards payable under this Plan shall be payable in Shares or from the general assets of the Corporation, and no special or separate reserve, fund or deposit shall be made to assure payment of such Awards. No Participant, Beneficiary or other person shall have any right, title or interest in any fund or in any specific asset (including Shares except as expressly otherwise provided) of the Corporation by reason of any Award hereunder. Neither the provisions of this Plan (or of any related documents), nor the creation or adoption of this Plan, nor any action taken pursuant to the provisions of this Plan shall create, or be construed to create, a trust of any kind or a fiduciary relationship between the Corporation and any Participant, Beneficiary or other person. To the extent that a Participant, Beneficiary or other person acquires a right to receive payment pursuant to any Award hereunder, such right shall be no greater than the right of any unsecured general creditor of the Corporation.

6.2. *Adjustments; Accelerations.*

(a) Adjustments. If the outstanding Shares are changed into or exchanged for cash, other property or a different number or kind of shares or securities of the Corporation, or if additional shares or new or different securities are distributed with respect to the outstanding Shares, through a reorganization or merger in which the Corporation is the surviving entity, or through a combination, consolidation, recapitalization, reclassification, stock split, stock dividend, reverse stock split, stock consolidation, dividend or distribution of cash or property to the shareholders of the Corporation, or a sale of substantially all the assets of the Corporation as an entirety, then the Committee shall (1) proportionately adjust any or all terms of outstanding Awards including, but not limited to, (A) the number and kind of shares of Common Stock or other consideration that is subject to or may be delivered under this Plan and pursuant to outstanding Awards, (B) the exercise price or consideration payable with respect to Awards granted prior to any such change, or (C) the performance standards appropriate to any outstanding Awards; or (2) in the case of an extraordinary dividend or other distribution, merger, reorganization, consolidation, combination, sale of assets, split up, exchange, or spin off, make provision for a cash payment or for the substitution or exchange of any or all outstanding Awards or the cash, securities or property deliverable to the holder of any or all outstanding Awards based upon the distribution or consideration payable to holders of Common Stock upon or in respect of such event; provided, however, in each case, that with respect to Awards of Incentive Stock Options and any Award subject to Section 409A of the Code, no such adjustment shall be made which would cause the Plan to violate Section 422 or 424(a) of the Code or any successor provisions thereto. Corresponding adjustments shall be made with respect to any Stock Appreciation Rights based upon the adjustments made to the Options to which they are related. In any of such events, the Committee may take such action sufficiently prior to such event if necessary to permit the Participant to realize the benefits intended to be conveyed with respect to the underlying Shares in the same manner as is available to shareholders generally. Unless the Committee determines otherwise, with respect to any Award which is intended to qualify as "performance-based compensation" under Section 162(m) of the Code, such adjustments or substitutions shall be made only to the extent that the Committee determines that such adjustments or substitutions may be made without causing the Corporation to be denied a tax deduction on account of Section 162(m) of the Code.

(b) Acceleration of Awards Upon Change in Control Event. Upon the occurrence of a Change in Control Event (i) each Option and Stock Appreciation Right shall become immediately exercisable, (ii) Restricted Stock (and Restricted Stock Units) shall immediately vest free of restrictions, and (iii) each Performance Share, Performance Share Unit and Performance Unit shall become vested to the extent provided in the Award Agreement. Notwithstanding the foregoing, prior to a Change in Control Event, the Committee may determine that, upon its occurrence, there shall be no acceleration of vesting of benefits under Awards or determine that only certain or limited vesting of benefits under Awards shall be accelerated and the extent to which they shall be accelerated, and/or establish a different time in respect of such event for such acceleration. In that event, the Committee will make provision in connection with such transaction for continuance of the Plan and the assumption of Options and Awards theretofore granted, or the substitution for such Options and Awards with new options and awards covering the stock of a successor employer corporation, or a parent or subsidiary thereof, with appropriate adjustments as to number and kind of shares, exercise prices and cash payments. In addition, the Committee may override the limitations on acceleration in this Section 6.2(b) by express provision in the Award Agreement and may accord any Participant a right to refuse any acceleration, whether pursuant to the Award Agreement or otherwise, in such circumstances as the Committee may approve. Any acceleration of Awards shall comply with applicable regulatory requirements, including without limitation Sections 409A and 422 of the Code.

(c) Possible Early Termination of Accelerated Awards. If any Option or other right to acquire Shares or cash under this Plan has not been exercised prior to (i) a dissolution of the Corporation, (ii) a reorganization event described in Section 6.2(a) that the Corporation does not survive, or (iii) the consummation of a reorganization event described in Section 6.2(a) that results in a Change in Control

Table of Contents

Event approved by the Board and no provision has been made for the survival, substitution, exchange or other settlement of such Option or right, such Option or right shall thereupon terminate.

6.3. *Effect of Termination of Service.* The Committee shall establish in respect of each Award the effect of a termination of service on the rights and benefits thereunder and in so doing may make distinctions based upon the cause of termination, e.g., Retirement, early Retirement, termination with or without cause, disability or death. Notwithstanding any terms to the contrary in an Award Agreement or this Plan, the Committee may decide in its complete discretion to extend the exercise period of an Award (although not beyond the period described in Sections 2.3(c) or 2.4, as applicable, in the case of Options and Section 3.2(d) in the case of Stock Appreciation Rights) and, subject to Sections 1.8(a), 4.2(d), 5.1(c), 5.2(c) and 5.4, increase the number of Shares covered by the Award with respect to which the Award is then exercisable or vested.

6.4. *Compliance with Laws.* This Plan, the granting and vesting of Awards under this Plan and the offer, issuance and delivery of Shares and/or the payment of money under this Plan or under Awards granted hereunder are subject to compliance with all applicable federal and state laws, rules and regulations (including, but not limited to, state and federal securities laws and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Corporation, be necessary or advisable in connection therewith. Any securities delivered under this Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Corporation, provide such assurances and representations to the Corporation as the Corporation may deem necessary or desirable to assure compliance with all applicable legal requirements. The administration of the Plan and all determinations and discretionary actions by the Committee shall comply with all applicable federal and state laws, rules and regulations (including, but not limited to, the Sarbanes-Oxley Act of 2002), the New York Stock Exchange Corporate Governance Rules and other applicable listing standards and Section 6.17 hereof.

6.5. *Tax Withholding.* Upon any exercise, vesting, or payment of any Award, the Corporation shall have the right at its option to (i) require the Participant (or his or her Personal Representative or Beneficiary, as the case may be) to pay or provide for payment of the amount of any taxes which the Corporation may be required to withhold with respect to such transaction or (ii) deduct from any amount payable in cash the amount of any taxes which the Corporation may be required to withhold with respect to such cash amount. In any case where a tax is required to be withheld in connection with the delivery of Shares under this Plan, the Committee may grant (either at the time of the Award or thereafter) to the Participant the right to elect, or the Committee may require (either at the time of the Award or thereafter), pursuant to such rules and subject to such conditions as the Committee may establish, to have the Corporation reduce the number of Shares to be delivered by the appropriate number of Shares, valued at their then Fair Market Value, to satisfy the minimum withholding obligation.

6.6. *Plan Amendment, Termination and Suspension.*

(a) *Board Authorization.* The Board may, at any time, terminate or, from time to time, amend, modify or suspend this Plan, in whole or in part. No Awards may be granted during any suspension of this Plan or after termination of this Plan, but the Committee shall retain jurisdiction as to Awards then outstanding in accordance with the terms of this Plan. Any suspension will not affect the expiration of the Plan set forth in Section 6.9.

(b) *Shareholder Approval.* If any amendment would materially increase the aggregate number of Shares or other securities that may be issued under this Plan or materially modify the requirements as to eligibility for participation in this Plan or would otherwise require shareholder approval to comply with any applicable federal or state law or applicable New York Stock Exchange listing standard, then to the extent then required by Rule 16b-3 to secure benefits thereunder or to avoid liability under Section 16 of the Exchange Act (and Rules thereunder) or required under Section 424 of the Code or any other applicable

Table of Contents

law or New York Stock Exchange listing standard, or deemed necessary or advisable by the Board, such amendment shall be subject to shareholder approval.

(c) Amendments to Awards. Without limiting any other express authority of the Committee under, but subject to the express limits of, this Plan, the Committee by agreement or resolution may waive conditions of or limitations on Awards that the Committee in the prior exercise of its discretion has imposed, without the consent of the Participant, and may make any changes to the terms and conditions of Awards which are necessary to comply with Section 409A of the Code and any other changes to the terms and conditions of Awards that do not affect in any manner materially adverse to the Participant his or her rights and benefits under an Award.

(d) Limitations on Amendments to Plan and Awards. No amendment, suspension or termination of the Plan or change of or affecting any outstanding Award shall, without written consent of the Participant, affect in any manner materially adverse to the Participant any rights or benefits of the Participant or obligations of the Corporation under any Award granted under this Plan prior to the effective date of such change, except as may be required to comply with Section 409A of the Code. Changes contemplated by Section 6.2 shall not be deemed to constitute changes or amendments for purposes of this Section 6.6.

6.7. *Privileges of Stock Ownership.* Except as otherwise expressly authorized by the Committee or this Plan, a Participant shall not be entitled to any privilege of stock ownership as to any Shares not actually delivered to and held of record by him or her. No adjustment will be made for dividends or other rights as a shareholder for which a record date is prior to such date of delivery.

6.8. *Effective Date of the Plan.* This Plan shall be effective as of March 5, 2008, the date of Board and Committee approval.

6.9. *Term of the Plan.* No Award shall be granted more than ten years after the effective date of this Plan (the "termination date"). Unless otherwise expressly provided in this Plan or in an applicable Award Agreement, any Award theretofore granted may extend beyond such date, and all authority of the Committee with respect to Awards hereunder shall continue during any suspension of this Plan and in respect of outstanding Awards on such termination date.

6.10. *Governing Law; Construction; Severability.*

(a) Choice of Law. This Plan, the Awards, all documents evidencing Awards and all other related documents shall be governed by and construed in accordance with the laws of the State of California applicable to contracts made and performed within such State, except as such laws may be supplanted by the laws of the United States of America, which laws shall then govern its effect and its construction to the extent they supplant California law.

(b) Severability. If any provision shall be held by a court of competent jurisdiction to be invalid and unenforceable, the remaining provisions of this Plan shall continue in effect.

(c) Plan Construction.

(i) It is the intent of the Corporation that this Plan and Awards hereunder satisfy and be interpreted in a manner that in the case of Participants who are or may be subject to Section 16 of the Exchange Act satisfies the applicable requirements of Rule 16b-3, so that such persons will be entitled to the benefits of Rule 16b-3 or other exemptive rules under Section 16 of the Exchange Act and will not be subjected to avoidable liability thereunder. If any provision of this Plan or of any Award or any prior action by the Committee would otherwise frustrate or conflict with the intent expressed above, that provision to the extent possible shall be interpreted and deemed amended so as to avoid such conflict, but to the extent of any remaining irreconcilable conflict with such intent as to such persons in the circumstances, such provision shall be deemed void.

Table of Contents

(ii) It is the further intent of the Corporation that Options, Stock Appreciation Rights, Performance Shares, Performance Share Units and Performance Units that are granted to or held by a Covered Person, as such term is defined in Section 162(m) of the Code, or other persons designated by the Committee, shall qualify as performance-based compensation under Section 162(m) of the Code, and this Plan shall be interpreted consistent with such intent.

6.11. *Captions.* Captions and headings are given to the sections and subsections of this Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

6.12. *Non-Exclusivity of Plan.* Nothing in this Plan shall limit or be deemed to limit the authority of the Board or the Committee to grant awards or authorize any other compensation, with or without reference to the Common Stock, under any other plan or authority, except as provided in Sections 6.13, 6.14, 6.15, and 6.16.

6.13. *Relation to 1999 Omnibus Plan.*

(a) No New Awards. Notwithstanding any other provisions to the contrary in this Plan, no new awards will be granted under the Corporation's 1999 Omnibus Plan.

(b) Reissue of Awards. Any unexercised, unvested or undistributed portion of any expired, cancelled, terminated or forfeited awards under the Corporation's 1999 Omnibus Plan, with respect to any such expirations, cancellations, terminations or forfeitures which occur after shareholder approval of this Plan pursuant to Section 6.8 and filing a Form S-8 registration statement with the Securities and Exchange Commission for this Plan, shall be added to the number of Shares available and shall be available for Awards under this Plan, in the same manner and to the same extent as provided for reissue of Awards under this Plan pursuant to Section 1.5(c).

6.14. *Relation to 1995 Omnibus Plan.*

(b) Reissue of Awards. Any unexercised, unvested or undistributed portion of any expired, cancelled, terminated or forfeited awards under the Corporation's 1995 Omnibus Plan, with respect to any such expirations, cancellations, terminations or forfeitures which occur after shareholder approval of this Plan pursuant to Section 6.8 and filing a Form S-8 registration statement with the Securities and Exchange Commission for this Plan, shall be added to the number of Shares available and shall be available for Awards under this Plan, in the same manner and to the same extent as provided for reissue of Awards under this Plan pursuant to Section 1.5(c).

6.15. *Relation to 2001 Stock Option Plan.*

6.16. *Relation to Amended and Restated 2002 Omnibus Plan.*

(b) Reissue of Awards. Any unexercised, unvested or undistributed portion of any expired, cancelled, terminated or forfeited awards under the Corporation's Amended and Restated 2002 Omnibus Plan, with respect to any such expirations, cancellations, terminations or forfeitures which occur after shareholder approval of this Plan pursuant to Section 6.8 and filing a Form S-8 registration statement with the Securities and Exchange Commission for this Plan, shall be added to the number of Shares available and shall be available for Awards under this Plan, in the same manner and to the same extent as provided for reissue of Awards under this Plan pursuant to Section 1.5(c).

6.17. *Compliance with Section 409A of the Code.*

(a) Awards Subject to Section 409A of the Code. Any Award that constitutes, or provides for, a deferral of compensation subject to Section 409A of the Code (a "*Section 409A Award*") shall satisfy the requirements of Section 409A of the Code, the Treasury Regulations thereunder, and this Section 6.17, to the extent applicable. The Award Agreement with respect to a Section 409A Award shall incorporate the terms and conditions required by Section 409A of the Code, the Treasury Regulations thereunder, and this Section 6.17.

(b) Distributions Under a Section 409A Award.

(i) Subject to paragraph (ii) below, any Shares, cash, or other property or amounts to be paid or distributed upon the grant, issuance, vesting, exercise, or payment of a Section 409A Award shall be distributed in accordance with the requirements of Section 409A(a)(2) of the Code, and shall not be distributed earlier than: (A) the Participant's separation from service, as determined pursuant to the Treasury Regulations, (B) the date the Participant becomes disabled within the meaning of Section 409A(a)(2)(C) of the Code, (C) the Participant's death, (D) a specified time (or pursuant to a fixed schedule) specified under the Award Agreement at the date of the deferral of such compensation, (E) a change in the ownership or effective control of the Corporation, or in the ownership of a substantial portion of the assets of the Corporation, to the extent permitted under Section 409A of the Code and Treasury Regulation Section 1.409A-3(i)(5), or (F) the occurrence of an unforeseeable emergency with respect to the Participant.

(ii) In the case of a Participant who is a "Specified Employee," the requirement of clause (A) of paragraph (i) above shall be met only if the distributions with respect to the Section 409A Award may not be made before the date which is six months after the Participant's separation from service (or, if earlier, the date of the Participant's death). For purposes of this paragraph (ii), a Participant shall be a Specified Employee if such holder is a key employee (as defined in Section 416(i) of the Code without regard to paragraph (5) thereof) of a corporation any stock in which is publicly traded on an established securities market or otherwise, as determined under Section 409A(a)(2)(B)(i) of the Code.

(iii) The requirement of paragraph (i)(F) above shall be met only if, as determined under Section 409A(a)(2)(B)(ii) of the Code, the amounts distributed with respect to the unforeseeable emergency do not exceed the amounts necessary to satisfy such unforeseeable emergency plus amounts necessary to pay taxes reasonably anticipated as a result of the distribution, after taking into account the extent to which such unforeseeable emergency is or may be relieved through reimbursement or compensation by insurance or otherwise or by liquidation of the Participant's assets (to the extent the liquidation of such assets would not itself cause severe financial hardship).

(iv) For purposes of this Section 6.17, the terms specified herein shall have the respective meanings ascribed thereto under Section 409A of the Code and the Treasury Regulations thereunder.

(c) Prohibition on Acceleration of Benefits. The time or schedule of any distribution or payment of any Shares, cash, or other property or amounts under a Section 409A Award shall not be accelerated, except as otherwise permitted under Section 409A(a)(3) of the Code.

(d) Elections Under Section 409A Awards.

(i) Any deferral election provided under or with respect to an Award to any Participant shall satisfy the requirements of Section 409A(a)(4)(B) of the Code, to the extent applicable, and, except as otherwise permitted under sub-paragraph (A) or (B) below, any such deferral election with respect to compensation for services performed during a taxable year shall be made not later than the close of the preceding taxable year, or at such other time as provided in Treasury Regulations.

(A) In the case of the first year in which a Participant becomes eligible to participate in the Plan, any such deferral election may be made with respect to services to be performed subsequent to the election within thirty (30) days after the date the Participant becomes eligible to participate in the Plan, as provided under Section 409A(a)(4)(B)(ii) of the Code.

(B) In the case of any performance-based compensation based on services performed by a Participant over a period of at least twelve (12) months, any such deferral election may be made no later than six (6) months before the end of the period, as provided under Section 409A(a)(4)(B)(iii) of the Code.

(ii) In the event that a Section 409A Award permits, under a subsequent election by the Participant, a delay in a distribution or payment of any Shares, cash, or other property or amounts under such Section 409A Award, or a change in the form of distribution or payment, such subsequent election shall satisfy the requirements of Section 409A(a)(4)(C) of the Code, and:

(A) such subsequent election may not take effect until at least twelve (12) months after the date on which the election is made,

(B) in the case such subsequent election relates to a distribution or payment not described in clauses (B), (C), or (F) of paragraph (b)(i) above, the first payment with respect to such election must be deferred for a period of not less than five (5) years from the date such distribution or payment otherwise would have been made, and

(C) in the case such subsequent election relates to a distribution or payment described in clause (D) of paragraph (b)(i) above, such election may not be made less than twelve (12) months prior to the date of the first scheduled distribution or payment under clause (D) of paragraph (b)(i).

(e) Compliance in Form and Operation. A Section 409A Award, and any election under or with respect to such Section 409A Award, shall comply in form and operation with the requirements of Section 409A of the Code and the Treasury Regulations thereunder.

(f) Plan Construction.

(i) Except to the extent specifically provided otherwise by the Committee, it is intended that the Plan and Awards issued thereunder will comply with Section 409A of the Code (and any Treasury Regulations and other guidance issued thereunder) to the extent the Awards are subject thereto, and the Plan and such Awards shall be interpreted on a basis consistent with such intent. The Plan and any Award Agreements issued thereunder may be amended in any respect deemed by the Committee to be necessary in order to seek to preserve compliance with Section 409A of the Code.

(ii) Except to the extent specifically provided otherwise by the Committee, Awards under the Plan which are subject to Section 409A of the Code are intended to satisfy the requirements of Section 409A of the Code (and the Treasury Department Regulations and other guidance issued thereunder) so as to avoid the imposition of any additional taxes or penalties under Section 409A of

Table of Contents

the Code. If the Committee determines that an Award, Award Agreement, payment, distribution, deferral election, transaction or any other action or arrangement contemplated by the provisions of the Plan would, if undertaken, cause a Participant to become subject to any additional taxes or other penalties under Section 409A of the Code, then unless the Committee specifically provides otherwise, such Award, Award Agreement, payment, distribution, deferral election, transaction or other action or arrangement shall not be given effect to the extent it causes such result and the related provisions of the Plan and/or Award Agreement will be deemed modified, or, if necessary, suspended in order to comply with the requirements of Section 409A of the Code to the extent determined appropriate by the Committee, in each case without the consent of or notice to the Participant.

(g) No Representations or Covenants with Respect to Tax Qualification. Although the Corporation may endeavor to (i) qualify an Award for favorable tax treatment (e.g., incentive stock options under Section 422 of the Code) or (ii) avoid adverse tax treatment (e.g., under Section 409A of the Code), the Corporation makes no representation to that effect and expressly disavows any covenant to maintain favorable or avoid unfavorable tax treatment.
