Dear Fellow Stockholder:

I would like to cordially invite you to attend KAR Auction Services, Inc.'s ("KAR" or the "Company") annual meeting of stockholders. The meeting will be held on June 8, 2016, at 9:00 a.m., Eastern Daylight Time, at the Conrad Indianapolis, 50 West Washington Street, Indianapolis, Indiana 46204.

As a KAR stockholder, your vote is important. The matters to be acted upon are described in the notice of annual meeting of stockholders and the proxy statement. Even if you are planning to attend the annual meeting in person, you are strongly encouraged to vote your shares through one of the methods described in the proxy statement.

I am pleased to report that 2015 was an excellent year for KAR. We met or exceeded our key financial targets and delivered solid year-over-year growth in total vehicles sold, revenues, adjusted EBITDA and adjusted net income. As an established market leader with an experienced management team, we believe that we are well-positioned to continue driving growth with solid operating performance and disciplined capital investments.

We have a comprehensive capital allocation plan for increasing stockholder value. We are focused on return of capital to our stockholders and accretive investments in the business, including the acquisition of physical auctions and new technology platforms, as well as enhancing current technologies. In 2015, we announced the acquisition of both physical auctions and technology companies, including the purchase of our first European business. We are proud that through share buybacks and dividends, in 2015 we returned approximately \$380 million to stockholders and invested approximately \$253 million in our business through capital expenditures and strategic acquisitions.

I would like to express our appreciation for your continued support of KAR.

Sincerely,

James P. Hallett

Chairman of the Board and
Chief Executive Officer

Table of Contents

Corporate Governance (pages 18-23)

We are committed to high standards of ethical and business conduct and strong corporate governance practices. This commitment is highlighted by the practices described below as well as the information contained on our website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance":

Annual Elections: Our directors are elected annually for one year terms.

Majority Voting: We maintain a majority voting standard for uncontested director elections with a policy for directors to tender their resignation should a majority of the votes cast not be in their favor.

Director Independence: Eight of our nine director nominees are independent, and all committees of our Board of Directors are comprised entirely of independent directors.

Executive Sessions: Our independent directors meet in executive session at regularly scheduled Board of Directors' meetings.

Board Leadership: We have a lead independent director who presides over executive sessions of independent directors and serves as the principal liaison between the independent directors and the Company's Chief Executive Officer and Chairman of the Board.

Board Diversity: Twenty percent of our Board of Directors is comprised of women.

Robust Equity Ownership Requirements: In 2015, we adopted stock ownership guidelines that are applicable to our non-employee directors. The stock ownership guideline for our non-employee directors is three times their annual base cash retainer.

Robust Equity Retention Requirement: In 2015, we adopted an equity retention requirement that is applicable to non-employee directors. All shares of our common stock granted on and after January 1, 2014 must be held for four years after the grant while serving as a director, regardless of whether the stock ownership guideline has been met. All shares of our common stock granted on and after January 1, 2014 must be held for six months after service as a director has ended with the Company.

Board of Directors Risk Oversight: In July 2015, the Board of Directors established a Risk Committee of the Board of Directors to assist the Board of Directors in its oversight of:

- the principal business, financial, technology and operational risks and other material risks and exposures of the Company; and
- the actions, activities and initiatives of the Company to mitigate such risks and exposures.

The Risk Committee provides oversight with respect to risk practices implemented by management, except for the oversight of risks that have been specifically delegated to another committee of the Board of Directors (in which case the Risk Committee may maintain oversight over such risks through the receipt of reports from such committees).

Table of Contents

Executive Compensation (pages 33-67)

We maintain a compensation program structured to achieve a close connection between executive pay and Company performance. We believe that this strong pay-for-performance orientation has served us well in recent years, particularly as we've moved forward following the sale by our former equity sponsors of all of their holdings of our common stock in late 2013. For more information regarding our named executive officer compensation, see "Compensation Discussion and Analysis" and the compensation tables that follow such section.

WE DO:

Pay for performance alignment: Historically, we have demonstrated close alignment between our total stockholder return (TSR) performance and the compensation of our Chief Executive Officer, as shown in the chart on page 36.

Independent Compensation Committee: All of the members of our Compensation Committee are independent under NYSE rules.

Moderate change-in-control benefits: Change-in-control severance benefits are two times base salary and target bonus for the CEO and one times base salary and target bonus for the other executive officers.

Clawback of certain compensation if restatement and intentional misconduct: Our clawback policy provides for the recovery of incentive compensation in the event we are required to prepare an accounting restatement due to such executive officer's intentional misconduct.

Robust equity ownership requirements: In 2015, we adopted stock ownership guidelines that are applicable to senior executives, including our named executive officers. The stock ownership guideline for our CEO is five times his annual base salary.

WE DO NOT:

Allow dividends or dividend equivalents to be paid on unvested PRSUs: Dividend equivalents are accrued but not paid on PRSUs until (i) the performance conditions are satisfied; and (ii) the PRSUs vest after the performance measurement period.

Allow pledging of KAR securities: As part of our Insider Trading Policy, we prohibit the pledging of Company stock.

Pay for performance: The equity awards granted to our named executive officers in 2015 and in 2016 are heavily performance-based, including restricted stock units that vest based on achievement of adjusted earnings per share and net income goals.

Maximum payout caps for annual cash incentive compensation and performance restricted stock units (PRSUs).

Independent compensation consultants: In 2015, our Compensation Committee engaged Semler Brossy Consulting Group LLC as its independent compensation consultant.

Robust equity retention requirement: In 2015, we adopted an equity retention requirement that is applicable to senior executives, including our named executive officers. Our named executive officers are required to hold 100% of net shares of Company stock received under awards granted on or after January 1, 2015 for at least 12 months after vesting, regardless of whether the stock ownership guideline has been met.

Allow hedging of KAR securities: We prohibit the hedging of Company stock by our directors and officers.

Provide excessive executive perquisites: We provide only a limited number of perquisites to attract talented executives and to retain our current executives.

ELECTION OF DIRECTORS: PROPOSAL NO. 1

DIRECTORS ELECTED ANNUALLY

Our Board of Directors has nominated the nine individuals named below to stand for election to the Board of Directors at the annual meeting. Mr. Formanek, who currently serves on our Board of Directors, is not standing for re-election at the annual meeting. In connection with Mr. Formanek's retirement from the Board of Directors, the Board of Directors has approved by resolution to decrease of the size of the Board of Directors from ten directors to nine directors effective at the annual meeting. The Company's directors are elected each year by the stockholders at the annual meeting. We do not have a staggered or classified board. Each director's term will last until the 2017 annual meeting of stockholders and until such director's successor is duly elected and qualified, or such director's earlier death, resignation or removal. Each director nominee must receive the affirmative vote of a majority of the votes cast in the election of directors at the annual meeting to be elected (i.e., the number of shares voted "FOR" a director nominee must exceed the number of votes cast "AGAINST" such nominee).

DIRECTOR INDEPENDENCE

The Board of Directors is responsible for determining the independence of our directors. Under the NYSE listing standards, a director qualifies as independent if the Board of Directors affirmatively determines that the director has no material relationship with us. While the focus of the inquiry is independence from management, the Board is required to broadly consider all relevant facts and circumstances in making an independence determination. Based upon its evaluation, our Board has affirmatively determined that the following directors and director nominees meet the standards of "independence" established by the NYSE: Todd F. Bourell, Donna R. Ecton, Peter R. Formanek, Mark E. Hill, J. Mark Howell, Lynn Jolliffe, Michael T. Kestner, John P. Larson and Stephen E. Smith. James P. Hallett, our Chief Executive Officer and Chairman of the Board, is not an independent director.

BOARD NOMINATIONS AND DIRECTOR NOMINATION PROCESS

The Board of Directors is responsible for nominating members for election to the Board of Directors and for filling vacancies on the Board of Directors that may occur between the annual meetings of stockholders. The Nominating and Corporate Governance Committee is responsible for identifying, screening and recommending candidates to the Board of Directors for board membership. When formulating its Board of Directors membership recommendations, the Nominating and Corporate Governance Committee may also consider advice and recommendations from others, including stockholders, as it deems appropriate.

Board candidates also are selected based upon various criteria including experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board of Directors. Board members are expected to prepare for, attend and participate in all Board of Directors and applicable committee meetings and the Company's annual meetings of stockholders.

In accordance with its charter, the Board of Directors also considers candidates for election as a director of the Company recommended by any stockholder, provided that the recommending stockholder follows the procedures set forth in Section 5 of the Company's Second Amended and Restated By-Laws for nominations by stockholders of persons to serve as directors, including the requirements of timely notice and certain information to be included in such notice. The Board of Directors generally evaluates such candidates in the same manner by which it evaluates other director candidates considered by the Board of Directors.

Table of Contents

An employment agreement entered into on February 27, 2012, between the Company and James P. Hallett, the Company's CEO and Chairman of the Board, provides that Mr. Hallett shall be entitled to serve as a member of the Board of Directors for so long as the employment agreement is in effect.

DIVERSITY

The Nominating and Corporate Governance Committee and the Board of Directors believe that diversity along multiple dimensions, including opinions, skills, perspectives, personal and professional experiences and other differentiating characteristics, is an important element of its nomination recommendations. The Nominating and Corporate Governance Committee has not identified any specific minimum qualifications which must be met for a person to be considered as a candidate for director. However, Board candidates are selected based upon various criteria including experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board of Directors. Although the Board of Directors does not have a formal diversity policy, the Nominating and Corporate Governance Committee and Board of Directors review these factors, including diversity, in considering candidates for board membership.

INFORMATION REGARDING THE NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

The following information is furnished with respect to each nominee for election as a director. All of the nominees are currently directors. Each of the nominees has consented to being named in this proxy statement and to serve as a director if elected. If a nominee is unavailable to serve as a director, your proxies will have the authority and discretion to vote for another nominee proposed by the Board of Directors or the Board of Directors may reduce the number of directors to be elected at the annual meeting. The ages of the nominees are as of the date of the annual meeting, June 8, 2016.

BOARD OF DIRECTORS STRUCTURE AND CORPORATE GOVERNANCE

ROLE OF THE BOARD OF DIRECTORS

The Board oversees the Company's Chief Executive Officer and other senior management in the competent and ethical operation of the Company and assures that the long-term interests of the stockholders are being served. The Company's Corporate Governance Guidelines are available on our website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance." The information on our website is not part of this proxy statement and is not deemed incorporated by reference into this proxy statement or any other public filing made with the Securities and Exchange Commission (the "SEC").

BOARD LEADERSHIP

Neither the Company's Second Amended and Restated By-Laws nor the Company's Corporate Governance Guidelines requires that the Company separate the roles of Chairman of the Board and Chief Executive Officer, and the Board of Directors does not have a policy on whether the same person should serve as both the Chief Executive Officer and Chairman of the Board of Directors, or if the roles must remain separate. The Board of Directors believes that it should have the flexibility to make these determinations from time to time in the way that it believes best to provide appropriate leadership for the Company under then-existing circumstances.

At present, the Board of Directors has chosen to combine the positions of Chief Executive Officer and Chairman of the Board and to appoint a Lead Independent Director. Our Board of Directors believes that having the same person serve in the roles of Chairman of the Board and Chief Executive Officer is appropriate for the Company at this time, as it fosters clear accountability, effective decision making and alignment on corporate strategy. Meanwhile, the appointment of a Lead Independent Director ensures that the Company benefits from effective oversight by its independent directors.

In connection with the appointment of a Lead Independent Director, the Board of Directors adopted a Lead Independent Director Charter, which sets forth a clear mandate and significant authority and responsibilities, including:

Board Meetings and Executive Sessions

The authority to call meetings of the independent members of the Board.

Presides at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent members of the Board.

Communications

Serves as principal liaison on Board-wide issues between the independent directors and the Chairman and CEO and facilitates communication generally between and among directors.

Agendas

Reviews, in consultation with the Chairman and CEO, the agenda for Board meetings.

Meeting Schedules

Reviews, in consultation with the Chairman and CEO, the meeting schedules to assure there is sufficient time for discussion of all agenda items.

Reviews, in consultation with the Chairman and CEO, information sent to the Board, including the quality, quantity, appropriateness and timeliness of such information.

**Communicating with
Stockholders**

If requested by stockholders, ensures that he or she is available, when appropriate, for consultation and direct communication.

**Chairman and CEO
Performance Evaluation**

Together with the Compensation Committee of the Board, conducts an annual evaluation of the Chairman and CEO, including an annual evaluation of his or her interactions with the independent directors.

Table of Contents**BOARD OF DIRECTORS MEETINGS AND ATTENDANCE**

The Board of Directors held 13 meetings during 2015. All of the incumbent directors attended at least 75% of the meetings of the Board of Directors and Board committees on which they served during 2015. As stated in our Corporate Governance Guidelines, each director is expected to attend all annual meetings of stockholders. All of our current directors attended last year's annual meeting of stockholders either in person or by telephone (one director attended by phone).

COMMITTEES OF THE BOARD OF DIRECTORS

In 2015, the Board of Directors maintained three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. In addition, the Board of Directors established a Risk Committee in July 2015. Each of our committees operates pursuant to a written charter. Copies of the committee charters, other than the Risk Committee Charter, are available on KAR Auction Services' website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance." BOARD OF DIRECTORS' RISK OVERSIGHT

Our management is responsible for the management and assessment of risk at the Company, including communication of the most material risks to the Board of Directors and its committees. Oversight of risks to the Company is carried out by the Board of Directors as a whole and by each of its various committees. In July 2015, the Board of Directors formed a new Risk Committee which provides oversight with respect to risk practices implemented by management, except for the oversight of risks that have been specifically delegated to another committee of the Board of Directors. Even when the oversight of a specific area of risk has been delegated to another committee, the Risk Committee may maintain oversight over such risks through the receipt of reports from the committee chairpersons to the Risk Committee. The Board of Directors maintains oversight over such risks through the receipt of reports from the chairperson of the Risk Committee and from the other committees at each regularly scheduled Board of Directors meeting. The Risk Committee and other committee reviews occur principally through the receipt of regular reports from management on these areas of risk, and discussions with management regarding risk assessment and risk management.

At its regularly scheduled meetings, the Board of Directors generally receives a number of reports which include information relating to risks faced by the Company. The Company's Chief Financial Officer provides a report on the Company's results of operations, its liquidity position, including an analysis of prospective sources and uses of funds, and the implications to the Company's debt covenants and credit rating, if any. The Chief Executive Officer of each primary business unit provides an operational report, which includes information relating to strategic, operational and competitive risks. Finally, the Company's General Counsel provides a privileged report which provides information regarding the status of the Company's material litigation and related matters, if any, including environmental updates and the Company's continuing compliance with applicable laws and regulations. At each regularly scheduled Board of Directors meeting, the Board of Directors also receives reports from the Risk Committee chairperson as well as other committee chairpersons, which may include a discussion of risks initially overseen by the committees for discussion and input from the Board of Directors. As noted above, in addition to these regular reports, the Risk Committee receives reports on specific areas of risk such as regulatory, cyclical or other risks and reports to the Board of Directors on these matters.

The Board of Directors' leadership structure, through its committees, also supports its role in risk oversight. The Audit Committee maintains initial oversight over risks related to the integrity of the Company's financial statements; internal controls over financial reporting and disclosure controls and procedures (including the performance of the Company's internal audit function); the performance of the independent registered public accounting firm; and oversees the Company's responses to ethics issues arising from the Company's whistleblower hotline. The Company's Compensation Committee maintains oversight over risks related to the Company's compensation practices. The Nominating and Corporate Governance Committee monitors potential risks relating to the effectiveness of the Board of Directors, notably director succession, composition of the Board of Directors and the principal policies that guide the Company's governance. The Risk Committee maintains oversight over risks generally and specifically with respect to cyber security and information technology systems and procedures.

Table of Contents**DIRECTOR COMPENSATION**

We use a combination of cash and stock-based incentive compensation to attract and retain independent, qualified candidates to serve on the Board of Directors. The Board of Directors makes all director compensation determinations after considering the recommendations of the Nominating and Corporate Governance Committee. For 2015, the Nominating and Corporate Governance Committee retained Semler Brossy as its independent compensation consultant.

In setting director compensation, we consider market comparison studies and other data obtained from Semler Brossy, the responsibilities of directors generally including committee chairs, the significant amount of time that directors expend in fulfilling their duties, and the skill level we require of members of our Board of Directors. Directors who also serve as employees of the Company do not receive payment for services as directors.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires KAR Auction Services' directors and executive officers and persons who own more than 10% of the issued and outstanding shares of the Company's common stock to file reports of initial ownership of common stock and other equity securities and subsequent changes in that ownership with the SEC and the NYSE. Based solely on a review of such reports and written representations from the directors and executive officers, the Company believes that all such filing requirements were met during 2015.

AMENDMENT AND RESTATEMENT OF AMENDED AND RESTATED CERTIFICATE OF INCORPORATION: PROPOSAL NO. 2

PROPOSAL

The Board of Directors has approved an amendment and restatement of our Amended and Restated Certificate of Incorporation to provide that the Company's stockholders may remove any director from office, with or without cause, and other ministerial changes. The full text of the proposed Second Amended and Restated Certificate of Incorporation is included as Annex I hereto and has been marked to show changes from the current Amended and Restated Certificate of Incorporation.

Removal of Directors With or Without Cause

Article Fifth, Section (d) of the Company's Amended and Restated Certificate of Incorporation currently provides that the Company's stockholders may remove directors from office only for cause. The Delaware General Corporation Law, as applicable to corporations without a classified Board of Directors, requires that stockholders be afforded the right to remove directors from office with or without cause. The proposed amendment to the Company's Amended and Restated Certificate of Incorporation is intended to conform the Company's Amended and Restated Certificate of Incorporation to the requirements of Delaware law.

Ministerial Changes

The Company's Amended and Restated Certificate of Incorporation contains a number of references to the Company's former private equity sponsors and a completed stock split that are no longer applicable to the Company. The Second Amended and Restated Certificate of Incorporation will delete these erroneous references and include the re-numbering and lettering of remaining provisions. We do not believe that any of these ministerial changes would materially affect the rights or preferences of our stockholders. We believe that these changes are advisable in order to simplify the Amended and Restated Certificate of Incorporation for our stockholders, directors, officers, employees, agents and advisors.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM: PROPOSAL NO. 3

PROPOSAL

The Audit Committee has appointed KPMG LLP ("KPMG") to serve as the Company's independent registered public accounting firm for its fiscal year ending December 31, 2016. The Audit Committee and the Board of Directors seek to have the stockholders ratify the Audit Committee's appointment of KPMG, which has served as the Company's independent registered public accounting firm since 2006. Although the Company is not required to seek stockholder approval of this appointment, the Board of Directors believes it to be sound corporate governance to do so. If the appointment of KPMG is not ratified by the stockholders, the Audit Committee will consider the vote of the Company's stockholders and may appoint another independent registered public accounting firm or may decide to maintain its appointment of KPMG. Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of the majority of shares present in person or represented by proxy at the annual meeting and entitled to vote.

Representatives of KPMG will be present at the annual meeting and will have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of four independent directors, each of whom satisfies the independence requirement of Rule 10A-3 under the Securities Exchange Act of 1934, as amended. The Audit Committee oversees our financial reporting process on behalf of the Board of Directors and serves as the primary communication link between the Board of Directors as the representative of our stockholders, the independent auditors, KPMG LLP and our internal auditors. Our management has the primary responsibility for financial statements and the reporting process, including the systems of internal control and for assessing the effectiveness of internal control over financial reporting. The Audit Committee meets with the Company's Chief Financial Officer, the Company's Vice President of Internal Audit and representatives of KPMG, in regular and separate, executive sessions, to discuss the audited consolidated financial statements, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting and compliance programs.

In fulfilling its responsibilities during the fiscal year, the Audit Committee reviewed with management the consolidated financial statements and related financial statement disclosures included in our Quarterly Reports on Form 10-Q and the audited consolidated financial statements and related financial statement disclosures included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015. Also, the Audit Committee reviewed with the independent auditors their judgments as to both the quality and the acceptability of our accounting policies. The Audit Committee's review with the independent auditors included a discussion of other matters required under Auditing Standards promulgated by the Public Company Accounting Oversight Board ("PCAOB"), including PCAOB Auditing Standard No. 16, *Communications with Audit Committees*. The Audit Committee received the written disclosures from the independent auditors required by the PCAOB Rule Nos. 3524 and 3526 regarding communications with the Audit Committee concerning independence and has discussed those disclosures with the independent auditors. The Audit Committee has also reviewed non-audit services performed by KPMG and considered whether KPMG's provision of non-audit services was compatible with maintaining its independence from the Company.

The Audit Committee discussed with our internal auditors and independent auditors the overall scope and plans for their respective audits and reviewed our plans for compliance with management certification requirements pursuant to Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee met with the internal auditors and independent auditors, with and without management present, to discuss the results of the auditors' examinations, their evaluations of our internal controls, including a review of the disclosure control process, and the overall quality of our financial reporting. Management represented to the Audit Committee that the Company's consolidated audited financial statements as of and for the fiscal year ended December 31, 2015 were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent auditors. The Audit Committee, or the Chairman of the Audit Committee, also pre-approved all audit and non-audit services provided by the independent auditors during and relating to fiscal year 2015. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

The Audit Committee evaluates the performance of the independent auditors each year and determines whether to re-engage the current independent auditors or consider other audit firms. In doing so, the Audit Committee considers the quality and efficiency of the services provided by the independent auditors, along with the independent auditor's capabilities, technical expertise, and knowledge of our operations and industry. In addition, the Audit Committee reviews with our Chief Financial Officer and our Vice President of Internal Audit, the overall audit scope and plans, the results of internal and external audit examinations, evaluations by management and the independent auditors of our internal control over financial reporting and the quality of our financial reporting and the ability of the independent auditors to remain independent. Based on these evaluations, the Audit Committee decided to engage KPMG LLP as our independent auditors for fiscal year 2016. Although the Audit Committee has the sole authority to appoint the independent auditors, the Audit

Committee has continued its long-standing practice of recommending that the Board ask our stockholders to ratify the appointment of the independent auditors at our annual meeting of stockholders.

We maintain a compensation program structured to achieve a close connection between executive pay and company performance. We believe that this strong pay-for-performance orientation has served us well in recent years, particularly as we've moved forward following the sale by our former equity sponsors of all of their holdings of our common stock in late 2013.

WE DO:

ii

Pay for performance alignment: Historically, we have demonstrated close alignment between our total stockholder return (TSR) performance and the compensation of our Chief Executive Officer, as shown in the chart below.

5-year Pay Alignment Chart

Fiscal Year	2010 YE	2011	2012	2013	2014	2015
CEO Pay (\$000)		\$1,475	\$1,414	\$5,994	\$4,808	\$4,824
Indexed TSR	100	97.83	148.15	223.66	270.86	297.96

ii

Independent Compensation Committee: All of the members of our Compensation Committee are independent under NYSE rules.

ii

Independent compensation consultant: In 2015, our Compensation Committee engaged Semler Brossy as its independent compensation consultant.

ii

Pay for performance: The equity awards granted to our named executive officers in 2015 and in 2016 are heavily performance-based, including restricted stock units that vest based on achievement of adjusted earnings per share and net income goals.

ii

Maximum payout caps for annual cash incentive compensation and PRSUs.

ii

Clawback of certain compensation if restatement and intentional misconduct: Our clawback policy provides for the recovery of incentive compensation in the event we are required to prepare an accounting restatement due to such executive officer's intentional misconduct.

ii

Moderate change-in-control benefits: Change-in-control severance benefits are two times base salary and target bonus for the CEO and one times base salary and target bonus for the other executive officers.

Table of Contents

ii

Robust equity ownership requirements: In 2015, we adopted stock ownership guidelines that are applicable to senior executives, including our named executive officers. The stock ownership guideline for our CEO is five times his annual base salary.

ii

Robust equity retention requirement: In 2015, we adopted an equity retention requirement that is applicable to senior executives, including our named executive officers. Our named executive officers are required to hold 100% of net shares of Company stock received under awards granted on or after January 1, 2015 for at least 12 months after vesting, regardless of whether the stock ownership guideline has been met.

WE DO NOT:

Allow dividends or dividend equivalents to be paid on unvested PRSUs: Dividend equivalents are accrued but not paid on PRSUs until (i) the performance conditions are satisfied; and (ii) the PRSUs vest after the performance measurement period.

Allow hedging of KAR securities: We prohibit the hedging of Company stock by our directors and officers.

Allow pledging of KAR securities: As part of our Insider Trading Policy, we prohibit the pledging of Company stock.

Provide excessive executive perquisites. We provide only a limited number of perquisites to attract talented executives and to retain our current executives.

COMPENSATION PHILOSOPHY AND OBJECTIVES

We design and administer our executive pay programs to help ensure the compensation of our named executive officers is (i) closely aligned with our performance on both a short-term and long-term basis; (ii) linked to specific, measurable results intended to create value for stockholders; and (iii) competitive in attracting and retaining key executive talent into the vehicle remarketing and auto finance industry. Each of the compensation programs that we have developed and implemented is intended to satisfy one or more of the following specific objectives:

align the interests of our executive officers with the interests of our stockholders so that our executive officers manage from the perspective of owners with an equity stake in the Company;

motivate and focus our executive officers through incentive compensation programs directly tied to our financial results;

support a one-company culture and encourage synergies among all business units by aligning rewards with long-term, overall Company performance and stockholder value;

provide a significant percentage of total compensation through variable pay based on pre-established, measurable goals and objectives;

provide competitive upside opportunity without encouraging excessive risk-taking;

enhance our ability to attract and retain skilled and experienced executive officers; and

provide rewards commensurate with performance and with competitive market practices.

THE ROLE OF THE COMPENSATION COMMITTEE AND THE EXECUTIVE OFFICERS IN DETERMINING EXECUTIVE COMPENSATION

Composition of the Compensation Committee. The Compensation Committee of our Board of Directors is comprised of Mmes. Ecton (Chairman) and Jolliffe and Messrs. Howell and Larson.

Role of the Compensation Committee. The Compensation Committee has primary responsibility for all compensation decisions relating to our named executive officers. The Compensation Committee reviews the aggregate level of our executive compensation, as well as the mix of elements used to compensate our named executive officers on an annual basis.

Compensation Committee's Use of Market and Survey Data. In light of the unique mix of businesses that comprise KAR Auction Services and the lack of directly comparable public companies, the Compensation Committee has traditionally not adopted a specific peer group of companies for the purpose of formally benchmarking compensation. The Compensation Committee understands that most companies consider pay levels at comparably-sized, peer companies when setting named executive officer compensation levels. Knowing this practice, the Compensation Committee has attempted to develop a meaningful peer group for the Company, with help from its independent compensation consultant; however, the Committee has historically stopped short of a formal peer group, in part due to the unique combination of our three separate business segments.

Table of Contents

In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other comparably-sized companies. Prior to 2015, the Compensation Committee had not set compensation levels by reference to competitive market data using any specific target percentiles within such data. Beginning in late 2015, the Compensation Committee began using a combination of (i) survey data (cuts from the 2015 Aon Hewitt and Mercer general industry and service industry surveys); and (ii) proxy compensation data of a "proxy comparator group" more formally in setting and adjusting base salary levels for 2016. In light of the lack of comparable companies for KAR's business, as noted above, companies in the proxy comparator group were selected based on (i) a focus on service-oriented industries; (ii) comparable revenue and market capitalization levels (KAR represents the 41st and 53rd percentiles, respectively, within the selected proxy comparator group on these measures); (iii) comparable growth, profitability and/or market valuation profiles; and (iv) the avoidance of over-representing any one industry. Where possible, the Compensation Committee included companies that are in related or similar industries to the Company. The proxy comparator group used in late 2015 consisted of the following 30 companies:

Allison Transmission Holdings, Inc.	Kansas City Southern	Steelcase, Inc.
AOL, Inc.	Kirby Corp.	Stericycle, Inc.
Cintas Corp.	Landstar System, Inc.	Teradata Corp.
Comerica, Inc.	LKQ Corp.	Tetra Tech, Inc.
Copart, Inc.	MSC Industrial Direct Co., Inc.	Total System Services, Inc.
Equifax, Inc.	Old Dominion Freight Line, Inc.	Trimble Navigation Ltd.
GATX Corp.	Plexus Corp.	Vantiv, Inc.
Heartland Payment Systems, Inc.	Ritchie Bros. Auctioneers, Inc.	Waste Connections, Inc.
HNI Corp.	Solera Holdings, Inc.	Werner Enterprises, Inc.
Itron, Inc.	Springleaf Holdings, Inc.	Westinghouse Air Brake Technologies Corp.

The Compensation Committee viewed the proxy comparator group and market data as an important guide, but not as the sole determinant in making its decisions regarding 2016 base salary levels. The Compensation Committee also considered experience and tenure, sustained performance and specific requirements of roles relative to market.

Role of the Independent Compensation Consultant. The Compensation Committee used Semler Brossy as its independent compensation consultant in 2015. During 2015, Semler Brossy provided (i) advice to the Compensation Committee with respect to the assessment of the Company's executive compensation practices; (ii) advice regarding the evaluation of long-term incentive compensation practices; (iii) advice and guidance regarding the design of new long-term equity awards; (iv) advice regarding related compensation matters; (v) advice to the Compensation Committee with respect to annual and long-term incentive plan design; and (vi) guidance on the competitiveness of the executive officers' elements of compensation.

The Compensation Committee has reviewed the independence of Semler Brossy in light of SEC rules and NYSE listing standards regarding compensation consultants and has concluded that the work of Semler Brossy for the Compensation Committee does not raise any conflict of interest. All work performed by Semler Brossy is subject to review and approval of the Compensation Committee.

Role of the Executive Officers. Mr. Hallett regularly participates in meetings of the Compensation Committee at which compensation actions involving our named executive officers are discussed. Mr. Hallett assists the Compensation Committee by making recommendations regarding compensation actions relating to the executive officers other than himself. Mr. Hallett recuses himself and does not participate in any portion of any meeting of the Compensation Committee at which his compensation is discussed.

ELEMENTS USED TO ACHIEVE COMPENSATION PHILOSOPHY AND OBJECTIVES

Elements of 2015 Executive Compensation Program Design

The following table lists the elements of compensation for our 2015 executive compensation program. The program uses a mix of fixed and variable compensation elements and provides alignment with both short- and long-term business goals through annual and long-term incentives. Our incentives are designed to drive overall corporate performance and business unit strategies that correlate to stockholder value and align with our strategic vision. In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other companies.

Compensation Structure and Goal Setting

Our executive compensation program is designed to deliver compensation in accordance with corporate and business unit performance with a large percentage of compensation at risk through long-term equity awards and annual cash incentive awards. These awards are linked to actual performance, consistent with our belief that a significant amount of executive compensation should be in the form of equity and that a greater percentage of compensation should be tied to performance for executives who bear higher levels of responsibility for our performance. The mix of target direct compensation for 2015 for our CEO and the average of our other named executives is shown in the charts below. Approximately 80% of our CEO's total compensation, and approximately 70% of the average total compensation of our other named executive officers, is at-risk, consisting of stock options and other performance-based incentives. As we move away from historical incentive programs developed in large part by our former equity sponsors, the Compensation Committee continues to refine the elements, mix of awards and performance goals in our incentive compensation program, while ensuring that a large portion of our named executive officers' compensation is performance-based.

Table of Contents**Other NEO Average Compensation****Base Salary**

General. Annual salary levels for our named executive officers are based upon various factors, including the amount and relative percentage of total compensation that is derived from base salary when setting the compensation of our executive officers, individual performance, experience, job scope and tenure. In view of the wide variety of factors considered by the Compensation Committee in connection with determining the base salary of each of our named executive officers, the Compensation Committee has not attempted to rank or otherwise assign relative weights to the factors that it considers. A description of how these factors were applied in 2015 is described below.

Base Salaries for 2015. In late 2014 and the first quarter of 2015, the Compensation Committee reviewed the base salaries of each of our named executive officers for 2015. After considering multiple factors, the Compensation Committee approved a base salary adjustment only for Mr. Loughmiller. The Compensation Committee did not approve base salary adjustments for Messrs. Hallett, St-Hilaire, Kett or Gottwald because the Compensation Committee determined that their base salaries were already set at competitive levels. The following base salaries were in effect for 2015:

Name	Base Salary	Increase %	Effective Date	Why Was Increase Approved?
Jim Hallett	\$900,000	0%	January 1, 2014	N/A.
Eric Loughmiller	\$450,000	1.7%	January 1, 2015	Increase based upon review of competitive pay practices.
Don Gottwald	\$550,000	0%	January 1, 2014	N/A.
Stéphane St-Hilaire	\$450,000	0%	January 1, 2014	N/A.
John Kett	\$450,000	0%	January 1, 2014	N/A.

Table of Contents

Base Salaries for 2016. In late 2015, the Compensation Committee reviewed the base salaries of each of our named executive officers for 2016. After considering multiple factors, including, without limitation, the performance of the Company, the contribution of each named executive officer and review of competitive pay practices, the Compensation Committee approved the following base salaries effective January 1, 2016:

Name	Base Salary	Increase %
Jim Hallett	\$900,000	0%
Eric Loughmiller	\$450,000	0%
Don Gottwald	\$566,500	3%
Stéphane St-Hilaire	\$459,000	2%
John Kett	\$463,500	3%

The Compensation Committee did not approve base salary adjustments for Messrs. Hallett or Loughmiller because the Compensation Committee determined that their base salaries were already set at competitive levels. In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other companies.

Annual Cash Incentive Programs

General. Generally, named executive officers with greater job responsibilities have a significant proportion of their annual cash compensation tied to Company performance through their annual incentive opportunity.

The KAR Auction Services, Inc. Annual Incentive Program. Under the KAR Auction Services, Inc. Annual Incentive Program (the "Annual Incentive Program"), which is part of the Omnibus Plan, the grant of cash-based awards to eligible participants is contingent upon the achievement of certain corporate performance goals as determined by the Compensation Committee.

Use of 2015 Adjusted EBITDA

In 2015, the Compensation Committee used "2015 Adjusted EBITDA" for KAR Auction Services, ADESA and IAA, depending upon the named executive officer, as the measure of the Annual Incentive Program.

"Adjusted EBITDA" is equal to EBITDA (earnings before interest expense, income taxes, depreciation and amortization) adjusted to exclude among other things:

- gains and losses from asset sales;
- unrealized foreign currency translation gains and losses in respect of indebtedness;
- certain non-recurring gains and losses;
- stock based compensation expense;
- certain other non-cash amounts included in the determination of net income;
- charges and revenue reductions resulting from purchase accounting;
- minority interest;
- expenses associated with the consolidation of salvage operations;
- consulting expenses incurred for cost reduction, operating restructuring and business improvement efforts;
- expenses realized upon the termination of employees and the termination or cancellation of leases, software licenses or other contracts in connection with the operational restructuring and business improvement efforts;
- expenses incurred in connection with permitted acquisitions;

any impairment charges or write-offs of intangibles; and

any extraordinary, unusual or non-recurring charges, expenses or losses.

Edgar Filing: KAR Auction Services, Inc. - Form DEF 14A

Table of Contents

Using these measures, the Compensation Committee establishes, on an annual basis, specific targets that determine the size of payouts under the incentive plan. In 2015, the annual incentive opportunity for each named executive officer was as follows:

Name	KAR Auction Services	ADESA	IAA
Jim Hallett	Annual incentive award based 100% on performance of KAR Auction Services		
Eric Loughmiller	Annual incentive award based 100% on performance of KAR Auction Services		
Don Gottwald	Annual incentive award based 100% on performance of KAR Auction Services		
Stéphane St-Hilaire	Annual incentive award based 50% on performance of KAR Auction Services	Annual incentive award based 50% on performance of ADESA	
John Kett	Annual incentive award based 50% on performance of KAR Auction Services		Annual incentive award based 50% on performance of IAA

The amount to be earned by our named executive officers under the Annual Incentive Program is determined by multiplying each officer's target opportunity by the Business Performance Factor as shown below:

Performance Targets for the Annual Incentive Program

The Compensation Committee analyzes financial measures and determines the level of performance required to receive threshold, target and superior annual incentive payouts. The Compensation Committee established the performance objectives in amounts which it believes would increase stockholder value and which it believed would be achievable given a sustained effort on the part of the named executive officers and which would require increasingly greater effort to achieve the target and superior objectives. The Compensation Committee may increase or decrease the performance targets and the potential payouts at each performance target if, in the discretion of the Compensation Committee, the circumstances warrant such an adjustment. In 2015, the Compensation Committee did not increase or decrease the performance targets or the payouts of any 2015 annual incentive program payout.

2015 Performance Targets. The chart which follows provides the 2015 Adjusted EBITDA performance targets established by the Compensation Committee for 2015 as well as the actual level of performance achieved (dollars in millions):

	Threshold	Target	Superior	Achieved Results	Percentage of Target Achieved
KAR Auction Services	\$ 592.9	\$ 641.0	\$ 673.0	\$ 649.8	101.4%
ADESA*	\$ 270.1	\$ 292.0	\$ 321.2	\$ 316.2	108.3%
IAA	\$ 245.1	\$ 265.0	\$ 291.5	\$ 265.1	100.0%

Edgar Filing: KAR Auction Services, Inc. - Form DEF 14A

*ADESA's performance targets and achieved results (in the above chart) are used for bonus purposes only and include certain technology expenses recorded in "holding company" expenses. ADESA's reported Adjusted

EBITDA for the year ended December 31, 2015 was \$328.6 million and did not include such technology expenses recorded in "holding company" expenses.

2015 Annual Incentive Opportunities. Under the Annual Incentive Program, threshold performance objectives must be met in order for any payout to occur. Payouts can range from 50% of target awards for performance at threshold up to a maximum of 150% of target awards for superior performance or no payout if performance is below threshold. The following table shows the annual incentive opportunities for our named executive officers for 2015:

Name	Base Salary	Bonus Opportunity			Bonus Goal Weighting %		
		Threshold % of Base Salary	Target % of Base Salary	Superior % of Base Salary	2015 Adjusted EBITDA KAR Auction Services		
					ADESA	IAA	
Jim Hallett	\$900,000	50	100	150	100		
Eric Loughmiller	\$450,000	37.5	75	112.5	100		
Don Gottwald	\$550,000	50	100	150	100		
Stéphane St-Hilaire	\$450,000	50	100	150	50	50	
John Kett	\$450,000	50	100	150	50		50

Because KAR Auction Services, ADESA and IAA each achieved at least the threshold level of performance, each of our named executive officers was eligible to receive an award under the Annual Incentive Program for 2015, which are set forth in the Summary Compensation Table (page 53). Based on the Company's performance during 2015, and the accompanying payout percentages for the different performance goals set forth above, our named executive officers earned the following percentages and corresponding payout amounts of their target annual incentive awards:

Name	Percentage of Target Annual Incentive Award Earned	2015 Payout
Jim Hallett	113.7%	\$1,023,613
Eric Loughmiller	113.7%	\$383,855
Don Gottwald	113.7%	\$625,541
Stéphane St-Hilaire(1)	122.9%	\$553,145
John Kett	106.9%	\$481,030

(1)

Mr. St-Hilaire's 2015 annual incentive award was computed partially in Canadian dollars and partially in U.S. dollars due to his mid-year move from our Canadian payroll to our U.S. payroll. The Canadian portion of the award was \$235,663 CDN, and the U.S. portion of the award was \$382,855. Using an exchange rate of .7226 as of December 31, 2015, the Canadian portion of Mr. St-Hilaire's award was converted to \$170,290, for a total payout of \$553,145.

Long-Term Incentive Opportunities

The Company provides long-term incentive compensation opportunities in the form of performance-based restricted stock units ("PRSUs") and restricted stock units, and previously had provided performance-based stock options and service-based stock options, each as described below.

2015 Long-Term Incentive Awards. As previously disclosed, on February 20, 2015, the Compensation Committee granted PRSUs and restricted stock units ("RSUs") under its long-term incentive program to the Company's named executive officers, as described in the table below. The Company did not grant any stock options to its named executive officers in 2015. Awards were based on the individual's ability to impact future results, job scope, individual performance and a review of competitive pay practices. Mr. Loughmiller's 2015 award was enhanced for retentive purposes due to the fact that Mr. Loughmiller did not have any equity grants that carried forward following the sale by our former equity sponsors of all of their holdings of our common

stock in late 2013. The aggregate target award value for each named executive officer was allocated such that 75% of the value was in the form of PRSUs and 25% of the value was in the form of RSUs.

Name	Target PRSUs (Cumulative Adjusted Net Income Per Share Goal)	Value of Target Shares at Grant	RSUs	Value of RSUs at Grant
Jim Hallett	57,879	\$2,142,681	19,293	\$714,227

Don Gottwald	14,738	\$545,601	4,913	\$181,879
Stéphane St-Hilaire	9,647	\$357,132	3,216	\$119,056
John Kett	9,647	\$357,132	3,216	\$119,056

2015 Performance-Based RSU Awards

The PRSUs will vest if and to the extent that the Company's "Cumulative Adjusted Net Income Per Share" exceeds certain levels over the three-year period beginning on January 1, 2015. "Cumulative Adjusted Net Income Per Share" means the sum of the Company's Adjusted Net Income Per Share for the three fiscal years in the measurement period beginning on January 1, 2015 and ending on December 31, 2017.

"Adjusted Net Income Per Share" for a fiscal year is calculated by dividing Adjusted Net Income by the weighted average diluted common shares outstanding per year. "Adjusted Net Income" for a fiscal year is equal to the Company's net income as reported in the Form 10-K filed by the Company with respect to such fiscal year, adjusted to (i) exclude gains/losses from certain nonrecurring and unbudgeted capital transactions, including debt prepayment, debt refinancing and similar items; (ii) exclude depreciation and amortization expenses resulting from the revaluation of certain assets at the time of the 2007 merger consistent with the Company's calculation of its reported adjusted net income; (iii) exclude certain expenses incurred in connection with stock-based compensation related to the 2007 merger consistent with the Company's calculation of its reported adjusted net income; (iv) exclude acquisition contingent consideration; (v) exclude the impact of significant acts of God or other events outside of the Company's control that may affect the overall economic environment; and (vi) exclude significant asset impairments.

The amount of the target PRSUs actually earned and paid (on a 1-for-1 basis) in shares of common stock in a lump sum following the performance period will be: 0% for below threshold performance, 50% for threshold performance, 100% for target performance and up to 200% for achieving the maximum performance level. Linear interpolation will be used to calculate the percentage of target PRSUs earned and paid (on a 1-for-1 basis) if performance falls between the threshold and maximum levels.

2015 Time-Based RSU Awards

The RSUs will vest and convert into shares of common stock of the Company on a 1-for-1 basis on each of the first three anniversaries of the grant date, subject to the named executive officer's continued employment with the Company through each such anniversary, provided that the Company has achieved \$100 million in adjusted net income in its 2015 fiscal year (as reported in the Form 10-K filed by the Company with respect to such fiscal year, and which condition was satisfied).

Prior Years' Awards.**2014 Stock Option and Performance-Based RSU Awards**

As previously disclosed, on February 27, 2014, the Compensation Committee approved the grant of PRSUs and stock options to certain of the Company's named executive officers which remain outstanding, the amounts of which are disclosed in the "Outstanding Equity Awards" table below to the extent they remain outstanding.

The stock options have an exercise price of \$30.89 per share and vest in equal 25% increments on the first four anniversaries of the grant date, subject to the executive's continued employment with the Company through each such anniversary.

Table of Contents

Fifty percent of the PRSUs vest on the third anniversary of the grant date if and to the extent that the Company's total stockholder return relative to that of companies within the S&P 500 Index exceeds certain levels (identified below) over the three-year period beginning on the grant date.

Total Stockholder Return Percentile Rank vs. S&P 500 During the Measurement Period

	Number of PRSUs Vesting
Below Threshold:	
Below 40th percentile	0% of Target
Threshold:	
40th percentile	50% of Target
Target:	
65th percentile	100% of Target
Maximum:	
Greater than or equal to 85th percentile	200% of Target

The remaining 50% of the PRSUs vest if and to the extent that the Company's Cumulative Adjusted Net Income Per Share (as described above with respect to the 2015 PRSUs) exceeds certain levels over the three-year period beginning on January 1, 2014 and ending on December 31, 2016.

2013 Performance-Based RSU Awards

As previously disclosed, on December 13, 2013, the Compensation Committee approved the grant of PRSUs to certain of the Company's named executive officers which, as applicable, are disclosed in the "Outstanding Equity Awards" table.

The PRSUs vest on the third anniversary of the grant date if and to the extent that the Company's total stockholder return relative to that of companies within the S&P 500 Index exceeds the levels described in the table above with respect to the 2014 PRSUs (earned based on total stockholder return) over the three-year period beginning on the grant date.

Legacy Long-Term Incentive Awards

Certain service options and performance-based exit options were granted to our named executive officers under the KAR Auction Services, Inc. Stock Incentive Plan ("Stock Incentive Plan"), which was in effect prior to our initial public offering, and later under the Omnibus Plan, which was initially adopted on December 10, 2009.

Grants under the Stock Incentive Plan and the March 1, 2010 grant under the Omnibus Plan were structured as follows:

one-fourth of the total amount of each option grant to our named executive officers were service options, which vested in four equal annual installments on each of the first four anniversaries of the grant date and continue to function as an employee retention tool after vesting by rewarding continued service; and

the remaining three-fourths of the amount of each option grant were performance-based exit options, which reward employees' efforts toward increasing the value of the Company and also serve as a retention tool because grantees generally are required to remain employed to benefit from the increase in the value of the Company. Grants after March 1, 2010 and prior to our former equity owners' exit were 100% service options and were granted under the Omnibus Plan.

Together, these awards aligned the interests of our named executive officers and other employees with the interests of our stockholders, who benefited from both the retention of a skilled management team and an increase in the value of the Company.

Table of Contents

Performance-Based Option Vesting

The performance-based exit options vested and became exercisable in four tranches contingent upon the closing price of the shares of common stock of the Company exceeding the threshold levels of \$20.00, \$25.00, \$30.00 or \$35.00 for 20 consecutive trading days. The exit options included in the first tranche (the exit options associated with the \$20.00 threshold level) became fully vested in March 2013, the exit options included in the second tranche (the exit options associated with the \$25.00 threshold level) became fully vested in August 2013, the exit options included in the third tranche (the exit options associated with the \$30.00 threshold level) became fully vested in March 2014 and the exit options included in the fourth tranche (the exit options associated with the \$35.00 threshold level) became fully vested in March 2015, upon achieving the applicable vesting criteria.

Plans under which Long-Term Incentive Awards are Granted. The Company currently grants long-term incentive awards under the Omnibus Plan and formerly granted awards under the Stock Incentive Plan.

Omnibus Plan

Our Board of Directors initially adopted the Omnibus Plan on December 10, 2009, as amended. Under the Omnibus Plan, participants are eligible to receive options, restricted stock, restricted stock units, SARs, other stock-based awards or cash-based awards as determined by the Compensation Committee.

Stock Incentive Plan

The Stock Incentive Plan was in effect prior to our initial public offering and was subsequently frozen as of December 10, 2009. No further awards have been issued under this plan.

Retirement, Health and Welfare Benefits

We offer a variety of health and welfare and retirement programs to all eligible employees, including our named executive officers. As with all Company employees, our named executive officers are eligible to receive 401(k) employer matching contributions equal to 100% of the first 4% of compensation contributed by the named executive officer or, in the case of Mr. St-Hilaire (prior to his move in 2015 onto our U.S. payroll), deferred profit sharing employer matching contributions of up to \$2,500 (employer matches 100% of first \$1,500 contributed by the named executive officer and 50% of the next \$2,000 contributed by the named executive officer, subject to a cap equal to 6% of compensation) under the Group Registered Retirement Savings Plan ("GRRSP"). The health and welfare programs are intended to protect employees against catastrophic loss and encourage a healthy lifestyle. Our health and welfare programs include medical, dental, vision, pharmacy, life insurance, disability and accidental death and disability. We also provide travel insurance to all employees who travel for business purposes.

Perquisites

In general, the Compensation Committee believes that the provision of a certain level of perquisites and other personal benefits to the named executive officers is reasonable and consistent with the objective of facilitating and allowing us to attract and retain highly qualified executive officers. The perquisites which are currently available to certain of our named executive officers include an automobile allowance or use of a Company-owned automobile, an allowance for executive physicals and Company-paid group term life insurance premiums. Please see footnote 4 to the Summary Compensation Table for more information regarding perquisites.

COMPENSATION POLICIES AND OTHER INFORMATION

Employment and Severance Agreements

The Compensation Committee recognizes that, from time to time, it is appropriate to enter into agreements with our executive officers to ensure that we continue to retain their services and to promote stability and continuity within the Company. All of our named executive officers have an employment agreement with KAR Auction Services or one of its subsidiaries. A description of these agreements can be found in the section titled "Potential Payments Upon Termination or Change in Control Employment Agreements with Named Executive Officers."

Tax and Accounting Considerations

Employment Agreements. Section 280G of the Internal Revenue Code ("Section 280G") and related provisions impose substantial excise taxes under Section 4999 of the Code on so-called "excess parachute payments" payable to certain named executive officers upon a change in control and results in the loss of the compensation deduction for such payments by the Company.

Mr. Hallett's employment agreement, which became effective as of February 27, 2012, provides for a potential "gross-up payment" in the event that such excise taxes result from any excess parachute payments. Mr. Hallett's employment agreement provides that in the event that any payment or benefit under such agreement in connection with Mr. Hallett's employment or termination of employment is or becomes subject to an excise tax under Code Section 4999, then the Company will make a cash payment to Mr. Hallett, which, after the imposition of all income, employment, excise and other taxes thereon as well as any penalty and interest assessments associated therewith, will be sufficient to place Mr. Hallett in the same after-tax position as he would have been in had such excise tax not been applied. However, in the event that a reduction of the total payments to Mr. Hallett would avoid the application of the excise tax, then the total payments will be reduced to the extent necessary to avoid the excise tax, but in no event by more than 10% of the original amount of the total payments.

None of the employment agreements entered into with Messrs. Loughmiller, Gottwald, St-Hilaire and Kett contain excise tax gross-up provisions.

Omnibus Plan. Certain awards under the Omnibus Plan are designed so that they may comply with the performance-based compensation exception to the \$1,000,000 per person annual deductibility limit under Section 162(m) applicable to Covered Employees. Though tax deductibility is one of many factors considered by the Compensation Committee when determining executive compensation, the Compensation Committee retains the discretion to award compensation that exceeds or does not qualify for the Section 162(m) deductibility limit. For example, in seeking to tie executive pay to company performance in a meaningful way, the Compensation Committee may make decisions in designing and approving pay programs that are not driven by tax consequences to the Company.

Accounting for Stock-Based Compensation. We account for stock-based compensation in accordance with the requirements of ASC 718.

Clawback Policy for Financial Restatements. The Company's clawback policy provides for the recovery of incentive compensation in the event the Company is required to prepare an accounting restatement due to any current or former executive officer's intentional misconduct. In such an event, the executive officer would be required to repay to the Company the excess amount of incentive compensation received under the inaccurate financial statement. The Company intends to revise this policy as needed to comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act when such requirements become effective.

Insider Trading Policy

Our insider trading policy expressly prohibits:

ownership of margin securities;

trading in options, warrants, puts and calls or similar instruments on the Company's securities; or

selling the Company's securities "short."

We also prohibit officers, directors and employees from:

pledging the Company's securities as collateral for loans; and

purchasing or selling the Company's securities while in possession of material, non-public information, or otherwise using such information for their personal benefit.

Our executives and directors are permitted to enter into trading plans that are intended to comply with the requirements of Rule 10b5-1 of the Securities Exchange Act of 1934 so that they can prudently diversify their asset portfolios and exercise their stock options before their scheduled expiration dates.

Anti-Hedging Policy

In addition to the Company's existing anti-pledging of Company stock policy, the Company adopted a formal anti-hedging of Company stock policy in 2014. This policy prohibits our officers and directors from engaging in certain forms of hedging or monetization transactions with respect to the Company's stock, such as prepaid variable forward contracts, equity swaps, collars and exchange funds.

Stock Ownership and Stock Holding Guidelines

In 2015, we adopted the following stock ownership guidelines which are applicable to our named executive officers.

Title	Stock Ownership Guideline
CEO	5 times annual base salary
Other Named Executive Officers	3 times annual base salary

The named executive officers must hold 100% of net shares of Company stock received under awards granted on or after January 1, 2015 until the applicable ownership guideline is met. In addition, our named executive officers are required to hold 100% of net shares of Company stock received under awards granted on or after January 1, 2015 for at least 12 months after vesting, regardless of whether the stock ownership guideline has been met.

The Company's non-employee directors are subject to the Company's director stock ownership and holding guidelines. The stock holding guideline requires each non-employee director to hold any shares of the Company's common stock granted after January 1, 2014 for at least four years, subject to certain exceptions approved by the Compensation Committee. The stock ownership guideline, which was adopted in 2015, requires each non-employee director to own a minimum of three times his or her annual cash retainer amount in shares of Company stock.

RESULTS OF SAY ON PAY VOTES AT 2014 ANNUAL MEETING

At the Company's 2014 annual meeting of stockholders, the Company held a non-binding stockholder vote on executive compensation (commonly referred to as "Say on Pay"). At the meeting, excluding broker non-votes, over 95% of the votes on the matter were cast to approve the Company's executive compensation programs, less than 4% of the votes were cast against, and less than 1% abstained from voting.

The Compensation Committee considered the results of the vote, including the appropriateness of the compensation philosophy and objectives, the role of the Compensation Committee and executive officers in setting compensation, the elements used to achieve the compensation philosophy and objectives and the levels of compensation provided to the named executive officers. Following its review, the Compensation Committee decided to retain the Company's general approach to executive compensation in 2014 and 2015, in part due to the significant majority of stockholders that voted to approve the Company's executive compensation programs at the 2014 annual meeting of stockholders.

Previously, at the Company's 2011 annual meeting of stockholders, the Company held a non-binding stockholder vote at the meeting on whether to hold a Say on Pay vote every one, two or three years. Approximately 12% of the votes on the matter were cast in favor of holding a vote every year, less than one-tenth of 1% were cast in favor of holding a vote every two years, approximately 86% were cast in favor of holding a vote every three years and approximately 2% abstained or constituted a broker non-vote. In line with the results of the vote, the Company will present a Say on Pay vote every three years, the next of which will occur at the Company's 2017 annual meeting of stockholders.

COMPENSATION COMMITTEE REPORT

The Compensation Committee, which was chaired by Peter R. Formanek from June 2014 to March 2015 and by Donna R. Ecton from March 2015 to present, has reviewed the Compensation Discussion and Analysis for executive compensation for 2015 and discussed that analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement. This report is submitted by Donna R. Ecton, J. Mark Howell, Lynn Jolliffe and John P. Larson, being all current members of the Compensation Committee, and Peter R. Formanek, who was the Chairman of the Compensation Committee for a portion of 2015.

ANALYSIS OF RISK IN THE COMPANY'S COMPENSATION STRUCTURE

The Compensation Committee considers the potential risks in our business when designing and administering the Company's pay program, and the Compensation Committee believes its balanced approach to performance measurement and pay delivery works to avoid misaligned incentives for individuals to undertake excessive or inappropriate risk. Further, program administration is subject to considerable internal controls, and when determining the principal outcomes performance assessments and pay decisions the Compensation Committee relies on principles of sound governance and good business judgment. As part of its responsibilities to annually review all incentive compensation and equity-based plans, and evaluate whether the compensation arrangements of the Company's employees incentivize unnecessary and excessive risk-taking, the Compensation Committee evaluated the risk profile of all of the Company's compensation policies and practices for 2015.

In its evaluation, the Compensation Committee reviewed the Company's employee compensation structures and noted numerous design elements that manage and mitigate risk without diminishing the incentive nature of the compensation. There is a balanced mix between cash and equity and annual and longer-term incentives. In addition, annual incentive awards and long-term incentive awards granted to executives are tied to corporate performance goals, including Adjusted EBITDA, TSR and Cumulative Adjusted Net Income Per Share. These metrics encourage performance that supports the business as a whole. The executive annual incentive awards include a maximum payout opportunity equal to 150% of target. Our executives are also expected to meet share ownership guidelines in order to align the executives' interests with those of our stockholders. Also, the Company's clawback policy permits the Company to recover incentive compensation paid to an executive officer if the compensation resulted from any financial result or metric impacted by the executive officer's misconduct or fraud. This policy helps to discourage inappropriate risks, as executives will be held accountable for misconduct which is harmful to the Company's financial and reputational health.

The Compensation Committee also reviewed the Company's compensation programs for certain design features that may have the potential to encourage excessive risk-taking, including: over-weighting towards annual incentives, highly leveraged payout curves, unreasonable thresholds and steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds. The Compensation Committee concluded that the Company's compensation programs (i) do not include such elements; or (ii) have implemented features, steps and controls that are designed to limit risks of our compensation arrangements. In light of these analyses, the Compensation Committee concluded that the Company has a balanced pay and performance program that does not encourage excessive risk-taking that is reasonably likely to have a material adverse effect on the Company.

Table of Contents**GRANTS OF PLAN-BASED AWARDS FOR 2015**

The following table summarizes the payouts which our named executive officers could have received upon the achievement of certain performance objectives under the Annual Incentive Program and the grants of PRSUs and RSUs made under the Omnibus Plan in 2015. We did not grant any option awards in 2015.

Columns (c), (d) and (e) include the potential awards for performance at the threshold, target and maximum ("superior") levels, respectively, under the Annual Incentive Program. See, "Compensation Discussion and Analysis - Elements Used to Achieve Compensation Philosophy and Objectives - Annual Cash Incentive Programs" for further information on the terms of the Annual Incentive Program.

- (2) Columns (f), (g) and (h) include the potential number of PRSUs which may be earned for performance at the threshold, target and maximum levels, respectively. These awards vest if and to the extent that the Company's Cumulative Adjusted Net Income Per Share exceeds certain levels over the three-year period beginning on January 1, 2015.
- (3) Column (i) includes the number of RSUs granted in 2015. These awards vest ratably on each of the first three anniversaries of the grant date subject to the executive's continued employment with the Company and provided that the Company achieves \$100 million in adjusted net income in its 2015 fiscal year (as reported by the Company and which condition was satisfied).
- (4) The amounts reported in this column represent the grant date fair value of awards granted on February 20, 2015, computed in accordance with ASC 718. See Note 4 to our financial statements for 2015 regarding the assumptions made in determining the grant date fair value.
- (5) Mr. St-Hilaire's base salary and annual incentive award is denominated in U.S. dollars. For 2015, his annual incentive award was paid partially in Canadian dollars and partially in U.S. dollars, because he moved onto our U.S. payroll mid-year.

Additional information concerning our cash and equity incentive plans may be found in the sections titled "Compensation Discussion and Analysis - Elements Used to Achieve Compensation Philosophy and Objectives - Annual Cash Incentive Programs" and "Long-Term Incentive Opportunities," respectively.

If the performance is between levels, we are required to report the potential payout at the next highest level. Through December 31, 2015, we exceeded target levels of total stockholder return relative to that of companies within the S&P 500 Index and have accordingly reported the PRSUs at the maximum award level.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following is a discussion of the treatment of equity-based awards held by our named executive officers and annual cash incentive awards due to our named executive officers upon certain types of employment terminations or the occurrence of a change in control of the Company. For a discussion of our named executive officers' severance payments and the treatment of their annual cash incentive awards that may become due upon certain types of employment terminations pursuant to their employment agreements, see "Employment Agreements with Named Executive Officers" below.

EQUITY-BASED AWARDS STOCK INCENTIVE PLAN AND OMNIBUS PLAN

To the extent a named executive officer's employment agreement does not provide otherwise, the Stock Incentive Plan and the Omnibus Plan (and the related award agreements thereunder) provide for the following treatment of stock options and other equity awards issued pursuant to the plans upon the termination of employment scenarios or a change in control, as set forth below. As a result of the Stock Incentive Plan being frozen by the Company on December 10, 2009, no additional stock options will be granted under this plan. Since December 10, 2009, all grants of stock options and other equity awards have been and will be made pursuant to the terms of the Omnibus Plan. For RSU and PRSU awards granted on and after January 1, 2016, participants who achieve an Early Retirement Date will receive pro rata vesting of RSUs and PRSUs (subject to achievement of performance conditions) based on the number of months worked through their Early Retirement Date plus a credit of an additional 12 months (i.e., "pro rata plus 12 months"). "Early Retirement Date" will mean the date of the executive's voluntary termination of employment after attaining a combination of years of age and service with the Company and its affiliates of at least 70, with a minimum age of 60.

Termination or Change in Control Scenario

Award Type	Voluntary Termination	Termination by the Company for Cause	Death, Disability or Retirement	Termination without Cause or for Good Reason	Effect of Change in Control or Exit Event
------------	-----------------------	--------------------------------------	---------------------------------	--	---

Unless otherwise specified in an award agreement, all unvested equity-based awards under the Stock Incentive Plan and the Omnibus Plan will be forfeited upon a termination of employment for any reason.

Unless specified otherwise in a named executive officer's employment agreement, the termination of a named executive officer's employment with the Company or any subsidiary shall be deemed to be for "cause" under the Omnibus Plan and the Stock Incentive Plan upon any of the following events: (i) the refusal or neglect of the named executive officer to perform substantially his employment-related duties; (ii) the named executive officer's personal dishonesty, incompetence, willful misconduct, or breach of fiduciary duty; (iii) the named executive officer's indictment for, conviction of, or entering a plea of guilty or *nolo contendere* to a crime constituting a felony or his willful violation of any applicable law; (iv) the named executive officer's failure to reasonably cooperate, following a request to do so by the Company or any subsidiary, in any internal or governmental investigation; or (v) the named executive officer's material breach of any written covenant or agreement not to disclose any information pertaining to the Company or any subsidiary or not to compete or interfere with the Company or any subsidiary.

Unless specified otherwise in a named executive officer's employment agreement, the termination of a named executive officer's employment with the Company or any subsidiary shall be deemed to be for "good reason" under the Stock Incentive Plan if such named executive officer voluntarily terminates his or her employment with the Company or any subsidiary as a result of (i) the Company or any subsidiary significantly reducing the named executive officer's current salary without the named executive officer's prior written consent; or (ii) the Company or any subsidiary taking any action that would substantially diminish the aggregate value of the benefits provided to the named executive officer under the Company's or such subsidiary's accident, disability, life insurance, or any other employee benefit plans in which the named executive officer participates. The Omnibus Plan does not provide a default "good reason" definition in the event such term is not specified in a named executive officer's employment agreement.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL TABLE

The amounts in the table below assume that the termination and/or change in control, as applicable, was effective as of December 31, 2015, the last business day of the prior fiscal year, and that the respective named executive officers exercised all options and/or received cash in exchange for vested PRSUs and RSUs at such time. The table is merely an illustrative example of the impact of a hypothetical termination of employment or change in control. The amounts that would actually be paid upon a termination of employment can only be determined at the time of such termination, based on the facts and circumstances then prevailing.

Footnotes to Potential Payments Upon Termination or Change in Control Table

- (1) The amounts reported are equal to the full amount of the named executive officer's 2015 annual bonus (a December 31, 2015 termination results in a 100% payout, whereas a termination on any other date would result in a prorated amount, assuming payment upon a change in control), payable under the terms of such officer's employment agreement or the Omnibus Plan, as applicable.
- (2) The amounts reported assume a Company common stock price of \$37.03, which was the closing price on December 31, 2015. Messrs. Kett and Gottwald did not have any outstanding, unvested options as of such date.
- (3) The amounts reported assume a Company common stock price of \$37.03, which was the closing price on December 31, 2015. In the event that a named executive officer is terminated without Cause or resigns for Good Reason (each as defined in the applicable employment agreement), or such officer terminates employment due to his death, Disability or Retirement (each as defined in the Omnibus Plan), he would be entitled to receive, at the same time as active Company employees, a prorated portion of the 2013, 2014 and/or 2015 PRSUs based on the Company's actual performance during each performance period and the number of full months he was employed during each such performance period. Therefore, assuming a termination without Cause, resignation for Good Reason, or the named executive officer's death, Disability or Retirement as of December 31, 2015, (i) Messrs. Hallett and Loughmiller would be entitled to 24/36ths of the 2013 PRSUs and 2014 CANIPS PRSUs, 22/36ths of the 2014 TSR PRSUs and 12/36ths of the 2015 PRSUs; (ii) Mr. St-Hilaire would be entitled to 24/36ths of the 2014 CANIPS PRSUs, 22/36ths of the 2014 TSR PRSUs and 12/36ths of the 2015 PRSUs; and (iii) Messrs. Kett and Gottwald would be entitled to 12/36ths of the 2015 PRSUs; in each case, based on actual performance. The amounts disclosed in the table assume performance at the target level.

If a Change in Control (as defined in the Omnibus Plan) occurs prior to the termination of such officer's employment, assuming a Change in Control date of December 31, 2015, he would be entitled to receive immediate vesting and payout of the target number of 2015 PRSUs, without proration.

If Messrs. Hallett, Loughmiller or St-Hilaire are terminated without Cause or resign for Good Reason after the consummation of a Change in Control but before the 2013 and/or 2014 PRSUs vest, then, assuming performance at the target level: (i) Messrs. Hallett and Loughmiller would be entitled to receive (a) the full number of 2013 PRSUs earned based on actual performance from December 13, 2013 until the Change in Control date of December 31, 2015, (b) the full number of 2014 TSR PRSUs earned based on actual performance from January 1, 2014 until the Change in Control date of December 31, 2015, and (c) the target number of 2014 CANIPS PRSUs; and (ii) Mr. St-Hilaire would be entitled to receive (a) the full number of 2014 TSR PRSUs earned based on actual performance from January 1, 2014 until the Change in Control date of December 31, 2015, and (b) the target number of 2014 CANIPS PRSUs.
- (4) The amounts reported assume a Company common stock price of \$37.03, which was the closing price on December 31, 2015. In the event a named executive officer's employment is terminated for any reason prior to a Change in Control, such officer would forfeit the unvested portion of his 2015 RSU award. Therefore, assuming a termination date of December 31, 2015 prior to a Change in Control, each named executive officer would forfeit his entire 2015 RSU award, because no portion of such award would be vested as of such date. If a Change in Control occurs prior to the termination of such officer's employment, assuming a Change in Control date of December 31, 2015, he would be entitled to receive immediate vesting and payout of the unvested portion of his 2015 RSU award as of the Change in Control.
- (5) This calculation was made using conservative assumptions, not taking into account any reductions in parachute payments attributable to reasonable compensation payable before or after a Change in Control and not assigning any value to Mr. Hallett's non-compete obligations. Actual excise tax amounts and tax gross-up payments, if any, would be calculated at the time of an actual Change in Control based on all factors and assumptions applicable at that time. No other named executive officer is entitled to an excise tax gross-up.
- (6) Under the Group Term Life Policy, each named executive officer's designated beneficiary is entitled to a payment in an amount equal to two times his annual salary, not exceeding \$800,000.

(7)

Long-term disability is a Company-paid benefit for all employees and only paid after six months on short-term disability. The benefit is 66.67% of base pay capped at \$15,000 per month.

Table of Contents

- (8) Pursuant to the terms of his employment agreement, Mr. Hallett would be entitled to a prorated payout of his 2015 annual bonus (the full bonus for a termination date of December 31, 2015) upon his "retirement" (i.e., a voluntary termination of his employment, provided that he announces his retirement at least 12 months prior to such termination). Assuming a "retirement" date of December 31, 2015, Mr. Hallett would not have been entitled to receive accelerated vesting of any equity awards, because he had not met the requirements for a Retirement under the Omnibus Plan as of such date (he had not reached the age of 65).
- Messrs. Loughmiller, St-Hilaire and Kett had not satisfied the Retirement requirements under the Omnibus Plan as of December 31, 2015 (i.e., none had reached the age of 65), and thus, they would not have been entitled to a prorated payout of their annual bonuses or accelerated vesting of their equity for a Retirement as of such date.
- (9) These amounts are equal to (i) for Mr. Hallett, (a) two times the sum of Mr. Hallett's current annual base salary (\$900,000 as of December 31, 2015) and 2015 target bonus amount; and (b) COBRA premium payments for 18 months (because Mr. Hallett did not participate in our group health plans as of December 31, 2015, no COBRA premium amount is included in the figures above); and (ii) for all other named executive officers, (a) one times the sum of the officer's current annual base salary (\$450,000 for each of Messrs. Loughmiller, St-Hilaire and Kett; \$550,000 for Mr. Gottwald) and 2015 target bonus amount; and (b) COBRA premium payments for 12 months.
- (10) Under the terms of each named executive officer's employment agreement, he (or his estate) would be entitled to COBRA premium payments for 12 months in the event of his death or Disability. Mr. Hallett (or his estate) would be entitled to COBRA premium payments for 18 months in the event of his death or Disability, but would not have received this benefit with respect to a termination occurring on December 31, 2015 because he did not participate in our group health plans as of such date.

EMPLOYMENT AGREEMENTS WITH NAMED EXECUTIVE OFFICERS

Each of our named executive officers has an employment agreement with the Company. A summary of each of the agreements is provided below.

CEO

Mr. Hallett's employment agreement, which became effective as of February 27, 2012, provides for the following severance and change of control payments:

Termination Due to Mr. Hallett's Death or Disability. If Mr. Hallett's employment is terminated as a result of his death or disability, we will pay Mr. Hallett, or in the case of his death, Mr. Hallett's estate or beneficiaries, an amount equal to the sum of (i) any accrued but unpaid base salary and accrued but unused vacation days; (ii) any earned and vested benefits and payments pursuant to the terms of any benefit plan (collectively, the amounts described in (i) and (ii) above are, the "Accrued Obligations"); and (iii) subject to Mr. Hallett or his estate executing a general release of any claims that he may have against the Company (the "Release"), any annual bonus for a prior completed calendar year that has not yet been calculated or paid to Mr. Hallett (the "Earned but Unpaid Bonus").

In addition, if Mr. Hallett is participating in the health plans of the Company at the time of his termination, we will pay him, or in the case of his death, his estate or beneficiaries, his or their premiums attributable to maintaining insurance coverage under COBRA for the shorter of (i) 18 months; or (ii) until Mr. Hallett becomes eligible for comparable coverage under the health plans of another employer (the "Continued Benefits"). Subject to receipt and effectiveness of the Release, we also will pay Mr. Hallett, or his estate or beneficiaries, a prorated bonus based upon the portion of the year during which Mr. Hallett was employed by us (the "Prorated Bonus").

For purposes of Mr. Hallett's employment agreement, "disability" means a "Total Disability" (or equivalent) as defined in the Company's long term disability plan in effect at the time of the disability.

Termination by the Company for Cause. Following a majority vote of the Board of Directors (excluding Mr. Hallett or any other employee of the Company), we may terminate Mr. Hallett's employment at any time for

Table of Contents

"Cause." In such event, our only obligation to Mr. Hallett would be the payment, in a lump sum, of Mr. Hallett's Accrued Obligations.

"Cause" is defined in the employment agreement to mean (i) Mr. Hallett's willful, continued and uncured failure to perform substantially his duties under the employment agreement for a period of 14 days following notice to Mr. Hallett of such failure; (ii) Mr. Hallett engaging in illegal conduct or gross misconduct that is demonstrably likely to lead to material injury to the Company; (iii) Mr. Hallett's indictment or conviction of, or plea of *nolo contendere* to, a crime constituting a felony or any other crime involving moral turpitude; or (iv) Mr. Hallett's failure to comply with the provisions of the employment agreement relating to confidential information, intellectual property, non-competition and non-solicitation which is not cured within the 14 day period following written notice to Mr. Hallett of such failure.

Termination by the Company Without Cause. Mr. Hallett's employment may be terminated without Cause at any time upon 30 days' prior written notice. In the event of a termination without Cause, the Company will pay Mr. Hallett the following "Severance Benefits": (i) two times the sum of Mr. Hallett's (a) annual base salary and (b) target bonus for the year in which termination occurs which, for this purpose, shall not equal less than 100% of Mr. Hallett's base salary; (ii) a Prorated Bonus in a lump sum; and (iii) the Continued Benefits. In addition to the Severance Benefits described above, we will also pay Mr. Hallett the Accrued Obligations and any Earned but Unpaid Bonus.

Termination by Mr. Hallett for Good Reason. Mr. Hallett may terminate his employment for "Good Reason" within 90 days following the occurrence of an event constituting "Good Reason," if such event remains uncured for a period of 30 days following notice of the event by Mr. Hallett to the Company. Upon such termination, the Company will pay Mr. Hallett the sum of the Severance Benefits, the Accrued Obligations and any Earned but Unpaid Bonus.

"Good Reason" is defined in the employment agreement to mean the occurrence of any of the following:

A material reduction of Mr. Hallett's authority, duties and responsibilities, or the assignment to Mr. Hallett of duties materially inconsistent with Mr. Hallett's position as Chief Executive Officer;

A requirement by the Company that Mr. Hallett relocate his principal business location to a location more than 50 miles from the Company's executive offices as of the effective date of the employment agreement;

Any material failure by the Company to comply with any of the terms and conditions of the employment agreement;

Any failure to timely pay or provide Mr. Hallett's base salary, or any reduction in Mr. Hallett's base salary below \$816,000, other than in connection with across-the-board salary reductions;

Any material reduction in Mr. Hallett's base salary or annual bonus opportunity; or

A "Change of Control," defined by reference to the term "Change in Control" used the Omnibus Plan, occurs and, if applicable, the Company fails to cause its successor to assume or reaffirm the Company's obligations under the employment agreement without change.

Termination by Mr. Hallett without Good Reason. Mr. Hallett may terminate his employment under the employment agreement at any time without Good Reason upon 30 days' prior written notice. In such event, we will pay Mr. Hallett a lump sum amount equal to the Accrued Obligations.

Termination by Mr. Hallett upon Retirement. Mr. Hallett may voluntarily terminate his employment under the employment agreement due to retirement by announcing his retirement at least 12 months prior to such termination. In the event of such a termination, we will pay Mr. Hallett a lump sum amount equal to the Accrued Obligations and a Prorated Bonus.

Excise Tax Gross-Up. As described above in "Compensation Policies and Other Information Tax and Accounting Considerations Employment Agreements," Mr. Hallett's employment agreement provides that in the event that any payment or benefit in connection with his employment is or becomes subject to an excise tax under Code Section 4999, the Company will make a cash payment to Mr. Hallett, which after the imposition of all income, employment, excise and other taxes thereon as well as any penalty and interest assessments associated therewith, will be sufficient to place Mr. Hallett in the same after-tax position as he would have been in had such excise tax not applied. However, in the event that a reduction of the total payments due to Mr. Hallett would avoid the application of the excise tax, then the total payments will be reduced to the extent

Table of Contents

necessary to avoid the excise tax, but in no event by more than 10% of the original amount of the total payments due.

Requirements With Respect to Non-Competition and Non-Solicitation. Upon a termination of employment for any reason, Mr. Hallett is subject to the following two year post-termination restrictive covenants (except in the case of retirement): (i) non-competition restrictions; and (ii) non-solicitation of Company employees and customers.

Other Named Executive Officers

The Company has entered into substantially similar employment agreements with Messrs. Loughmiller, Gottwald St-Hilaire and Kett, providing for their at-will employment and the following severance and change of control payments.

Termination Due to Death or Disability. If Messrs. Loughmiller, Gottwald, St-Hilaire or Kett terminates his employment due to death or disability, the Company will be obligated to pay to the executive (or his legal representatives) an amount equal to the sum of (i) any earned but unpaid base salary; (ii) accrued but unpaid vacation earned through the date of termination; (iii) unreimbursed business expenses; and (iv) any vested employee benefits. The aggregate of the foregoing is referred to as the "Accrued Obligations." In addition, the executive or his estate/beneficiaries would be entitled to receive (i) COBRA premium payments for 12 months or until the executive becomes eligible for coverage under another employer's health plan, if the executive is participating in the Company's health plans on the date of such termination of employment, (the "Continued Benefits"); (ii) the prorated portion of his annual bonus for the calendar year in which such termination of employment occurred, calculated based on the executive's actual performance and based on the number of days the executive was employed by the Company during such calendar year; and (iii) a payment equal to the amount of any annual bonus which has been earned in a prior year but which has not yet been paid to the executive (the "Earned but Unpaid Bonus").

For purposes of their employment agreements, "disability" means a "Total Disability" (or equivalent) as defined in the Company's long term disability plan in effect at the time of the disability.

Voluntary Termination or Termination for Cause. If Messrs. Loughmiller, Gottwald, St-Hilaire or Kett voluntarily terminates his employment or if the Company terminates his employment for Cause, the Company's sole obligation will be to pay him the Accrued Obligations. For purposes of their employment agreements, "Cause" means the (i) executive's willful, continued and uncured failure to perform substantially their duties under the agreement (other than any such failure resulting from incapacity due to medically documented illness or injury) for a period of 14 days following written notice by the Company to the executive of such failure; (ii) executive engaging in illegal conduct or gross misconduct that is demonstrably likely to lead to material injury to the Company, monetarily or otherwise; (iii) executive's indictment or conviction of, or plea of *nolo contendere* to, a crime constituting a felony or any other crime involving moral turpitude; or (iv) executive's violation of the restrictive covenants under the agreement or any other covenants owed to the Company by executive.

Termination Without Cause or Resignation for Good Reason. In the event Messrs. Loughmiller, Gottwald, St-Hilaire or Kett is terminated by the Company without Cause or such executive resigns for Good Reason, the executive would be entitled to receive, subject to execution and non-revocation of a release of claims, (i) a lump sum cash payment equal to the sum of his annual base salary plus target annual bonus for the year in which such termination of employment occurs; (ii) the Continued Benefits; and (iii) the Earned but Unpaid Bonus. For purposes of their employment agreements, "Good Reason" means (i) any material reduction of the executive's authority, duties and responsibilities; (ii) any material failure by the Company to comply with any of the terms and conditions of the agreement; (iii) any failure to timely pay or provide the executive's base salary, or any reduction in the executive's base salary, excluding any base salary reduction made in connection with across the board salary reductions; (iv) the requirement by the Company that the executive relocate his principal business location to a location more than 50 miles from the executive's principal base of operation as of the effective date of the agreement; or (v) a Change of Control occurs and, if applicable, the Company fails to cause its successor (whether by purchase, merger, consolidation or otherwise) to assume or reaffirm the

Company's obligations under the agreement without change. For purposes of the foregoing, "Change of Control" has the same meaning as the term "Change in Control" under the Omnibus Plan.

Requirements With Respect to Non-Competition and Non-Solicitation. Upon a termination of employment for any reason, Messrs. Loughmiller, Gottwald, St-Hilaire and Kett are subject to the following one year post-termination restrictive covenants: (i) non-competition restrictions; and (ii) non-solicitation of Company employees and customers.

CERTAIN RELATED PARTY RELATIONSHIPS

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

Pursuant to our written related party transactions policy, the Company reviews relationships and transactions in which the Company, or one of its business units, and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest.

In the course of the review and approval of a related party transaction, the Board of Directors or the Audit Committee may consider the following factors:

- the nature of the related person's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;
- the importance of the transaction to the related person;
- the importance of the transaction to the Company;
- whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and
- any other matters that we deem appropriate.

Transactions in which the amount involved exceeds \$120,000 in which the Company, or one of its business units, was a participant and a related person had a direct or indirect material interest are required to be disclosed in this proxy statement. There were not any such related party transactions identified for 2015.

REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF PROXY PROPOSALS

NOMINATION OF DIRECTORS AND OTHER BUSINESS OF STOCKHOLDERS

In order to submit stockholder proposals for the 2017 annual meeting of stockholders for inclusion in the Company's proxy statement pursuant to SEC Rule 14a-8, materials must be received by the Secretary at the Company's principal office in Carmel, Indiana, no later than December 29, 2016.

The proposals must comply with all of the requirements of SEC Rule 14a-8. Proposals should be addressed to: Rebecca C. Polak, Executive Vice President, General Counsel and Secretary, KAR Auction Services, Inc., 13085 Hamilton Crossing Boulevard, Carmel, Indiana 46032. As the SEC's shareholder proposal rules make clear, simply submitting a proposal does not guarantee its inclusion.

The Company's By-Laws also establish an advance notice procedure with regard to director nominations and stockholder proposals that are not submitted for inclusion in the proxy statement, but that a stockholder instead wishes to present directly at an annual meeting. To be properly brought before the 2016 annual meeting, a notice of the nomination or the matter the stockholder wishes to present at the meeting must be delivered to the Secretary at the Company's principal office in Carmel, Indiana (see above), not less than 90 or more than 120 days prior to the first anniversary of the date of this year's annual meeting. As a result, any notice given by or on behalf of a stockholder pursuant to these provisions of the Company's By-Laws (and not pursuant to SEC Rule 14a-8) must be received no earlier than February 8, 2017, and no later than March 10, 2017. All director nominations and stockholder proposals must comply with the requirements of the Company's By-Laws, a copy of which may be obtained at no cost from the Secretary of the Company.

Other than the proposals described in this proxy statement, KAR Auction Services does not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders on the proxy card will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting. If for any unforeseen reason, any one or more of KAR Auction Services' nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board of Directors.

The chairman of the meeting may refuse to allow the transaction of any business not presented beforehand, or to acknowledge the nomination of any person not made in compliance with the foregoing procedures.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: Why am I receiving these materials?

A: We are providing these proxy materials to you in connection with the solicitation, by the Board of Directors of KAR Auction Services, of proxies to be voted at the Company's 2016 annual meeting of stockholders and at any adjournments or postponements thereof. Stockholders are invited to attend the annual meeting to be held on June 8, 2016 beginning at 9:00 a.m., Eastern Daylight Time, at the Conrad Indianapolis, 50 West Washington Street, Indianapolis, Indiana 46204. Our proxy materials are first being distributed to stockholders on or about April 28, 2016.

Q: What proposals will be voted on at the annual meeting?

A: There are three proposals scheduled to be voted on at the annual meeting:

To elect nine directors to the Board of Directors;

To amend and restate the Amended and Restated Certificate of Incorporation to provide that the Company's stockholders may remove any director from office, with or without cause, and other ministerial changes; and

To ratify the appointment of KPMG as our independent registered public accounting firm for 2016.

Q: What is the Board of Directors' voting recommendation?

A: The Company's Board of Directors recommends that you vote your shares:

"**FOR**" each of the nominees to the Board of Directors;

"**FOR**" the amendment and restatement of the Amended and Restated Certificate of Incorporation; and

"**FOR**" the ratification of the appointment of KPMG as our independent registered public accounting firm for 2016.

Q: Who is entitled to vote?

A: All shares owned by you as of the record date, which is the close of business on April 13, 2016, may be voted by you. You may cast one vote per share of common stock that you held on the record date.

These shares include shares that are:

held directly in your name as the stockholder of record; and

held for you as the beneficial owner through a broker, bank or other nominee, including shares purchased under the KAR Auction Services, Inc. Employee Stock Purchase Plan (the "Employee Stock Purchase Plan").

On the record date, KAR Auction Services had 137,300,457 shares of common stock issued and outstanding.

Table of Contents

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Many of our stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, LLC, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent to you directly by the Company. As the stockholder of record, you have the right to grant your voting proxy directly to the Company or to vote in person at the annual meeting. You may vote on the Internet, by telephone or by mail, as described below under the heading "How can I vote my shares without attending the annual meeting?"

Beneficial Owner. If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote your shares and are also invited to attend the annual meeting. To vote these shares in person at the annual meeting, you must obtain a signed proxy from the stockholder of record giving you the right to vote the shares. You may also vote by Internet, by telephone or by mail, as described below under "How can I vote my shares without attending the annual meeting?"

Q: How can I vote my shares in person at the annual meeting?

A: **Stockholder of Record.** Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote your shares in person at the annual meeting, please bring proof of identification. Even if you plan to attend the annual meeting, the Company strongly recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting. See "How can I vote my shares without attending the annual meeting?"

Beneficial Owner. Shares held in street name may be voted in person by you only if you obtain an account statement or letter from your bank, broker or other nominee indicating that you are the beneficial owner of the shares and a legal proxy from the stockholder of record giving you the right to vote the shares. The account statement or letter must show that you were the beneficial owner of shares on April 13, 2016, the record date.

Q: How can I vote my shares without attending the annual meeting?

A: Whether you hold your shares directly as the stockholder of record or beneficially in street name, you may direct your vote *without attending* the annual meeting by voting in one of the following manners:

Internet. Go to www.proxyvote.com and follow the instructions. You will need the control number included on your proxy card or voting instruction form;

Telephone. Dial 1-800-690-6903. You will need the control number included on your proxy card or voting instruction form; or

Mail. Complete, date and sign your proxy card or voting instruction card and mail it using the enclosed, pre-paid envelope.

If you vote on the Internet or by telephone, you do not need to return your proxy card or voting instruction card. Internet and telephone voting for stockholders will be available 24 hours a day, and will close at 11:59 p.m., Eastern Daylight Time, on June 7, 2016.

Table of Contents

Q: If I am an employee holding shares pursuant to the Employee Stock Purchase Plan, how will my shares be voted?

A: Employees holding stock acquired through the Employee Stock Purchase Plan will receive a voting instruction card covering all shares held in their individual account from Computershare, the plan record keeper. The voting instruction cards have an earlier return date than proxy cards. The record keeper for the Employee Stock Purchase Plan will vote your shares (i) in accordance with the specific instructions on your returned voting instruction card; or (ii) in its discretion, if you return a signed voting instruction card with no specific voting instructions.

Q: What is the quorum requirement for the annual meeting?

A: A quorum is necessary to hold the annual meeting. A quorum at the annual meeting exists if the holders of a majority of the Company's capital stock issued and outstanding and entitled to vote at the annual meeting are present in person or represented by proxy. Abstentions and broker non-votes are counted as present for establishing a quorum. A broker non-vote occurs when a broker does not vote on some matter on the proxy card because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Q: What happens if I do not give specific voting instructions?

A: **Stockholder of Record.** If you are a stockholder of record and you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the annual meeting.

Beneficial Owners. If you are a beneficial owner of shares held in street name and do not provide the organization (e.g., broker or bank) that holds your shares in "street name" with specific voting instructions, the organization that holds your shares may generally vote on routine matters (Proposal No. 3 (ratification of independent registered public accounting firm)) but cannot vote on non-routine matters (Proposal No. 1 (election of directors) and Proposal No. 2 (amendment and restatement of the Amended and Restated Certificate of Incorporation)). If the organization that holds your shares does not receive instructions from you on how to vote your shares on Proposal No. 1 and/or Proposal No. 2, such organization will inform the inspector of election that it does not have the authority to vote on these matters with respect to your shares. This is generally referred to as a "broker non-vote." Therefore, we urge you to give voting instructions to your broker. Shares represented by such broker non-votes will be counted in determining whether there is a quorum. Because broker non-votes are not considered shares entitled to vote, they will have no effect on the outcome of any proposal other than reducing the number of shares present in person or by proxy and entitled to vote from which a majority is calculated.

Q: Which proposals are considered "routine" or "non-routine?"

A: The ratification of the appointment of KPMG as our independent registered public accounting firm for 2016 (Proposal No. 3) is considered a routine matter under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal No. 3.

The election of directors (Proposal No. 1) and the amendment and restatement of the Amended and Restated Certificate of Incorporation (Proposal No. 2) are considered non-routine matters under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal No. 1 and Proposal No. 2.

Table of Contents

Q: What is the voting requirement to approve each of the proposals?

A: Nine director nominees have been nominated for election at the annual meeting. Because this is an uncontested election, the director nominees will be elected by a majority of the votes cast in the election of directors at the annual meeting, either in person or represented by a properly authorized proxy. This means that a director nominee will be elected to the Company's Board of Directors if the votes cast "FOR" such director nominee exceed the votes cast "AGAINST" him or her. Abstentions and broker non-votes will have no effect on the outcome of the election of directors.

The amendment and restatement of the Amended and Restated Certificate of Incorporation (Proposal No. 2) and the ratification of the appointment of our independent registered public accounting firm (Proposal No. 3) require the affirmative vote of a majority of the votes represented at the annual meeting and entitled to vote on the proposal. In accordance with Delaware law, only votes cast "FOR" a matter constitute affirmative votes. A properly executed proxy marked "ABSTAIN" with respect to the ratification of the appointment of our independent registered public accounting firm will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, with respect to Proposal No. 2 and Proposal No. 3, abstentions will have the same effect as negative votes or votes "AGAINST" that matter.

Q: What does it mean if I receive more than one proxy or voting instruction card?

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: Who will count the vote?

A: The votes will be counted by the inspector of election appointed for the annual meeting.

Q: Can I revoke my proxy or change my vote?

A: Yes. You may revoke your proxy or change your voting instructions at any time prior to the vote at the annual meeting by:

providing written notice of revocation to the Secretary of the Company at 13085 Hamilton Crossing Boulevard, Carmel, Indiana 46032;

delivering a valid, later-dated proxy or a later-dated vote on the Internet or by telephone; or

attending the annual meeting and voting in person.

Please note that your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you vote in person at the annual meeting. If you wish to revoke your proxy, you must do so in sufficient time to permit the necessary examination and tabulation of the subsequent proxy or revocation before the vote is taken. Shares held in street name may be voted in person by you at the annual meeting only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: The Board of Directors of the Company is soliciting your proxy to vote your shares of common stock at the annual meeting. KAR Auction Services will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the distribution of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic and facsimile transmission by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. The Company also may reimburse brokerage firms and other persons representing beneficial owners of shares of KAR Auction Services' common stock for their expenses in forwarding solicitation material to such beneficial owners.

Table of Contents

Q: I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

A: The Company has adopted a procedure called "householding" which the SEC has approved. Under this procedure, the Company is delivering a single copy of this proxy statement and the Company's Annual Report to multiple stockholders who share the same address unless the Company has received contrary instructions from one or more of the stockholders. This procedure reduces the Company's costs and reduces our impact on the environment. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, a separate copy of this proxy statement and the Company's Annual Report will be promptly delivered to any stockholder at a shared address to which the Company delivered a single copy of any of these documents. If you prefer to receive separate copies of the proxy statement or Annual Report, contact Broadridge Financial Solutions, Inc. by calling 1-866-540-7095 or in writing at 51 Mercedes Way, Edgewood, New York 11717, Attention: Household Department.

In addition, if you currently are a stockholder who shares an address with another stockholder and would like to receive only one copy of future notices and proxy materials for your household, you may notify your broker if your shares are held in a brokerage account or you may notify us if you hold registered shares. Registered stockholders may notify us by contacting Broadridge Financial Solutions, Inc. at the above telephone number or address.

Q: Why did I receive a notice regarding the internet availability of the proxy materials instead of a paper copy of the proxy materials?

A: We are making the proxy materials available to stockholders electronically via the Internet under the Notice and Access regulations of the SEC. Most of our stockholders will receive a Notice of Electronic Availability in lieu of receiving a full set of proxy materials in the mail. The notice includes information on how to access and review the proxy materials, and how to vote via the Internet. We believe this method of delivery will decrease costs, expedite distribution of proxy materials to you, and reduce our impact on the environment. Stockholders who receive a notice but would like to receive a printed copy of the proxy materials in the mail should follow the instructions in the notice for requesting such materials.

Q: How can I obtain a copy of KAR Auction Services' Annual Report on Form 10-K?

A: Copies of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015, as filed with the SEC, are available to stockholders free of charge on KAR Auction Services' website at www.karauctionservices.com or by writing to KAR Auction Services, Inc., Investor Relations, 13085 Hamilton Crossing Boulevard, Carmel, Indiana 46032.

Q: Where can I find the voting results of the annual meeting?

A: KAR Auction Services will announce preliminary voting results at the annual meeting and publish preliminary, or final results if available, in a Current Report on Form 8-K within four business days of the annual meeting.
