CORPORATE GOVERNANCE HIGHLIGHTS (PAGES 13 17)

We are committed to high standards of ethical and business conduct and strong corporate governance practices. This commitment is highlighted by the practices described below as well as the information contained on our website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance".

Annual Elections: Our directors are elected annually for one year terms.

Majority Voting: We maintain a majority voting standard for uncontested director elections with a policy for directors to tender their resignation should a majority of the votes cast not be in their favor.

Director and Committee Independence: Eight of our nine director nominees are independent, and all committees of our Board of Directors (the "Board") are comprised entirely of independent directors.

Executive Sessions: Our independent directors meet in executive session at each regularly scheduled Board meeting.

Lead Independent Director: We have a lead independent director who presides over the executive sessions of the independent directors and serves as the principal liaison between the independent directors and the Company's CEO and Chairman of the Board.

Board Diversity: More than twenty percent of our Board is comprised of women.

Annual Board and Committee Evaluations: The Board and each committee evaluates its performance each year.

Robust Equity Ownership Requirements for Non-Employee Directors: The stock ownership guideline for our non-employee directors is five times their annual cash retainer.

Robust Equity Retention Requirements for Non-Employee Directors: All shares of our common stock granted to non-employee directors must be held for four years after the grant while serving as a director.

Robust Equity Ownership Requirements for Executive Officers: We have stock ownership guidelines that are applicable to our executive officers. The stock ownership guideline for our CEO is five times his annual base salary, and the CEO currently holds over 25 times his annual base salary. Executive officers are required to hold 60% of vested shares, net of taxes, until stock ownership guidelines are met.

Anti-Hedging and Pledging Policies: Our directors and executive officers are prohibited from hedging or pledging Company stock.

Annual management and CEO evaluation and succession planning review: Our Board conducts an annual evaluation and review of the CEO and each executive officer's performance, development and succession plan.

Board Risk Oversight: The Risk Committee assists the Board in its oversight of: (i) the principal business, financial, technology, operational and regulatory risks and other material risks and exposures of the Company; and (ii) the actions, activities and initiatives of the Company to mitigate such risks and exposures. The Risk Committee provides oversight with respect to risk practices implemented by management, except for the oversight of risks that have been specifically delegated to another committee of the Board (in which case the Risk Committee may maintain oversight over such risks through the receipt of reports from such committees).

Table of Contents

EXECUTIVE COMPENSATION (PAGES 26 56)

We maintain a compensation program structured to achieve a close connection between executive pay and Company performance. We believe that this strong pay-for-performance orientation has served us well in recent years. For more information regarding our named executive officer compensation, see "Compensation Discussion and Analysis" and the compensation tables that follow such section.

WHAT WE DO

Stockholder alignment: We have consistently demonstrated close alignment between our total stockholder return ("TSR") performance and the compensation of our CEO, as shown in the chart on page 28.

Independent Compensation Committee: All of the members of our Compensation Committee are independent under NYSE rules.

Independent compensation consultant: The Compensation Committee retains its own independent compensation consultant to evaluate and review our executive compensation program and practices.

Pay for performance: Our annual incentive program is 100% performance-based and our equity incentive program is heavily performance-based with 75% of our equity awards in the form of performance restricted stock units ("PRSUs").

"Double-trigger" vesting provisions in equity award agreements: Beginning with the 2017 equity grants, accelerated vesting of assumed or replaced equity awards upon a change in control of the Company is only permitted if an executive experiences a qualifying termination of employment in connection with or following such change in control.

Maximum payout caps: The Compensation Committee sets maximum amounts that may be payable for annual cash incentive compensation and PRSUs.

Clawback policy for financial misconduct: Our clawback policy provides for the recovery and cancellation of incentive compensation of an executive officer in the event we are required to prepare an accounting restatement due to such executive officer's intentional misconduct.

Moderate change in control benefits: Change in control severance benefits are two times base salary and target bonus for the CEO and one times base salary and target bonus for the other executive officers.

Robust equity ownership requirements: We have stock ownership guidelines that are applicable to our executive officers. The stock ownership guideline for our CEO is five times his annual base salary, and the CEO currently holds over 25 times his annual base salary. Executive officers are required to hold 60% of vested shares, net of taxes, until stock ownership guidelines are met.

WHAT WE DON'T DO

Allow dividends or dividend equivalents to be paid on unvested PRSUs: Dividend equivalents are accrued but not paid on PRSUs until (i) the performance conditions are satisfied; and (ii) the PRSUs vest after the performance measurement period.

Provide excessive perquisites: We provide a limited number of perquisites that are designed to attract and retain highly qualified executives.

Allow hedging or pledging of the Company's securities: We prohibit hedging, pledging and short sales of Company stock by our directors and executive officers.

Reprice stock options: Stock option exercise prices are set equal to the grant date market price and cannot be repriced or discounted without stockholder approval.

Maintain a defined benefit pension plan: We do not maintain a defined benefit pension plan for our executive officers.

Table of Contents

ELECTION OF DIRECTORS: PROPOSAL NO. 1

DIRECTORS ELECTED ANNUALLY

Our Board has nominated the nine individuals named below to stand for election to the Board at the 2018 annual meeting. The Company's directors are elected each year by the stockholders at the annual meeting. We do not have a staggered or classified board. Each director's term will last until the 2019 annual meeting of stockholders and until such director's successor is duly elected and qualified, or such director's earlier death, resignation or removal. Each director nominee must receive the affirmative vote of a majority of the votes cast in the election of directors at the 2018 annual meeting to be elected (i.e., the number of shares voted "FOR" a director nominee must exceed the number of votes cast "AGAINST" such nominee).

DIRECTOR INDEPENDENCE

The Board is responsible for determining the independence of our directors. Under the NYSE listing standards, a director qualifies as independent if the Board affirmatively determines that the director has no material relationship with us. While the focus of the inquiry is independence from management, the Board is required to broadly consider all relevant facts and circumstances in making an independence determination. Based upon its evaluation, our Board has affirmatively determined that the following directors and director nominees meet the standards of "independence" established by the NYSE: Todd F. Bourell, Donna R. Ecton, Mark E. Hill, J. Mark Howell, Lynn Jolliffe, Michael T. Kestner, John P. Larson and Stephen E. Smith. James P. Hallett, our CEO and Chairman of the Board, is not an independent director.

BOARD NOMINATIONS AND DIRECTOR NOMINATION PROCESS

The Board is responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between the annual meetings of stockholders. The Nominating and Corporate Governance Committee is responsible for identifying, screening and recommending candidates to the Board for Board membership. When formulating its Board membership recommendations, the Nominating and Corporate Governance Committee may also consider advice and recommendations from others, including stockholders, as it deems appropriate.

As detailed in both the Nominating and Corporate Governance Committee Charter and the Corporate Governance Guidelines, Board candidates also are selected based upon various criteria including experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board. Board members are expected to prepare for, attend and participate in all Board and applicable committee meetings and the Company's annual meetings of stockholders.

In accordance with its charter, the Board also considers candidates for election as a director of the Company recommended by any stockholder, provided that the recommending stockholder follows the procedures set forth in Section 5 of the Company's Second Amended and Restated By-Laws for nominations by stockholders of persons to serve as directors, including the requirements of timely notice and certain information to be included in such notice. Though the Nominating and Corporate Governance Committee does not have a formal policy regarding consideration of director candidates recommended by stockholders, the Board generally evaluates such candidates in the same manner by which it evaluates other director candidates considered by the Board. Deadlines for stockholder nominations for next year's annual meeting are included in the "Requirements, Including Deadlines, for Submission of Proxy Proposals" section on page 64.

An employment agreement entered into on February 27, 2012, between the Company and James P. Hallett, the Company's CEO and Chairman of the Board, provides that Mr. Hallett shall be entitled to serve as a member of the Board for so long as the employment agreement is in effect.

Table of Contents

BOARD QUALIFICATIONS AND DIVERSITY

The Nominating and Corporate Governance Committee and the Board believe that diversity along multiple dimensions, including opinions, skills, perspectives, personal and professional experiences and other differentiating characteristics, is an important element of its nomination recommendations. The Nominating and Corporate Governance Committee has not identified any specific minimum qualifications which must be met for a person to be considered as a candidate for director. However, Board candidates are selected based upon various criteria including experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board. Although the Board does not have a formal diversity policy, the Nominating and Corporate Governance Committee and Board review these factors, including diversity, in considering candidates for Board membership.

INFORMATION REGARDING THE NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

The following information is furnished with respect to each nominee for election as a director. All of the nominees are currently directors and were elected by the stockholders at last year's annual meeting. Each of the nominees has consented to being named in this proxy statement and to serve as a director if elected. If a nominee is unavailable to serve as a director, your proxies will have the authority and discretion to vote for another nominee proposed by the Board or the Board may reduce the number of directors to be elected at the 2018 annual meeting. The ages of the nominees are as of the date of the 2018 annual meeting, June 4, 2018.

BOARD OF DIRECTORS STRUCTURE AND CORPORATE GOVERNANCE

ROLE OF THE BOARD OF DIRECTORS

The Board oversees the Company's CEO and other senior management in the competent and ethical operation of the Company and assures that the long-term interests of the stockholders are being served. The Company's Corporate Governance Guidelines are available on our website at www.karauctionservices.com on the "Investor Relations" page under the link "Corporate Governance." The information on our website is not part of this proxy statement and is not deemed incorporated by reference into this proxy statement or any other public filing made with the Securities and Exchange Commission (the "SEC").

BOARD LEADERSHIP

Neither the Company's Second Amended and Restated By-Laws nor the Company's Corporate Governance Guidelines require that the Company separate the roles of Chairman of the Board and CEO, and the Board does not have a policy on whether the same person should serve as both the CEO and Chairman of the Board, or if the roles must remain separate. The Board believes that it should have the flexibility to make these determinations from time to time in the way that it believes best to provide appropriate leadership for the Company under then-existing circumstances.

At present, the Board has chosen to combine the positions of CEO and Chairman of the Board and to appoint a Lead Independent Director. Our Board believes that having the same person serve in the roles of Chairman of the Board and CEO is appropriate for the Company at this time, as it fosters clear accountability, effective decision making and alignment on corporate strategy. Given Mr. Hallett's unparalleled knowledge of the industry and the Company, the Board believes Mr. Hallett is in the best position to focus the independent directors' attention on critical business matters and to speak for and lead both the Company and the Board. In addition, the Board believes that the appointment of a Lead Independent Director helps ensure that the Company benefits from effective oversight by its independent directors. Our Lead Independent Director presides over the executive sessions of the independent directors and serves as the principal liaison between the independent directors and the Company's CEO and Chairman of the Board. Our Lead Independent Director, Mr. Larson, has served on the Board since 2014 and has strong communication and leadership skills, as well as extensive knowledge about the Company's strategic objectives, the industry in which we operate, and the areas of strategic importance to the Company.

In connection with the appointment of a Lead Independent Director, the Board adopted a Lead Independent Director Charter, which sets forth a clear mandate with significant authority and responsibilities, including:

Board Meetings and

Has the authority to call meetings of the independent members of the Board.

Table of Contents**BOARD OF DIRECTORS MEETINGS AND ATTENDANCE**

The Board held seven meetings during 2017. All of the incumbent directors attended at least 75% of the meetings of the Board and Board committees on which they served during 2017. As stated in our Corporate Governance Guidelines, each director is expected to attend all annual meetings of stockholders. All of our directors attended last year's annual meeting of stockholders in person.

COMMITTEES OF THE BOARD OF DIRECTORS

The Audit Committee reviews the audit plans and findings of our independent registered public accounting firm and our internal audit team and tracks management's corrective action plans where necessary; reviews our financial statements, including any significant financial items and changes in accounting policies or practices, with our senior management and independent registered public accounting firm; reviews our financial risk and control procedures, compliance programs (including our Code of Business Conduct and Ethics) and significant tax, legal and regulatory matters; reviews and approves related person transactions; and has the sole discretion to appoint annually our independent registered public accounting firm, evaluate its independence and performance and set clear hiring policies for employees or former employees of the independent registered public accounting firm.

Table of Contents

Compensation Committee

Meetings Held in 2017: Seven

Primary Responsibilities: The Compensation Committee reviews and recommends policies relating to compensation and benefits of our officers and employees. The Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of our CEO and other executive officers, evaluates the performance of these officers in light of those goals and objectives, and approves the compensation of these officers based on such evaluations. The Compensation Committee also administers the issuance of equity and other awards under our equity plans.

Independence: All of the members of the Compensation Committee are independent under the NYSE rules (including the enhanced independence requirements for compensation committee members).

Nominating and Corporate Governance Committee

Meetings Held in 2017: Four

Primary Responsibilities: The Nominating and Corporate Governance Committee is responsible for making recommendations to the Board regarding candidates for directorships and the size and composition of the Board. The Nominating and Corporate Governance Committee also reviews non-employee director compensation on an annual basis and makes recommendations to the Board. In addition, the Nominating and Corporate Governance Committee is responsible for overseeing our Corporate Governance Guidelines and reporting and making recommendations to the Board concerning governance matters.

As required by the Company's Corporate Governance Guidelines, the Nominating and Corporate Governance Committee oversees an annual evaluation process of the Board and each committee of the Board. The evaluation process includes a self-evaluation by the Board and each committee. Once the evaluation process is complete, the results are discussed by the full Board and each committee, as applicable, and changes in practices or procedures are considered and implemented as appropriate. The Nominating and Corporate Governance Committee also utilizes the results of this self-evaluation process in assessing and determining the characteristics and critical skills required of prospective candidates for election to the Board and making recommendations to the Board with respect to assignments of Board members to various committees. The Lead Independent Director also conducts a personal interview with each Board member to gather in-depth perspectives and candid insight about Board, committee and individual director performance and suggestions for improvement; in addition, each Board member completes an evaluation of each other Board member.

The Nominating and Corporate Governance Committee periodically reviews the format of the evaluation process to ensure that actionable feedback is solicited on the operation of the Board and director performance.

The Risk Committee also oversees the Company's enterprise risk management ("ERM") program and has direct oversight over certain risks within the ERM framework.

Independence: All of the members of the Risk Committee are independent under the NYSE rules.

BOARD OF DIRECTORS' RISK OVERSIGHT

Our management is responsible for the management and assessment of risk at the Company, including communication of the most material risks to the Board and its committees. Oversight of the Company's risks is carried out by the Board as a whole and by each of its various committees. The Risk Committee provides oversight with respect to risk practices implemented by management, except for the oversight of risks that have been specifically delegated to another committee of the Board. Even when the oversight of a specific area of risk has been delegated to another committee, the Risk Committee may maintain oversight over such risks through the receipt of reports from the committee chairpersons to the Risk Committee. The Board maintains oversight over such risks through the receipt of reports from the chairperson of the Risk Committee and from the other committees at each regularly scheduled Board meeting. The Risk Committee and other committee reviews occur principally through the receipt of reports from management and third parties on these areas of risk, and discussions with management and third parties regarding risk assessment and risk management.

At its regularly scheduled meetings, the Board generally receives a number of reports which include information relating to risks faced by the Company. The Company's Chief Financial Officer provides a report on the Company's results of operations, its liquidity position, including an analysis of prospective sources and uses of funds, and the implications to the Company's debt covenants and credit rating, if any. The president of each primary business unit provides an operational report, which includes information relating to strategic, operational and competitive risks. Finally, the Company's Chief Legal Officer provides a privileged report which provides information regarding the status of the Company's material litigation and related matters, if any, including environmental updates and the Company's continuing compliance with applicable laws and regulations. At each regularly scheduled Board meeting, the Board also receives reports from the Risk Committee chairperson as well as other committee chairpersons, which may include a discussion of risks initially overseen by the committees for discussion and input from the Board. As noted above, in addition to these regular reports, the Risk Committee receives reports on specific areas of risk such as regulatory, cyclical or other risks and reports to the Board on these matters.

The Board's leadership structure, through its committees, also supports its role in risk oversight. In general, the committees oversee the following risks:

Audit Committee: The Audit Committee maintains initial oversight over risks related to (i) the integrity of the Company's financial statements; (ii) internal controls over financial reporting and disclosure controls and procedures (including the performance of the Company's internal audit function); (iii) the performance of the independent registered public accounting firm; and (iv) ethics and related issues arising from the Company's whistleblower hotline.

Compensation Committee: The Compensation Committee maintains oversight over risks related to the Company's compensation practices.

Nominating and Corporate Governance Committee: The Nominating and Corporate Governance Committee monitors potential risks relating to the effectiveness of the Board, notably director succession, composition of the Board and the principal policies that guide the Company's governance.

Risk Committee: The Risk Committee maintains oversight over the Company's enterprise-level risks generally and specifically with respect to cyber security and information technology systems and procedures as noted above.

designated by the Chairman of the Board or the Lead Independent Director, as applicable. Currently, Mr. Larson, our Lead Independent Director, presides at the executive sessions of our independent directors.

Table of Contents**DIRECTOR COMPENSATION**

We use a combination of cash and stock based incentive compensation to attract and retain independent, qualified candidates to serve on the Board. The Board makes all director compensation determinations after considering the recommendations of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee reviews director compensation annually, assisted periodically by an independent compensation consultant (most recently in 2016). Based on this review, the Nominating and Corporate Governance Committee recommended, and the Board agreed, that no changes should be made to director compensation in 2017. There have been no increases in compensation paid to our directors since 2016. In setting director compensation, we considered various factors including market comparison studies and trends, the responsibilities of directors generally, including committee chairs, and the significant amount of time that directors expend in fulfilling their duties. In establishing the non-employee director compensation recommendations, the Nominating and Corporate Governance Committee utilized a balance of cash and equity, with the majority of the compensation delivered through equity grants. Directors who also serve as employees of the Company do not receive payment for service as directors.

Table of Contents**DIRECTORS DEFERRED COMPENSATION PLAN**

Non-employee directors also may choose to receive all or a portion of their annual stock retainer in the form of a deferred share account. The Director Deferred Compensation Plan provides that the amount of cash in a director's deferred cash account, plus the number of shares of our common stock equal to the number of shares in the director's deferred share account, will be delivered to a director in installments over a specified period or within 60 days following the date of the director's departure from the Board, with cash being paid in lieu of any fractional shares.

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION: PROPOSAL NO. 2

PROPOSAL

In accordance with Section 14A of the Exchange Act and related SEC rules, the Company seeks a non-binding advisory vote from its stockholders to approve the compensation of its named executive officers as described in the "Compensation Discussion and Analysis" section beginning on page 26 and the compensation tables that follow such section. The Company seeks this non-binding advisory vote from its stockholders annually, pursuant to the results of the stockholders' vote at the Company's 2017 annual meeting of stockholders selecting such frequency.

Our executive compensation program includes certain "best practices" in governance and executive compensation, including the following:

Stockholder alignment: We have consistently demonstrated close alignment between our TSR performance and the compensation of our CEO.

Independent Compensation Committee: All of the members of our Compensation Committee are independent under NYSE rules.

Independent compensation consultant: The Compensation Committee retains its own independent compensation consultant to review our executive compensation program and practices.

Pay for performance: Our annual incentive program is 100% performance-based and our equity incentive program is heavily performance-based with 75% of our equity awards in the form of PRSUs.

Maximum payout caps: The Compensation Committee sets maximum amounts that may be payable for annual cash incentive compensation and PRSUs.

Clawback policy for financial misconduct: Our clawback policy provides for the recovery and cancellation of an executive officer's incentive compensation in the event we are required to prepare an accounting restatement due to such executive officer's intentional misconduct.

Moderate change in control benefits: Change in control severance benefits are two times base salary and target bonus for the CEO and one times base salary and target bonus for the other executive officers.

Double-trigger vesting provisions in equity award agreements: Our 2017 equity awards permit accelerated vesting of assumed or replaced equity awards upon a change in control of the Company only if an executive experiences a qualifying termination of employment in connection with or following such change in control.

Edgar Filing: KAR Auction Services, Inc. - Form DEF 14A

Robust equity ownership requirements: We have stock ownership guidelines that are applicable to our named executive officers. The stock ownership guideline for our CEO is five times his annual base salary, and the CEO currently holds over 25 times his annual base salary.

In deciding how to vote on this proposal, the Board encourages you to read the "Compensation Discussion and Analysis" section and the compensation tables that follow. Because this vote is advisory, it will not be binding upon the Board; however, the Board and the Compensation Committee value our stockholders' opinions, and the Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions.

2017 Executive Compensation Highlights

Payouts based on Adjusted EBITDA performance in 2017 under our Annual Incentive Program (as subsequently defined) were at approximately 111% of the target amount for the named executive officers whose payout is based on the performance of KAR and approximately 130% of the target amount for the remaining named executive officer whose payout is based on the performance of KAR and IAA. The Compensation Committee applied the MBO modifier (as subsequently defined) to the Annual Incentive Program 2017 payout, based on the named executive officers' achievement of pre-established qualitative objectives, which resulted in varying increases in payouts for each named executive officer based on their respective performance.

Half of the 2014 PRSUs paid out at 125% of target and the remaining 2014 PRSUs paid out at 200% of target based on strong Cumulative Adjusted Net Income Per Share ("CANIPS") and TSR performance, respectively.

We continued our heavy focus on performance-based equity awards with 75% of our 2017 equity awards in the form of PRSUs that will pay out based on our Cumulative Operating Adjusted Net Income Per Share performance over a three-year measurement period.

These compensation highlights are discussed in more detail below.

COMPENSATION PHILOSOPHY AND OBJECTIVES

We design and administer our executive pay programs to help ensure the compensation of our named executive officers is (i) closely aligned with our performance on both a short-term and long-term basis; (ii) linked to specific, measurable results intended to create value for stockholders; and (iii) competitive in attracting and retaining key executive talent into the vehicle remarketing and auto finance industry. Each of the compensation programs that we have developed and implemented is intended to satisfy one or more of the following specific objectives:

align the interests of our executive officers with the interests of our stockholders so that our executive officers manage from the perspective of owners with an equity stake in the Company;

motivate and focus our executive officers through incentive compensation programs directly tied to our financial results;

support a one-company culture and encourage synergies among all business units by aligning rewards with long-term, overall Company performance and stockholder value;

provide a significant percentage of total compensation through variable pay based on pre-established, measurable goals and objectives;

provide competitive upside opportunity without encouraging excessive risk-taking;

enhance our ability to attract and retain skilled and experienced executive officers; and

provide rewards commensurate with performance and with competitive market practices.

While the Company does not target any specific percentile positioning versus the market, the market median is used as a reference point but is not the sole determinant when making compensation decisions. Compensation decisions are made considering a number of factors including experience, tenure, specific requirements of roles relative to the market and individual and Company performance.

THE ROLE OF THE COMPENSATION COMMITTEE AND THE EXECUTIVE OFFICERS IN DETERMINING EXECUTIVE COMPENSATION

Composition of the Compensation Committee. The Compensation Committee of our Board is comprised of Mmes. Ecton (Chairman) and Jolliffe and Messrs. Bourell and Larson.

Role of the Compensation Committee. The Compensation Committee has primary responsibility for all compensation decisions relating to our named executive officers. The Compensation Committee reviews the aggregate level of our executive compensation, as well as the mix of elements used to compensate our named executive officers on an annual basis.

Compensation Committee's Use of Market and Survey Data. Although KAR Auction Services is comprised of a unique mix of businesses and lacks directly comparable public companies, the Compensation Committee understands that most companies consider pay levels at comparably-sized, peer companies when setting named executive officer compensation levels. With assistance from its independent

Edgar Filing: KAR Auction Services, Inc. - Form DEF 14A

compensation consultant, ClearBridge Compensation Group LLC ("ClearBridge"), the Compensation Committee has developed a meaningful comparator group for the Company.

In order to confirm competitiveness of compensation, the Compensation Committee uses a combination of (i) survey data (cuts from the Aon Hewitt and Mercer general industry and service industry surveys); and (ii) proxy compensation data of a "proxy comparator group" in setting and adjusting base salary levels. In light of the lack of directly comparable companies for KAR Auction Services' business, as noted above, companies in the proxy comparator group were selected based on (i) a focus on service-oriented industries; (ii) similarly-sized revenue and market capitalization levels; (iii) comparable growth, profitability and/or market valuation

Table of Contents

profiles; and (iv) the avoidance of over-representing any one industry. Where possible, the Compensation Committee included companies that are in related or similar industries to the Company.

Based on the recommendation of ClearBridge, the Compensation Committee used a proxy comparator group consisting of the following 17 companies in making 2017 compensation decisions:

2017 Proxy Comparator Group

Allison Transmission Holdings, Inc.	GATX Corp.	Stericycle, Inc.
Cintas Corporation	LKQ Corp.	Total System Services, Inc.
Copart, Inc.	MSC Industrial Direct Co. Inc.	Vantiv, Inc.
CDK Global, Inc.	Old Dominion Freight Line Inc.	Werner Enterprises, Inc.
ebay Inc.	Pitney Bowes Inc.	Westinghouse Air Brake Technologies Corporation
Equifax Inc.	Sotheby's	

Companies in the 2017 proxy comparator group were selected based on (i) a focus on companies in service-oriented industries; (ii) similarly-sized revenue and market capitalization levels; (iii) comparable growth, profitability and/or market valuation profiles; and (iv) companies with which KAR Auction Services competes for executive talent. Where possible, the Compensation Committee included companies that are in related or similar industries to the Company.

The Compensation Committee viewed the proxy comparator group and market data as an important guide, but not as the sole determinant in making its decisions regarding 2017 base salary levels. The Compensation Committee also considered experience and tenure, sustained performance and specific requirements of roles relative to market and individual and Company performance.

Role of the Independent Compensation Consultant. The Compensation Committee used ClearBridge as its independent compensation consultant in 2017. ClearBridge provided (i) advice to the Compensation Committee with respect to the assessment of the Company's executive compensation practices; (ii) advice regarding the evaluation of long-term incentive compensation practices; (iii) advice and guidance regarding the design of new long-term equity awards; (iv) advice regarding related compensation matters; (v) advice to the Compensation Committee with respect to annual and long-term incentive plan design; and (vi) guidance on the competitiveness of the executive officers' elements of compensation.

The Compensation Committee has reviewed the independence of ClearBridge in light of SEC rules and NYSE listing standards regarding compensation consultants and has concluded that the work of ClearBridge for the Compensation Committee does not raise any conflict of interest. All work performed by ClearBridge is and was subject to review and approval of the Compensation Committee.

Role of the Executive Officers. Mr. Hallett regularly participates in meetings of the Compensation Committee at which compensation actions involving our named executive officers are discussed. Mr. Hallett assists the Compensation Committee by making recommendations regarding compensation actions for the executive officers other than himself. Mr. Hallett recuses himself and does not participate in any portion of any meeting of the Compensation Committee at which his compensation is discussed.

ELEMENTS USED TO ACHIEVE COMPENSATION PHILOSOPHY AND OBJECTIVES

Elements of 2017 Executive Compensation Program Design

The following table lists the elements of compensation for our 2017 executive compensation program. The program uses a mix of fixed and variable compensation elements and provides alignment with both short- and long-term business goals through annual and long-term incentives. Our incentives are designed to drive overall corporate performance and business unit strategies that correlate to stockholder value and align with our strategic vision. In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other companies.

Compensation Structure and Goal Setting

Our executive compensation program is designed to deliver compensation in accordance with corporate and business unit performance with a large percentage of compensation at risk through long-term equity awards and annual cash incentive awards. These awards are linked to actual performance, consistent with our belief that a significant amount of executive compensation should be in the form of equity and that a greater percentage of compensation should be tied to performance for executives who bear higher levels of responsibility for our performance. The mix of target direct compensation for 2017 for our CEO and the average of our other named executive officers is shown in the charts below. Approximately 83% of our CEO's total compensation, and approximately 70% of the average total compensation of our other named executive officers, is at-risk, consisting of PRSUs, restricted stock units ("RSUs") and other performance-based incentives.

CEO Compensation

Other Named Executive Officer Average Compensation

Base Salary

General. Annual salary levels for our named executive officers are based upon various factors, including the amount and relative percentage of total compensation that is derived from base salary when setting the compensation of our executive officers, Company performance, individual performance, experience, job scope and tenure. In view of the wide variety of factors considered by the Compensation Committee in connection with determining the base salary of each of our named executive officers, the Compensation Committee has not attempted to rank or otherwise assign relative weights to the factors that it considers. A description of how these factors were applied in 2017 is described below.

Base Salaries for 2017. In late 2016 and the first quarter of 2017, the Compensation Committee reviewed the base salaries of each of our named executive officers for 2017. After considering multiple factors as noted above, the Compensation Committee approved a base salary adjustment for Messrs. Gottwald, Loughmiller and Kett and Ms. Polak. The Compensation Committee did not approve a base salary adjustment for Mr. Hallett because the Compensation Committee determined that his base salary was already set at a competitive level.

Table of Contents

The following base salaries were in effect for 2017:

Name	Base Salary	Increase %	Effective Date	Why Was Increase Approved?
Jim Hallett	\$900,000	0%	N/A	N/A
Eric Loughmiller	\$500,000	11%	January 1, 2017	Merit and market adjustment.
Don Gottwald	\$583,495	3%	January 1, 2017	Merit increase.
Becca Polak	\$475,000	8%	January 1, 2017	Merit and market adjustment.
John Kett	\$477,405	3%	January 1, 2017	Merit increase.

Base Salaries for 2018. In late 2017, the Compensation Committee reviewed the base salaries of each of our named executive officers for 2018. After considering multiple factors as noted above, the Compensation Committee approved the following base salaries, effective January 1, 2018:

Name	Base Salary	Increase %
Jim Hallett	\$975,000	8%
Eric Loughmiller	\$525,000	5%
Don Gottwald	\$583,495	0%
Becca Polak	\$515,000	8%
John Kett	\$501,275	5%

The Compensation Committee did not approve a 2018 base salary adjustment for Mr. Gottwald because the Compensation Committee determined that his base salary was already set at competitive levels. In order to confirm competitiveness of compensation, the Compensation Committee reviews survey data and proxy compensation data of other companies.

Annual Cash Incentive Program

General. Named executive officers with greater job responsibilities have a significant proportion of their annual cash compensation tied to Company performance through their annual incentive opportunity.

The KAR Auction Services, Inc. Annual Incentive Program. Under the KAR Auction Services, Inc. Annual Incentive Program (the "Annual Incentive Program"), which is part of the KAR Auction Services, Inc. 2009 Omnibus Stock and Incentive Plan, as amended (the "Omnibus Plan"), the grant of cash-based awards to eligible participants is contingent upon the achievement of certain pre-established corporate performance goals as determined by the Compensation Committee.

Use of 2017 Adjusted EBITDA

In 2017, the Compensation Committee used "2017 Adjusted EBITDA" for KAR Auction Services and/or IAA, depending upon the named executive officer, as the relevant metric for determining awards under the Annual Incentive Program.

"Adjusted EBITDA" is equal to EBITDA (earnings before interest expense, income taxes, depreciation and amortization) adjusted to exclude, among other things:

gains and losses from asset sales;

unrealized foreign currency translation gains and losses in respect of indebtedness;

certain non-recurring gains and losses;

stock based compensation expense;

certain other non-cash amounts included in the determination of net income;

charges and revenue reductions resulting from purchase accounting;

minority interest;

expenses associated with the consolidation of salvage operations;

consulting expenses incurred for cost reduction, operating restructuring and business improvement efforts;

Table of Contents

expenses realized upon the termination of employees and the termination or cancellation of leases, software licenses or other contracts in connection with the operational restructuring and business improvement efforts;

expenses incurred in connection with permitted acquisitions;

any impairment charges or write-offs of intangibles; and

any extraordinary, unusual or non-recurring charges, expenses or losses.

Using these measures, the Compensation Committee establishes, on an annual basis, specific targets that determine the size of payouts under the Annual Incentive Program. In 2017, the annual incentive opportunity based on achievement of 2017 Adjusted EBITDA for each named executive officer was as follows:

Name	Base Salary	Bonus Opportunity			Bonus Goal Weighting % 2017 Adjusted EBITDA	
		Threshold % of Base Salary	Target % of Base Salary	Superior % of Base Salary	KAR Auction Services	IAA
Jim Hallett	\$900,000	62.5	125	187.5	100	
Eric Loughmiller	\$500,000	37.5	75	112.5	100	
Don Gottwald	\$583,495	50	100	150	100	
Becca Polak	\$475,000	37.5	75	112.5	100	
John Kett	\$477,405	50	100	150	50	50

The chart below reflects Adjusted EBITDA performance metrics and achieved results for 2017. The payout percentages are based on the achievement of the performance metrics set forth below, with payment amounts prorated for performance between the established levels.

Target Incentive Opportunity: Base Pay multiplied by Individual Target Opportunity

Business Performance Factor: 2017 Adjusted EBITDA of KAR (50% or 100%) and 2017 Adjusted EBITDA of Business Unit (0% to 50%)

Use of Management by Objectives

In 2017, the Compensation Committee could also, in its discretion, apply the Management by Objectives ("MBO") modifier to increase or reduce the annual incentive awards by up to plus or minus 10% based on an executive's achievement of pre-established qualitative objectives for implementing and documenting certain talent development and succession plan programs.

Based on each executive's level of achievement of each of these objectives, the Compensation Committee applied the MBO modifier to increase the annual incentive award of each of the named executive officers, as shown on page 35 below.

Performance Targets for the Annual Incentive Program

The Compensation Committee reviews the Company's business plan approved by the Board and determines the level of performance required to receive threshold, target and superior annual incentive payouts. The

Table of Contents

Compensation Committee established the performance objectives in amounts which it believed would increase stockholder value and be achievable given a sustained performance on the part of the named executive officers and which would require increasingly greater results to achieve the target and superior objectives. The Compensation Committee may decrease the potential payouts at each performance target if, in the discretion of the Compensation Committee, the circumstances warrant such an adjustment. In 2017, the Compensation Committee did not increase or decrease the performance targets of any 2017 annual incentive program award. As described elsewhere in this proxy statement, the Compensation Committee applied the MBO modifier to the 2017 annual incentive program payout, based on the named executive officers' achievement of pre-established qualitative objectives, which resulted in varying increases in payouts for each named executive officer based on their respective performance.

2017 Performance Targets. The chart which follows provides the 2017 Adjusted EBITDA performance targets established by the Compensation Committee for 2017 as well as the actual level of performance achieved (dollars in millions):

				Achieved Results(1)	Percentage of Target Annual Incentive Award Earned (Adjusted EBITDA)
	Threshold	Target	Superior		
KAR Auction Services	\$772.4	\$835.0	\$876.8	\$844.47	111.3%
IAA	\$286.7	\$307.1	\$337.8	\$337.44	149.4%

(1)

KAR's reported Adjusted EBITDA for the year ended December 31, 2017 was approximately \$838 million, but for Annual Incentive Program purposes, certain acquisitions consummated in 2017 were excluded, which resulted in Adjusted EBITDA of \$844.5 million.

2017 Annual Incentive Program Payouts. Under the Annual Incentive Program, threshold performance objectives must be met in order for any payout to occur. Payouts can range from 50% of target awards for performance at threshold up to a maximum of 150% of target awards (165% with the MBO modifier) for superior performance or no payout if performance is below threshold. The table below shows the annual incentive opportunities for our named executive officers for 2017. Because KAR Auction Services and IAA each achieved at least the threshold level of performance in 2017, each of our named executive officers was eligible to receive an award under the Annual Incentive Program in 2018, which amounts are set forth in the "Summary Compensation Table for 2017" on page 42. Based on the Company's performance during 2017, and the accompanying payout percentages for the different performance goals set forth above, our named executive officers earned the following percentages and corresponding payout amounts of their target annual incentive awards:

Name	Target Annual Incentive Award	Percentage of Target Annual Incentive Award Earned (Adjusted EBITDA)	MBO Multiplier	2017 Payout
Jim Hallett	\$1,125,000	111.3%	108.2%	\$1,355,361
Eric Loughmiller	\$375,000	111.3%	109.4%	\$456,798
Don Gottwald	\$583,495	111.3%	108.2%	\$702,974
Becca Polak	\$356,250	111.3%	110.0%	\$436,338
John Kett	\$477,405	130.4%(1)	109.4%	\$681,026

This amount is based on the percentages of the target annual incentive awards earned for KAR and IAA.

Long-Term Incentive Opportunities

The Company provides long-term incentive compensation opportunities in the form of PRSUs and RSUs, each as described below.

2017 Long-Term Incentive Awards. As previously disclosed, on February 24, 2017, the Compensation Committee granted PRSUs and RSUs under its long-term incentive program to the Company's named

Table of Contents

executive officers, as described in the table below. The Company did not grant any stock options to its named executive officers in 2017. Awards were based on the individual's ability to impact future results, job scope, individual performance and a review of competitive pay practices.

The aggregate target award value for each named executive officer was allocated such that 75% of the value was in the form of PRSUs and 25% of the value was in the form of RSUs.

Name	Target PRSUs (Cumulative Operating Adjusted Net Income Per Share Goal)	Value of Target Shares at Grant	RSUs	Value of RSUs at Grant
Jim Hallett	59,224	\$2,636,060	19,742	\$878,716
Eric Loughmiller	14,395	\$640,721	4,799	\$213,603
Don Gottwald	16,785	\$747,100	5,595	\$249,033
Becca Polak	13,675	\$608,674	4,559	\$202,921
John Kett	9,818	\$436,999	3,273	\$145,681

2017 Performance-Based RSU Awards

The PRSUs will vest if and to the extent that the Company's "Cumulative Operating Adjusted Net Income Per Share" exceeds certain levels over the three-year period beginning on January 1, 2017. "Cumulative Operating Adjusted Net Income Per Share" means the sum of the Company's Operating Adjusted Net Income Per Share for the three fiscal years in the measurement period beginning on January 1, 2017 and ending on December 31, 2019.

"Cumulative Operating Adjusted Net Income Per Share" for a fiscal year is calculated by dividing Operating Adjusted Net Income by the weighted average diluted common shares outstanding per year. "Operating Adjusted Net Income" for a fiscal year is equal to the Company's net income as reported in the Form 10-K filed by the Company with respect to such fiscal year, adjusted to (i) exclude gains/losses from certain non-recurring and unbudgeted capital transactions, including debt prepayment, debt refinancing, share repurchases and related financing costs not contemplated in the long term incentive targets; (ii) exclude amortization expense associated with acquired intangible assets recorded during purchase accounting of acquisitions; (iii) exclude acquisition contingent consideration; (iv) exclude the impact of significant acts of God or other events outside of the Company's control that may affect the overall economic environment; (v) exclude significant asset impairments; (vi) exclude the impact of adoption of new accounting standards; and (vii) exclude the impact of tax rate changes caused by changes in tax legislation.

The amount of the target PRSUs actually earned and paid in shares of common stock in a lump sum following the performance period will be: 0% for below threshold performance, 50% for threshold performance, 100% for target performance and up to 200% for achieving the maximum performance level or higher. Linear interpolation will be used to calculate the percentage of PRSUs earned and paid if performance falls between the levels described above.

2017 Time-Based RSU Awards

The RSUs will vest and convert into shares of common stock of the Company on each of the first three anniversaries of the grant date, subject to the named executive officer's continued employment with the Company through each such anniversary, provided that the Company has achieved the Section 162(m) performance goal of \$100 million in adjusted net income in its 2017 fiscal year (as reported in the Form 10-K filed by the Company with respect to such fiscal year, and which condition was satisfied).

Prior Years' Awards.**2016 Performance-Based and Time-Based RSU Awards**

As previously disclosed, on February 22, 2016, the Compensation Committee granted PRSUs and RSUs to certain of the Company's named executive officers, some of which remained outstanding at fiscal year-end 2017. The amounts of PRSUs and RSUs are disclosed in the "Outstanding Equity Awards" table below.

Table of Contents

Other than with respect to the double-trigger vesting upon a change in control of the Company described above, these awards have terms substantially similar to those granted in 2017. For the year ended December 29, 2017, one-third of the RSUs had vested, as disclosed in the "Option Exercises and Stock Vested" table below.

2015 Performance-Based and Time-Based RSU Awards

As previously disclosed, on February 20, 2015, the Compensation Committee granted PRSUs and RSUs to certain of the Company's named executive officers, some of which remained outstanding at fiscal year-end 2017. These awards have terms substantially similar to those granted in 2016.

For the year ended December 29, 2017, an additional one-third of the RSUs had vested, as disclosed in the "Option Exercises and Stock Vested" table below.

The number of PRSUs that vested on February 6, 2018 was determined based on the Company's CANIPS exceeding certain levels over the three-year period beginning on January 1, 2015 and ending on December 31, 2017. The amounts of PRSUs and RSUs are disclosed in the "Outstanding Equity Awards" table below.

The number of PRSUs that vested based on CANIPS achieved was determined in accordance with the chart below:

CANIPS During the Measurement Period	Number of PRSUs Vesting
Below Threshold:	
Below \$4.83	0% of Target
Threshold:	
\$4.83	50% of Target
Target:	
\$5.22	100% of Target
Maximum:	
Greater than or equal to \$6.26	200% of Target

The Company achieved CANIPS of \$5.57 versus a target of \$5.22 for the three-year performance period ended December 31, 2017. As such, on February 6, 2018, based on the CANIPS achieved, 133.5 percent of the 2015 PRSUs vested above the target level but below the maximum level and resulted in the following number of PRSUs vesting:

Name	Number of PRSUs Vesting (including dividend equivalents)	2017 CANIPS Payout(1)
Jim Hallett	84,257	\$4,300,477
Eric Loughmiller	39,008	\$1,990,968
Don Gottwald	21,454	\$1,095,012
Becca Polak	12,483	\$637,132
John Kett	14,043	\$716,755

(1)

Based on a share price of \$51.04, the February 6, 2018 market close price.

2014 Performance-Based RSU Awards

As previously disclosed, on March 7, 2017, 50% of the PRSUs granted in 2014 vested above the target performance level but below the maximum performance level based on the Company's CANIPS and the remaining 50% of the PRSUs granted in 2014 vested at the maximum performance level based on the Company's TSR.

The perquisites which are currently available to certain of our named executive officers include an automobile allowance or use of a Company-owned automobile, an allowance for executive physicals and Company-paid group term life insurance premiums. Please see footnote 4 to the "Summary Compensation Table for 2017" on page 42 for more information regarding perquisites.

COMPENSATION POLICIES AND OTHER INFORMATION

Employment and Severance Agreements

The Compensation Committee recognizes that, from time to time, it is appropriate to enter into agreements with our executive officers to ensure that we continue to retain their services and to promote stability and continuity within the Company. All of our named executive officers have an employment agreement with the Company or one of its subsidiaries. A description of these agreements can be found in the section titled "Potential Payments Upon Termination or Change in Control Employment Agreements with Named Executive Officers."

Tax and Accounting Considerations

Employment Agreements. Section 280G of the Internal Revenue Code of 1986, as amended (the "Code") and related provisions impose substantial excise taxes under Section 4999 of the Code on so-called "excess parachute payments" payable to certain named executive officers upon a change in control and results in the loss of the compensation deduction for such payments by the Company.

Mr. Hallett's employment agreement, which became effective as of February 27, 2012, provides for a potential "gross-up payment" in the event that such excise taxes result from any excess parachute payments. Mr. Hallett's employment agreement provides that in the event that any payment or benefit under such agreement in connection with Mr. Hallett's employment or termination of employment is or becomes subject to an excise tax under Section 4999 of the Code, then the Company will make a cash payment to Mr. Hallett, which, after the imposition of all income, employment, excise and other taxes thereon, as well as any penalty and interest assessments associated therewith, will be sufficient to place Mr. Hallett in the same after-tax position as he would have been in had such excise tax not been applied. However, in the event that a reduction of the total payments to Mr. Hallett would avoid the application of the excise tax, then the total payments will be reduced to the extent necessary to avoid the excise tax, but in no event by more than 10% of the original amount of the total payments.

None of the employment agreements entered into with Messrs. Loughmiller, Gottwald or Kett or Ms. Polak contain excise tax gross-up provisions.

Tax Deductibility of Awards Under the Omnibus Plan. Section 162(m) of the Code ("Section 162(m)") generally disallows a federal tax deduction by the Company for compensation paid to Covered Employees (as

Table of Contents

defined in Section 162(m)) in excess of \$1,000,000. Historically, compensation that qualifies as "performance-based compensation" under Section 162(m) could be excluded from this limit, but this exemption has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to the Covered Employees in excess of \$1,000,000 will not be deductible by the Company unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

The Compensation Committee has generally structured certain awards under the Omnibus Plan so that they may comply with the "performance-based compensation" exemption for purposes of Section 162(m) and to be deductible by the Company for federal income tax purposes. However, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, we cannot guarantee that compensation intended to qualify as "performance-based compensation" will so qualify or will be deductible.

Though tax deductibility is one of many factors considered by the Compensation Committee when determining executive compensation, the Compensation Committee retains the discretion to award compensation that exceeds or does not qualify for the Section 162(m) deductibility limit. The Compensation Committee believes that the tax deduction limitation should not be permitted to compromise our ability to design and maintain executive compensation arrangements that will attract and retain the executive talent to compete successfully. For example, in seeking to tie executive pay to company performance in a meaningful way, the Compensation Committee may make decisions in designing and approving pay programs that are not driven by tax consequences to the Company.

Accounting for Stock-Based Compensation. We account for stock-based compensation in accordance with the requirements of ASC 718.

Clawback Policy for Financial Restatements. The Company's clawback policy provides for the recovery of incentive compensation in the event the Company is required to prepare an accounting restatement due to any current or former executive officer's intentional misconduct. In such an event, the executive officer would be required to repay to the Company the excess amount of incentive compensation received under the inaccurate financial statement. The Company intends to revise this policy as needed to comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act when such requirements become effective.

Insider Trading Policy

Our insider trading policy expressly prohibits:

ownership of margin securities;

trading in options, warrants, puts and calls or similar instruments on the Company's securities; or

selling the Company's securities "short."

We also prohibit officers, directors and employees from:

pledging the Company's securities as collateral for loans; and

purchasing or selling the Company's securities while in possession of material, non-public information, or otherwise using such information for their personal benefit.

Our executives and directors are permitted to enter into trading plans that are intended to comply with the requirements of Rule 10b5-1 of the Exchange Act so that they can prudently diversify their asset portfolios and exercise their stock options before their scheduled expiration dates.

Anti-Hedging Policy

In addition to the Company's existing anti-pledging of Company stock policy, the Company adopted a formal anti-hedging of Company stock policy, which prohibits our officers and directors from engaging in certain forms of hedging or monetization transactions with respect to the

Company's stock, such as prepaid variable forward contracts, equity swaps, collars and exchange funds.

Stock Ownership Guidelines and Stock Holding Requirement

The Compensation Committee adopted the following stock ownership guidelines which are applicable to our named executive officers:

Title	Stock Ownership Guideline
CEO	5 times annual base salary
Other Named Executive Officers	3 times annual base salary

The named executive officers must hold 60% of the vested shares, net of taxes, of Company stock received under awards granted on or after January 1, 2015 until the applicable ownership guideline is met. All named executive officers are in compliance with the stock ownership guidelines.

RESULTS OF SAY ON PAY VOTES AT 2017 ANNUAL MEETING

At the Company's 2017 annual meeting of stockholders, the Company held a non-binding stockholder vote on executive compensation (commonly referred to as "Say on Pay"). At the meeting, excluding broker non-votes, over 97% of the votes on the matter were cast to approve the Company's executive compensation programs, less than 3% of the votes were cast against, and less than 1% abstained from voting.

The Compensation Committee considered the results of the vote, including the appropriateness of the compensation philosophy and objectives, the role of the Compensation Committee and executive officers in setting compensation, the elements used to achieve the compensation philosophy and objectives and the levels of compensation provided to the named executive officers. Following its review, the Compensation Committee decided to retain the Company's general approach to executive compensation in 2018, in part due to the significant majority of stockholders that voted to approve the Company's executive compensation programs at the 2017 annual meeting of stockholders.

In addition, at the Company's 2017 annual meeting of stockholders, the Company held a non-binding stockholder vote on whether to hold a Say on Pay vote every one, two or three years. At that meeting, a majority of our stockholders voted in favor of holding a Say on Pay vote every year, and accordingly, the Company adopted an annual Say on Pay vote frequency. As described in more detail in Proposal No. 2 above, the Company is again holding an a Say on Pay vote to approve executive compensation at the 2018 annual meeting of stockholders.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed the Compensation Discussion and Analysis for executive compensation for 2017 and discussed that analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's 2017 Annual Report on Form 10-K. This report is submitted by Donna R. Ecton, Todd F. Bourell, Lynn Jolliffe and John P. Larson.

ANALYSIS OF RISK IN THE COMPANY'S COMPENSATION STRUCTURE

The Compensation Committee considers the potential risks in our business when designing and administering the Company's pay program, and the Compensation Committee believes its balanced approach to performance measurement and pay delivery works to avoid misaligned incentives for individuals to undertake excessive or inappropriate risk. Further, program administration is subject to considerable internal controls, and when determining the principal outcomes performance assessments and pay decisions the Compensation Committee relies on principles of sound governance and good business judgment. As part of its responsibilities to annually review all incentive compensation and equity-based plans, and evaluate whether the compensation arrangements of the Company's employees incentivize unnecessary and excessive risk-taking, the Compensation Committee evaluated the risk profile of all of the Company's compensation policies and practices for 2017.

In its evaluation, the Compensation Committee reviewed the Company's employee compensation structures and noted numerous design elements that manage and mitigate risk without diminishing the incentive nature of the compensation. There is a balanced mix between cash and equity and between annual and longer-term incentives. In addition, annual incentive awards and long-term incentive awards granted to executives are tied to corporate performance goals, including Adjusted EBITDA and Cumulative Operating Adjusted Net Income Per Share. These metrics encourage performance that supports the business as a whole. The executive annual incentive awards include a maximum payout opportunity equal to 165% of target. Our executives are also expected to meet share ownership guidelines in order to align the executives' interests with those of our stockholders. Also, the Company's clawback policy permits the Company to recover incentive compensation paid to an executive officer if the compensation resulted from any financial result or metric impacted by the executive officer's intentional misconduct. This policy helps to discourage inappropriate risks, as executives will be held accountable for misconduct which is harmful to the Company's financial and reputational health.

The Compensation Committee also reviewed the Company's compensation programs for certain design features that may have the potential to encourage excessive risk-taking, including: over-weighting towards annual incentives, highly leveraged payout curves, unreasonable thresholds and steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds. The Compensation Committee concluded that the Company's compensation programs (i) do not include such elements; or (ii) have implemented features, steps and controls that are designed to limit risks of our compensation arrangements. In light of these analyses, the Compensation Committee concluded that the Company has a balanced pay and performance program that does not encourage excessive risk-taking that is reasonably likely to have a material adverse effect on the Company.

(2) The total amounts and values in columns (i) and (j) equal the total number of PRSUs granted on February 20, 2015 that may be earned and vest based on the CANIPS performance over a three-year period, at the maximum level, held by each named executive officer multiplied by the market price of Company common stock at the close of the last trading day in 2017, which was \$50.51 per share, including reinvested dividends on such PRSUs. In calculating the number of PRSUs and their value, we are required by SEC rules to compare our performance through 2017 under the PRSU grants against the threshold, target and maximum performance levels for the grant and report in these columns the applicable potential share number and payout amount. POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL TABLE

The amounts in the table below assume that the termination and/or change in control, as applicable, was effective as of December 29, 2017, the last business day of the prior fiscal year, and that the respective named executive officers exercised all options and/or received cash in exchange for vested PRSUs and RSUs at such time. The table is merely an illustrative example of the impact of a hypothetical termination of employment or change in control. The amounts that would actually be paid upon a termination of employment can only be determined at the time of such termination, based on the facts and circumstances then prevailing.

Footnotes to Potential Payments Upon Termination or Change in Control Table

- (1) The amounts reported are equal to the full amount of the named executive officer's 2017 annual bonus (a December 29, 2017 termination results in a 100% payout, whereas a termination on any other date would result in a prorated amount, assuming payment upon a change in control), payable under the terms of such officer's employment agreement or the Omnibus Plan, as applicable.
- (2) The amounts reported assume a Company common stock price of \$50.51, which was the closing price on December 29, 2017. Messrs. Gottwald and Kett did not have any outstanding, unvested options as of such date.
- (3) The amounts reported assume a Company common stock price of \$50.51, which was the closing price on December 29, 2017. In the event that a named executive officer is terminated without Cause or resigns for Good Reason (each as defined in the applicable employment agreement), or such officer terminates employment due to his/her death, Disability or Retirement (if eligible) (each as defined in the Omnibus Plan), prior to a Change in Control (as defined in the Omnibus Plan), he/she would be entitled to receive, at the same time as active Company employees, all or a prorated portion of the 2015, 2016 and 2017 PRSUs based on the Company's actual performance during each performance period and the number of full months he/she was employed during each such performance period (plus additional vesting in the case of Retirement, if eligible, with respect to the 2016 and 2017 PRSUs). Assuming a termination as a result of the named executive officer's death, Disability or Retirement (if eligible) prior to a Change in Control and as of December 29, 2017 and a full year of vesting, each of the named executive officers would be entitled to (i) all of the 2015 PRSUs, (ii) all of the 2016 PRSUs and (iii) all of the 2017 PRSUs in the case of death or Disability or 24/36ths of the 2017 PRSUs in the case of Retirement (if eligible); in each case, based on actual performance. Assuming a termination without Cause or a resignation for Good Reason prior to a Change in Control, each of the named executive officers would be entitled to (i) all of the 2015 PRSUs, (ii) 24/36ths of the 2016 PRSUs and (iii) 12/36ths of the 2017 PRSUs; in each case, based on actual performance. With respect to the events described above, the amounts disclosed in the table for the 2015 PRSUs reflect actual performance and the amounts disclosed in the table for the 2016 and 2017 PRSUs assume performance at the target level.

If a Change in Control occurs prior to the termination of such officer's employment, assuming a Change in Control date of December 29, 2017, he/she would be entitled to receive immediate vesting and payout of the target number of 2015 PRSUs and 2016 PRSUs, without proration. If such officer's employment is terminated following a Change in Control as a result of a termination without Cause or a resignation for Good Reason, assuming a Change in Control date of December 29, 2017, he/she would be entitled to receive immediate vesting of the target number of 2017 PRSUs as of his/her termination date, without proration, with respect to any 2017 PRSUs that are assumed or replaced in the Change in Control (or, in the case of a termination without Cause, any 2017 PRSUs that are not assumed or replaced in the Change in Control if such officer's employment is terminated effective as of the Change in Control). If a 2017 PRSU is not assumed or replaced in the Change in Control, assuming a Change in Control date of December 29, 2017, such officer would be entitled to receive immediate vesting of the target number of 2017 PRSUs as of the Change in Control date, without proration. With respect to a Change in Control, the amounts disclosed in the "CIC (single trigger)" rows in the table assume that the 2017 PRSUs are assumed or replaced in the Change in Control.
- (4) The amounts reported assume a Company common stock price of \$50.51, which was the closing price on December 29, 2017. In the event a named executive officer's employment is terminated for any reason other than as a result of such officer's death or Disability prior to a Change in Control, such officer would forfeit the unvested portion of his/her 2015 RSU award. In the event a named executive officer's employment is terminated prior to a Change in Control as a result of a termination with or without Cause or a voluntary termination (with or without Good Reason), he/she would forfeit the unvested portion of his/her 2016 and 2017 RSUs. In the event a named executive officer's employment is terminated prior to a Change in Control due to his/her death or Disability, he/she would be entitled to receive immediate vesting of the unvested portion of his/her 2015, 2016 and 2017 RSUs. In the event that a named executive officer terminates employment prior to a Change in Control due to his/her Retirement, he/she would be entitled to receive, if the applicable performance threshold was achieved, immediate vesting of the unvested portion of his/her 2016 and 2017 RSUs that are scheduled to vest in the 12 months following the retirement date and a prorated portion of such RSUs based on the number of full months he/she was employed since the most recent anniversary of the grant date (after giving 12 months vesting credit following the retirement date).

If a Change in Control occurs prior to the termination of such officer's employment, assuming a Change in Control date of December 29, 2017, he/she would be entitled to receive immediate vesting of the unvested portion of his/her 2015 and 2016 RSU awards and any 2017 RSU award that is not assumed or replaced in the Change in Control, each, as of the Change in Control date. If

such officer's employment is terminated following a Change in Control as a result of a termination without Cause or a resignation for Good Reason, assuming a Change in Control date of December 29, 2017, he/she would be entitled to receive immediate vesting of any 2017 RSU award that is assumed or replaced in the Change in Control, as of his/her termination date. With respect to a Change in Control, the amounts disclosed in

the "CIC (single trigger)" rows in the table assume that the 2017 RSUs are assumed or replaced in the Change in Control.

- (5) As described above, pursuant to his employment agreement and in the event of a Change in Control, Mr. Hallett may be entitled to an excise tax gross-up with respect to certain payments made in connection with a termination of his employment; however, the estimated value of the excess parachute payments on December 29, 2017 is within the statutory safe harbor amount under Section 280G of the Code, making the excise tax and related gross-up inapplicable. Actual excise tax amounts and tax gross-up payments, if any, would be calculated at the time of an actual Change in Control based on all factors and assumptions applicable at that time. No other named executive officer is entitled to an excise tax gross-up.
- (6) Under the Group Term Life Policy, each named executive officer's designated beneficiary is entitled to a payment in an amount equal to two times his/her annual salary, not exceeding \$800,000.
- (7) Long-term disability is a Company-paid benefit for all employees and only paid after six months on short-term disability. The benefit is 66.67% of base pay capped at \$15,000 per month.
- (8) Pursuant to the terms of his employment agreement, Mr. Hallett would be entitled to a prorated payout of his 2017 annual bonus (the full bonus for a termination date of December 29, 2017) upon his "retirement" (i.e., a voluntary termination of his employment, provided that he announces his retirement at least 12 months prior to such termination). Assuming a "retirement" date of December 29, 2017, with respect to equity awards granted in 2015 and earlier, Mr. Hallett would not have been entitled to receive accelerated vesting of such equity awards because he had not met the requirements for a Retirement under the Omnibus Plan and the applicable award agreements as of such "retirement" date (he had not reached the age of 65). However, Mr. Hallett would have been entitled to receive accelerated vesting of the 2016 and 2017 RSUs and PRSUs because he had met the requirements for a Retirement as of December 29, 2017 under the applicable award agreements (he had reached the age of 60 and had a combination of years of age and service with the Company and its affiliates of at least 70).
- Messrs. Loughmiller, Gottwald and Kett and Ms. Polak had not satisfied the Retirement requirements under the Omnibus Plan and the applicable award agreements as of December 29, 2017 (i.e., with respect to the annual bonus and equity awards granted in 2015 and earlier, none had reached the age of 65 and with respect to the 2016 or 2017 RSUs and PRSUs and none had reached the age of 60 and met the applicable age and service requirements), and thus, they would not have been entitled to a prorated payout of their annual bonuses or accelerated vesting of their equity for a Retirement as of such date.
- (9) These amounts are equal to (i) for Mr. Hallett, (a) two times the sum of Mr. Hallett's current annual base salary (\$900,000 as of December 29, 2017) and 2017 target bonus amount; and (b) COBRA premium payments for 18 months (because Mr. Hallett did not participate in our group health plans as of December 29, 2017, no COBRA premium amount is included in the figures above); and (ii) for all other named executive officers, (a) one times the sum of the officer's current annual base salary (\$500,000 for Mr. Loughmiller, \$583,495 for Mr. Gottwald, \$475,000 for Ms. Polak and \$477,405 for Mr. Kett) and 2017 target bonus amount; and (b) COBRA premium payments for 12 months.
- (10) Under the terms of each named executive officer's employment agreement (other than with respect to Mr. Hallett), he/she (or his/her estate) would be entitled to COBRA premium payments for 12 months in the event of his/her death or Disability. Mr. Hallett (or his estate) would be entitled to COBRA premium payments for 18 months in the event of his death or Disability, but would not have received this benefit with respect to a termination occurring on December 29, 2017 because he did not participate in our group health plans as of such date.

EMPLOYMENT AGREEMENTS WITH NAMED EXECUTIVE OFFICERS

Each of our named executive officers has an employment agreement with the Company. A summary of each of the agreements is provided below.

CEO

Mr. Hallett's employment agreement, which became effective as of February 27, 2012, provides for the following severance and change of control payments:

Termination Due to Mr. Hallett's Death or Disability. If Mr. Hallett's employment is terminated as a result of his death or disability, we will pay Mr. Hallett, or in the case of his death, Mr. Hallett's estate or beneficiaries, an amount equal to the sum of (i) any accrued but unpaid base salary and accrued but unused vacation days; (ii) any earned and vested benefits and payments pursuant to the terms of any benefit plan (collectively, the amounts described in (i) and (ii) above are, the "Accrued Obligations"); and (iii) subject to Mr. Hallett or his estate executing a general release of any claims that he may have against the Company (the "Release"), any annual bonus for a prior completed calendar year that has not yet been calculated or paid to Mr. Hallett (the "Earned but Unpaid Bonus").

In addition, if Mr. Hallett is participating in the health plans of the Company at the time of his termination, we will pay him, or in the case of his death, his estate or beneficiaries, his or their premiums attributable to maintaining insurance coverage under COBRA for the shorter of (i) 18 months; or (ii) until Mr. Hallett becomes eligible for comparable coverage under the health plans of another employer (the "Continued Benefits"). Subject to receipt and effectiveness of the Release, we also will pay Mr. Hallett, or his estate or beneficiaries, a prorated bonus based upon the portion of the year during which Mr. Hallett was employed by us (the "Prorated Bonus").

For purposes of Mr. Hallett's employment agreement, "disability" means a "Total Disability" (or equivalent) as defined in the Company's long term disability plan in effect at the time of the disability.

Termination by the Company for Cause. Following a majority vote of the Board (excluding Mr. Hallett or any other employee of the Company), we may terminate Mr. Hallett's employment at any time for "Cause." In such event, our only obligation to Mr. Hallett would be the payment, in a lump sum, of Mr. Hallett's Accrued Obligations.

"Cause" is defined in the employment agreement to mean (i) Mr. Hallett's willful, continued and uncured failure to perform substantially his duties under the employment agreement for a period of 14 days following notice to Mr. Hallett of such failure; (ii) Mr. Hallett engaging in illegal conduct or gross misconduct that is demonstrably likely to lead to material injury to the Company; (iii) Mr. Hallett's indictment or conviction of, or plea of *nolo contendere* to, a crime constituting a felony or any other crime involving moral turpitude; or (iv) Mr. Hallett's failure to comply with the provisions of the employment agreement relating to confidential information, intellectual property, non-competition and non-solicitation which is not cured within the 14 day period following written notice to Mr. Hallett of such failure.

Termination by the Company Without Cause. Mr. Hallett's employment may be terminated without Cause at any time upon 30 days' prior written notice. In the event of a termination without Cause, the Company will pay Mr. Hallett the following "Severance Benefits": (i) two times the sum of Mr. Hallett's (a) annual base salary and (b) target bonus for the year in which termination occurs which, for this purpose, shall not equal less than 100% of Mr. Hallett's base salary; (ii) a Prorated Bonus in a lump sum; and (iii) the Continued Benefits. In addition to the Severance Benefits described above, we will also pay Mr. Hallett the Accrued Obligations and any Earned but Unpaid Bonus.

Termination by Mr. Hallett for Good Reason. Mr. Hallett may terminate his employment for "Good Reason" within 90 days following the occurrence of an event constituting "Good Reason," if such event remains uncured for a period of 30 days following notice of the event by Mr. Hallett to the Company. Upon such termination, the Company will pay Mr. Hallett the sum of the Severance Benefits, the Accrued Obligations and any Earned but Unpaid Bonus.

Table of Contents

"Good Reason" is defined in the employment agreement to mean the occurrence of any of the following:

A material reduction of Mr. Hallett's authority, duties and responsibilities, or the assignment to Mr. Hallett of duties materially inconsistent with Mr. Hallett's position as Chief Executive Officer;

A requirement by the Company that Mr. Hallett relocate his principal business location to a location more than 50 miles from the Company's executive offices as of the effective date of the employment agreement;

Any material failure by the Company to comply with any of the terms and conditions of the employment agreement;

Any failure to timely pay or provide Mr. Hallett's base salary, or any reduction in Mr. Hallett's base salary below \$816,000, other than in connection with across-the-board salary reductions;

Any material reduction in Mr. Hallett's base salary or annual bonus opportunity; or

A "Change of Control," defined by reference to the term "Change in Control" used the Omnibus Plan, occurs and, if applicable, the Company fails to cause its successor to assume or reaffirm the Company's obligations under the employment agreement without change.

Termination by Mr. Hallett without Good Reason. Mr. Hallett may terminate his employment under the employment agreement at any time without Good Reason upon 30 days' prior written notice. In such event, we will pay Mr. Hallett a lump sum amount equal to the Accrued Obligations.

Termination by Mr. Hallett upon Retirement. Mr. Hallett may voluntarily terminate his employment under the employment agreement due to retirement by announcing his retirement at least 12 months prior to such termination. In the event of such a termination, we will pay Mr. Hallett a lump sum amount equal to the Accrued Obligations and a Prorated Bonus.

Excise Tax Gross-Up. As described above in "Compensation Policies and Other Information Tax and Accounting Considerations Employment Agreements," Mr. Hallett's employment agreement provides that in the event that any payment or benefit in connection with his employment is or becomes subject to an excise tax under Section 4999 of the Code, the Company will make a cash payment to Mr. Hallett, which after the imposition of all income, employment, excise and other taxes thereon as well as any penalty and interest assessments associated therewith, will be sufficient to place Mr. Hallett in the same after-tax position as he would have been in had such excise tax not applied. However, in the event that a reduction of the total payments due to Mr. Hallett would avoid the application of the excise tax, then the total payments will be reduced to the extent necessary to avoid the excise tax, but in no event by more than 10% of the original amount of the total payments due.

Requirements With Respect to Non-Competition and Non-Solicitation. Upon a termination of employment for any reason, Mr. Hallett is subject to the following two year post-termination restrictive covenants (except in the case of retirement): (i) non-competition restrictions; and (ii) non-solicitation of Company employees and customers.

Other Named Executive Officers

The Company has entered into substantially similar employment agreements with Messrs. Loughmiller, Gottwald and Kett and Ms. Polak, providing for their at-will employment and the following severance and change of control payments.

Termination Due to Death or Disability. If Messrs. Loughmiller, Gottwald or Kett or Ms. Polak terminates his/her employment due to death or disability, the Company will be obligated to pay to the executive (or his/her legal representatives) an amount equal to the sum of (i) any earned but unpaid base salary; (ii) accrued but unpaid vacation earned through the date of termination; (iii) unreimbursed business expenses; and (iv) any vested employee benefits. The aggregate of the foregoing is referred to as the "Accrued Obligations." In addition, the executive or his/her estate/beneficiaries would be entitled to receive (i) COBRA premium payments for 12 months or until the executive becomes eligible for coverage under another employer's health

plan, if the executive is participating in the Company's health plans on the date of such termination of employment (the "Continued Benefits"); (ii) the prorated portion of his/her annual bonus for the calendar year in which such termination of employment occurred, calculated based on the executive's actual performance and based on the number of days the executive was employed by the Company during such calendar year; and (iii) a payment equal to the amount of any annual bonus which has been earned in a prior year but which has not yet been paid to the executive (the "Earned but Unpaid Bonus").

For purposes of their employment agreements, "disability" means a "Total Disability" (or equivalent) as defined in the Company's long term disability plan in effect at the time of the disability.

Voluntary Termination or Termination for Cause. If Messrs. Loughmiller, Gottwald or Kett or Ms. Polak voluntarily terminates his/her employment or if the Company terminates his/her employment for Cause, the Company's sole obligation will be to pay him/her the Accrued Obligations. For purposes of their employment agreements, "Cause" means the (i) executive's willful, continued and uncured failure to perform substantially their duties under the agreement (other than any such failure resulting from incapacity due to medically documented illness or injury) for a period of 14 days following written notice by the Company to the executive of such failure; (ii) executive engaging in illegal conduct or gross misconduct that is demonstrably likely to lead to material injury to the Company, monetarily or otherwise; (iii) executive's indictment or conviction of, or plea of *nolo contendere* to, a crime constituting a felony or any other crime involving moral turpitude; or (iv) executive's violation of the restrictive covenants under the agreement or any other covenants owed to the Company by executive.

Termination Without Cause or Resignation for Good Reason. In the event Messrs. Loughmiller, Gottwald or Kett or Ms. Polak is terminated by the Company without Cause or such executive resigns for Good Reason, the executive would be entitled to receive, subject to the execution and non-revocation of a release of claims, (i) a lump sum cash payment equal to the sum of his/her annual base salary plus target annual bonus for the year in which such termination of employment occurs; (ii) the Continued Benefits; and (iii) the Earned but Unpaid Bonus. For purposes of their employment agreements, "Good Reason" means (i) any material reduction of the executive's authority, duties and responsibilities; (ii) any material failure by the Company to comply with any of the terms and conditions of the agreement; (iii) any failure to timely pay or provide the executive's base salary, or any reduction in the executive's base salary, excluding any base salary reduction made in connection with across the board salary reductions; (iv) the requirement by the Company that the executive relocate his/her principal business location to a location more than 50 miles from the executive's principal base of operation as of the effective date of the agreement; or (v) a Change of Control occurs and, if applicable, the Company fails to cause its successor (whether by purchase, merger, consolidation or otherwise) to assume or reaffirm the Company's obligations under the agreement without change. For purposes of the foregoing, "Change of Control" has the same meaning as the term "Change in Control" under the Omnibus Plan.

Requirements With Respect to Non-Competition and Non-Solicitation. Upon a termination of employment for any reason, Messrs. Loughmiller, Gottwald and Kett and Ms. Polak are subject to the following one year post-termination restrictive covenants: (i) non-competition restrictions; and (ii) non-solicitation of Company employees and customers.

CEO PAY RATIO

Summary: For the 2017 fiscal year, the ratio of the annual total compensation of Mr. Hallett, our Chief Executive Officer ("CEO Compensation"), to the median of the annual total compensation of all of our employees and those of our consolidated subsidiaries other than Mr. Hallett ("Median Annual Compensation") was 165 to 1.

This ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K using the data and assumptions described below. The assumptions used in the calculation of our estimated pay ratio are specific to our company and our employee population; therefore, our pay ratio may not be comparable to the pay ratios of other companies, including the companies in our proxy comparator group.

In this summary, we refer to the employee who received the Median Annual Compensation as the "Median Employee." For purposes of this summary, Median Annual Compensation was \$35,321, and was calculated by totaling for our Median Employee all applicable elements of compensation for the 2017 fiscal year in accordance with Item 402(c)(2)(x) of Regulation S-K. For purposes of this summary, CEO Compensation was \$5,811,876. CEO Compensation for purposes of this disclosure represents the total compensation reported for Mr. Hallett in the "Summary Compensation Table for 2017" for the 2017 fiscal year.

Methodology: To identify the Median Employee, we first determined our employee population as of December 31, 2017 (the "Determination Date"). We had 17,481 employees (other than Mr. Hallett), representing all full-time, part-time, seasonal and temporary employees of us and our consolidated subsidiaries as of the Determination Date. This number does not include any independent contractors or "leased" workers, as permitted by the applicable SEC rules. Of our 17,481 total employees (other than Mr. Hallett), approximately 231 (or about 1%) are employed in the United Kingdom and approximately 9 (or less than 1%) are employed in Mexico. We have chosen to exclude these 240 employees based outside of the U.S. in identifying our Median Employee, as permitted under the *de minimis* exemption to Item 402(u) of Regulation S-K. We used our number of total employees (17,481, other than Mr. Hallett) in making our *de minimis* calculation.

We then measured compensation for the period beginning on January 1, 2017 and ending on December 31, 2017 for 17,241 employees (after the permitted exclusions noted above). This compensation measurement was calculated by totaling, for each employee, gross wages reported on Form W-2 (or its equivalent for non-U.S. employees), which included cash compensation, including regular pay (wages and salary), all variants of overtime (if eligible), and all variants of bonus payments actually paid (if any). In determining the Median Employee, we annualized the total compensation for the portion of our permanent employee workforce (full-time and part-time) which worked for less than the full fiscal year due to commencing employment after the beginning of the fiscal year.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM: PROPOSAL NO. 3

PROPOSAL

The Audit Committee has appointed KPMG LLP ("KPMG") to serve as the Company's independent registered public accounting firm for its fiscal year ending December 31, 2018. The Audit Committee and the Board seek to have the stockholders ratify the Audit Committee's appointment of KPMG, which has served as the Company's independent registered public accounting firm since 2007. Although the Company is not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. If the appointment of KPMG is not ratified by the stockholders, the Audit Committee will consider the vote of the Company's stockholders and may appoint another independent registered public accounting firm or may decide to maintain its appointment of KPMG. Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of the majority of shares present in person or represented by proxy at the 2018 annual meeting.

Representatives of KPMG will be present at the 2018 annual meeting and will have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of four independent directors, each of whom satisfies the independence requirements of Section 10A of the Exchange Act and Rule 10A-3 under the Exchange Act. The Audit Committee oversees our financial reporting process on behalf of the Board and serves as the primary communication link between the Board as the representative of our stockholders, the independent auditors, KPMG and our internal auditors. Our management has the primary responsibility for financial statements and the reporting process, including the systems of internal controls and for assessing the effectiveness of internal controls over financial reporting. The Audit Committee, at least quarterly, meets with the Company's Chief Financial Officer, the Company's Vice President of Internal Audit and representatives of KPMG and conducts separate executive sessions to discuss the audited consolidated financial statements, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting and compliance programs.

In fulfilling its responsibilities during the fiscal year, the Audit Committee reviewed and discussed with management the consolidated financial statements and related financial statement disclosures included in our Quarterly Reports on Form 10-Q and the audited consolidated financial statements and related financial statement disclosures included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. Also, the Audit Committee reviewed with the independent auditors their judgments as to both the quality and the acceptability of our accounting policies. The Audit Committee's review with the independent auditors included a discussion of other matters required under Auditing Standards promulgated by the Public Company Accounting Oversight Board ("PCAOB"), including PCAOB Auditing Standard No. 1301, *Communications with Audit Committees*. The Audit Committee received the written disclosures and the letter from the independent auditors required by the PCAOB Rule Nos. 3524 and 3526 regarding communications with the Audit Committee concerning independence and has discussed those disclosures with the independent auditors. The Audit Committee has also reviewed non-audit services performed by KPMG and considered whether KPMG's provision of non-audit services was compatible with maintaining its independence from the Company.

The Audit Committee discussed with our internal auditors and independent auditors the overall scope and plans for their respective audits and reviewed our plans for compliance with management certification requirements pursuant to Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee met with the internal auditors and independent auditors, with and without management present, to discuss the results of the auditors' examinations, their evaluations of our internal controls, including a review of the disclosure control process, and the overall quality of our financial reporting. Management represented to the Audit Committee that the Company's consolidated audited financial statements as of and for the fiscal year ended December 31, 2017 were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent auditors. The Audit Committee, or the Chairman of the Audit Committee, also pre-approved all audit and non-audit services provided by the independent auditors during and relating to fiscal year 2017. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

The Audit Committee evaluates the performance of the independent auditors each year and determines whether to re-engage the current independent auditors or consider other audit firms. To assist in the evaluation of KPMG's performance for the 2017 audit, the Audit Committee conducted an evaluation whereby each member of the Audit Committee and certain members of management completed a written evaluation assessing KPMG's independence, technical expertise, industry knowledge, adequacy of audit approach and scope, and service and communication with management and the Audit Committee. The results of this evaluation were discussed with the Audit Committee in executive session and ultimately with the KPMG engagement partner. The Audit Committee reviews with our Chief Financial Officer and our Vice President of Internal Audit, the overall audit scope and plans, the results of internal and external audit examinations, evaluations by management and the independent auditors of our internal controls over financial reporting, the quality of our financial reporting and the ability of the independent auditors to remain independent. Based on

Table of Contents

these evaluations, the Audit Committee approved the engagement of KPMG as our independent auditors for fiscal year 2018.

Although the Audit Committee has the sole authority to appoint the independent auditors, the Audit Committee has continued its long-standing practice of recommending that the Board ask our stockholders to ratify the appointment of the independent auditors at our annual meeting of stockholders. This report is submitted by Michael T. Kestner, Donna R. Ecton, J. Mark Howell and Stephen E. Smith.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KAR Auction Services' independent registered public accounting firm fee pre-approval policy provides for an annual process through which the Audit Committee evaluates the nature and scope of the audit prior to the commencement of the audit. The Audit Committee also evaluates audit-related, tax and other services that are proposed, along with the anticipated cost of such services. The Audit Committee reviews schedules of specific services to be provided. If other services are provided outside of this annual process, under the policy they may be (i) pre-approved by the Audit Committee at a regularly scheduled meeting; or (ii) pre-approved by the Chairman of the Audit Committee, acting between meetings and reporting back to the Audit Committee at the next scheduled meeting. All audit fees, audit-related fees, tax fees and all other fees described above were approved by the Audit Committee or the Chairman of the Audit Committee before such services were rendered.

CERTAIN RELATED PARTY RELATIONSHIPS

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

Pursuant to our written related party transactions policy, the Company reviews relationships and transactions in which the Company, or one of its business units, and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest.

In the course of the review and approval of a related party transaction, the Board or the Audit Committee may consider the following factors:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the related person;

the importance of the transaction to the Company;

whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and

any other matters that we deem appropriate.

Transactions in which the amount involved exceeds \$120,000 in which the Company, or one of its business units, was a participant and a related person had a direct or indirect material interest are required to be disclosed in this proxy statement. Thomas J. Caruso, the Company's Chief Client Officer and who was designated as an executive officer of the Company for a portion of 2017, has a son, Joseph Caruso, who is currently employed as the Director of Online Sales at ADESA. During 2017, Joseph Caruso earned approximately \$175,672 in total compensation. Joseph Caruso does not report to Thomas J. Caruso.

REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF PROXY PROPOSALS

NOMINATION OF DIRECTORS AND OTHER BUSINESS OF STOCKHOLDERS

In order to submit stockholder proposals for inclusion in our proxy statement related to the 2019 annual meeting of stockholders pursuant to SEC Rule 14a-8, materials must be received by the Secretary at the Company's principal office in Carmel, Indiana, no later than December 25, 2018.

The proposals must comply with all of the requirements of SEC Rule 14a-8. Proposals should be addressed to: Rebecca C. Polak, Chief Legal Officer and Secretary, KAR Auction Services, Inc., 13085 Hamilton Crossing Boulevard, Carmel, Indiana 46032. As the SEC's shareholder proposal rules make clear, simply submitting a proposal does not guarantee its inclusion.

The Company's By-Laws also establish an advance notice procedure with regard to director nominations and stockholder proposals that are not submitted for inclusion in the proxy statement, but that a stockholder instead wishes to present directly at an annual meeting. To be properly brought before the 2019 annual meeting, a notice of the nomination or the matter the stockholder wishes to present at the meeting must be delivered to the Secretary at the Company's principal office in Carmel, Indiana (see above), not less than 90 or more than 120 days prior to the first anniversary of the date of this year's annual meeting. As a result, any notice given by or on behalf of a stockholder pursuant to these provisions of the Company's By-Laws (and not pursuant to SEC Rule 14a-8) must be received no earlier than February 4, 2019, and no later than March 6, 2019. All director nominations and stockholder proposals must comply with the requirements of the Company's By-Laws, a copy of which may be obtained at no cost from the Secretary of the Company by writing to KAR Auction Services, Inc., Secretary, 13085 Hamilton Crossing Boulevard, Carmel, Indiana 46032.

Other than the proposals described in this proxy statement, KAR Auction Services does not expect any matters to be presented for a vote at the 2018 annual meeting. If you grant a proxy, the persons named as proxy holders on the proxy card will have the discretion to vote your shares on any additional matters properly presented for a vote at the 2018 annual meeting. If for any unforeseen reason, any one or more of the Board's nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated as a substitute by the Board.

The chairman of the meeting may refuse to allow the transaction of any business not presented beforehand, or to acknowledge the nomination of any person not made in compliance with the foregoing procedures.

Table of Contents

Q: Who is entitled to vote?

A: All shares owned by you as of the record date, which is the close of business on April 11, 2018, may be voted by you. You may cast one vote per share of our common stock that you held on the record date.

These shares include shares that are:

held directly in your name as the stockholder of record; and

held for you as the beneficial owner through a broker, bank or other nominee, including shares purchased under the KAR Auction Services, Inc. Employee Stock Purchase Plan (the "Employee Stock Purchase Plan").

On the record date, KAR Auction Services had 134,956,732 shares of common stock issued and outstanding.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: **Stockholder of Record.** If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, LLC, you are considered a "stockholder of record" with respect to those shares. As the stockholder of record, you have the right to grant your voting proxy directly to the Company or to vote in person online during the 2018 annual meeting.

Beneficial Owner. If your shares are held in a brokerage account or by a bank or other nominee, you hold your shares in "street name" and are considered a "beneficial owner" with respect to those shares. These proxy materials are being forwarded to you by your broker or nominee who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker on how to vote your shares and are also invited to attend the 2018 annual meeting.

Q: How can I vote my shares and participate at the 2018 annual meeting?

A: Stockholders may participate in the 2018 annual meeting by visiting the following website: www.virtualshareholdermeeting.com/kar2018. To participate in the 2018 annual meeting, you will need the 16-digit control number provided on your Notice, on your proxy card, or on the instructions that accompanied your proxy materials.

Stockholder of Record. Shares held directly in your name as the stockholder of record may be voted online during the 2018 annual meeting. If you choose to vote your shares online during the 2018 annual meeting, please follow the instructions provided on the Notice to log in to www.virtualshareholdermeeting.com/kar2018. You will need the control number included on your Notice, on your proxy card, or on the instructions that accompanied your proxy materials.

Beneficial Owner. If you are a beneficial owner in street name and want to vote your shares online during the 2018 annual meeting, you will need to ask your bank, broker or other nominee to furnish you with a legal proxy and proof of beneficial ownership, such as your most recent account statement as of April 11, 2018, the record date, a copy of the voting instruction form provided by your broker, bank, trustee, or nominee, or other similar evidence of ownership. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

Even if you plan to attend the 2018 annual meeting, the Company strongly recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the 2018 annual meeting. See "How can I vote my shares without attending the 2018 annual meeting?" below.

The 2018 annual meeting will begin promptly at 9:00 a.m., Eastern Daylight Time. We encourage you to access the meeting prior to the start time. Please allow ample time for online check-in, which will begin at 8:45 a.m. Eastern Daylight Time.

We are holding the 2018 annual meeting online and providing Internet voting to provide expanded access and to allow you to vote your shares online during the annual meeting, with procedures designed to ensure the authenticity and correctness of your voting instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access

providers and telephone companies.

Q: How can I vote my shares without attending the 2018 annual meeting?

A: Whether you hold your shares directly as the stockholder of record or beneficially in street name, you may vote *without attending* the 2018 annual meeting in one of the following manners:

By Internet. Go to www.proxyvote.com and follow the instructions. You will need the control number included on your proxy card or voting instruction form;

By Telephone. Dial 1-800-690-6903. You will need the control number included on your proxy card or voting instruction form; or

By Mail. Complete, date and sign your proxy card or voting instruction card and mail it using the enclosed, pre-paid envelope.

If you vote on the Internet or by telephone, you do not need to return your proxy card or voting instruction card. Internet and telephone voting for stockholders will be available 24 hours a day, and will close at 11:59 p.m., Eastern Daylight Time, on June 3, 2018.

Q: If I am an employee holding shares pursuant to the Employee Stock Purchase Plan, how will my shares be voted?

A: Employees holding stock acquired through the Employee Stock Purchase Plan will receive a voting instruction card covering all shares held in their individual account from Computershare, the plan record keeper. The voting instruction cards have an earlier return date than proxy cards. The record keeper for the Employee Stock Purchase Plan will vote your shares (i) in accordance with the specific instructions on your returned voting instruction card; or (ii) in its discretion, if you return a signed voting instruction card with no specific voting instructions.

Q: What is the quorum requirement for the 2018 annual meeting?

A: A quorum of stockholders is necessary to hold the 2018 annual meeting. A quorum at the 2018 annual meeting exists if the holders of a majority of the Company's capital stock issued and outstanding and entitled to vote at the 2018 annual meeting are present in person or represented by proxy. Abstentions and broker non-votes are counted as present for establishing a quorum. A broker non-vote occurs on an item when a broker, bank or other nominee is not permitted to vote on that item absent instruction from the beneficial owner of the shares and no instruction is given.

Q: What happens if I do not give specific voting instructions?

A: **Stockholder of Record.** If you are a stockholder of record and you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the 2018 annual meeting.

Beneficial Owner. If you are a beneficial owner of shares and do not provide the organization (e.g., broker, bank or other nominee) that holds your shares in "street name" with specific voting instructions, the organization that holds your shares may generally vote in its discretion on "routine" matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on "non-routine" matters, such organization cannot vote your shares and will inform the inspector of election that it does not have the authority to vote on these matters with respect to your shares. This is generally referred to as a "broker non-vote." Therefore, we urge you to give voting instructions to your broker, bank or other nominee. Shares represented by such broker non-votes will be counted in determining whether there is a quorum. Because broker non-votes are not considered shares entitled to vote, they will have no effect on the outcome of any proposal other than reducing the number of shares present in person or by proxy and entitled to vote from which a majority is calculated.

Routine Matters. The ratification of the appointment of KPMG as our independent registered public accounting firm for 2018 (Proposal No. 3) is considered a routine matter under applicable rules. A broker, bank or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal No. 3.

Edgar Filing: KAR Auction Services, Inc. - Form DEF 14A

Non-Routine Matters. The election of directors (Proposal No. 1) and the advisory vote to approve executive compensation (Proposal No. 2) are considered non-routine matters under applicable rules. A broker, bank or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal No. 1 and Proposal No. 2.

Table of Contents

Q: What does it mean if I receive more than one proxy or voting instruction card?

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: Who will count the vote?

A: The votes will be counted by the inspector of election appointed for the 2018 annual meeting.

Q: Can I revoke my proxy or change my vote?

A: Yes. You may revoke your proxy or change your voting instructions at any time prior to the vote at the 2018 annual meeting by:

providing written notice of revocation to the Secretary of the Company at 13085 Hamilton Crossing Boulevard, Carmel, Indiana 46032;

delivering a valid, later-dated proxy or a later-dated vote on the Internet or by telephone; or

attending the 2018 annual meeting online and voting during the meeting, which will automatically cancel any proxy previously given.

Please note that your attendance at the 2018 annual meeting alone will not cause your previously granted proxy to be revoked unless you vote online during the 2018 annual meeting. If you wish to revoke your proxy, you must do so in sufficient time to permit the necessary examination and tabulation of the subsequent proxy or revocation before the vote is taken. Shares held in street name may be voted by you online during the 2018 annual meeting only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: Who will bear the cost of soliciting proxies for the 2018 annual meeting?

A: The Company pays the cost of soliciting your proxy and reimburses brokers and others for forwarding to you the proxy materials as beneficial owners of our common stock. The Company's directors, officers and employees also may solicit proxies by mail, telephone and personal contact. They will not receive any additional compensation for these activities.

Q: Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

A: This year, we are again taking advantage of the SEC rules that allow us to furnish our proxy materials over the Internet. As a result, most of our stockholders will be mailed a Notice of Internet Availability of Proxy Materials ("Notice"), rather than a full paper set of the proxy materials. The Notice includes information on how to access the proxy materials via the Internet as well as how to vote via the Internet. We believe this method of delivery will decrease printing and shipping costs, expedite distribution of proxy materials to you, and reduce our impact on the environment. Stockholders who receive the Notice but would like to receive a printed copy of the proxy materials in the mail should follow the instructions in the Notice for requesting such materials.

Q: I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

A: We have adopted a procedure called "householding," which the SEC has approved. Under this procedure, we may deliver a single copy of the Notice and, if applicable, this proxy statement and the Company's Annual Report to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing and mailing costs and also reduces our impact on the environment. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, a separate copy of the Notice or this proxy statement and the Company's Annual Report, as requested, will be promptly delivered to any stockholder at a shared address to which we delivered a single copy of any of these documents. If you prefer to receive separate copies of the Notice, the proxy statement or Annual Report, contact Broadridge Financial Solutions, Inc. by calling 1-866-540-7095 or in writing at 51 Mercedes Way, Edgewood, New York 11717, Attention:

Householding Department.

If you are a stockholder of record and are receiving more than one copy of the proxy materials at a single address and would like to participate in householding, please notify us by contacting Broadridge Financial Solutions, Inc. using the mailing address and phone number above. Stockholders who hold shares in "street name" may contact their broker, bank or other nominee to request information about householding.
