Table of Contents

**Director Nominee Highlights:
Independence, Diversity of Background, Expertise, and Skills**

All directors and director nominees except our CEO, Ms. Post, are independent. Therefore, independent directors represent 87.5% of our board. Our board is committed to diversity and includes four women directors, one minority director, and directors with a diverse set of backgrounds, experience, and skills, including those represented below. In addition, each director attended at least 75% of the aggregate number of board and applicable committee meetings in 2018.

Table of Contents

The board recommends a vote FOR all director nominees. Directors are elected by a majority of votes cast. See "Proposal 1 Election of Directors Directors and Nominees" in this proxy statement for more information about our director nominees.

Key Corporate Governance Highlights

The board of directors recognizes the connection between good corporate governance and the creation of sustainable stockholder value and is committed to practices that promote the long-term interests of the Company, accountability of management, and stockholder trust. To this end, we continually evolve our practices to ensure alignment with our stockholders and emerging practices.

Highlights include:

Declassified board of directors

Independent chair of the board of directors

All directors are independent other than our CEO

All current committee members are independent

Board members have diverse backgrounds, expertise, and skills

Robust board, committee, and director self-evaluation process completed annually instead of age or term limits

The board of directors and each committee regularly meet in executive session without members of management

Frequent engagement by management with institutional investors

Majority voting standard for uncontested director elections

Annual review of our succession plan and talent development plan

Directors receive regular governance updates to stay well-informed and evaluate governance trends

Limits on outside board service for board members

Formal policy prohibiting hedging and pledging of Company securities by executive officers and directors

Directors regularly engage in in-boardroom and outside director education

No poison pill in place

ADVISORY VOTE ON EXECUTIVE COMPENSATION (PROPOSAL NO. 2)

We are requesting stockholders approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement. The board recommends a vote FOR Proposal No. 2 because it believes the Company's executive compensation program links incentives and rewards for our executives to the achievement of specific and sustainable financial and strategic goals, which are expected to result in increased stockholder value. In 2018, our executive compensation advisory vote proposal was supported by approximately 99.3% of the votes cast. Highlights of our executive compensation program and pay for performance compensation structure, including 2018 performance and 2018 compensation, are set forth below. Please see "Compensation Discussion and Analysis" in this proxy statement for a full discussion of the items below.

Table of Contents

Executive Compensation Program

Listed below are highlights of our executive compensation program that reflect our focus on strong corporate governance and prudent compensation decision-making:

Pay for performance focused executive compensation structure, with a significant portion of executive pay "at-risk"

Independent compensation committee reviews and approves executive compensation structure and performance goals

The compensation committee engages an independent compensation consultant

Annual evaluation of potential risks of our executive compensation program

No excise tax gross ups

Double trigger required for cash severance and equity vesting upon a change in control (other than certain performance awards)

No repricing of underwater options without stockholder approval

Meaningful stock ownership guidelines for executives and board members

Formal policy prohibiting hedging and pledging of Company securities by executive officers and directors

Clawback policy for the return of certain cash and equity executive incentive compensation in the event of a financial restatement

Limited number of perquisites offered to our executives

Pay for Performance

Our compensation program is designed to pay our executives for performance, with 80% and 67% of compensation made up of short-term and long-term incentives that are "at-risk" for our CEO and other named executive officers, respectively. In 2018, our short-term annual cash incentive program used performance targets based on annual EBITDA (earnings before interest, taxes, depreciation, and amortization) goals, with an off-premise sales modifier, which could have increased the EBITDA-earned payout if off-premise sales had exceeded target level.

Our long-term incentive compensation program is based on the achievement of financial goals over multi-year periods that drive long term value creation and support retention. For the period from 2016 through 2018, the long-term incentive compensation program included performance-based cash awards measured over a three-year performance period based on three-year cumulative EBITDA and ROIC (return on invested capital) metrics. The long-term incentive compensation program also included restricted stock units and options that each vest ratably in annual increments over four years, with the amount realizable from such awards being dependent, in whole or in part, on increased stock price. Beginning in 2018, the performance-based portion of our long-term incentive program shifted to grants of equity (in the form of performance share units), instead of cash, to further align all of our executives.

2018 Performance Highlights

Overall, 2018 was a challenging sales year, but we made measurable progress on the operations fundamentals identified as critical to gradually regaining our momentum in 2019. We continue to focus on the fundamentals to deliver sustainable performance and return to positive sales and traffic. We are focused on strengthening operations, upgrading our marketing tactics, and making critical investments in technology and resources to help achieve our long-term goal of being both a destination and a source for gourmet burgers.

Table of Contents

Certain key metrics of our 2018 performance are set forth below.

GAAP loss per diluted share was \$0.49 in 2018 compared to earnings per diluted share of \$2.31 in 2017.

Total revenues were \$1.3 billion, a decrease of 3.5% from the 53 weeks ended December 31, 2017, including the negative impact of \$24.3 million from having one fewer week in 2018 compared to 2017.

Off-premise sales increased 31.5% in 2018, now comprising 9.9% of total food and beverage sales.

Comparable restaurant revenue decreased 2.6% in 2018 (using constant currency rates) compared to 2017.

Comparable restaurant guest counts decreased 1.5%.

2018 Pay for Performance

Based on our 2018 performance, our named executive officers did not meet the performance goals necessary to achieve any payout of the annual incentive program. In addition, our performance did not meet the performance goals for payout of the performance-based portion of the 2016-2018 long-term incentive program. Therefore, no incentive compensation was paid out to our named executive officers for the performance periods ending in 2018.

See "Compensation Discussion and Analysis Key Components of our Executive Compensation Program Incentive-Based Compensation" for further information and discussion on the annual corporate incentive and long-term incentive program.

See "Compensation Discussion and Analysis 2018 Executive Compensation Tables" and accompanying footnotes and narratives for information about the 2018 compensation for each named executive officer.

AMENDMENT OF THE 2017 PERFORMANCE INCENTIVE PLAN (PROPOSAL NO. 3)

The board of directors recommends a vote FOR approval of the amendment of the 2017 Performance Incentive Plan to increase shares authorized under the plan by 660,000 shares. We believe that an increase in the number of shares available for future grants is necessary as part of our ongoing commitment to align the interests of our employees (including executive officers) with those of our stockholders. We believe that incentives and stock-based awards focus employees on the objective of creating stockholder value and promoting the success of the Company. Moreover, approval of the Amendment to the 2017 Plan is central to the compensation committee's shift of executive officer compensation to include more equity and less cash. In addition, the amendment would enhance minimum vesting requirements for certain awards thereunder.

See "Proposal 3 Approval of Amendment to the 2017 Performance Incentive Plan" in this proxy statement for more information about this proposal.

INDEPENDENT AUDITORS (PROPOSAL NO. 4)

The board of directors recommends a vote FOR the ratification of the appointment of KPMG LLP ("KPMG") as the Company's independent auditor for the fiscal year ending December 29, 2019. The audit committee of the board believes the continued retention of KPMG is in the best interests of the Company and our stockholders based upon several factors.

See "Proposal 4 Ratification of Appointment of Independent Registered Public Accounting Firm" in this proxy statement for more information about this proposal.

PROXY STATEMENT

The Board of Directors ("board" or "board of directors") of Red Robin Gourmet Burgers, Inc. ("Red Robin" or the "Company") is providing this proxy statement to stockholders in connection with the solicitation of proxies on its behalf to be voted at the annual meeting of stockholders. The meeting will be held on Thursday, May 30, 2019, beginning at 8:00 a.m. MDT, at Red Robin's Yummm U, located at 10000 East Geddes Avenue, Unit 500, Englewood, Colorado 80112. The proxies may be voted at any time and date to which the annual meeting may be properly adjourned or postponed.

**PROPOSAL 1
ELECTION OF DIRECTORS**

General

As of the date of this proxy statement, our board of directors consists of eight directors, all of whom are independent except our CEO. Therefore, currently, 87.5% of our board is independent. Following the annual meeting, if all director nominees are elected, all directors will be independent except our CEO. The board may decide at a later time to add one or more directors who possess skills and experience that may be beneficial to our board and the Company. All of our directors are elected on an annual basis for a one-year term.

The directors elected at this annual meeting will serve in office until our 2020 annual meeting of stockholders or until their successors have been duly elected and qualified, or until the earlier of their respective deaths, resignations, or retirements. Each nominee has consented to serve if elected and we expect each of them will be able to serve if elected. If any nominee should become unavailable to serve as a director, our board of directors can name a substitute nominee, and the persons named as proxies in the proxy card, or their nominees or substitutes, will vote your shares for such substitute nominee unless an instruction to the contrary is written on your proxy card.

Selecting Nominees for Director

Our board has delegated to the nominating and governance committee the responsibility for reviewing and recommending nominees for director. The board determines which candidates to nominate or appoint, as appropriate, after considering the recommendation of the committee.

In evaluating a director candidate, the nominating and governance committee considers the candidate's independence, character, corporate governance skills and abilities, business experience, industry specific experience, training and education, commitment to performing the duties of a director, and other skills, abilities, or attributes that fill specific needs of the board or its committees. While there is no policy for consideration of diversity in identifying director nominees, our board is committed to diversity and the nominating and governance committee considers diversity in business experience, professional expertise, gender, and ethnic background, along with various other factors when evaluating director nominees. The nominating and governance committee will use the same criteria in evaluating candidates suggested by stockholders.

The nominating and governance committee is authorized under its charter to retain, at our expense, outside search firms and any other professional advisors it deems appropriate to assist in identifying or evaluating potential nominees for director.

CORPORATE GOVERNANCE AND BOARD MATTERS

Governance Principles

The board of directors seeks to ensure good governance and responsible business practices are part of our culture and values. To ensure we achieve this goal, the board of directors has previously established corporate governance guidelines it follows with respect to corporate governance matters, which are available on the investor relations section of our website at www.redrobin.com. The board of directors reviews the governance guidelines annually to ensure they are timely, effective, and supportive of the board's oversight and other responsibilities.

Executive Development and Management Succession

Executive development and succession is an important responsibility of the board of directors. Under the Company's corporate governance guidelines, the board maintains an ongoing policy and plan for the development and succession of the CEO and other senior officers. The board has delegated some of this responsibility to the nominating and governance committee. As provided in our corporate governance guidelines, the succession policy and plan has a multi-year focus that encompasses, among other things, the following attributes:

criteria that reflect the Company's ongoing business strategies;

identification and development of potential internal candidates;

formal assessment processes to evaluate such potential internal candidates and their development; and

an emergency succession component to address the unforeseen loss of the CEO or other key executives through death, disability, or other similar emergency.

The nominating and governance committee and the board work closely with management to ensure development and succession are anticipated, planned for, and addressed in a timely manner. Under the guidance of the committee, Ms. Post and each of the executive officers conduct annual succession planning activities. This process includes annual performance reviews, evaluations, and development plans of the CEO and executive officers, who also conduct evaluations and development of their direct reports.

Ms. Post regularly meets with the full board on her performance, and her annual performance evaluation is conducted under the oversight of the compensation committee. Ms. Post conducts annual and interim performance and development evaluations of the other senior executives and reviews these evaluations with the compensation committee or full board.

At least annually, and when otherwise necessary, the nominating and governance committee reviews, makes recommendations for, and reports to the board on programs that have been implemented by management for executive and leadership team development and succession planning.

Stockholder Engagement

The board and management believe the Company's relationships with our stockholders and other stakeholders are an important part of our corporate governance responsibility and recognize the value of continuing communications. Among other things, engagement with our stockholders helps us to:

understand and consider the issues that matter most to our stockholders;

share and discuss our strategy and objectives; and

Table of Contents

assess stockholder feedback and any emerging issues related to our governance practices, business, operations, or compensation.

This approach has resulted in our receiving essential input and additional perspectives from our stockholders. Throughout the year, we engage with our stockholders through attendance at investor conferences, issuance of press releases and quarterly conference calls, other stockholder communications, and individual meetings. We discuss topics of importance to both our Company and stockholders, including our business results and initiatives, overall strategy, and capital structure.

We also recognize the connection between good corporate governance and our ability to create and sustain value for our stockholders. In response to evolving governance practices, regulatory changes, and concerns of our stockholders, the Company has made a number of changes to our corporate governance practices over the past several years.

Highlights of our governance program include:

Declassified board of directors

Independent chair of the board of directors

All directors are independent other than our CEO

All current committee members are independent

Board members have diverse backgrounds, expertise, and skills

Robust board, committee, and director self-evaluation process completed annually instead of age or term limits

The board of directors and each committee regularly meet in executive session without members of management

Frequent engagement by management with institutional investors

Majority voting standard for uncontested director elections

Annual review of our succession plan and talent development plan

Directors receive regular governance updates to stay well-informed and evaluate governance trends

Limits on outside board service for board members

Formal policy prohibiting hedging and pledging of Company securities by executive officers and directors

Directors regularly engage in in-boardroom and outside director education

No poison pill in place

Board Leadership Structure

The board recognizes one of its key responsibilities is to evaluate and determine the optimal leadership structure so as to provide independent oversight of management. Accordingly, at this time, we believe it is appropriate for our board to maintain the separation of the roles of board chair and chief executive officer. Pattye L. Moore currently serves as chair of the board due to, among other things, her prior experience on public company boards of directors, as well as her extensive leadership experience within the restaurant industry.

We believe having a non-executive, independent board chair is in the best interests of the Company and our stockholders at this time. The separation of the roles of board chair and chief executive officer allows Ms. Post to focus on managing the Company's business and operations, and allows Ms. Moore to focus on board matters, which we believe is especially important in light of the high level of regulation and scrutiny of public company boards. Further, we believe the separation of these roles ensures the independence of the board in its oversight role of evaluating and assessing the chief executive officer and management generally.

Role in Risk Oversight

Our executive officers have the primary responsibility for enterprise risk management within our Company. Our board actively oversees the Company's risk management and regularly engages in discussions of the most significant risks the Company faces and how these risks are being managed. The board receives regular reports on enterprise risk areas from senior officers of the Company, including the areas of food safety and data security. The board delegates certain risk oversight functions to the audit committee. Under its charter, the audit committee is responsible for oversight of the enterprise risk assessment and management process framework and ensures the board or a designated committee is monitoring the identification, assessment, and mitigation of all significant enterprise risks. The audit committee oversees policies and guidelines that govern the process by which major financial and accounting risk assessment and management may be undertaken by the Company. The audit committee also oversees our corporate compliance programs and the internal audit function. In addition, the other board committees receive reports and evaluate risks related to their areas of focus. The committees regularly report to the full board on the assessment and management of these risks. The board believes the work undertaken by the audit committee, together with the work of the other committees, the full board, and the senior officers of the Company, enables the board to effectively oversee the Company's risk management.

Board Membership and Director Independence

Our board of directors has determined each of our directors, except our CEO, Ms. Post, qualifies as an independent director under the rules promulgated by the U.S. Securities and Exchange Commission ("SEC") and The Nasdaq Stock Market® ("Nasdaq") listing standards. Therefore, 87.5% of our directors and director nominees are independent. Pursuant to these rules, only independent directors may serve on the board's audit committee, compensation committee, and nominating and governance committee. Currently, all members of each of these committees are independent in accordance with SEC rules and Nasdaq listing standards. There are no family relationships among any of our executive officers, directors, or nominees for directors.

Our board is committed to diversity and includes four women directors, one minority director, and directors with a diverse set of backgrounds, experience, and skills, including those represented below.

Executive leadership	Accounting
Business transformation	Talent and organizational development
Technology strategy	Finance, investor relations, strategic transactions, and M&A
Marketing and consumer insights	Restaurant executive leadership
Governance	Value creation

Director Attendance

The board of directors held eight meetings in 2018, including four in-person meetings. Each of our current directors attended at least 75% of the aggregate total of meetings of the board of directors and committees during their period of service in 2018. The non-management directors of the Company meet at least quarterly throughout the year and as necessary or appropriate in executive sessions at which members of management are not present.

The board of directors strongly encourages each of the directors to attend the annual meeting of stockholders. All of our directors serving at the time attended our 2018 annual meeting.

Table of Contents

Committees of the Board of Directors

Our board of directors currently has three standing committees: an audit committee, a compensation committee, and a nominating and governance committee. Each of our standing committees generally meets at least once each quarter. In addition, other regular and special meetings are scheduled as necessary and appropriate depending on the responsibilities of the particular committee. Each committee regularly meets in executive session without management present.

Each board committee operates pursuant to a written charter. The charter for each committee is available on the corporate governance section of the investor relations tab of our website at www.redrobin.com. The committee charters are reviewed at least annually by the respective committee to revise and update the committee duties and responsibilities as necessary.

Communications with our Board of Directors

You may communicate with any director, the entire board of directors, the independent directors, or any committee by sending a letter to the director, the board of directors, or the committee addressed to: Board of Directors, 6312 South Fiddler's Green Circle, Suite 200N, Greenwood Village, CO 80111, or by sending an e-mail to: Board@redrobin.com. The Company's chief legal officer will review all communications, categorize them, and forward them to the appropriate board member(s). Messages pertaining to administrative matters, ordinary business matters, personal grievances, and similar issues will be forwarded to the appropriate member of management.

With respect to issues arising under the Company's Code of Ethics, you may also communicate directly with the chair of the audit committee, director of internal audit, or the compliance officer in the manner provided in the Company's Problem Resolution and Whistleblower Policy and Reporting Procedures. Both the Code of Ethics and the Problem Resolution and Whistleblower Policy and Reporting Procedures may be found on the corporate governance section of the investor relations tab of our website at: www.redrobin.com.

Certain Relationships and Related Transactions

Transactions with Related Persons

For 2018, we had no material related party transactions which were required to be disclosed in accordance with SEC regulations.

Table of Contents

Review, Approval, or Ratification of Transactions with Related Persons

The board of directors recognizes transactions between the Company and certain related persons present a heightened risk of conflicts of interest. To ensure the Company acts in the best interest of our stockholders, the board has delegated the review and approval of related party transactions to the audit committee. Pursuant to our Code of Ethics and the audit committee charter, any related party transaction required to be disclosed in accordance with applicable SEC regulations must be reviewed and approved by the audit committee. In reviewing a proposed transaction, the audit committee must:

satisfy itself that it has been fully informed as to the related party's relationship and interest, and as to the material facts of the proposed transaction; and

consider all the relevant facts and circumstances available to the committee.

After its review, the audit committee will only approve or ratify transactions that are fair to the Company and not inconsistent with the best interests of the Company and our stockholders.

Compensation Committee Interlocks and Insider Participation

During the last completed fiscal year, Cambria W. Dunaway, Kalen F. Holmes, Glenn B. Kaufman, Aylwin B. Lewis, and Richard J. Howell (who retired and concluded his board service on May 30, 2018, the date of last year's annual meeting) each served as members of the Company's compensation committee for all or a portion of such period. None of the members of the compensation committee is, or at any time was has been, an officer or employee of the Company. None of our current executive officers serves as a director of another entity that has an executive officer who serves on our board.

Table of Contents

Director Compensation

The compensation of our directors was determined by the compensation committee after reviewing market data and analyses from its independent compensation consultant. Set forth below are the elements of our director compensation for 2018.

Annual Retainer

Each non-employee director of the Company received an annual cash retainer of \$70,000, payable in substantially equal quarterly installments. In addition, the following amounts were paid to the chair of the board and each board committee chair in substantially equal quarterly installments:

Chair of the board	\$85,000
Chair of audit committee	\$15,000
Chair of compensation committee	\$12,500
Chair of nominating and governance committee	\$7,500

Equity Awards

In 2018, each non-employee director received an annual grant of restricted stock units with a grant date value of approximately \$110,000 and a vesting term of one year or the date of the next annual meeting of stockholders, whichever is earlier. The vesting term is consistent with the Company's declassification of its board of directors with annual elections for one-year terms (until the next annual meeting) in accordance with governance best practices. Prior to 2019, each new non-employee director generally received a non-qualified stock option grant covering 5,000 shares upon initial appointment or election to the board. These options vested and became exercisable in equal monthly installments over the 24-month period following the date of grant. The board discontinued the initial option grant to new non-employee directors beginning in 2019.

Director Stock Ownership Guidelines

The compensation committee has stock ownership guidelines in place for non-employee directors which requires non-employee directors to own Company securities with a cumulative cost basis of at least five times the director's annual retainer. Based on the current annual retainer for non-employee directors, that dollar amount is \$350,000. The value of the director's holdings is based on the cumulative cost basis of securities held, which is calculated using the price of the Company's common stock at the date of acquisition. All forms of equity owned of record or beneficially, including vested in-the-money options, are credited toward the guidelines. New non-employee directors have five years from the time the director joins the board to reach the minimum ownership threshold. Non-employee directors may not sell, transfer, or otherwise dispose of common stock that would decrease such director's cumulative cost basis below the ownership guideline amount. All our directors are currently in compliance with the guidelines.

Indemnification of Directors

The Company has entered into agreements to indemnify its directors, executive officers, and certain other key employees. Under these agreements, the Company is obligated to indemnify its directors and officers to the fullest extent permitted under the Delaware General Corporation Law for expenses, including attorneys' fees, judgments, fines, and settlement amounts incurred by them in any action or proceeding arising out of their services as a director or officer. The Company believes these agreements are necessary in attracting and retaining qualified directors and officers.

Table of Contents**Equity Compensation Plan Information**

We maintain three equity-based compensation plans the Second Amended and Restated 2007 Performance Incentive Plan (the "2007 Plan"), the 2017 Performance Incentive Plan (the "2017 Plan"), and the Amended and Restated Employee Stock Purchase Plan (the "ESPP"). Our stockholders have approved each of these plans.

The following table sets forth our equity compensation plans in the aggregate, the number of shares of our common stock subject to outstanding options and rights under these plans, the weighted average exercise price of outstanding options, and the number of shares remaining available for future award grants under these plans as of December 30, 2018:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders			
2007 Plan	374,019	\$55.56	-
2017 Plan(1)	121,333	\$60.27	417,001
ESPP	N/A	N/A	82,033
Equity compensation plans not approved by security holders	N/A	N/A	N/A
Total	495,352	\$56.62	499,034

(1) Shares reported in column (a) under the 2017 plan include shares underlying performance share units (PSUs) awarded to our executive officers in 2017 and 2018. The PSU awards cliff-vest at the end of a three-year performance cycle, generally subject to executive's continued employment through the applicable vesting date, with the number of PSUs determined based on achievement of performance goals as approved by the compensation committee. Column (b) does not take such shares into account.

COMPENSATION DISCUSSION AND ANALYSIS

In this Compensation Discussion and Analysis, we provide an analysis and explanation of our executive compensation program and the compensation derived from this program by our executive officers, including our "named executive officers." For 2018, our named executive officers were:

Denny Marie Post, President and Chief Executive Officer(1)

Guy J. Constant, Executive Vice President and Chief Operating Officer(2)

Jonathan A. Muhtar, Executive Vice President and Chief Concept Officer

Beverly K. Carmichael, Executive Vice President and Chief People, Culture and Resource Officer

Michael L. Kaplan, Senior Vice President and Chief Legal Officer

Carin L. Stutz, Former Executive Vice President and Chief Operating Officer

(1)

Following the departure of Ms. Stutz effective September 4, 2018, Ms. Post also served as our interim Chief Operating Officer through January 28, 2019.

(2)

Effective January 28, 2019, Mr. Constant became our Executive Vice President and Chief Operating Officer and Lynn S. Schweinfurth began serving as our Executive Vice President and Chief Financial Officer. Prior to January 28, 2019, and for the duration of fiscal year 2018, Mr. Constant served as our Executive Vice President and Chief Financial Officer.

Overview

Red Robin Gourmet Burgers, Inc., together with its subsidiaries, primarily develops, operates, and franchises full-service restaurants in North America and focuses on serving an imaginative selection of high quality gourmet burgers in a fun environment welcoming to guests of all ages. Red Robin's goal is to differentiate itself from casual dining establishments based on quality, service, and value. To differentiate on quality, we offer a large and varied selection of highly craveable and customizable burgers. To differentiate on service, our goal is to serve food and beverages quickly and attentively so guests can spend more time enjoying their food and less time waiting. We also strive to deliver competitive value by providing abundant portions at a range of price points. Red Robin Team Members seek to live our B.U.R.G.E.R. values everyday: Bottomless Fun, Unwavering Integrity, Relentless Focus on Improvement, Genuine Spirit of Service, Extraordinary People, and Recognized Burger Authority.

To ensure the continued success of Red Robin in a rapidly evolving marketplace, we focus on four strategic areas:

Attract, retain, and engage high performance teams.

Evolve to better serve middle income families.

Embrace the "gift of time" as a key differentiator.

Improve company and "4-wall" economics.

We believe these strategic initiatives provide the foundations for scalable and sustainable long-term growth, profitability, and increased stockholder value.

Company Performance in 2018

Edgar Filing: RED ROBIN GOURMET BURGERS INC - Form PRE 14A

Overall, 2018 was a challenging sales year, but we made measurable progress on the operations fundamentals identified as critical to gradually regaining our momentum in 2019. We continue to focus on the fundamentals to deliver sustainable performance and return to positive sales and traffic. We are focused on strengthening operations, upgrading our marketing tactics, and making critical investments

in technology and resources to help achieve our long-term goal of being both a destination and a source for gourmet burgers.

Certain key metrics of our 2018 performance are set forth below.

GAAP loss per diluted share was \$0.49 in 2018 compared to earnings per diluted share of \$2.31 in 2017.

Total revenues were \$1.3 billion, a decrease of 3.5% from the 53 weeks ended December 31, 2017, including the negative impact of \$24.3 million from having one fewer week in 2018 compared to 2017.

Off-premise sales increased 31.5% in 2018, now comprising 9.9% of total food and beverage sales.

Comparable restaurant revenue decreased 2.6% in 2018 (using constant currency rates) compared to 2017.

Comparable restaurant guest counts decreased 1.5%.

2018 Pay for Performance

Our incentive programs demonstrate our commitment to a pay for performance compensation philosophy. The Company's 2018 performance impacted the named executive officer's compensation as follows:

No payout of the annual incentive program because the performance goals were not met.

No payout for the 2016-2018 long-term incentive program because the three-year EBITDA and ROIC goals were not met.

See "Compensation Discussion and Analysis Key Components of our Executive Compensation Program Incentive-Based Compensation" for further information and discussion on the annual corporate incentive and long-term incentive program.

2018 EXECUTIVE SUMMARY

Following is an executive summary of our 2018 executive compensation program.

Compensation Philosophy

Our executive compensation program is designed to pay for performance and link incentives to current and long-term sustained achievement of Company strategic and financial goals. It encourages our executive officers to think and act like owners, because they are owners and as such are compensated in significant part based on the performance of the Company.

Pay Objectives

Under Ms. Post's leadership, the Company continues to pursue improvement in performance designed to drive top-line growth in sales and lay the foundation for scalable and sustainable long-term growth, profitability, and increased stockholder value. Our compensation objectives are designed to link incentives and rewards with current and long-term sustained achievement of these goals:

- *Attracting, retaining, and motivating* the best possible executive talent who have the experience and leadership skills capable of driving performance and top-line growth in sales;
- *Creating value for our stockholders* by linking executive compensation to the achievement of measurable corporate objectives and the minimization of unreasonable or excessive risk-taking; and
- *Paying for superior results* through a program that incentivizes and rewards achievement of both short-term and long-term organizational and functional objectives with a mix of compensation elements that place a significant portion of cash and equity compensation at risk.

Pay Elements

Our 2018 executive compensation program was comprised of three primary elements: base salaries, annual performance-based cash incentives, and long-term incentives that include: (i) performance share units (PSUs) based on three-year performance cycles, (ii) stock options, and (iii) restricted stock units. We believe financial metrics used for both the annual performance-based cash incentive and long-term incentive grants drive stockholder value. The goals for our incentive plans are linked to the Company's financial and strategic business plans.

In 2018, approximately 80% of our CEO's and 67% of our other named executive officers' target total compensation was performance based and made up of either annual cash incentives or long-term incentives.

Setting Compensation

Executive compensation decisions are made by our compensation committee, which is comprised solely of independent directors.

Table of Contents

When making compensation decisions, our compensation committee receives input from its independent compensation consultant and recommendations from our CEO for her direct reports. Our compensation committee reviews benchmarking data of a peer group of restaurant companies as one input into the pay decision process. Other factors that influence pay decisions include, but are not limited to: company performance, individual performance, succession planning, and retention.

2018 Compensation Highlights

The compensation committee did not make significant structural changes to our executive compensation program for 2018. We believe this is consistent with the wishes of our stockholders, who have expressed overwhelming support (greater than 98% of votes cast) for our executive compensation program at each of our last three annual "say-on-pay" advisory votes.

Based on our total compensation philosophy and peer compensation levels as well as successful individual performance, the compensation committee approved salary increases for certain named executive officers in the beginning of 2018.

- Ms. Post's salary increased from \$750,000 to \$800,000.
- Mr. Constant's salary increased from \$500,000 to \$515,000.
- Mr. Muhtar's salary increased from \$385,000 to \$425,000, which increase also reflected his promotion from Senior Vice President and Chief Marketing Officer to Executive Vice President and Chief Concept Officer, effective January 1, 2018.
- Mr. Kaplan's salary increased from \$355,000 to \$365,000.
- The salary of Ms. Stutz, our former Executive Vice President and Chief Operating Officer, was increased from \$475,000 to \$505,000. Her employment was terminated effective September 5, 2018 without cause.

The basic structure and primary metric (EBITDA) of our annual performance-based cash incentive program remained the same in 2018.

- Because we did not achieve pre-set company EBITDA goals for 2018, our named executive officers did not receive a payout of their annual performance-based cash incentive for 2018.
- The incentive modifier based on the achievement of off-premise sales was not triggered because the Company EBITDA target was not achieved.

The structure of our long-term incentive program opportunities remained the same in 2018 for our chief executive officer and chief financial officer. In 2018, the compensation committee shifted the structure of the long-term incentive component for the remainder of our named and other executive officers to include more equity and less cash, similar to the approach adopted in 2017 for our chief executive officer and chief financial officer.

Table of Contents

- Certain of our executive officers' long-term incentive targets as a percent of salary were increased to improve market competitiveness, recognize individual performance and growth in roles, increase stockholder alignment, increase portion of "at risk" pay, and enhance retention. Ms. Post's long-term incentive target was increased from 275% to 290%. Mr. Constant's long-term incentive target was increased from 150% to 165%.
- In addition to the foregoing, the compensation committee considered and approved a one-time grant of RSUs to Mr. Constant in May 2018 with a grant date value of \$850,000 and a five-year vesting schedule of 20% on each of the second, third, and fourth anniversaries of the grant and 40% on the fifth anniversary of the grant. This award was designed to recognize Mr. Constant's depth of experience, skilled management of stockholders, and the Company's need for continuity and continued development of CEO successors.
- Because we did not meet threshold performance measures for the three-year EBITDA and return on invested capital (ROIC) targets for the 2016-2018 long-term incentive cash award, our named executive officers did not receive a payout for that award.

Executive Compensation Decision-Making

The compensation committee approves target total direct compensation levels for named executive officers by establishing base salaries and setting annual and long-term incentive compensation targets. When appropriate, the committee also approves special awards and relatively modest perquisites. The Company makes pay decisions based on a variety of factors, including:

Company performance

Company strategy and alignment of incentives

Benchmarking data for our restaurant peer group for target total direct compensation (base salaries, short-term incentives, and long-term incentives), based on disclosure in peer proxy statements and other applicable survey data

Individual performance and areas of responsibility relative to the market data

Compensation relative to other executive officers in the Company

Advice from the committee's independent compensation consultant

The CEO's recommendations with respect to the compensation of the executives who report directly to her, including the other named executive officers

Whether our compensation program encourages unnecessary or excessive risk taking

Results of the Company's say-on-pay advisory votes in prior years

Management succession planning and retention

Pay for Performance Alignment

Our compensation program is designed to pay for performance and is comprised of performance-based short-term and long-term awards. Such compensation varies in value and is at-risk of forfeiture or reduced payout if performance goals are not achieved or our stock price declines. Financial measures such as EBITDA and ROIC used for the annual and long-term cash incentive grants are reviewed and approved by the compensation committee. Restricted stock units and stock options vest ratably over four years, the value of which is dependent, in whole or in part, on an increase in the Company's stock price.

2018 Named Executive Officer At-Risk Compensation. In 2018, "at-risk" pay (incentive pay subject to forfeiture or partial or complete loss of value) comprised 80% of total target compensation for CEO compensation and 67% of total target compensation for the other named executive officers as a group. The charts below reflect the portion of our named executive officers' 2018 total target compensation that is considered at risk.

Benchmarking

Restaurant Peer Group. Restaurant peer group companies were selected and approved by the compensation committee upon the recommendation of management and the committee's independent compensation consultant and are based on their similarity to us with respect to several criteria, including revenue, size, and scope. The peer group used for 2018 compensation benchmarking consists of the 19 restaurant companies identified in the chart below.

In 2018, the compensation committee evaluated and updated its peers to the "New Peer Group" identified in the chart below. Buffalo Wild Wings, Inc. and Ruby Tuesday, Inc. were removed from the Company's peer group because they are no longer public companies. No other changes were made to the Company's peer group in 2018. The New Peer Group will be used for setting 2019 compensation.

2018 Compensation Setting. The compensation committee uses competitive compensation data from the annual total compensation study of peer and other restaurant companies and other relevant survey sources to inform its decisions about overall compensation opportunities and specific compensation elements. Additionally, the compensation committee uses multiple reference points when establishing targeted compensation levels. The committee applies judgment and discretion in establishing targeted pay levels, considering not only competitive market data, but also factors such as

Table of Contents

company, business unit, and individual performance, scope of responsibility, critical needs and skill sets, leadership potential, and succession planning.

Independent Compensation Consultant

In 2018, the compensation committee retained Meridian Compensation Partners, LLC ("Meridian") as its independent compensation consultant. The independent compensation consultant assists with the compensation committee's annual review of our executive compensation program, cash and equity compensation practices, ongoing development of our executive compensation philosophy, and acts as an advisor to the compensation committee on compensation matters as they arise. The compensation consultant also advises the compensation committee on compensation for the board of directors. The compensation committee evaluated Meridian's independence as its compensation consultant by considering each of the independence factors adopted by Nasdaq and the SEC. Based on such evaluation, the compensation committee believes no conflict of interest exists that would prevent Meridian from independently representing the compensation committee.

Risk Mitigation

The compensation committee considers, in establishing and reviewing our executive compensation program, whether the program encourages unnecessary or excessive risk taking. The factors considered by the committee include:

the general design philosophy of our compensation policies and practices for employees whose behavior would be most affected by the incentives established by our compensation policies and practices, as such policies and practices relate to or affect risk taking by employees on our behalf, and the manner of their implementation;

our risk assessment and incentive considerations in structuring our compensation policies and practices or in awarding and paying compensation;

how our compensation policies and practices relate to the realization of risks resulting from the actions of employees in both the short term and the long term;

our policies regarding adjustments to our compensation programs and practices to address changes in our risk profile; and

material adjustments we have made to our compensation policies and practices as a result of changes in our risk profile.

The compensation committee believes it has mitigated unnecessary risk taking in both the design of the compensation plans and the controls placed upon them because:

payouts under our annual and long-term incentive compensation plans are capped;

the compensation committee has the ability to reduce payouts under our annual incentive compensation plans in its discretion;

executives are subject to robust stock ownership guidelines;

executives are subject to anti-hedging policies with respect to our common stock;

the performance goals under our incentive programs relate directly to the business plan approved by the board of directors; and

there is an appropriate balance between our annual operating achievements and longer-term value creation, with a particular emphasis on longer-term value creation for our executives.

The compensation committee completes this evaluation annually. Accordingly, based upon the foregoing, the Company believes the risks arising from its compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Table of Contents

Consideration of Prior Say-on-Pay Advisory Votes

At our 2018 annual meeting of stockholders, holders of approximately 99.3% of the votes cast on such proposal approved the advisory vote ("say-on-pay") on the 2017 compensation of our named executive officers, which was consistent with the level of support we received in 2017 and 2016, when 98.5% and 98.2% of stockholders voted for our "say-on-pay" proposal.

We believe the level of support we received from stockholders for the last three years was driven in part by our commitment to pay for performance and link incentives to current and long-term sustained achievement of Company strategic goals. The compensation committee did not make significant structural changes to our executive compensation program for 2018. The compensation committee considered the results of the advisory vote when setting executive compensation for 2018 and will continue to do so in future executive compensation policies and decisions.

Key Components of our Executive Compensation Program

Base Salary

Base salary provides a minimum level of remuneration to our named executive officers for their efforts. The compensation committee sets base salaries for our executives to reflect the scope of each executive's responsibilities, experience, and performance. The compensation committee reviews base salaries annually as part of the benchmarking process and adjusts them from time to time to account for relevant factors such as market changes. The compensation committee also considers the CEO's evaluation of each executive's performance and reviews her salary recommendations for our executives.

Incentive-Based Compensation

For our incentive-based compensation, the compensation committee utilizes a mix of performance metrics and different forms of LTI. Each type serves a different purpose. The annual incentive and PSU (which replaced long term cash) components of the long-term incentive awards are performance-based and require achievement of certain financial targets, measured over either one or three years. If the financial metrics are not achieved at a minimum threshold level at the end of the performance period, no payment (or shares) is earned or made. Each of the equity vehicles granted vest ratably over four years, other than the PSUs, which are currently "banked" over a three-year period and are payable at the end of the third year. Restricted stock units are used to support stockholder alignment and retention. The stock options require improved stock price performance to realize value and provide long term direct stockholder alignment.

Annual Performance-Based Incentive. Annual performance-based cash incentives are intended to reward achievement of annual financial performance that drives long-term, sustained creation of stockholder value. Our annual incentive goals are established with reference to the annual portion of our multi-year strategic plan. The annual performance metrics are financial-based measures the compensation committee believes are aligned with our goals described above. The compensation committee continually evaluates the measures against which we gauge our performance and may incorporate additional or alternative metrics to incentivize executives to achieve appropriate performance targets and respond to industry changes or market forces.

Each of our executives participates in the annual incentive plan under which the compensation committee uses EBITDA as the primary metric. The EBITDA measure was selected because we believe it best captures our operating results without reflecting the impact of decisions related to our growth, non-operating factors, and other matters. We believe our EBITDA performance goals require "stretch" performance and encourages superior performance.

Table of Contents

The compensation committee approves any payouts earned under the annual incentive program following review of actual results at the end of the year. The corresponding dollar payout value varies up or down depending on the actual EBITDA performance level versus threshold, target, and maximum goals that are set at the beginning of the year. The compensation committee sets the EBITDA ranges each year based on performance expectations and other factors. No payouts are earned if the threshold EBITDA goal is not achieved. The compensation committee may also use various factors to exercise negative discretion when evaluating performance for purposes of awarding annual incentive compensation.

In addition, in 2018, the annual performance-based incentive plan included a modifier. The modifier was based on the achievement of off-premise sales, measured as a percentage of overall restaurant sales, in excess of a pre-determined increase to the Company's budgeted increase in off-premise sales. If off-premise sales increased above the threshold, the amount of any annual incentive program payout could have been increased by a percentage up to 120%. The modifier only applied if the annual EBITDA target would have been achieved. The Company grants the annual performance-based incentive awards and all cash incentive awards, if any, under the 2017 Plan.

Long-Term Performance-Based Incentives. The compensation committee determines the long-term incentive grants for the executive officers, including the named executive officers, by reviewing peer group market data analysis from its compensation consultant, impact of share usage and affordability, internal equity, and recommendations from the CEO, among other factors. The compensation committee believes the current mix of performance and service-based incentives aligns the interests of executive officers with our stockholders and was appropriate for 2018.

The 2018 long-term incentive grants consisted of a mix of equity awards in the form of restricted stock units and stock options, and a long-term performance-based incentive component (the "LTIP"), payable in PSUs. We began using PSUs as the LTIP component beginning with the 2017 grants for our CEO and CFO, and continuing in 2018 for all other executives. Prior to that, the LTIP component was paid in cash. Through 2018, the long-term incentive award grants for our named executive officers consisted of 20% restricted stock units and 40% stock options (both of which vest ratably over four years), and a 40% LTIP. These awards are designed to focus management on our strategy of driving consistent, sustainable, achievement of long-term goals, both incrementally and over long performance periods. The annual granting of multi-year performance compensation (including performance targets measured annually over a three-year period beginning in 2017) is designed to ensure the execution of our evolving strategic plan considers appropriate risks and returns and allows for initiatives that span several fiscal years.

Beginning in 2017, the LTIP component is payable if annual targets selected by the committee are achieved for that tranche within the three-year performance period. When the performance measure has been met and approved by the compensation committee for a particular tranche during the three-year period of the award, that portion of units is determined but remains subject to a service-vesting requirement until the three-year period has concluded. That determined portion of units is considered "banked," but is not considered "earned" or vested and will not be delivered until the applicable three-year period has concluded. The annual LTIP metrics are independent of each other. For the second tranche of the 2017 long-term incentive grant and the first tranche of the 2018 long-term incentive grant, the compensation committee selected an earnings metric (EBITDA) and an operational metric (Relative Guest Traffic) in the design of the LTIP to achieve a balance between earnings, growth, and driving Guest traffic relative to the restaurant industry (not limited to casual dining) and to effectively reward both. For the first tranche of the 2017 long term incentive grant, the compensation committee selected EBITDA and a return on investment metric (ROIC) in the design of the LTIP to achieve a balance between earnings, growth, and return on investment and to effectively reward both. Like the goals in our annual performance-based plan, all of the goals in the LTIP

Table of Contents

(EBITDA, ROIC, and Relative Guest Traffic) are intended to be "stretch" goals, or challenging targets, and are meant to encourage superior performance.

The transition to annual goals measured and assessed over a three-year period reflects the challenges of multi-year forecasting in the current volatile restaurant operating environment, which continues to be impacted by changes in traditional consumer dining behavior, including a shift from traditional dine-in consumption to increased off-premise dining activity and the use of technology-based food ordering systems. The 2007 Plan and 2017 Plan permit the compensation committee to make adjustments, in its discretion, for non-cash, non-recurring, or unusual items. While there is overlap with one of the metrics in our annual performance-based cash and LTIP awards (EBITDA), the compensation committee believes this is appropriate because the annual performance-based incentive is focused on earnings in a particular year, whereas the individual annual EBITDA targets within LTIP are focused on year-to-year progress over the three-year performance period. The compensation committee believes the longer-term nature of the LTIP links performance to our multi-year strategic plan and growth objectives while encouraging management's collaboration on strategic initiatives. In 2018, all long-term performance-based incentive awards were granted under the 2017 Plan.

Employee Benefits

We also provide certain other customary retirement and health and welfare benefits and other ancillary compensation to executives, which are in line with those offered to other groups of our employees, and which comprise a modest portion of our named executive officer compensation.

Modest Perquisites

We offer a limited number of modest perquisites to our named executive officers, which include a car allowance, phone allowance, and in-restaurant meal discounts. In addition, where appropriate, we offer usual and customary relocation expense reimbursements including related tax reimbursements on relocation. We review the perquisites we offer to our executives and compare them to those offered by our competitors from time to time.

Named executive officer salaries for 2018, along with any corresponding increases from their 2017 salaries, are set forth below. The compensation committee considers various factors when setting base salaries including peer compensation practices, market competitiveness, the Company's performance, individual contributions, growth in roles, enhance retention, CEO recommendations for her direct reports, and other relevant matters.

Ms. Carmichael joined the Company in December 2017 at an annual base salary rate of \$420,000, which remained unchanged for fiscal year 2018.

Incentive-Based Compensation

2018 Annual Performance-Based Cash Incentives. For the primary component of our 2018 annual performance-based cash incentive program, actual payouts were determined by comparing the Company's fiscal year EBITDA to a target level of EBITDA for the year established by our compensation committee. Potential payout amounts ranged from 0% to 200% of the executive's target opportunity based on achievement of EBITDA ranging from 90% to 120% of the target level of EBITDA for the year. For 2018, named executive officers did not receive an incentive opportunity because the minimum pre-set EBITDA target was not achieved.

EBITDA Target and Preliminary Annual Incentive %

	<i>EBITDA Target Achieved</i>	<i>Payout as a % of Target</i>
Actual	87%	0%
Minimum	90%	50%
Target	100%	100%
Maximum	≥120%	200%

In addition, our 2018 annual performance-based cash incentive program included a modifier for off-premise sales relative to target levels of such sales for the year set forth in the board-approved budget for 2018, payable only if the EBITDA target was achieved. Off-premise sales are a percentage

Table of Contents

of total restaurant sales, and the plan target for 2018 of 9.6% was based on a 2.3% increase over 2017. The modifier could have increased payout by up to 120% of the EBITDA target incentive had off-premise as a percent of total sales achieved 11.6% for the year. For 2018, the incentive modifier was not triggered because the Company EBITDA target was not achieved. Had the EBITDA target been achieved, a partial payout relative to the modifier would have been achieved, because 2018 off-premise sales was 9.9% of total sales.

Each of our named executive officers has a target opportunity expressed as a percentage of the executive's salary and is set based on, among other factors, market and peer comparisons, and internal equity. The actual amounts of our 2018 annual performance-based cash incentives paid to our named executive officers in March 2019 for fiscal 2018 performance are as follows:

Named Executive Officer(1)	2018 Annualized Salary	Target (% of Actual Salary)	\$ Amount at Target	2018 Actual Payout
D. Post	\$ 800,000	120%	\$ 960,000	\$ 0
G. Constant	\$ 515,000	75%	\$ 386,250	\$ 0
J. Muhtar	\$ 425,000	75%	\$ 318,750	\$ 0
B. Carmichael	\$ 420,000	70%	\$ 294,000	\$ 0
M. Kaplan	\$ 365,000	70%	\$ 255,500	\$ 0

Ms. Stutz is not included in the above table because she was not eligible to receive an annual performance-based cash incentive due to her termination prior to the end of the fiscal year.

2018 Long-Term Incentive ("LTI") Program. The 2018 LTI grants made to named and other executive officers consisted of 40% stock options, and 20% restricted stock units, and a 40% LTIP payable in PSUs.

2018 Long-Term Incentive Grants. In March 2018, the Company made the following annual grants to our named executive officers:

Named Executive Officer	Total Long-Term Incentive Target Value (\$)	Long-Term Incentive PSUs (\$)	Non-Qualified Stock Options (\$)	Time-Based Restricted Stock Units (\$)
D. Post	2,320,000	928,000	928,000	464,000
G. Constant	849,750	339,900	339,900	169,950
J. Muhtar	595,000	238,000	238,000	119,000
B. Carmichael	504,000	201,600	201,600	100,800
M. Kaplan	328,500	131,400	131,400	65,700

Former Executive

C. Stutz	833,250	333,300	333,300	166,650
----------	---------	---------	---------	---------

The amounts listed in the table above represent the target intended value of the grant. The estimated fair value of each option granted is calculated using the Black-Scholes multiple option-pricing model. The fair value of the restricted stock units and performance stock units is based on the grant date market value of the common shares.

Long-Term Performance-Based PSUs. In 2018, the compensation committee shifted the structure of the long-term incentive component for the remainder of our named and other executive officers to include more equity and less cash, similar to the approach adopted in 2017 for our chief executive officer and chief financial officer. In 2018, the 40% long-term incentive component for executive officer compensation was comprised of equity grants in the form of PSUs, as follows:

Named Executive Officer	Long-Term Incentive PSUs	Grant Date Fair Value (\$)
D. Post	15,151	928,000
G. Constant	5,549	339,900
J. Muhtar	3,885	238,000
B. Carmichael	3,291	201,600
M. Kaplan	2,145	131,400

Former Executive

C. Stutz	5,441	333,300
----------	-------	---------

In 2018, the LTIP metrics for the PSUs were EBITDA and Relative Guest Traffic. Relative Guest Traffic is measured relative to top quartile performers in the restaurant industry (not limited to casual dining) as set by Black Box Intelligence, a financial benchmarking report for the restaurant industry, and held constant through the year. No PSUs are earned if threshold performance objectives are not met and up to 200% of the target number of PSUs will be earned if maximum performance objectives are achieved. Beginning in 2017, the LTIP targets are set annually as a result of the current volatile restaurant operating environment, but no payout can be earned until the end of the three year performance period.

2016-2018 LTI Cash Incentives. At the end of 2018, the Company completed a three-year performance cycle for the long-term cash incentive portion of the LTI plan. The performance period covered fiscal 2016 through fiscal 2018. The 2016 LTI cash awards represented 40% of the executive's total 2016 LTI award. Based on EBITDA and ROIC performance, our executive officers did not earn an LTI cash payout, as reflected in the tables below.

For the 2016-2018 LTI cash incentive, our target level EBITDA objective was \$573.7 million. The range of EBITDA objectives to achieve an LTI cash payout based on EBITDA was 90% of target EBITDA for the minimum threshold level, and 120% of target EBITDA for the maximum level (which corresponds to a 50% to 200% target payout range). Our EBITDA achievement for 2016-2018 was \$401.9 million, which was 70.1% of the target EBITDA level, which was below minimum of the target EBITDA level, and therefore generated no corresponding payout.

Actual	70.1%	0%

Table of Contents

Our target level ROIC objective for the 2016-2018 performance period was 14.05%. The range of ROIC objectives to achieve an LTI cash payout based on ROIC was 89.4% of target ROIC for the minimum threshold level, and 108.5% of target ROIC for the maximum level, with a corresponding multiple range that decreased or increased the payout of the executive's target LTI cash incentive. Our ROIC achievement for 2016-2018 was 8.12%, which was 57.9%, which was below minimum of the target ROIC level, and therefore generated no corresponding payout.

Stock Options. The stock options that were granted in 2018 vest ratably over four years on each anniversary date of the grant, which is designed to align incentives with longer-term achievement of objectives. The exercise price of the stock options was set at our closing share price on the date of grant. This means the stock options will have no value unless our share price on the date the option is exercised is greater than the exercise price. Beginning in 2019, the long-term incentive plan will no longer include stock options as part of the equity component of such plan. See " 2019 Compensation Program" below.

Restricted Stock Units. The restricted stock units granted in 2018 vest ratably over four years on each anniversary date of the grant.

Retention Grant to Mr. Constant

In addition to the above activity, the compensation committee considered and approved an award of RSUs to Mr. Constant in May 2018. This award was designed to increase Mr. Constant's alignment with stockholders and recognize his depth of experience, skilled management of stockholders, and the Company's need for continuity and continued development of CEO successors. The award consisted of RSUs having a grant date fair value of \$850,000 and a five-year vesting schedule of 20% on each of the second, third, and fourth anniversaries of the award and 40% on the fifth anniversary of the award.

2019 Compensation Program

The Company continually assesses our compensation program to ensure it supports our business strategy and situation. For 2019, the annual incentive plan now embeds the strategic objectives in addition to the EBITDA goal, and the long-term incentive program will consist of 67% weighted in PSUs and 33% weighted in RSUs for the named executive officers, thereby further shifting executive compensation to performance-based awards. In addition, the metrics for the 2019 PSU tranches will be based on the achievement of EBITDA and ROIC.

Deductibility of Executive Compensation

The compensation committee considers the tax impacts of material elements of our executive compensation program. These factors alone do not drive our compensation decisions, but rather they

Table of Contents

are considered along with other factors such as the cash and non-cash impact of the program, and whether the program is consistent with our compensation objectives.

The compensation committee has historically generally intended to structure our executive compensation in a manner designed to qualify for deductibility under Section 162(m) of the Internal Revenue Code, provided additional requirements are satisfied. The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our named executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

Despite the compensation committee's efforts in the past to structure our executive compensation in a manner designed to qualify for deductibility under Section 162(m), because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, while we consider deductibility as one factor in determining executive compensation, in some cases we may decide it is either not possible or desirable to satisfy all of the conditions of Section 162(m) for deductibility and still meet our compensation needs. Accordingly, we may pay compensation that is not deductible under Section 162(m) from time to time.

Executive Compensation Policies and Guidelines

Executive Employment Agreements

Each of Ms. Post, Mr. Constant, Mr. Muhtar, Ms. Carmichael, and Mr. Kaplan has an employment agreement with the Company, described below under "Executive Employment Agreements." In addition, Ms. Schweinfurth has an employment agreement with the Company, which was entered into in January 2019. The employment agreements have indefinite terms, terminating on discontinuance of employment in accordance with the terms of the agreements. The agreements provide for severance payments upon certain terminations of employment. The compensation committee believes the terms of these agreements together with the Change in Control Plan are in line with market standards and are an important means to allow management to continue to focus on running the business of the Company in the event of a pending or actual change in control event or other event potentially affecting their employment. More detailed information concerning these severance payments appears below under the caption "Potential Payments upon Termination or Change in Control."

Executive Stock Ownership Guidelines

Stock ownership guidelines have been in effect for the Company's executive officers and directors since March 2009. The compensation committee believes that executive stock ownership requirements increase alignment of executive interests with those of stockholders with respect to long-term ownership risk. The guidelines require executive officers to achieve during the term of the executive's employment a dollar value of Company's securities based on a multiple of base salary. The current ownership guidelines require our CEO to own five times base salary, three times base salary for executive vice presidents, and two times base salary for senior vice presidents. Pursuant to the guidelines, the value of the executive's holdings is based on the cumulative cost basis of Company securities held, which is calculated using the price of the Company's common stock at the date of acquisition. All forms of equity owned of record or beneficially, including vested in-the-money options, are credited toward the guidelines. The executive officers have five years to achieve the guidelines from

Table of Contents

their effective date of employment or promotion date. An executive officer may receive additional time to achieve his or her minimum requirement if the officer's requirement is increased, calculated based on the additional incremental amount, and the committee may otherwise exercise discretion in extending the time for compliance in other circumstances. All our executive officers are currently in compliance with the guidelines.

Compensation Clawback Policy

The Company's board of directors maintains a compensation clawback policy for its executive officers that provides for the recoupment by the Company of certain excess incentive compensation paid to the officers under certain circumstances. In the event of a restatement of the Company's previously issued financial statements as a result of either (i) material non-compliance with financial reporting requirements under the securities law or (ii) intentional misconduct by an executive, the Company may recover, to the extent permitted by law, certain incentive compensation, including equity and cash awards, received by the executive that was in excess of what would have been paid in the absence of the incorrect financial statements. If additional clawback rules are approved by the SEC, the Company will review and revise its clawback policy to comply with the new rules.

Pledging and Hedging Transactions in Company Securities

The board has a policy prohibiting hedging and pledging of Company securities by executive officers and directors. The policy is set forth in the Company's Insider Trading Policy. All directors and executive officers have confirmed they are currently in compliance with the policy.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with the Company's management. Based on this review and discussion, the compensation committee recommended to the Company's board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

- (1) Mr. Constant joined the Company in December 2016. The base salary reported for Mr. Constant in 2016 is prorated for the period of time he provided services to us in 2016. Mr. Constant's annual base salary in 2016 was \$500,000.
- (2) Amounts shown are not reduced to reflect the named executive officers' elections, if any, to defer receipt of salary into the Deferred Compensation Plan.
- (3) Amounts under Bonus represent one-time sign-on bonuses received by Messrs. Constant and Muhtar and Ms. Carmichael in connection with their joining the Company.
- (4) Amounts under Stock Awards represent the aggregate grant date fair value of restricted stock units and performance stock units awarded in 2018 (in the case of the PSUs, based on the achievement of the applicable performance goals at target), computed in accordance with the accounting guidance for accounting for stock compensation for fiscal years 2018, 2017, and 2016. See "Outstanding Equity Awards at 2018 Fiscal Year-End" below for a listing of restricted stock unit and PSU awards outstanding for each named executive officer as of December 30, 2018.

- (5) Amounts under Option Awards represent the aggregate grant date fair value of such awards computed in accordance with the accounting guidance for accounting for stock compensation for fiscal years 2018, 2017, and 2016. See Note 15 to our financial statements included in our annual report on Form 10-K for the fiscal years ended December 30, 2018 and December 31, 2017, and Note 16 to our financial statements included in our annual report on Form 10-K for the fiscal year ended December 25, 2016, for descriptions of the methodologies and assumptions we used to value option awards.
- (6) The amount shown for each named executive officer in the "Non-Equity Incentive Plan Compensation" column is reported for the year in which such amount is earned, even though it is paid in the immediately following year. Amounts in the 2018 "Non-Equity Incentive Plan Compensation" column above consist entirely of the 2018 annual performance-based cash incentive payout to the named executive officers. Amounts shown are not reduced to reflect the named executive officers' elections, if any, to defer receipt of the annual incentive award or LTI cash award payouts into the Deferred Compensation Plan.
- (7) Ms. Stutz joined the Company in May 2016 and departed from the Company in September 2018. The base salary reported for Ms. Stutz in each of 2016 and 2018 is prorated for the period of time she provided services to us in 2016 and 2018, respectively. Ms. Stutz's annual base salary in 2016 was \$400,000, and \$505,000 in 2018. The amount in the "All Other Compensation" column includes a severance payment pursuant to Ms. Stutz's agreement upon her departure from the Company.
- (8) Amounts in the "All Other Compensation" column consist of the following payments we paid to or on behalf of the named executive officers.

(1) Amounts reflect potential annual incentive payouts to the named executive officers which depend on satisfaction of Company EBITDA targets in fiscal 2018. See "Compensation Discussion and Analysis Key Components of our Executive Compensation Program Incentive-Based Compensation Annual Performance-Based Incentive" for further information.

(2) See Note 15 to our financial statements included in our annual report on Form 10-K for the fiscal year ended December 30, 2018 for descriptions of the methodologies and assumptions we use to value option awards pursuant to the guidance for accounting for stock compensation.

(3) Options were granted pursuant to the 2017 Plan. The options are scheduled to vest 25% on each of the first, second, third, and fourth anniversaries of the date of grant subject to continuing employment or service with the Company. Options are exercisable for ten years from the date of issuance, as defined in the 2017 Plan, subject to certain other conditions.

- (4) Comprises time-based restricted stock units granted pursuant to the 2017 Plan. Each restricted stock unit represents the contingent right to receive, upon vesting of the unit, one share of common stock. The units are scheduled to vest 25% on each of the first, second, third, and fourth anniversaries of the date of grant subject to continuing employment or service with the Company.
- (5) Amounts reflect target payouts under long-term PSU awards granted under the 2017 Plan. The awards will cliff vest at the end of the 2018-2020 three-year performance cycle. Performance will be

measured over the three years based on a range of minimum threshold, target, and maximum levels. Performance goals are established for each of three performance intervals under the awards on or prior to the 90th day of each such performance interval. In the performance interval ending December 30, 2018 there were two independent metrics used: (A) EBITDA and (B) Relative Guest Traffic. The goals are equally weighted, and the payouts may be different depending on the achievement level of each metric. For further information on the terms of the long-term performance stock unit awards, see the discussion under "Compensation Discussion and Analysis Summary of 2018 Compensation Activity Incentive-Based Compensation 2018 Long-Term Incentive ("LTI") Program."

- (6) Mr. Constant received a retention award in May 2018 that is comprised of time-based restricted stock units granted pursuant to the 2017 Plan. The restricted stock units are scheduled to vest 20% on each of the second, third, and fourth anniversaries and 40% on the fifth anniversary of the date of grant subject to continuing employment or service with the Company.
- (7) Ms. Carmichael received a new hire award in January 2018 that is comprised of stock options and time-based restricted stock units granted pursuant to the 2017 Plan. Both stock options and restricted stock units are scheduled to vest 25% on each of the first, second, third, and fourth anniversaries of the date of grant subject to continuing employment or service with the Company.

Red Robin Gourmet Burgers, Inc. Deferred Compensation Plan. In 2018, Company employees who are generally considered "highly compensated" pursuant to Internal Revenue Code Section 414(q) were not permitted to participate in the Company's 401(k) program. To permit these employees to save for retirement, the Company has established the Red Robin Gourmet Burgers, Inc. Deferred Compensation Plan. The plan permits executives and other eligible employees to defer portions of their compensation. Under this plan, eligible employees may elect to defer up to 75% of their base salary and up to 100% of incentive compensation each plan year. The Company may make matching contributions in an amount determined by the compensation committee. For the 2018 plan year, the compensation committee authorized matching contributions equal to 50% of the first 4% of compensation that is deferred by the participant. The Company match for named executive officers and other members of the executive team was capped at \$3,000 for the 2018 plan year.

The Company contributes all amounts deferred under the plan to a rabbi trust. Assets in the rabbi trust are invested in certain mutual funds that cover an investment spectrum ranging from equities to money market instruments. All rabbi trust assets remain available to satisfy the claims of the Company's creditors in the event of the Company's bankruptcy or insolvency.

When participants elect to defer amounts into the plan, they also select when the amounts ultimately will be distributed. Participants can elect to have deferrals for a particular year paid in a future year if the participant is still employed at that time. Such in-service distributions are made in the form of a lump sum or, up to 15 annual installments. Otherwise, payment of a participant's account is made a minimum of six months from participant's termination of employment in the form of a lump sum or up to 15 annual installments if the participant so elected at the time of deferral and if the participant's total account balance is at least \$50,000. A participant can elect to change a prior distribution election to further delay distribution provided that such new election must be provided at least 12 months before the date the previously scheduled distribution would have occurred and provided that the new distribution date is at least 5 years from the originally scheduled distribution date. A participant may obtain a withdrawal prior to the date otherwise scheduled or elected by the participant if the participant incurs an "unforeseeable emergency" (generally including illness, casualty losses, etc.).

With respect to deferrals after 2004, the plan is intended to comply with the requirements of section 409A of the Internal Revenue Code, which was enacted as part of the American Jobs Creation Act of 2004. The plan is a "non-qualified" plan for federal tax purposes, meaning the arrangements are deemed to be unfunded and an employee's interest in the plan is no greater than that of an unsecured general creditor of the Company.

Employment Agreements and Change in Control Plan

Executive Employment Agreements

Denny Marie Post Amended and Restated Employment Agreement. Our employment agreement with Ms. Post, our chief executive officer, dated August 8, 2016, and amended effective August 20, 2018, has an indefinite term. The agreement provides that she is entitled to receive certain benefits upon termination of her employment not related to a change in control. If Ms. Post's employment is

Table of Contents

terminated either by the Company without cause, or by Ms. Post for good reason, as those terms are defined in the agreement, Ms. Post will receive, among other things, (a) continued payment of her annual base salary for a period of two years following the effective date of termination; (b) her pro rata share of the annual incentive, calculated and paid at the end of the plan cycle, that would otherwise have been earned and be payable had she continued to be employed by the Company; and (c) payment of an amount equal to the product of (i) the portion of premiums of Ms. Post's group health insurance that the Company paid immediately prior to her date of termination and (ii) eighteen.

Good reason is defined in Ms. Post's agreement as a reduction in her compensation other than as permitted under the employment agreement, relocation of the Company's headquarters to a location more than 20 miles from the existing location, a willful breach of a material provision contained in the employment agreement, or a significant reduction in the then-effective responsibilities of the chief executive officer; provided that the Company has 30 days to cure any such condition following Ms. Post's notice thereof (which notice is required to be provided within 90 days of the initial existence of the condition).

Guy J. Constant Employment Agreement. Our employment agreement with Mr. Constant, our chief operating officer (and former chief financial officer), dated December 13, 2016, and amended effective August 20, 2018, has an indefinite term. The employment agreement provides that he is entitled to receive certain benefits upon termination of his employment not related to a change in control. If the Company terminates Mr. Constant's employment without cause, or Mr. Constant terminates his employment for good reason, Mr. Constant will receive, among other things, payment of an amount equal to one time his annual base salary.

Good reason is defined in Mr. Constant's employment agreement as a material reduction in his compensation other than as permitted under the employment agreement, relocation of the Company's headquarters to a location more than 20 miles from the existing location, a willful breach of a material provision contained in the employment agreement, or a significant reduction in his then-effective responsibilities; provided that the Company has 30 days to cure any such condition following Mr. Constant's notice thereof (which notice is required to be provided within 90 days of the initial existence of the condition).

Jonathan A. Muhtar Employment Agreement. Our employment agreement with Mr. Muhtar, our chief concept officer, dated November 26, 2015, and amended effective August 20, 2018, has an indefinite term. The employment agreement provides that he is entitled to receive certain benefits upon termination of his employment not related to a change in control. If the Company terminates Mr. Muhtar's employment without cause, or Mr. Muhtar terminates his employment for good reason, Mr. Muhtar will receive, among other things, payment of an amount equal to one time his annual base salary.

Good reason is defined in Mr. Muhtar's employment agreement as a reduction in his compensation other than as permitted under the employment agreement, relocation of the Company's headquarters to a location more than 20 miles from the existing location, a willful breach of a material provision contained in the employment agreement, or a significant reduction in his then-effective responsibilities; provided that the Company has 30 days to cure any such condition following Mr. Muhtar's notice thereof (which notice is required to be provided within 90 days of the initial existence of the condition).

Beverly K. Carmichael Employment Agreement. Our employment agreement with Ms. Carmichael, our chief people, culture and resource officer, dated December 7, 2017 and amended effective August 20, 2018, has an indefinite term. The employment agreement provides that she is entitled to receive certain benefits upon termination of her employment not related to a change in

Table of Contents

control. If the Company terminates Ms. Carmichael's employment without cause, or Ms. Carmichael terminates her employment for good reason, Ms. Carmichael will receive, among other things, payment of an amount equal to one time her annual base salary.

Good reason is defined in Ms. Carmichael's employment agreement as a reduction in her compensation other than as permitted under the employment agreement, relocation of the Company's headquarters to a location more than 20 miles from the existing location, a willful breach of a material provision contained in the employment agreement, or a significant reduction in her then-effective responsibilities; provided that the Company has 30 days to cure any such condition following Ms. Carmichael's notice thereof (which notice is required to be provided within 90 days of the initial existence of the condition).

Michael L. Kaplan Employment Agreement. Our employment agreement with Mr. Kaplan, our chief legal officer, dated September 30, 2013, and amended effective August 20, 2018, has an indefinite term. The employment agreement provides that he is entitled to receive certain benefits upon termination of his employment not related to a change in control.

If the Company terminates Mr. Kaplan's employment without cause, or Mr. Kaplan terminates his employment for good reason, Mr. Kaplan will receive, among other things, (a) payment of an amount equal to one time his annual base salary; and (b) payment of an amount equal to the target amount of Mr. Kaplan's annual incentive for the fiscal year in which the effective date of termination occurs.

Good reason is defined in Mr. Kaplan's employment agreement as a reduction in his compensation other than as permitted under the employment agreement, relocation of the Company's headquarters to a location more than 20 miles from the existing location, a willful breach of a material provision contained in the employment agreement, or a significant reduction in the then-effective responsibilities of the chief legal officer; provided that the Company has 30 days to cure any such condition following Mr. Kaplan's notice thereof (which notice is required to be provided within 90 days of the initial existence of the condition).

Carin L. Stutz Employment Agreement. Effective as of September 4, 2018, Ms. Stutz's employment with the Company was terminated without cause. Ms. Stutz served as Executive Vice President and Chief Operating Officer of the Company from April 2016 until her departure. Our employment agreement with Ms. Stutz, dated April 27, 2016, provided certain severance benefits to her, including, among other things, payment of an amount equal to one time her annual base salary.

Each of the above agreements also contain standard confidentiality and non-solicitation provisions.

Change in Control Plan

The Company's employment agreements with its executive officers provide that such executive officers shall participate in the Company's Executive Change in Control Severance Plan, effective August 14, 2018 (the "Change in Control Plan"). Following a review of the Company's change in control benefits, which were set forth in individual change-in-control benefits, the compensation committee found the benefits were below market and had inconsistent terms among various executives. The committee transitioned to the Change in Control Plan to adjust and adopt provisions consistent with the market and to provide consistent benefits across the executive team while enabling the Company to maintain the ability to differentiate benefits by title, lessen administrative burdens, ease the ability to modify benefits and simplify negotiations in the future. The Change in Control Plan provides that if the executive's employment with the Company is terminated (a) by the Company

Table of Contents

without cause or (b) by the executive for good reason during the 24-month period following a change in control, the executive is entitled to receive, among other things, the following payments and benefits:

payment in a lump sum in cash of an amount equal to 3.0 (for the chief executive officer of the Company); 2.0 (for the president (if not the chief executive officer) and the executive vice presidents of the Company); or 1.0 (for the senior vice presidents of the Company), as applicable, times the sum of his or her (i) annual base salary and (ii) target annual incentive opportunity, payable within ten (10) days following the date of termination;

payment in a lump sum in cash of an amount equal to the pro rata portion of the executive's target annual incentive opportunity for the year in which the date of termination occurs, determined by multiplying such target annual incentive opportunity by a fraction, the numerator of which is the number of days in the then-current calendar year through the date of termination and the denominator of which is three hundred sixty-five (365), payable within ten (10) days following the date of termination;

upon the executive's timely election of continuation coverage under COBRA, payment in a lump sum in cash of an amount equal to the product of (i) the portion of premiums of the executive's group health insurance, including coverage for the executive's eligible dependents, if any, that the Company paid immediately prior to the date of termination and (ii) twenty-four (24) months (in the case of the chief executive officer, president or any executive vice president of the Company) or twelve (12) months (in the case of any senior vice president of the Company), as applicable; and

all outstanding and unvested stock option and restricted stock awards subject solely to time-based vesting shall vest in full and any restrictions or forfeiture provisions applicable to restricted stock awards shall lapse, notwithstanding the provisions of any equity incentive plan or any award agreement(s) between the executive and the Company thereunder.

Generally, under the Change in Control Plan and subject to limited exceptions set forth in the Change in Control Plan, a change in control will be deemed to occur if any person acquires more than 30% of the outstanding common stock or combined voting power of the Company, if there are certain changes in a majority of our board of directors, if stockholders prior to a transaction do not continue to own more than 50% of the voting securities of the Company (or a successor or a parent) following a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Company or any of our subsidiaries, a sale or other disposition of all or substantially all of the Company's assets or the acquisition of assets or stock of another entity by us or any of our subsidiaries, or if the Company's stockholders approve a complete liquidation or dissolution of the Company. Good reason is defined as a reduction in the executive's compensation, relocation of the Company's headquarters to a location more than 20 miles from the existing location, a significant reduction in the then-effective responsibilities of the executive without the executive's prior written consent, or failure by the Company to obtain the assumption of the obligations contained in the change in control agreement by any successor to the Company.

None of our change in control provisions provide for an excise tax gross up payment for Internal Revenue Code Section 280G/4999 purposes. The board has determined not to enter into any agreements with a named executive officer that contain such an excise tax gross up provision.

Table of Contents

Incentive Plans

Set forth below is a description of the change in control provisions contained within our 2017 Plan and our Second Amended and Restated 2007 Performance Incentive Plan (under which there are unvested awards currently outstanding). All outstanding awards under our 2004 Plan are vested.

2017 Plan. Generally, and subject to limited exceptions set forth in the 2017 Plan, if any person acquires more than 50% of the outstanding common stock or combined voting power of the Company, if there are certain changes in a majority of our board of directors, if stockholders prior to a transaction do not continue to own more than 50% of the voting securities of the Company (or a successor or a parent) following a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Company or any of our subsidiaries, a sale or other disposition of all or substantially all of the Company's assets or the acquisition of assets or stock of another entity by us or any of our subsidiaries, or if the Company is dissolved or liquidated, then awards then-outstanding under the 2017 Plan may become fully vested or paid, as applicable, and may terminate or be terminated upon consummation of such a change in control event. However, unless the individual award agreement provides otherwise, with respect to executive and certain other high level officers of the Company, upon the occurrence of a change in control event, no award will vest unless such officer's employment with the Company is terminated by the Company without cause within the two-year period following such change in control event. The compensation committee also has the discretion to establish other change in control provisions with respect to awards granted under the 2017 Plan. For example, subject to certain limitations, the compensation committee could provide for the acceleration of vesting or payment of an award in connection with a change in control event that is not described above and provide that any such acceleration shall be automatic upon the occurrence of any such event. The compensation committee has established awards of PSUs and cash performance awards under the 2017 that provide for acceleration of vesting of such awards in the event of death, disability, or retirement of the participant or a change in control event of the Company.

Second Amended and Restated 2007 Performance Incentive Plan. Generally, and subject to limited exceptions set forth in the 2007 Plan, if any person acquires more than 50% of the outstanding common stock or combined voting power of the Company, if there are certain changes in a majority of our board of directors, if stockholders prior to a transaction do not continue to own more than 50% of the voting securities of the Company (or a successor or a parent) following a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Company or any of our subsidiaries, a sale or other disposition of all or substantially all of the Company's assets or the acquisition of assets or stock of another entity by us or any of our subsidiaries, or if the Company is dissolved or liquidated, then awards then-outstanding under the 2007 Plan may become fully vested or paid, as applicable, and may terminate or be terminated upon consummation of such a change in control event. However, unless the individual award agreement provides otherwise, with respect to executive and certain other high level officers of the Company, upon the occurrence of a change in control event, no award will vest unless such officer's employment with the Company is terminated by the Company without cause within the two-year period following such change in control event. The administrator also has the discretion to establish other change in control provisions with respect to awards granted under the 2007 Plan. For example, the administrator could provide for the acceleration of vesting or payment of an award in connection with a change in control event that is not described above and provide that any such acceleration shall be automatic upon the occurrence of any such event. Beginning in fiscal year 2018, the Company has made all awards, including annual incentive awards, under the 2017 Plan.

There are currently no amounts payable to or accrued for payment to any named executive officer under the change in control provisions contained in the plans.

- (1) A number of our employee benefit and incentive pay plans provide for payment upon termination of employment of any participant. If terminated on December 30, 2018, each of the named executive officers would have received benefits and payments under these plans in addition to the amounts described in the table above.
- (2) As discussed above, the change in control provisions or termination provisions that apply before or after a change in control in the Change in Control Plan and applicable award agreements contain double trigger provisions, and thus any payments described in the above table are generally required to be made only if the Company terminates the executive's employment without cause or the executive resigns with good reason, within a defined protection period following the change in control.
- (3) Represents the total amount of continued payments for a period of twenty-four months following the effective date of termination based on Ms. Post's 2018 base salary.
- (4) Represents an amount equal to three times the sum of (i) Ms. Post's 2018 base salary and (ii) Ms. Post's target annual incentive award for 2018, payable in a lump sum within 10 days following the effective date of termination of employment.
- (5) Represents an amount equal to one times Mr. Constant's 2018 base salary payable in a lump sum within 60 days following termination of employment.

Table of Contents

- (6) Represents an amount equal to one times Mr. Muhtar's 2018 base salary payable in a lump sum within 60 days following termination of employment.
- (7) Represents an amount equal to one times Ms. Carmichael's 2018 base salary payable in a lump sum within 60 days following termination of employment.
- (8) Represents an amount equal to one times Mr. Kaplan's 2018 base salary payable in a lump sum within 60 days following termination of employment.
- (9) Represents the amount the named executive officer or his or her estate would have been paid for his or her annual incentive award for 2018 had the named executive officer been employed on the payment date. Because we did not achieve pre-set Company EBITDA goals for 2018, our named executive officers did not receive a payout of their annual incentive award for 2018.
- (10) Represents the pro-rata amount of the named executive officer's target annual incentive award for 2018 determined by multiplying such target annual incentive award by a fraction, the numerator of which is the number of days in the then-current calendar year through the termination date and the denominator of which is 365, payable in a lump sum within 10 days following the termination of employment.
- (11) Consists of the costs of the Company portion of premiums for Ms. Post and her dependents under the Company's existing medical, dental, and prescription insurance plans per month for a period of eighteen months following the effective date of termination without cause or resignation with good reason under Ms. Post's employment agreement.
- (12) Consists of the costs of the Company portion of premiums for the named executive officer and his or her dependents under the Company's existing medical, dental, and prescription insurance plans per month for a period of twenty-four months following the effective date of termination, except for Mr. Kaplan which costs are for twelve months.
- (13) The values included in the table above are based on the pro-rata amount of LTI cash that would have vested on December 30, 2018. For purposes of this calculation, it is assumed that a pro-rata portion of the LTI cash target amount would vest upon death or total disability as of December 30, 2018. The actual award amount calculated at December 30, 2018, if any, would be based on the Company's performance during the performance period as measured by the annually set performance targets, with appropriate adjustments to account for the performance period being deemed to end on the effective date of death or total disability.
- (14) The values included in the table above are based on the number of restricted shares or restricted stock units that would have vested on December 30, 2018, multiplied by the closing sales price of the Company's common stock on Nasdaq as of December 28, 2018, the business day immediately preceding such date (\$26.72).
- (15) The Change in Control Plan and the applicable award agreements for the named executive officers provide that upon a termination in connection with a change in control, the named executive officer has the right to require the Company to pay the difference between the fair market value of the Company's common stock on December 30, 2018 and the exercise price of the options held by the named executive officer on an aggregate basis.
- (16) The actual award amount calculated at December 30, 2018, if any, would be based on the Company's performance during the performance period as measured by the annually set performance targets, with appropriate adjustments to account for the performance period being deemed to end on the effective date of the change in control.

Table of Contents

- (17) The PSU awards provide, among other things, that upon the death or disability of such named executive officer after the completion of the performance period applicable to a particular tranche, the number of shares of stock earned with respect to such tranche is based on the extent to which the performance goals for such tranche have been achieved. Accordingly, the values included in the table above are based on the number of shares that would have vested under the PSU on December 31, 2017 (as to the CEO and CFO only) and December 30, 2018 (each of which are the last day of a tranche under the PSU awards), multiplied by the closing sales price of the Company's common stock on Nasdaq as of December 28, 2018, the business day immediately preceding such date (\$26.72).
- (18) The PSU awards provide that if a change in control occurs prior to the last day of the third performance period under the award, then each tranche will be deemed earned as follows: (a) if the change in control occurs on or prior to the completion of six months of the performance period applicable to such tranche, the number of shares earned with respect to such tranche will be determined as if the performance goals had been achieved at target; and (b) for other tranches, based on the extent to which the performance goals for such tranche have been achieved (which amount would be pro-rated, and the Company's performance against the performance goals for any partial periods determined by the compensation committee in good faith as of the date of the change in control). Accordingly, the values included in the table above are based on the number of shares that would have vested under the PSU on December 30, 2018 (using the actual achievement for the tranche ending December 30, 2018 and based on target for the remaining two tranches ending December 30, 2019 and 2020), multiplied by the closing sales price of the Company's common stock on Nasdaq as of December 28, 2018, the business day immediately preceding such date (\$26.72).
- (19) Represents the named executive officer's target annual incentive payable in a lump sum at the regularly scheduled payment date.
- (20) Represents an amount equal to two times the sum of (i) the named executive officer's 2018 base salary and (ii) the named executive officer's target annual incentive award for 2018, payable in a lump sum within 10 days following effective date of termination of employment.
- (21) Represents an amount equal to one times the sum of (i) the named executive officer's 2018 base salary and (ii) the named executive officer's target annual incentive award for 2018, payable in a lump sum within 10 days following effective date of termination of employment.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Act and Item 402(u) of Regulation S-K, beginning with this proxy statement, we are providing information about the ratio of the annual total compensation of our Chief Executive Officer (Ms. Post) to the annual total compensation of our median employee. We believe our pay ratio, which is based on our payroll and employment records using the methodology described below, is a reasonable estimate calculated in a manner consistent with the SEC pay ratio rules.

Approximately 92% of our employee population consists of hourly restaurant Team Members. Red Robin hourly restaurant roles can be full-time or part-time. Flexible and part-time employment opportunities can be attractive for Team Members seeking to balance other commitments, have a social connection, or earn supplemental income. However, part-time employment has the effect of reducing the annual total compensation for our median employee.

Table of Contents

To determine the median employee, we used total cash compensation paid in 2018 as reported to the Internal Revenue Service on Form W-2 of our employee population (including full-time, part-time, temporary, and seasonal employees), excluding our Chief Executive Officer, on December 30, 2018. In reliance on the de minimis exemption under the pay ratio rules, we excluded 1,286 Team Members in Canada, representing less than 5% of our total employee population of approximately 25,841 individuals as of December 30, 2018. No cost of living adjustments were made to determine the median employee. We did, however, annualize the compensation used for full-time and part-time employees who were not employed by Red Robin for all of 2018 by taking an employee's compensation for the number of active weeks for which they were employed and annualizing such amount for the full year. We believe the use of total cash compensation for all employees is a consistently applied compensation measure because we do not widely distribute equity awards to employees. Less than 1.0% of our total employee population of 25,841 individuals as of December 30, 2018 received equity awards in 2018. Based on total cash compensation, our median employee was identified as a restaurant team member who was paid on an hourly basis and who worked an average of 17.23 hours per week (or 896 hours per year) in 2018. After identifying the median employee, we calculated that employee's annual total compensation using the same methodology (and including all the same compensation elements) that we used for our named executive officers in the 2018 Summary Compensation Table set forth above in this proxy statement.

Using this methodology, our median employee's annual total compensation for 2018 was \$17,524. Ms. Post's annual total compensation for fiscal year 2018 was \$3,112,330, as reflected in the Summary Compensation Table above. As a result, we estimate that for fiscal year 2018, the ratio of Ms. Post's annual total compensation to that of our median employee was approximately 178:1.

Because the rules governing pay ratio disclosure allow for companies to use different methodologies, apply various exclusions, and otherwise make reasonable assumptions and estimates that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to our pay ratio. As a result, our pay ratio should not be used as a basis for comparison between us and other companies. We have provided this pay ratio information for compliance purposes, and neither the compensation committee nor Company management have used the pay ratio measure to influence decisions in determining compensation for our executives or other employees.

PROPOSAL 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, the Company is again asking our stockholders to cast an advisory vote to approve the executive compensation of our named executive officers as disclosed in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on the design and effectiveness of our executive compensation programs. As an advisory vote, the outcome of the vote on this proposal is not binding upon us. Our compensation committee, which is responsible for designing and administering our executive compensation programs, values the opinions expressed by our stockholders and will consider the outcome of this vote when making future compensation decisions for our named executive officers. In 2018, our advisory vote proposal was supported by approximately 99.3% of the votes cast. The board has adopted a policy of providing for annual say-on-pay advisory votes.

As described in detail under the heading "Compensation Discussion and Analysis," our executive compensation objectives have been designed to link incentives and rewards for our executives to the achievement of specific and sustainable financial and strategic goals which are expected to result in increased stockholder value. We believe our executive compensation program satisfies these goals and is aligned with the long-term interests of our stockholders. Highlights of our current compensation program include the following:

Direct retention by the compensation committee of its independent compensation consultant.

Emphasis on a long-term pay for performance, including our LTI program that is measured over three-year performance periods.

Financial measures used for the annual performance-based and long-term incentive grants are linked to the Company's strategic business plans reviewed and approved by our board of directors.

The LTI component shifted from performance-based cash to performance-based equity in the form of PSUs for all executives in 2018.

Minimum financial goals must be met for payouts to be made under both the annual performance-based and long-term incentive grants.

Payouts under our annual and long-term incentive compensation plans are capped.

None of our change in control provisions provide for excise tax gross-ups, and the board has committed not to enter into any such agreements. In addition, we have double-trigger equity vesting upon a change in control (other than certain performance awards).

Repricing of stock options is expressly prohibited by our equity compensation plan without stockholder approval.

Meaningful stock ownership guidelines for executives, which promote alignment with stockholders.

Formal policy prohibiting hedging and pledging of Company securities by executive officers and directors.

Adoption of a clawback policy that provides for the recoupment of incentive compensation, including equity and cash awards, from executive officers under certain circumstances.

Relatively modest executive perquisites, and no excessive executive only perquisites.

Please read the "Compensation Discussion and Analysis" section contained in this proxy statement, including the tables and narrative disclosures contained therein for additional details about our executive compensation programs.

Advisory Vote

We request stockholder approval of the 2018 compensation of our named executive officers as disclosed in this proxy statement. This vote is not intended to address any specific element of compensation, but rather the overall compensation of our named executive officers and the compensation philosophy, policies, and practices described in this proxy statement. Accordingly, we ask that you vote FOR the following resolution to approve, on an advisory basis, the compensation of our named executive officers:

"RESOLVED, that the stockholders of Red Robin Gourmet Burgers, Inc. approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's proxy statement for the 2019 annual meeting of stockholders pursuant to the compensation disclosure rules of the U. S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2018 Summary Compensation Table, and the other related tables and disclosure within this proxy statement."

Vote Required

Proposal No. 2 requires the approval of a majority of the votes cast on the proposal.

Board Recommendation

Our board of directors unanimously recommends a vote FOR this proposal.

PROPOSAL 3
APPROVAL OF AMENDMENT TO THE 2017 PERFORMANCE INCENTIVE PLAN

Introduction

Our board of directors recommends and proposes an amendment (the "Amendment to the 2017 Plan") to the original 2017 Performance Incentive Plan (referred to in this section as the "current 2017 Plan"), which was originally adopted by our stockholders in 2017. The Company now wishes to amend the current 2017 Plan.

If approved by the Company's stockholders, the Amendment to the 2017 Plan would increase the balance of the number of shares of our common stock available for issuance under the current 2017 Plan by 660,000 shares. The total number of shares authorized under the Amendment to the 2017 Plan would increase from 630,182 shares under the current 2017 Plan to 1,290,182 shares under the 2017 Plan as amended. However, the maximum number of shares of common stock that may be delivered pursuant to new awards granted to eligible persons under the Amendment to the 2017 Plan will equal the sum of: (i) 660,000 shares; (ii) the remaining number of shares of common stock available for additional award grant purposes under the current 2017 Plan as of the date of stockholder approval of the Amendment to the 2017 Plan (which was 409,454 shares as of March 1, 2019); and (iii) the number of shares of common stock subject to outstanding awards that may become available because they are not deemed issued under Section 2.2 of the 2017 Plan, such as for example shares that are forfeited or canceled (but not including shares not delivered due to net settlement of options or that are withheld to pay taxes). Our compensation committee approved the Amendment to the 2017 Plan on March 11, 2019, subject to stockholder approval at the 2019 annual meeting. If the Amendment to the 2017 Plan is approved by our stockholders, it will become effective on the day of the 2019 annual meeting. Outstanding awards under the terms of the current 2017 Plan will continue in effect in accordance with their terms. In addition, the Amendment to the 2017 Plan would enhance certain minimum vesting requirements applicable to grants of awards under the 2017 Plan as further described below.

Purpose for the Amendment

The board of directors unanimously recommends that the Company's stockholders approve the Amendment to the 2017 Plan for several reasons. We believe that an increase in the number of shares available for future grants is necessary as part of our ongoing commitment to align the interests of our employees (including executive officers) with those of our stockholders. We believe that incentives and stock-based awards focus employees on the objective of creating stockholder value and promoting the success of the Company. Moreover, approval of the Amendment to the 2017 Plan is central to the compensation committee's shift of executive officer compensation to include more equity and less cash. In 2018, the compensation committee shifted the structure of the long-term incentive component for all of our named and other executive officers to include more equity and less cash, similar to the approach adopted in 2017 for our chief executive officer and chief financial officer. As noted elsewhere, in 2018, the 40% long-term incentive component for executive officer compensation was comprised of equity grants in the form of PSUs, with the other components otherwise remaining the same. Without the amendment, we could be required to use additional cash incentives instead of equity-based awards.

Further, the Company's ability to grant an appropriate number of equity-based awards continues to be crucial in allowing the Company to effectively compete for key employee talent. It is in the long-term interest of the Company and its stockholders to strengthen the ability to attract, motivate and retain employees, officers, and directors, and to provide additional incentive for those persons through stock ownership and other incentives to improve operations, increase profits, and strengthen the mutuality of interest between those persons and the Company's stockholders.

Table of Contents

As of March 1, 2019, of the 630,182 shares authorized under the current 2017 Plan, there were approximately 409,454 shares remaining available for issuance. Without adequate share availability under the Amendment to the 2017 Plan, the board will need to consider alternative compensation arrangements in order to ensure that the Company remains competitive and is able to continue to recruit and retain quality talent.

Summary of the Amendment to the 2017 Plan

The Amendment to the 2017 Plan would increase the total aggregate number of shares authorized by 660,000 shares of common stock, from 630,182 shares to 1,290,182 shares.

As of March 1, 2019, we had 409,454 shares available for issuance under the current 2017 Plan, which would increase to 1,069,454 shares available for issuance as of such date with the approval of the Amendment to the 2017 Plan, plus the number of shares of Common Stock subject to outstanding awards that may become available because they are not deemed delivered. The current 2017 Plan permits the re-use of shares that are cancelled, terminated, forfeited, otherwise failed to vest ("Forfeited Shares"). The exact number of shares remaining under the current 2017 Plan will vary because additional awards may be made to newly-hired or promoted employees prior to the annual meeting on May 30, 2019. If the Amendment to the 2017 Plan is approved, the aggregate number of shares underlying outstanding awards under the current 2017 Plan, and our other equity plans (the "Existing Plans"), plus the number of shares available for issuance in connection with the grant of awards under the Amendment to the 2017 Plan, would increase to approximately 11.7% of the number of shares of Company common stock outstanding on a fully diluted basis (including all common stock outstanding at March 1, 2019 plus all shares reserved for outstanding or future awards under the Existing Plans and the Amendment to the Plan).

In addition to the share increase described above, the Amendment to the 2017 Plan would provide that all awards, including awards of stock options and stock appreciation rights (but excluding performance-based awards) issued to individuals other than non-employee directors of the board shall be subject to a minimum vesting period of at least one year from the date of the award, and that all awards, including awards of stock options and stock appreciation rights, if any, to non-employee directors of the board shall be subject to a minimum vesting period ending no earlier than the sooner of the next annual stockholders meeting and one year from the date of the award.

Summary Description of the 2017 Plan (as proposed to be amended)

A copy of the full text of the 2017 Plan (the current 2017 Plan as amended by the Amendment to the 2017 Plan) is attached to this proxy statement as **Appendix A**. A summary of the 2017 Plan (as proposed to be amended by the Amendment to the 2017 Plan) is set forth below. Other than set forth in the summary below, there have been no other material changes to the 2017 Plan which would require prior stockholder approval.

Purpose. The purpose of the 2017 Plan is to promote the success of the Company and to increase stockholder value by (a) incentivizing the officers, employees, directors, consultants, and other service providers of the Company and our affiliates to foster and build upon the continued success of the Company and to operate and manage the business in a manner that will provide for the long-term growth and profitability of the Company; (b) encouraging stock ownership by certain officers, employees, directors, consultants, and other service providers by providing them with a means to acquire a proprietary interest in the Company, acquire shares of stock, or to receive compensation which is based upon appreciation in the value of stock; and (c) providing a means of obtaining, rewarding and retaining officers, employees, directors, consultants, and other service providers.

Table of Contents

Administration. Our compensation committee will administer the 2017 Plan. The compensation committee has full authority in its discretion to determine the officers, employees, directors, consultants, and other service providers of the Company or our affiliates to whom awards will be granted and the terms and provisions of awards, subject to the provisions of the 2017 Plan. Subject to the provisions in the 2017 Plan, the compensation committee has full and conclusive authority to: (a) interpret the 2017 Plan; (b) prescribe, amend, and rescind rules and regulations relating to the 2017 Plan; (c) determine the terms and provisions of the respective award agreements; and (d) make all other determinations necessary or advisable for the proper administration of the 2017 Plan.

Our board of directors may by resolution authorize one or more officers of the Company and/or the chair of the compensation committee to designate individuals to receive awards under the 2017 Plan, and to determine the type of awards and the terms and conditions and number of shares of common stock or the amount of cash subject to such awards; provided however, that any such delegation will be subject to such parameters and restrictions consistent with the 2017 Plan.

No Repricing. In no case (except due to an adjustment to reflect a stock split, or similar event, or any repricing that may be approved by our stockholders) will any adjustment be made to a stock option or stock appreciation right award under the 2017 Plan (by cancellation, surrender, or exchange) that would constitute a repricing of the per share exercise or base price of the award.

Eligibility and Limits. Persons eligible to receive awards under the 2017 Plan, subject to limited exceptions set forth in the 2017 Plan, include officers, employees, directors, consultants, and other service providers of the Company or any affiliate of the Company. Currently, approximately 550 officers and employees of the Company and our affiliates (including all of our named executive officers), and each of our non-employee directors are considered eligible under the 2017 Plan.

The maximum number of shares of our common stock that would be authorized for awards under the Amendment to the 2017 Plan, if approved, is approximately 1,290,182. This number includes, as of March 1, 2019, 220,728 grants previously issued and outstanding, 409,454 shares available for awards under the current 2017 Plan (including Forfeited Shares), and 660,000 newly authorized shares.

The following other limits are also contained in the 2017 Plan:

The maximum number of shares that may be delivered pursuant to options qualified as incentive stock options granted under the 2017 Plan is 700,000 shares.

The maximum number of shares subject to those options and stock appreciation rights that are granted under the 2017 Plan during any calendar year to any individual other than a non-employee director is 170,000 shares.

The maximum number of shares subject to those options and stock appreciation rights that are granted under the 2017 Plan during any calendar year to any non-employee director is 25,000 shares, and the maximum value (determined on the grant date) of full-value awards (as defined in the 2017 Plan and discussed below) that may be granted under the 2017 Plan during any calendar year to any non-employee director is \$250,000.

The maximum number of shares that are granted with the intent that they qualify as qualified performance-based compensation to any employee may not exceed 150,000 shares.

The maximum aggregate dollar amount that may be paid in any calendar year to any employee with respect to performance-based compensation payable in cash may not exceed \$3,000,000.

As of March 1, 2019, in addition to shares available for awards under the current 2017 Plan, there were approximately 383,814 shares subject to awards then outstanding under the Existing Plans.

Table of Contents

Types of Awards. The 2017 Plan authorizes stock options, stock appreciation rights, and other forms of awards granted or denominated in our common stock or unit of our common stock, as well as cash performance awards pursuant to Section 3.5 of the 2017 Plan.

A stock option is the right to purchase shares of our common stock at a future date at a specified price per share (the "Exercise Price"). The per share Exercise Price of an option generally may not be less than the fair market value of a share of our common stock on the date of grant. The maximum term of an option is ten years from the date of the grant. An option may either be an incentive stock option or a nonqualified stock option. Incentive stock option benefits are taxed differently from nonqualified stock options, as described under "Federal Income Tax Consequences of Awards under the 2017 Plan" below. Incentive stock options are also subject to more restrictive terms and are limited in amount by the U.S. Internal Revenue Code and the 2017 Plan. Incentive stock options may only be granted to employees of the Company or a subsidiary.

A stock appreciation right is the right to receive payment of an amount equal to the excess of the fair market value of a specified or determinable number of shares of our common stock at the time of payment or exercise over a specified or determinable price, which may not be less than the fair market value of such shares of stock on the date of grant. Stock appreciation rights may be granted in connection with other awards or independently. The maximum term of a stock appreciation right is ten years from the date of grant.

With respect to any stock option or stock appreciation right issued to a Participant other than a non-employee member of the board of directors, the minimum service period required for such award (or portion thereof) to vest is one year following the date of grant of such award.

The other types of awards that may be granted under the 2017 Plan include, without limitation, grants of our common stock, grants of rights to receive our common stock in the future, dividend equivalent rights, and cash performance awards granted consistent with "Performance-Based Awards" as described below.

Performance-Based Awards. The compensation committee historically granted awards intended to be performance-based awards within the meaning of Section 162(m) of the U.S. Internal Revenue Code ("Performance-Based Awards"), prior to its repeal in 2017.

Performance-Based Awards are in addition to any of the other types of awards that may be granted under the 2017 Plan (including options and stock appreciation rights which may also qualify as performance-based awards for Section 162(m) purposes). Performance-Based Awards may be in the form of restricted stock, performance stock, stock units, other rights, or cash performance awards.

The vesting or payment of Performance-Based Awards (other than options or stock appreciation rights) will depend on the absolute or relative performance of the Company on a consolidated, business unit, division, or affiliate (or business unit or division of an affiliate) basis. The compensation committee will establish the criterion or criteria and target(s) on which performance will be measured. The compensation committee must establish criteria and targets in advance of applicable deadlines under the U.S. Internal Revenue Code and while the attainment of the performance targets remains substantially uncertain. The criteria that the compensation committee may use for this purpose include one or more of the following: earnings per share; book value per share; operating cash flow; free cash flow; cash flow from return on investments; cash available; net income (before or after taxes); revenue or revenue growth; total stockholder return; return on invested capital; return on stockholder equity; return on assets; return on common book equity; return on gross investment; market share; economic value added; operating margin; profit margin; stock price; enterprise value; operating income; EBIT or EBITDA; expenses or operating expenses; productivity of employees as measured by revenues, costs, or earnings per employee; working capital; improvements in capital structure; guest retention,

Table of Contents

traffic and/or satisfaction; employee retention and/or engagement; completion of operating milestones; cost reduction goals; Company, franchise, or system same restaurant sales; Company, franchise, or system restaurant growth in number of new restaurants; average restaurant volume growth; or any combination of the foregoing. The performance measurement period with respect to an award will be established by the compensation committee at the time the award is granted. The compensation committee may appropriately adjust any evaluation of performance under a performance goal to remove the effect of any one or more of the following: equity compensation expense under accounting standard ASC 718; accelerated amortization of acquired technology and intangibles; asset write-downs; litigation or claim judgments or settlements; changes in or provisions under tax law, accounting principles or other such laws or provisions affecting reported results; accruals for reorganization and restructuring programs; discontinued operations; restaurant closure costs; executive transition costs; acquisition and dispositions; a material change in planned capital expenditures; and any items that are unusual in nature, non-recurring or infrequent in occurrence, except where such action would result in the loss of the otherwise available exemption of the award under Section 162(m), if applicable.

With respect to any full-value award, the vesting of which is based solely on service with the Company (and not upon, either all or in part, the attainment of any performance measures), with the exception of such awards to non-employee directors, the minimum period of service required for such award to vest is three years following the date of grant of such award, provided that such award may vest ratably in no less than equal annual increments over such period. With respect to any full-value award that is a Performance-Based Award and issued to an individual under the 2017 Plan other than a non-employee director, the applicable performance measurement period may not be less than one year. With respect to any award issued to a non-employee director, the minimum period of service required for such award to vest (or the minimum performance period for any such award) shall be the period beginning on the date of grant and ending on the sooner of (i) the date of the next annual stockholders meeting and (ii) the one-year anniversary of the grant date of such award. Except as described in the immediately preceding sentence with respect to awards issued to non-employee directors, no installment or portion of any award subject to a minimum vesting period described under the 2017 Plan may vest earlier than one-year after the date of grant of such award. The compensation committee may not waive the applicable vesting requirements for an award except in the case of death, disability, or change in control. The term "full-value awards" includes awards of restricted stock, restricted stock units, performance shares, and Other Stock-Based Awards (as defined in the 2017 Plan) granted under the 2017 Plan, but does not include awards pursuant to which the participant's ultimate remuneration is limited solely to the post-grant appreciation in the value of the shares of the Company's common stock subject to the award (such as options or stock appreciation rights having a per share exercise of base price, as applicable, at least equal to the fair market value of a share of the Company's common stock at the time of grant of such award).

Performance-Based Awards may be paid in stock or cash (in either case, subject to the limits described under the heading "Eligibility and Limits" above). Before any Performance-Based Award (other than an option or stock appreciation right) is paid, the compensation committee must certify in writing that the performance target or targets have been satisfied. The compensation committee has discretion to determine the performance target or targets and any other restrictions or other limitations of Performance-Based Awards and may reserve discretion to reduce payments below maximum award limits.

Acceleration of Awards; Early Termination of Awards. Generally, and subject to limited exceptions set forth in the 2017 Plan, if any person acquires more than 50% of the outstanding common stock or combined voting power of the Company, if there are certain changes in a majority of our board of directors, if stockholders prior to a transaction do not continue to own more than 50% of the voting securities of the Company (or a successor or a parent) following a reorganization, merger,

statutory share exchange or consolidation or similar corporate transaction involving the Company or any of our subsidiaries, a sale or other disposition of all or substantially all of the Company's assets or the acquisition of assets or stock of another entity by us or any of our subsidiaries, or if the Company is dissolved or liquidated, then awards then-outstanding under the 2017 Plan may become fully vested or paid, as applicable, and may terminate or be terminated upon consummation of such a change in control event. However, unless the individual award agreement provides otherwise, with respect to executive and certain other high level officers of the Company, upon the occurrence of a change in control event, no award will vest unless such officer's employment with the Company is terminated by the Company without cause within the two-year period following such change in control event. The compensation committee also has the discretion to establish other change in control provisions with respect to awards granted under the 2017 Plan. For example, subject to certain limitations, the compensation committee could provide for the acceleration of vesting or payment of an award in connection with a change in control event that is not described above and provide that any such acceleration shall be automatic upon the occurrence of any such event.

Restrictions on Transfer. Subject to certain exceptions contained in Section 4.2 of the 2017 Plan or the applicable award agreement, awards under the 2017 Plan generally are not transferable by the recipient other than by will or the laws of descent and distribution, or pursuant to domestic relations orders, and are generally exercisable, during the recipient's lifetime, only by the recipient. Any amounts payable or shares issuable pursuant to an award generally will be paid only to the recipient or the recipient's beneficiary or representative. The compensation committee has discretion, however, to establish written conditions and procedures for the transfer of awards to other persons or entities, provided that such transfers comply with applicable federal and state securities laws.

Adjustments. As is customary in incentive plans of this nature, each share limit and the number and kind of shares available under the 2017 Plan and any outstanding awards, as well as the exercise or purchase prices of awards, and performance targets under certain types of performance-based awards, are subject to adjustment in the event of certain reorganizations, mergers, consolidations, or other similar events that change the number or kind of shares outstanding, and extraordinary dividends.

No Limit on Other Authority. Except as expressly provided with respect to the termination of the authority to grant new awards under the 2007 Plan, the 2017 Plan does not limit the authority of the board of directors or the compensation committee to grant awards or authorize any other compensation, with or without reference to our common stock, under any other plan or authority.

Termination and Amendment of the 2017 Plan. The board of directors may amend or terminate the 2017 Plan at any time without stockholder approval; provided, however, that the board of directors shall obtain stockholder approval for any amendment to the 2017 Plan that, except as provided under Section 5.1 of the 2017 Plan, increases the number of shares of stock available under the 2017 Plan, materially expands the classes of individuals eligible to receive awards, materially expands the type of awards available for issuance under the 2017 Plan, or would otherwise require stockholder approval under the rules of the applicable exchange. Unless the award agreement explicitly provides otherwise, no such termination or amendment may materially and adversely affect the rights of the recipient under such award without the consent of the holder of an award.

Federal Income Tax Consequences of Awards under the 2017 Plan

The U.S. federal income tax consequences of the 2017 Plan under current federal law, which is subject to change, are summarized in the following discussion of the general tax principles applicable to the 2017 Plan. This summary is not intended to be exhaustive and, among other considerations, does not describe state, local, or international tax consequences. Individual circumstances may vary and participants should rely on the advice of their tax counsel regarding federal income tax treatment under

the 2017 Plan. Furthermore, any tax advice contained in this discussion is not intended to be used, and may not be used, to avoid penalties imposed under the U.S. Internal Revenue Code.

Stock Options and Stock Appreciation Rights. With respect to nonqualified stock options, the Company is generally entitled to deduct, and the participant will recognize, taxable ordinary income in an amount equal to the excess of the fair market value of the shares at the time of exercise over the option exercise price. Stock appreciation rights are taxed and deductible in substantially the same manner as nonqualified stock options.

With respect to incentive stock options, a participant who exercises an incentive stock option will not be taxed at the time of exercise. Instead, the participant will be taxed at the time the participant sells common stock purchased pursuant to the incentive stock option on the difference between the price the participant paid for the stock pursuant to the incentive stock option and the amount for which the participant sells that stock. If the participant does not sell the stock prior to two years after the date the option was granted to the participant and one year after the date the stock is transferred to the participant, then the participant will be entitled to capital gain or loss treatment based upon the difference between the amount realized on the disposition and the aggregate exercise price and the Company will not get a corresponding tax deduction. If the participant sells the stock at a gain prior to the expiration of such one and two year periods, the amount by which (A) the lesser of (i) the fair market value of the stock on the date of exercise and (ii) the amount for which the stock is sold exceeds (B) the amount the recipient paid for the stock will be taxed as ordinary income and the Company will be entitled to a corresponding tax deduction in the same amount (if the amount for which the stock is sold exceeds the fair market value on the date of exercise, such excess amount is taxed as capital gain). If the participant sells the stock for less than the amount paid for the stock prior to the expiration of the one and two year periods indicated, no amount will be taxed as ordinary income and the loss will be taxed as a capital loss. Exercise of an incentive option may subject a recipient to, or increase a recipient's liability for, the alternative minimum tax.

Stock Awards. A participant will not be taxed upon the grant of a stock award if such award is not transf
