PROXY STATEMENT
Annual Meeting of Stockholders
January 23, 2007

VOTING AND SOLICITATION OF PROXIES

This proxy statement and the accompanying form of proxy are furnished in connection with the solicitation of proxies by the Board of Directors of NASB Financial, Inc. ("NASB" or the "Company") for the Annual Meeting of Stockholders (hereinafter called the "Meeting") to be held at the North American Savings Bank, Grandview branch office located at 12498 South 71 Highway, Grandview, Missouri on Tuesday, January 23, 2007, at 8:30 a.m. The Annual Report to stockholders for fiscal year 2006, including consolidated financial statements for the fiscal year ended September 30, 2006, accompanies this statement. The Company is required to file an Annual Report and Form 10-K for its fiscal year ended September 30, 2006, with the Securities and Exchange Commission ("SEC").

This proxy statement and the accompanying proxy are first being sent to the stockholders on or about December 29, 2006.

Regardless of the number of shares you own, it is important that your stock be represented at the Meeting. No action can be taken unless a majority of the outstanding shares of Common Stock is represented. To make sure your shares are represented at the Meeting, please sign and date the proxy card and return it in the enclosed prepaid envelope.

If the enclosed proxy is properly executed and returned, and is not revoked, it will be voted in accordance with the specifications made by the stockholder. The proxy form provides a space for you to withhold your vote for the nominees for the Board of Directors, if you choose to

Edgar Filing: NASB FINANCIAL INC - Form DEF 14A

do so. You may indicate the way you wish to vote on each matter in the space provided. Executed but unmarked proxies will be voted FOR the election of the director nominees named in the proxy statement and FOR the ratification of the selection of auditors.

You may revoke your proxy at any time prior to its exercise. NASB has not established formal procedures for revocation. The cost of soliciting the proxies will be borne by NASB. In addition to the solicitation of proxies by mail, proxies may be solicited by directors, officers or regular employees of the Company in person or by telephone or telegraph. The Company will also request persons, firms, and corporations holding shares in their names, or in the names of their nominees, which are beneficially owned by others, to send proxy material to and obtain proxies from such beneficial owners and will reimburse such holders for their reasonable expenses in so doing. No additional compensation shall be paid to directors, officers and regular employees of the Company in consideration of services rendered to the solicitation of proxies.

The securities which can be voted at the Meeting consist of shares of Common Stock of NASB Financial, Inc., with each share entitling its owner to one vote on matters other than the election of directors, in respect of which cumulative voting is permitted, as discussed below. The close of business on December 15, 2006, has been fixed by the Board of Directors as the record date for determination of stockholders entitled to vote at the meeting. The number of shares of Common Stock outstanding on the record date was 8,418,642.

The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of Common Stock is necessary to constitute a quorum at the Meeting. In the event there are not sufficient votes for a quorum, the Meeting may be adjourned in order to permit further solicitation of proxies.

No person is authorized to give any information or to make any representation other than as contained in this proxy statement, and if given or made, such information may not be relied upon as having been authorized.

PROPOSAL 1: ELECTION OF DIRECTORS

At each election of directors, every stockholder entitled to vote has the right to vote, in person or by proxy, the number of shares owned by him for as many persons as there are directors to be elected to a particular class. A stockholder may cumulate his votes by voting the total number of votes to which he is entitled for any one candidate or distribute them equally or unequally among the candidates. The total votes for all candidates cannot be more than the number of all candidates to be elected multiplied by the number of his shares. Stockholders may exercise their right to cumulative voting by attaching to their proxy card instructions indicating how many votes their proxy should give each candidate. The Board of Directors reserves the right to cumulate votes with respect to proxies assigned to the Board unless authorization is expressly withheld or instruction is otherwise given.

The directors are divided into three classes. Three directors are to be elected at this meeting. All of the nominees, David H. Hancock, Linda S. Hancock, and Paul L. Thomas, currently serve on the Board of Directors and are seeking re-election to serve until the 2010 Annual Meeting; or until their successors are elected and qualified to serve.

It is the intention of the Board of Directors to vote the proxies for the election of all of the nominees named below for directors, or, at their discretion, cumulatively vote for any one or more, unless the proxy is marked to indicate that such authorization is expressly withheld. Management believes that all such nominees will stand for election, but if any person nominated fails to stand for election, the Board of Directors reserves full discretion to vote for any other person who may be nominated. Management believes that each nominee named herein will serve if elected as a director.

Pursuant to the Bylaws of the Company, the Board of Directors acts as a nominating committee for selecting the management nominees for election as directors. All nominees must be approved by a majority of Independent Directors. Except in the case of a nominee substituted as a result of the death or other incapacity of a management nominee, the nominating committee shall deliver written nominations to the secretary at least 20 days prior to the date of the annual meeting. No nominations for directors except those made by the nominating committee shall be voted upon at the annual meeting unless other nominations by

Edgar Filing: NASB FINANCIAL INC - Form DEF 14A

shareholders are made in writing and delivered to the secretary of the Company at least one-hundred twenty days and not more than one-hundred eighty days prior to the date of the annual meeting.

2

Ballots bearing the names of all persons nominated by the nominating committee and by shareholders shall be provided for use at the annual meeting. However, if the nominating committee shall fail or refuse to act at least 20 days prior to the annual meeting, nominations for directors may be made at the annual meeting by any shareholder entitled to vote and shall be voted upon. Such recommendations must contain the name, age, business address, residence address, and the principal occupation or employment of each such recommended nominee as would be required under the rules of the SEC in a proxy statement soliciting proxies for the election of such recommended nominee as a Director. Such recommendations shall include a signed consent to serve as a director of the Company, if elected, from each such recommended nominee.

AUDIT COMMITTEE

The Audit Committee has the responsibility of reviewing the scope and results of audits performed by the Bank's independent auditors and reviewing the findings and recommendations of NASB's internal audit staff. The audit committee is comprised of Frederick V. Arbanas, Barrett Brady, and A. Ray Cecrle.

In 1999, the SEC, the New York Stock Exchange ("NYSE"), the National Association of Securities Dealers ("NASD"), and the American Institute of Certified Public Accountants ("AICPA") partnered to establish a Blue Ribbon Committee on Improving the Effectiveness of Corporate Audit Committees. The Blue Ribbon Committee's report, which was issued and adopted in February 1999, set forth new requirements designed to strengthen the effectiveness of audit committees of publicly traded companies. In meeting these new requirements, NASB's Board of Directors adopted an amended Audit Committee Charter. This Charter, as most recently amended and ratified by the Board on September 26, 2006, is set forth in Appendix A.

4

AUDIT COMMITTEE REPORT

In accordance with the written charter adopted by the Board of Directors, the Audit Committee of the Board (the "Committee") assists the Board in fulfilling its responsibilities for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. During fiscal 2006, the Committee met five (5) times, and the Committee chair, as representative of the Committee, discussed the interim financial information contained in each quarterly earnings announcement with the CFO and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing any and all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussion with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and

Edgar Filing: NASB FINANCIAL INC - Form DEF 14A

independence, and satisfied itself as to the auditors' independence. The Committee also discussed with management, the Internal Audit Manager, and the independent auditors the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Committee reviewed with both the independent auditors and the Internal Audit Manager their audit plans, audit scope, and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees." The Committee discussed and reviewed, with and without management present, the results of the independent auditors' integrated audit, which included an examination of the Company's financial statements and managements assessment of internal control over financial reporting in accordance with Sarbanes-Oxley Section 404. The Committee also discussed the results of the internal audit examinations.

The Committee reviewed the audited financial statements of the Company as of and for the fiscal year ended September 30, 2006, with management and the independent auditors. Management has the responsibility for the preparation of the Company's consolidated financial statements and the independent auditors have the responsibility for the examination of those statements.

Mr. Barrett Brady serves as the Audit Committee's financial expert, and is qualified to do so as prescribed by provisions of the Sarbanes-Oxley Act.

Based on the above mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended September 30, 2006, for filing with the Securities and Exchange Commission. The Committee also recommended the appointment, subject to shareholder approval, of BKD, LLP as the Company's independent auditors for the fiscal year ending September 30, 2007, and the board concurred with that recommendation.

EXECUTIVE COMPENSATION PLAN

The executive compensation program is based on beliefs and guiding principles designed to align compensation with business strategy and company values. The Company supports a performance-oriented environment that rewards performance not only with respect to the individual's contribution to the Company but also Company performance as compared to that of the industry performance levels.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is composed of directors Frederick V. Arbanas, Barrett Brady, A. Ray Cecrle, and Fletcher M. Lamkin. The Committee is responsible for setting and administering the policies that govern both annual executive compensation and stock ownership programs.

The Compensation Committee evaluated a variety of objective factors to determine the base salaries, incentive bonuses, and stock option awards to the Bank's executives. In setting the executive compensation for the Chief Executive Officer and the President, the committee examined the Company's corporate performance ratios compared to peer group averages, the Company's stock price performance over the last five years in relationship to peer groups and industry indexes, and the Company's executive compensation compared to salary surveys of financial institutions in the industry with similar characteristics of the Company. Specifically, the Company's return on assets ("ROA") was 1.35% during the year ended September 30, 2006, while its return on equity ("ROE") was 13.60%. Comparatively, information on the FDIC's web site reports that, during the nine-month period ended September 30, 2006, all savings institutions as a whole had an annualized average ROA of 1.10% and an annualized average ROE of 9.99%. BENEFITS

RETIREMENT PLAN

During the fiscal year ended September 30, 2006, North American maintained a 401(k) Qualified Defined Contribution Plan ("Plan") for all employees who worked at least 1,000 hours per year, were 21 years of age, and had been employed for one year. This Plan complies with the requirements of the Employment Retirement Income Security Act ("ERISA") of 1974. The Plan provides, in general, that an employee may elect to contribute from 1% to 100% of annual salary on a pre-tax basis, subject to certain IRS dollar limits. The Bank will contribute 50% of the employee's contribution, up to a maximum of 3% of the employee's salary, also subject to IRS limits. Employees are 100% vested in the employer's contributions after three years of service to the Bank. Benefits under the Plan are determined by the contributions of the Bank and the participant. Normal retirement age is 65. Upon retirement,

Edgar Filing: NASB FINANCIAL INC - Form DEF 14A

the participant elects the manner in which the accrued contributions plus earnings are to be received.

The aggregate contributions by the Bank under the Plan for named executive officers during the fiscal year ended September 30, 2006, were: David Hancock, \$5,670; Keith B. Cox, \$4,331; Paul L. Thomas, \$5,525; Brad Lee, \$6,600; Bruce J. Thielen, \$6,300; Wade Hall, \$6,465, and for all executive officers as a group were \$50,740. Total accrued contributions by the Bank are: David Hancock, \$78,104; Keith B. Cox, \$62,828; Paul L. Thomas, \$19,336; Brad Lee, \$47,156; Bruce J. Thielen, \$64,257; and Wade Hall, \$26,895.

2004 STOCK OPTION PLAN

On January 27, 2004, stockholders of NASB approved a new equity stock option plan ("2004 Stock Option Plan"). Under the 2004 Stock Option Plan, options to purchase up to 250,000 shares of Common Stock may be granted to officers and employees of the Bank and its subsidiaries. As of September 30, 2006, there were 192,000 shares of Common Stock remaining available for issue under the 2004 Stock Option Plan.

8

The options granted are intended to be incentive stock options under Section 442A of the Internal Revenue Code as amended. Qualified stock options must be granted by the tenth anniversary of the effective date of the 2004 Stock Option Plan. The option price may not be less than 100% of the fair market value of the shares on the date of the grant. No option shall be exercisable after the expiration of ten years from its date of the grant.

The Compensation Committee of the Board of Directors administers the 2004 Stock Option Plan. The Board selects the employees to whom options are to be granted and the number of shares to be granted based upon, among other things, an employee's length of service, the amount of compensation, and the nature of responsibilities, duties and functions.

The Board may, in its discretion, authorize NASB to accept the surrender by the optionee of the right to exercise an option in consideration for the payment by NASB of an amount equal to the excess of the fair market value of the shares of Common Stock subject to such option surrendered over the total exercise price. Such payment may be made in Common Stock and/or cash.

Federal Income Tax Consequences

Incentive stock options are designed to result in beneficial tax treatment to the optionee and do not result in a tax deduction for the Company. The optionee is not taxed upon grant or exercise of an incentive stock option; rather, taxation is deferred until the sale or other disposition of the underlying shares.

During the year ended September 30, 2006, the Board issued new stock options as follows: 18,500 at \$32.91 with a 10-year expiration. As of September 30, 2006, outstanding options may be exercised as follows:

TRANSACTIONS WITH NORTH AMERICAN

NASB, prior to the Financial Institutions Reform Recovery and Enforcement Act of 1989, followed the policy of offering mortgage loans for the financing of personal residences and consumer loans to its officers, directors and employees. These loans were made in the ordinary course of business and on substantially the same terms and collateral, except for fees, as those of comparable transactions prevailing at the time. The loans did not involve more than the normal risk of collectibility or present other unfavorable features. NASB does not make portfolio loans to executive officers and directors.

As of September 30, 2006, there were no loans made on preferential terms, as explained above to, an executive officer or director of the Company that exceeded \$60,000 in the aggregate. Loans to executive officers and directors or their associates, which were not made on preferential terms, if any, are disclosed in the notes to the consolidated financial statements in the 2006 Annual Report to Stockholders.

SECTION 16 COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of NASB Financial, Inc. equity securities, to file reports of ownership and reports of changes in ownership with the SEC. The Company's officers, directors and greater than 10% stockholders are also required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the best of the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended September 30, 2006, all Section 16(a) filing requirements applicable to its officers, directors and greater than 10% beneficial owners were met. Where applicable, transactions were properly filed on Form 5 at the end of the Company's fiscal year-end.
