PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This proxy statement is being furnished to shareholders of Net 1 UEPS Technologies, Inc., a Florida corporation, in connection with the solicitation by our board of directors of proxies for use at the Annual Meeting of Shareholders to be held at President Place, 4th Floor, Cnr. Jan Smuts Avenue and Bolton Road, Rosebank, Johannesburg, South Africa on December 1, 2005 at 16h00, local time, and at any adjournment or postponement of the meeting.

Solicitation

The company will bear the entire cost of the solicitation, including the preparation, assembly, printing and mailing of this proxy statement, including the proxy card and any additional solicitation materials furnished to our shareholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. We may reimburse these persons for their reasonable expenses in forwarding solicitation materials to beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by personal contacts, telephone, facsimile, electronic mail or any other means by our directors, officers or employees. No additional compensation will be paid to these individuals for these services. Except as described above, we do not presently intend to solicit proxies other than by mail.

This proxy statement and the accompanying solicitation materials are being sent to our shareholders on or about November 1, 2005.

Revocation of Proxies

You may revoke your proxy at any time prior to the close of the polls at 23h00, Johannesburg time, on November 30, 2005 by (1) delivering a written notice of revocation or a later-dated vote by mail to our corporate secretary at Net 1 UEPS Technologies, Inc., President Place, 4th Floor, Cnr. Jan Smuts Avenue and Bolton Road, Rosebank, Johannesburg, South Africa, or (2) attending the meeting and voting in person. If you hold shares through a bank or brokerage firm, you must contact that firm to revoke any prior voting instructions. However, if you are a shareholder whose shares are not registered in your own name, you will need documentation from your record holder stating your ownership as of October 25, 2005 in order to vote personally at the meeting.

Record Date, Quorum and Voting Requirements

Each holder of shares of our common stock and special convertible preferred stock outstanding on the close of business on October 25, 2005, the record date, is entitled to notice of and vote at the meeting. There were 42,343,337 shares of common stock and 14,141,044 shares of special convertible preferred stock outstanding on the record date. The presence at the meeting, in person or by a proxy relating to any matter to be acted upon at the meeting, of a majority of the total number of outstanding shares of common stock and special convertible preferred stock, or 28,242,192 shares, is necessary to constitute a quorum. Each share of common stock and special convertible preferred stock is entitled to one vote on all matters. For purposes of the quorum and the discussion below regarding the vote necessary to take shareholder action, holders of record of common stock and special convertible preferred stock who are present at the meeting in person or by proxy and who abstain, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, are considered shareholders who are present and entitled to vote and they count toward the quorum. In the event that there are not sufficient votes for a quorum or to approve any proposal at the meeting, the meeting may be adjourned in order to permit the further solicitation of proxies.

Brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. Broker non-votes mean the votes that could have been cast on the matter in question if the brokers had received instructions from their customers, and as to which the brokers have notified us on a proxy form in accordance with industry practice or have otherwise advised us that they lack voting authority.

Our eight nominees will be elected by a plurality of votes. Abstentions and broker non-votes will have no effect on the outcome of the election. On all other matters, the affirmative vote of the majority of the shares of common stock and special convertible preferred stock present in person or by proxy at the meeting and entitled to vote on the matter is required to approve such matter. On such matters, broker non-votes are not considered shares entitled to vote on the matter and therefore will not be taken into account in determining the outcome of the vote on the matter. Abstentions are considered shares entitled to vote on the matter and, therefore, will have the effect of a vote against the matter.

All outstanding shares of common stock and special convertible preferred stock represented by valid and unrevoked proxies received in time for the meeting will be voted. A shareholder may, with respect to the election of directors (1) vote for the election of the named director nominees, (2) withhold authority to vote for all such director nominees or (3) vote for the election of all such director nominees other than any nominee(s) with respect to whom the shareholder withholds authority to vote by writing the number designating such nominee's name on the proxy in the space provided. A shareholder may, with respect to each other matter specified in the notice of meeting (1) vote FOR the matter, (2) vote AGAINST the matter or (3) ABSTAIN from voting on the matter. Shares will be voted as instructed in the accompanying proxy on each matter submitted to shareholders. If no instructions are given on properly completed and returned proxy, the shares will be voted FOR the election of the named director nominees, and FOR the ratification of Deloitte & Touche (South Africa) as the company's independent registered public accounting firm.

The board knows of no additional matters that will be presented for consideration at the meeting. Return of a valid proxy, however, confers on the designated proxy holders the discretionary authority to vote the shares in accordance with their best judgment on such other business, if any, that may properly come before the meeting or any adjournment or postponement thereof. Proxies solicited hereby will be tabulated by inspectors of election designated by the board.

Information Regarding the Board and Board Committees

Board. The board held meetings or acted by unanimous written consent on five occasions during the fiscal year ended June 30, 2005. Each director attended or participated in more than 75% of the aggregate number of meetings of the board and meetings of those committees of the board on which such director served during the fiscal year ended 2005. It is our policy to have each director attend the meetings of shareholders. The board has concluded that Messrs. Seabrooke, Pein, Edwards and Wendelstadt are independent as defined by Nasdaq and under Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as that term relates to membership on the board and the various board committees. Messrs. Ball and Smart are independent directors as defined by Nasdaq, but are not eligible to serve on our audit committee, under Rule 10A-3(b)(1). The board has established audit, remuneration and nominating and corporate governance committees. The board has adopted a charter for each of these committees, copies of which are available on our website at www.net1ueps.com or upon request made by mail to our corporate secretary at Net 1 UEPS Technologies, Inc., President Place, 4th Floor, Cnr. Jan Smuts Avenue and Bolton Road, Rosebank, Johannesburg, South Africa or by telephone to our Investor Relations Department at (604) 484-8750.

Audit Committee. The audit committee consists of Messrs. Seabrooke, Pein and Edwards. The board has determined that each of the members of the committee is independent in accordance with applicable rules of Nasdaq and the SEC. The board has also determined that Mr. Seabrooke is an audit committee financial expert as that term is defined in Item 401 of Regulation S-K under the Securities Exchange Act of 1934, and that all three members meet Nasdaq's financial literacy criteria. The audit committee held three meetings during the 2005 fiscal year. The audit committee was established by the board of directors for the primary purpose of overseeing or assisting the board in overseeing the following:

- the integrity of our financial statements;
- our compliance with legal and regulatory requirements;
- the qualifications and independence of our independent auditors;
- the performance of our independent auditors and of the internal audit function; and
- our systems and disclosure controls and procedures, internal controls over financial reporting and compliance with ethical standards adopted by us.

The Audit Committee operates under a written charter adopted by Board on June 2, 2005, which is included as Exhibit A to this proxy statement.

Remuneration Committee. The remuneration committee consists of Messrs. Seabrooke, Pein and Ball, each of whom the board has determined is independent in accordance with applicable Nasdaq rules. The remuneration committee held two meetings during the 2005 fiscal year. The remuneration committee reviews and makes recommendations to the board of directors regarding the following matters:

- development and implementation of our compensation policies, strategies, plans and programs, and disclosure relating to these matters;
- administration of our stock option, stock incentive and other equity compensation plans;
- compensation-related matters outside the ordinary course, including employment contracts, change-in-control provisions and severance arrangements;
- compensation of our chief executive officer including the review and approval of relevant performance goals and objectives and the evaluation of the performance of the chief executive officer in light of

those goals and objectives;

- compensation of our other executive officers of our subsidiaries and the remuneration of our board of directors; and

- 7 -

- performance reviews of individual executives and related matters.

The Remuneration Committee operates under a written charter adopted by the Board on June 2, 2005, which is available without charge at our website, www.net1ueps.com.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee consists of Messrs. Seabrooke, Pein and Edwards. The board has determined that each of the members of the committee is independent in accordance with applicable Nasdaq rules. The nominating and corporate governance committee held two meetings during the 2005 fiscal year. The principal duties and responsibilities of the nominating and corporate governance committee are as follows:

- monitor the composition, size and independence of the Board;
- establish criteria for board and committee membership and recommend to our board of directors proposed nominees for election to the board of directors and for membership on each committee of the board of directors;
- monitor our procedures for the receipt and consideration of director nominations by shareholders and other persons and for the receipt of shareholder communications directed to our board of directors;
- make recommendations regarding proposals submitted by our shareholders;
- establish and monitor procedures by which the Board will conduct, at least annually, evaluations of its performance;
- develop and monitor compliance with our Corporate Governance Guidelines; and
- make recommendations to our board of directors regarding management succession planning and corporate governance best practices.

The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board on June 2, 2005, which is available without charge at our website, www.net1ueps.com

Nominations Process and Director Qualifications

The nominating and corporate governance committee reviews with the Board the skills and characteristics required of Board members. The committee will consider a candidate's independence, as well as the perceived needs of the Board and the candidate's background, skills, business experience and expected contributions. At a minimum, members of the Board must possess the highest professional ethics, integrity and values, and be committed to representing the long-term interests of our shareholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. The committee may also take into account the benefits of diverse viewpoints, as well as the benefits of constructive working relationships among directors.

The nominating and corporate governance committee also reviews and determines whether existing members of the board should stand for reelection, taking into consideration matters relating to the number of terms served by individual directors and changes in the needs of the board. The committee has determined to nominate for re-election each of our directors with a term of office expiring at the meeting.

The nominating and corporate governance committee utilizes a variety of methods for identifying and evaluating nominees for director. The committee regularly assesses the appropriate composition, size and independence of the board, and whether any vacancies are expected due to change in employment or otherwise. In the event that vacancies are anticipated, or otherwise arise, the committee considers various potential candidates for director. Candidates are

evaluated at regular or special meetings of the nominating and corporate governance committee, and may be considered at any point during the year. The committee

will consider shareholder recommendations for candidates for the board that are properly submitted in accordance with our by-laws in the same manner it considers nominees from other sources. In evaluating such recommendations, the committee will use the qualifications standards described above and will seek to achieve a balance of knowledge, experience and capability on the board.

Any shareholder who wishes to communicate directly with the board may do so via mail or facsimile, addressed as follows:

Net 1 UEPS Technologies, Inc.,
Board of Directors
President Place, 4th Floor
Cnr. Jan Smuts Avenue and Bolton Road
Rosebank, Johannesburg, South Africa
Fax: 27 11 880 7080

The Corporate Secretary shall transmit any communication to the Board as soon as practicable upon receipt, unless there are safety or security concerns that mitigate against further transmission. The Board of Directors, or individual director(s), as applicable, shall be advised of any communication as soon as practicable. Absent safety or security concerns, the Corporate Secretary shall relay all communications, without any other screening for content.

Corporate Governance Guidelines

The board has adopted a set of corporate governance guidelines. We will continue to monitor our corporate governance guidelines and adopt changes as necessary to comply with rules adopted by the SEC and Nasdaq, and to comport with and industry practice. This will include comparing our existing policies and practices to policies and practices suggested by various groups or authorities active in corporate governance and the practices of other public companies. A copy of our corporate governance guidelines is available on our website at www.net1ueps.com.

Code of Ethics

The board has adopted a written code of ethics, a copy of which is available upon request made either by mail to our corporate secretary, Net 1 UEPS Technologies, Inc., President Place, 4th Floor, Cnr. Jan Smuts Avenue and Bolton Road, Rosebank, Johannesburg, South Africa or by telephone to our Investor Relations Department at (604) 484-8750. We require all directors, officers, employees, contractors, consultants and temporary staff to adhere to this code in addressing the legal and ethical issues encountered in conducting their work. The code requires avoidance of conflicts of interest, compliance with all laws and other legal requirements, conduct of business in an honest and ethical manner, integrity and actions in our best interest. Directors, officers and employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the code. A copy of our code of ethics is available on our website at www.net1ueps.com. The Sarbanes-Oxley Act of 2002 requires companies to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We currently have such procedures in place.

Compensation of Directors

Directors who are also officers of Net 1 do not receive separate directors' fees. Mr. Seabrooke receives annual compensation of ZAR500,000 (\$74,806) for his services as a non-executive director. Mr. Edwards receives annual compensation of ZAR350,000 (\$52,364) for his services as non-executive director. (All compensation is calculated at \$1=ZAR6.684, the rate as of June 30, 2005.) In addition, when they joined our board, each of Messrs. Seabrooke, Pein and Edwards received options under our 2004 Stock Incentive Plan to acquire 41,667 shares of our common stock at an exercise price of \$3.00 per share. None of these options have been exercised. We reimburse our directors for out-of-pocket expenses incurred in connection with their attendance at our board meetings.

PROPOSAL 2. RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of our board has selected the firm of Deloitte & Touche (South Africa), or Deloitte to serve as independent registered public accounting firm for the fiscal year ending June 30, 2006. A representative of Deloitte is expected to be present at the meeting, will have an opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions from shareholders. Deloitte currently serves as our independent registered public accounting firm.

We are asking our shareholders to ratify the selection of Deloitte as our independent registered public accounting firm. Although ratification is not required by our by-laws or otherwise, the board is submitting the selection of Deloitte to our shareholders for ratification as a matter of good corporate practice. In the event our shareholders fail to ratify the appointment, the audit committee may reconsider this appointment. Even if the selection is ratified, the audit committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our shareholders.

Unless marked to the contrary, the shares represented by the enclosed proxy, if properly executed and returned, will be voted FOR the ratification of the appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending June 30, 2006. Approval of this proposal requires the affirmative vote of a majority of the shares of common stock and special convertible preferred stock represented at the meeting and entitled to vote.

The Board of Directors recommends a vote FOR ratification of Deloitte.

**CHANGES IN AND DISAGREEMENTS WITH
ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE**

On June 7, 2004, we completed, from a legal perspective, the acquisition of Aplitec. Subsequent to the completion of the acquisition, 99.2% of Aplitec's shareholders elected the reinvestment option as of June 28, 2004. As a result, Aplitec was deemed to be the accounting acquirer of us. From an accounting perspective, June 28, 2004 is considered to be the consummation date of the reverse acquisition, as this was the date when the accounting acquirer could be identified. Therefore, Aplitec's historical financial statements became our historical financial statements as of June 28, 2004. On July 12, 2004, our board decided to dismiss Manning Elliott, Chartered Accountants as our independent auditors and engage Deloitte to serve as our independent auditors for the year ending June 30, 2004. Our board decided not to retain PKF (Jhb) Inc., the independent auditors of Aplitec.

The reports of Manning Elliott on the financial statements of Net 1 UEPS Technologies, Inc. for the three fiscal years ended December 31, 2003 contained no adverse opinion or disclaimer of opinion and were not qualified as to audit scope or accounting principles. The audit reports contained a modification expressing substantial doubt about Net 1 UEPS Technologies, Inc.'s ability to continue as a going concern. This modification was attributable to the circumstances that Net 1 UEPS Technologies, Inc. had limited revenues and suffered recurring losses from operations.

In connection with the audit for the three fiscal years ended December 31, 2003 and in connection with Manning Elliott's review of the subsequent interim period preceding dismissal on March 31, 2004, there have been no disagreements between the Company and Manning Elliott on any matter of accounting principles or practices, financial statements disclosure, or auditing scope or procedure, which would have caused Manning Elliott to make a reference thereto in its report on Net 1 UEPS Technologies, Inc.'s financial statements for these fiscal years and through July 12, 2004. During the three fiscal years ended December 31, 2003 and prior to July 12, 2004, the Company had no reportable events, as listed in Item 304(a)(1)(v) of SEC Regulation S-K.

PKF (Jhb) Inc. audited Aplitec's financial statements for the two years ended June 30, 2003 and 2002. Pre-Approval of Non-Audit Services

Pursuant to our audit committee charter, our audit committee reviews and pre-approves both audit and non-audit services to be provided by our independent auditors. The authority to grant pre-approvals of non-audit services may be delegated to one or more designated members of the audit committee whose decisions will be presented to the full audit committee at its next regularly scheduled meeting. During fiscal 2005, all of the audit, audit-related, tax and other services provided by Deloitte with respect to fiscal year 2005 were pre-approved by the board and, after constitution, the audit committee.

AUDIT COMMITTEE REPORT

The audit committee of the board consists of three independent directors, as required by the Nasdaq National Market listing standards. The audit committee operates under a written charter adopted by the board and available on the company's website at www.net1ueps.com and is attached as Exhibit A to this proxy statement. The audit committee is responsible for overseeing the company's financial reporting process on behalf of the board. The members of the audit committee are Messrs. Seabrooke, Pein and Edwards. The committee selects, subject to shareholder ratification, the company's independent registered public accounting firm.

Management is responsible for the company's financial statements and the financial reporting process, including internal controls. The independent registered public accounting firm is responsible for performing an independent audit of the company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and of the company's internal control over financial reporting and for issuing a report thereon. The committee's responsibility is to monitor and oversee these processes.

In this context, the audit committee has met and held discussions with management and Deloitte, the company's independent registered public accounting firm. Management represented to the audit committee that the consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The audit committee discussed with Deloitte the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). These matters included a discussion of Deloitte's judgments about the quality (not just the acceptability) of the company's accounting principles as applied to the company's financial reporting.

Deloitte also provided the audit committee with the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the audit committee discussed with Deloitte that firm's independence. The committee further considered whether the provision by Deloitte of the non-audit services described above is compatible with maintaining the auditors' independence.

Based upon the audit committee's discussion with management and the independent registered public accounting firm and the audit committee's review of the representations of management and the disclosures by the independent registered public accounting firm to the audit committee, the committee recommended to the board that the company's audited consolidated financial statements be included in the company's Annual Report on Form 10-K for the year ended June 30, 2005, for filing with the SEC.

Employment Agreements, Termination of Employment and Change in Control Arrangements

Restraint of Trade Agreements

We have restraint of trade agreements with each of our executive officers, Dr. Serge C.P. Belamant, Messrs. Herman Kotze and Nitin Soma and Ms. Brenda Stewart. The terms of these agreements provide that upon the termination of the executive's employment, the executive is restricted, for a period of 24 months, from soliciting business from certain customers, working or holding interest in our competitors or participating in a competitive activity within the territories where we do business.

REMUNERATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The remuneration committee of the board consists entirely of independent directors. The remuneration committee is responsible for setting and administering the policies that govern the compensation of our executive officers and

directors. The committee annually evaluates the performance, and determines the compensation, of our chief executive officer and the other executive officers based upon achievement of the corporate goals that are determined after consultation with these executives. The performance of the chief executive officer and other senior officers will be based on a combination of quantitative and qualitative factors. Quantitative performance measures will include revenue growth, EBITDA growth and EPS growth, while qualitative performance factors will encompass strategic initiatives and the successful build out of the Net 1 management team.

In order to assess the competitiveness of compensation rates, the committee has conducted a review of similar sized companies within the transaction processing sector as well as data from mid cap and small cap companies across a range of related industries. Cash compensation levels have been set at the median level of the range of the data reviewed.

The remuneration committee's goals with respect to executive officers, including the chief executive officer, are to provide compensation sufficient to attract, motivate and retain executives of outstanding ability

and potential, and to establish and maintain an appropriate relationship between executive compensation and the creation of shareholder value. When determining adjustments to an individual's compensation package, the committee evaluates the importance to shareholders of that person's continued service.

The executive officers' compensation structure consists of (1) base salary, (2) cash bonus and (3) stock options.

Base Salary. Salaries for fiscal 2005 were set based on the above factors and after review of industry comparables. The 2005 base salaries were not set in accordance with the criteria listed above; they were determined in accordance with the old Aplitec remuneration policies, which were benchmarked against the South African IT and Financial Services industries.

Our philosophy is to maintain executive base salary at a competitive level sufficient to recruit individuals possessing the skills and values necessary to achieve our vision and mission over the long term. Each individual's base salary is determined by the remuneration committee after considering a variety of factors that make up market value and prospective value to the company, including the knowledge, experience and accomplishments of the individual, the individual's level of responsibility, and the typical compensation levels for individuals with similar credentials. The remuneration committee may, considering the advice of management, change the salary of an individual on the basis of its judgment for any reason, including the performance of the individual or the company, changes in responsibility and changes in the market for executives with similar credentials. Determinations of appropriate base salary levels and other compensation elements are generally made through consideration of a variety of industry surveys and studies, as well as by monitoring developments in relevant industries such as the electronic business and technology industries.

Cash Bonus. Bonuses are awarded for accomplishments during the past year. Bonuses are determined by the remuneration committee with advice from management, based upon the committee's assessment of the individual's contributions during the year, compared to, but not limited to, a list of individualized goals previously approved by management and the committee. In determining bonuses for fiscal 2005, the remuneration committee considered, in addition to the individualized goals, the achievement in ensuring the completion of the legal and regulatory work that enabled Net 1 to complete its initial public offering and list on the Nasdaq in August 2005.

Stock Options. Stock options are a fundamental element in our executive compensation program because they emphasize long-term company performance, as measured by creation of shareholder value, and foster a commonality of interest between shareholders and employees. Options may be granted to regular full-time and part-time employees, and particularly to key employees likely to contribute significantly to the company. In determining the size of an option grant to an executive officer, the remuneration committee considers competitive factors, changes in responsibility and the executive officer's achievement of individual pre-established goals. We generally awards options to officers upon the commencement of employment and at regular intervals, but other awards may be made as well. Our stock option plan also provides for option grants to members of our board. Options granted to employees generally vest over periods ranging from four to five years after grant.

Because we had no shares available for issuance under our 2004 Stock Incentive Plan, the named executive officers did not receive any options in fiscal 2005. Because of the fundamental importance of stock option grants in our executive compensation program, we intend to authorize additional shares under our 2004 Stock Incentive Plan or under a successor plan in the future. The company will need to seek shareholder approval to authorize the additional shares.

Chief Executive Officer's Compensation. The remuneration committee awarded Dr. Belamant a bonus of \$500,000 for fiscal 2005. Dr. Belamant's base salary was set at \$500,000 per year for fiscal 2006. The

Remuneration Committee played no role in the 2004/2005 salary assessment, but will do so on a go forward basis. However, Dr. Belamant's cash bonus for the 2004/2005 financial year was determined by the Remuneration Committee after taking into account the high level of achievement in financial performance of revenue growth (+34%), EBITDA growth (+89%) and earnings per share growth (+106%) achieved for that period, as well as the effort and level of work that was necessary to ensure the legal and regulatory work that enabled Net 1 to complete its initial public offering of its stock and list on Nasdaq in August 2005.

Compensation Deduction Limit. The remuneration committee has considered the \$1 million limit for federal income tax purposes on deductible executive compensation that is not performance-based, and believes all executive compensation expenses will be deductible by the company for the foreseeable future.

The chairperson will be elected by the board. The board may remove any committee member with or without cause.

Each scheduled meeting will conclude with an executive session of the committee without members of management being present. In addition, the committee will meet periodically in separate executive sessions with management, the director of the internal auditing function and the independent auditor. The committee will also meet with the independent auditor and management to discuss the annual audited financial statements and quarterly financial statements, including the company's disclosures under management's discussion and analysis of financial conditions and results of operations.
