PART I - FINANCIAL INFORMATION

ITEM 1. FINANCIAL STATEMENTS.

REPORT ON REVIEW BY INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT

To the Board of Directors
Sonic Jet Performance, Inc and Subsidiary

We have reviewed the accompanying consolidated balance sheet of Sonic Jet Performance, Inc. and Subsidiary as of March 31, 2003 and the related consolidated statements of operations and cash flows for the three months ended March 31, 2003 and 2002 included in the accompanying Securities and Exchange Commission Form 10-QSB for the period ended March 31, 2003. These financial statements are the responsibility of the Company's management.

Edgar Filing: SONIC JET PERFORMANCE INC - Form 10QSB

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States.

We have previously audited, in accordance with auditing standards generally accepted in the United States, the balance sheet as of December 31, 2002, and the related consolidated statements of operations, stockholders' equity and cash flows for the year then ended (not presented herein). In our report dated April 20, 2003, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying balance sheet as of March 31, 2003 is fairly stated in all material respects in relation to the balance sheet from which it has been derived.

SONIC JET PERFORMANCE, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 - PRESENTATION OF INTERIM INFORMATION

In the opinion of the management of Sonic Jet Performance, Inc. and Subsidiary ("SJPI"), the accompanying un-audited consolidated financial statements include all normal adjustments considered necessary to present fairly the financial position as of March 31, 2003, and the results of operations and cash flows for the three months ended March 31, 2003 and 2002. Interim results are not necessarily indicative of results for a full year.

Edgar Filing: SONIC JET PERFORMANCE INC - Form 10QSB

The consolidated financial statements and notes are presented as permitted by Form 10-QSB, and do not contain certain information included in the SJPI's audited consolidated financial statements and notes for the fiscal year ended December 31, 2002.

NOTE 2 - FINANCIAL STATEMENTS

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiary. All significant inter-company balances, transactions, and stockholdings have been eliminated.

NOTE 5 - COMMITMENTS AND CONTINGENCIES

Lease

The Company leases its principal executive offices at Stanton and storage facilities at Riverside on a month-to-month basis at a monthly rental charge of \$3,085.

Technical Solutions Group, Inc. has a long-term lease of five years (four years remaining) with five (5) years option with CMMC on the Naval base, giving us a stable base for future planning.

The Company's wholly owned subsidiary leases a storage facility in Nanning, China on a month-to-month basis.

Employment Agreements

Edgar Filing: SONIC JET PERFORMANCE INC - Form 10QSB

The Company's executive officers are currently conducting negotiations with the Company regarding terms of employment contracts. The Company anticipates entering into employment agreements with each of the key executive officers shortly. The current compensation in cash for the Company's executive officers and managers is as follows: Mr. Mankal - \$64,800, Mr. Khedesian - \$48,000, plus allowance \$2,000, Mr. Watts \$180,000 plus an expense allowance, Mr. Garth Barrett - \$120,000. However, due to the lack of revenues and availability of cash, executive officers have received some of their compensation in the form of shares of Common Stock of the Company, and/or have accrued their compensation to be paid when cash is available. Executive officer compensation is subject to review on a periodic basis by the Board of Directors.

Sonic Jet Performance, Inc, entered into an employment agreement with Frank Kavanaugh on April 1, 2003. Mr. Kavanaugh will be the Company's Director of Business Development and will be paid an annual salary of \$120,000 and will be issued 500,000 shares of the Company's stock.

Sonic Jet Performance, Inc, entered into an employment agreement with Walter Wright on April 1, 2003. Mr. Wright will be the Company's investor relations coordinator and will be paid an annual salary of \$60,000.

Royalty/Licensing Agreements

On December 27, 2001, the Company entered into a new license agreement covering the design and other rights, with Mardikian Marine Design, LLC, an entity owned by other Company's largest shareholder, and by a principal of the holder of the Company's series B preferred Stock. Under the new licensing agreement, the Company is obligated to pay the licensor, as royalties (1) 4% of the first \$3 million in gross revenues resulting from the sale of products using the designs, (2) 3% of gross revenue between \$3 million and \$5 million, (3) 2% of gross revenue between \$5 million and \$10 million, and (4) 1% of gross revenue in excess of \$10 million.

F-6

Mardikian Marine Design has informed its intention of revoking the Licensing agreement to the Company.

NOTE 6 - STOCK COMPENSATION PLAN

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following discussion should be read in conjunction with the financial statements of the Registrant and notes thereto contained elsewhere in this report.

Comparison of Three Months Ended March 31, 2003 and 2002.

The following table sets forth the Registrant's consolidated statements of operations:

	THREE MONTHS ENDED MARCH 31,

Sales: Net sales for the three months period ended March 31, 2003 increased by approximately \$38,000 or approximately 65% compared to three months period ended March 31, 2002. During 2002, the Registrant acquired Technical Solutions Group, Inc. ("TSG"), whose sales for the three months period ended March 31, 2003 were approximately \$64,000 and for boat division was approximately \$32,000. Therefore the entire increase in sales is attributable to the acquisition. Sales of boats actually declined by approximately \$27,000, or approximately 45%. The reduction in boat sales can primarily be attributed to reduction in the effort to sell recreational boats.

Cost of Sales: Cost of sales for 2003 was approximately \$232,000, or approximately 240% of sales, compared to approximately 80% in 2002. This increase is attributable to inclusion of manufacturing period cost which has not been absorbed in the inventory. In the case of TSG division manufacturing period cost are high in comparison to sales due to start up of a government contract. For the year 2002 figures has been restated to include manufacturing period costs to make them comparable to 2003. During the three months ended March 31, 2002 this expense related only to boat division, as TSG was acquired on June 30, 2002.

Edgar Filing: SONIC JET PERFORMANCE INC - Form 10QSB

Selling, General and Administrative Expenses: Selling, general and administrative expenses for 2003 increased by approximately \$1,333,000 to approximately \$1,649,000 compared to approximately \$315,000 for 2002. The increase is partially the result of additional TSG selling, general and administrative expenses of approximately \$334,000. The remaining increase can be attributed to: fund raising expenses, business consultants (approximately \$1,005,000), and demonstration expenses.

Net Loss: Net Loss for three months ended March 31, 2003 increased by approximately \$1,230,000 from approximately \$301,000 during the three months period ended March 31, 2002. The increase is attributed to fund raising, business consultants, and demonstration expenses.

Business segment analysis of the three months ended March 31, 2003:

Operating Activities.

The cash used by operating activities for the year ended March 31, 2003 was \$1,099,887 attributable primarily to funding ongoing operations.

Investing Activities.

The Registrant's capital expenditures for the three months ended March 31, 2003 were \$4,460, related to investments in office and manufacturing equipment. The Registrant anticipates that its capital expenditures during 2003 will increase because we intend to improve operating efficiencies, and may relocate our principle facility.

Financing Activities.

During the three months period ended March 31, 2003, the Registrant sold 16,064,300 shares of common stock units to investors pursuant to its private placement memorandum, generating net proceeds of \$1,094,955. Each common stock unit consisted of (a) 50 shares of common stock of the Registrant, (b) one warrant to purchase 25 shares of common stock of the Registrant at an exercise price of \$0.20 per share, and (c) one warrant to purchase 25 shares of common stock, at an exercise price of \$0.30 per share (which was subsequently reduced to \$0.01 per share). The Registrant believes the issuance of the shares and warrants was exempt from registration under the private placement exemption available under Section 4(2) of the 1933 Securities Act.

A promissory note entered into as of the July 2, 2002 by and between Atlantis Partners, Inc. and the Registrant to lend the company \$50,000 at an interest rate of 10% simple interest per annum.

On March 31, 2003, the Registrant began securing capital commitments through the issuance of promissory notes. The Registrant hopes to secure \$1,500,000 for working capital. Under the terms of the promissory notes the loans are payable in six months with 8% interest; however, at the end of the term the loan is convertible into Series C Preferred Stock. As of March 31, 2003, the Registrant had obtained \$400,000 in capital from note holders.

TSG has entered into agreement with GC Financial Service, Inc. to enter in to a purchase and sale agreement/security agreement by which factor may purchase from debtor certain accounts receivable and other rights, including without limitations, all liens, security interest, warrants and guarantees secure payments of the accounts receivables. TSG so far has drawn \$1,506,476 under this arrangement.

Liquidity and Capital Resources.

As of March 31, 2003, cash and cash equivalents were approximately \$501,000 compared to approximately \$144,000 as of December 31, 2002. The Registrant has raised approximately \$977,230 during the three months period ended March 31, 2003 through a private placement. The Registrant's principal

sources of capital have also been cash flow from its operations, and the sale of common stock. Based on its current operating plan, the Registrant anticipates that additional financing will be required to finance its operations and capital expenditures.

At the present time, the Registrant is not generating sufficient revenue to cover expenses. Based on its current operating plan, the Registrant

Edgar Filing: SONIC JET PERFORMANCE INC - Form 10QSB

anticipates that additional financing will be required to finance its operations and capital expenditures in 2003. Accordingly, the Registrant's future liquidity will depend on its ability to obtain necessary financing from outside sources and its ability to restructure operations to reduce operating losses.

The Registrant's currently anticipated levels of revenues and cash flow are subject to many uncertainties and cannot be assured. Further, unforeseen events may occur causing the Registrant to raise additional funds. The amount of funds required by the Registrant will depend upon many factors, including without limitation, the extent and timing of sales of the Registrant's products, future product costs, the timing and costs associated with the establishment and/or expansion, as appropriate, of the Registrant's manufacturing, development, engineering and customer support capabilities, the timing and cost of the company's product development and enhancement activities and the company's operating results. Until the Registrant generates cash flow from operations that will be sufficient to satisfy its cash requirements, the company will need to seek alternative means for financing its operations and capital expenditures and/or postpone or eliminate certain investments or expenditures. Potential alternative means for financing may include leasing capital equipment, obtaining a line of credit, or obtaining additional debt or equity financing. There can be no assurance that, if and when needed, additional financing will be available, or available on acceptable terms. The inability to obtain additional financing or generate sufficient cash from operations could require the Registrant to reduce or eliminate expenditures for capital equipment, research and development, production or marketing of its products, or otherwise curtail or discontinue its operations, which could have a material adverse effect on the Registrant's business, financial condition and results of operations. Furthermore, if the Registrant raises funds through the sale of additional equity securities, the common stock currently outstanding may be further diluted.

Inflation.

The Registrant does not believe that inflation has had or is likely to have any significant impact on its operations.

Forward Looking Statements.

The foregoing Management's Discussion and Analysis of Financial Condition and Results of Operations contains "forward looking statements" within the meaning of Rule 175 of the Securities Act of 1933, as amended, and Rule 3b-6 of the Securities Act of 1934, as amended, including statements regarding, among other items, the Registrant's business strategies, continued growth in the Registrant's markets, projections, and anticipated trends in the Registrant's business and the industry in which it operates. The words "believe," "expect," "anticipate," "intends," "forecast," "project," and similar expressions identify forward-looking statements. These forward-looking statements are based largely

on the Registrant's expectations and are subject to a number of risks and uncertainties, certain of which are beyond the Registrant's control. The Registrant cautions that these statements are further qualified by important factors that could cause actual results to differ materially from those in the forward looking statements, including, among others, the following: reduced or lack of increase in demand for the Registrant's products, competitive pricing pressures, changes in the market price of ingredients used in the Registrant's products and the level of expenses incurred in the Registrant's operations. In light of these risks and uncertainties, there can be no assurance that the forward-looking information contained herein will in fact transpire or prove to be accurate. The Registrant disclaims any intent or obligation to update "forward looking statements."

ITEM 3. CONTROLS AND PROCEDURES.

Controls and Procedures.

(a) Evaluation of disclosure controls and procedures.

Within the next 90 days, the Registrant will carry out further evaluation of the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Rule 13a-14 under the Securities Exchange Act of 1934 ("Exchange Act"). This evaluation will be done under the supervision and with the participation of the Registrant's President and Chief Financial Officer..

(b) Changes in internal controls.

There were no significant changes in the Registrant's internal controls or in its factors that could significantly affect those controls since the most recent evaluation of such controls.

Critical Accounting Policies.

The SEC recently issued Financial Reporting release No. 60, "Cautionary Advice Regarding Disclosure About Critical Accounting Policies" ("FRR 60"), suggesting companies provide additional disclosure and commentary on their most critical accounting policies. In FRR 60, the SEC defined the most critical accounting policies as the ones that are most important to the portrayal of a company's financial condition and operating results, and require management to make its most difficult and subjective judgments, often as a result of the need to make estimates of matters that are inherently uncertain. Based on this definition, the Registrant's most critical accounting policies include: non-cash compensation valuation that affects the total expenses reported in the current period. The methods, estimates and judgments the Registrant uses in applying these most critical accounting policies have a significant impact on the results the Registrant reports in its financial statements.
