[1] BASIS OF PRESENTATION:

The accompanying condensed financial statements as of June 30, 2003 and for the three and six month periods ended June 30, 2003 and June 30, 2002, are unaudited. In the opinion of the management of Network-1 Security Solutions, Inc. (the "Company"), the condensed financial statements contain all adjustments which the Company considers necessary for the fair presentation of the Company's financial position as of June 30, 2003, the results of its operations for the three and six months ended June 30, 2003 and 2002 and its cash flows for the six months ended June 30, 2003 and June 30, 2002. The condensed financial statements included herein have been prepared in accordance with the accounting principles generally accepted in the United States of America for interim financial information and the instructions to Form 10-QSB. Accordingly, certain information and footnote disclosures normally included in the financial statements prepared in accordance

Edgar Filing: NETWORK 1 SECURITY SOLUTIONS INC - Form 10QSB

with accounting principles generally accepted in the United States of America have been omitted pursuant to such rules and regulations, although management believes that the disclosures are adequate to make the information presented not misleading. These financial statements should be read in conjunction with the audited financial statements for the year ended December 31, 2002 included in the Company's Annual Report on Form 10-KSB filed with the Securities and Exchange Commission. The results of operations for the six months ended June 30, 2003 and 2002 are not necessarily indicative of the results of operations to be expected for the full year.

[2] BUSINESS:

The Company developed, marketed, licensed and supported its proprietary network security software products designed to provide comprehensive security to computer networks. The Company also provided maintenance and training services.

In December 2002, the Company discontinued its software product line and associated operations, ceased its product development and substantially eliminated its sales and marketing efforts and during May 2003, sold substantially all of its intellectual property. Through a series of layoffs, the Company has reduced its workforce to a current level of two employees and a consultant. The Company has closed its various offices upon termination of leases during 2002 and 2003. Management is focusing its efforts on seeking a merger candidate for the Company or other strategic transaction.

[3] STOCK-BASED COMPENSATION:

The Company accounts for stock-based employee compensation under Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees", and related interpretations. The Company has adopted the disclosure-only provisions of Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-Based Compensation" and SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure", which was released in December 2002 as an amendment of SFAS No. 123. The following table illustrates the effect on net income (loss) and loss per share if the fair value-based method had been applied to all awards.

[4] REVENUE RECOGNITION:

License revenue is recognized upon delivery of software or delivery of a required software key. License revenue from distributors or resellers is recognized as the distributor or reseller delivers software or the required software key to end users or original equipment manufacturers. Service revenues consist of maintenance and training services. Annual renewable maintenance fees are a separate component of each contract, and are recognized ratably over the contract term. Training revenues are recognized as such services are performed. Revenues from advance license fees are deferred until they are earned pursuant to the agreements.

On May 30, 2003, the Company completed the sale of its CyberwallPLUS technology and assigned its rights under the Falconstor Agreement (See Note C). The Company recognized the remaining \$130,000 of deferred revenue relating to Falconstor Agreement during the three months ended June 30, 2003.

7

NETWORK-1 SECURITY SOLUTIONS, INC.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[5] EARNINGS (LOSS) PER SHARE:

Basic earnings (loss) per share is calculated by dividing the net income (loss) by the weighted average number of outstanding common shares during the period. Diluted earnings (loss) per share data includes the dilutive effects of options, warrants and convertible securities. Potential dilutive shares of 17,823,724 and 17,985,282 are outstanding for the three and six month periods ending June 30, 2003,

Edgar Filing: NETWORK 1 SECURITY SOLUTIONS INC - Form 10QSB

respectively. However, these shares are not included in the calculation of diluted earnings per share because the options and warrants exercise prices and the preferred shares conversion prices were greater than the average market price of the Company's common stock during the three and six month periods ending June 30, 2003. Potential shares of 19,002,335 for the three and six months ended June 30, 2002 are anti-dilutive and are not included in the calculation of diluted loss per share. Such potential common shares reflect options, warrants, convertible preferred stock and convertible notes.

[6] CASH CONCENTRATION:

The Company places cash investments in high quality financial institutions insured by the Federal Deposit Insurance Corporation ("FDIC"). At June 30, 2003, the Company maintained cash balances of \$1,456,000 in excess of FDIC limits.

NOTE B - LIABILITY TO BE SETTLED IN EQUITY INSTRUMENTS

On April 18, 2002, in consideration of additional consulting and financial advisory services, the Company issued to CMH Capital Management Corp. ("CMH") options to purchase 750,000 shares of the common stock at an exercise price of \$1.20 per share, which was the market price of the Company's common stock on the date of issuance. Corey M. Horowitz, Chairman of the Board of Directors of the Company, is the sole owner and officer of CMH. The shares underlying the option shall vest over a three-year period in equal amounts of 250,000 shares per year beginning April 18, 2003. In addition, the shares underlying the option shall vest in full in the event of a "change of control" or in the event that the closing price of the Company's common stock reaches a minimum of \$3.50 per share for 20 consecutive trading days. These options are treated as contingent options and valued utilizing the Black-Scholes option pricing model at each balance sheet date. These options were originally priced in the quarter ended June 30, 2002 at \$416,000. Subsequently, they were revalued to \$55,000 at December 31, 2002 and \$14,000 at March 31, 2003. The fair value of these options remained unchanged at April 18, 2003. On April 18, 2003, 250,000 of these options, having fair value of \$5,000 as of that date, vested. Accordingly, \$5,000 was reallocated to Additional Paid-in-Capital by correspondingly reducing the liability. The options to purchase the remaining 500,000 shares continue to be treated as contingent options and valued utilizing the Black-Scholes option pricing model at each balance sheet date using the same weighted average assumptions as stated in Note A[3]. At June 30, 2003 these 500,000 options were valued at \$9,000.

NOTE C - GAIN ON SALE OF ASSETS

On May 30, 2003, the Company completed the sale of its CyberwallPlus technology and related intellectual property (the "Assets") and assignment of its rights under the Falconstar Agreement for aggregate proceeds of \$415,000. The carrying value of these Assets was written down to zero in the third quarter of 2002. The \$415,000 is reflected as "Gain on Sale of Assets" in the condensed statements of operations.

Edgar Filing: NETWORK 1 SECURITY SOLUTIONS INC - Form 10QSB

NOTE D - LITIGATION

In January 2003, the former Chief Financial Officer and a director of the Company commenced a lawsuit against the Company for breach of his employment agreement for \$190,000. Management believes that it has meritorious defenses to the claims asserted. Accordingly, the Company has not accrued any amount at June 30, 2003 that might result from the outcome of this litigation.

NOTE E - SETTLEMENT WITH FORMER CHIEF EXECUTIVE OFFICER (THE "FORMER CEO")

In January 2003, the former CEO of the Company commenced a lawsuit against the Company for breach of his employment agreement for \$200,000. In June 2003, the Company entered into a settlement in which the Company agreed to pay approximately \$127,000 to the Former CEO in full settlement of all claims asserted, which was charged to expense during the year ended December 31, 2002. In addition, as part of the settlement, the Former CEO agreed to forfeit his options to purchase 1,200,000 shares of the Company's common stock.

Net cash used in investing activities during the six months ended June 30, 2002 was \$310,000.

The Company's operating activities during the six months ended June 30, 2003 were financed with the remaining funds raised in the 2001 financing of \$6,765,000 and the \$415,000 received from the Company's sale of its CyberwallPLUS software and related intellectual property. The Company does not currently have a line of credit from a commercial bank or other institution.

The Company anticipates, based on currently proposed plans and assumptions, that its cash balance of approximately \$1,266,000 as of October 31, 2003 will be sufficient to satisfy the Company's limited operations and capital requirements until at least October 2004. There can be no assurance, however, that such funds will not be expended prior thereto. In the event the Company's plans change, or its assumptions change, or prove to be inaccurate (due to unanticipated expenses, difficulties, delays or otherwise), the Company may have insufficient funds to support its operations prior to October 2004. In the third and fourth quarters of 2002, the Company instituted certain measures to reduce its overhead including decreasing its headcount from 39 employees to its current level of two employees and one consultant and the closing of its China development office and its Taiwan sales office. In December 2002 the Company discontinued its product offering in order to preserve cash as the Company continues to seek a merger or other strategic transaction. In May 2003, the Company completed the sale of its CyberwallPlus technology and related intellectual property for an aggregate consideration of \$415,000. The Company is actively engaged in seeking merger candidates or other strategic transaction. There is, however, no assurance that the Company will consummate such a transaction, or that any such transaction will be successful. The inability of the Company to consummate a merger transaction or strategic transaction would have a material adverse effect on the Company. In addition, any such merger or other strategic transaction may involve substantial dilution to the interests of the Company's existing stockholders.

Item 3: Controls and Procedures.

Based on his evaluation, as of a date within 90 days of the filing of this Form 10-QSB, the Company's Interim Chief Executive Officer and Chief Financial Officer has concluded that the Company's controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) are effective.

PART II. OTHER INFORMATION

Item 1. LEGAL PROCEEDINGS.

In January 2003, Richard J. Kosinski, former Chief Executive Officer, President and a director, and Murray P. Fish, former Chief Financial Officer and a director, commenced lawsuits against the Company in the Commonwealth of Massachusetts, County of Essex, Superior Court, seeking severance and bonus compensation and other benefits allegedly due them of \$200,000 and \$190,000, respectively. Messrs. Kosinski and Fish also moved for an order of attachment, temporary restraining order and preliminary injunction to prevent the Company from transferring an aggregate of \$400,000 of its funds pending the outcome of the lawsuits. In February 2003, the Court denied plaintiffs' motions.

In June 2003, the Company entered into a settlement agreement with Mr. Kosinski pursuant to which the Company paid Mr. Kosinski the sum of \$127,000 in full settlement of all claims asserted by him in the litigation. In addition, as part of the settlement, Mr. Kosinski agreed to forfeit options to purchase 1,200,000 shares of the Company's Common Stock.

The Company intends to vigorously defend the lawsuit by Mr. Fish seeking \$190,000 in severance, bonus and other benefits allegedly due him and believes it has meritorious defenses to the claims asserted.
