Investment Objective and Policy

Babson Capital Participation Investors (the “Trust”) is a closed-end management investment company, first offered to the public in 1988, whose shares are traded on the New York Stock Exchange under the trading symbol “MPV”. The Trust’s share price can be found in the financial section of most newspapers under either the New York Stock Exchange listings or Closed-End Fund Listings.

Babson Capital manages the Trust on a total return basis. The Trust distributes substantially all of its net income to shareholders each year. Accordingly, the Trust pays dividends to shareholders in January, May, August, and November. All registered shareholders are automatically enrolled in the Dividend Reinvestment and Cash Purchase Plan unless cash distributions are requested.

The Trust’s investment objective is to maximize total return by providing a high level of current income, the potential for growth of income, and capital appreciation. The Trust’s principal investments are privately placed, below-investment grade, long-term debt obligations purchased directly from their issuers, which tend to be smaller companies. The Trust will also invest in publicly traded debt securities (including high yield securities) again with an emphasis on those with equity features, and in convertible preferred stocks and, subject to certain limitations, readily marketable equity securities. Below-investment grade or high yield securities have predominantly speculative characteristics with respect to the capacity of the issuer to pay interest and repay principal. The Trust is prohibited from purchasing below-investment grade securities if, after giving effect to the purchase, more than 75% of the Trust’s total assets

Form N-Q

The Trust files its complete schedule of portfolio holdings with the U.S. Securities and Exchange Commission (“SEC”) for the first and third quarters of each fiscal year on Form N-Q. This information is available (i) on the SEC’s website at <http://www.sec.gov>; and (ii) at the SEC’s Public Reference Room in Washington, DC (which information on their operation may be obtained by calling 1-800-SEC-0330). A complete schedule of portfolio holdings as of each quarter-end is available upon request by calling, toll-free, 866-399-1516.

Proxy Voting Policies & Procedures; Proxy Voting Record

The Trustees of the Trust have delegated proxy voting responsibilities relating to the voting of securities held by the Trust to Babson Capital. A description of Babson Capital’s proxy voting policies and procedures is available

would be invested in below-investment grade securities, which are securities that are rated, at the time of purchase, BB or B by S&P or Ba or B by Moody's, or, if unrated, are believed by Babson Capital Management LLC ("Babson Capital") to be of an equivalent quality. In addition, the Trust will not invest in any debt security that is rated, at the time of acquisition, below B by S&P or Moody's, or if unrated, is believed by Babson Capital to be of an equivalent quality. In addition, the Trust may invest in high quality, readily marketable securities.

(1) without charge, upon request, by calling, toll-free 866-399-1516; (2) on the Trust's website: <http://www.babsoncapital.com/mpv>; and (3) on the SEC's website at <http://www.sec.gov>. Information regarding how the Trust voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available (1) on the Trust's website: <http://www.babsoncapital.com/mpv>; and (2) on the SEC's website at <http://www.sec.gov>.

Babson Capital Participation Investors

TO OUR SHAREHOLDERS

July 31, 2015

We are pleased to present the June 30, 2015 Quarterly Report of Babson Capital Participation Investors (the "Trust").

The Board of Trustees declared a quarterly dividend of \$0.27 per share, payable on August 14, 2015 to shareholders of record on August 3, 2015. The Trust paid a \$0.27 per share dividend for the preceding quarter. The Trust earned \$0.25 per share of net investment income, including \$0.02 per share of non-recurring income, for the second quarter of 2015, compared to \$0.24 per share, including \$0.03 per share of non-recurring income, in the previous quarter.

During the second quarter, the net assets of the Trust decreased to \$143,105,029 or \$13.87 per share compared to \$143,704,328 or \$13.93 per share on March 31, 2015. This translates into a 1.5% total return for the quarter, based on the change in the Trust's net assets assuming the reinvestment of all dividends. Longer term, the Trust returned 11.2%, 13.7%, 13.6%, 11.6% and 12.4% for the 1, 3, 5, 10, and 25-year periods, respectively, based on the change in the Trust's net assets assuming the reinvestment of all dividends.

The Trust's share price increased 1.8% during the quarter, from \$12.13 per share as of March 31, 2015 to \$12.35 per share as of June 30, 2015. The Trust's market price of \$12.35 per share equates to an 11.0% discount to the June 30, 2015 net asset value per share of \$13.87. The Trust's average quarter-end premium for the 3, 5 and 10-year periods was 4.5%, 10.5% and 8.45%, respectively. U.S. equity markets, as approximated by the Russell 2000 Index, increased 0.4% for the quarter. U.S. fixed income markets, as approximated by the Barclays Capital U.S. Corporate High Yield Index, was flat for the quarter.

The Trust closed six new private placement investments, as well as one add-on investment in an existing portfolio company, during the second quarter. The six new investments were in BlueSpire Holding, Inc., FMH Holdings Corporation, GlynnDevins Acquisition Corporation, Master Cutlery LLC, Power Stop Holdings LLC and Randy's Worldwide Automotive, while the add-on investment was in Hartland Controls Holding Corporation. A brief description of these investments can be found in the Consolidated Schedule of Investments. The total amount invested by the Trust in these transactions was \$9,156,000.

It was another active quarter for the Trust in terms of new investments. Middle market merger and acquisition activity, a key driver of deal flow for the Trust, has been strong in 2015. We expect deal flow to remain steady for the rest of the year, assuming no significant external shocks to the market, so we are optimistic about the level of new investment activity for the Trust through year end. The dark cloud on the horizon, however, continues to be the high purchase prices and leverage levels that are common in buyout transactions today. Average purchase price multiples for small companies continue to be at their highest levels in the past 15 years. Leverage multiples have also been elevated and are near their highs of the past 15 years. Though we are actively making new investments on behalf of the Trust in this market, we do so cautiously and with discipline, consistent with our longstanding investment philosophy of seeking to take prudent levels of risk and getting paid appropriately for the risk taken. We are not willing to provide financial leverage at levels that we believe are imprudent. This approach has served us well over the long term and through all kinds of market cycles.

The condition of the Trust's existing portfolio remained solid through the second quarter. We had significantly more credit upgrades than downgrades during the quarter. The number of companies on our watch list and in default continues to be at or near the lowest level we have seen over the last five years. We exited four investments during the

quarter, and benefited from a dividend associated with the recapitalization of one company. In three of these exits we realized gains, while our investment in MicroGoup, Inc. was realized at a loss. We continue to have a backlog of portfolio companies that are in the process of being sold, with a number of these expected to close this year. We had five portfolio companies fully or partially prepay their debt instruments held by the Trust during the quarter. This lower level of prepayment activity is welcome after the unprecedented levels of prepayments we experienced in 2013 and early 2014.

(Continued)

1

The Trust was able to maintain its \$0.27 per share quarterly dividend for the second quarter even though net investment income per share, excluding non-recurring income, was once again below the dividend rate. Net investment income per share from recurring sources has been below the dividend rate for every quarter since the second quarter of 2012. As we have discussed in prior reports, net investment income is down due principally to the considerable reduction in the number of private debt securities in the portfolio resulting from the high level of exit and prepayment activity that occurred in 2013 and 2014. We have been able to maintain the \$0.27 per share quarterly dividend with current income, non-recurring income and earnings carried forward from prior quarters. Over time, however, the Trust's dividend-paying ability tends to be correlated with its recurring earnings capacity. Absent non-recurring income, earnings available for the quarterly dividend would have been \$0.23 per share for the second quarter. This quarter, the Trust earned an additional \$0.02 per share of non-recurring income, and utilized \$0.02 per share of earnings carry-forwards to maintain the \$0.27 per share quarterly dividend. Despite several strong quarters of new investment activity, we have not been able to grow the portfolio. It is unlikely that we will be able to rebuild the portfolio back to its former size and net-income producing capability in the near term. We cannot rely on non-recurring income due to its unpredictable nature. The Trust does continue to have available earnings carry-forwards which should be available to supplement recurring income for at least the third quarter. As a result, it is likely that later in 2015 we will have to reduce the dividend from the current \$0.27 per share quarterly rate. As we move through the year, we and the Board of Trustees will continue to evaluate the current and future earnings capacity of the Trust and formulate a dividend strategy that is consistent with that earnings level.

Thank you for your continued interest in and support of Babson Capital Participation Investors.

Sincerely,

Michael L. Klofas

President

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. History

Babson Capital Participation Investors (the “Trust”) was organized as a Massachusetts business trust under the laws of the Commonwealth of Massachusetts pursuant to a Declaration of Trust dated April 7, 1988.

The Trust is a diversified closed-end management investment company. Babson Capital Management LLC (“Babson Capital”), a wholly-owned indirect subsidiary of Massachusetts Mutual Life Insurance Company (“MassMutual”), acts as its investment adviser. The Trust’s investment objective is to maximize total return by providing a high level of current income, the potential for growth of income, and capital appreciation. The Trust’s principal investments are privately placed, below-investment grade, long-term debt obligations purchased directly from their issuers, which tend to be smaller companies. The Trust will also invest in publicly traded debt securities (including high yield securities), and in convertible preferred stocks and, subject to certain limitations, readily marketable equity securities. Below-investment grade or high yield securities have predominantly speculative characteristics with respect to the capacity of the issuer to pay interest and repay capital. In addition, the Trust may invest in high quality, readily marketable securities.

On January 27, 1998, the Board of Trustees authorized the formation of a wholly-owned subsidiary of the Trust (“PI Subsidiary Trust”) for the purpose of holding certain investments. The results of the PI Subsidiary Trust are consolidated in the accompanying financial statements. Footnote 2.D below discusses the Federal tax consequences of the PI Subsidiary Trust.

2. Significant Accounting Policies

The following is a summary of significant accounting policies followed consistently by the Trust in the preparation of its consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Determination of Fair Value

The determination of the fair value of the Trust’s investments is the responsibility of the Trust’s Board of Trustees (the “Trustees”). The Trustees have adopted procedures for the valuation of the Trust’s securities and has delegated responsibility for applying those procedures to Babson Capital. Babson Capital has established a Pricing Committee which is responsible for setting the guidelines used in following the procedures adopted by the Trustees ensuring that those guidelines are being followed. Babson Capital considers all relevant factors that are reasonably available, through either public information or information available to Babson Capital, when determining the fair value of a security. The Trustees meet at least once each quarter to approve the value of the Trust’s portfolio securities as of the close of business on the last business day of the preceding quarter. This valuation requires the approval of a majority of the Trustees of the Trust, including a majority of the Trustees who are not interested persons of the Trust or of Babson Capital. In approving valuations, the Trustees will consider reports by Babson Capital analyzing each portfolio security in accordance with the procedures and guidelines referred to above, which include the relevant factors referred to below. Babson Capital has agreed to provide such reports to the Trust at least quarterly. The consolidated financial statements include private placement restricted securities valued at \$92,361,107 (64.54% of net assets) as of June 30, 2015 whose values have been estimated by the Trustees based on the process described above in the absence of readily ascertainable market values. Due to the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

Following is a description of valuation methodologies used for assets recorded at fair value.

Corporate Public Securities – Bank Loans, Corporate Bonds, Preferred Stocks and Common Stocks

The Trustees have determined that the Trust is an investment company in accordance with Accounting Standards Codification (“ASC”) 946, Financial Services – Investment Companies, for the purpose of financial reporting.

A. Fair Value Measurements:

Under U.S. GAAP, fair value represents the price that should be received to sell an asset (exit price) in an orderly transaction between willing market participants at the measurement date.

The Trust uses external independent third-party pricing services to determine the fair values of its Corporate Public Securities. At June 30, 2015, 100% of the carrying value of these investments was from external pricing services. In the event that the primary pricing service does not provide a price, the Trust utilizes the pricing provided by a secondary pricing service.

Public debt securities generally trade in the over-the-counter market rather than on a securities exchange. The Trust’s pricing services use multiple valuation techniques to determine fair value. In instances where significant market activity exists, the pricing services may utilize a market based approach through which quotes from market makers are used to determine fair value. In instances where significant market activity may not exist or is limited, the pricing services also utilize proprietary valuation models which may consider market characteristics such as benchmark yield curves, option adjusted spreads, credit spreads, estimated default rates, coupon rates, anticipated timing of principal underlying prepayments, collateral, and other unique security features in order to estimate the relevant cash flows, which are then discounted to calculate the fair value.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(Unaudited)

The Trust's investments in bank loans are normally valued at the bid quotation obtained from dealers in loans by an independent pricing service in accordance with the Trust's valuation policies and procedures approved by the Trustees.

Public equity securities listed on an exchange or on the NASDAQ National Market System are valued at the last quoted sales price of that day.

Annually, Babson Capital conducts reviews of the primary pricing vendors to validate that the inputs used in that vendors' pricing process are deemed to be market observable as defined in the standard. While Babson Capital is not provided access to proprietary models of the vendors, the reviews have included on-site walk-throughs of the pricing process, methodologies and control procedures for each asset class and level for which prices are provided. The review also includes an examination of the underlying inputs and assumptions for a sample of individual securities across asset classes, credit rating levels and various durations, a process Babson Capital continues to perform annually. In addition, the pricing vendors have an established challenge process in place for all security valuations, which facilitates identification and resolution of prices that fall outside expected ranges. Babson Capital believes that the prices received from the pricing vendors are representative of prices that would be received to sell the assets at the measurement date (exit prices) and are classified appropriately in the hierarchy.

Corporate Restricted Securities – Corporate Bonds

The fair value of certain notes is determined using an internal model that discounts the anticipated cash flows of those notes using a specific discount rate. Changes to that discount rate are driven by changes in general interest rates, probabilities of default and credit adjustments. The discount rate used within the models to discount the future anticipated cash flows is considered a significant unobservable input. Significant increases/(decreases) in the discount rate would result in a significant (decrease)/increase to the notes' fair value.

Quantitative Information about Level 3 Fair Value Measurements

The fair value of certain distressed notes is based on an enterprise waterfall methodology which is discussed in the equity security valuation section below.

Corporate Restricted Securities – Common Stock, Preferred Stock and Partnerships & LLC's

The fair value of equity securities is determined using an enterprise waterfall methodology. Under this methodology, the enterprise value of the company is first estimated and that value is then allocated to the company's outstanding debt and equity securities based on the documented priority of each class of securities in the capital structure. Generally, the waterfall proceeds from senior debt tranches of the capital structure to senior then junior subordinated debt, followed by each class of preferred stock and finally the common stock.

To estimate a company's enterprise value, the company's trailing twelve months earnings before interest, taxes, depreciation and amortization ("EBITDA") is multiplied by a valuation multiple. A discount for lack of marketability is applied to the end result.

Both the company's EBITDA and valuation multiple are considered significant unobservable inputs. Significant increases/ (decreases) to the company's EBITDA and/or valuation multiple would result in significant increases/ (decreases) to the equity value. An increase/(decrease) to the discount would result in a (decrease)/increase to the equity value.

Short-Term Securities

Short-term securities, of sufficient credit quality, with more than sixty days to maturity are valued at fair value, using external independent third-party services. Short-term securities having a maturity of sixty days or less are valued at amortized cost, which approximates fair value.

The following table represents quantitative information about Level 3 fair value measurements as of June 30, 2015.

	Valuation Technique	Unobservable Inputs	Range	Weighted Average
Corporate Bonds	Discounted Cash Flows	Discount Rate	7.9% to 17.6%	12.8%
Equity Securities	Market Approach	Valuation Multiple	4.9x to 12.3x	7.6x
		Discount for lack of marketability	0% to 24%	3.0%
		EBITDA	\$0.8 million to \$154.7 million	\$18.2 million

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(Unaudited)

Fair Values Hierarchy

The Trust categorizes its investments measured at fair value in three levels, based on the inputs and assumptions used to determine fair value. These levels are as follows:

Level 1 – quoted prices in active markets for identical securities

Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 – significant unobservable inputs (including the Trust's own assumptions in determining the fair value of investments)

The following is a summary of the inputs used to value the Trust's net assets as of June 30, 2015:

Assets:	Total	Level 1	Level 2	Level 3
Restricted Securities				
Corporate Bonds	\$ 86,106,197	\$ —	\$ 20,372,742	\$ 65,733,455
Common Stock - U.S.	8,261,960	—	—	8,261,960
Preferred Stock	7,403,617	—	—	7,403,617
Partnerships and LLCs	10,962,075	—	—	10,962,075
Public Securities				
Bank Loans	168,412	—	168,412	—
Corporate Bonds	33,405,200	—	33,405,200	—
Common Stock - U.S.	8,313	8,313	—	—
Short-term Securities	5,999,478	—	5,999,478	—
Total	\$ 152,315,252	\$ 8,313	\$ 59,945,832	\$ 92,361,107

See information disaggregated by security type and industry classification in the Consolidated Schedule of Investments.

Following is a reconciliation of Level 3 assets for which significant unobservable inputs were used to determine fair value:

Assets:	Beginning balance at	Included in earnings	Purchases	Sales	Prepayments	Transfers into	Transfers out	Ending balance at

(Unaudited)

Income, Gains and Losses included in Net Increase in Net Assets resulting from Operations for the year are presented in the following accounts on the Statement of Operations:

	Net Increase in Net Assets Resulting from Operations	Change in Unrealized Gains & (Losses) in Net Assets from assets still held
Interest (Amortization)	\$ 111,327	
Net realized gain on investments before taxes	\$ 208,470	
Net change in unrealized depreciation of investments before taxes	\$ 2,476,281	2,025,141

B. Accounting for Investments:

Investment transactions are accounted for on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis, including the amortization of premiums and accretion of discounts on bonds held using the yield-to-maturity method. The Trust does not accrue income when payment is delinquent and when management believes payment is questionable.

Realized gains and losses on investment transactions and unrealized appreciation and depreciation of investments are reported for financial statement and Federal income tax purposes on the identified cost method.

The Trust is taxed as a regulated investment company and is therefore limited as to the amount of non-qualified income that it may receive as the result of operating a trade or business, e.g. the Trust's pro rata share of income allocable to the Trust by a partnership operating company. The Trust's violation of this limitation could result in the loss of its status as a regulated investment company, thereby subjecting all of its net income and capital gains to corporate taxes prior to distribution to its shareholders. The Trust, from time-to-time, identifies investment opportunities in the securities of entities that could cause such trade or business income to be allocable to the Trust. The PI Subsidiary Trust (described in Footnote 1, above) was formed in order to allow investment in such securities without adversely affecting the Trust's status as a regulated — investment company.

The PI Subsidiary Trust is not taxed as a regulated investment company. Accordingly, prior to the Trust — receiving any distributions from the PI Subsidiary Trust, all of the PI Subsidiary Trust's taxable income and realized gains, including non-qualified income and realized gains, is subject to taxation at prevailing corporate tax rates. As of June 30, 2015, the PI Subsidiary Trust has incurred income tax expense of \$3,632.

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of the existing assets and liabilities and their respective tax basis. As of June 30, 2015, the PI Subsidiary Trust has a deferred tax liability of \$605,342.

The Trust recognizes a tax benefit from an uncertain position only if it is more likely than not that the position is sustainable, based solely on its technical merits and consideration of the relevant taxing authority's widely understood administrative practices and precedents. If this threshold is met, the Trust measures the tax benefit as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. The Trust has evaluated and determined that the tax positions did not have a material effect on the Trust's financial position and results of operations for the three months ended June 30,

C. Use of Estimates:

2015.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Distributions to Shareholders:

The Trust records distributions to shareholders from net investment income and net realized gains, if any, on the ex-dividend date. The Trust's net investment income dividend is declared four times per year, in April, July, October, and December. The Trust's net realized capital gain distribution, if any, is declared in December.

D. Federal Income Taxes:

The Trust has elected to be taxed as a "regulated investment company" under the Internal Revenue Code, and intends to maintain this qualification and to distribute substantially all of its net taxable income to its shareholders. In any year when net long-term capital gains are realized by the Trust, management, after evaluating the prevailing economic conditions, will recommend that Trustees either designate the net realized long-term gains as undistributed and pay the federal capital gains taxes thereon, or distribute all or a portion of such net gains.

3. Investment Advisory and Administrative Services Contract

A. Services:

Under an Investment Advisory and Administrative Services Contract (the "Contract") with the Trust, Babson Capital has agreed to use its best efforts to present to the Trust a continuing and suitable investment program consistent with the investment objectives and policies of the Trust. Babson Capital represents the Trust in any negotiations with issuers, investment banking firms, securities brokers or dealers and other institutions or investors relating to the Trust's investments. Under the Contract, Babson Capital also provides administration of the day-to-day operations of the Trust and provides the Trust with office space and office equipment, accounting and bookkeeping services, and necessary executive, clerical and secretarial personnel for the performance of the foregoing services.

Babson Capital Participation Investors

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(Unaudited)

B. Fee:

For its services under the Contract, Babson Capital is paid a quarterly investment advisory fee equal to 0.225% of the value of the Trust's net assets as of the last business day of each fiscal quarter, an amount approximately equivalent to 0.90% on an annual basis. A majority of the Trustees, including a majority of the Trustees who are not interested persons of the Trust or of Babson Capital, approve the valuation of the Trust's net assets as of such day.

C. Basis for Board Renewal of Contract:

At a meeting of the Trustees held on April 17, 2015, the Trustees (including a majority of the Trustees who are not "interested persons" of the Trust or Babson Capital) unanimously approved a one-year continuance of the Contract.

Prior to the meeting, the Trustees requested and received from Ropes & Gray LLP, counsel to the Trust, a memorandum describing the Trustees' legal responsibilities in connection with their review and reapproval of the Contract. The Trustees also requested and received from Babson Capital extensive written and oral information regarding other matters including: the principal terms of the Contract; the reasons why Babson Capital was proposing the continuance of the Contract; Babson Capital and its personnel; the Trust's investment performance, including comparative performance information; the nature and quality of the services provided by Babson

Capital to the Trust; financial strength of Babson Capital; the fee arrangements between Babson Capital and the Trust; fee and expense information, including comparative fee and expense information; profitability of the advisory arrangement to Babson Capital; and "fallout" benefits to Babson Capital resulting from the Contract.

NATURE, EXTENT AND QUALITY OF SERVICES TO BE PROVIDED BY BABSON CAPITAL TO THE TRUST

In evaluating the scope and quality of the services provided by Babson Capital to the Trust, the Trustees considered, among other factors: (i) the scope of services required to be provided by Babson Capital under the Contract; (ii) Babson Capital's ability to find and negotiate private placement securities having equity features that are consistent with the stated investment objectives of the Trust; (iii) the experience and quality of Babson Capital's staff; (iv) the strength of Babson Capital's financial condition; (v) the nature of the private placement market compared to public markets (including the fact that finding, analyzing, negotiating and servicing private placement securities is more labor-intensive than buying and selling public securities and the administration of private placement securities is more extensive, expensive, and requires greater time and expertise than a portfolio of only public securities); (vi) the potential advantages afforded to the Trust by its ability to co-invest in negotiated private placements with MassMutual and its affiliates; and (vii) the expansion of the scope of services provided by Babson Capital as a result of recent regulatory and legislative initiatives that have required increased legal, compliance and business attention and diligence. Based on such considerations, the Trustees concluded that, overall, they are satisfied with the nature, extent and quality of services provided by Babson Capital, and expected to be provided in the future, under the renewed Contract.

INVESTMENT PERFORMANCE

The Trustees also examined the Trust's short-term, intermediate-term, and long-term performance as compared against various benchmark indices presented at the meeting, which showed that the Trust had outperformed such indices for the 1-, 3-, 5- and 10-year periods. In addition, the Trustees considered

Among other things, the Trustees discussed and considered with management (i) the aforementioned guidance provided by Ropes & Gray LLP and the information provided by Babson Capital prior to the meeting and (ii) the reasons Babson Capital put forth in support of its recommendation that the Trustees approve the continuance of the Contract. These considerations are summarized below.

comparisons of the Trust's performance with the performance of (i) selected closed-end investment companies and funds that may invest in private placement securities and/or bank loans; (ii) selected business development companies with comparable types of investments; and (iii) investment companies included in the Lipper closed-end bond universe. It was acknowledged that, while such comparisons are helpful in judging performance, they are not directly comparable in terms of types of investments due to the fact that business development companies often report returns based on market value, which is affected by factors other than the performance of the underlying portfolio investments. Based on these considerations and the detailed performance information provided to the Trustees at the regular Board meetings each quarter, the Trustees concluded that the Trust's absolute and relative performance over time have been sufficient to warrant renewal of the Contract.

(Unaudited)

ADVISORY FEE/COST OF SERVICES PROVIDED AND PROFITABILITY/MANAGER'S "FALL-OUT" BENEFITS

In connection with the Trustees' consideration of the advisory fee paid by the Trust to Babson Capital under the Contract, Babson Capital noted that it was unaware of any registered closed-end investment companies that are directly comparable to the Trust in terms of the types of investments and percentages invested in private placement securities (which require more extensive advisory and administrative services than a portfolio of publicly traded securities, as previously discussed) other than Babson Capital Corporate Investors, which also is advised by Babson Capital. Under the terms of its Investment Services Contract, Babson Capital Corporate Investors is charged a quarterly investment advisory fee of 0.3125% of net asset value as of the end of each quarter, which is approximately equal to 1.25% annually. In considering the fee rate provided in the Contract, the Trustees noted the advisory fee charged by Babson Capital to Tower Square Capital Partners, L.P. and Tower Square Capital Partners II and III, L.P., each a private mezzanine fund also managed by Babson Capital, and that the fee Babson Capital Corporate Investors charged compares favorably.

At the request of the Trustees, Babson Capital provided information concerning the profitability of Babson Capital's advisory relationship with the Trust. The Trustees also considered the non-economic benefits Babson Capital and its affiliates derived from its relationship with the Trust,

The Trust may redeem the Note, in whole or in part, at the principal amount proposed to be redeemed together with the accrued and unpaid interest thereon through the redemption date plus the Make Whole Premium. The Make Whole Premium equals the excess of (i) the present value of the scheduled payments of principal and interest which the Trust would have paid but for the proposed redemption, discounted at the rate of interest of U.S. Treasury obligations whose maturity approximates that of the Note plus 0.50% over (ii) the principal of the Note proposed to be redeemed.

5. Purchases and Sales of Investments

	For the six months ended 06/30/15	
	Cost of Investments Acquired	Proceeds from Sales or Maturities
Corporate restricted securities	\$ 23,711,351	\$ 16,370,686
Corporate public securities	1,749,875	9,751,496

The aggregate cost of investments is substantially the same for financial reporting and Federal income tax purposes as of June 30, 2015. The net unrealized appreciation of investments for financial reporting and Federal tax purposes as of June 30, 2015 is \$2,249,497 and consists of \$14,057,854 appreciation and \$11,808,357 depreciation.

Net unrealized depreciation of investments on the Statement of Assets and Liabilities reflects the balance net of a deferred tax liability of \$605,342 on net unrealized gains on the PI Subsidiary Trust.

6. Quarterly Results of Investment Operations (Unaudited)

March 31, 2015	
Amount	Per Share

including the reputational benefits derived from having the Trust listed on the New York Stock Exchange, and the de minimis amount of commissions resulting from the Trust's portfolio transactions used by Babson Capital for third-party soft dollar arrangements. The Trustees recognized that Babson Capital should be entitled to earn a reasonable level of profit for services provided to the Trust and, based on their review, concluded that they were satisfied that Babson Capital's historical level of profitability from its relationship with the Trust was not excessive and that the advisory fee structure under the Contract is reasonable.	Investment income	\$	3,308,580	\$	—
	Net investment income		2,704,752		0.26
	Net realized and unrealized gain on investments (net of taxes)		3,245,428		0.31
				June 30, 2015	
			Amount		Per Share

ECONOMIES OF SCALE

The Trustees considered the concept of economies of scale and possible advisory fee reductions if the Trust were to grow in assets. Given that the Trust is not continuously offering shares, such growth comes principally from retained net realized gain on investments and dividend reinvestment. The Trustees also examined the breakpoint features of selected competitive funds and noted that the minimum starting point for fee reductions in those funds was at least \$200 million whereas the Trust's current net assets are near \$143 million. The Trustees concluded that the absence of breakpoints in the fee schedule under the Contract was currently acceptable given the Trust's current size and closed-end fund structure.

4. Senior Indebtedness	Investment income	\$	3,277,358	\$	—
	Net investment income		2,625,104		0.25
MassMutual holds the Trust's \$15,000,000 Senior Fixed Rate Convertible Note (the "Note") issued by the Trust on December 13, 2011. The Note is due December 13, 2023 and accrues interest at 4.09% per annum. MassMutual, at its option, can convert the principal amount of the Note into common shares. The dollar amount of principal would be converted into an equivalent dollar amount of common shares based upon the average price of the common	Net realized and unrealized loss on investments (net of taxes)		(439,381)		(0.04)

shares for ten business days prior to the notice of conversion. For the six months ended June 30, 2015, the Trust incurred total interest expense on the Note of \$306,750.

7. Results of Shareholder Meeting

The Annual Meeting of Shareholders was held on Friday, April 17, 2015. The shareholders were asked to vote to re-elect as Trustees William J. Barrett and Clifford M. Noreen for three year terms. The shareholders approved the proposal. The Trust's other Trustees, Michael H. Brown, Barbara M. Ginader, Edward P. Grace, Robert E. Joyal, Susan B. Sweeney and Maleyne M. Syracuse continued to serve their respective terms following the April 17, 2015 Annual Shareholder Meeting. The results of the voting are set forth below.

Shares for	Withheld	Total	% of Shares Voted for
William J. Barrett 8,670,608	260,678	8,931,286	97.08 %
Clifford M. Noreen 8,668,289	262,997	8,931,286	98.06 %

When you use Babson Capital you entrust us not only with your hard-earned assets but also with your personal and financial data. We consider your data to be private and confidential, and protecting its confidentiality is important to us. Our policies and procedures regarding your personal information are summarized below.

We may collect non-public personal information about you from:

Applications or other forms, interviews, or by other means;

Consumer or other reporting agencies, government agencies, employers or others;

Your transactions with us, our affiliates, or others; and

Our Internet website.

We may share the financial information we collect with our financial service affiliates, such as insurance companies, investment companies and securities broker-dealers. Additionally, so that we may continue to offer you products and services that best meet your investment needs and to effect transactions that you request or authorize, we may disclose the information we collect, as described above, to companies that perform administrative or marketing services on our behalf, such as transfer agents, custodian banks, service providers or printers and mailers that assist us in the distribution of investor materials or that provide operational support to Babson Capital. These companies are required to protect this information and will use this information only for the services for which we hire them, and are not permitted to use or share this information for any other purpose. Some of these companies may perform such services in jurisdictions other than the United States. We may share some or all of the information we collect with other financial institutions with whom we jointly market products. This may be done only if it is permitted by the state in which you live. Some disclosures may be limited to your name, contact and transaction information with us or our affiliates.

Any disclosures will be only to the extent permitted by federal and state law. Certain disclosures may require us to get an "opt-in" or "opt-out" from you. If this is required, we will do so before information is shared. Otherwise, we do not share any personal information about our customers or former customers unless authorized by the customer or as permitted by law.

We restrict access to personal information about you to those employees who need to know that information to provide products and services to you. We maintain physical, electronic and procedural safeguards that comply with legal standards to guard your personal information. As an added measure, we do not include personal or account information in non-secure e-mails that we send you via the Internet without your prior consent. We advise you not to send such information to us in non-secure e-mails.

This notice describes the privacy policies of Babson Capital, and applies to all accounts you presently have, or may open in the future, with Babson Capital using your social security number or federal taxpayer identification number. As mandated by various regulators, including rules issued by the Securities and Exchange Commission, we will be sending you this notice annually, as long as you remain a customer of Babson Capital.

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

Babson Capital Participation Investors (the “Trust”) offers a Dividend Reinvestment and Cash Purchase Plan (the “Plan”). The Plan provides a simple and automatic way for shareholders to add to their holdings in the Trust through the receipt of dividend shares issued by the Trust or through the reinvestment of cash dividends in Trust shares purchased in the open market. The dividends of each shareholder will be automatically reinvested in the Trust by DST Systems, Inc., the Transfer Agent, in accordance with the Plan, unless such shareholder elects not to participate by providing written notice to the Transfer Agent. A shareholder may terminate his or her participation by notifying the Transfer Agent in writing.

Participating shareholders may also make additional contributions to the Plan from their own funds. Such contributions may be made by personal check or other means in an amount not less than \$100 nor more than \$5,000 per quarter. Cash contributions must be received by the Transfer Agent at least five days (but no more than 30 days) before the payment date of a dividend or distribution.

Whenever the Trust declares a dividend payable in cash or shares, the Transfer Agent, acting on behalf of each participating shareholder, will take the dividend in shares only if the net asset value is lower than the market price plus an estimated brokerage commission as of the close of business on the valuation day. The valuation day is the last day preceding the day of dividend payment. When the dividend is to be taken in shares, the number of shares to be received is determined by dividing the cash dividend by the net asset value as of the close of business on the valuation date or, if greater than net asset value, 95% of the closing share price. If the net asset value of the shares is higher than the market value plus an estimated commission, the Transfer Agent, consistent with obtaining the best price and execution, will buy shares on the open market at current prices promptly after the dividend payment date.

The reinvestment of dividends does not, in any way, relieve participating shareholders of any federal, state or local tax. For federal income tax purposes, the amount reportable in respect of a dividend received in newly-issued shares of the Trust will be the fair market value of the shares received, which will be reportable as ordinary income and/or capital gains.

As compensation for its services, the Transfer Agent receives a fee of 5% of any dividend and cash contribution (in no event in excess of \$2.50 per distribution per shareholder.)

Any questions regarding the Plan should be addressed to DST Systems, Inc., Agent for Babson Capital Participation Investors’ Dividend Reinvestment and Cash Purchase Plan, P.O. Box 219086, Kansas City, MO 64121-9086.
