Dick's Sporting Goods, Inc. Proxy Statement and Notice of 2016 Annual Meeting of Stockholders

TABLE OF CONTENTS

About the Meeting

This proxy statement contains information related to the 2016 annual meeting of stockholders of Dick's Sporting Goods, Inc., a Delaware corporation (the "Company"), to be held at the Hyatt Regency, 1111 Airport Boulevard, Pittsburgh, PA 15231, (724) 899-1234, on June 10, 2016, beginning at 1:30 p.m. local time, and at any postponements and/or adjournments thereof.

In accordance with Securities and Exchange Commission ("SEC") rules, instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing proxy materials to our stockholders via the internet. If you received a Notice of Internet Availability of Proxy Materials ("the Notice") by mail, you will not receive a printed copy of the proxy materials other than as described below. Instead, the Notice will instruct you as to how you may access and review all of the important information contained in the proxy materials over the Internet. The Notice also instructs you as to how you may submit your proxy over the Internet. If you received a Notice and would like to receive a printed copy of our proxy materials, including our Annual Report on Form 10-K, you should follow the instructions for requesting such materials included in the Notice.

It is anticipated that the Notice will first be sent to stockholders, and this proxy statement and the form of proxy relating to our 2016 annual meeting will first be made available to stockholders, on or about April 29, 2016. In accordance with SEC rules, the website www.proxyvote.com/dks provides complete anonymity with respect to a stockholder accessing the website.

WHAT IS THE PURPOSE OF THE ANNUAL MEETING?

At our annual meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting of Stockholders on the cover page of this proxy statement, including (i) the election of three (3) Class B Directors, each for terms that expire in 2019, (ii) the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2016, (iii) a non-binding advisory vote to approve compensation of our named executive officers, as disclosed in this proxy statement and (iv) any other matter to properly come before the meeting.

WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

Only stockholders of record at the close of business on April 13, 2016, the record date for the annual meeting, are entitled to receive notice of and to vote at the annual meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting or any postponements or adjournments of the annual meeting.

WHAT ARE THE VOTING RIGHTS OF THE HOLDERS OF DICK'S SPORTING GOODS, INC. COMMON STOCK AND CLASS B COMMON STOCK?

Holders of our common stock and Class B common stock have identical rights, except that holders of our common stock are entitled to one (1) vote for each share held of record and holders of our Class B common stock are entitled to ten (10) votes for each share held of record on all matters submitted to a vote of the stockholders, including the election of directors. Stockholders do not have cumulative voting rights. Holders of our common stock and Class B common stock vote together as a single class on all matters presented to the stockholders for their vote or approval, except as may otherwise be required by Delaware law.

WHO CAN ATTEND THE ANNUAL MEETING?

Subject to space availability, all common stockholders and Class B common stockholders as of the record date, or their duly appointed proxies, may attend the annual meeting. Since seating is limited, admission to the annual meeting will be on a first-come, first-served basis. Registration will begin at 1:00 p.m. local time. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the annual meeting. Please also note that if you hold your shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

WHAT CONSTITUTES A QUORUM?

The presence at the annual meeting, in person or by proxy, of holders of record of issued and outstanding shares of capital stock representing a majority of the votes entitled to be cast at the meeting constitutes a quorum, which permits

business to be conducted at the annual meeting. As of the record date, 89,491,930 shares of common stock representing the same number of votes and 24,900,870 shares of Class B common stock representing 249,008,700 votes were issued and outstanding. Thus, the presence in person or by proxy of the holders of common stock or Class B common stock or a combination thereof representing at least 169,250,316 votes will be required to establish a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the annual meeting to establish a quorum.

About the Meeting (continued)

HOW DO I VOTE?

Please refer to the Notice, which is being mailed to stockholders, or your proxy card for instructions on how to cast your vote. If you receive a vote instruction form, your broker, bank or other holder of record (or designee thereof) will vote your shares in accordance with the instructions on your returned vote instruction form. You may instruct the holder of record to vote your shares:

• by completing the vote instruction form as outlined in the instructions on the form and mailing the form in the prepaid envelope provided;

• by following the instructions at the internet site www.proxyvote.com/dks; or

• by following the instructions for telephone voting after calling 1-800-690-6903.

Further, if you are a registered stockholder and attend the annual meeting, you may deliver your completed proxy card in person. If you vote online or request, receive, complete and return the paper proxy card to the Company, it will be voted as you direct.

HOW DO I REQUEST PAPER COPIES OF THE PROXY MATERIALS?

The Notice sets forth how you may request a paper copy of the proxy statement and accompanying proxy card, including:

• by following the instructions at the internet site www.proxyvote.com/dks; or

• by following the instructions for a paper copy after calling 1-800-579-1639.

CAN I CHANGE OR REVOKE MY VOTE AFTER I VOTE ONLINE OR RETURN MY PROXY CARD?

Yes. Even after you have submitted your proxy online or via the mail, you may change or revoke your vote at any time before the proxy is exercised by filing with the Corporate Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the annual meeting in person and so request, although attendance at the annual meeting will not by itself revoke a previously granted proxy.

WHAT ARE THE RECOMMENDATIONS OF THE BOARD OF DIRECTORS?

Unless you give other instructions when you vote, the persons named as proxy holders will vote in accordance with the recommendations of the Company's Board of Directors (the "Board"), which are set forth following the description of each item to be acted upon in this proxy statement. In summary, the Board recommends a vote:

- for election of the nominated slate of Class B Directors for terms that expire in 2019 (see Item 1);

• for ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2016 (see Item 2); and

• for approval, on a non-binding advisory basis, of the compensation of our named executive officers as disclosed in these materials (see Item 3).

With respect to any other matter that properly comes before the annual meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

WHAT VOTE IS REQUIRED TO APPROVE EACH ITEM?

Election of Directors. The affirmative vote of a plurality of the votes cast at the annual meeting is required for the election of directors. A properly executed proxy marked "WITHHOLD" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Ratification of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the votes cast at the annual meeting is required for ratifying the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2016.

Non-binding Advisory Vote to Approve Compensation of Our Named Executive Officers. The affirmative vote of a majority of the votes cast at the annual meeting is required for the approval, on a non-binding advisory basis, of the compensation of our named executive

About the Meeting (continued)

officers. As an advisory vote, the proposal to approve the compensation of our named executive officers is non-binding on the Company; however, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by our stockholders and will consider the outcome of the vote when making future compensation decisions. For a discussion on how the compensation committee considered the 2015 advisory vote, refer to “Say-on-Pay Vote Results” on page 27 of this proxy statement.

Treatment of Abstentions and Broker Non-Votes. An “abstain” vote with respect to any proposal is considered as present and entitled to vote with respect to that proposal, but is not considered a vote cast with respect to that proposal. Because each of the proposals set forth in this proxy statement requires the affirmative vote of the holders of a majority of the votes cast in order to pass (other than the election of directors, which requires the affirmative vote of a plurality of the votes cast), abstentions will not have any effect on the outcome of the proposals presented at the annual meeting.

A “broker non-vote” occurs if your shares are not registered in your name (that is, you hold your shares in “street name”) and you do not provide the record holder of your shares (usually a bank, broker, or other nominee) with voting instructions on any matter as to which, under the applicable New York Stock Exchange (“NYSE”), a broker may not vote without instructions from you. As is the case with abstentions, shares as to which a broker non-vote occurs are considered present for purposes of determining whether a quorum exists, but are not considered votes cast with respect to that proposal. Therefore, a broker non-vote will not have any effect on the outcome of the proposals presented at the annual meeting.

WE ARE A CONTROLLED COMPANY UNDER THE NEW YORK STOCK EXCHANGE RULES.

Because as of April 13, 2016, Edward W. Stack, our Chairman and Chief Executive Officer, controlled 59.70% of the combined voting power of our common stock and Class B common stock, we are a “controlled company” under the Corporate Governance Standards of the NYSE. As a controlled company, we are not required to have (i) a majority of independent directors or (ii) a compensation committee or nominating/corporate governance committee composed entirely of independent directors. However, as part of our commitment to maintaining a high standard of corporate governance, we have determined to voluntarily comply with the NYSE independence requirements. As discussed further below, our Board is comprised of a majority of independent directors and our Audit, Compensation and Governance and Nominating Committees are comprised entirely of independent directors.

status as a “controlled company” under the NYSE’s Corporate Governance Standards, the Board has nevertheless determined that Messrs. HOW IS OUR BOARD LEADERSHIP STRUCTURED?

The roles of Chairman of the Board and Chief Executive Officer of the Company currently are held by the same person, Edward W. Stack. In addition to serving in those roles, Mr. Stack controls a majority of the voting power of our capital stock, and has been operating the Company since 1984. The Board believes that Mr. Stack’s service as both Chairman of the Board and Chief Executive Officer is in the best interest of the Company and its stockholders. Mr. Stack possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its business and thus is best positioned to develop agendas that ensure the Board’s time and attention are focused on the most critical matters. His combined role enables decisive leadership, ensures clear accountability and enhances the Company’s ability to communicate its message and strategy clearly and consistently to the Company’s stockholders,

employees, customers and vendors, particularly during times of turbulent economic and industry conditions. Each director, other than Mr. Stack, is independent, and the Board believes that the independent directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of Board meetings, the independent directors conduct regular executive sessions.

In that regard, the Board believes that our current structure is particularly favorable to the Company due to the unique qualities and attributes possessed by Mr. Stack. In the event that he should no longer be able to serve as Chairman and Chief Executive Officer of

the Company, other leadership models, such as a separate independent chairman of the Board, may be appropriate. As such, one responsibility of the Board is to take all necessary steps to ensure that an effective succession process exists to provide continuity of leadership over the long-term, both in the position of Chief Executive Officer and Chairman of the Board, as well as other critical management positions in the Company.

The Company has developed, through discussions of the Board, a succession process for the position of Chief Executive Officer, both as a long-term measure as well as in an emergency situation. The Board, along with management, also conducts annual reviews and discussions as it relates to the identification of successors in all key executive positions. This process ensures continuity of leadership over the long-term, and it forms the basis for which we determine future managerial hiring decisions. Our succession planning is a key factor in managing the long-term planning and investment lead times of our business.

To further strengthen the governance structure, the Company also maintains a presiding non-employee director, or Lead Director, position. On March 16, 2016, the Board appointed Mr. Schorr to act as the Lead Director for a one-year term. Mr. Schorr provides leadership and direction to the Company's independent directors and presides over executive sessions of the Board. In addition, Mr. Schorr also has the following responsibilities as Lead Director: consulting with the Chairman on Board and committee agendas, approving the retention of outside advisors and consultants who report directly to the Board on critical issues, participating with the Governance and Nominating Committee in reviewing director candidates and evaluating the performance of the Chairman and Chief Executive Officer and the Board, among others.

WHAT IS THE BOARD'S ROLE IN THE OVERSIGHT OF RISK MANAGEMENT?

The Board as a whole has responsibility for risk management oversight, although certain categories of risk may be allocated to a particular committee of the Board for review based on its areas of expertise, with the committee then reporting back to the full Board as needed. For example, the Compensation Committee evaluates risk as it relates to the structure of the Company's compensation practices and philosophy (as further discussed in "Compensation Discussion and Analysis" on page 26), while the Audit Committee evaluates overall enterprise risk and compliance. Company management is charged with the tasks of: adequately identifying material risks that the Company faces in a timely manner; implementing management strategies that are responsive to the Company's risk profile and specific material risk exposures; evaluating risk and risk management with respect to business decision-making throughout the Company; and efficiently and promptly transmitting relevant risk-related information to the Board or appropriate committee, so as to enable them to conduct appropriate risk management oversight. The Company's Compliance Department reports to the General Counsel and also reports regularly (two times in fiscal 2015) to the Audit Committee. Furthermore, the Audit Committee receives regular reports on the Company's information security measures from the Information Security Department (four times in fiscal 2015). Finally, the Internal Audit Department assesses controls and procedures and partners with our Compliance Department to assess the implementation of compliance policies. Internal Audit reports regularly to the Audit Committee (four times in fiscal 2015). The primary areas for which the Board and its committees provide risk management oversight include competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, compliance, regulatory and reputational risks. The Chief Financial Officer, with participation from the General Counsel reports on enterprise risk management to the Board at least once a year, and the Chief Information Officer, with participation from the Chief Information Security Officer, reports on information security to the Board at least once a year.

HOW DOES THE BOARD SELECT ITS NOMINEES FOR DIRECTOR?

The Governance and Nominating Committee is responsible for identifying, screening and recommending candidates to the Board for Board membership. In addition, the Governance and Nominating Committee will consider director candidates referred by our stockholders, including for election at the 2017 annual meeting, if such nominees are submitted in accordance with the procedures set forth in "Additional Information — Advance Notice Procedures" on page 48 of this proxy statement.

The Governance and Nominating Committee annually evaluates the composition of the Board in accordance with the Company's Corporate Governance Guidelines in the context of an assessment of the perceived needs of the Board at that point in time. They review factors such as director independence, size of the Board, needs of the Board, including desired expertise in areas relevant to the Company's business, and the minimum qualifications articulated in the Corporate Governance Guidelines, including accountability, integrity, relevant areas of experience, sound judgment in areas relevant to the Company's businesses, diversity of background (including, but not limited to, race, origin, age and gender) and a willingness and ability to commit sufficient time to the Board.

If a stockholder submits a nominee for election, the Governance and Nominating Committee, at the direction of the Committee Chair, makes an initial determination as to whether to conduct a full evaluation of a prospective candidate. This initial determination is based on whatever information is provided to the Governance and Nominating Committee with the prospective candidate's recommendation,

Dick's Sporting Goods, Inc. Proxy Statement and Notice of 2016 Annual Meeting of Stockholders 14

TABLE OF CONTENTS

Corporate Governance (continued)

as well as the Governance and Nominating Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or to expand the size of the Board, and the likelihood that the prospective nominee will satisfy the evaluation factors described above. If the Governance and Nominating Committee determines, in consultation with the Lead Director and other Board members as appropriate, that additional consideration is warranted, it may request that additional information be gathered about the prospective nominee's background and experience and a report be prepared, and may utilize a third-party search firm to assist in such a process. The Governance and Nominating Committee then would evaluate the prospective nominee against the standards and qualifications set out in the Company's Corporate Governance Guidelines, as outlined above, all in the context of an assessment of the perceived needs of the Board at that point in time.

The Governance and Nominating Committee will take such other steps as are necessary to evaluate a prospective nominee, including receiving input from our Chairman and Chief Executive Officer and, if warranted, interviews of the prospective nominee by one or more Governance and Nominating Committee or Board members. After completing this evaluation and other steps of the process, the Governance and Nominating Committee would make a recommendation to the full Board as to the persons who should be nominated by the Board. The Board then determines the nominees after considering the recommendations and report of the Governance and Nominating Committee.

DOES THE COMPANY HAVE A CODE OF ETHICS?

Our Code of Ethics and Business Conduct applies to all of our officers, directors and employees, including our principal executive officer, principal financial officer and principal accounting officer. Our Code of Ethics and Business Conduct is available on the Investor Relations portion of our website (www.investors.DICKS.com) and is available in print to any Company stockholder upon request. We intend to post on our website substantive amendments to or waivers from our Code of Ethics and Business Conduct to the extent applicable to our Chief Executive Officer, principal financial officer, principal accounting officer or directors.

HOW DO STOCKHOLDERS COMMUNICATE WITH THE BOARD?

Stockholders and other parties interested in communicating directly with the Board, the presiding Lead Director or the non-management directors as a group may do so by writing to the Board of Directors or presiding Lead Director (as the case may be), c/o General Counsel, Dick's Sporting Goods, Inc., 345 Court Street, Coraopolis, PA 15108 or sending an e-mail to the Legal Department's attention at investors@dcs.com. Upon receipt of letters addressed to the Board or non-management members of the Board, the Governance and Nominating Committee has instructed the General Counsel to (i) review the correspondence, (ii) regularly forward to the Board a summary of all such correspondence addressed to the Board and (iii) regularly forward to the presiding Lead Director copies of all such correspondence that is addressed to (or determined to be) intended for the presiding Lead Director or the non-management directors as a group or that otherwise requires their attention. Directors may at any time review correspondence that is addressed to members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters are promptly brought to the attention of the Company's internal audit department and handled in accordance with procedures established by the Audit Committee with respect to such matters.

HOW DOES THE BOARD DETERMINE WHICH DIRECTORS ARE CONSIDERED INDEPENDENT?

Pursuant to our Corporate Governance Guidelines, which meet the listing standards adopted by the NYSE for "controlled companies," and are available on the Investor Relations portion of our website (www.investors.DICKS.com), the Board undertook its annual review of existing director and director nominee independence on March 16, 2016.

As a result of the review, the Board affirmatively determined that Dr. Fouse and Messrs. Byrd, Colombo, Stone and Schorr are, and that Messrs. Barrenechea, Chirico and Weiss if re-elected would continue to be, independent directors, in accordance with the standards set forth in our Corporate Governance Guidelines and in accordance with independence requirements implemented by the NYSE. During this review, the Board considered transactions and

relationships between each current director or nominee for director with the Company (either directly or as a partner, stockholder or officer of any organization that has a relationship with the Company), including (i) the relationship between the Company and PVH Corp., one of our vendors, for which Mr. Chirico serves as Chairman and Chief Executive Officer, (ii) the relationship between the Company and OpenText Corporation, one of our technology service providers, for which Mr. Barrenechea serves as President and Chief Executive Officer, and (iii) Mr. Colombo's role as trustee of a trust that holds Class B shares for the benefit of Mr. Stack's children. As provided in the Corporate Governance Guidelines, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director or nominee for director is independent in accordance with independence requirements implemented by the NYSE.

In fulfilling its oversight responsibilities for fiscal year 2015, the Audit Committee reviewed and discussed with both Company management and the Company's independent auditors all annual financial statements and quarterly operating results released in fiscal year 2015 prior to their issuance. The Audit Committee also received the written disclosures and letter from D&T required by applicable requirements of the Public Company Accounting Oversight Board regarding D&T's communications with the Audit Committee concerning independence, and had discussions with D&T regarding its independence. The Audit Committee also received, reviewed and discussed with D&T the report required by section 10A(k) of the Exchange Act.

COMPENSATION DISCUSSION AND ANALYSIS

OUR NAMED EXECUTIVE OFFICERS

This Compensation Discussion and Analysis describes our executive compensation program, including a discussion of the philosophy and intent of the material elements of the program. The discussion is focused on our Chief Executive Officer, Chief Financial Officer and three other highest compensated executive officers for fiscal 2015. Our Named Executive Officers are:

Name	Position
Edward W. Stack	Chairman and Chief Executive Officer
Teri L. List-Stoll	Executive Vice President — Chief Financial Officer
André J. Hawaux	Executive Vice President — Chief Operating Officer*
Michele B. Willoughby	Executive Vice President — eCommerce and Supply Chain
Lee J. Belitsky	Executive Vice President — Product Development and Planning, Allocations and Replenishment
Lauren R. Hobart	Executive Vice President — Chief Marketing Officer

* Mr. Hawaux served as the Chief Financial Officer in addition to his current role until August 2015, when Ms. List-Stoll joined the Company as Executive Vice President — Chief Financial Officer.

FISCAL 2015 WAS A YEAR OF CONTINUED PROGRESS TOWARD OUR LONG-TERM OMNI-CHANNEL VISION, DESPITE WEATHER-RELATED CHALLENGES

In fiscal 2015, we made significant and meaningful contributions to the long-term success of the organization, including growing our omni-channel platform by ending the year with 644 Dick's stores, 73 Golf Galaxy stores and 19 Field & Stream stores and growing our eCommerce business by 19%. We continued to progress on our multi-year plan to transition our eCommerce business onto our internal web platform and in fiscal 2015, we re-launched www.golfgalaxy.com onto our own web platform and launched Field & Stream's first ever eCommerce website on that same platform. However, we faced record-setting warm weather across the majority of our markets during the back half of fiscal 2015. The impact of this warm weather on sales was significant enough to impact us on a full-year basis, and we ended the year with a consolidated same store net sales decrease of 0.2%. Notwithstanding the temporary challenges

TABLE OF CONTENTS

Executive Compensation (continued)

presented by the abnormal weather, the Company was able to deliver 6.7% growth in net sales and non-GAAP earnings per diluted share of \$2.87*. Our five-year top line and bottom line performance is detailed below.

* See Appendix A for the GAAP to non-GAAP reconciliations

We have grown our top line net sales through opening stores in new and underpenetrated markets, while increasing annual same-store net sales at our existing stores and on our eCommerce sites.

*See Appendix A for the GAAP to non-GAAP reconciliations.

We are committed to driving shareholder returns through profitable growth, dividends, and share repurchases.

Comparison of Cumulative Returns The following graph compares the performance of the Company's common stock with the performance of the Standard & Poor's 500 Composite Stock Price Index (the "S&P 500") and the S&P Specialty Retail Index for the periods indicated below. The graph assumes that \$100 was invested on January 28, 2011 in the Company's common stock, the S&P 500 and the S&P Specialty Retail Index and that all dividends were reinvested. The stock performance graph is not necessarily indicative of future performance.

OUR COMPENSATION - WE ALLOCATE PAY WITH AN EMPHASIS ON VARIABLE COMPENSATION

Our compensation programs are designed to attract, retain, and motivate the executive management team that we need as a specialty retail company that continues to evolve with our customers. We want to attract and retain top executive talent by offering market-competitive base salaries and time-based restricted stock grants. We motivate our executives to continue to grow and evolve with the Company by offering short-term and long-term incentive awards and stock options that align our executives with our stockholders. Overall, a considerable portion of the compensation for our named executive officers is considered to be “pay-at-risk.”

To further strengthen the emphasis on variable compensation, the Committee increased the short-term incentive target for the Chairman and CEO to 210% effective for the fiscal 2015 plan year. The chart below illustrates how base salary, restricted stock, stock options and short-term incentive awards were allocated for fiscal 2015 (assuming the fiscal 2015 short-term incentive plan achieved target level payout). "Other NEO Pay Allocation" excludes our current Executive Vice President — Chief Financial Officer, Teri L. List-Stoll, who joined the Company mid-fiscal 2015; as a result, Ms. List-Stoll did not receive all elements of the annual executive compensation package. Equity awards for promotions are also excluded for purposes of this chart.

Each of the variable elements of compensation for fiscal 2015 was affected by the Company’s fiscal 2015 performance and the Company’s stock price performance. As we discuss further below, there were no payouts pursuant to the fiscal 2015 short-term incentive award.

We discuss each of the elements of our compensation program in further detail starting on page 28 of this proxy statement.

VARIABLE COMPENSATION IS DRIVEN BY COMPANY PERFORMANCE

Our short-term and long-term incentive programs are designed to pay based on an assumed threshold growth in the Company’s performance. Each incentive program is distinct and rewards the achievement of specific, pre-determined financial, operational and strategic goals. We use, or have used, one-, three-, four- and five-year measurement periods, depending on the specific purpose of the program. At any given time, we could have one or more incentive programs in place, and might from time-to-time adopt new incentive programs based on our organizational needs and the Company’s strategic plan.

TABLE OF CONTENTS

Executive Compensation (continued)

Short-Term Incentive Program - Our short-term incentive program (“STIP”) is based on the Company’s annual operating plan, and requires that the Company achieve threshold level of financial performance in order for any payout to occur. For fiscal 2015, our STIP required threshold level of growth in net sales across all of our channels, which we refer to as “Consolidated Sales,” and growth in consolidated earnings before taxes, adjusted for certain non-recurring, infrequent, unusual or special items, as approved by the Compensation Committee. We refer to this adjusted consolidated earnings before taxes as “EBT.” In the event that threshold EBT was not achieved, no incentive payments would have been awarded regardless of our Consolidated Sales growth. This design ensures that pay is based on the Company’s year-over-year profitable growth. The chart below, which shows the last five years of the Company’s year-over-year Consolidated Sales and EBT growth compared to the short-term incentive award paid to our CEO, demonstrates this alignment.

See Appendix A for GAAP to EBT (non-GAAP) reconciliations.

Information about the metrics and payout for the fiscal 2015 STIP is available starting on page 28 - 31.

The negative impact of the weather resulted in net sales and earnings below our estimates, and below the threshold performance level required for payouts under our STIP. As a result, our executive officers and incentive-eligible associates did not receive a payout under the fiscal 2015 STIP. This plan is described in more detail on page 28.

Long-Term Incentive Programs - Our performance-based restricted stock programs are special performance-based long-term grants that do not provide an opportunity for annual vesting. The performance metrics provide vesting opportunities at threshold and target levels, with 100% vesting only if the target level metrics are met. Most recently, in 2013 we adopted a one-time 5-year restricted-stock based performance plan based on stretch net sales and operating margin goals. We have referred to this plan as our 2013 LTIP, which covers Company performance from fiscal 2013 through fiscal 2017. The stretch goals need to be met at threshold level in order for any of the restricted stock awards to vest.

TABLE OF CONTENTS

Executive Compensation (continued)

The Company has completed three of the five fiscal years included in the 2013 LTIP performance period. Based on the Company's fiscal 2013, fiscal 2014 and fiscal 2015 performance, the Company does not currently expect any of the awarded performance-based restricted stock to be earned at the end of the 5-year performance period. The "Reported Value" shown under 2013 LTIP represents the grant date fair value for 100% of the awarded performance-based restricted stock as reported in the "Summary Compensation Table" for fiscal 2013, the year of grant. See page 31 for additional information about the 2013 LTIP.

BASED ON FISCAL 2015 PERFORMANCE AND OUR FOCUS ON OUR OMNI-CHANNEL GROWTH, WE MADE RECENT COMPENSATION DECISIONS TO RETAIN AND MOTIVATE OUR ASSOCIATES

Special Discretionary Bonus for 2015 - Fiscal 2015 presented some temporary challenges that, ultimately, resulted in financial performance below the threshold level required for a payment under the Company's short-term incentive plan. After careful review and deliberation, the Compensation Committee determined that the Company should pay a discretionary bonus to all incentive eligible associates other than the Chairman and CEO and EVP- COO, to recognize significant associate contributions that position the Company for continued profitable growth. Specifically, the Compensation Committee wanted to recognize executive and non-executive achievements in the Company's transition to its own eCommerce platform, including the launch of www.golfgalaxy.com and www.fieldandstreamshop.com on the new platform, strong performance in growth categories where the Company made specific investments in improved product content, merchandise presentation, shopping experience and marketing, and the successful navigation of the unusually warm winter that materially affected the Company's fourth quarter performance.

In its deliberation, the Committee determined that the bonus should have a retentive element for the executive officers. Therefore, the discretionary bonus for each executive officer is subject to repayment. Each executive officer must reimburse the Company for a pro-rata portion of the award if he or she voluntarily terminates his or her employment or if the Company terminates his or her employment for cause, in either case prior to March 15, 2018. In making this decision, the Compensation Committee felt the retentive value would serve to promote consistent leadership necessary for the achievement of the Company's long-term strategic goals, including the Company's initiatives to drive store productivity, grow store presence in new and underpenetrated markets, grow and control eCommerce, and expand presence in the outdoor space.

These discretionary bonuses paid to the Named Executive Officers were significantly less than the payouts the officers would have otherwise received had our financial results been achieved at the threshold level of payout. Furthermore, by their choice and as supported by the Compensation Committee, both Mr. Stack, Chairman and CEO, and Mr. Hawaux, EVP- COO elected not to receive bonuses.

Change to Fiscal 2016 STIP - The Committee also approved an annual short-term incentive plan for fiscal 2016 that raises the performance requirements for a payout for executive officers. For fiscal 2016, the Committee eliminated the opportunity of a payout for Company performance at a threshold level for executive officers. Though the short-term incentive plan has historically included payout opportunity at threshold, target and maximum level performance, the Committee felt that for fiscal 2016, executive officers should only get a payout if target level, or greater, performance is achieved. They made this change for one year to raise performance requirements for fiscal 2016 as a balance against the discretionary award made for fiscal 2015.

STRONG GOVERNANCE UNDERLIES OUR COMPENSATION PROGRAM

We strive to align the Company’s executive compensation program with the interests of the Company and its stockholders and we implement strong corporate governance in our executive compensation program to achieve this result. The charts below highlight certain pay practices that we utilize and those that we avoid, so as to maintain discipline in our executive compensation program.

Pay Practices We Utilize

Threshold earnings must be achieved in order for payouts to occur	Threshold level EBT, adjusted for certain non-recurring, infrequent, unusual or special items, must be achieved before any performance-based incentives are paid to named executive officers. This ensures that a level of stockholder value is generated before performance-based incentive compensation is awarded to our named executive officers. See pages 28 to 30 and page 31 for further information.
A variety of performance metrics ensures focus on the Company’s strategy	We have used a variety of performance metrics, including same store net sales, inventory turn, operating margin, and total net sales in our incentive-based programs in order to align compensation with the Company’s long-term strategy. For fiscal 2015, our short-term incentive program was based on Consolidated Sales and EBT. See pages 28 to 30 for further information.
Grants are based on 100% of fair market value	Our equity plan requires that all common stock grants are priced at 100% of fair market value on the date of grant, as reported on the NYSE.
Dividends on restricted stock and performance stock are subject to forfeiture	The Company currently pays quarterly dividends. However, all dividends paid on restricted stock and performance stock are subject to forfeiture and are paid only if the underlying restricted stock ultimately vests.
Stock Ownership Guidelines keep our executives invested	We have adopted stock ownership guidelines to ensure that our executive officers and directors are financially invested in the Company alongside our stockholders, as further detailed on page 31 of this proxy statement.
We prohibit short-selling and hedging and restrict pledging transactions	Our executive officers and directors are strictly prohibited from engaging in short selling and put, call, or other derivative transactions or hedging or other monetization transactions in our common stock. Executive Compensation (continued)

In addition to maintaining discipline in our executive compensation program, we believe these pay practices create an overall compensation program that is designed to motivate and reward our employees and executive officers for their performance on a short-term and long-term basis and for taking appropriate business risks. These pay practices mitigate excessive or unnecessary risk taking, and encourage a level of risk taking that is not reasonably likely to have a material adverse effect on the Company.

THE COMPENSATION DECISION-MAKING PROCESS IS THOROUGH AND BALANCES OBJECTIVE DATA WITH A DEEP UNDERSTANDING OF OUR BUSINESS

Participants in the compensation decision-making process utilize a combination of objective data along with a deep understanding of the business as they consider each element of compensation. Further, participants in the decision-making process strive to ensure that programs are complementary and support both the short- and long-term objectives of the Company.

As of the record date, our Chairman and Chief Executive Officer controls 59.70% of the combined voting power of our common stock and Class B common stock. He has been operating the Company since 1984 and has led the Company through its sustained growth for over 30 years. He has a substantial role in the development of the Company's long-term strategy, and as a result, provides critical input in the development of executive compensation programs intended to motivate executives to achieve that strategy. However, all decisions relating to executive compensation are ultimately made by the Compensation Committee, which is comprised entirely of "Non-employee Directors" for purposes of Rule 16b-3 under the Exchange Act, and some cases, an ad hoc subcommittee of the Compensation Committee (the "Ad Hoc Subcommittee") who also satisfy the requirements of "outside directors" for purposes of Section 162(m) of the Code, and all named executive officer compensation packages, including the Chairman and Chief Executive Officer's compensation, are approved annually by the Compensation Committee or in some cases, the Ad Hoc Subcommittee. As a controlled company, the Company is not required to have an independent Compensation Committee under the listing standards of the NYSE, but has determined that independent voices in the executive compensation decision-making process are in the best interest of the Company's stockholders and balances pay with performance.

Compensation of our Chief Executive Officer - Participants in the compensation decision-making process for the Chief Executive Officer consist of our SVP - Human Resources, the Compensation Committee and the Board. Our SVP - Human Resources works with management's compensation consultant to develop and review benchmarking information. Based on this benchmarking information, our SVP - Human Resources makes recommendations of compensation for the Chief Executive Officer to the Compensation Committee. The Compensation Committee reviews benchmarking information, the Company's performance against performance targets for incentive compensation awards, the Company's overall financial performance and the Chief Executive Officer's overall performance. The Compensation Committee may also discuss these matters directly with the Chief Executive Officer. Following review, the Compensation Committee approves the Chief Executive Officer's compensation and performance targets for grants under our short-term and long-term incentive programs for the Chief Executive Officer and ultimately determines whether such performance targets have been met and to what extent. All components of the Chief Executive Officer's compensation, including base salary, short-term incentive, long-term incentive and other equity awards are approved by the Compensation Committee and, in some cases, by the Ad Hoc Subcommittee for purposes of Section 162(m) of the Code, and are then subsequently approved in an executive session of all directors other than the Chairman and Chief Executive Officer.

Compensation of our Named Executive Officers, other than our Chief Executive Officer - The participants in the compensation decision-making process for named executive officers, other than the Chief Executive Officer, consist of our Chairman and Chief Executive Officer, our SVP - Human Resources and the Compensation Committee. Our SVP - Human Resources works with our Chairman and Chief Executive Officer to develop recommendations on all components of a named executive officer's compensation, including recommending levels and performance targets for grants of short-term and long-term incentive awards and discretionary matching contributions to the Company's

retirement programs. Recommendations are based on the Company's historical performance, the Company's financial, operational and strategic goals, benchmarking information provided by management's compensation consultant, the Company's talent needs and individual performance. Our Chairman and Chief Executive Officer makes the final determination on whether new and/or revised compensation programs will be presented to the Compensation Committee.

The Chairman and Chief Executive Officer reviews his recommendations with the Compensation Committee and our SVP- Human Resources. The Compensation Committee (and for purposes of Section 162(m) of the Code, the Ad Hoc Subcommittee) is responsible for approving all components of executive compensation as well as for approving performance targets for our short-term and long-term incentive programs and determining whether performance targets have been met and to what extent. The Compensation Committee also reviews and approves all new and/or revised executive compensation programs. The Compensation Committee has delegated certain non-executive compensation matters to a subcommittee consisting of members of management. The subcommittee does not have authority to make determinations with respect to executive officer compensation.

OBJECTIVE DATA PROVIDES INSIGHT INTO MARKET PRACTICES

Role of Management’s Compensation Consultant - In fiscal 2015, management retained Hay Group, Inc., a nationally known consulting company with a strong emphasis in the retail sector (“Hay Group”), as its compensation consultant to provide market data, benchmarking research, survey information and peer group advice relating to executive compensation. In addition, management has separately engaged Towers Watson to provide consulting services relating to director compensation. Both Hay Group and Towers Watson work directly with our human resources team, including our SVP - Human Resources. Neither Hay Group nor Towers Watson meet with or otherwise provide advice or consulting services to our Compensation Committee. All research for executive compensation conducted by Hay Group and Towers Watson is provided to the Compensation Committee directly by management.

Benchmarking Executive Compensation - In general, the Compensation Committee has benchmarked base salary and time-vested equity awards for named executive officers to retail market median, with a willingness to pay above market median for executives who have critical skills in key operational areas for the Company or for outstanding performance against key financial metrics. Company management has historically engaged Hay Group to review, analyze and make recommendations with respect to our named executive officer compensation, both as to individual components as well as the comprehensive package. Each pay component utilized by the Company in fiscal 2015 was analyzed using the Hay Group 2014 Retail Industry Total Remuneration Report (referred to as the “Hay Retail Survey”), which includes 143 retail companies and provides data by job title (controlling for differences in responsibility and revenue).

In 2015, management engaged Hay Group to conduct a review of the direct compensation components paid to our named executive officers against a specific benchmark retail group, with a focus on base pay, annual performance incentive pay and stock-based compensation. This benchmark retail group (referred to as the “Retail Peer Group”) consisting of 18 companies was selected based on the following attributes:

- publicly-held specialty retailers
- retailers with annual revenues between one-half and two times the Company’s annual revenue
- retailers with which we compete for executive talent
- “medium” to “large” box retailers (i.e. average store size of 15,000 square feet or greater)
- retailers with comparable financial metrics (i.e., that consider both short-and long-term performance metrics such as market capitalization, sales, return on invested capital and total shareholder return)

The Retail Peer Group is reviewed and approved annually by the Compensation Committee and may change from time to time based on each component retailer’s continued relevance to the Company’s current or future business model, as well as the competitive environment for executive talent.

The Retail Peer Group for fiscal 2015 compensation recommendations was comprised of the following companies:

Abercrombie & Fitch Co.	Big Lots, Inc.	PetSmart, Inc.
Advance Auto Parts, Inc.	Cabela’s Incorporated	Ralph Lauren Corporation
American Eagle Outfitters, Inc.	Dollar Tree Stores, Inc.	Ross Stores, Inc.
Ascena Retail Group, Inc.	Foot Locker, Inc.	Tractor Supply Company
AutoZone, Inc.	GameStop Corp.	VF Corporation
Bed, Bath & Beyond, Inc.	L Brands, Inc.	Williams-Sonoma, Inc.

STOCKHOLDERS SUPPORT OUR PAY PROGRAM

Say-On-Pay Vote Results - We held an advisory vote at the 2015 annual meeting of stockholders asking our stockholders to approve, on a non-binding advisory basis, the compensation paid to our named executive officers. The Compensation Committee has determined that the Company should hold this vote every year. The Company received approval from over 98% of the votes cast for the compensation paid to our named executive officers with respect to fiscal 2014. Because the Company is a “controlled company,” the Compensation Committee also reviewed the voting results from the Company’s unaffiliated holders of the Company’s common stock. Based on the voting results, we have strong stockholder support of our executive compensation programs.

ELEMENTS OF COMPENSATION

The combination of our performance-based programs and our time-vested equity program creates an overall compensation program design that rewards the achievement of financial, operational and strategic goals over one-, three-, four- and five-year measurement periods. The Compensation Committee believes that this overall compensation program design creates balanced incentives for our named executive officers that encourages them to grow the Company in a disciplined, focused manner with a view towards long-term success. Each element of compensation has a specific purpose.

Base Salary - Base salary is intended to provide reasonable and market-competitive fixed pay reflective of an executive’s role, responsibilities and individual performance. Base salary is benchmarked by the Compensation Committee at the retail market median, with a willingness to pay above median to attract and retain executives who have critical skills in key operational areas for the Company and to retain executives who have delivered sustained superior performance for the Company. Furthermore, base salary determinations take into account tenure with the Company and areas of responsibility, particularly where executives have combined executive roles. The Compensation Committee examines base salary in conjunction with data provided by the Hay Retail Survey and against the Retail Peer Group to help guide it in determining base salary increases.

Name	Position	2015 Salary	2016 Salary	% Change
Edward W. Stack	Chairman and Chief Executive Officer	\$1,000,000	\$1,000,000	0%
Teri L. List-Stoll	Executive Vice President — Chief Financial Officer	\$750,000	\$750,000	0%
André J. Hawaux	Executive Vice President — Chief Operating Officer	\$772,500	\$772,500	0%
Michele B. Willoughby	Executive Vice President — eCommerce and Supply Chain	\$525,000	\$540,750	3.0%
Lee J. Belitsky	Executive Vice President — Product Development and Planning, Allocations and Replenishment	\$489,518	\$489,518	0%
Lauren R. Hobart	Executive Vice President — Chief Marketing Officer	\$520,000	\$520,000	0%

Short-Term Incentive Awards - The Company looks at a combination of performance metrics to design its STIP, paid annually in cash. As previously discussed, the Company did not meet the threshold performance level required for payouts under our short-term incentive plan for fiscal 2015. As a result, our named executive officers did not receive a payout under the fiscal 2015 STIP. Nonetheless, below we describe the structure of the incentive plan.

For fiscal 2015, the Company used Consolidated sales and EBT goals to determine whether short-term incentive awards would be paid. The 2015 annual performance incentive components and targets were established by the Compensation Committee with a goal of continued focus on driving sustained profitable growth. The metrics were based on the Company’s annual operating plan, and required threshold level of EBT to be achieved in order for any payouts to occur.

TABLE OF CONTENTS

Executive Compensation (continued)

The following table sets forth the specific threshold, target and maximum amounts, as a percentage of base salary, potentially payable to our named executive officers under the Company's fiscal 2015 STIP:

Name	Position	Threshold Target Maximum (as a percentage of base salary)		
		Threshold	Target	Maximum
Edward W. Stack	Chairman and Chief Executive Officer	90%	210%	400%
Teri L. List-Stoll	Executive Vice President — Chief Financial Officer	60%	75%	150%
André J. Hawaux	Executive Vice President — Chief Operating Officer	80%	100%	200%
Michele B. Willoughby	Executive Vice President — eCommerce and Supply Chain	60%	75%	150%
Lee J. Belitsky	Executive Vice President — Product Development and Planning, Allocations and Replenishment	60%	75%	150%
Lauren R. Hobart*	Executive Vice President — Chief Marketing Officer	60%	75%	150%

* Ms. Hobart was promoted from Senior Vice President — Chief Marketing Officer to Executive Vice President — Chief Marketing Officer in September 2015. In connection with her promotion, her threshold, target and maximum payouts were raised from 40%, 50% and 100% to 60%, 75% and 150%, respectively. Any actual payout would have been prorated based on the time in each position and the respective payout level.

The determination of the annual STIP payout is based on achievement of two separate components: (1) EBT and (2) Consolidated Sales, each set at threshold, target and maximum levels. If threshold EBT is not achieved, then no performance incentive amounts are paid, regardless of whether the Consolidated Sales metric is achieved. The Compensation Committee is permitted to exercise negative discretion with respect to the incentive amount paid to any named executive officer, regardless of the level of the Company's achievement of EBT and Consolidated Sales. EBT is the first and principal component of the fiscal 2015 STIP. Eighty percent (80%) of each named executive officer's fiscal 2015 performance incentive award is calculated based on EBT achieved during the fiscal year relative to the pre-determined levels of threshold, target and maximum EBT.

The threshold, target and maximum EBT targets correlate with the three levels of bonus expressed as a specified percentage of the named executive officer's eligible earnings, as described above. The Company uses interpolation between the threshold, target and maximum EBT targets and the corresponding base salary percentage to determine the specific amount of the payout for each named executive officer with respect to the achievement of the EBT goal between the various levels.

Consolidated Sales comprised the second component of the 2015 STIP. Twenty percent (20%) of each named executive officer's fiscal 2015 STIP award is calculated based on achievement of the goal. As with the EBT component, the Company uses interpolation to determine the specific amount of the payout for each named executive officer with respect to the achievement of Consolidated Sales between the various levels.

For fiscal 2015, the Compensation Committee determined that the program for executive officers should provide an additional payout opportunity for superior Company performance based on achievement of a superior level of EBT. If the Company achieved this Superior Level of EBT, each named executive officer, other than the Chairman and Chief Executive Officer, would have received a payout of \$200,000, with interpolation between the maximum level and the Superior Level.

2015 Performance Targets	Threshold	Target	Maximum	Superior	Actual
EBT (in \$000's)	\$554,700	\$600,000	\$659,400	\$669,400	\$538,759
Consolidated Sales (in \$000's)	\$7,185,000	\$7,349,000	\$7,556,000	N/A	\$7,270,965

* See Appendix A for GAAP to non-GAAP reconciliations.

TABLE OF CONTENTS

Executive Compensation (continued)

To determine the actual incentive payment, the Company applies the following formula to each executive officer:

“Eligible earnings” represents actual payment to the named executive officer during the fiscal year, while “Component Attainment” is the Company’s actual performance against the Threshold, Target and Maximum levels.

The table below shows the actual incentive payments made to each of our named executive officers.

Name	Target Payout Percentage	Target Payment	Actual Payout Percentage	Actual Payment
Edward W. Stack	210%	\$2,100,000	0%	\$0
Teri L. List-Stoll	75%	\$281,250 ⁽¹⁾	0%	\$0
André J. Hawaux	100%	\$768,606	0%	\$0
Michele B. Willoughby	75%	\$390,505	0%	\$0
Lee J. Belitsky	75%	\$365,288	0%	\$0
Lauren R. Hobart ⁽²⁾	75%	\$299,354	0%	\$0

⁽¹⁾ Ms. List-Stoll joined the Company as Executive Vice President — Chief Financial Officer in August 2015 and the target payment is based on her eligible earnings in fiscal 2015.

⁽²⁾ Ms. Hobart was promoted from Senior Vice President — Chief Marketing Officer to Executive Vice President — Chief Marketing Officer in September 2015. In connection with her promotion, her threshold, target and maximum payouts were raised from 40%, 50% and 100% to 60%, 75% and 150%, respectively. Any actual payout would have been prorated based on the time in each position and the respective payout level.

Annual short-term incentive payments are paid for the most recently completed fiscal year (assuming performance levels have been met) as soon as administratively practical after the amounts are determined and the Compensation Committee has taken the actions required under Section 162(m) of the Code.

Long-Term Incentive Awards - Long-term equity compensation is a key element of our executive compensation program. It is used to drive behaviors that lead to long-term growth and financial success, ensure balance between short- and long-term performance focus, align executive and stockholder interests, retain key executive talent, and create an association between individual pay and the long-term performance of the Company. Equity compensation also builds an ownership mentality among executives. Long-term equity awards vest over three-, four- and five-year periods.

Equity grants are generally made on an annual basis to specified categories of employees in amounts that take into account such factors as Company and individual performance, total stockholder return, share usage and stockholder dilution, as well as market competitiveness. The target grant value is reflective of market competitive pay levels. An individual award can be granted at a level above or below the target value based on Company performance as well as individual performance and potential.

The Company’s annual grant of equity awards to our named executive officers, other than our Chairman and Chief Executive Officer, was split in fiscal 2015, with approximately 40% of the total grant value consisting of time-based restricted stock, and the remaining 60% awarded as a stock option. Our Chairman and Chief Executive Officer received approximately 70% of his total grant value in time-based restricted stock and 30% as a stock option. Special grants may also be authorized by the Compensation Committee for, among other things, new hires and promotions, exceptional performance or retention purposes.

The Company grants annual equity awards based on the desired value of the award, which is determined by considering the long-term performance equity market data included in the Hay Retail Survey and the practices of the Retail Peer Group. The Compensation Committee believes that a value-based approach ensures greater alignment and consistency with the external market and provides greater stability in managing equity expense.

TABLE OF CONTENTS

Executive Compensation (continued)

Stock Options - Stock options are generally granted on an annual basis to our executive officers, vest 25% per year over four years following the grant date, and have seven year maximum terms.

Restricted Stock - Restricted stock awards are generally granted on an annual basis to our executive officers, vest 100% on the third anniversary of the grant date, and remain subject to forfeiture if the recipient fails to remain actively employed through the vesting period. Holders of unvested restricted stock are entitled to voting and dividend rights; however, dividends are held by the Company and are subject to forfeiture until vesting of the underlying shares of restricted stock to which the dividends relate.

Performance-Based Long-Term Incentives - The Company uses performance-based restricted shares from time-to-time to align executive performance with the Company's long-term strategy. These awards are not annual awards and are not designed to provide opportunity for annual vesting. Instead, these performance-based restricted stock awards are specifically tailored around the Company's long-term strategic plan. The 2013 LTIP, our only performance-based long-term incentive plan currently in place, is based on a five year performance period and stretch enterprise goals.

The 2013 LTIP consists of performance-based restricted stock that vests at the end of a five-year performance period from fiscal 2013 to the end of fiscal 2017 upon attainment of net sales and operating margin goals at threshold and target levels, with opportunity for earlier vesting if certain performance conditions are met. Vesting only occurs if threshold level of both metrics is achieved and then only at the 50% level. Vesting of 100% of the awarded restricted stock only occurs if target level of both metrics is achieved. Currently, Company performance is tracking to result in below threshold performance on both metrics, thereby resulting in 0% vesting. See the Company's Compensation Discussion and Analysis included in its proxy statement for its 2014 Annual Meeting of Stockholders for further information about the 2013 LTIP.

STOCK OWNERSHIP GUIDELINES KEEP OUR EXECUTIVES INVESTED

The Compensation Committee adopted stock ownership guidelines to further align the interests of our executive officers and directors with the interests of our stockholders and to encourage long-term stock ownership. The guidelines apply for so long as the executive officer or director occupies such positions.

The stock ownership guidelines for named executive officers and directors are as follows:

Role	Value of Common Stock to be Owned
Chairman and Chief Executive Officer	6 times base salary
Executive Vice Presidents	3 times base salary
Other Executive Officers	1 times base salary
Board of Directors	\$300,000 value

All shares of common stock, including time-based and performance-based restricted stock and stock underlying exercisable and unexercisable stock options, as well as shares of Class B Common Stock, that are beneficially owned by the executive officer or director are counted towards the ownership requirement. Named executive officers and directors have three years from the time they become subject to the guidelines to reach the ownership requirements, and compliance is reviewed every year based on the record date for the Company's annual meeting of stockholders. If an executive officer or director does not meet the ownership requirement within the time prescribed, he or she will not be permitted to sell net shares obtained through stock option exercises or released in connection with the vesting of restricted stock until the ownership requirement is met. As of the record date for the 2016 annual meeting, all named executive officers and directors were in compliance with the stock ownership requirements.

Additional Information

Retirement and Other Benefits - The Company's Smart Savings 401(k) Plan, established pursuant to Section 401(k) of the Code, covers all salaried employees (including named executive officers) and certain hourly employees. Under its terms, the Company may make an annual discretionary matching contribution, which typically has been paid out at 50% of the first 10% of the participant's deferral. Each of our named executive officer's contribution to his or her

401(k) account is capped at 3% of his or her base salary (net of any contributions to the Officer's Supplemental Savings Plan, the Company's nonqualified deferred contribution plan discussed below). The participant must be an active employee on December 31 of the plan year to receive any matching contribution for that year.

31 Dick's Sporting Goods, Inc. Proxy Statement and Notice of 2016 Annual Meeting of Stockholders

TABLE OF CONTENTS

Executive Compensation (continued)

Company contributions vest 20% per year of service and become fully vested when a participant attains five years of service. Thereafter, all Company contributions are fully vested. The Compensation Committee has delegated authority to a management subcommittee to approve the Company's annual matching contributions up to \$1.00 per every dollar deferred by the participant up to the first 10% of the participant's deferral, including contributions to any named executive officers. Any Company contributions above that match level require approval from the Compensation Committee. The Compensation Committee is informed of any matches approved by the management subcommittee.

Officers' Supplemental Savings Plan - The Dick's Sporting Goods Officers' Supplemental Savings Plan, referred to as the Officers' Plan, is a voluntary nonqualified deferred compensation plan that became effective in April 2007. The Officers' Plan was implemented for the purpose of attracting high quality executives by providing a more robust retirement savings opportunity and by including a match provision, which we believe promotes in our key executives an increased interest in the successful operation of the Company. The Officers' Plan provides participants an opportunity to participate in a deferred contribution plan above the 401(k) plan, which caps the level of contributions that they can make. Certain key executives, including our named executive officers, are eligible to participate in the Officers' Plan. For information regarding the terms of the Officers' Plan, including matching amounts received by our named executive officers, see the "Nonqualified Deferred Compensation Table" and subsequent narrative description set forth on page 41 of this proxy statement.

Perquisites and Other Personal Benefits - The Company does not view perquisites as a material component of its executive compensation program. With the exception of limited perquisites available to our Chairman and Chief Executive Officer, our executive officers do not receive personal benefits that are not otherwise widely available to employees. Our Chairman and Chief Executive Officer receives certain life insurance, country club and professional service benefits. The Company leases suites at certain sporting event venues for business purposes. Executive officers and employees may have the opportunity to use tickets at individual events if the suites are not being used for business purposes. There is no incremental cost to the Company for providing these individual tickets to employees. For a description of the perquisites and the attributed costs of these benefits, see our "Summary Compensation Table" on page 33 to 34 of this proxy statement.

Personal Use of Company Aircraft - The Company does not permit named executive officers or directors to use the Company's aircraft for personal use unless our Chairman and Chief Executive Officer approves the personal use and the named executive officer or director pays for the aggregate incremental cost of the flight. In limited instances where the named executive officer or director is not billed, any non-reimbursed travel will be considered income to the named executive officer or director and reported for income tax purposes and included as compensation in our "Summary Compensation Table" and "Director Compensation Table." In fiscal 2015, there was no personal use of the Company's aircraft that was not fully reimbursed by our named executive officers or directors.

Written Employment Arrangements - We do not have employment agreements with our named executive officers. In some instances in connection with the negotiation of new hires, we have entered into offer letters with our executive officers, which have provided them written assurances of certain elements of compensation for the year in which they join the Company.

Severance and Change-in-Control Agreements - We do not have severance or change-in-control agreements with our named executive officers. We have a general severance policy that applies to a broad base of employees pursuant to which we pay severance equal to the greater of four (4) weeks of pay or one (1) week of pay for every year of employment with us. The Company has entered into Non-Competition and Confidentiality Agreements with all of its executive officers, other than the Chairman and Chief Executive Officer, which provides for severance consistent with this broad based policy. See "Non-Competition Agreements" on page 42 for more information. The Company may also, in its discretion, offer other arrangements to named executive officers or employees whose employment with the Company terminates.

Tax and Accounting Implications - Section 162(m) of the Code generally provides that a publicly-traded corporation may not take a tax deduction for compensation over \$1,000,000 paid for any fiscal year to each of the Company's Chief Executive Officer and the three (3) other most highly compensated executive officers (other than the Company's

Chief Financial Officer) as of the end of any fiscal year. The deduction limitations of Section 162(m), however, do not apply to "qualified performance-based compensation" provided certain requirements are met. The Compensation Committee believes that it is generally in the Company's best interest to attempt to structure incentive awards to executive officers, including stock option grants, short-term incentive awards and long-term incentive awards issued under our stockholder-approved plans, Dick's Sporting Goods Amended and Restated 2002 Stock and Incentive Plan (the "2002 Plan") and the Dick's Sporting Goods 2012 Stock and Incentive Plan (the "2012 Plan"), in a manner that is intended to satisfy the requirements of Section 162(m). The Compensation Committee, however, retains the discretion and flexibility to make compensation decisions that may not satisfy the requirements of Section 162(m) when necessary to enable the Company to meet its overall objectives, even if the Company may not deduct all of the compensation.

(1) Amounts set forth in this column (b) reflect amounts deferred and contributed by the named executive officer under the Officers' Plan, which became effective April 1, 2007. Fiscal 2015 executive contributions are included in the Summary Compensation Table as (i) 2015 Salary and/or (ii) 2014 Non-Equity Incentive Plan Compensation depending on the named executive officer's deferral election.

(2) Amounts set forth in this column (c) are reported in the Summary Compensation Table as Change in Pension Value and Nonqualified Deferred Compensation Earnings.

(3) Includes unvested Company contributions.

As described on page 43-44 of this proxy statement, our named executive officers participate in the Officers' Plan, pursuant to which they have the opportunity to defer up to 25% of their base salary and up to 100% of their annual performance incentive payment, to be allocated among a range of investment choices. Gains and losses are credited based on the participant's election of a variety of investment choices. Participants' accounts may appreciate and/or depreciate depending on the performance of their investment choices. None of the investment choices provide returns at above-market or preferential rates.

Deferral amounts are 100% vested and matching contributions, including future contributions, become 100% vested after five years of plan participation, or upon the named executive officer's death, disability or upon a change-in-control of the Company. Named executive officers may elect to receive distributions from the Officers' Plan as a lump sum, in annual installments (with any installment term between two (2) and twenty (20) years), or a combination of the two options. Vested matching contributions may be distributed only after a named executive officer reaches age 55, or upon the named executive officer's death or disability (as defined in applicable Treasury regulations), or in the event of certain hardships or changes of control (each as defined under Section 409A of the Code).

Under the Officers' Plan, the Company is required to match amounts deposited into plan accounts at a rate of 20% of the participant's annual deferral, up to a \$200,000 maximum match per year. Matching amounts are contributed as one lump sum following the end of the year, and the named executive officer must be an eligible participant as of December 31 to receive the matching contribution for that year. The Company also has the ability to make a discretionary matching contribution as determined from time to time by the Board. The Company may determine a vesting schedule for discretionary contributions that is different from the vesting schedule for mandatory matching contributions. The Company established a rabbi grantor trust, with a third-party trust company as trustee, for the purpose of providing the Company with a vehicle to fund participant contributions and Company matching amounts under the Officers' Plan.

The Officers' Plan is intended to constitute a nonqualified, unfunded plan for federal tax purposes and for purposes of Title I of the Employee Retirement Income Security Act of 1974, as amended, is intended to comply with Section 409A of the Code, and contains restrictions to help ensure compliance. Our obligations to pay deferred compensation under the Officers' Plan are unsecured general obligations of the Company. We may amend or terminate the Officers' Plan at any time in whole or in part, provided that no amendment or termination may reduce the amount credited to accounts at the time of such amendment or termination.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Certain of our Company's plans and programs provide for payments in connection with a termination of employment or a change-in-control of the Company. The Company does not have any employment agreements with our named executive officers, and there are no pension plans or other deferred compensation plans in which our named executive officers participate, other than the Officers' Plan. The Company also does not have severance or change-in-control agreements in place with our named executive officers.

The information below describes and quantifies certain compensation that would become payable under our existing plans and arrangements if a named executive officer's employment had terminated on January 29, 2016 (the last trading day prior to the end of our fiscal year, January 30, 2016, which was a Saturday), given the named executive officer's compensation and service levels as of such date and, if applicable, based on our closing stock price on January 29, 2016. These benefits are in addition to benefits available generally to salaried employees, such as distributions under our 401(k) savings plan and accrued vacation pay. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, such as the timing during the year of any such event and the Company's stock price, any actual amounts paid or distributed may be different.

Non-Competition Agreements — All of our current named executive officers, other than our Chairman and Chief Executive Officer and controlling stockholder, have executed non-competition and confidentiality agreements with the Company providing them with limited payments upon termination under certain circumstances. Under these agreements, named executive officers are not provided with payments if they voluntarily terminate employment, retire, die or become permanently disabled or are terminated for any of the following reasons: (i) fraud or felonious conduct; (ii) embezzlement or misappropriation of Company funds or property; (iii) material breach of the non-competition, non-solicitation or confidentiality covenants set forth in their agreement with the Company or any material violation of the provisions of the Company's employee handbook; (iv) gross negligence; or (v) their consistent inability or refusal to perform, or willful misconduct in or disregard of the performance of their duties and obligations, under certain circumstances. Under these agreements, upon the termination of employment of a named executive officer for any reason other than those set forth above and subject to compliance with the relevant non-competition, non-solicitation and confidentiality covenants, we are obligated to pay to that named executive officer an amount equal to the greater of four weeks of pay or one week of pay for every year of employment with us, in each case at the named executive officer's base salary in effect immediately prior to termination. The payment is payable bi-weekly in accordance with the Company's regular payroll practices. The Company in its discretion may offer other arrangements to employees who end employment with the Company.

Equity Awards — Equity awards held by our named executive officers outstanding as of January 29, 2016 (last trading day of fiscal 2015) were issued pursuant to our 2002 Plan and 2012 Plan.

Under the terms and conditions of the 2002 Plan, in the event that a named executive officer's continuous status as an employee is terminated, the non-vested portion of any stock option or restricted stock award will be deemed cancelled on the termination date and any vested portion of any stock option will, unless otherwise set forth in the award, remain exercisable for the lesser of a period of (i) 90 days following termination or (ii) the expiration date of the stock option. Except as otherwise set forth in the award itself, in the event that the named executive officer voluntarily terminates employment due to a total and permanent disability (as defined in Section 22(e)(3) of the Code) or due to the employee's death, the non-vested portion of any restricted stock award and associated accumulated dividends shall immediately vest, the non-vested portion of any stock option will be deemed cancelled on the termination date and any vested portion of the stock option will remain exercisable for the lesser of a period of (i) 12 months following termination or (ii) the expiration date of the stock option. In each case, the 2002 Plan grants the administrator the ability to set other periods of time during which an award can be exercised, as set forth in the document evidencing such option or award.

Under the 2012 Plan, upon termination of a named executive officer's continuous status as an employee due to death or total and permanent disability (as defined in Section 22(e)(3) of the Code), all unvested time-based restricted stock

awards, and associated accumulated dividends, shall vest immediately. In the event of death or total and permanent disability (as defined in Section 22(e)(3) of the Code), performance-based restricted stock awards will only vest if the performance metrics are met. If the termination of continuous status as an employee occurs by any reason other than death or total and permanent disability, any time-based or performance-based restricted stock awards that have not vested shall, unless otherwise specified by the Compensation Committee, be automatically forfeited. Upon termination of a named executive officer's continuous status as an employee for any reason, the non-vested portion of any stock option will expire immediately and any vested portion of a stock option shall remain exercisable for a period of (i) 90 days in the event of termination of the executive officer's status as an employee; (ii) 12 months in event of termination as a result of death or total and permanent disability (as defined in Section 22(e)(3) of the Code); or (iii) 36 months in the event of retirement, which is defined

Compensation Tables (continued)

as having attained at least age 55 with 15 or more years of service, as determined by the Plan Administrator (or earlier in each instance upon expiration of the stock options term).

“Continuous status as an employee” is defined in the 2002 Plan and 2012 Plan as the absence of any interruption or termination of the employment relationship, except in the case of (i) sick leave, which is further defined in the 2012 Plan as approved medical, disability, or family leave; (ii) military leave; (iii) any other leave of absence approved by the Board, provided such period does not exceed 90 days, unless reemployment is guaranteed by contract, statute or Company policy; or (iv) transfers between locations of the Company or between the Company and its subsidiaries. Under the 2002 Plan, in the event of a merger or consolidation of the Company with or into another corporation or the sale of all or substantially all of the Company’s assets, the Board may authorize all outstanding stock options or awards to be assumed or an equivalent stock option or right to be substituted by the successor corporation or parent or subsidiary of such successor corporation. In

the event that the successor corporation does not agree to assume the stock options or rights, or to substitute an equivalent stock option or stock appreciation right, the Board shall provide for employees to have the right to exercise all stock options previously granted to such employee, including those not otherwise exercisable at the time. Under the terms of the 2012 Plan, the Board may authorize outstanding awards to be assumed or an equivalent award be substituted by the successor corporation and may assign such awards to the successor corporation. In the event that the successor corporation does not agree to assume the awards, or to substitute an equivalent award, then the Board may provide that all outstanding options and stock appreciation rights become vested and exercisable, and vesting restrictions on restricted stock and other awards lapse. The Board retains the ability to substitute, adjust, or otherwise settle outstanding awards, including cashing out such awards, as it deems appropriate and consistent with the 2012 Plan’s purposes. Pursuant to the 2013 LTIP, vesting of performance stock will be accelerated on a pro-rated basis in the event the Company undergoes a change-in-control or Large Acquisition Transaction (as defined in the Long-Term Performance Based RSA Agreement granted under the 2012 Plan), which acceleration shall be based on both the number of completed fiscal years in the performance period prior to the event and the Company’s actual performance to date. Based on current performance as of January 30, 2016, the Company does not expect any payout pursuant to the 2013 LTIP, and therefore, a change of control or Large Acquisition Transaction on January 30, 2016 would not result in an accelerated payout.

The 2012 Plan provides that unvested or unexercised equity awards may be subject to cancellation and that recoupment of the value of shares distributed under awards already vested may be required, upon the occurrence of certain specified events, including termination of employment for cause, violation of material Company policies, or other conduct that is detrimental to the business or reputation of the Company. In addition, awards may be subject to clawback, as determined by the Compensation Committee, to the extent required by applicable law or securities exchange listing standard, including, but not limited to, Section 304 of the Sarbanes-Oxley Act of 2002.

Officers’ Supplemental Savings Plan — Under the terms of the Officers’ Plan, in the event of a participant’s retirement or early retirement (defined below), death, disability (as defined in applicable Treasury regulations) or in the event of certain hardships or changes-in-control (each as defined under Section 409A of the Code), the participant is entitled to receive an amount equal to the participant’s contributions and vested and unvested matching and discretionary contributions by the Company. This amount is payable in a single lump sum unless the participant has elected to receive the distribution in installments.

Upon termination of employment other than by reason of retirement, early retirement, death or termination for cause (defined below), the participant is entitled to receive a termination benefit equal to the participant’s contributions and the vested portion of the Company’s matching and discretionary contributions, together with any aggregate earnings on those amounts. If a participant is terminated for cause (defined below), the participant forfeits all rights to both vested and unvested contributions of the Company and is entitled to receive a benefit equal to the participant’s contributions, together with any aggregate earnings on the participant contributions, payable in a single lump sum. For our named executive officers, all payments would be deferred for a six-month period under Section 409A of the Code.

The Company's matching contributions under the Officers' Plan vest only after a participant has completed at least five years of participation in the plan. The Company will determine separately the vesting of the Company's discretionary contributions, if any. After five years of participation, all past and future Company contributions are fully vested. As of January 29, 2016, Messrs. Stack and Belitsky and Ms. Willoughby were fully vested in the Company's contributions.

"Retirement" is defined in the Officers' Plan as termination of employment, other than a termination for cause, on or after the date on which the participant has both attained age 55 and completed at least five years of participation in the Officers' Plan, and "early retirement" is termination of employment, other than for cause, on or after the date on which the participant has completed at least five years of participation. "Termination for cause" is defined in the Officers' Plan as termination of employment by reason of: (i) a substantial

intentional failure to perform duties as an employee or to comply with any material provision of his or her employment agreement with the Company, where such failure is not cured within 30 days after receiving written notice from the Company specifying in reasonable detail the nature of the failure; (ii) a breach of fiduciary duty to the Company by reason of receipt of personal profits; (iii) conviction of a felony; or (iv) any other willful and gross misconduct committed by the participant. A “change-in-control” is defined in the Officers’ Plan as any of: (i) the dissolution or liquidation of the Company; (ii) a reorganization, merger or consolidation of the Company with one or more corporations as a result of which the Company is not the surviving corporation; (iii) approval by the stockholders of the Company of any sale, lease, exchange or other transfer (in one or a series of transactions) of all or substantially all of the assets of the Company; (iv) approval by the stockholders of the Company of any merger or consolidation of the Company in which the holders of voting stock of the Company immediately before the merger or consolidation will not own 50% or more of the voting shares of the continuing or surviving corporation immediately after such merger or consolidation; or (v) a change of 50% (rounded to the next whole person) in the membership of the Company’s Board within a twelve-month period, unless the election or nomination for election by stockholders of each new director within such period was approved by the vote of two-thirds (rounded to the next whole person) of the directors then still in office who were in office at the beginning of the twelve-month period. Notwithstanding the foregoing, no event shall constitute a “change-in-control” for purposes of acceleration of distributions on termination of the Officers’ Plan if it is not a “change in the ownership or effective control of the corporation,” or “in the ownership of a substantial portion of the assets of the corporation,” “corporate dissolution,” or “with approval of a bankruptcy court pursuant to 11 U.S.C. Section 503(b)(1)(A)” within the meaning of Section 409A of the Code.

Insurance Benefits — The Company currently pays the premiums for two life insurance policies covering our Chairman and Chief Executive Officer. The beneficiaries under the policies are chosen by Mr. Stack. Prior to his death, Mr. Stack may receive the cash surrender value of the policy. For detail regarding the premiums paid by the Company for fiscal 2015, see footnote 5 of the “Summary Compensation Table” on page 33 of this proxy statement.

Represents the participant's contributions and the Company's contributions (vested and/or unvested), as described in the applicable footnote. As of January 29, 2016, all Company contributions are vested for each of our named (4) executive officers, other than Mr. Hawaux, Ms. List-Stoll and Ms. Hobart. For additional information regarding the Officers' Plan, see the "Nonqualified Deferred Compensation Table" and accompanying narrative set forth on pages 41 of this proxy statement.

Represents participant contributions and vested Company contributions (if any). Participant contributions are paid (4a) at the next scheduled settlement date after the termination and vested Company contributions are paid on the settlement date following the date the participants reach the age of 55.

Represents participant contributions and vested and unvested Company contributions. Participant contributions (4b) and Company contributions are paid in single lump sum, unless the participant elected scheduled distributions had commenced at the time of the event. If scheduled distributions had commenced at the time of the event, contributions will be paid in accordance with the distribution schedule.

Represents participant contributions and vested Company contributions (if any). Participant contributions and (4c) Company contributions are paid in single lump sum, unless the participant elects scheduled distributions.

Represents participant contributions and vested and unvested Company contributions. Participant contributions (4d) and Company contributions are paid in single lump sum on the last day of the 15th month after the month in which the event took place unless the participant elected otherwise.

Upon termination of employment for any reason, unvested stock options are forfeited. Any vested portion will remain exercisable following termination for a period of 90 days other than in connection with death or disability, (5) in which case vested stock options will remain exercisable for 12 months following termination, subject in each case to earlier termination due to expiration of the award. In the event of a change-in-control, the Board may authorize all outstanding stock options or awards to be assumed or an equivalent stock option or right to be substituted by the successor corporation. In the event that the successor corporation does not agree to assume the stock options or other awards, or to substitute an equivalent stock option or right, unexercisable stock options or other awards shall be accelerated and become exercisable.

Represents the value of unvested time-based restricted stock, and accumulated dividends, that would immediately vest upon termination of employment due to death or a total and permanent disability. Upon termination for any (6) other reason, unvested restricted stock would be forfeited. In the event of a change-in-control, the Board may authorize all outstanding awards to be assigned to the successor corporation. In the event that the successor corporation does not agree to assume the awards, or to substitute an equivalent right, restricted stock awards shall vest.

Our Chairman and Chief Executive Officer is covered by two life insurance policies paid for by the Company, the (7) beneficiaries of which are chosen by Mr. Stack (prior to his death the executive may receive the cash surrender value of the policy). If our Chairman and Chief Executive Officer had died on January 30, 2016, the beneficiaries under said policies would have received \$2,413,407 under the first policy, and \$4,000,000 under the second policy.

Item 3—Non-Binding Advisory Vote to Approve Compensation of Named Executive Officers

Section 14A of the Exchange Act requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding and advisory basis, the compensation of our named executive officers. At our 2011 annual meeting of stockholders, our stockholders voted to conduct this vote on an annual basis. We will hold another vote on the frequency with which to conduct this vote at our 2017 annual meeting. Since the vote on this compensation program is advisory in nature, it will not affect any compensation already awarded to any named executive officer, and will not be binding on or overrule any decisions made by the Compensation Committee or the Board. The vote on this resolution is not intended to address any specific element of compensation. Rather, this vote relates to the compensation of our named executive officers as a whole, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC.

The Compensation Committee annually reviews named executive officer compensation, as discussed in this proxy statement. As discussed under the heading “Compensation Discussion and Analysis,” beginning on page 20 of this proxy statement, our compensation program is designed to align executive pay with Company performance, and we seek to closely align the interests of our named executive officers with the interests of our stockholders.

The Compensation Committee and the Board will consider the results of this advisory vote when formulating future executive compensation policy. As such, your vote will serve as an additional tool to guide the Compensation Committee and the Board in continuing to align the Company’s executive compensation program with the interests of the Company and its stockholders. Your vote will also guide the Compensation Committee and the Board to ensure that our executive compensation program is consistent with our commitment to high standards of corporate governance.

We ask our stockholders to vote on the following resolution at the 2016 annual meeting:

“RESOLVED, that the Company’s stockholders approve on an advisory basis the compensation of the Company’s named executive officers, as disclosed in the Company’s proxy statement for the 2016 annual meeting of stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and narrative disclosure.”

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

Additional Information

Other Matters. As of the date of this proxy statement, we know of no business that will be presented for consideration at the 2016 annual meeting other than the items referred to above. If any other matter is properly brought before the 2016 annual meeting for action by stockholders, proxies properly provided to the Company will be voted in accordance with the recommendation of the Board or, in the absence of such a recommendation, in accordance with the judgment of the proxy holder.

“Householding” of Proxy Materials. The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address, unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. We will deliver promptly, upon written or oral request, a separate copy of the annual report or proxy statement, as applicable, to a security holder at a shared address to which a single copy of the documents was delivered. You can notify us by sending a written request to the attention of Investor Relations, Dick’s Sporting Goods, Inc., 345 Court Street, Coraopolis, PA 15108 or calling us at (724) 273-3400 if you would like to receive separate copies of mailed materials relating to future meetings, or you are sharing an address and you wish to request delivery of a single copy of mailed materials if you are now receiving multiple copies.

In accordance with rules adopted by the SEC, instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing proxy materials to our stockholders via the internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Materials.

Advance Notice Procedures. Under our bylaws, no business may be presented by any stockholder before an annual meeting unless it is properly presented before the meeting by or at the direction of the Board or by a stockholder entitled to vote who has delivered written notice to our Corporate Secretary, John E. Hayes, III, Dick’s Sporting Goods, Inc., 345 Court Street, Coraopolis, PA 15108 (containing certain information specified in our bylaws about the stockholder and the proposed action) at least 150 days prior to the anniversary date of the preceding year’s annual meeting — that is, with respect to the 2017 annual meeting, by January 11, 2017. These requirements are separate from and in addition to the SEC’s requirements that a stockholder must meet in order to have a stockholder proposal included in the Company’s proxy statement, as discussed below.

Stockholder Proposals for Inclusion in the Company’s Proxy Materials Relating to the 2017 Annual Meeting.

Stockholders interested in submitting a proposal for inclusion in the Company’s proxy materials for the annual meeting of stockholders in 2017 may do so by following the procedures prescribed in Rule 14a-8 under the Exchange Act. To be eligible for inclusion, such proposals must be received by the Company not less than 120 calendar days before the anniversary date of the Company’s proxy statement to stockholders in connection with the previous year’s annual meeting. Therefore, for the 2017 annual meeting, such proposals must be received by the Company no later than December 30, 2016. Proposals should be sent to the attention of the Legal Department, Dick’s Sporting Goods, Inc., 345 Court Street, Coraopolis, PA 15108.

Proxy Solicitation and Costs. The proxies being solicited hereby are being solicited by the Board of Directors of the Company. The cost of soliciting proxies will be borne by the Company. We have not retained an outside firm to aid in the solicitation. Officers and regular employees of the Company may, but without compensation other than their regular compensation, solicit proxies by further mailing or personal conversations, or by telephone, telex, facsimile or electronic means. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of stock.
