The condensed balance sheet as of Sept 30, 2003, the statement of operations for the periods ended Sept, 2003 and 2002, and the condensed statement of cash flows for the periods then ended have been prepared by the Company, without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flows at Sept 30, 2003 and for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2002 audited financial statements. The results of operations for the period ended Sept 30, 2003 are not necessarily indicative of the operating results for the full year.

Note 2. Revenue Recognition: Revenues are recorded at the time of shipment of products or performance of services. Monthly license fees are recorded over the lives of the respective contracts or as earned.

Note 3. Customer Concentration: Five major customers comprised 95% of the Company's revenues from installation and licensing fees from the installation of the Company's Table Trac(TM) system through Sept 30 2003.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Business Overview:

Edgar Filing: TABLE TRAC INC - Form 10QSB

Table Trac, Inc.'s patented real-time management system product automates and monitors the operations of casino table games (blackjack, craps, etc.) The Table Trac(TM) system (patent number 5,957,776) is available for an installation and monthly license fee from the Company. The system is operating in 5 midwest casinos. With the system developed, site tested and commercial viability established, the Company has turned its focus to sales and marketing as wells as development of complimentary products such as Self Service Kiosks.

Results of Operations:

Revenues in the quarter ended September 30, 2003 of \$37,962 are lower than the \$117,276 posted in 2002. Although license and maintenance fees increased in 2003, a system sale in 2002 accounts for the difference. All of the Company's revenues from installation and licensing fees from the installation of the Company's Table Trac(TM) system were from seven customers through September 2003. Costs of sales in the quarter ended September 30 decreased in 2003 to \$-0- from \$19,573 in 2002 as none of the 2003 revenues were the result of hardware sales. Operating expenses in the quarter ended September 30 substantially reduced in 2003, to \$43,617 from \$129,805 in 2002. The major changes were decreased payroll and decreased employee benefit expenses in 2003 compared to 2002. The result was that there was a net loss of (\$-5,641) in the third quarter 2003 compared to a net loss of \$(31,817) in the third quarter 2002. The net loss per share was \$(-0.0015) in the third quarter 2003 compared to a net loss per share of \$0.0088 in the third quarter 2002.

Liquidity and Capital Resources:

In the second quarter the Company recieved a bridge loan of \$12,000 from Emergent Financial which will convert to stock at not less than \$0.08. The company presently has no plans to offer furhter notes or other securities. The Company's current operations are supported using the monies provided from current contracts. The Company continues to pursue opportunities for additional installations, but there can be no assurances that the Company will be successful in its efforts.
