Item 2.02. Results of Operations and Financial Condition.

On May 1, 2013, Markel Corporation (the Company or the Registrant) completed the acquisition of Alterra Capital Holdings Limited (Alterra). In conjunction with the continued integration of Alterra into the Company's insurance operations, during the first quarter of 2014, the Company changed the way it aggregates and monitors its ongoing underwriting results. Effective January 1, 2014, the Company monitors and reports its ongoing underwriting operations in the following three segments: U.S. Insurance, International Insurance and Reinsurance. In determining how to aggregate and monitor its underwriting results, the Company considers many factors, including the geographic location and regulatory environment of the insurance entity underwriting the risk, the nature of the insurance product sold, the type of account written and the type of customer served. The U.S. Insurance segment includes all direct business and facultative placements written by the Company's insurance subsidiaries domiciled in the United States. The International Insurance segment includes all direct business and facultative placements written by the Company's insurance subsidiaries domiciled outside of the United States, including the Company's syndicates at Lloyd's. The Reinsurance segment includes all treaty reinsurance written across the Company. Results for lines of business discontinued prior to, or in conjunction with, acquisitions will continue to be reported in the Other Insurance (Discontinued Lines) segment. All investing activities related to the Company's insurance operations are included in the Investing segment. The Company's non-insurance operations, which include the Company's Markel Ventures operations, are not considered to be a reportable segment.

These segment changes have no effect on the Company's historical consolidated financial results of operations. Prior period results have been conformed to the Company's new reportable segments. Exhibit 99.1 includes unaudited segment results for the Company's U.S. Insurance, International Insurance and Reinsurance segments for the years ended December 31, 2011, 2012 and 2013 and for each of the quarters in the year ended December 31, 2013. There were no changes in the historical amounts reported for the Company's Other Insurance (Discontinued Lines) segment or Investing segment. Exhibit 99.1 also includes a reconciliation of segment profit (loss) to net income to shareholders for each of the periods presented.

As provided in General Instruction B.2 of Form 8-K, the information furnished in this Current Report on Form 8-K, including Exhibit 99.1, is not deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liability of that section. This information will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Registrant specifically incorporates it by reference.
