PART I

Item 1. BUSINESS

INTRODUCTION TO OUR BUSINESS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The discussion of our business is as of the date of this filing, unless otherwise noted.

InnSuites Hospitality Trust (the Trust) was organized in 1971 and operates as an unincorporated Ohio real estate investment trust. On January 31, 2004, the Trust owned a 51.54% sole general partner interest in RRF Limited Partnership, a Delaware limited partnership (the Partnership). On January 31, 2004, the Partnership owned eight InnSuites® hotels located in Arizona, New Mexico and southern California (all eight InnSuites® hotels are hereinafter referred to as the Hotels). The Trust has 12 employees.

The Hotels feature 1,231 hotel suites and operate as moderate and full-service hotels which apply a value studio and two-room suite operating philosophy formulated in 1980 by James F. Wirth, current Chairman, President and Chief Executive Officer of the Trust. The Trust owns and operates hotels as studio and two-room suite hotels that offer services such as free breakfast buffets and complementary afternoon social hours plus amenities, such as microwave ovens, refrigerators, free high speed internet access and coffee makers in each studio or two-room suite.

Until February 1, 2004, the Trust elected to be taxed as a real estate investment trust (REIT), as that term is defined and used in Sections 856-860 of the Internal Revenue Code of 1986, and the Regulations thereunder (all as amended, the Code). As of February 1, 2004, the Trust is no longer a REIT, but instead will be taxed as a C corporation under federal tax laws. See Note 20 to the Trust's Consolidated Financial Statements - Subsequent Events. The Hotels are leased to InnSuites Hotels, Inc. (InnSuites Hotels) pursuant to leases which contain provisions for rent based on the revenues of the Hotels (the Percentage Leases) and which are eliminated upon consolidation for the years ended January 31, 2004, 2003 and 2002.

As a REIT, through January 31, 2004, the Trust was prohibited from operating its properties other than through an independent management company or a taxable REIT subsidiary. Prior to February 1, 2001, InnSuites Hotels operated and managed all of the Hotels, with the assistance of InnSuites International Hotels, Inc. (InnSuites International), an entity owned by Mr. Wirth. Pursuant to management agreements, InnSuites Hotels paid InnSuites International an annual management fee of 2.5% of gross revenues for property management services. Following the acquisition of InnSuites Hotels by the Trust effective February 1, 2001, InnSuites Hotels operates and manages the Hotels with the assistance of Suite Hospitality Management, Inc. (the Management Company), an entity in which Mr. Wirth, until July 1, 2003, held a 9.8% ownership interest, pursuant to substantially the same terms as the InnSuites International management agreements. In exchange for its assumption of the prior management agreements, the Management Company agreed to pay \$911,320 to InnSuites International in order for InnSuites International to satisfy its liabilities. See Item 1 - Business - Acquisition of InnSuites Hotels by the Trust below. Effective February 1, 2003, the annual management fee charged by the Management Company to InnSuites Hotels was reduced to 2.0% of gross room revenues. This reduction will be effective through January 31, 2005, when the annual management fee will return to the level stated in the original management agreements. On December 31, 2003, the Trust agreed to extend the current management agreements through January 31, 2008 in exchange for the Management Company forgiving \$183,248 of accrued but unpaid fees. The Trust incurred management fee expenses related to these contracts of \$440,530, \$369,896 and \$679,619 for the twelve months ended January 31, 2004, 2003 and 2002, respectively. The Trust is currently in negotiations with the Management Company to

purchase the management agreements. Subsequent to year-end, the Management Company purchased InnSuites Licensing Corp. (the Licensing Corp.).

InnSuites Hotels pays the Licensing Corp. an annual licensing fee of 2.0% of gross room revenues (1.0% for those hotel properties which also carry a third-party franchise (as discussed below), such as Best Western® or Holiday Inn®) for trademark and licensing services relating to the use of the InnSuites® name and marks. These rates are in effect until January 31, 2005, when the trademark and licensing fees will return to the levels stated in the original trademark and licensing services agreements (2.5% and 1.25% of gross revenue, respectively). On December 31, 2003, the Trust agreed to extend the trademark and licensing services agreements for the next two fiscal years through January 31, 2007 in exchange for the Licensing Corp. forgiving \$347,473 of accrued but unpaid fees. The Management Company purchased the Licensing Corp. from Mr. and Mrs. Wirth on February 2, 2004. The Trust incurred licensing fees of \$301,007, \$445,942 and \$384,868 for the twelve months ended January 31, 2004, 2003 and 2002, respectively. The Trust is currently in negotiations with the Licensing Corp. to purchase the licensing agreements and the InnSuites® name and marks.

InnSuites Hotels has entered into franchise arrangements with certain third parties with respect to five of the Hotels, with four Best Western hotels and one Holiday Inn hotel. In exchange for use of the Best Western name, trademark and reservation system, the participating Hotels pay fees to Best Western International based on reservations received through the use of the Best Western system and the number of available suites at the participating Hotels. The agreements with Best Western have no specific expiration terms and are cancelable at the option of either party. Best Western requires that the participating Hotels meet certain requirements for room quality, and such Hotels are subject to removal from its reservation system if these requirements are not met. In exchange for use of the Holiday Inn name, trademark and reservation system, the participating Hotels pay fees based on gross room revenue. The agreement with Holiday Inn expires on June 30, 2006. Holiday Inn requires that the participating Hotel meet certain requirements for room quality, and such Hotel is subject to removal from its reservation system if these requirements are not met. The Hotels with third-party franchise agreements receive significant reservations through the Best Western and Holiday Inn reservation systems. The Trust incurred \$628,521, \$656,375 and \$625,489 in total fees related to these agreements for the twelve months ended January 31, 2004, 2003 and 2002, respectively.

HISTORICAL OPERATIONS AND FORMATION TRANSACTIONS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

On December 27, 1996, the Trust and Hospitality Corporation International (HCI), an Arizona corporation owned by Mr. Wirth and his spouse, which controlled seven all-suite hotel properties, comprising 1,036 hotel studio and two-room suites, in Tucson, Phoenix, Scottsdale, Tempe, Flagstaff and Yuma, Arizona and in Ontario, California (the Initial Hotels), executed a definitive Formation Agreement (the Formation Agreement) whereby, through a series of transactions, the Initial Hotels were combined with the Trust. At the 1997 Annual Meeting of Shareholders held on January 28, 1998, the shareholders of the Trust approved the transactions contemplated by the Formation Agreement (the Formation Transactions).

The Formation Agreement provided for the organization of the Partnership, of which the Trust would be the sole general partner, initially holding a 13.6% interest, with the former partners in the Initial Hotels investing as limited partners, receiving a collective 86.4% interest, and for restructuring the Trust into an umbrella partnership REIT, or UPREIT. The Partnership acquired substantial interests in six of the Initial Hotels. The seventh hotel, located in Scottsdale, Arizona, was acquired directly by RRF Sub Corp., a then newly-formed Nevada corporation and wholly-owned subsidiary of the Trust. RRF Sub Corp. subsequently contributed the Scottsdale, Arizona hotel to the Partnership in exchange for general

partnership interests therein. The Trust contributed \$2,081,000 in cash to the Partnership to obtain its initial 13.6% sole general partner interest.

The Partnership has two outstanding classes of limited partnership interests, Class A and Class B, which are identical in all respects except that each Class A limited partnership unit is convertible, at the option of the Class A holder, into one newly-issued Share of Beneficial Interest of the Trust. Prior to February 1, 2004, no particular conversion of Class A limited partnership units was allowed, however, if a determination was made that such conversion would cause the Trust to no longer qualify as a REIT under the Code. A total of 2,174,931 Class A limited partnership units were issued to the former partners in the Initial Hotels, prior to February 1, 2004, Class B limited partnership units are convertible only upon the approval of the Board of Trustees, provided that such conversion would not cause the Trust to fail to qualify as a REIT. A total of 4,017,361 Class B limited partnership units were issued to Mr. Wirth and certain of his affiliates in order to satisfy ownership concentration limitations placed upon REITs by the Code. The Partnership Agreement of the Partnership subjects both general and limited partner units to certain restrictions on transfer.

HOTEL ACQUISITIONS FOLLOWING THE FORMATION TRANSACTIONS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Following the Formation Transactions, the Partnership acquired four additional all-suite hotels. First, effective as of February 1, 1998, the Partnership acquired the InnSuites Hotel Tucson St. Mary's located in Tucson, Arizona. The total consideration for the acquisition was \$10,820,000 and was based upon an appraisal conducted by an independent third party. Mr. Wirth and his spouse indirectly owned the Tucson St. Mary's hotel property. Second, on April 29, 1998, the Partnership acquired the Lafayette Hotel Ramada Inn & Conference Center located in San Diego, California. The Partnership paid \$5,148,000 for this hotel property based on arms-length negotiations with owners of that property. Third, the Partnership acquired the InnSuites Hotel located in Buena Park, California, effective June 1, 1998. The total consideration for the acquisition was \$7,100,000 and was based upon an appraisal conducted by an independent third party. Mr. Wirth and Steven S. Robson indirectly owned the Buena Park hotel property at the time of such acquisition. Subsequent to this acquisition, Mr. Robson was elected as a Trustee of the Trust by the shareholders of the Trust. Fourth, the Partnership acquired the Best Western Airport Inn located in Albuquerque, New Mexico, effective August 30, 2000. The total consideration for the acquisition was \$2,100,000 based on arms-length negotiations with the owners of that property. The Trust believes that the greatest opportunities for revenue growth and profitability will arise from the skillful management of the Trust's Hotels plus the skillful management and repositioning of current and future acquired hotel properties. The Trust's primary business objectives are to maximize returns to its shareholders through increases in asset value and cash flow available for distribution and to increase long-term total returns to shareholders. The Trust seeks to achieve these objectives through (i) participation in increased revenues from the Hotels through intensive management and marketing and (ii) selective acquisitions and expansion of the InnSuites Hotels in the southwestern region of the United States. At this time, the Trust does not plan to acquire any additional hotels.

SALE OF HOTEL PROPERTIES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

On March 21, 2003, the Trust sold its Scottsdale, Arizona property to Eldorado Resort, L.L.C. (Eldorado), an affiliate of Mr. Wirth, for its appraised and carrying value of \$3.1 million. During fiscal year 2003, the Trust recorded a loss on impairment of \$590,000 on the property. The property's decrease in value was due to changes in the economic condition, and decreased prospects for future development, in its immediate area. Eldorado paid for the hotel by assuming \$1.1 million of the Trust's notes payable

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

to Rare Earth Financial, L.L.C., (Rare Earth Financial), an affiliate of Mr. Wirth, assuming \$500,000 of the Partnership's notes payable to Capital Resource Lenders-I, L.L.C., an affiliate of Mr. Wirth, and paying the Trust's term loan of \$1,500,000 to the lender in full.

On August 21, 2003, the Trust sold its Flagstaff, Arizona property to Flagstaff Grand Canyon Resort, LLC (Flagstaff Resort), an affiliate of Mr. Wirth, for a cash payment equal to its appraised value of \$2,775,000. The Trust used the proceeds to fully satisfy its \$1.5 million bank line of credit and to reduce its notes payable to Rare Earth Financial by \$1,275,000. As of August 21, 2003, the Trust's bank line of credit and bank term loan were fully satisfied. The purchase price exceeded the carrying value of the property by \$377,330, which was recorded as a capital contribution to the Partnership, and which resulted in a net increase in Shareholder equity in the amount of \$192,080, net of minority interest.

On October 16, 2003, the Trust sold its Buena Park, California property to CVTI, LLC, an unrelated third party (CVTI), for \$6.5 million. The purchase price was satisfied with \$6.3 million in cash and a \$200,000 promissory note issued by CVTI to the Trust. The Trust subsequently assigned the \$200,000 promissory note to Rare Earth Financial to satisfy \$200,000 of a certain note payable held by Rare Earth Financial. The Trust used the cash proceeds to fully satisfy the bank mortgage note on the property in the amount of \$3,082,574, to reduce certain notes payable to Mr. Wirth and his affiliates and Mr. Robson in the aggregate amount of \$1.5 million and to reduce trade accounts payable. In connection with this sale, the Trust recorded a loss of \$29,000. During the second quarter of fiscal year 2004, the Trust recorded a loss on impairment of \$328,976 related to the Buena Park property. The loss was recorded to reduce the asset's carrying value to the sales price. The decrease in value was due to a slowdown in leisure travel to the southern California area caused by global terror concerns and an overall sluggish economic environment.

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Tempe, Arizona and San Diego, California properties were sold subsequent to year end. See Note 19 to the Trust's Consolidated Financial Statements - Hotel Properties Held for Sale and Sale of Hotel Properties and Note 20 to the Trust's Consolidated Financial Statements - Subsequent Events.

ACQUISITION OF INNSUITES HOTELS BY THE TRUST

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

In December 2000, InnSuites Hotels and the Trust established independent review groups to consider altering the structure of the management and operations of the Hotels pursuant to the provisions of the REIT Modernization Act. Effective February 1, 2001, the Trust acquired all of the issued and outstanding common and preferred equity stock of InnSuites Hotels for \$11,531 in cash consideration and the assumption of approximately \$1.6 million of net liabilities. Prior to the acquisition, InnSuites Hotels was owned 23% by Marc E. Berg, Executive Vice President, Secretary, Treasurer and Trustee of the Trust, 9.8% by InnSuites International, a wholly-owned affiliate of Mr. Wirth and his spouse, and 67.2% by unrelated parties.

Following the acquisition, the management agreements relating to the Hotels between InnSuites Hotels and InnSuites International were terminated effective January 31, 2001 and new management agreements were entered into on substantially similar terms with the Management Company, 9.8% of which was owned by Mr. Wirth until July 1, 2003, when Mr. Wirth sold his interest to the majority stockholder. There were no termination fees charged in connection with the cancellation of the old management agreements. In exchange for its assumption of the management agreements, the Management Company agreed to pay \$911,320 to InnSuites International in order for InnSuites International to satisfy its liabilities. Effective February 1, 2001, the Partnership, InnSuites Hotels and the Management Company entered into an amended Intercompany Agreement whereby, subject to certain terms and conditions, the Partnership granted InnSuites Hotels a right of first refusal to lease, and the Management Company a right of first refusal to operate, any real property acquired by the Partnership. In return, the Partnership was granted a right of first refusal to pursue opportunities presented to InnSuites

Hotels or the Management Company to purchase investments in real estate, hotel properties, real estate mortgages, derivatives or entities that invest in any of the foregoing. To date, the Trust has not purchased or used derivatives. In connection with the acquisition of InnSuites Hotels by the Trust, the rate structures of the Percentage Leases for the Hotels were amended to reflect current economic and market conditions and the employees of InnSuites Hotels became employees of the Management Company. The acquisition of InnSuites Hotels by the Trust resulted in the following benefits: (1) a more direct relationship between the Hotels and the Trust, (2) the inclusion of InnSuites Hotels' revenues in excess of required rent payments in the Trust's consolidated financial reports, (3) the elimination of potential conflicts of interest and (4) the reduction of certain administrative costs relative to the operation of the Hotels and the administration of the Percentage Leases.

COMPETITION IN THE HOTEL INDUSTRY

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The hotel industry is highly competitive and competition has intensified over the past three years due to the sluggish economy and a general slow down in the travel and hospitality industries primarily due to the negative impact of the threat of terrorism and the war with Iraq. Each of the Hotels experiences competition primarily from other mid-market hotels located in its immediate vicinity, but also competes with hotel properties located in other geographic markets. While none of the Hotels' competitors dominate any of the Trust's geographic markets, some of those competitors have greater marketing and financial resources than the Trust and the Partnership.

A number of additional hotel property developments have been announced or have recently been completed by competitors in a number of the Hotels' markets, and additional hotel property developments may be built in the future. Such hotel developments have had, and could continue to have, an adverse effect on the revenue of the Hotels in their respective markets.

The Trust has chosen to focus its hotel investments in the southwest region of the United States. The Trust has a concentration of assets in the metropolitan Phoenix and Tucson, Arizona markets. In the Phoenix and Tucson, Arizona and the Albuquerque, New Mexico markets, the supply of hotel rooms has been increasing faster than the rate of demand. Supply rates also generally increased faster than demand rates in the Yuma, Arizona market. The southern California market continues to support balanced supply and demand rates.

The Trust may also compete for investment opportunities with other entities that have greater financial resources. These entities also may generally accept more risk than the Trust can prudently manage. Competition may generally reduce the number of suitable future investment opportunities available to the Trust and increase the bargaining power of owners seeking to sell their properties.

SEASONALITY OF THE HOTEL BUSINESS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Hotels' operations historically have been seasonal. The five southern Arizona hotels experience their highest occupancy in the first fiscal quarter and, to a lesser extent, the fourth fiscal quarter. The second fiscal quarter tends to be the lowest occupancy period at those five southern Arizona hotels. This seasonality pattern can be expected to cause fluctuations in the Trust's quarterly revenues. The three hotels located in California and New Mexico historically experience their most profitable periods during the second and third fiscal quarters (the summer season), providing some balance to the general seasonality of the hotel business. To the extent that cash flows from operations is insufficient during any quarter, due to temporary or seasonal fluctuations in lease revenue, the Trust may utilize other cash on hand or borrowings to make distributions to its shareholders. No assurance can be given that the Trust will make distributions in the future.

The Trust intends to maintain a conservative dividend policy to facilitate reduction of debt and internal growth. In fiscal years 2004 and 2003, the Trust paid dividends of \$0.02 and \$0.01 per share, respectively, in the fourth quarter of each year. During fiscal year 2003, the Trust was restricted to a \$0.01 per share dividend by the terms of its bank line of credit agreement. There were no such restrictions on dividends during fiscal year 2004 due to the payment in full of the bank line of credit.

OVERVIEW

The Trust is engaged in the ownership and operation of hotel properties. At January 31, 2004, our system included eight moderate and full-service hotels with 1,231 hotel suites. Certain of our Hotels are branded through franchise agreements, which include four Best Western hotels and one Holiday Inn hotel. All eight Hotels are trademarked as InnSuites Hotels. We are also involved in various operations incidental to the operation of hotels, such as the operation of restaurants and meeting/banquet room rentals.

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Our operations consist of only one reportable segment, hotel ownership, which derives its revenue from the operation of the Hotels.

Our results are significantly affected by occupancy and room rates at the Hotels, our ability to manage costs, and changes in the number of available suites caused by acquisition and disposition

activities. Results are also impacted by overall economic conditions and conditions in the travel industry. Unfavorable changes in these factors could negatively impact hotel room demand and pricing which would reduce our profit margins on rented suites. Additionally, our ability to manage costs could be adversely impacted by significant increases in operating expenses, resulting in lower operating margins.

We anticipate that improving economic conditions will create opportunities for the hospitality industry and our Company in fiscal year 2005. Improving economic conditions are expected to result in increased business and leisure travel and support higher room rates, and therefore higher operating margins. Challenges in fiscal year 2005 are expected to include continued competition for group business in the markets in which we operate and the Trust's ability to increase room rates while maintaining market share. We will continue to focus on managing our costs, achieving increased daily rates in the markets where we operate and building occupancy. We believe that our focus on customer service, adding more two-room suites and leveraging technology will enable us to remain competitive.

Effective February 1, 2004, the Trust relinquished its REIT status. As of that date, any distributions to its shareholders are not deductible for purposes of computing the Trust's taxable income and the Trust will be subject to income tax, including any applicable alternative minimum tax, on its taxable income at regular corporate rates, without offset for distributions of such income to its shareholders. See Note 20 to the Trust's Consolidated Financial Statements - Subsequent Events.

RESTATEMENT OF FINANCIAL STATEMENTS

Subsequent to the issuance of the Trust's 2004 financial statements, we reviewed our accounting for discontinued operations in accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. We have determined that we have significant continuing involvement as that term is defined in SFAS No. 144, which precludes the classification of our hotel properties held for sale as discontinued operations. As a result, we have restated our Consolidated Statements of Operations for the years ended January 31, 2002, 2003 and 2004 and our Consolidated Statements of Operations for the interim periods ended April and July in 2003 and 2004 and October 2002 and 2003.

GENERAL

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The following discussion should be read in conjunction with the Trust's consolidated financial statements and notes thereto.

The accounting policies that we believe are most critical and involve the most subjective judgments include our estimates and assumptions of future revenue and expenditures used to project property cash flows. Future cash flows are used in the valuation calculation of our hotel properties to determine the recoverability (or impairment) of the carrying amounts in the event management is required to test the asset for recoverability of its carrying value under Statement of Financial Accounting Standards No. 144. If the carrying amount of an asset exceeds the estimated future cash flows over its estimated remaining life, the Trust recognizes an impairment expense to reduce the asset's carrying value to its fair value. Fair value is determined by either the most current third-party property appraisal, if available, or the present value of future cash flows over the remaining life of the asset. Our evaluation of future cash flows is based on our historical experience and other factors, including certain economic conditions and committed future bookings. See - Critical Accounting Policies and Estimates below.

At January 31, 2004, the Trust owned a 51.54% interest in the Hotels through its sole general partner's interest in the Partnership. The Trust purchased 57,509, 257,101 and 15,322 Partnership units during the years ended January 31, 2004, 2003 and 2002, respectively.

The Partnership leases its hotel properties to InnSuites Hotels. The corresponding rent expense for InnSuites Hotels and rent revenue for the Partnership, as well as the resulting rent receivable and payable, eliminate in consolidation. During the fourth quarter of fiscal year 2004, the Partnership agreed to waive InnSuites Hotels accrued but unpaid rent in exchange for InnSuites Hotels extending its lease agreements one year. The total amount waived was \$3,134,130. This transaction had a net effect of increasing the Trust's stockholders equity by \$1,518,834.

The expenses of the Trust consist primarily of property taxes, insurance, corporate overhead, interest on mortgage debt, professional fees, depreciation of the Hotels, management and trademark fees to affiliates and hotel operating expenses. Under the terms of its Partnership Agreement, the Partnership

is required to reimburse the Trust for all such expenses. Accordingly, management believes that a review of the historical performance of the operations of the Hotels, particularly with respect to occupancy, average daily rate (ADR), calculated as total room revenue divided by number of rooms sold, and revenue per available room (REVPAR), calculated as total room revenue divided by number of rooms available, is appropriate for understanding revenue from the Percentage Leases. ADR decreased by \$0.32 to \$66.27 in fiscal year 2004 from \$66.59 in fiscal year 2003. Occupancy increased 2.33% to 62.79% in fiscal year 2004 from 60.46% in fiscal year 2003 primarily as a result of the reduction in available rooms due to the conversion of studio suites into two-room executive suites at certain of the properties, as well as the sale of certain lower-occupancy properties. This reduction in the number of suites available, combined with the hotel sales, also resulted in an increase in REVPAR of \$1.35 to \$41.61 in fiscal year 2004 from \$40.26 in fiscal year 2003.

The following table shows certain historical financial and other information for the periods indicated:

	For the Year Ended		
	January 31,		
	2004	2003	2002
Occupancy	62.79%	60.46%	59.49%
Average Daily Rate (ADR)	\$ 66.27	\$ 66.59	\$ 66.57
Revenue Per Available Room (REVPAR)	\$ 41.61	\$ 40.26	\$ 39.62

No assurance can be given that the trends reflected in this data will continue or that occupancy, ADR and REVPAR will not decrease as a result of changes in national or local economic or hospitality industry conditions.

Results of Operations of the Trust for the year ended January 31, 2004 compared to the year ended January 31, 2003.

Overview

A summary of operating results for the fiscal years ended January 31, 2004 and 2003 is:

	2004		2003		Change	% Change
Revenue	\$ 24,211,328	\$	26,940,473	\$	(2,729,145)	-10.1%
Operating Loss	\$ (272,479)	\$	(1,080,639)	\$	808,160	74.8%
Net Loss	\$ (2,594,317)	\$	(3,445,948)	\$	851,631	24.7%
Loss Per Share - Basic and Diluted	\$ (1.27)	\$	(1.67)	\$	0.40	24.0%

The Trust's overall results in both 2004 and 2003 were adversely affected by the sluggish economic environment and reduced travel due to the war in Iraq and other terror concerns. Decreased demand in both the leisure travel, particularly in southern California, and business travel markets resulted in declining revenues during fiscal year 2004.

For the twelve months ended January 31, 2004, the Trust had total revenue of \$24.2 million compared to \$26.9 million for the twelve months ended January 31, 2003, a decrease of approximately \$2.7 million. This decrease in total revenue is primarily due to fewer occupied rooms and the absence of revenue from the Scottsdale, Arizona property due to its sale in the first quarter of fiscal year 2004, and from the Flagstaff, Arizona and Buena Park, California properties, which were sold in the third quarter of fiscal year 2004. Total expenses of \$27.9 million for the twelve months ended January 31, 2004 reflect a decrease of approximately \$4.0 million compared to total expenses of \$31.9 million for the twelve months ended January 31, 2003. The decrease is primarily due to the impairment charge of \$590,000 related to the Scottsdale property in fiscal year 2003, reduced hotel expenses as a result of reduced occupied rooms and the absence of expenses from the Scottsdale, Flagstaff and Buena Park properties due to their sale in fiscal year 2004.

Loss on impairment of hotel property was approximately \$590,000 for the twelve months ended January 31, 2003. This loss resulted from the write-down for an impairment of the Scottsdale, Arizona hotel property. The operating performance of the Scottsdale property during that period indicated that it significantly decreased in value, which required management to test the property for recoverability of book value under SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of. Based on an appraisal of the property's fair value, the hotel property's carrying value was determined not to be recoverable. The hotel property, including land, buildings and improvements and furniture, fixtures and equipment, was written down by \$590,000 to its fair value and new basis of \$3.1 million. The amount of impairment allocated to Shares of Beneficial Interest was

\$294,000 and the amount allocated to minority interest was \$296,000. The hotel property's decrease in value was due to changes in the economic condition, and decreased prospects for future development, in its immediate area. No such loss was recorded for the twelve months ended January 31, 2004. During fiscal year 2004, the impaired property was sold to Scottsdale Eldorado Resort, LLC, an affiliate of Mr. Wirth, for \$3.1 million.

General and administrative expenses include overhead charges for management, accounting, shareholder and legal services for the Trust. In comparing general and administrative expenses for the twelve months ended January 31, 2004 and 2003, these expenses decreased \$1.1 million, or 19.1%, to \$4.7 million in fiscal year 2004, from \$5.8 million in fiscal year 2003. This decrease was primarily due to \$91,000 of expense related to the refinancing of the Tucson St. Mary's and San Diego properties in fiscal year 2003, a decrease of \$242,000 in trademark and management fees in fiscal year 2004 due to amendments to the related contracts, and the absence of such expenses from the Scottsdale, Buena Park and Flagstaff properties due to their sale during the first quarter of fiscal year 2004.

Total operating expenses for the twelve months ended January 31, 2004 were \$24.5 million, a decrease of approximately \$3.5 million, or 12.6%, from \$28.0 million in the twelve months ended January 31, 2003. The decrease was primarily due to the impairment charge of \$590,000 related to the Scottsdale property in fiscal year 2003, reduced hotel expenses as a result of reduced revenue and the absence of expenses from the Scottsdale, Buena Park and Flagstaff properties due to their sale in the first quarter of fiscal year 2004.

Total interest expense for the twelve months ended January 31, 2004 was \$3.4 million, a decrease of \$424,000, or 11.2%, from \$3.8 million in the twelve months ended January 31, 2003. Interest on mortgage notes payable for the twelve months ended January 31, 2004 was \$2.8 million, a decrease of \$165,000, or 5.6%, from \$2.9 million in the twelve months ended January 31, 2003. Interest on notes payable to banks for the twelve months ended January 31, 2004 was \$54,000, a decrease of \$111,000, or 67.4%, from \$165,000 in the prior fiscal year, due to the Trust satisfying in full its term loan in March 2003 and its line of credit in full in August 2003. Interest on notes payable to related parties decreased 21.4%, or \$148,000, to \$544,000 from \$692,000 due to a decrease of \$2.9 million in net borrowings from Mr. Wirth and his affiliates.

Real estate and personal property taxes, insurance and ground rent decreased \$219,000, or 11.6%, to \$1.7 million from \$1.9 million in comparing the twelve months ended January 31, 2004 and 2003, respectively. Real estate and personal property taxes and property insurance decreased due to the sale of the Scottsdale property in the first quarter of fiscal year 2004 and decreased property tax assessments at certain hotels.

Hotel property depreciation for the twelve months ended January 31, 2004 compared to 2003 decreased approximately \$418,000, or 12.3%, to \$3.0 million from \$3.4 million, respectively. The decrease was primarily due to the sale of certain hotel properties and the cessation of depreciation on hotel properties classified as held for sale.

The Trust had a loss before minority interest of \$3.6 million for the twelve months ended January 31, 2004, compared to a loss before minority interest of \$4.9 million in the prior year. After deducting the loss allocated to the minority interest of \$1.0 million, the Trust had a net loss attributable to Shares of Beneficial Interest of approximately \$2.6 million. This represented a decrease in total net loss of approximately \$852,000 attributable to Shares of Beneficial Interest comparing the twelve months ended January 31, 2004 and 2003. Basic and diluted net loss per share was \$1.27 for the twelve months ended January 31, 2004, compared to \$1.67 for 2003.

Results of Operations of the Trust for the year ended January 31, 2003 compared to the year ended January 31, 2002.*Overview*

A summary of operating results for the fiscal years ended January 31, 2003 and 2002 is:

	2003	2002	Change	% Change
Revenue	\$ 26,940,473	\$ 27,656,009	\$ (715,536)	2.6%
Operating Loss	\$ (1,080,639)	\$ (914,139)	\$ (166,500)	18.2%
Net Loss	\$ (3,445,948)	\$ (3,539,402)	\$ 93,454	2.6%
Loss Per Share Basic and Diluted	\$ (1.67)	\$ (1.66)	\$ (0.01)	-0.6%

The Trust's overall results in both 2003 and 2002 were adversely affected by the sluggish economic environment and reduced travel due to terror concerns. Decreased airline travel after the terrorist attacks of September 11, 2001 decreased overall demand and reduced occupancy and ADR for both fiscal year 2003 and 2002.

For the twelve months ended January 31, 2003, the Trust had total revenue of \$26.9 million compared to \$27.7 million for the twelve months ended January 31, 2002, a decrease of approximately \$716,000. This decrease in total revenue is primarily due to fewer occupied rooms caused by sluggish economic conditions, as well as the general slow down in the travel and hospitality industries primarily due to the negative impact of the threat of terrorism and the war with Iraq. Total expenses of \$31.8 million for the twelve months ended January 31, 2003 reflect a decrease of approximately \$489,000 compared to total expenses of \$32.3 million for the twelve months ended January 31, 2002. The decrease is primarily due to the \$1.6 million one-time charge for the acquisition of InnSuites Hotels incurred in fiscal year 2002, which was mostly offset by the \$590,000 loss on impairment recorded in fiscal year 2003, increase of \$300,000 in bad debt expense in fiscal year 2003 and an increase of \$339,000 depreciation expense in fiscal year 2003.

Expenses incurred in acquiring InnSuites Hotels for the year ended January 31, 2002 relate to the one-time assumption of net liabilities of InnSuites Hotels that were associated with the acquisition. Comparable costs were not incurred in fiscal year 2003.

Loss on impairment of hotel property was approximately \$590,000 for the twelve months ended January 31, 2003. This loss resulted from the write-down for an impairment of the Scottsdale hotel property. The operating performance of the Scottsdale property during that period indicated that the hotel property significantly decreased in value, which required management to test the property for recoverability of book value under SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. Using management's best estimate of undiscounted future cash flows from the hotel, the hotel property's carrying value was determined not to be recoverable. The hotel property, including land, buildings and improvements and furniture, fixtures and equipment, was written down by \$590,000 to the hotel's market value and new basis of \$3.1 million. The amount of impairment allocated to Shares of Beneficial Interest was \$294,000 and the amount allocated to minority interest was \$296,000. The property's decrease in value was due to changes in the economic condition, and decreased prospects for future development, in its immediate area. No such loss was recorded for the twelve months ended January 31, 2002. Subsequent to year end, the impaired property was sold to Scottsdale Eldorado Resort, LLC, an affiliate of Mr. Wirth, for \$3.1 million.

General and administrative expenses include overhead charges for management, accounting, shareholder and legal services for the Trust. In comparing general and administrative expenses for the twelve months ended January 31, 2003 and 2002, these expenses increased \$131,000, or 2.3%, to \$5.8 million in fiscal year 2003 from \$5.7 million in fiscal year 2002. This increase was primarily due to

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

\$91,000 of expense related to the refinancing of the Tucson St. Mary's and San Diego properties in fiscal year 2003 and Best Western franchise fees of \$88,000 related to the Buena Park property in fiscal year 2003.

Total operating expenses for the twelve months ended January 31, 2003 were \$28.0 million, a decrease of approximately \$549,000 from \$28.5 million in the twelve months ended January 31, 2002. The decrease was primarily due to the one-time charge associated with the acquisition of InnSuites Hotels in fiscal year 2002, and was partially offset by the impairment charge related to the Scottsdale property in fiscal year 2003 discussed above.

Total interest expense was \$3.8 million in both fiscal year 2003 and fiscal year 2002. Interest on mortgage notes payable of \$2.9 million was consistent with the prior year. Interest on notes payable to banks decreased by 56.9%, or \$218,000, to \$165,000 from \$384,000 due to lower outstanding balances on the Trust's line of credit and term loans. Interest on notes payable to related parties increased 29.9%, or \$159,000, to \$692,000 from \$533,000 due to an increase of \$1.2 million in net borrowings from Mr. Wirth and his affiliates.

Real estate and personal property taxes, insurance and ground rent increased \$131,000, or 7.4%, to \$1.9 million from \$1.8 million in comparing the twelve months ended January 31, 2003 and 2002, respectively. Real estate and personal property taxes and property insurance increased due to increased insurance premiums and increased property tax assessments.

Hotel property depreciation for the twelve months ended January 31, 2003 compared to 2002, increased approximately \$339,000, or 11.1%, to \$3.4 million from \$3.1 million, respectively. The increase resulted primarily from the recognition of depreciation in the fourth quarter on the Flagstaff property for the prior fifteen months. Recording depreciation ceased on this property between August 1, 2001 and October 31, 2002 while it was classified for accounting purposes as held for sale. When on November 1, 2002 the property was reclassified for accounting purposes as held and used, the Trust began depreciating the property again and had to take the fifteen months worth of depreciation that was suspended while the property was classified for accounting purposes as held for sale.

The Trust had a loss before minority interest of \$4.9 million for the twelve months ended January 31, 2003, compared to a loss before minority interest of \$4.7 million in the prior year. After deducting the loss allocated to the minority interest of \$1.4 million, the Trust had a net loss attributable to Shares of Beneficial Interest of approximately \$3.4 million. This represented a decrease in net loss of approximately \$93,000 attributable to Shares of Beneficial Interest comparing the twelve months ended January 31, 2003 and 2002. Basic and diluted net loss per share was \$1.67 for the twelve months ended January 31, 2003 compared to \$1.66 for 2002. For the twelve months ended January 31, 2002, the Trust recorded a net loss from extraordinary items of \$322,000, of which approximately \$156,000, or \$0.07 per share, is attributable to Shares of Beneficial Interest.

LIQUIDITY AND CAPITAL RESOURCES

Overview

Net cash provided by or used in operating activities totaled \$88,000, \$1.1 million, and \$(262,000) for the years ended January 31, 2004, 2003 and 2002, respectively. The decrease in 2004 as compared to 2003 was primarily due to the Trust's efforts to reduce its liabilities, especially trade payables. The increase in 2003 as compared to 2002 was primarily due to the Trust's increased payable balances resulting from its efforts to manage cash flows.

Net cash provided by or used in investing activities totaled \$10.2 million, \$(1.6) million, and \$(2.4) million for the years ended January 31, 2004, 2003 and 2002, respectively. The increase in 2004 as compared to 2003 was primarily due to the sale of certain Hotels during fiscal year 2004. The increase in 2003 as compared to 2002 was primarily due to reduced capital refurbishment projects at the Hotels.

Net cash provided by or used in financing activities totaled \$(10.4) million, \$513,000, and \$2.5 million for the years ended January 31, 2004, 2003 and 2002, respectively. The decrease in 2004 as compared to 2003 was primarily due to the sale of certain Hotels in fiscal year 2004, the proceeds of which the Trust used to reduce its debt balances to related parties and satisfy its mortgage notes on these properties. The decrease in 2003 as compared to 2002 was primarily due to reduced borrowings in fiscal year 2003 from Mr. Wirth and his affiliates.

As of January 31, 2004, the Trust had no cash on hand. However, subsequent to year end, the sale of the San Diego, California property resulted in the Trust receiving \$4.5 million in cash proceeds after satisfying its mortgage note. The Trust's projection of future cash receipts includes certain cost-cutting measures and certain increases in hotel revenues. In addition, during fiscal year 2004, the Trust sold its Scottsdale and Flagstaff, Arizona and Buena Park, California properties, which had a history of net operating losses and negative cash flows. See Note 19 to the Trust's Consolidated Financial Statements - Hotel Properties Held for Sale and Sale of Hotel Properties.

The Trust received \$12.2 million in proceeds for the sales of hotel properties in fiscal year 2004. The Trust used \$3.0 million of these proceeds to satisfy a mortgage note payable, \$4.4 million to satisfy related party notes payable, \$3.0 million to satisfy bank notes payable and the remaining proceeds to fund operations.

Through its ownership interest in the Partnership and, effective February 1, 2001, InnSuites Hotels, the Trust has its proportionate share of the benefits and obligations of the Partnership's ownership interests and InnSuites Hotels' operational interests in the Hotels. The Trust's principal source of cash to meet its cash requirements, including distributions to its shareholders, is its share of the Partnership's cash flow. The Partnership's principal source of revenue is rent payments under the Percentage Leases. InnSuites Hotels' obligations under the Percentage Leases are unsecured and its ability to make rent payments to the Partnership under the Percentage Leases, and the Trust's liquidity, including its ability to make distributions to its shareholders, will depend upon the ability of InnSuites Hotels to generate sufficient cash flow from hotel operations.

Historically, as a REIT, the Trust was required to distribute to its shareholders at least 90% of its taxable income, excluding net capital gains. The termination of the Trust's status as a REIT, effective February 1, 2004, eliminated this requirement. However, by relinquishing its status as a REIT, the Trust will become subject to the payment of income taxes. See Note 20 to the Trust's Consolidated Financial Statements - Subsequent Events.

As of January 31, 2004, the Trust has no commitments for capital expenditures beyond a 4% reserve for refurbishment and replacements that is set aside annually, as described below.

The Partnership continues to contribute to a Capital Expenditures Fund (the Fund), from the rent paid under the Percentage Leases, an amount equal to 4% of InnSuites Hotels' revenues from operation of the Hotels. The Fund applicable to the six hotel properties for which a mortgage lender escrow exists is restricted by the mortgage lenders. As of January 31, 2004, \$136,790 was held in the Fund and is reported on the Trust's Consolidated Balance Sheet as Restricted Cash. The Fund is intended to be used for capital improvements to the Hotels and refurbishment and replacement of furniture, fixtures and equipment, in addition to other uses of amounts in the Fund considered appropriate from time to time. During the twelve months ended January 31, 2004 and 2003, the Hotels spent approximately \$1.8 million and \$1.7 million, respectively, for capital expenditures. The Trust considers the majority of these improvements to be revenue producing. Therefore, these amounts have been capitalized and are being depreciated over their estimated useful lives. The Trust plans to spend approximately \$800,000 for capital expenditures in fiscal year 2004. InnSuites Hotels also spent

approximately \$1.8 million and \$1.9 million during fiscal years 2004 and 2003, respectively, on repairs and maintenance and these amounts have been charged to expense as incurred.

On February 2, 2004, the Trust purchased 433,036 Class B limited partnership units in the Partnership from Mr. Wirth and his affiliates for the closing price of the Trust's Shares of Beneficial Interest on that day, which was \$2.25. The Trust made a down-payment totaling \$2,500 and issued five promissory notes totaling \$971,831, which will be paid in monthly installments of principal and interest over 84 months. The Trust repurchased these units to increase its sole general partner interest in the Partnership, and thereby receive a larger allocation of the Partnership's equity. This increased allocation of equity will enhance the Trust's ability to regain compliance with American Stock Exchange listing requirements.

The Trust has minimum debt payments of \$2.8 million and \$4.5 million due during fiscal years 2005 and 2006, respectively. The sale of the Tempe, Arizona property subsequent to year end satisfied in full the mortgage note secured by that property, which accounted for \$1.6 million of the principal due in fiscal year 2006, as well as \$1.1 million and \$1.5 million of the principal due to Mr. Wirth and his affiliates in fiscal years 2005 and 2006, respectively. See Note 19 to the Trust's Consolidated Financial Statements - Hotel Properties Held for Sale and Sale of Hotel Properties and Note 20 to the Trust's Consolidated Financial Statements - Subsequent Events. The Trust believes it can satisfy its remaining obligations during fiscal years 2005 and 2006 using revenue generated by the Hotels' operations. If revenue generated from operations is insufficient to meet the Trust's obligations as they come due, payments and terms for obligations owed to Mr. Wirth and his affiliates in the amounts of \$1.2 million and \$1.7 million due in 2005 and 2006, respectively, may be renegotiated to extend the terms of these loans. Mr. Wirth and/or his affiliates have also demonstrated their willingness to modify the terms of existing obligations and to create new obligations based on the cash needs of the Trust. See Note 7 to the Trust's Consolidated Financial Statements - Notes and Advances Payable to Related Parties.

Management believes that cash on hand, future cash receipts from operations, proceeds from hotel sales and borrowings from affiliates in fiscal year 2005 will be sufficient to meet the Trust's obligations as they become due for the next twelve months.

The Trust may seek to negotiate additional credit facilities or issue debt instruments. Any debt incurred or issued by the Trust may be secured or unsecured, long-term, medium-term or short-term, bear interest at a fixed or variable rate and be subject to such other terms as the Trust considers prudent.

The Trust will acquire or develop additional hotels only as suitable opportunities arise, and the Trust will not undertake acquisition or redevelopment of properties unless adequate sources of financing are available. Funds for future acquisitions or development of hotels are expected to be derived, in whole or in part, from borrowings or from the proceeds of additional issuances of Shares of Beneficial Interest or other securities. However, there can be no assurance that the Trust will successfully acquire or develop additional hotels or that proceeds from borrowings or issuances of Shares of Beneficial Interest will be available or in amounts and on terms sufficient to allow such transactions.

CONTINUED LISTING WITH THE AMERICAN STOCK EXCHANGE

On June 13, 2003, the Trust received a notice from the American Stock Exchange (Amex) indicating that the Trust failed to meet certain of Amex's continued listing standards as set forth under Section 1003(a) of the Amex Company Guide. The Trust became non-compliant with Amex's listing standards due to losses incurred in the most recent fiscal years. These losses were exacerbated by the terrorist attacks on September 11, 2001, the war in Iraq during the spring of 2003, as well as the general slowdown in the economy and travel.

In response to this notice, the Trust was given the opportunity to submit a plan to Amex to regain compliance with the continued listing standards. On August 26, 2003, Amex notified the Trust that it accepted the Trust's plan and granted the Trust an extension of time to November 2004 to regain compliance with the continued listing standards. The Trust will be subject to periodic review by Amex staff during this extension period. Failure to make progress consistent with the plan or to regain compliance with the continued listing standards by the end of the extension period could result in the Trust being delisted from Amex. If the Trust's Shares of Beneficial Interest were delisted from Amex, liquidity in the trading market for the Shares of Beneficial Interest could be significantly decreased, which could reduce the trading price of and increase the transaction costs of trading Shares of Beneficial Interest.

As part of the Trust's plan, the Trust has taken certain steps to reduce expenses and increase sales, which has positioned the Trust to improve its operating results. In addition, the Trust recently sold three non-strategic assets, its Scottsdale and Flagstaff, Arizona and Buena Park, California properties, allowing it to reduce operating losses and fully satisfy its bank term loan and bank line of credit. Subsequent to year end, the Trust sold its San Diego, California and Tempe, Arizona properties. Through the sale of these assets, equity-raising activities and performing certain services in-house, the Trust expects to improve its financial position and results of operations. The Trust expects to regain compliance with Amex's listing requirements by November 2004.

SHARE REPURCHASE PROGRAM

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

On January 2, 2001, the Board of Trustees of the Trust approved a share repurchase program under Rule 10b-18 of the Securities Exchange Act of 1934, as amended, for the purchase of up to 250,000 limited partnership units in the Partnership and/or Shares of Beneficial Interest in open market or privately negotiated transactions. Additionally, on September 10, 2002, the Board of Trustees approved the purchase of up to 350,000 additional limited partnership units in the Partnership and/or Shares of Beneficial Interest in open market or privately negotiated transactions. Acquired Shares of Beneficial Interest are held in treasury and are available for future acquisitions and financings and/or for awards granted under the Trust's 1997 Stock Incentive and Option Plan. During fiscal year 2004, the Trust acquired 22,500 Shares of Beneficial Interest in open market transactions at an average price of \$1.29 per share, and 57,509 limited partnership units in privately negotiated transactions at an average price of \$1.53 per unit. The Trust intends to continue repurchasing Shares of Beneficial Interest in compliance with applicable legal and Amex requirements. The Trust is authorized to repurchase an additional 269,891 limited partnership units and/or Shares of Beneficial Interest pursuant to the share repurchase program.

OFF-BALANCE SHEET FINANCINGS AND LIABILITIES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Other than lease commitments, legal contingencies incurred in the normal course of business and employment contracts for key employees, the Trust does not have any off-balance sheet financing arrangements or liabilities. The Trust does not have any majority-owned subsidiaries that are not included in the consolidated financial statements. See Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations Accounting Matters below for a discussion of new accounting interpretations with respect to variable interest entities and the impact of such interpretations on the Trust. See also Note 2 to the Trust's Consolidated Financial Statements Summary of Significant Accounting Policies Application of New Accounting Standards.

CONTRACTUAL OBLIGATIONS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The following summarizes our contractual obligations at January 31, 2004, and the effect such obligations are expected to have on our liquidity and cash flow in future periods:

CONTRACTUAL OBLIGATIONS	PAYMENTS DUE BY PERIOD				
	TOTAL	LESS THAN 1 YEAR	1-3 YEARS	3-5 YEARS	THEREAFTER
Mortgage notes payable, notes payable to banks, other notes payable and notes and advances payable to related parties	\$ 38,827,233	\$ 2,820,297	\$ 8,059,451	\$ 4,250,257	\$ 23,697,228

TOTAL	\$ 46,138,169	\$ 3,008,587	\$ 8,436,031	\$ 4,626,837	\$ 30,066,714

InnSuites Hotels has agreements with the Management Company for hotel management services and the Licensing Corp. for licensing and trademark services. The Management Company agreement expires on January 31, 2008 and the Licensing Corp. agreement expires on January 31, 2007. The fees payable under these agreements are based on Hotel revenue and do not include any minimum payment provision.

InnSuites Hotels has entered into franchise arrangements with certain third parties for five of the hotel properties, with four Best Western hotels and one Holiday Inn hotel. These agreements provide for fees to be paid by InnSuites Hotels based on revenue and reservations received, and contain no minimum payment provisions.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Trust believes that the policies it follows for the valuation of its hotel properties, which constitute the majority of Trust assets, are its most critical policies. The Trust applies SFAS No. 144 to determine when it is necessary to test an asset for recoverability. On an events and circumstances basis, the Trust reviews the carrying value of its hotel properties both held for use and held for sale. The Trust will record an impairment loss and reduce the carrying value of a property when anticipated undiscounted future cash flows and/or a current appraisal of the property do not support its carrying value. In cases where the Trust does not expect to recover the carrying cost of hotel properties held for use, it will reduce the carrying value to the fair value of the hotel, as determined by a current appraisal. In cases where the Trust does not expect to recover the carrying cost of hotel properties held for sale, it will reduce the carrying value to the sales price less costs to sell. For the twelve months ended January 31, 2004 and 2003, the Trust recorded impairment losses of \$458,000 and \$590,000, respectively. The Trust did not recognize impairment expense in fiscal year 2002. As of January 31, 2004, the Trust management does not believe that the carrying values of any of its hotel properties are impaired.

ACCOUNTING MATTERS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

In January 2003, the Financial Accounting Standards Board issued FASB Interpretation No. 46, Consolidation of Variable Interest Entities, an Interpretation of Accounting Research Bulletin No. 51, Consolidated Financial Statements, which was subsequently amended by FIN 46R. This Interpretation requires an existing unconsolidated variable interest entity to be consolidated by its primary beneficiary if the entity does not effectively disperse risk among all parties involved or if other parties do not have significant capital to finance activities without subordinated financial support from the primary beneficiary. The primary beneficiary is the party that absorbs a majority of the entity's expected losses, receives a majority of its expected residual returns, or both, as a result of holding variable interests, which are the ownership, contractual or other pecuniary interests in an entity. This Interpretation is effective immediately for variable interest entities created after December 31, 2003 and no later than the beginning of the first interim or annual reporting period ending after March 15, 2004 for interests in variable interest

entities that were acquired prior to February 1, 2003. While management has not yet completed its evaluation of the requirements of FIN 46R, management believes it is probable the Trust will consolidate, or be required to provide certain additional disclosures with respect to, the Management Company and the Licensing Corp. when FIN 46R becomes effective. Subsequent to year end, the Trust entered into negotiations to purchase its management and trademark agreements from the Management Company and the Licensing Corp.

INFLATION

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Trust's revenue is based on the underlying Hotel revenue. Therefore, the Trust relies entirely on the performance of the Hotels and InnSuites Hotels' ability to increase revenue to keep pace with inflation. Operators of hotels in general, and InnSuites Hotels in particular, can change room rates quickly, but competitive pressures may limit InnSuites Hotels' ability to raise rates faster than inflation.

FORWARD-LOOKING STATEMENTS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Certain statements in this Form 10-K/A, including statements containing the phrases believes, intends, expects, anticipates, predicted, will should be, looking ahead or similar words, constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. The Trust intends that such forward-looking statements be subject to the safe harbors created by such Acts. These forward-looking statements include statements regarding the intent, belief or current expectations of the Trust, its Trustees or its officers in respect of (i) the declaration or payment of dividends; (ii) the leasing, management or operation of the Hotels; (iii) the adequacy of reserves for renovation and refurbishment; (iv) the Trust's financing plans; (v) the Trust's position regarding investments, acquisitions, developments, financings, conflicts of interest and other matters; (vi) the Trust's continued listing on Amex; and (vii) trends affecting the Trust's or any Hotel's financial condition or results of operations.

These forward-looking statements reflect the Trust's current views in respect of future events and financial performance, but are subject to many uncertainties and factors relating to the operations and business environment of the Hotels which may cause the actual results of the Trust to differ materially from any future results expressed or implied by such forward-looking statements. Examples of such uncertainties include, but are not limited to:

fluctuations in hotel occupancy rates;

changes in room rental rates which may be charged by InnSuites Hotels in response to market rental rate changes or otherwise;

interest rate fluctuations;

changes in federal income tax laws and regulations;

competition;

any changes in the Trust's financial condition or operating results due to acquisitions or dispositions of hotel properties;

real estate and hospitality market conditions;

hospitality industry factors;

terrorist attacks or other acts of war;

communicable diseases, such as SARS;

local or national economic and business conditions, including, without limitation, conditions which may affect public securities markets generally, the hospitality industry or the markets in which the Trust operates or will operate; and

uncertainties the Trust might encounter in changing from a REIT to a tax-paying entity.

The Trust does not undertake any obligation to update publicly or revise any forward-looking statements whether as a result of new information, future events or otherwise. Pursuant to Section 21E(b)(2)(E) of the Securities Exchange Act of 1934, the qualifications set forth hereinabove are inapplicable to any forward-looking statements in this Form 10-K/A relating to the operations of the Partnership.

Item 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Trust is exposed to interest rate risk primarily as a result of its mortgage notes payable, notes payable to banks, other notes payable and notes and advances payable to related parties. The proceeds from these loans were used to maintain liquidity, fund capital expenditures and expand the Trust's real estate investment portfolio and operations. The Trust's interest rate risk management objective is to limit the impact of interest rate changes on earnings and cash flow and to lower its overall borrowing costs. To achieve its objectives, the Trust borrows using fixed rate debt, when possible. The Trust could enter into derivative financial instruments such as interest rate swaps, caps and treasury locks in order to mitigate its interest rate risk on a related financial instrument. To date, the Trust has not entered into any such derivative transactions.

The Trust's interest rate risk is monitored using a variety of techniques. The table below presents the principal amounts, weighted average interest rates, fair value and other terms required, by year of expected maturity, in order to evaluate the expected cash flow and sensitivity to interest rate changes.

Debt Type	2005	2006	2007	Fiscal 2008	2009	Thereafter	Total	Fair Value
Fixed rate debt (1)	\$ 1,252,020	2,677,994	1,184,803	1,283,363	1,378,631	19,823,633	27,600,444	29,543,012
Average interest rate	8.31%	8.31%	8.29%	8.28%	8.27%	8.25%	8.29%	7.00%
Fixed rate debt- related party (1)	\$ 1,478,839	1,740,913	2,260,614	1,371,875			6,852,241	6,691,965
Average interest rate	7.00%	7.00%	7.00%	7.00%			7.00%	7.00%
Variable rate debt (1)	\$ 89,429	94,973	100,154	105,617	110,772	3,873,603	4,374,548	4,374,548
Interest rate available on January 31, 2004	5.25%	5.25%	5.25%	5.25%	5.25%	5.25%	5.25%	5.25%

(1) The fair value of fixed rate debt and variable rate debt were determined based on current rates offered for fixed rate debt and variable rate LIBOR debt with similar risks and maturities.

The table incorporates only those exposures that exist as of January 31, 2004 and does not consider those exposures or positions which would arise after that date. Moreover, because firm commitments are not represented in the table above, the information presented therein has limited predictive value. As a result, the Trust's interest rate fluctuations will depend on the exposures that arise during any particular period and future interest rates.

INNSUITES HOSPITALITY TRUST AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED JANUARY 31, 2004, 2003 AND 2002

1. NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

InnSuites Hospitality Trust (the Trust) owns, as of January 31, 2004, through a partnership interest, eight hotels with an aggregate of 1,231 suites in Arizona, southern California and New Mexico (the Hotels). The Hotels operate as InnSuites Hotels.

Prior to February 1, 2004, the Trust operated as a self-managed and self-administered umbrella partnership real estate investment trust (REIT), with operations through an operating partnership, RRF Limited Partnership, a Delaware limited partnership (the Partnership). Effective February 1, 2004, the Trust terminated its election to be taxed as a REIT. See Note 20 Subsequent Events. The Trust is the sole general partner of the Partnership and owned 51.54% and 50.80% of the Partnership as of January 31, 2004 and 2003, respectively. The Trust's weighted average ownership for the years ended January 31, 2004, 2003 and 2002 was 51.12%, 49.80% and 48.45%, respectively. The Partnership owns the hotel properties and incurs the related expenses. The Hotels are leased to InnSuites Hotels, Inc. (InnSuites Hotels), a wholly-owned subsidiary of the Trust. InnSuites Hotels holds the franchise agreement for each Hotel and operates the Hotels. InnSuites Hotels contracted with Suite Hospitality Management, Inc. (the Management Company) for certain property management services and employment services as of February 1, 2001. The Management Company was previously owned 9.8% by the James F. Wirth, Chairman, President and Chief Executive Officer of the Trust, until July 2, 2003.

InnSuites Hotels also contracts with InnSuites Licensing Corp. (the Licensing Corp.), an entity owned by the Management Company since February 2, 2004 and previously owned by Mr. Wirth, for certain trademark and licensing services.

As a REIT, through January 31, 2004, the Trust was prohibited from operating its properties other than through an independent management company or a taxable REIT subsidiary. Prior to February 1, 2001, InnSuites Hotels operated and managed all of the Hotels, with the assistance of InnSuites International Hotels, Inc. (InnSuites International), an entity owned by Mr. Wirth. Pursuant to management contracts, InnSuites Hotels paid InnSuites International an annual management fee of 2.5% of gross revenues for property management services. Following the acquisition of InnSuites Hotels by the Trust effective February 1, 2001, InnSuites Hotels operates and manages the Hotels with the assistance of the Management Company, an entity in which Mr. Wirth previously had a 9.8% ownership interest, pursuant to substantially the same terms as the InnSuites International management agreements. There were no termination fees charged in connection with the cancellation of the old management agreements. In exchange for its assumption of the management agreements, the Management Company agreed to pay \$911,320 to InnSuites International in order for InnSuites International to satisfy its liabilities. Effective February 1, 2003, the annual management fee charged by the Management Company to InnSuites Hotels was reduced to 2.0% of gross room revenues. This reduction will be effective through January 31, 2005, when the annual management fee will return to the level stated in the original agreement. On December 31, 2003, the Trust agreed to extend the current management agreements through January 31, 2008 in exchange for the Management Company forgiving \$183,248 of accrued but unpaid fees.

InnSuites Hotels pays the Licensing Corp. an annual licensing fee of 2.5% of gross revenues (1.25% for those hotel properties which also carry a third-party franchise, such as Best Western® or Holiday Inn®) for trademark and licensing services relating to the use of the InnSuites® name and marks. The trademark and licensing services agreements were modified on November 1, 2002 to reduce the annual licensing fee to 2.0% of gross room revenues (1.0% for those properties which also carry a third-party franchise). The modification is in effect until January 31, 2005, when the trademark and licensing fees will return to the levels stated in the original agreement. On December 31, 2003, the Trust

agreed to extend the trademark and licensing services agreements through January 31, 2007 in exchange for the Licensing Corp. forgiving \$347,473 of accrued but unpaid fees.

PARTNERSHIP AGREEMENT

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Partnership Agreement of the Partnership provides for the issuance of two classes of limited partnership units, Class A and Class B. Class A and Class B limited partnership units are identical in all respects, except that each Class A limited partnership unit shall be convertible into one newly-issued Share of Beneficial Interest of the Trust, at any time at the option of the particular limited partner, if the Trust determines that such conversion would not cause the Trust to fail to qualify as a REIT. The Class B limited partnership units may only become convertible with the approval of the Board of Trustees, in its sole discretion. As of January 31, 2004, 1,401,475 Class A limited partnership units were issued and outstanding representing 10.6% of the total partnership units. Additionally, as of January 31, 2004, 5,000,974 Class B limited partnership units were outstanding to Mr. Wirth and his affiliates, in lieu of the issuance of Class A limited partnership units representing 37.9% of the total partnership units. If all of the Class A and B limited partnership units were converted, the limited partners in the Partnership would receive 6,402,449 Shares of Beneficial Interest of the Trust. As of January 31, 2004, the Trust owns 6,809,068 general partner units in the Partnership, representing 51.5% of the total partnership units.

BASIS OF PRESENTATION

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

As sole general partner of the Partnership, the Trust exercises unilateral control over the Partnership, and the Trust owns all of the issued and outstanding classes of shares of InnSuites Hotels. Therefore, the financial statements of the Partnership and InnSuites Hotels are consolidated with the Trust, and all significant intercompany transactions and balances have been eliminated.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Trust's operations are affected by numerous factors, including the economy, competition in the hotel industry and the effect of the economy on the travel and hospitality industries. The Trust cannot predict if any of the above items will have a significant impact in the future, nor can it predict what impact, if any, the occurrence of these or other events might have on the Trust's operations and cash flows. Significant estimates and assumptions made by management are used for, but not limited to, the estimated useful lives of long-lived assets and estimates of future cash flows used to test a long-lived asset for recoverability, the fair values of the long-lived assets and the realization of net operating losses.

HOTEL PROPERTIES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Hotel properties are stated at cost and are depreciated using the straight-line method over estimated lives ranging from 5 to 40 years for buildings and improvements and 3 to 15 years for furniture and equipment.

The Trust adopted SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, in accounting for its hotel properties effective the beginning of fiscal year 2003 and previously

applied SFAS No. 121 in accounting for its hotel properties in fiscal year 2002. Properties held for sale at the beginning of fiscal year 2003 continued to be accounted for under SFAS No. 121. The adoption of SFAS No. 144 had no significant effect on the financial statements.

Management applies SFAS No. 144 to determine when it is required to test an asset for recoverability of its carrying value. If the carrying amount of an asset exceeds the estimated undiscounted future cash flows over its estimated remaining life, the Trust recognizes an impairment expense to reduce the asset's carrying value to its fair value. The estimated future cash flows are based upon, among other things, assumptions about expected future operating performance, and may differ from actual cash flows. Long-lived assets evaluated for impairment are analyzed on a property-specific basis independent of the cash flows of other groups of assets. If the sum of the projected undiscounted cash flows (excluding interest) is less than the carrying value of the assets, the assets will be written down to the estimated fair value in the period in which the determination is made. The Trust determines the estimated useful lives of its assets based on the expected future economic benefit of the asset and its ability to hold such assets. Fair value is determined by the most current third-party property appraisal, if available. Evaluation of future cash flows is based on historical experience and other factors, including certain economic conditions and committed future bookings. Management has determined that no additional impairment of long-lived assets currently exists beyond the amounts recognized.

During fiscal year 2004, events and circumstances indicated that certain of the Trust's properties held in use should be evaluated for impairment. However, the Trust obtained updated third-party appraisals of the properties which indicated that the values of the properties exceeded their carrying values. However, it is possible that future changes in the economic climate or real estate markets may adversely impact the fair values of the hotel properties, resulting in the need for the Trust to recognize an impairment expense to adjust the carrying value of those properties to their fair values.

Gains and losses on sales of properties are recognized at the time of sale or deferred to the extent required by GAAP.

The Trust will classify a hotel property as held for sale in the period (generally not to exceed one year) in which (1) it has made the decision to actively seek a buyer of the property and/or (2) a binding agreement to purchase the property has been signed under which the buyer has committed a significant amount of refundable cash and no significant financing contingencies exist which could cause the transaction not to be completed in a timely manner. If these criteria are met, the Trust will record an impairment loss if the fair value less the costs to sell is lower than the carrying amount of the hotel and will cease recording depreciation.

CASH AND CASH EQUIVALENTS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Trust considers all highly liquid short-term investments with original maturities of three months or less to be cash equivalents.

REVENUE RECOGNITION

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Room, food and beverage, telecommunications and other revenue are recognized as earned as services are provided and items are sold.

RECEIVABLES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Accounts receivable are carried at original amounts less an estimate made for doubtful receivables based on a review of outstanding amounts on a quarterly basis. Management records an allowance for doubtful accounts for 50% of the balances over 90 days and 100% of the balances over

120 days. Accounts receivables are written off when deemed uncollectible. Recoveries, if any, of receivables previously written off are recorded when received. The Trust does not charge interest on accounts receivable balances.

STOCK-BASED COMPENSATION

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Trust applies the provisions of Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees, and provides pro forma net income (loss) disclosures for employee stock option grants as if the fair-value-based method defined in Statement of Financial Accounting Standards (SFAS) No. 123, Accounting for Stock-Based Compensation, had been applied. In accordance with APB Opinion No. 25, compensation expense is recorded over the vesting period only if the current estimated market price on the underlying stock on the date an option is granted exceeds the exercise price.

No compensation cost has been recognized for options granted to employees for the years ended January 31, 2004, 2003 and 2002. The following pro forma information presents pro forma net loss information as if compensation expense had been recognized for stock options as determined under the fair-value-based method prescribed by SFAS No. 123 using the Black-Scholes options pricing model:

	2004	Years ended January 31		2002
		2003		
Net loss:				
As reported	\$ (2,594,317)	\$ (3,445,948)		\$ (3,539,402)
Pro forma stock compensation expense	\$ (175)	\$ (14,024)		\$ (21,047)
Pro forma	\$ (2,594,492)	\$ (3,459,972)		\$ (3,560,449)
Net loss per share basic and diluted:				
As reported	\$ (1.27)	\$ (1.67)		\$ (1.66)
Pro forma	\$ (1.27)	\$ (1.67)		\$ (1.67)

No stock options were issued during the fiscal years ended January 31, 2004, 2003 and 2002.

INCOME TAXES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Prior to February 1, 2004, the Trust elected to be taxed as a REIT under Sections 856 through 860 of the U.S. Internal Revenue Code (the Code). To qualify as a REIT, the Trust was required to meet a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its adjusted taxable income to its shareholders. As a REIT, the Trust was not subject to federal corporate income tax on that portion of its net income that was distributed to shareholders.

Prior to February 1, 2004, the Trust accounted for deferred taxes utilizing a liability method whereby deferred tax assets were recognized for deductible temporary differences and deferred tax liabilities were recognized for taxable temporary differences. Temporary differences were the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets were reduced by a valuation allowance when it was determined to be more likely than not that some portion or

all of the deferred tax assets would not be realized. Deferred tax assets and liabilities were adjusted for the effects of changes in tax laws and rates on the date of enactment.

Effective February 1, 2004, the Trust relinquished its REIT status. As of that date, any distributions to its shareholders are not deductible for purposes of computing the Trust's taxable income and the Trust will be subject to income tax, including any applicable alternative minimum tax, on its taxable income at regular corporate rates, without offset for distributions of such income to its shareholders. See Note 20 Subsequent Events.

DIVIDENDS AND DISTRIBUTIONS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Trust expects to pay dividends. The Trust's ability to pay dividends is largely dependent upon its receipt of distributions from the Partnership.

MINORITY INTEREST

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Trust accounts for minority interest in accordance with EITF Issue No. 94-2 Treatment of Minority Interests in Certain Real Estate Investments and EITF Issue No. 95-7 Implementation Issues Related to the Treatment of Minority Interest in Certain Real Estate Investment Trusts.

Minority interest in the Partnership represents the limited partners' proportionate share of the capital and earnings of the Partnership. Income or loss is allocated to the minority interest based on its weighted average ownership percentage in the Partnership throughout the period, and capital is allocated based on its ownership percentage at year-end. Any difference is recorded as a reallocation of minority interest as a component of shareholders' equity.

LOSS PER SHARE

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Basic and diluted loss per Share of Beneficial Interest have been computed based on the weighted-average number of Shares of Beneficial Interest and potentially dilutive securities outstanding during the periods.

For the twelve months ended January 31, 2004, 2003 and 2002, there were Class A and Class B limited partnership units outstanding, which are convertible into Shares of Beneficial Interest of the Trust. Assuming conversion at the beginning of each period, the aggregate weighted-average of these Shares of Beneficial Interest would have been 6,457,165, 6,673,808 and 6,810,436 in addition to the basic shares outstanding for fiscal year 2004, 2003 and 2002, respectively. These Shares of Beneficial Interest issuable upon conversion of the Class A and Class B limited partnership units are anti-dilutive due to the losses for each of the aforementioned years. Therefore, they have not been included in the number of issued and outstanding Shares of Beneficial Interest used in the calculation of diluted earnings per share.

For the twelve months ended January 31, 2004, 2003 and 2002, 246,000, 253,200 and 272,300 stock options, respectively, are not included in the computation of diluted earnings per share as their inclusion would have an antidilutive effect because of losses and the fact that the option exercise prices are greater than the average market price of the Trust's Shares of Beneficial Interest.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

For disclosure purposes, fair value is determined by using available market information and appropriate valuation methodologies. Due to their short maturities, cash and cash equivalents are carried at cost, which reasonably approximates fair value.

The fair value of mortgage notes payable, notes payable to banks and notes and advances payable to related parties is estimated by using the current rates which would be available for similar loans having the same remaining maturities. The carrying value of accounts payable and accrued expenses and other notes payable approximates fair value, due to their short-term nature. See Note 14 Fair Value of Financial Instruments.

SEGMENT REPORTING

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The Trust views its operations as one operating business segment, a real estate investment trust that owns eight hotel properties with an aggregate of 1,231 suites in Arizona, southern California and New Mexico.

SALES AND MARKETING EXPENSES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Amounts incurred for sales and marketing are expensed as incurred. Sales and marketing expense totaled approximately \$2,110,000, \$2,216,000 and \$2,148,000 for the years ended January 31, 2004, 2003, and 2002, respectively.

PENDING ACCOUNTING PRONOUNCEMENTS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

In January 2003, the Financial Accounting Standards Board issued FASB Interpretation No. 46, Consolidation of Variable Interest Entities, (FIN 46), an interpretation of Accounting Research Bulletin No. 51, Consolidated Financial Statement, FIN 46 was subsequently amended by FIN 46R. This Interpretation requires an existing unconsolidated variable interest entity to be consolidated by their primary beneficiary if the entity does not effectively disperse risk among all parties involved or if other parties do not have significant capital to finance activities without subordinated financial support from the primary beneficiary. The primary beneficiary is the party that absorbs a majority of the entity's expected losses, receives a majority of its expected residual returns, or both, as a result of holding variable interests, which are the ownership, contractual or other pecuniary interests in an entity. This Interpretation is effective immediately for variable interest entities created after December 31, 2003 and no later than the beginning of the first interim or annual reporting period ending after March 15, 2004 for interests in variable interest entities that were acquired prior to February 1, 2003. While management has not yet completed its evaluation of the requirements of FIN 46R, management believes it is probable the Trust will consolidate, or be required to provide certain additional disclosures with respect to, the Management Company and the Licensing Corp. when FIN 46R becomes effective. On an aggregate basis, unaudited financial statements of the Management Company and the Licensing Corp. for the year ended January 31, 2004 included the following:

Gross revenue	\$	9,182,544
Net income		411,572
Assets, primarily receivables		358,239
Liabilities, primarily debt		1,247,716
Deficit		(889,477)

The Trust recognized expense totaling \$440,530, \$369,896 and \$679,619 for management fees to the Management Company for the years ended January 31, 2004, 2003 and 2002, respectively, and \$7,389,988, \$8,756,842 and \$8,524,902 for leased labor services provided by the Management Company for the years ended January 31, 2004, 2003 and 2002, respectively. The Trust also recognized expense totaling \$301,007, \$214,838 and \$384,868 for licensing fees to the Licensing Corp. for the years ended January 31, 2004, 2003 and 2002, respectively.

When FIN 46R becomes effective, the net amount that may be added to the Trust's balance sheet may be reported either as a cumulative effect of an accounting change adjustment presented as of the beginning of the then-current financial statements or by restating previously issued financial statements with a cumulative effect adjustment presented as of the beginning of the first year restated. Since the Trust is not required to restate its financial statements, it does not intend to do so.

RECLASSIFICATIONS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Certain prior year balances on the balance sheet and statement of operations have been reclassified to conform to current year presentation with no effect on net loss or total shareholders' (deficit) equity. In January 2003, SFAS No. 145 - Rescission of SFAS No. 4, 44, 64, and Amendment of SFAS No. 13 and Technical Corrections became effective. SFAS No. 145 prevents gains or losses on the extinguishment of debt not meeting the criteria of APB No. 30 from being treated as an extraordinary item. We adopted SFAS No. 145 in February 2003, and as a result, the charge of \$322,153 recorded in fiscal year 2002 as an extraordinary loss has been reclassified to general and administrative expenses.

3. HOTEL PROPERTIES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

As of January 31 of the respective years, hotel properties, and hotel properties held for sale, consisted of the following:

4. ACQUISITIONS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

In December 2000, InnSuites Hotels and the Trust established independent review groups to consider altering the current structure of the management and operations of the Hotels pursuant to the provisions of the REIT Modernization Act. Effective February 1, 2001, the Trust acquired all of the issued and outstanding common and preferred equity stock of InnSuites Hotels for \$11,531 in cash consideration and the assumption of approximately \$1.6 million of net liabilities. Prior to the acquisition, InnSuites Hotels was owned 23% by Marc E. Berg, Executive Vice President, Secretary, Treasurer and Trustee of the Trust, 9.8% by InnSuites International Hotels, Inc., a wholly-owned affiliate of Mr. Wirth and his spouse, and 67.2% by unrelated parties.

Following the acquisition, the management contracts relating to the Hotels between InnSuites Hotels and InnSuites International Hotels, Inc. were terminated effective January 31, 2001 and new management contracts were entered into on substantially similar terms with the Management Company, 9.8% of which was owned by Mr. Wirth prior to July 1, 2003, when Mr. Wirth sold his interest to the majority stockholder. There were no termination fees charged in connection with the cancellation of the old management contracts. In exchange for its assumption of the management agreements, the

Management Company agreed to pay \$911,320 to InnSuites International in order for InnSuites International to satisfy its liabilities. Effective February 1, 2001, the Partnership, InnSuites Hotels and the Management Company entered into an amended Intercompany Agreement whereby, subject to certain terms and conditions, the Partnership granted InnSuites Hotels a right of first refusal to lease, and the Management Company a right of first refusal to operate, any real property acquired by the Partnership. In return, the Partnership was granted a right of first refusal to pursue opportunities presented to InnSuites Hotels or the Management Company to purchase investments in real estate, hotel properties, real estate mortgages, derivatives or entities that invest in any of the foregoing. To date, the Trust has not purchased or used derivatives. In connection with the acquisition of InnSuites Hotels by the Trust, the rate structures of the Percentage Leases for the Hotels were amended to reflect current economic and market conditions and the employees of InnSuites Hotels became employees of the Management Company. The acquisition of InnSuites Hotels by the Trust resulted in the following benefits: (1) a more direct relationship between the Hotels and the Trust, (2) the inclusion of InnSuites Hotels' revenues in excess of required rent payments in the Trust's consolidated financial reports, (3) the elimination of potential conflicts of interest and (4) the reduction of certain administrative costs relative to the operation of the Hotels and the administration of the Percentage Leases.

5. MORTGAGE NOTES PAYABLE

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

The mortgage notes payable have various repayment terms and have scheduled maturity dates ranging from January 1, 2006 to May 1, 2016. Weighted average interest rates on the mortgage notes payable for the years ended January 31, 2004, 2003 and 2002 were 7.72%, 8.33% and 8.13%, respectively.

The following table summarized the Trust's mortgage notes payable as of January 31:

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

	2004	2003

InnSuites Hotels has agreements with the Management Company for hotel management services and the Licensing Corp. for licensing and trademark services. The Management Company agreement expires on January 31, 2008 and the Licensing Corp. agreement expires on January 31, 2007. The fees payable under these agreements are based on Hotel revenue and do not include any minimum payment provisions.

All fees charged by the Management Company and the Licensing Corp, except those waived, have been accrued by the Trust. The Trust expects any suspension of fees during fiscal year 2005 to increase cash available to the Trust.

The Trust is obligated to make funds available to the Hotels for capital expenditures (the Fund), as determined in accordance with the Percentage Leases. The Fund applicable to the six hotel properties for which a mortgage lender escrow exists is restricted by the mortgage lenders and is reported on the Trust's Consolidated Balance Sheet as Restricted Cash. The amounts obligated under the Fund are 4% of the individual Hotels' total revenue.

InnSuites Hotels has entered into franchise arrangements with certain third parties for five of the hotel properties, with four Best Western hotels and one Holiday Inn hotel. These agreements provide for fees to be paid by InnSuites Hotels based on revenue and reservations received, and contain no minimum payment provisions.

The nature of the operations of the Hotels exposes them to risks of claims and litigation in the normal course of their business. Although the outcome of these matters cannot be determined, management does not expect that the ultimate resolution of these matters will have a material adverse effect on the consolidated financial position, results of operations or liquidity of the Trust.

The Trust is involved from time to time in various other claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Trust's consolidated financial position, results of operations or liquidity.

17. STOCK OPTION PLAN

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

During fiscal year 1999, the shareholders of the Trust adopted the 1997 Stock Incentive and Option Plan (the Plan). Pursuant to the Plan, the Compensation Committee may grant options to the Trustees, officers, other key employees, consultants, advisors and similar employees of the Trust and certain of its subsidiaries and affiliates. The number of options that may be granted in a year is limited to 10% of the total Shares of Beneficial Interest and limited partnership units in the Partnership (Class A and Class B) outstanding as of the first day of such year.

Generally, granted options expire 10 years from the date of grant, are exercisable during the optionee's lifetime only by the recipient and are non-transferable. Unexercised options held by employees of the Trust generally terminate on the date the individual ceases to be an employee of the Trust.

There were no options granted in fiscal year 2004, 2003 or 2002. All outstanding options vested in July 2003. The Plan currently has 506,800 options available to grant.

The Plan also permits the Trust to award stock appreciation rights, none of which, as of January 31, 2004, have been issued.

The following table summarizes the stock option activity during fiscal years 2004, 2003 and 2002, and provides information about the stock options outstanding at January 31, 2004:

During the year ended January 31, 2000, the Trust granted 28,200 stock options to non-employees. The Trust did not grant any stock options to non-employees during fiscal years 2004, 2003, 2002, or 2001. 19. HOTEL PROPERTIES HELD FOR SALE AND SALE OF HOTEL PROPERTIES

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Depreciation expense that would have been taken on hotel properties held for sale for the twelve months ended January 31, 2002 was approximately \$160,000.

A purchase agreement was entered into on February 25, 2003 between the Partnership and Lennar Homes of California, Inc., an unaffiliated third party (Lennar Homes), for the purchase by Lennar Homes of the San Diego, California property for \$9,600,000. Lennar Homes deposited \$185,000 into an escrow account on February 25, 2003, which amount was fully-refundable at the time. Pursuant to the terms of the purchase agreement, two non-refundable payments totaling \$20,000 in the aggregate were released to the Partnership from the escrow account during the quarter ended April 30, 2003. On June 6, 2003, the remaining \$165,000 in the escrow account was released to the Partnership, which amount is also non-refundable, except in the event of a condemnation of the property. On June 6, 2003, when the total escrow funds of \$185,000 became non-refundable, except in the case of condemnation, the Trust reclassified the property for accounting purposes from held and used to held for sale. As of January 31, 2004, \$235,000 of total escrow funds have become non-refundable. The Trust does not expect to incur a loss on this sale.

The Trust has entered into a purchase agreement with Tempe/Phoenix Airport Resort LLC (Tempe Resort), an affiliate of Mr. Wirth, to sell the property for its appraised value of \$6.8 million. During the fourth quarter of fiscal year 2004, the Trust recognized an impairment expense of \$129,000 to reduce the hotel's carrying value to the sales price. The decrease in value was due to increased competition in the Tempe area due to a greater supply of hotel rooms. The Trust has reclassified its Tempe, Arizona property for accounting purposes from held and used to held for sale at the end of the third quarter of fiscal year 2004. See Note 20 Subsequent Events.

On March 21, 2003, the Trust sold its Scottsdale, Arizona property to Eldorado Resort, L.L.C. (Eldorado), an affiliate of Mr. Wirth, for its appraised and carrying value of \$3.1 million. During fiscal year 2003, the Trust recorded a loss on impairment of \$590,000 on the property. The property's decrease in value was due to changes in the economic condition, and decreased prospects for future development, in its immediate area. Eldorado paid for the hotel by assuming \$1.1 million of the Trust's notes payable to Rare Earth Financial, L.L.C., an affiliate of Mr. Wirth, assuming \$500,000 of the Partnership's notes payable to Capital Resource Lenders-I, L.L.C., an affiliate of Mr. Wirth, and paying the Trust's term loan of \$1,500,000 to the lender in full. See Note 20 Subsequent Events.

On August 21, 2003, the Trust sold its Flagstaff, Arizona property to Flagstaff Grand Canyon Resort, LLC (Flagstaff Resort), an affiliate of Mr. Wirth, for a cash payment equal to its appraised value of \$2,775,000. The Trust used the proceeds to fully satisfy its \$1.5 million bank line of credit and to reduce its notes payable to Rare Earth Financial by \$1,275,000. As of August 21, 2003, the Trust's bank line of credit and bank term loan were fully satisfied. The sales price exceeded the property's carrying value by \$377,330, which was recorded as a capital contribution to the Partnership, and which resulted in a net increase in Shareholder equity in the amount of \$192,080, net of minority interest.

On October 16, 2003, the Trust sold its Buena Park, California property to CVTI, LLC, an unrelated third party (CVTI), for \$6.5 million. The purchase price was satisfied with \$6.3 million in cash and a \$200,000 promissory note issued by CVTI to the Trust. The Trust subsequently assigned the \$200,000 promissory note to Rare Earth Financial to satisfy \$200,000 of a certain note payable held by Rare Earth Financial. The Trust used the cash proceeds to fully satisfy the bank mortgage note on the property in the amount of \$3,082,574, to reduce certain notes payable to Mr. Wirth and his affiliates and Mr. Robson in the aggregate amount of \$1.5 million and to reduce trade accounts payable. In connection with this sale, the Trust recorded a loss of \$29,000. During the second quarter of fiscal year 2004, the Trust recorded a loss on impairment of \$328,976 related to the Buena Park property. The loss was

recorded to reduce the asset's carrying value to the sales price. The decrease in value was due to a slowdown in leisure travel to the Southern California area caused by global terror concerns and an overall sluggish economic environment.

20. SUBSEQUENT EVENTS

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

On March 25, 2004, the Trust sold its Tempe, Arizona property to Tempe/Phoenix Airport Resort LLC, an affiliate of Mr. Wirth, for \$6.8 million, its appraised value. Tempe/Phoenix Airport Resort LLC satisfied the purchase price by assuming \$5.1 million of the Trust's notes payable to Mr. Wirth and his affiliates and assuming the \$1.7 million mortgage note secured by the property.

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

On April 1, 2004, the Trust sold its San Diego, California property to a third party for \$9.7 million, which was paid in cash. The Trust used \$4.8 million of the proceeds to satisfy its mortgage note payable on the property. The Trust used \$1.1 million of the remaining proceeds from the sale to satisfy related party notes payable, \$700,000 to reduce trade payable and retained the remaining proceeds for future operations and capital improvements.

Effective February 1, 2004, the Trust relinquished its REIT status. As of that date, any distributions to its shareholders are not deductible for purposes of computing the Trust's taxable income and the Trust will be subject to income tax, including any applicable alternative minimum tax, on its taxable income at regular corporate rates, without offset for distributions of such income to its shareholders.

As a REIT, the Trust was required to distribute at least 90% of its net taxable income annually in order to maintain its REIT qualification. No such minimum-distribution requirements apply to the Trust beginning on February 1, 2004.

With the relinquishment of the Trust's REIT status, the Trust will be taxed under the general rules applicable to C corporations. Consequently, the Trust could pay up to 35% of its taxable income in federal taxes and also pay applicable state taxes. As a C corporation, the Trust's distributions in respect of its Shares of Beneficial Interest will be taxed as dividends to the extent of the Trust's current and accumulated earnings and profits. Distributions in excess of the Trust's current and accumulated profits will be taxed to a shareholder as a return of capital to the extent of the shareholder's tax basis in his Shares of Beneficial Interest, and the amount of a distribution in excess of the shareholder's tax basis will be taxed as a capital gain (a long term capital gain if the shareholder has held the Shares of Beneficial Interest for more than one year). Under the Jobs and Growth Tax Relief Reconciliation Act of 2003, the maximum federal income tax rate applicable to dividends and long term capital gains derived from a stock investment is 15%. On the other hand, distributions to corporate shareholders may be eligible for the dividends received deduction, subject to certain limitations in the Internal Revenue Code, whereas distributions from REITs are not eligible for the dividends-received deduction.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

The Trustees have selected McGladrey & Pullen, LLP as independent auditors to examine the books, records and accounts of the Trust for the fiscal year ending January 31, 2005. McGladrey & Pullen were the independent auditors of the Trust for the fiscal years ended January 31, 2004 and 2003, and is considered by the Trustees to be well qualified.

Representatives of McGladrey & Pullen are expected to be present at the 2004 Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

On January 6, 2003, the Trust engaged McGladrey & Pullen, LLP to act as the Trust's principal independent accountant to audit the Trust's financial statements, replacing KPMG LLP which was dismissed as the Trust's principal independent accountant on the same date. The decision to change independent auditors was recommended and approved by the Audit Committee of the Board of Trustees of the Trust. The Trust reported this change in independent auditors in a Current Report on Form 8-K filed with the Securities and Exchange Commission on January 13, 2003.

The reports of KPMG on the Trust's financial statements for the fiscal years ended January 31, 2002 and 2001 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. In connection with the audits of the Trust's financial statements for the fiscal years ended January 31, 2002 and 2001, and in the subsequent interim period through January 6, 2003, there were no disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure or auditing scope and procedure which, if not resolved to the satisfaction of KPMG, would have caused KPMG to make reference to the matter in its report.

In connection with the audits of the Trust's financial statements for the fiscal years ended January 31, 2002 and 2001, and in the subsequent interim period through January 6, 2003, there were no reportable events as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

During the fiscal years ended January 31, 2002 and 2001, and in the subsequent interim period through January 6, 2003, the Trust did not consult with McGladrey & Pullen regarding the application of accounting principles to a specified transaction, either completed or proposed, the type of audit opinion that might be rendered on the Trust's financial statements or any of the matters described in the immediately preceding paragraphs.

Item 9A. CONTROLS AND PROCEDURES

As of the end of the period covered by this report, the Trust conducted an evaluation, under the supervision and with the participation of the principal executive officer and principal financial officer, of the Trust's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934). Based on this evaluation, the principal executive officer and principal financial officer concluded that the Trust's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Trust in reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms. There was no change in the Trust's internal control over financial reporting during the Trust's most recently completed fiscal year that has materially affected, or is reasonably likely to materially affect, the Trust's internal control over financial reporting.

The Trust is filing this Annual Report on Form 10-K/A for the purpose of amending its Consolidated Statements of Operations presented under Part I, Item 8, and other related Items described in the Explanatory Note in the forefront of this Form 10-K/A, in order to properly apply SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" and reclassify as continuing operations the results for the Hotels previously reported in discontinued operations for the fiscal years ended January 31, 2004, 2003 and 2002 due to significant continuing involvement by the Trust in the operations of those Hotels and since the Trust continues to receive cash flows from those Hotels.

In connection with the restatement and the filing of this Form 10-K/A, the Trust's management, with the participation of the Trust's Chief Executive Officer and Chief Financial Officer, re-evaluated the effectiveness of the Trust's disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of the end of the period covered by this report were effective as of the end of the period covered by this report. The Trust also has evaluated its internal control over financial reporting with respect to the proper application of financial accounting standards.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Employment Agreement with Mr. Wirth

James F. Wirth, Chairman, President and Chief Executive Officer of the Trust, has an Employment Agreement with the Trust expiring in December 2007. Pursuant to the terms of the Employment Agreement, upon the termination of the Advisory Agreement with Mid-America ReaFund Advisors, Inc. (MARA), a company owned by Mr. Wirth and his spouse, which termination occurred effective January 1, 1999, Mr. Wirth is to receive, each year through 2007, up to the amount MARA would have received for advisory and management services under the Advisory Agreement, but in no event will his compensation exceed \$160,000 per year. Based upon a review of the performance of the Trust and upon the recommendation of the Compensation Committee, during fiscal year 2004, Mr. Wirth's was paid an annual salary equal to \$95,231, which is less than he is entitled to receive under the terms of his Employment Agreement. Acquisition of InnSuites Hotels by the Trust

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-K/A

Effective February 1, 2001, the Trust acquired all of the issued and outstanding common and preferred equity stock of InnSuites Hotels, Inc. (InnSuites Hotels) for \$11,531 in cash consideration and the assumption of approximately \$1.6 million of net liabilities. Prior to the acquisition, InnSuites Hotels was owned 23% by Marc E. Berg, Executive Vice President, Secretary, Treasurer and Trustee of the Trust, 9.8% by InnSuites International Hotels, Inc. (InnSuites International), an entity owned by Mr. Wirth, and 67.2% by unrelated parties.

Following the acquisition of InnSuites Hotels by the Trust, the management agreements relating to the Hotels between InnSuites Hotels and InnSuites International were terminated, and new management agreements were entered into on substantially similar terms with Suite Hospitality Management, Inc. (the Management Company), 9.8% of which was owned by Mr. Wirth until July 1, 2003, when Mr. Wirth sold his interest to the majority stockholder. There were no termination fees charged in connection with the cancellation of the old management agreements. In exchange for its assumption of the management agreements, the Management Company agreed to pay \$911,320 to InnSuites International in order for InnSuites International to satisfy its liabilities. Effective February 1, 2001, RRF Limited Partnership, the Trust's operating partnership (the Partnership), InnSuites Hotels and the Management Company entered into an amended Intercompany Agreement whereby, subject to certain terms and conditions, the Partnership granted InnSuites Hotels a right of first refusal to lease, and the Management Company a right of first refusal to operate, any real property acquired by the Partnership. In return, the Partnership was granted a right of first refusal to pursue opportunities presented to InnSuites Hotels or the Management Company to purchase investments in real estate, hotel properties, real estate mortgages, derivatives or entities that invest in any of the foregoing. In connection with the acquisition of InnSuites Hotels by the Trust, the rate structures of the Percentage Leases for the Hotels were amended to reflect current economic and market conditions, and the employees of InnSuites Hotels became employees of the Management Company.

Transfer of Interest in Suite Hospitality Management, Inc.

Effective July 1, 2003, Mr. Wirth transferred his entire 9.8% interest in the Management Company to the majority stockholder in exchange for \$98.00 cash consideration. Following the transfer, all of the issued and outstanding capital stock of the Management Company is owned by the stockholder who purchased Mr. Wirth's shares.

Purchase of Class B Units from Mr. Wirth

On February 2, 2004, the Trust purchased 433,036 Class B limited partnership units in the Partnership from Mr. Wirth and his affiliates for the closing price of the Trust's Shares of Beneficial Interest on that day, which was \$2.25 per Share. The Trust made a down-payment totaling \$2,500 and issued five promissory notes totaling \$971,831, which will be paid in monthly installments of principal and interest over 84 months. The Trust repurchased these Class B limited partnership units to increase its sole general partner interest in the Partnership, and thereby receive a larger allocation of the Partnership's equity. This increased allocation of equity will enhance the Trust's ability to regain compliance with Amex listing standards.

Acquisition of InnSuites Licensing Corp. by Suite Hospitality Management, Inc.

Effective February 2, 2004, the Management Company, an entity in which Mr. Wirth previously owned a 9.8% interest, acquired all of the issued and outstanding capital stock of InnSuites Licensing Corp. (the Licensing Corp.), an entity then owned by Mr. Wirth and his spouse. In exchange for the stock of the Licensing Corp., Mr. Wirth and his spouse received 55,563 Shares that were held by the Management Company. The Licensing Corp. will operate as a wholly-owned subsidiary of the Management Company. Agreements for the provision of trademark and license services by Licensing Corp. to InnSuites Hotels continued after this transfer, as described below in Item 13 - Certain Relationships and Related Transactions - Management of Hotel Properties and Licensing Agreements.

Management of Hotel Properties and Licensing Agreements

Mr. Wirth has derived benefits from the management of the Trust's hotel properties by the Management Company, an entity in which Mr. Wirth previously had a 9.8% interest. See Item 13 - Certain Relationships and Related Transactions - Transfer of Interest in Suite Hospitality Management, Inc. above. In addition, Mr. Wirth has derived benefits from the license agreements with the Licensing Corp., an entity formerly owned by Mr. Wirth and his spouse. See Item 13 - Certain Relationships and Related Transactions - Acquisition of InnSuites Licensing Corp. by Suite Hospitality Management, Inc. above.

See Note 21 to the Trust's Consolidated Financial Statements - Subsequent Events.

Prior to February 1, 2001, InnSuites Hotels operated and managed all of the Hotels, with the assistance of InnSuites International. Pursuant to management agreements, InnSuites Hotels paid InnSuites International an annual management fee of 2.5% of gross revenues for property management services. Following the acquisition of InnSuites Hotels by the Trust effective February 1, 2001, InnSuites Hotels operates and manages the Hotels with the assistance of the Management Company, an entity in which Mr. Wirth, until July 1, 2003, held a 9.8% ownership interest, pursuant to substantially the same terms as the InnSuites International management agreements. Effective February 1, 2003, the annual management fee charged by the Management Company to InnSuites Hotels under the current management agreements was reduced to 2.0% of gross room revenues. This reduction will be effective through January 31, 2005, when the annual management fee will return to the level originally stated in the current management agreements. On December 31, 2003, the Trust agreed to extend the current management agreements through January 31, 2008, in exchange for the Management Company forgiving \$183,248 of accrued but unpaid fees. Effective February 2, 2004, the Management Company purchased Licensing Corp. See Item 13 - Certain Relationships and Related Transactions - Acquisition of InnSuites Licensing Corp. by Suite Hospitality Management, Inc. above.

These rates are in effect until January 31, 2005, when the trademark and licensing fees will return to the levels originally stated in the current trademark and licensing services agreements (2.5% and 1.25% of gross revenue, respectively). On December 31, 2003, the Trust agreed to extend the current trademark and licensing services agreements through January 31, 2007, in exchange for the Licensing Corp. forgiving \$347,473 of accrued but unpaid fees. On August 21, 2003, the Trust sold its Flagstaff, Arizona property to Flagstaff Grand Canyon Resort, LLC, an affiliate of Mr. Wirth, for a cash payment equal to its appraised value of \$2,775,000. The Trust used the proceeds to fully satisfy its \$1.5 million bank line of credit and to reduce its notes payable to Rare Earth Financial by \$1,275,000. In connection with the sale of the Flagstaff property, affiliates of Mr. Wirth that held certain promissory notes issued by the Trust and the Partnership released their security interests in the Flagstaff property.

Sale of Buena Park, California Property

On October 16, 2003, the Trust sold its Buena Park, California property to CVTI, LLC, an unrelated third party (CVTI), for \$6.5 million. The Trust subsequently assigned the \$200,000 promissory note to Rare Earth Financial to satisfy \$200,000 of a certain note payable held by Rare Earth Financial.
