**Item 8.01 - Other Events.**

On December 1, 2005, pursuant to an Asset and Stock Purchase Agreement dated October 10, 2005 (the "Asset Purchase Agreement") by and among Amphenol Corporation ("Amphenol" or the "Company") and Teradyne, Inc., a Massachusetts corporation ("Teradyne"), Amphenol purchased substantially all of the assets and assumed certain of the liabilities of Teradyne's backplane and connection systems business segment ("TCS" or "Connection Systems"), including the stock of certain of its operating subsidiaries for a total purchase price of approximately \$384.7 million in cash. In addition, Amphenol incurred approximately \$8.8 million of transaction related expenses.

Amphenol financed this transaction primarily with borrowings under its unsecured five-year revolving credit facility (the "Credit Agreement"), dated as of July 15, 2005, among Amphenol, certain subsidiaries of Amphenol, a syndicate of financial institutions and Bank of America, N.A. as the administrative agent. As disclosed in Amphenol's Current Report on Form 8-K filed with the SEC on November 21, 2005, Amphenol exercised its option to increase its aggregate commitments under the Credit Agreement by an additional \$250 million thereby increasing such revolving credit facility to \$1 billion from \$750 million. All other terms and conditions of the Credit Agreement remained unchanged.

A copy of the Asset Purchase Agreement is included as an exhibit to Amphenol's current report on Form 8-K filed with the Securities and Exchange Commission ("SEC") on October 11, 2005.

Amphenol hereby amends Item 9 of its Current Report on Form 8-K filed with the SEC on December 6, 2005, to file the Financial Statements and Exhibits of Amphenol related to the acquisition of TCS, (as described in that Form 8-K) and to file the required historical and pro forma financial information.
