Packaging Corporation of America Notes to Condensed Consolidated Financial Statements (unaudited) September 30, 2006

#### 1. Basis of Presentation

The consolidated financial statements as of September 30, 2006 of Packaging Corporation of America (PCA or the Company) and for the three-and nine-month periods ended September 30, 2006 and 2005 are unaudited but include all adjustments (consisting only of normal recurring adjustments) that management considers necessary for a fair presentation of such financial statements. These financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with Article 10 of SEC Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. Operating results for the period ended September 30, 2006 are not necessarily indicative of the results that may be expected for the period ending December 31, 2006. These consolidated financial statements should be read in conjunction with PCA s Annual Report on Form 10-K for the year ended December 31, 2005.

#### 2. Summary of Accounting Policies

Basis of Consolidation

The accompanying condensed consolidated financial statements of PCA include all majority-owned subsidiaries. All intercompany transactions have been eliminated. The Company has one joint venture that is accounted for under the equity method.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Revenue Recognition

The Company recognizes revenue as title to the products is transferred to customers. Shipping and handling billings to a customer are included in net sales. Shipping and handling costs are included in cost of sales. In addition, the Company offers volume rebates to some of its customers. The total cost of these programs is estimated and accrued as a reduction to net sales at the time of the respective sale.

Segment Information

PCA is engaged in one line of business: the integrated manufacture and sale of packaging materials, boxes and containers for industrial and consumer markets. No single customer accounts for more than 10% of total net sales.

#### Reclassifications

Prior year s financial statements have been reclassified where appropriate to conform with current year presentation.

#### Recent Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 158, Employers Accounting for Defined Benefit Pension and Other Postretirement Plans an amendment of FASB Statements No. 87, 88, 106 and 132(R). SFAS No. 158 requires an employer that sponsors one or more single-employer defined benefit plans to (a) recognize the overfunded or underfunded status of a benefit plan in its statement of financial position, (b) recognize as a component of other comprehensive income, net of tax, the gains or losses and prior service costs or credits that arise during the period but are not recognized as components of net periodic benefit cost pursuant to SFAS No. 87, Employers Accounting for Pensions, or SFAS No. 106, Employers Accounting for Postretirement Benefits Other than Pensions, (c) measure defined benefit plan assets and obligations as of the date of the employer s fiscal year-end, and (d) disclose in the notes to the financial statements additional information about certain effects on net periodic benefit cost for the next fiscal year that arise from delayed recognition of the gains or losses, prior service costs or credits, and transition asset or obligation. These requirements are effective for fiscal years ending after December 15, 2006, with the exception of the requirement to measure plan assets and obligations as of the employer s

fiscal year-end. This requirement is effective for fiscal years ending after December 15, 2008. The Company expects to record an additional \$40.0 million pension liability with a corresponding reduction in equity (accumulated other comprehensive income) at December 31, 2006. The Company is assessing the remaining provisions of SFAS No. 158 to determine the impact that the adoption of those provisions may have on its results of operations.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements. SFAS No. 157 clarifies the principle that fair value should be based on the assumptions market participants would use when pricing an asset or liability and establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. Under the standard, fair value measurements would be separately disclosed by level within the fair value hierarchy. This Statement is effective for fiscal years beginning after November 15, 2007. The Company is assessing SFAS No. 157 and has not yet determined the impact that the adoption of SFAS No. 157 will have on its results of operations

In September 2006, the Securities and Exchange Commission (SEC) issued Staff Accounting Bulletin (SAB) Topic 1N, Financial Statements Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in Current Year Financial Statements (SAB 108). SAB 108 provides interpretive guidance on how the effects of the carryover or reversal of prior year misstatements should be considered in quantifying a current year misstatement. The SEC staff believes that registrants should quantify errors using both a balance sheet and an income statement approach and evaluate whether either approach results in quantifying a misstatement that, when all relevant quantitative and qualitative factors are considered, is material. SAB 108 is effective for fiscal years ending after November 15, 2006. The Company s financial position, results of operations or cash flows will only be impacted by SAB 108 if it has a prior year misstatement in its financial statements.

In September 2006, the FASB issued FASB Staff Position (FSP) No. AUG AIR-1, Accounting for Planned Major Maintenance Activities. This FSP prohibits the use of the accrue-in-advance method of accounting for planned major maintenance activities in annual and interim financial reporting periods and is effective for fiscal years beginning after December 15, 2006. The Company does not anticipate that the implementation of FSP No. AUG AIR-1 will have a material impact on its financial position, results of operations or cash flows.

In June 2006, the FASB issued FASB Interpretation (FIN) No. 48, Accounting for Uncertainty in Income Taxes An Interpretation of FASB Statement No. 109. FIN No. 48 provides guidance with respect to the recognition and measurement in the financial statements of uncertain tax positions taken or expected to be taken in a tax return, and also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. FIN No. 48 is effective for fiscal years beginning after December 15, 2006. The Company is assessing FIN No. 48 and has not determined the impact that the adoption of FIN No. 48 will have on its results of operations.

In May 2005, the FASB issued SFAS No. 154, Accounting Changes and Error Corrections a replacement of APB Opinion No. 20 and SFAS No. 3. The Statement requires that all voluntary changes in accounting principle be reported by retrospectively applying the principle to all prior periods that are

presented in the financial statements. The Statement is effective for fiscal years beginning after December 15, 2005. The Company s financial position, results of operations or cash flows will only be impacted by SFAS No. 154 if it implements changes in accounting principles that are addressed by the standard or corrects accounting errors in future periods.

In December 2004, the FASB issued SFAS No. 153, Exchanges of Nonmonetary Assets, an amendment of APB Opinion No. 29, Accounting for Nonmonetary Transactions. This Statement amends APB Opinion No. 29 to eliminate the exception for nonmonetary exchanges of similar productive assets and replaces it with a general exception for exchanges of nonmonetary assets that do not have commercial substance. Under SFAS No. 153, if a nonmonetary exchange of similar productive assets meets a commercial-substance criterion and fair value is determinable, the transaction must be accounted for at fair value resulting in recognition of any gain or loss. SFAS No. 153 is effective for nonmonetary transactions in fiscal periods beginning after June 15, 2005. The adoption of this Statement on January 1, 2006 did not have an impact on the Company's financial position, results of operations or cash flows.

In November 2004, the FASB issued SFAS No. 151, Inventory Costs. The Statement requires abnormal amounts of inventory costs related to idle capacity, freight, handling costs and spoilage be recognized as current period expenses. The Statement is effective for fiscal years beginning after June 15, 2005. The Company s policy has always been to account for inventory costs in a manner consistent with the provisions of this statement.

#### 4. Stock-Based Compensation

In October 1999, the Company adopted a long-term equity incentive plan which provides for grants of stock options, stock appreciation rights, restricted stock and performance awards to directors, officers and employees of PCA, as well as others who engage in services for PCA. Option awards granted to officers, employees and directors have contractual lives of seven or ten years. Options granted to officers and employees vest ratably over a three- or four-year period, whereas options granted to directors vest immediately. The plan, which will terminate on October 19, 2009, provides for the issuance of up to 4,400,000 shares of common stock. On May 4, 2005, the plan was amended to provide for the issuance of an additional 2,150,000 shares of common stock, or 6,550,000 shares in total. As of September 30, 2006, options or restricted stock for 5,406,746 shares have been granted. Forfeitures are added back to the pool of shares of common stock available to be granted at a future date.

Prior to January 1, 2006, the Company accounted for its equity incentive plan under the recognition and measurement provisions of Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees, and related Interpretations, as permitted by Statement of Financial Accounting Standards (SFAS) No. 123, Accounting for Stock-Based Compensation. No stock option-based stock compensation cost was recognized in the Statement of Operations prior to January 1, 2006 as all stock options granted under the plan had an exercise price equal to the market value of the underlying common stock on the date of grant. Effective January 1, 2006, the Company adopted the fair value recognition provisions of SFAS No. 123(R), Share-Based Payment, using the modified-prospective-transition method. Under that transition method, stock compensation cost recognized in 2006 includes: (a) compensation cost for all share-based payments granted prior to, but not vested as of January 1, 2006, based on the grant date fair value estimated in accordance with the original provisions of SFAS No. 123, and (b) compensation cost for all share-based payments granted subsequent to January 1, 2006, based on the grant date fair value estimated in accordance with the provisions of SFAS No. 123(R). Results for prior periods have not been restated.

Packaging Corporation of America Notes to Condensed Consolidated Financial Statements (Continued) (unaudited) September 30, 2006

#### 4. Stock-Based Compensation (Continued)

As a result of adopting SFAS No. 123(R) on January 1, 2006, the Company s income before income taxes for the three- and nine-month periods ended September 30, 2006, was \$694,000 and \$2,585,000 lower, respectively, and the Company s net income for the same periods was \$423,000 and \$1,575,000 lower, respectively, than if it had continued to account for share-based compensation under APB No. 25. Basic and diluted earnings per share for the three-month period ended September 30, 2006 were both \$0.004 lower, and for the nine-month period ended September 30, 2006 were both \$0.02 lower, than if the Company had continued to account for share-based compensation under APB No. 25.

Prior to the adoption of SFAS No. 123(R), the Company presented all tax benefits of deductions resulting from share-based payment arrangements as operating cash flows in the Statement of Cash Flows. SFAS No. 123(R) requires the cash flows resulting from the tax benefits from tax deductions in excess of the compensation cost recognized for those share awards (excess tax benefits) to be classified as financing cash flows. The excess tax benefit of \$2,765,000 classified as a financing cash inflow for the nine months ended September 30, 2006 would have been classified as an operating cash inflow if the Company had not adopted SFAS No. 123(R).

As a result of adopting SFAS No 123(R), unearned compensation previously recorded in equity was reclassified against additional paid in capital on January 1, 2006. All stock-based compensation expense not recognized as of December 31, 2005 and compensation expense related to future grants of stock options and amortization of restricted stock will be recorded directly to additional paid in capital.

Compensation expense for both stock options and restricted stock recognized in the Statement of Operations for the three- and nine-month periods ended September 30, 2006 and 2005 was as follows:

	Three Months Ended September 30,		Nine Months Er September 30,	ıded

#### 4. Stock-Based Compensation (Continued)

The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of SFAS No. 123 to options granted under the Company s stock option plan for the three- and nine-month periods ended September 30, 2005:

(In thousands, except per share amounts)	end	nths led ot. 30,	ene	onths ded pt. 30,

Note that the above pro forma disclosure is provided for the three- and nine-month periods ended September 30, 2005 because employee stock options were not accounted for using the fair-value method during that period. When the Company presents its financial statements for 2006, it will present pro forma disclosures only for 2005 and 2004 because share-based payments will have been accounted for under SFAS No. 123(R) s fair value method for all of 2006.

#### 4. Stock-Based Compensation (Continued)

The Company uses the Black-Scholes-Merton option-pricing model to estimate the fair value of each option grant as of the date of grant. Expected volatilities are based on historical volatility of the Company's common stock. The expected life of the option is estimated using historical data pertaining to option exercises and employee terminations. Separate groups of employees that have similar historical exercise behavior are considered separately for estimating the expected life. The risk-free interest rate is based on U.S. Treasury yields in effect at the time of grant. The estimated weighted-average fair values of and related assumptions for options granted were as follows:

	Nine Months Ended September 30, 2006	2005
Weighted-average fair value of options granted	\$ 3.82	\$ 3.72
Assumptions:		
Dividend yield	4.77 %	4.70 %
Expected volatility	25.49 % 2	27.15 %
Risk-free interest rate	5.14 % 3	3.77 %
Expected life of option (years)	5	5

A summary of the Company s stock option activity and related information follows:

nds)
9,991
9,858
8,046

The total intrinsic value of options exercised during the three months ended September 30, 2006 and 2005 was \$5,218,000 and \$1,107,000, respectively, and during the nine months ended September 30, 2006 and 2005 was \$6,506,000 and \$13,059,000, respectively. As of September 30, 2006, there was \$3,998,000 of total unrecognized compensation cost related to non-vested stock option awards granted under the Company s equity incentive plan. That cost is expected to be recognized over a weighted-average period of 1.9 years.

Packaging Corporation of America Notes to Condensed Consolidated Financial Statements (Continued) (unaudited) September 30, 2006

#### 4. Stock-Based Compensation (Continued)

During 2003, the Company began granting shares of restricted stock to certain of its employees and directors. Restricted stock awards granted to employees vest at the end of a three- or four-year period, whereas restricted stock awards granted to directors vest at the end of a six-month period. The fair value of restricted stock is determined based on the closing price of the Company s common stock on the grant date. The Company is recognizing compensation expense associated with restricted stock awards ratably over their vesting periods. A summary of the Company s restricted stock activity follows:

(dollars in thousands)	2006 Shares	Fair Market Value at Date of Grant	2005 Shares	Fair Market Value at Date of Grant
Restricted stock at January 1	387,030	\$ 8,256	145,000	\$ 3,063
Granted	251,550	5,301	250,755	5,403
Vested	(19,300)	(405)	(6,600)	(163)
Cancellations	(3,860 )	(82)		
Restricted stock at September 30	615,420	\$ 13,070	389,155	\$ 8,303

As of September 30, 2006, there was \$9,234,000 of total unrecognized compensation costs related to the above restricted stock awards. The Company expects to recognize the cost of these stock awards over a weighted-average period of 3.1 years.

#### 5. Inventories

The components of inventories are as follows:

	September 30, 2006 (unaudited)	December 31, 2005		
(In thousands)				
Raw materials	\$ 87,987	\$ 88,809		
Work in process	6,136	5,119		
Finished goods	63,925	61,994		
Supplies and materials	82,430	76,197		
Inventories at FIFO or average cost	240,478	232,119		
Excess of FIFO or average over LIFO cost	(39,841 )	(40,291)		
Inventories, net	\$ 200,637	\$ 191,828		

An actual valuation of inventory under the LIFO method can be made only at the end of each year based on the inventory levels and costs at that time. Accordingly, interim LIFO calculations must necessarily be based on management s estimates of expected year-end inventory levels and costs. Because these are subject to many forces beyond management s control, interim results are subject to the final year-end LIFO inventory valuation.

#### 7. Employee Benefit Plans and Other Postretirement Benefits

For the three and nine months ended September 30, 2006 and 2005, net pension costs were comprised of the following:

(In thousands)	Three Months Ended September 30, 2006		Nine Months Ended September 30, 2006	2005
Components of Net Pension Costs				
Service cost for benefits earned during the year	\$ 4,573	\$ 3,819	\$ 13,719	\$ 11,457
Interest cost on accumulated benefit obligation	1,118	673	3,354	2,019

#### 8. Restructuring Charges and Other Severance

In August 2005, the Company announced that it would close a corrugated products plant by December 31, 2005. The charges related to this plant closing were recorded in accordance with SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities, which requires that a liability for costs associated with an exit or disposal activity be recognized when the liability is incurred. In connection with the shutdown of the corrugated products plant, the Company recorded pre-tax restructuring charges of \$1.7 million during the third and fourth quarters of 2005. On November 3, 2006, PCA sold the plant building for cash proceeds of \$378,000.

In August 2006, the Company announced that it would close a corrugated products plant by the end of the third quarter of 2006. In connection with the closing of this plant, the Company sold the equipment and the building for \$1.6 million in cash proceeds and recorded a pre-tax loss of \$319,000. The Company also recorded \$473,000 in severance and wrote off \$174,000 of assets, primarily intangible assets. These costs are included in other expense, net in the statement of operations.

The following table presents an analysis of the 2006 activity related to these restructurings:

	Balance at December 31, 2005	Restructuring Charges	Non-Cash Charges	Cash Payments	Balance at Sept. 30, 2006
