Laureate Education, Inc. 401(k) Retirement Savings Plan

Baltimore, Maryland

We have audited the accompanying statement of net assets available for benefits of Laureate Education, Inc. 401(k) Retirement Savings Plan as of December 31, 2006 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Laureate Education, Inc. 401(k) Retirement Savings Plan as of December 31, 2006 and the changes in its net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information included in the schedule of assets held for investment purposes at end of year December 31, 2006 is presented for the purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The information in the schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. Plan Description

The following description of the Laureate Education, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. Copies of this summary are available from Laureate Education, Inc.'s (the Company or Plan sponsor) Human Resources Department.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed one month of service. Participants must complete one year of service and work at least 800 hours in the plan year in order to be eligible for employer matching and discretionary contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All investment programs are fully participant-directed. At December 31, 2006, the Plan offers 13 investment options into which participants may direct their investments. Participants have the opportunity to change their investment options daily.

Effective July 1, 2005, the Plan was amended to reflect its new name, Laureate Education, Inc. 401(k) Retirement Savings Plan. Also effective July 1, 2005, the Company has replaced Putnam Fiduciary Trust Company with American Funds Retirement Resources to provide recordkeeping and administrative services to the Plan. Capital Bank and Trust Company, an affiliate of American Funds, will be the Plan's successor trustee.

Contributions

Participants may contribute any percentage of their pretax annual compensation, not to exceed net take home pay, as defined and subject to certain annual limitations imposed by the Internal Revenue Code. In addition, employees may rollover distributions received from other plans. The Company makes a discretionary matching contribution in shares of Laureate Education, Inc. common stock and/or cash equal to a percentage of the amount of the compensation that the participant elected to contribute, up to a maximum of 6% of the participant's compensation. The method of matching contributions is determined from year to year. For plan year 2005 it was made in half cash and half stock. For plan year 2006 it was made all in cash. The matching contribution percentages for both 2006 and 2005 were 50% of the first 6% of the compensation contributed. Additional discretionary contributions may be made at the option of the Company. There were no additional discretionary contributions made by the Company in 2006 and 2005.

Participant Accounts

Each participant account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of additional Company discretionary contributions related to terminated participants' nonvested accounts, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes to Financial Statements
For the years ended December 31, 2006 and 2005**

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's discretionary matching contributions plus earnings thereon is based on years of continuous service at a rate of 33-1/3% per year, including the first year of service. A participant is 100% vested after three years of service. Former Participants of the Walden University, Inc. Money Purchase Pension Plan will be subject to the following vesting schedule on assets transferred into this Plan from the Walden University, Inc. Money Purchase Pension Plan: 20% after 2 Years of Service, 40% after 3 Years of Service; 60% after 4 Years of Service; 80% after 5 Years of Service and 100% after 6 Years of Service.

Forfeitures

Forfeitures are used to reduce the Company's contribution payment made to the plan in the subsequent year. Participants forfeited approximately \$46,000 and \$26,000 of their unvested account balances during the years ended December 31 2006 and 2005, respectively.

Participant Loans

Participants may borrow from their account balances a minimum of \$1,000, up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Principal and interest are repaid ratably through payroll deductions over loan terms, which generally do not exceed five years.

Payment of Benefits

Participants may withdraw voluntary after tax contributions, qualified rollovers, and transfers into the plan, and earnings thereon, at any time. Pre-tax deferrals, vested employer matching contributions, and vested employer discretionary contributions, if any, may be withdrawn upon attaining age 59 1/2 or employment termination. All types of employee contributions may be withdrawn in a lump sum payment upon termination of employment. Hardship withdrawals are allowed but are limited to certain types of contributions, as defined.

Funding policy

The Company generally remits employee deferral contributions to the Plan on a weekly basis.

Parties in Interest

Employees have the option to invest their deferrals in the Laureate Education, Inc. common stock.

Certain Plan investments are shares of mutual funds managed by American Funds. American Funds is the trustee as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Laureate Education, Inc. common stock is valued at the closing price on the last business day of the plan year. The units of the collective trust and shares of the mutual funds are valued at fair value as determined by American Funds Retirement Resources and quoted market prices, respectively. Participant loans are carried at their unpaid principal balance, which approximates fair value.

Realized gains or losses on the sale of investments are computed as the difference between the proceeds received and the cost of investments held. The change in the difference between cost and fair value, including realized gains and losses, is included in the statement of changes in net assets available for benefits as net appreciation or depreciation in the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administration Expenses

All costs and expenses incurred in connection with the administration of the Plan are paid by the Company.
