Item 1.01 Entry into a Material Definitive Agreement.

On December 11, 2007, Team Financial, Inc., (the Company) entered into a technology outsourcing renewal agreement that supersedes and replaces the master agreement entered into by the parties March 1, 2001 with Metavante Corporation, an unaffiliated company. Under the new agreement, which is effective December 1, 2007, Metavante Corporation will provide data processing services to the Company for an additional three years, expiring on March 31, 2011. The new agreement provides for an annual base fee of approximately \$383,000 per year, with 3% annual increases to be applied in future years, in addition to specific line item charges as applicable. Should the agreement be canceled prior to fulfillment of the entire contract, the agreement provides for 85% of the estimated remaining value of the remaining contract as termination charges.

The Company expects to save approximately \$648,000 per year under the new agreement compared to the terms of the current master agreement entered into in 2001. There were no early termination penalties incurred as a result of the termination of the master agreement.

Item 9.01 Financial Statements and Exhibits.
