**Item 1.01 Entry into a Material Definitive Agreement.**

On March 21, 2008, UTStarcom Personal Communications LLC (the Borrower), a wholly-owned subsidiary of UTStarcom, Inc. (the Company), entered into a credit agreement (the Credit Agreement) with Wells Fargo Foothill, LLC, a Delaware limited liability company (the Lender), providing for a \$75.0 million secured revolving credit facility that is subject to an accounts receivable and inventory borrowing base formula. There are currently no revolving loans or letters of credit outstanding under the Credit Agreement.

Interest under the Credit Agreement is based, at the option of Borrower, on either (i) the base rate plus a margin equal to 2.00%, or (ii) a floating per annum rate based on LIBOR plus a margin equal to 4.00%. The base rate is defined as the greatest of (a) 4.50% per annum, (b) a fluctuating rate per annum equal to the average rate of the overnight federal funds, plus a margin equal to 0.50%, and (c) Lender's fluctuating prime rate as announced from time to time. The LIBOR rate is defined as the greater of (a) 3.00% per annum and (b) a per annum rate equal to the rate at which dollar deposits are offered in the London interbank market. A default interest rate shall apply on all obligations during an event of default under the Credit Agreement at a rate per annum equal to 2.00% above the applicable interest rate. The Borrower is also obligated to pay other customary closing fees, servicing fees and utilization fees for a credit facility of this size and type. The revolving loans are subject to mandatory prepayment under certain circumstances, including in connection with Borrower's receipt of proceeds from certain sales of assets and casualty events. Revolving loans may be borrowed, repaid and reborrowed until September 19, 2008 and voluntarily prepaid at any time without premium or penalty.

Pursuant to that certain Security Agreement dated as of March 21, 2008 between the Borrower and Lender (the Security Agreement), the obligations under the Credit Agreement are secured by substantially all of the assets of Borrower.

The Credit Agreement contains customary covenants for a loan facility of this size and type that include, among others, covenants that limit Borrower's ability to incur indebtedness, create liens, merge or consolidate, dispose of assets, make dividends or distributions, make investments, enter into transactions with affiliates, amend or modify terms of certain debt, make intercompany payables and a financial covenant that requires Borrower to maintain certain minimum EBITDA.

The Credit Agreement contains customary events of default for a loan facility of this size and type that include, among others, non-payment defaults, covenant defaults, cross-defaults to certain other material indebtedness, inaccuracy of representations and warranties, bankruptcy and insolvency defaults, material judgments defaults and change of control defaults. The occurrence of an event of default could result in an acceleration of the obligations under the Credit Agreement.

Copies of the Credit Agreement and the Security Agreement are attached as Exhibit 10.1 and Exhibit 10.2, respectively, to this Current Report and are incorporated by reference herein.

**Item 1.02 Termination of a Material Definitive Agreement**

In connection with the entry by the Borrower into the Credit Agreement, on March 20, 2008, the Borrower terminated the commitments under the Amended and Restated Receivables Purchase Agreement (the Citibank Credit Facility),

Edgar Filing: UTSTARCOM INC - Form 8-K

A description of the material terms of the Citibank Credit Facility can be found under Item 1.01 in the Form 8-K filed by the Company on April 5, 2007 and such description is incorporated herein by reference. There were no premiums or penalties incurred by the Borrower in connection with the termination of the Citibank Credit Facility.
