OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

Holders of record of the Company's Common Stock, no par value, at the close of business on July 27, 2009, the record date, are entitled to notice of and to vote on the election of two Class 1 Directors and the approval of a stock option grant to Thomas J. Shaw. Each share of Common Stock entitles the holder to one (1) vote per share. On July 27, 2009, there were 23,800,064 shares of Common Stock issued and outstanding, which constituted the only outstanding voting Common Stock. The presence, in person or by proxy, of the holders of a majority of all the outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting for voting by the Common Shareholders.

VOTING PROCEDURES

Election of Two Class 1 Directors and Approval of Stock Option Grant to Thomas J. Shaw

Shaw. Accordingly, if a quorum is present, the two nominees for Class 1 Director positions who receive the greatest number of votes cast for election by the holders of record of Common Stock on July 27, 2009, shall be the duly elected Class 1 Directors. If a quorum is present and a majority of those that voted or abstained from voting with regard to such proposal vote For the proposal then Mr. Shaw's option will be approved.

PROPOSAL NO. 1

THE ELECTION OF TWO CLASS 1 DIRECTORS

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

The Board of Directors has determined that the Board shall be comprised of seven (7) members. The seven (7) regular members are divided into two (2) classes consisting of two (2) Class 1 members and five (5) Class 2 members. Class 1 and 2 Directors serve for two (2) year terms. Two Class 1 Directors are to be elected at the Annual Meeting to hold office until the 2011 annual meeting of the shareholders when their respective successors are elected and qualified, or upon their earlier retirement, resignation, or removal.

The following table sets forth the information concerning the Board's nominees for the Class 1 Director positions:

<u>Nominee*</u>	<u>Age</u>	<u>Current Position</u>
Marco Laterza	61	Class 1 Director
Amy Mack	41	Class 1 Director

* These Directors are currently independent Class 1 Directors.

BACKGROUND OF CLASS 1 DIRECTOR NOMINEES

Marco Laterza joined us as a Director effective as of March 22, 2005. Since 1988, Mr. Laterza has owned and operated a public accounting practice. His practice includes corporate, partnership and individual taxation, compilation/review of financial statements, financial planning, business consulting, and trusts and estates. From 2004 to the present Mr. Laterza has also served as the Chief Financial Officer for EZ Blue Software Corporation, a development stage software company. Formerly, Mr. Laterza was employed in a number of positions from 1977 to 1985 with El Paso Natural Gas Company eventually serving as its Director of Accounting. Mr. Laterza received his Bachelors of Business Administration in Accounting from Pace University in 1972. He is a CPA and has received a Certificate of Educational Achievement in Personal Financial Planning from the American Institute of CPAs.

Amy Mack joined us as a Director on November 19, 2007. Since 2003, she has owned and operated SPA 02, a medical spa. Since April of 2000, she has owned and operated (and served as Chief Nursing Officer for) EmergiStaff & Associates, a nursing staffing company, in Dallas, Texas. In the event either of the nominees should be unavailable to stand for election at the time of the Annual Meeting, the proxies may be voted for the election, in their stead, of any other person the Board of Directors may recommend. The nominees are currently serving as independent Class 1 Directors of the Company, and, if they are re-elected, the nominees will continue to serve until their terms expire upon the election and qualification of their successors, or their earlier retirement, resignation, or removal. The nominees have indicated their willingness to serve the full term, and Management of the Company knows of no reason why they would be unable to serve.

PROPOSAL NO. 2

THE APPROVAL OF A STOCK OPTION GRANT TO THOMAS J. SHAW

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

On July 15, 2009, the Compensation and Benefits Committee, a committee of the Board of Directors made up of three independent Directors, granted an option (outside of any pre-approved plan) to purchase 3,000,000 shares of Common Stock to Mr. Thomas J. Shaw, the Company's founder, developer of all of its products, and President and Chief Executive Officer. The option vests on July 15, 2010 and terminates on July 15, 2019. The exercise price of the option was 100% of the fair market value on the date of grant by the committee which was \$0.81. In the event of death, disability or termination (otherwise than for cause) the vested portion of the option will terminate 12 months after such event. The non-vested portion shall automatically terminate upon the happening of any of such events. In the event of termination for cause the option shall terminate immediately. The Board of Directors is seeking shareholder approval of this grant. A summary of the plan is as follows:

Name and Position	Dollar Value (\$)¹	Number of Units
Thomas J. Shaw Chief Executive Officer	\$1,762,500	3,000,000

¹ The grant date fair value is \$1,762,500 based on the Black-Scholes valuation model. As of July 31, 2009, the market value for 3,000,000 shares of Common Stock calculated by multiplying the closing price (\$0.88) by 3,000,000 shares was \$2,640,000.

Pursuant to Section 711 of the NYSE Amex Company Guide, shareholder approval is required for the establishment of a stock option (with certain limited exceptions) which may be acquired by officers regardless of whether such authorization is required by law or by the company's charter. Shareholder approval of this option is not otherwise required. In the event that the grant of this option is not approved by the shareholders, the option will terminate in its entirety effective immediately.

The Compensation and Benefits Committee took into consideration, among other things, the following benefits received and to be received by the Company in consideration for the grant of the option:

Mr. Shaw has been the primary developer of all of the Company's products and is crucial to the recent development of a number of new products that are capable of expanding the Company's product line both inside and (eventually) outside of the syringe market;

Mr. Shaw's active participation and continuation with the Company is crucial for the success of the Company in breaking into the market through its numerous ongoing lawsuits. Mr. Shaw's participation was crucial in obtaining the Company's prior litigation settlements for tens of millions of dollars;

Mr. Shaw has waived a total of over \$2.5 million in royalties and has indicated his willingness to do so again if needed to ensure the Company's survival and fitness for its pursuits;

Mr. Shaw had his salary reduced by 10% beginning on August 1, 2009;

Mr. Shaw only had a substantive pay raise three times since the Company's incorporation in 1994;

Table of Contents

Mr. Shaw has never before been granted options despite the fact it is a standard compensation practice for a person in his position; and

Mr. Shaw has never before been granted a bonus despite the fact it is a standard compensation practice for a person in his position.

There is no federal income tax consequence to the Company resulting from the grant of this option. Upon exercise, Mr. Shaw will recognize income and the Company may recognize a tax expense. The amount of income and the Company's deduction will be equal to the difference between the fair market value of the shares on the date of exercise and the exercise price. The income realized will be taxed to Mr. Shaw at ordinary income tax rates for federal income tax purposes at the time of exercise. Withholding and payment of employment taxes are required upon exercise. On subsequent disposition of the shares acquired upon exercise, capital gain or loss as determined under the normal capital asset holding period rules will be realized in the amount of the difference between the proceeds of sale and the fair market value of the shares on the date of exercise. The general effect of this issuance upon other stockholders is limited to the fact that Mr. Shaw's potential stock ownership (assuming the exercise of all ownership and conversion of all preferred stock and convertible debt) has increased from 35.5% to 44.6%. It is also dilutive (upon exercise) for earnings per share when the Company is profitable.

Should the option be approved, any future exercise by Mr. Shaw will not be registered with the Commission but shall be exempt from registration under Section 4(1) of the Securities Act of 1933, as amended (the "Act"). The grant itself will not be registered as no sale (as contemplated by Section 5 of the Act) will have occurred at such time. This exemption is appropriate as the securities will be issued to one person upon exercise of the option.

If this option grant is approved Mr. Shaw will be able to own a total of 11,780,000 shares of Common Stock and control another 2,800,000 shares via a Voting Agreement with Ms. Suzanne August. In such event, Mr. Shaw would control 54.2% of the Common Stock outstanding or 44.6% of the outstanding Common Stock if all preferred stock and convertible debt was converted and all options were exercised. Under Texas law, a majority vote of the eligible Common Stock is required in order to undertake action at the shareholders' direction. However, a vote of two-thirds (2/3) is required to approve a major corporate action such as the sale of the Company or substantially all of its assets.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE STOCK OPTION GRANT TO THOMAS J. SHAW.

CORPORATE GOVERNANCE

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

The Board of Directors has the responsibility for establishing corporate policies and for our overall performance, although it is not involved in day-to-day operations. Currently, a majority (four of seven) of the Directors serving on our Board of Directors are independent Directors as defined in Section 121(A) of the listing standards of the NYSE Amex LLC (NYSE Amex). Our current independent Directors are Messrs. Clarence Zierhut, Marwan Saker, and Marco Laterza, and Ms. Amy Mack.

The Board of Directors, in reviewing the independence of its members, further considered the fact that we paid Ms. Mack's company \$4,500 in 2007; \$20,875 in 2008; and \$9,940 in 2009 as of July 31, 2009, for conducting clinical trials. The Board of Directors determined that her independence was not compromised by such transactions.

BOARD OF DIRECTORS

The Board of Directors meets quarterly throughout the year to review significant developments affecting the Company and to act upon matters requiring its approval. It also holds special meetings as required from time to time when important matters arise requiring Board action between scheduled meetings. During the last fiscal year, the Board of Directors met seven times. Mr. Marwan Saker attended fewer than 75 percent of the aggregate of meetings of the Board of Directors and the Committees on which he served in 2008. The Board of Directors has established standing Audit, Compensation and Benefits, and Nominating Committees to devote attention to specific subjects and to assist it in the discharge of its responsibilities. An executive committee which had never met was dissolved on March 24, 2009. A description of the committees and their functions, their current members, and the number of meetings held by them during the last fiscal year are described below.

AUDIT COMMITTEE

We have a separately designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee represents and assists the Board of Directors in discharging its responsibilities relating to the accounting, reporting, and financial practices and legal compliance of the Company. The Audit Committee has general responsibility for oversight of the accounting and financial processes of the Company, including oversight of: (1) the integrity of the Company's financial statements and its financial reporting and disclosure practices, (2) the Company's compliance with legal and regulatory requirements, and (3) the qualification and independence of the Company's independent accountants and the performance of the audit of the Company's financial statements by the independent accountants. The Audit Committee also provides an open avenue of communication among the independent accountants, financial and senior management, and the Board of Directors. The Audit Committee met a total of seven times in 2008. Our written Audit Committee Charter (which was amended in 2008) is available on our website, www.vanishpoint.com. The members of the Audit Committee are independent as defined by the listing standards of the NYSE Amex. The Audit Committee consists of Messrs.

Table of Contents

Marco Laterza, Marwan Saker, and Clarence Zierhut. Mr. Marco Laterza currently serves as its designated Audit Committee Financial Expert.

Audit Committee Report

The Audit Committee has reviewed and discussed the audited financial statements with Management. The Audit Committee has discussed with the independent accountant, CF & Co., L.L.P. (CF & Co.), the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has received the written disclosures and the letter from CF & Co. required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence. Based on the review and discussions with CF & Co., the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended 2008 for filing with the Commission.

COMPENSATION AND BENEFITS COMMITTEE

The Compensation and Benefits Committee discharges the Board of Directors' responsibilities relating to the compensation of our executive officers and Directors, prepares reports on compensation, as requested, and administers our equity and other incentive compensation plans. The scope of authority includes discharging the Board of Directors' responsibilities relating to the compensation of our executive officers and Directors, preparing any necessary compensation reports, and administering our equity and other incentive plans. Changes in the amount and or form of compensation to Executive Officers are not generally pursued unless first proposed by Management. The committee's authority may not be delegated except back to the full Board of Directors. In the past, Company's counsel has retained Trinity Executive Recruiters, Inc. to assist the committee in providing benchmarks for compensation of executive officers by similarly sized companies in similar industries. However, the Company is not required to retain such consultants and such consultants are not retained on an ongoing basis.

The Compensation and Benefits Committee met three times during 2008. The Compensation and Benefits Committee currently consists of Messrs. Marco Laterza and Clarence Zierhut and Ms. Amy Mack. The charter (which was amended in 2008) is available on our website, www.vanishpoint.com. All members of our Compensation and Benefits Committee are independent as defined by the NYSE Amex listing standards.

NOMINATING COMMITTEE

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

The Nominating Committee assists the Board of Directors by identifying qualified candidates for Director positions, recommending Director nominees for the annual meetings, recommending candidates for election by the Board of Directors to fill vacancies on the Board and recommending Director nominees for Committee vacancies. The Nominating Committee met one time in 2008. The Nominating Committee consists of Messrs. Marwan Saker, Marco Laterza and Clarence Zierhut. The charter of the Nominating Committee (which was amended in 2008) is available at our website, www.vanishpoint.com. All members of our Nominating Committee are independent as defined by the NYSE Amex's listing standards.

Director Nomination Policies

As set forth in Section (C)(5) of our Nominating Committee Charter, it is the policy of the Nominating Committee to consider all bona fide candidates recommended by shareholders for nomination for election to the Board. The Committee considers such candidates using the same screening criteria as are applied to all other potential nominees for election, provided that the shareholder nominations are submitted in a timely and complete manner.

Table of Contents

Nominees properly submitted by any shareholder will be considered for recommendation by the Nominating Committee to the Board of Directors and for recommendation by the Board to the shareholders in our Proxy Statement. The procedure to be followed by shareholders in submitting such recommendations for the next Annual Meeting is set forth in detail herein in the Section entitled **DIRECTOR NOMINATIONS TO BE CONSIDERED BY THE BOARD IN 2010**.

We establish, through our Nominating Committee, selection criterion that identifies desirable skills and experience for prospective Board members, including those properly nominated by shareholders, and addresses the issues of diversity and background. The Board, with the assistance of the Nominating Committee, selects potential new Board members using the criteria and priorities established from time to time based upon the needs of the Company. The composition, skills, and needs of the Board change over time and will be considered in establishing the desirable profile of candidates for any specific opening on the Board of Directors.

Pursuant to Section (C) of the Nominating Committee Charter, at a minimum, recommended nominees by the Nominating Committee for service on the Board must be well regarded and experienced participants in their field(s) of specialty, familiar at the time of their appointment with our business, willing to devote the time and attention necessary to deepen and refine their understanding of the Company and the issues facing it, and must have an understanding of the demands and responsibilities of service on a public company board of directors. The Nominating Committee will also consider such qualities as independence from the Company. Each nominee will be considered both on his or her individual merits and in relation to existing or other potential members of the Board, with a view to establishing a well-rounded, diverse, knowledgeable, and experienced Board.

The Nominating Committee considers nominees recommended by Board members, Management, and the shareholders. It is further empowered, when necessary in its judgment, to retain and compensate third party search firms to assist in identifying or evaluating potential nominees.

The Class 1 Director nominees were recommended by the Nominating Committee and unanimously approved by the Board of Directors.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors has established a Disclosure Representative Policy and a standing Disclosure Representative position. It is our policy that the Disclosure Representative serve as the primary contact for shareholders and others desiring to communicate directly with the Board of Directors. It is further our policy that all communications addressed to the Board of Directors or the Disclosure Representative are sent to all Board members. The current Disclosure Representative is Mr. Marco Laterza. Communications intended for the Board of Directors should be in writing, addressed to the attention of the Disclosure Representative or Mr. Marco Laterza, and sent to 511 Lobo Lane, Little Elm, Texas 75068-0009.

Periodically, shareholders contact our Chief Financial Officer, Mr. Douglas Cowan, who responds to questions individually unless the question is directed to the full Board of Directors or the Disclosure Representative.

POLICY REGARDING ATTENDANCE AT ANNUAL MEETINGS

We have a policy encouraging Board members attendance at Annual Meetings. All of the seven members of the Board attended the 2008 Annual Meeting.

COMPENSATION DISCUSSION AND ANALYSIS

The Objectives of Our Compensation Plan

Our executive officer compensation program (the Compensation Program) is based on the belief that competitive compensation is essential to attract, retain, motivate, and reward highly qualified and industrious executive officers. Our Compensation Program is intended to accomplish the following:

attract and retain highly talented and productive executive officers;

Table of Contents

provide incentives and rewards for superior performance by the executive officers; and

align the interests of executive officers with the interests of our stockholders.

What the Compensation Program Is Designed to Award

Our Compensation Program is designed to award both superior long-term performance by our executive officers and their loyalty.

Summary of Each Element of Compensation

To achieve these objectives, the Compensation and Benefits Committee has approved an executive officer compensation program that consists of four basic components:

base salary;

periodic short-term incentive compensation in the form of cash bonuses;

periodic long-term incentive compensation in the form of stock options; and

medical, life, and benefit programs (which are generally available on the same terms to all employees).

Why We Choose to Pay Each Element of Our Compensation Program

Base Salary

We choose to pay a significant component of our compensation in base salary due to the fact that our financial performance is constrained by the monopolistic activities of BD. We have been blocked from access to the market by exclusive marketing practices engaged in by BD who

dominates the market. We believe that its monopolistic business practices continue despite its paying \$100 million to settle a prior lawsuit with us in 2004 for anticompetitive practices, business disparagement, and tortious interference. Until such time as we believe that we have access to the market, we believe that it is appropriate to weigh our Compensation Program heavily in favor of base salaries rather than in incentive compensation.

Cash Bonuses

From time to time and when our cash reserves allow (taking into account the continued need to compete in this monopolistic environment and the continued need for significant cash reserves) we grant cash bonuses in order to reward significant efforts or the accomplishment of short-term goals. The last bonuses were granted in 2003. The CEO has never been granted any bonuses of any kind.

Long-Term Incentives: Stock Options

Long-term incentives are provided through grants of stock options. The grants are designed to align the interests of executive officers with those of stockholders and to provide each executive officer with a significant incentive to manage from the perspective of an owner with an equity stake in the Company.

How We Determine the Amount or Formula for Payment in Light of Our Objectives

Executive compensation remains the same until there is a review of such compensation by the Compensation and Benefits Committee. Compensation, other than that of the Chief Executive Officer, has not been reviewed annually. Under the terms of Mr. Shaw's employment agreement, his compensation is reviewed annually. In the past, when there is a review of executive compensation, we have retained an outside consulting firm, Trinity Executive Recruiters, Inc., to provide benchmarks for similar compensation given the multiple and varied positions each executive fulfills as well as our size and the hostile environment in which we operate.

Table of Contents

Base Salary

The base salary for each of our executive officers is subjectively determined primarily on the basis of the following factors: experience, individual performance, contribution to our performance, level of responsibility, duties and functions, salary levels in effect for comparable positions within and without our industry, and internal base salary comparability considerations. However, salaries can also be affected by the long-term needs of the Company.

These base salaries are reviewed periodically and may be adjusted based upon the factors discussed in the previous sentence, as well as upon individual performance during the previous fiscal year, changes in the duties, responsibilities and functions of the executive officer, and general changes in the compensation peer group in which we compete for executive talent. The relative weight given to each of these factors in the Compensation and Benefits Committee's recommendation differs from individual to individual, as the Compensation and Benefits Committee deems appropriate.

Beginning August 1, 2009, all employees above a certain salary level had their salaries reduced by 10%. This included all Executive Officers.

Periodic Cash Bonuses

For 2008, we did not grant bonuses to our executive officers. The last bonuses were paid in 2003. These bonuses, when paid, are paid on a discretionary basis, as determined by the Compensation and Benefits Committee. Factors considered by the Compensation and Benefits Committee in determining discretionary cash bonuses are personal performance, level of responsibility, and many of the same factors considered by the Compensation and Benefits Committee and discussed above when it reviews and sets base salaries, except with a greater focus on the prior fiscal year. The Compensation and Benefits Committee also considers our need to retain cash in deciding whether to grant cash bonuses.

Long-Term Incentive: Stock Options

We have issued stock options to our employees from time to time and may do so in the future. We did not issue any stock options in 2006 or 2007. We issued new options under the 2008 Stock Option Plan to purchase an aggregate of 962,683 shares of Common Stock in exchange for the cancellation of tendered options pursuant to an Exchange Offer in 2008. We issued incentive stock options (ISOs) for the purchase of 269,956 shares of Common Stock and Non Qualified Stock Options (NQSOs) for the purchase of 229,494 shares of Common Stock to Executive Officers and Directors under the 2008 Stock Option Plan in July 2009. We further granted an option (outside of any plan) for the purchase of 3,000,000 shares of Common Stock to Thomas J. Shaw, our Chief Executive Officer, which is the subject of Proposal No. 2 herein. Options are generally granted to regular full-time employees and officers.

If stock options are to be issued, Management prepares a proposal to the Compensation and Benefits Committee. Considerations by Management in its initial proposal in determining a suitable aggregate fair market value of options to be granted include our financial condition, the number of options already outstanding, and the benefit to the non-executive officer employees. The proposal includes information relating to the expected expense of such grants to be recognized by us, the approximate number of options to be issued, the number of options currently

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

outstanding, the employees to be included, the amount of stock currently outstanding, and the method under which the options would be awarded.

Once the dollar amount of options to be granted is approved, Management begins determining the aggregate number of shares underlying options that can be granted under such approval (based on the fair value of an option for the purchase of one underlying share). Factors included in the determination of the value of an option grant for the purchase of one share include current market price of the Company's stock, the proposed exercise price, the proposed expiration date, the volatility of the Company's stock, and the risk free rate. We may retain an independent outside consultant to determine such value. In the past we have utilized the Black-Scholes model as well as

Table of Contents

the binomial model, but we may use other methods in the future as more appropriate methods are developed.

Management provides the Compensation and Benefits Committee with a proposal regarding option grants to executive officers. If the recommendation is acceptable, the committee grants the options. If the committee feels changes are merited, it grants options on its own terms.

With regard to many past grants, after the aggregate number of shares underlying the options to be granted was determined, we allocated the options to our various departments using a factor based on their annual compensation times their performance rating. The individual employee's allocation factor was the numerator of a fraction. The denominator was the department's sum of all factors (annual compensation times performance ratings of all the eligible employees). The resulting fraction was multiplied by the stock options to be awarded to determine the employee's individual portion of the aggregate approved options. Future grants may be based on the value of contributions to the Company and not necessarily pursuant to any formula.

The allocation was, from time to time, further reviewed by each department's management if they believed certain employees were not awarded an appropriate number of options, which Management would consider.

Each stock option grant to employees allows the employee to acquire shares of Common Stock at a fixed price per share (never less than the closing stock price of the Common Stock on the date of grant) for a fixed period (usually ten years). With regard to grants prior to 2009, each option generally became exercisable after three years, contingent upon the employee's continued employment with us. The exceptions include options issued to Officers and Directors pursuant to the Exchange Offer, which vested immediately for non-employee Directors and after one year for employees (including employee Directors) and options granted in 2009 which vested in one year for executive officers. Accordingly, generally stock option grants will provide a return to the employee only if the employee remains employed by us during the vesting period, and then only if the market price of the underlying Common Stock appreciates. Future grants may vest over a shorter or longer period.

Allocation Between Long-Term/Current and Between Cash/Non-Cash Compensation

All of our long-term compensation consists of non-cash compensation in the form of stock options. We believe that the granting of stock options incentivizes executives to maximize our long-term strengths as well as our stock price. However, because we are operating in a monopolistic environment and our stock price has little relationship with our performance, the most significant component of compensation is base salary and not stock options. Management is incented to maximize shareholder value and will be rewarded if they do so. However, a significant base salary enables us to retain this competent Management despite the current inability to provide valuable equity incentives.

How Determinations Are Made as to When Awards Are Granted

Generally, option awards are granted at the discretion of the Board after recommendation of the Compensation and Benefits Committee or on the committee's own initiative. No awards are granted if the Compensation and Benefits Committee does not support a recommendation.

Unfortunately, our stock price does not always react as expected to our achievements. Accordingly, at times options have been granted to aid in retaining competent and experienced executives without regard to the then current stock price. However, such options always have exercise prices that are at or above fair market value on the date of grant.

In addition, there is no relationship between the date of grant of options and our possession of material non-public information. Furthermore, it is our policy with regard to options that (although the options could be exercised) the underlying shares could not be sold into the market while the executive was in possession of material non-public information under our insider trading policy. Accordingly, we believe that there is minimal risk of the executive profiting from such material nonpublic information.

What Specific Items of Corporate Performance Are Taken into Account in Setting Compensation Policies and Making Compensation Decisions

Cash reserves as well as trends in sales and costs are taken into account when considering the advisability of increasing base salaries or granting cash bonuses. At such times that any of these factors make it inadvisable to increase salaries or grant bonuses, then consideration is given to increasing option awards taking into account the value of prior option awards.

Awards are granted on the basis of historical performance. Accordingly, there is no discretion to change the awards once granted.

Factors We Consider in Determining to Change Compensation Materially

We consider our cash position, current liquidity trends, and the short-term and long-term needs for cash reserves (especially in light of the hostile environment in which we operate) when evaluating whether we can change compensation materially at a given time.

On an individual-by-individual basis, we also consider the value of past option compensation, the competitiveness of that individual's base salary, and their individual contribution to our goals.

How Amounts Realized from Past Compensation Affect Other Elements of Compensation

We are very aware that the vast majority of options previously granted to our executives were (prior to the 2008 option exchange) significantly out of the money. This is currently even true of the options issued pursuant to the Exchange Offer which occurred in November 2008, which, among its other purposes, was intended to rectify the fact that options were underwater. Accordingly, future compensation will likely continue to be dominated by base salary as well as periodic bonuses when possible.

The Impact of the Accounting and Tax Treatments of Our Types of Compensation

Stock options granted to executives and other employees are expensed for accounting purposes under Financial Accounting Standard (FAS) 123(R). We expense all of our option costs as we do the costs of salaries and bonuses. Accordingly, the impact of tax treatment of various compensation forms does not impact our compensation decisions. Stock option expense is not recognized for tax purposes, except in the case of non-qualified stock options. For non-qualified stock options, the intrinsic value of the option is recognized when the option is exercised.

Our Policy Regarding Hedging Stock Ownership

We prohibit certain stock transactions by employees and Directors, including:

1. Purchases and sales of stock within a six month period;
2. Short sales; and
3. Transactions in puts, calls, or other derivative securities.

Furthermore, employees and Directors are required to pre-clear any hedging transactions.

Benchmarking of Our Compensation Program

In 2003, we hired Trinity Executive Recruiters, Inc. to assist us in providing benchmarks for compensation by similarly sized companies in similar industries for persons that hold positions which are currently fulfilled by various members of our executive team. These benchmarks support existing executive compensation.

The Role of Our Executives and Directors in Determining Compensation

Management establishes the initial recommendations regarding compensation for all employees, including themselves. Such proposal is then submitted to the Compensation and Benefits Committee. In the event that a proposal is affirmed, the proposal is then recommended to the entire Board of Directors for a vote unless the committee decides to act on its own initiative.

Compensation Pursuant to Employment Agreement

We have an Employment Agreement with Mr. Thomas J. Shaw which was modified effective January 1, 2008 to avoid adverse tax consequences to Mr. Shaw created by the passage of the American Jobs Creation Act of 2004. No other executives (or Directors) are compensated pursuant to employment agreements.

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

The new Employment Agreement with Mr. Shaw (the "Employment Agreement") provides for an initial period of three years which ends December 31, 2010 that automatically and continuously renews for consecutive two-year periods. The Employment Agreement is terminable either by us or Mr. Shaw upon 30 days' written notice or upon Shaw's death.

The Employment Agreement provides for an annual salary of at least \$416,399.88 with an annual salary increase equal to no less than the percentage increase in the Consumer Price Index ("CPI") over the prior year. The Employment Agreement requires that Mr. Shaw's salary be reviewed by the Compensation and Benefits Committee annually, which shall make such increases as it considers appropriate.

Under the Employment Agreement, we are obligated to provide certain benefits, including, but not limited to, participation in qualified pension plan and profit-sharing plans, participation in the Company's Cafeteria Plan and other such insurance benefits provided to other executives, paid vacation, and sick leave. We are also obligated to furnish him with a cellular telephone and suitable office space as well as reimburse him for any reasonable and necessary out of pocket travel and entertainment expenses incurred by him in carrying out his duties and responsibilities, membership dues to professional organizations, and any business-related seminars and conferences.

Pursuant to the Employment Agreement, we are obligated to indemnify Mr. Shaw for all legal expenses, court costs, and all liabilities incurred in connection with any proceeding involving him by reason of his being an officer, employee, or agent of the Company. We are further obligated to pay reasonable attorney fees and expenses and court and other costs associated with his defense in the event that, in Mr. Shaw's sole judgment, he needs to retain counsel or otherwise expend his personal funds for his defense.

Upon his death, Shaw's estate shall be entitled to his salary through the date of death, applicable benefits, and reimbursement of expenses.

Table of Contents

We have the right to terminate the Employment Agreement if Mr. Shaw incurs a permanent disability during the term of his employment. A permanent disability shall mean that Mr. Shaw is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than 12 months or is, by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, receiving income replacement benefits for a period of not less than 3 months under an accident and health plan covering employees of the Company. Mr. Shaw shall also be deemed to be disabled if he is determined to be totally disabled by the Social Security Administration. In such event, Shaw is entitled to his salary through the date of termination, reimbursement of expenses, and salary for a period of 24 months as well as applicable benefits.

Shaw's employment may be terminated for cause which is defined to be conviction of a felony which is materially detrimental to the Company, proof, as determined finally by a court of competent jurisdiction of the gross negligence or willful misconduct which is materially detrimental to the company or proof, as determined finally by a court of competent jurisdiction, of a breach of a fiduciary duty which is materially detrimental to the Company. In such event, he shall be entitled to his salary through the date of termination plus reimbursement of expenses.

If Shaw is terminated without cause and not at his implicit request, Shaw shall be entitled to his salary through the date of termination, reimbursement of expenses, his salary for 24 months, as well as applicable benefits.

If Shaw resigns (other than because of a change in control), he is entitled to his salary through the date of termination, reimbursement of expenses, salary for 90 days and applicable benefits.

Mr. Shaw has the right under this agreement to resign in the event that there is a change in control. A Change of Control shall be deemed to have occurred on either of the following dates: (i) the date any one person (other than Mr. Shaw), or more than one person acting as a group, acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) ownership of stock of the Company possessing 30 percent or more of the total possible voting power of the stock of the Company (assuming the immediate conversion of all then outstanding convertible preferred stock) or (ii) the date a majority of members of the Board of Directors is replaced during any 12-month period by Directors whose appointment or election is not endorsed by a majority of the members of the Company's Board of Directors before the date of the appointment or election. Shaw further has the right to resign if there is a change in ownership. A change in ownership is defined to have occurred on the date that any one person (other than Shaw) or more than one person acting as a group acquires ownership of the Company's stock that, together with the stock previously held by such person or group constitutes more than 50% of the total fair market value or total voting power (assuming the immediate conversion of all then outstanding convertible preferred stock) of the Company. In such event Shaw is entitled to salary through the date of termination, salary for 24 months, reimbursement of expenses and applicable benefits.

Mr. Shaw's commitment to the Company may not be construed as preventing him from participating in other businesses or from investing his personal assets as may require occasional or incidental time in the management, conservation and protection of such investments provided such investments or businesses cannot be construed as being competitive or in conflict with the business of the Company.

Mr. Shaw has agreed to a one-year non-compete, not to hire or attempt to hire employees for one year, and to not make known our customers or accounts or to call on or solicit our accounts or customers in the event of termination of his employment for one year unless the termination is without cause or pursuant to a change of control or ownership.

(1) The fair value of each option grant prior to 2008 was estimated on the date of grant using the Black-Scholes option pricing model with the following weighted average assumptions used for grants in 2004: no dividend yield; expected volatility of 37%; risk free interest rate of 4.89%; and an expected life of 9.0 years. No options were issued in 2005, 2006 or 2007. Options granted before 2008 were issued under the 1999 Stock Option Plan, a copy of which Plan and amendment were filed as exhibits to our Form 10-SB filed on June 23, 2000 and our Form 10-KSB filed on March 31, 2003, respectively.

Option award expense for grants issued before 2008 were fully amortized by the first quarter of 2007. Option award expense for 2008 is that portion of the fair value of the options issued under the Exchange Offer in 2008. The expense for the options issued under the Exchange Offer will be fully amortized in 2009.

The fair value of each 2008 option grant was estimated on the date of grant using the binomial option pricing model with the following weighted average assumptions used for grants in 2008: no dividend yield; expected volatility of 67.53%; risk free interest rate of 2.83%; and an expected life of 8.61 to 8.69 years. The options were issued under the 2008 Stock Option Plan, a copy of which Plan was filed as Appendix B to our definitive Schedule 14A filed on August 19, 2008.

- (2) This amount was compensation pursuant to our matching contributions to the 401(k) plan.

- (3) This amount constitutes the excess market value of the underlying shares of an exercised stock option over the exercise price.

(1) These options were granted under the 2008 Stock Option Plan in exchange for other options pursuant to our Exchange Offer.

(2) The fair value of the new options issued under the Exchange Offer was determined utilizing the binomial model for pricing stock options. The incremental value of the new options over the tendered options was based on the difference between the grant date fair value of the new options and the fair value of the tendered options immediately before the exchange. The tendered options were valued using the binomial model. The incremental values are equal to the following: \$68,400 for Mr. Cowan; \$74,417 for Mr. Wisner; \$64,639 for Ms. Larios; and \$42,270 for Mr. Kuhlman.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

Please see **Compensation Pursuant to Employment Agreement** and POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL for terms of our only employment agreement in effect.

There was not a re-pricing of options or other award in the last fiscal year, but there was an exchange of options pursuant to our Option Exchange Plan, whereby we offered to exchange certain outstanding eligible options for new options, on the terms and subject to the conditions described in the Exchange Offer. The exercise price was arbitrarily chosen as the higher of: 1) the last sales price of our Common Stock as reported on the NYSE Amex on the date of grant rounded to the next highest dime or 2) \$1.30. The options were exchanged on a two for one basis. The new options effectively restarted the ten year termination date, re-started a one-year vesting period, reduced the number of shares eligible for purchase by one half and reduced the exercise price to \$1.30.

PENSION BENEFITS

We do not have a pension plan other than the 401(k) plan which is available to all employees the first of the month after 90 days of service.

401(k) Plan

We implemented an employee savings and retirement plan (the 401(k) Plan) in 2005 that is intended to be a tax-qualified plan covering substantially all employees. Under the terms of the 401(k) Plan, employees may elect to contribute up to 88% of their compensation, or the statutory prescribed limit, if less. We may, at our discretion, match employee contributions. We made matching contributions of approximately \$122,000 and \$111,000 in 2008 and 2007, respectively. \$21,095 and \$19,600 of these matching contributions were to executive officers in 2008 and 2007, respectively. There were no matching contributions in 2006. We have suspended matching contributions effective August 1, 2009 until further notice.

Any payments arising as a result of disability or resignation would be paid not sooner than six months and one day from the termination date but not later than seven months from the termination date. Any payments arising as a result of death would be paid no later than the 90th day following the death. Payments arising as a result of termination with cause or termination without cause would be paid not later than 30th day following the date of termination except that any amount due in excess of an amount equal to the lesser of two times annual compensation or two times the limit on compensation under section 401(17) of the Internal Revenue Code of 1986 such amount in excess shall be paid no earlier than six months and one day after the date of termination but in no event later than seven months after the date of termination. Under Mr. Shaw's agreement, Mr. Shaw has agreed to a one-year non-compete, not to hire or attempt to hire employees for one year, and to not make known our customers or accounts or to call on or solicit our accounts or customers in the event of termination of his employment for one year unless the termination is without cause or pursuant to a change of control. However, it not clear that the above payments are conditioned on the performance of these contractual obligations.

(2) Mr. Shaw participates in our benefit plans which do not discriminate in scope, terms, or operation in favor of executive officers. Such plans are generally available to all salaried employees. Accordingly, the value of such payments is not included in the Value of Payments column.

Table of Contents

(3) This value does not include payments under our benefit plans for reasons set forth in footnote 2 above. In addition, this value assumes that the triggering event occurred on December 31, 2008. Authorized payments under the Employment Agreement are also capped to one dollar less than the amount that would cause Mr. Shaw to be the recipient of a parachute payment under Section 280G(b) of the Code.

Narrative Explanation of Director Compensation Table for 2008

In 2008 we paid each non-employee Director a fee of \$500 per meeting and reimbursed travel expenses. In the past, we have granted to each Director (except Mr. Shaw until his July 15, 2009 grant which is the subject of Proposal No. 2) stock options for Common Stock. Mr. Laterza and Ms. Mack had also not yet been granted options as of December 31, 2008. We do not pay any additional amounts for committee participation or special assignment.

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

Generally, employee Directors are compensated on an at-will basis as discussed in the COMPENSATION DISCUSSION AND ANALYSIS. However, one employee, Mr. Thomas J. Shaw, our President and CEO, is compensated pursuant to an employment agreement. Please see the **Compensation Pursuant to Employment Agreement**, set forth above for an in depth summary of the terms of such agreement.

We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these requirements.

DIRECTOR NOMINATIONS TO BE CONSIDERED BY THE BOARD IN 2010

Nominations for the election of Directors may be made by shareholders entitled to vote generally in the election of Directors. In the discretion of the Nominating Committee, the Committee may solicit nominations from the shareholders. In addition, a shareholder may nominate a person, on their own initiative, for consideration for recommendation by the Board to the shareholders in our Proxy Statement for the 2010 annual meeting. To make such a recommendation, a shareholder should deliver written notice of such shareholder's nomination, either by personal delivery or by registered or certified United States mail, postage prepaid, to Michele M. Larios, the Secretary of the Company, by April 16, 2010. Such notice shall set forth:

1. The name and address of the shareholder making the nomination and of the person to be nominated;
2. A representation that the shareholder is a holder of record of Common Stock of the Company entitled to vote at such meeting (specifying the number of shares beneficially held) and intends to appear in person or by proxy at the meeting;
3. A description of all arrangements or understandings between the shareholder and the nominee and any other person or persons (naming such person or persons) pursuant to which the nomination is being made by the shareholder and any material interest of the shareholder in making the nomination;

5. The consent of the nominee to serve as a Director if so recommended by the Board and duly elected at the annual meeting by the shareholders.

We evaluate Director nominees recommended by shareholders in the same manner in which we evaluate other Director nominees. Please see **CORPORATE GOVERNANCE-NOMINATING COMMITTEE-*Director Nomination Policies*** for a description of the consideration given to shareholder recommended nominees.

AUDIT COMMITTEE CHARTER

I. STATEMENT OF PURPOSE

A. The Audit Committee shall represent and assist the Board of Directors in discharging its responsibilities relating to the accounting, reporting, and financial practices and legal compliance of Retractable Technologies, Inc. (the Company). The Audit Committee has general responsibility for oversight of the accounting and financial reporting processes of the Company, including oversight of: (1) the integrity of the Company's financial statements and its financial reporting and disclosure practices, (2) the Company's compliance with legal and regulatory requirements, and (3) the qualification and independence of the Company's auditors and the performance of the annual audit and interim reviews of the Company's financial statements by the independent auditors. The Audit Committee should also provide an open avenue of communication among the independent auditors, financial and senior management, and the Board of Directors.

B. While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles (GAAP). This is the responsibility of management and the Company's independent auditors.

II. AUDIT COMMITTEE MEMBERS

A. The Audit Committee shall consist of at least three members appointed by the Board of Directors, one of whom shall be appointed as Chairperson. The Audit Committee shall consist entirely of independent members of the Board of Directors. Independent means a director who: (i) satisfies all criteria for independence established by the Securities and Exchange Commission (the SEC) with regard to members of an Audit Committee and (ii) meets The American Stock Exchange (the AMEX) definition of independent (including all criteria imposed with respect to service on an audit committee). If a member of the Audit Committee ceases to be independent, that member shall notify the Company immediately.

B. Each member of the Audit Committee shall be able to read and understand fundamental financial statements, including the Company's balance sheet, statement of operations, statement of changes in stockholders' equity, cash flow statement, and related notes to financial statements as determined in the Board of Directors' judgment.

Edgar Filing: RETRACTABLE TECHNOLOGIES INC - Form DEF 14A

C. At least one member of the Audit Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including, but not limited to, being or having been a chief executive officer, chief financial officer, or other senior officer with financial oversight responsibilities in compliance with criteria established by the AMEX and, in addition, shall have such accounting or related financial management expertise as required to be an audit committee financial expert in compliance with the criteria established by the SEC, both as determined in the Board of Directors' judgment. The identity of such financial expert and whether such financial expert meets the SEC's independence criteria shall be disclosed in the Company's annual report as filed with the SEC and such other reports as the SEC may require.

D. The members of the Audit Committee shall be elected by the Board of Directors and shall serve until their successors shall be duly elected and qualified. Unless a chair is elected by the full Board of

Table of Contents

Directors, the members of the Audit Committee may designate a chair by majority vote of the full Audit Committee.

III. POWERS, DUTIES, AND RESPONSIBILITIES

A. Oversight of Company Relationship with Its Independent Auditors

1. The Audit Committee of the Company shall have sole authority and responsibility to appoint and engage a public accounting firm to serve as the Company's independent auditors and to perform the Company's annual audit and related work. This authority shall include the sole discretion to retain and discharge such independent auditors and to approve the terms and conditions of all audit engagements as well as all significant non-audit engagements with such independent auditors, including a determination of the compensation to be paid to such independent auditors.

2. The Audit Committee shall oversee the work performed by the Company's independent auditors (including resolution of disagreements between management and the independent auditors regarding financial reporting). Such independent auditors shall report directly to the Audit Committee, although they shall remain accountable to the entire Board of Directors as well as to the Audit Committee.

3. The Audit Committee shall review with the independent auditors the scope of the audit, pre-approve the audit services (which may entail providing comfort letters in connection with securities underwritings) to be performed by the independent auditors, review the results of the annual audit examination, review the interim results, and review any other reports of the independent auditors with respect to the Company's financial statements or policies.

4. The Audit Committee shall pre-approve all non-audit services provided to the Company by the independent auditors. Pre-approval shall be either: (i) specifically granted by the Audit Committee or (ii) granted pursuant to pre-approval policies and procedures established by the Audit Committee, provided the Audit Committee is informed of each non-audit service. In no event shall approval be granted for any non-audit service that the SEC, AMEX, or other applicable regulatory authority determines is impermissible. As may be required by the SEC, the Audit Committee shall disclose the approval of non-audit services and/or any pre-approval policies and procedures in periodic reports filed by the Company with the SEC.

5. The Audit Committee shall periodically assess the independence of the Company's auditors as defined by the rules, regulations, and standards of the SEC, the AMEX, and other applicable authorities. The Audit Committee shall, at least annually, obtain and review a formal written statement by the Company's independent auditors delineating: all relationships between the independent auditors and the Company consistent with Independence Standards Board Standard 1. Furthermore, the Audit Committee shall actively engage in a dialogue with the independent auditors regarding any disclosed relationships or services that may impact the objectivity and independence of the independent auditors. The Audit Committee is responsible for recommending that the Board take appropriate action to oversee the independence of the independent auditors.

B. Audit Practices and Financial Reporting Matters

1. The Audit Committee shall obtain and review all reports and other information that the independent auditors are required by law, rule, or regulation to submit to the Audit Committee, including periodic reports on: (1) all critical accounting policies and practices to be used by the Company, (2) all alternative treatments of financial information within GAAP in effect from time to time that have been discussed with management, the ramification of the use of such alternative disclosures and treatment, and the treatment preferred by the independent auditors, and (3) other material written communications between the independent auditors and management of the Company, such as any management letter or schedule of unadjusted differences.

Table of Contents

2. The Audit Committee shall discuss with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 114 relating to the conduct of the audit and certain information related to the auditors' judgments about the quality, not just the acceptability, of the Company's accounting principles.

3. The Audit Committee shall review and discuss with management and the independent auditors the Company's annual audited financial statements and quarterly financial statements, including a discussion of the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operation and a discussion with the independent auditors of their judgments as to the quality of the Company's accounting principles.

4. The Audit Committee shall review with management and the independent auditors the results of any significant matters identified as a result of the independent auditors' interim review procedures prior to the filing of each quarterly report.

5. The Audit Committee shall review changes in the accounting policies of the Company and accounting and financial reporting proposals that may have a significant impact on the Company's financial reports, and make reports on the foregoing to the Board of Directors.

6. The Audit Committee shall review as necessary and appropriate with the independent auditors any audit problems or difficulties and management's response, including any restrictions on the scope of the independent auditors' activities or access to information and any significant disagreements with management.

C. Company Governance Policies and Compliance

1. The Audit Committee shall prepare the report that SEC rules require to be included in the Company's annual proxy statement.

2. The Audit Committee shall review and discuss with management financial risk exposures and measures management has taken to monitor and control such exposures.

3. The Audit Committee shall annually review and assess the adequacy of this Charter and make recommendations to the Board of Directors necessary to provide for the continued adequacy of the Charter to achieve its stated purpose.

4. The Audit Committee shall review with management and the independent auditors any correspondence with regulators or governmental agencies and any employee complaints or published reports, which raise material issues regarding the Company's financial statements or accounting policies.

5. The Audit Committee shall establish and maintain procedures for (a) the receipt, retention, and treatment of complaints regarding accounting, internal accounting controls, or auditing matters, and (b) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

6. The Audit Committee shall review and approve any related party transactions.

The Audit Committee shall oversee management's internal control over financial reporting as part of its oversight responsibilities for the Company's financial reporting. The Audit Committee shall obtain a report from management as to all material weaknesses and significant deficiencies in internal controls based upon management's evaluation. The Audit Committee shall be reasonably knowledgeable and informed about the evaluation process and management's assessment.

D. General Powers

1. The Audit Committee shall have the ability (but not the obligation) to conduct or authorize, if it considers appropriate, investigations into any matters within the scope of its responsibilities.

2. The Audit Committee shall have the authority (without separate approval from the Board of Directors) to obtain advice, services, and assistance from independent counsel, and accounting or other advisors, as the Audit Committee deems necessary to assist it in carrying out its responsibilities, and to determine the compensation for any such advisors.

3. The Audit Committee shall perform such activities consistent with this Charter, the Company's Third Amended and Restated Bylaws, as they may be amended, and applicable law as the Board of Directors or the Audit Committee deems necessary or appropriate.

4. The Audit Committee may otherwise make regular reports and recommendations to the Board of Directors within the scope of its functions.

5. The Company shall provide for appropriate funding, as determined by the Audit Committee, in its capacity as a committee for: 1) payment of compensation to the independent auditors employed for the purpose of preparing or issuing an audit report or review or attestation, 2) payment to any advisors employed by the Audit Committee and 3) payment of ordinary expenses that are necessary or appropriate in carrying out its duties.

IV. AUDIT COMMITTEE MEETINGS

A. The Audit Committee shall meet as often as it determines, but not less frequently than quarterly. The meetings may be either in person or in any other manner permitted by law and at such times and places as the Board of Directors or the Audit Committee determines. The Audit Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditors to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee.

B. The majority of the members of the Audit Committee shall constitute a quorum for Audit Committee meetings and, unless otherwise required by this Charter or the Company's Third Amended and Restated Bylaws, as they may be amended, action may be taken by majority vote of the members present at such meetings. Minutes shall be maintained of each meeting.
