## Table of Contents

WNS (Holdings) Limited is incorporating by reference the information and exhibits set forth in this Form 6-K into its registration statements on Form S-8 (Registration No: 333-136168), Form S-8 (File No. 333-157356), and Form S-8 (File No. 333-176849).

## **CONVENTIONS USED IN THIS REPORT**

In this report, references to "US" are to the United States of America, its territories and its possessions. References to "UK" are to the United Kingdom. References to "India" are to the Republic of India. References to "China" are to the People's Republic of China. References to "South Africa" are to the Republic of South Africa. References to "\$" or "dollars" or "US dollars" are to the legal currency of the US, references to "pence" or "Indian rupees" are to the legal currency of India, references to "pound sterling" or "£" are to the legal currency of the UK, references to "pence" are to the legal currency of Jersey, Channel Islands, references to "Euro" are to the legal currency of the European Monetary Union and references to "RMB" are to the legal currency of China. Our financial statements are presented in US dollars and prepared in accordance with International Financial Reporting Standards and its interpretations, or IFRS, as issued by the International Accounting Standards Board, or the IASB, as in effect as at June 30, 2013. To the extent IASB issues any amendments or any new standards subsequent to June 30, 2013, there may be differences between IFRS applied to prepare the financial statements included in this report and those that will be applied in our annual financial statements for the year ending March 31, 2014. Unless otherwise indicated, references to "GAAP" in this report are to IFRS, as issued by the IASB.

References to a particular "fiscal year" are to our fiscal year ended March 31 of that calendar year. Any discrepancies in any table between totals and sums of the amounts listed are due to rounding.

In this report, unless otherwise specified or the context requires, the term "WNS" refers to WNS (Holdings) Limited, a public company incorporated under the laws of Jersey, Channel Islands, and the terms "our company," "the Company," "we," "our" and "us" refer to WNS (Holdings) Limited and its subsidiaries.

In this report, references to "Commission" are to the United States Securities and Exchange Commission.

We also refer in various places within this report to "revenue less repair payments," which is a non-GAAP financial measure that is calculated as (a) revenue less (b) in our auto claims business, payments to repair centers (1) for "fault" repair cases where we act as the principal in our dealings with the third party repair centers and our clients and (2) for "non fault" repair cases with respect to one client (whose contract with us has been terminated with effect from April 18, 2012) as more fully explained in "Management's Discussion and Analysis of Financial Condition and Results of Operations." This non-GAAP financial information is not meant to be considered in isolation or as a substitute for our financial results prepared in accordance with GAAP.

## **SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

This report contains "forward-looking statements" that are based on our current expectations, assumptions, estimates and projections about our company and our industry. The forward-looking statements are subject to various risks and uncertainties. Generally, these forward-looking

## Edgar Filing: WNS (HOLDINGS) LTD - Form 6-K

statements can be identified by the use of forward-looking terminology such as anticipate, believe, estimate, expect, intend, will, project, should and similar expressions. Those statements include, among other things, the discussions of our business strategy and expectations concerning our market position, future operations, margins, profitability, liquidity and capital resources, tax assessment orders and future capital expenditures. We caution you that reliance on any forward-looking statement inherently involves risks and uncertainties, and that although we believe that the assumptions on which our forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate, and, as a result, the forward-looking statements based on those assumptions could be materially incorrect. These risks and uncertainties include but are not limited to:

Table of Contents

- worldwide economic and business conditions;
- political or economic instability in the jurisdictions where we have operations;
- regulatory, legislative and judicial developments;
- our ability to attract and retain clients;
- technological innovation;
- telecommunications or technology disruptions;
- future regulatory actions and conditions in our operating areas;
- our dependence on a limited number of clients in a limited number of industries;
- our ability to expand our business or effectively manage growth;
- our ability to hire and retain enough sufficiently trained employees to support our operations;
- negative public reaction in the US or the UK to offshore outsourcing;
- the effects of our different pricing strategies or those of our competitors;

## Edgar Filing: WNS (HOLDINGS) LTD - Form 6-K

- increasing competition in the business process outsourcing industry;
- our ability to successfully grow our revenue, expand our service offerings and market share and achieve accretive benefits from our acquisition of (1) Fusion Outsourcing Services (Proprietary) Limited, or Fusion (which we have renamed as WNS Global Services SA (Pty) Ltd following our acquisition) or (2) Aviva Global Services Singapore Pte. Ltd., or Aviva Global (which we have renamed as WNS Customer Solutions (Singapore) Private Limited, or WNS Global Singapore, following our acquisition) and our master services agreement with Aviva Global Services (Management Services) Private Limited, or Aviva MS, as described below;
- our liability arising from fraud or unauthorized disclosure of sensitive or confidential client and customer data;
- our ability to successfully consummate and integrate strategic acquisitions; and
- volatility of our ADS price.

These and other factors are more fully discussed in our other filings with the Securities and Exchange Commission, or the SEC, including in Risk Factors, Management's Discussion and Analysis of Financial Condition and Results of Operations and elsewhere in our annual report on Form 20-F for our fiscal year ended March 31, 2013. In light of these and other uncertainties, you should not conclude that we will necessarily achieve any plans, objectives or projected financial results referred to in any of the forward-looking statements. Except as required by law, we do not undertake to release revisions of any of these forward-looking statements to reflect future events or circumstances.

**WNS (HOLDINGS) LIMITED**

**NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Amounts in thousands, except share and per share data)**

**1. Company overview**

WNS (Holdings) Limited ( "WNS Holdings" ), along with its subsidiaries (collectively, "the Company" ), is a global business process outsourcing ( "BPO" ) company with client service offices in Australia, London (UK), New Jersey (US) and Singapore and delivery centers in Costa Rica, India, the People's Republic of China ( "China" ), the Philippines, Poland, Republic of South Africa ( "South Africa" ), Romania, Sri Lanka, the UK and the US. The Company's clients are primarily in the banking, consumer product, financial services, healthcare and utilities, insurance, public sector, retail and travel industries.

WNS Holdings is incorporated in Jersey, Channel Islands and maintains a registered office in Jersey at Queensway House, Hilgrove Street, St Helier, Jersey JE1 1ES.

These unaudited condensed interim consolidated financial statements were authorized for issue by the Board of Directors on July 16, 2013.

**2. Summary of significant accounting policies**

**a. Basis of preparation**

These condensed interim consolidated financial statements are prepared in compliance with International Accounting Standard (IAS) 34, *Interim financial reporting* as issued by IASB. They do not include all of the information required in annual financial statements in accordance with IFRS, as issued by IASB and should be read in conjunction with the audited consolidated financial statements and related notes included in the Company's annual report on Form 20-F for the fiscal year ended March 31, 2013.

The accounting policies applied are consistent with the policies that were applied for the preparation of the consolidated financial statements for the year ended March 31, 2013.

**3. New accounting pronouncements not yet adopted by the Company**

Certain new standards, interpretations and amendments to existing standards have been published that are mandatory for the Company's accounting periods beginning on or after April 1, 2014 or later periods. Those which are considered to be relevant to the Company's operations are set out below.

i. In November 2009, the IASB issued IFRS 9 Financial Instruments: Classification and Measurement ( ~~IFRS 9~~ ) This standard introduces certain new requirements for classifying and measuring financial assets and liabilities and divides all financial assets that are currently in the scope of IAS 39 into two classifications, viz. those measured at amortized cost and those measured at fair value. In October 2010, the IASB issued a revised version of IFRS 9, Financial Instruments ( IFRS 9 R ). The revised standard adds guidance on the classification and measurement of financial liabilities. IFRS 9 R requires entities with financial liabilities designated at fair value through profit or loss to recognize changes in the fair value due to changes in the liability's credit risk in other comprehensive income. However, if recognizing these changes in other comprehensive income creates an accounting mismatch, an entity would present the entire change in fair value within profit or loss. There is no subsequent recycling of the amounts recorded in other comprehensive income to profit or loss, but accumulated gains or losses may be transferred within equity.

IFRS 9 R is effective for fiscal years beginning on or after January 1, 2015. Earlier application is permitted. The Company is currently evaluating the impact that this new standard will have on its consolidated financial statements.

**WNS (HOLDINGS) LIMITED**

**NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Amounts in thousands, except share and per share data)**

ii In May 2013, the IASB has issued an amendment to IAS 36 Impairment of Assets to reduce the circumstances in which the recoverable amount of assets or cash-generating units is required to be disclosed, clarify the disclosures required, and to introduce an explicit requirement to disclose the discount rate used in determining impairment (or reversals) where recoverable amount (based on fair value less costs of disposal) is determined using a present value technique. This Amendment is effective from annual period on or after January 1, 2014.

The Company has evaluated the requirements of the above amendment and does not believe that the adoption of this amendment will have a material effect on its consolidated financial statements.

(iii) In May 2013, the IASB has issued an Interpretation IFRIC 21 Levies. This Interpretation addresses the accounting for a liability to pay a levy if that liability is within the scope of IAS 37. It also addresses the accounting for a liability to pay a levy whose timing and amount is certain. This interpretation is effective from January 1, 2014.

The Company has evaluated the requirements of the above interpretation and does not believe that the adoption of this interpretation will have a material effect on its consolidated financial statements.

(iv) In June 2013, the IASB has issued an amendment to IAS 39 Financial Instruments: Recognition and Measurement, which clarifies that there is no need to discontinue hedge accounting if a hedging derivative is novated, provided certain criteria are met. A novation indicates an event where the original parties to a derivative agreement agree that one or more clearing counterparties replace their original counterparty to become the new counterparty to each of the parties. In order to apply the amendments and continue hedge accounting, novation to a central counterparty (CCP) must happen as a consequence of laws or regulations or the introduction of laws or regulations. This Amendment is effective from annual period on or after January 1, 2014.

The Company has evaluated the requirements of the above amendment and does not believe that the adoption of this amendment will have a material effect on its consolidated financial statements.

**4. Acquisition**

On June 21, 2012, the Company acquired all outstanding equity shares of Fusion Outsourcing Services (Proprietary) Limited ( Fusion ) (subsequently renamed as WNS Global Services SA (Pty) Ltd), a provider of a range of outsourcing services including contact center, customer care and business continuity services to both South African and international clients.

## Edgar Filing: WNS (HOLDINGS) LTD - Form 6-K

The purchase price for the acquisition was £10,000 (\$15,680 based on the exchange rate on June 21, 2012) plus £399 (\$644 based on the exchange rate on October 30, 2012) towards adjustment for cash and working capital.

In accordance with the terms of the sale and purchase agreement entered in connection with the acquisition of Fusion, £5,000 (\$7,840 based on the exchange rate on June 21, 2012) was paid at the completion arrangement on June 21, 2012, £399 (\$644 based on the exchange rate on October 30, 2012) was paid based on completion accounts on October 30, 2012 and the remainder £5,000 (\$7,840 based on the exchange rate on June 21, 2012) was payable on or before May 31, 2013 along with interest of 3% per annum above the base rate of Barclays Bank Plc. to be calculated on a daily accrual basis.

Consequently on May 31, 2013, the Company paid £5,151 (\$7,838 based on the exchange rate on May 31, 2013) towards settlement of the final installment of the purchase consideration including an interest of £151.

### 5. Cash and cash equivalents

The Company considers all highly liquid investments with an initial maturity of up to three months to be cash equivalents. Cash and cash equivalents consist of the following:

	As at	
	June 30, 2013	March 31, 2013
Cash and bank balance	\$ 19,494	\$ 21,323
Short term deposits with bank	3,943	6,555
<b>Total</b>	<b>\$ 23,437</b>	<b>\$ 27,878</b>

Short term deposits can be withdrawn by the Company at any time without prior notice and are readily convertible into known amounts of cash with an insignificant risk of changes in value.

**Fair value hierarchy**

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 other techniques for which all inputs have a significant effect on the recorded fair value are observable, either directly or indirectly.

Edgar Filing: WNS (HOLDINGS) LTD - Form 6-K

Level 3 techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

For financial instruments that are recognized at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The assets and liabilities measured at fair value on a recurring basis as at June 30, 2013 are as follows:

The fair value is estimated using the discounted cash flow approach and market rates of interest. The valuation technique involves assumption and judgments regarding risk characteristics of the instruments, discount rates, future cash flows and other factors. During the three months ended June 30, 2013 and the year ended March 31, 2013, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

Table of Contents**WNS (HOLDINGS) LIMITED****NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS****(Amounts in thousands, except share and per share data)****Derivative financial instruments**

The primary risks managed by using derivative instruments are foreign currency exchange risk and interest rate risk. Forward and option contracts up to 24 months on various foreign currencies are entered into to manage the foreign currency exchange rate risk on forecasted revenue denominated in foreign currencies and monetary assets and liabilities held in non-functional currencies. The Company has entered into a currency swap to convert Rupee liability into a US dollar liability, thereby reducing the overall borrowing cost. The Company's primary exchange rate exposure is with the US dollars, pound sterling and the Indian rupee. For derivative instruments which qualify for cash flow hedge accounting, the Company records the effective portion of gain or loss from changes in the fair value of the derivative instruments in other comprehensive income (loss), which is reclassified into earnings in the same period during which the hedged item affects earnings. Derivative instruments qualify for hedge accounting when the instrument is designated as a hedge; the hedged item is specifically identifiable and exposes the Company to risk; and it is expected that a change in fair value of the derivative instrument and an opposite change in the fair value of the hedged item will have a high degree of correlation. Determining the high degree of correlation between the change in fair value of the hedged item and the derivative instruments involves significant judgment including the probability of the occurrence of the forecasted transaction. When it is probable that a forecasted transaction will not occur, the Company discontinues the hedge accounting and recognizes immediately in the consolidated statement of income, the gains and losses attributable to such derivative instrument that were accumulated in other comprehensive income (loss).

The amount of gain/(loss) reclassified from other comprehensive income into consolidated statement of income in respective line items for the three months ended June 30, 2013 and 2012 are as follows:

	Three months ended June 30,	
	2013	2012
Revenue	\$ 27	\$ (1,098)
Foreign exchange loss, net	(161)	(2,706)

Income tax related to amounts reclassified into statement of income	175	1,262
<b>Total</b>	<b>\$ 41</b>	<b>\$ (2,533)</b>

As at June 30, 2013, the loss amounting to \$5,020 on account of cash flow hedges, is expected to be reclassified from other comprehensive income into statement of income over a period of 24 months.

Due to the discontinuation of cash flow hedge accounting on account of non-occurrence of original forecasted transactions by the end of the originally specified time period, the Company recognized in the consolidated statement of income for the three months ended June 30, 2013 and 2012 gains of \$126 and \$636 respectively.

The Company had 13 delivery centers in India which were eligible to claim income-tax exemption with respect to profits earned from export revenue from operating units registered under the Software Technology Parks of India ( STPI ) which expired on April 1, 2011. The Company has a delivery center located in Gurgaon, India registered under the Special Economic Zone ( SEZ ) scheme and eligible for 100% income tax exemption until fiscal 2012, and 50% income tax exemption from fiscal 2013 till fiscal 2022. The Company in fiscal 2012 started operations in delivery centers in Pune, Navi Mumbai and Chennai, India registered under the SEZ scheme and eligible for 100% income tax exemption until fiscal 2016 and 50% income tax exemption from fiscal 2017 till fiscal 2026. The Government of India pursuant to the Indian Finance Act, 2011 has also levied minimum alternate tax ( MAT ) on the book profits earned by the SEZ units at the prevailing rate which is currently 20.96%. The Company's operations in Costa Rica are eligible for a 100% income tax exemption until fiscal 2017 and 50% income tax exemption from fiscal 2018 to fiscal 2021. The Company's operations in Philippines are eligible for tax exemptions which expire in fiscal 2014. During fiscal 2013, the Company has started its operations in new delivery center in Philippines which is also eligible for tax exemption which expires in fiscal 2017. The Company's operations in Sri Lanka were also eligible for tax exemptions which expired in fiscal 2011. However, the Government of Sri Lanka has exempted the profits earned from export revenue from tax. This has enabled the Company's Sri Lankan subsidiary to continue to claim tax exemption under the Sri Lanka Inland Revenue Act following the expiry of the tax holiday provided by Board of Investment, Sri Lanka.

From time to time, the Company receives orders of assessment from the Indian tax authorities assessing additional taxable income on the Company and/or its subsidiaries in connection with their review of their tax returns. The Company currently has orders of assessment outstanding for various years through fiscal 2010, which assess additional taxable income that could in the aggregate give rise to an estimated \$47,614 in additional taxes, including interest of \$17,337. These orders of assessment allege that the transfer prices the Company applied to certain of the international transactions between WNS Global and its other wholly-owned subsidiaries were not on arm's length terms, disallow a tax holiday benefit claimed by the Company, deny the set off of brought forward business losses and unabsorbed depreciation and disallow certain expenses claimed as tax deductible by WNS Global. The Company has appealed against these orders of assessment before higher appellate authorities.

In addition, the Company has orders of assessment pertaining to similar issues that have been decided in favor of the Company by first level appellate authorities, vacating the tax demands of \$40,431 in additional taxes, including interest of \$12,609. The income tax authorities have

filed appeals against these orders at higher appellate authorities.

Uncertain tax positions are reflected at the amount likely to be paid to the taxation authorities. A liability is recognized in connection with each item that is not probable of being sustained on examination by taxing authority. The liability is measured using single best estimate of the most likely outcome for each position taken in the tax return. Thus the provision would be the aggregate liability in connection with all uncertain tax positions. As of June 30, 2013, the Company has provided a tax reserve of \$15,779 primarily on account of the Indian tax authorities denying the set off of brought forward business losses and unabsorbed depreciation.

Based on the facts of these cases, the nature of the tax authorities disallowances and the orders from first level appellate authorities deciding similar issues in favor of the Company in respect of assessment orders for earlier fiscal years and after consultation with the Company's external tax advisors, the Company believe these orders are unlikely to be sustained at the higher appellate authorities. The Company has deposited \$11,202 of the disputed amounts with the tax authorities and may be required to deposit the remaining portion of the disputed amounts with the tax authorities pending final resolution of the respective matters.

*Others*

On March 21, 2009, the Company received an assessment order from the Indian service tax authority, demanding payment of \$5,863 of service tax and related penalty for the period from March 1, 2003 to January 31, 2005. The assessment order alleges that service tax is payable in India on BPO services provided by the Company to clients based abroad as the export proceeds are repatriated outside India by the Company. In response to the appeal filed by the Company with appellate tribunal against the assessment order in April 2009, the appellate tribunal has remanded the matter back to lower tax authorities to be adjudicated afresh. After consultation with Indian tax advisors, the Company believes this order of assessment is more likely than not to be upheld in favor of the Company. The Company intends to continue to vigorously dispute the assessment.

**26. Operating segments**

The Company has several operating segments based on a mix of industry and the types of services. The composition and organization of these operating segments currently is designed in such a way that the back office shared processes, i.e. the horizontal structure, delivers service to industry specific back office and front office processes i.e. the vertical structure. These structures represent a matrix form of organization structure, accordingly operating segments have been determined based on the core principle of segment reporting in accordance with IFRS 8 Operating segments ( IFRS 8 ). These operating segments include travel, insurance, banking and financial services, healthcare, utilities, retail and consumer products groups, auto claims and others. The Company believes that the business process outsourcing services that it provides to customers in industries other than auto claims such as travel, insurance, banking and financial services, healthcare, utilities, retail and consumer products groups and others that are similar in terms of services, service delivery methods, use of technology, and long-term gross profit and hence meet the aggregation criteria in accordance with IFRS 8. WNS Assistance and Accidents Happen Assistance Limited (which constitutes WNS Auto Claims BPO), which provide automobile claims handling services, do not meet the aggregation criteria. Accordingly, the Company has determined that it has two reportable segments WNS Global BPO and WNS Auto Claims BPO .

The Chief Operating Decision Maker ( CODM ) has been identified as the Group Chief Executive Officer. The CODM evaluates the Company s performance and allocates resources based on revenue growth of vertical structure.

In order to provide accident management services, the Company arranges for the repair through a network of repair centers. Repair costs paid to automobile repair centers are invoiced to customers and recognized as revenue except the cases where the Company has concluded that it is not the principal in providing claims handling services and hence it would be appropriate to record revenue from repair services on a net basis i.e. net of repair cost. The Company uses revenue less repair payments for Fault repairs as a primary measure to allocate resources and measure segment performance. Revenue less repair payments is a non-GAAP measure which is calculated as (a) revenue less (b) in the Company s auto claims business, payments to repair centers (1) for Fault repair cases where the Company acts as the principal in its dealings with the third party repair centers and its clients and (2) for Non fault repair cases with respect to one client (whose contract with the Company has been terminated with effect from April 18, 2012). For this one client in the Company s Non fault repairs business (whose contract with the Company has been terminated with effect from April 18, 2012), the Company provides only repair management services where the Company wholly subcontracts the repairs to the repair centers (similar to the Company s Fault repairs). Accordingly, the Company evaluates the financial performance of its business with this client in a manner similar to how it evaluates its financial performance for its Fault repairs business, that is, based on revenue less repair payments. For Non-fault repairs , revenue including repair payments is used as a primary measure. As the Company provides a consolidated suite of accident management services including credit hire and credit repair for its Non-fault repairs business, the Company believes that measurement of that line of business has to be on a basis that includes repair payments in revenue.

**Overview**

We are a leading global provider of BPO services, offering comprehensive data, voice, analytical and business transformation services with a blended onshore, nearshore and offshore delivery model. We transfer the business processes of our clients to our delivery centers, located in China, Costa Rica, India, the Philippines, Poland, Romania, South Africa, Sri Lanka, the UK and the US, as well as to our subcontractor's delivery center in China, with a view to offer cost savings, operational flexibility, improved quality and actionable insights to our clients. We seek to help our clients transform their businesses by identifying business and process optimization opportunities through technology-enabled solutions, process design improvements, analytics and improved business understanding.

We win outsourcing engagements from our clients based on our domain knowledge of their business, our experience in managing the specific processes they seek to outsource and our customer-centric approach. Our company is organized into vertical business units in order to provide more specialized focus on each of the industries that we target, to more effectively manage our sales and marketing process and to develop in-depth domain knowledge. The major industry verticals we currently target are the insurance; travel and leisure; manufacturing, retail, consumer products, media and entertainment, telecom and diversified businesses; consulting and professional services; utilities; healthcare; banking and financial services; shipping and logistics; and public sector industries.

Our portfolio of services includes vertical-specific processes that are tailored to address our clients' specific business and industry practices. In addition, we offer a set of shared services that are common across multiple industries, including customer care, finance and accounting, legal services, procurement, research and analytics and technology services. In fiscal 2013, we established a new horizontal unit that offers human resources outsourcing services.

Although we typically enter into long-term contractual arrangements with our clients, these contracts can usually be terminated with or without cause by our clients and often with short notice periods. Nevertheless, our client relationships tend to be long-term in nature given the scale and complexity of the services we provide coupled with risks and costs associated with switching processes in-house or to other service providers. We structure each contract to meet our clients' specific business requirements and our target rate of return over the life of the contract. In addition, since the sales cycle for offshore business process outsourcing is long and complex, it is often difficult to predict the timing of new client engagements. As a result, we may experience fluctuations in growth rates and profitability from quarter to quarter, depending on the timing and nature of new contracts. Our operating results may also differ significantly from quarter to quarter due to seasonal changes in the operations of our clients. For example, our clients in the travel and leisure industry typically experience seasonal changes in their operations in connection with the US summer holiday season, as well as episodic factors such as adverse weather conditions. Our focus, however, is on

deepening our client relationships and maximizing shareholder value over the life of a client's relationship with us.

Our revenue is generated primarily from providing business process outsourcing services. We have two reportable segments for financial statement reporting purposes: WNS Global BPO and WNS Auto Claims BPO. In our WNS Auto Claims BPO segment, we provide both fault and non-fault repairs. For fault repairs, we provide claims handling and repair management services, where we arrange for automobile repairs through a network of third party repair centers. In our repair management services, where we act as the principal in our dealings with the third party repair centers and our clients, the amounts which we invoice to our clients for payments made by us to third party repair centers are reported as revenue. Where we are not the principal in providing the services, we record revenue from repair services net of repair cost. See Note 2.5 of the consolidated financial statements included in our annual report on Form 20-F for the fiscal year ended March 31, 2013. Since we wholly subcontract the repairs to the repair centers, we evaluate the financial performance of our fault repair business based on revenue less repair payments to third party repair centers, which is a non-GAAP financial measure. We believe that revenue less repair payments for fault repairs reflects more accurately the value addition of the business process outsourcing services that we directly provide to our clients.

For our non-fault repairs business, we generally provide a consolidated suite of accident management services including credit hire and credit repair, and we believe that measurement of such business on a basis that includes repair payments in revenue is appropriate. Revenue including repair payments is therefore used as a primary measure to allocate resources and measure operating performance for accident management services provided in our non-fault repairs business. For one client in our non-fault repairs business (whose contract with us has been terminated with effect from April 18, 2012), we provide only repair management services where we wholly subcontract the repairs to the repair centers (similar to our fault repairs). Accordingly, we evaluate the financial performance of our business with this client in a manner similar to how we evaluate our financial performance for our fault repairs business, that is, based on revenue less repair payments. Our non-fault repairs business where we provide accident management services accounts for a relatively small portion of our revenue for our WNS Auto Claims BPO segment.

Table of Contents

Revenue less repair payments is a non-GAAP financial measure which is calculated as (a) revenue less (b) in our auto claims business, payments to repair centers (1) for fault repair cases where we act as the principal in our dealings with the third party repair centers and our clients and (2) for non fault repair cases with respect to one client as discussed above. This non-GAAP financial information is not meant to be considered in isolation or as a substitute for our financial results prepared in accordance with GAAP. Our revenue less repair payments may not be comparable to similarly titled measures reported by other companies due to potential differences in the method of calculation.

The following table reconciles our revenue (a GAAP financial measure) to revenue less repair payments (a non-GAAP financial measure) for the periods indicated:

	<b>Three months ended June 30,</b>	
	<b>2013</b>	<b>2012</b>
	<b>(US dollars in millions)</b>	
Revenue	\$ 122.1	\$ 107.8
Less: Payments to repair centers(1)	8.4	5.2
Revenue less repair payments	\$ 113.8	\$ 102.6

**Note:**

(1) Consists of payments to repair centers in our auto claims business (a) for fault repair cases where we act as the principal in our dealings with the third party repair centers and our clients and (b) for non fault repair cases with respect to one client as discussed above.

The following table sets forth our constant currency revenue less repair payments for the periods indicated. Constant currency revenue less repair payments is a non-GAAP financial measure. We present constant currency revenue less repair payments so that revenue less repair payments may be viewed without the impact of foreign currency exchange rate fluctuations, thereby facilitating period-to-period comparisons of business performance. Constant currency revenue less repair payments is calculated by restating prior year revenue less repair payments denominated in pound sterling or Euro using the foreign exchange rate used for the latest period.
