**ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT**

On August 8, 2013, Boston Scientific Corporation (the "Company") entered into an Underwriting Agreement (as supplemented by the Terms Agreement, also dated August 8, 2013, the "Underwriting Agreement") among the Company and Barclays Capital Inc., J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representatives of the underwriters named in the Underwriting Agreement (the "Underwriters"), in connection with the Company's previously announced pricing of \$1.05 billion in aggregate principal amount of senior notes. Pursuant to the Underwriting Agreement, the Underwriters agreed to purchase \$600,000,000 in aggregate principal amount of the Company's 2.650% Senior Notes due 2018 (the "2018 Notes") and \$450,000,000 in aggregate principal amount of the Company's 4.125% Senior Notes due 2023 (the "2023 Notes," and together with the 2018 Notes, the "Notes") under the Company's shelf registration statement. The Underwriting Agreement contains customary representations, warranties and agreements of the Company and customary conditions to closing, indemnification rights and obligations of the parties and termination provisions.

The Company will pay interest on the Notes on April 1 and October 1 of each year, beginning April 1, 2014. The Company may redeem the Notes prior to maturity at its option at any time, in whole or in part, from time to time. In the case of the 2018 Notes, the redemption price will be the greater of the principal amount of Notes to be redeemed and the applicable redemption price set forth in the 2018 Notes, plus accrued and unpaid interest, if any, to, but not including, the redemption date. In the case of the 2023 Notes, (i) at any time prior to July 1, 2023 (which is the date that is three months prior to the maturity date of the 2023 Notes), the redemption price will be the greater of 100% of the principal amount of the Notes to be redeemed and the applicable redemption price set forth in the 2023 Notes, plus accrued and unpaid interest, if any, to, but not including, the redemption date and (ii) at any time on or after July 1, 2023, (which is the date that is three months prior to the maturity date of the 2023 Notes), the redemption price will be equal to 100% of the principal amount of the Notes to be redeemed, plus, accrued and unpaid interest, if any, to, but not including, the redemption date.

Upon the occurrence of a Change of Control Repurchase Event (as defined in the Notes), the Company will be required to make an offer to repurchase all of the Notes then outstanding at a repurchase price equal to 101% of their principal amount, plus accrued and unpaid interest (if any) to the date of repurchase.

The Notes will be senior unsecured obligations and will rank equally in right of payment with all of the Company's existing and future senior unsecured and unsubordinated indebtedness. The Notes will rank senior in right of payment to any existing and future indebtedness of the Company that is subordinated to the Notes. The Notes will not be entitled to the benefit of any sinking fund.

The Notes were issued pursuant to an indenture dated as of May 29, 2013 between the Company and U.S. Bank National Association, as trustee (the "Indenture"). The Indenture contains covenants that restrict the Company's ability, with certain exceptions, to (i) merge or consolidate with another entity or transfer all or substantially all of its property and assets, and (ii) incur liens. These covenants are subject to important exceptions and qualifications, as described in the Indenture. The Indenture also provides for customary events of default.

The foregoing descriptions of the Underwriting Agreement, the Indenture and the Notes are summaries and are qualified in their entirety by reference to such documents, which are filed herewith as Exhibits 1.1, 4.1, 4.2 and 4.3, respectively, and all of which are incorporated herein by reference.
