Item 1.01 Entry into a Material Definitive Agreement

Offering of Senior Secured Notes

On May 28, 2015, SandRidge Energy, Inc. (the Company), entered into a Purchase Agreement (the Purchase Agreement), by and among the Company, certain subsidiary guarantors named therein (the Guarantors), and Barclays Capital Inc., Morgan Stanley & Co. LLC and RBC Capital Markets, LLC (the Representatives), as representatives of the several initial purchasers (the Initial Purchasers), relating to the issuance and sale of \$1.25 billion in aggregate principal amount of the Company's 8.75% Senior Secured Notes due 2020 (the Notes). The Notes were priced at par. The Company expects to receive approximately \$1.23 billion of net proceeds from the offering after deducting the initial purchasers' discounts and estimated offering expenses.

The Purchase Agreement contains customary representations and warranties of the parties, conditions to closing, and indemnification and contribution provisions under which the Company and the Guarantors, on one hand, and the Initial Purchasers, on the other, have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the Securities Act).

The sale of the Notes is expected to close on June 10, 2015, subject to the effectiveness of the Company's revised senior credit facility and other customary closing conditions. The Company intends to use the net proceeds of the offering to repay the outstanding borrowings under its existing senior credit facility and for other general corporate purposes, including payment of estimated fees and expenses related to its revised senior credit facility. The foregoing description of the Purchase Agreement is qualified in its entirety by reference to the full text of the Purchase Agreement, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated by reference into this Item 1.01.

The Notes will be issued pursuant to an indenture to be dated as of June 10, 2015, among the Company, the Guarantors and U.S. Bank National Association, as trustee. The Notes are expected to be secured by the same collateral which will secure the Company's obligations under its revised senior credit facility, which is expected to consist of 80% of the Company's and the Guarantors' proved oil and gas reserves and related assets, and certain other assets, including a pledge of the capital stock of each of the Guarantors.

The Notes are being offered and sold to the several initial purchasers pursuant to an exemption from the registration requirements under the Securities Act. The initial purchasers intend to sell the Notes only to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to persons outside the United States pursuant to Regulation S.

The initial purchasers and certain of their affiliates have provided, and may in the future provide, financial advisory, investment banking and commercial banking services in the ordinary course of business to the Company, the Guarantors and certain of the Company's affiliates, for which they receive customary fees and expense reimbursement. Affiliates of certain of the initial purchasers are lenders under the Company's existing senior credit facility, and, accordingly, will receive a portion of the proceeds from the offering of the Notes.
