Who Can Vote at the Meeting

You are entitled to vote the shares of SI Financial common stock that you owned as of the close of business on March 14, 2016. As of the close of business on that date, 12,220,680 shares of SI Financial common stock were outstanding. Each share of common stock has one vote on each matter presented to stockholders.

Ownership of Shares; Attending the Meeting; Voting

You may own shares of SI Financial in one of the following ways:

- Directly in your name as the stockholder of record;

- Indirectly through a broker, bank or other holder of record in street name ; or

- Indirectly through: (1) the SI Financial Group, Inc. Stock Fund (the Stock Fund) in the Savings Institute Bank and Trust Company Profit Sharing and 401(k) Savings Plan (the 401(k) Plan); (2) the Savings Institute Bank and Trust Company Employee Stock Ownership Plan and Trust (the ESOP); and/or the trust that holds restricted stock awards issued under the SI Financial Group, Inc. 2005 Equity Incentive Plan (the 2005 Plan) and the SI Financial Group, Inc. 2012 Equity Incentive Plan (the 2012 Plan and together with the 2005 Plan, the Equity Incentive Plans).

Table of Contents

If your shares are registered directly in your name, you are the holder of record of these shares and have the right to give your proxy directly to us or to vote in person at the meeting.

If you hold your shares in street name, your broker, bank or other holder of record is sending these proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote by filling out a voting instruction form that accompanies your proxy materials. Your broker, bank or other holder of record may allow you to provide voting instructions by telephone or the internet. Please see the instruction form provided by your broker, bank or other holder of record that accompanies this proxy statement. If you hold your shares in street name, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares of SI Financial common stock held in street name in person at the meeting, you must obtain a written proxy in your name from the broker, bank or other nominee who is the record holder of your shares.

See *Participants in the ESOP, 401(k) Plan or Equity Incentive Plans* for a discussion of voting rights under those plans.

Quorum and Vote Required

Quorum. We will have a quorum and be able to conduct the business of the annual meeting if the holders of a majority of the outstanding shares of common stock entitled to vote are present at the meeting, either in person or by proxy. If you return valid proxy instructions or attend the meeting in person, we will count your shares to determine whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted to determine the existence of a quorum.

Votes Required for Proposals. At this year's annual meeting, stockholders will be asked to elect three directors to serve a term of three years. In voting on the election of directors, you may vote in favor of the nominees, withhold votes as to all nominees or withhold votes as to any nominee. There is no cumulative voting for the election of directors. Directors must be elected by a plurality of the votes cast at the annual meeting. This means that the nominees receiving the greatest number of votes will be elected. Votes that are withheld and broker non-votes will have no effect on the outcome of the election.

In voting on the ratification of the appointment of Wolf & Company, P.C. as the Company's independent registered public accounting firm or on the advisory vote to approve the compensation of the Company's named executive officers, you may vote in favor of the proposal, vote against the proposal or abstain from voting. The affirmative vote of a majority of the votes cast is required to approve each of these proposals. Abstentions and broker non-votes will have no effect on the proposals.

Effect of Not Casting Your Vote. If you hold your shares in street name it is critical that you cast your vote if you want it to count in the election of directors (Item 1 of this Proxy Statement) or with respect to the advisory vote regarding the

compensation of our named executive officers (Item 3 of this Proxy Statement). Current regulations restrict the ability of your bank or broker to vote your shares in the election of directors and other matters on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors or for the advisory vote regarding the compensation of our named executive officers, no votes will be cast on your behalf. These are referred to as broker non-votes. Your bank or broker does, however, continue to have discretion to vote any shares for which you do not provide instructions on how to vote on the ratification of the appointment of the Company's independent registered public accounting firm (Item 2 of this Proxy Statement).

Table of Contents

Voting by Proxy

The Board of Directors of SI Financial is requesting that you allow your shares of SI Financial common stock to be represented at the annual meeting by the persons named in the proxy card. All shares of SI Financial common stock represented at the annual meeting by properly executed and dated proxy cards will be voted according to the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. The Board of Directors recommends a vote:

- **FOR** each of the nominees for director;

- **FOR** ratification of Wolf & Company, P.C. as the independent registered public accounting firm;
and

- **FOR** approval of the compensation of the named executive officers.

If you received a notice and wish to receive a paper copy of the proxy card, you can obtain a copy by:

- Calling (866) 641-4276;

- Visiting www.envisionreports.com/SIFI; or

- e-mailing investorvote@computershare.com with Proxy Materials SI Financial Group, Inc. in the subject line.

If any matters not described in this proxy statement are properly presented at the annual meeting, the persons named in the proxy card will use their judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the annual meeting to solicit additional proxies. If the annual meeting is postponed or adjourned, your SI Financial common stock may be voted by the persons named in the proxy card on the new annual meeting date as well, unless you have revoked your proxy. We do not know of any other matters to be presented at the annual meeting.

Edgar Filing: SI Financial Group, Inc. - Form DEF 14A

You may revoke your proxy at any time before the vote is taken at the meeting. To revoke your proxy, you must either advise the Corporate Secretary of the Company in writing before your common stock has been voted at the annual meeting, deliver a later dated proxy or attend the meeting and vote your shares in person. Attendance at the annual meeting will not in itself constitute revocation of your proxy.

Instead of voting by mailing a proxy card, registered stockholders can vote their shares of Company common stock via the internet or by telephone. The internet and telephone voting procedures are designed to authenticate stockholders' identities, allow stockholders to provide their voting instructions and confirm that their instructions have been recorded properly. Specific instructions for internet and telephone voting are set forth on the proxy card. The deadline for voting via the internet or by telephone is 1:00 a.m., Eastern Time, on Wednesday, May 11, 2016.

Participants in the ESOP, 401(k) Plan and Equity Incentive Plans

If you participate in the ESOP, if you invest in SI Financial common stock through the Stock Fund in the 401(k) Plan or if you are a participant in the Equity Incentive Plans, you will receive a voting instruction card for each plan that will reflect all the shares that you may direct the trustees to vote on your behalf under the respective plans. Under the terms of the 401(k) Plan, participants may direct the Stock Fund trustee how to vote the shares credited to their accounts. The Stock Fund trustee will vote all shares for which it does

Under the Equity Incentive Plans, participants may direct the plan trustee how to vote the unvested shares of restricted stock awards. The plan trustee will vote all shares held in the trust for which it does not receive timely instructions as directed by SI Financial. **The deadline for returning your voting instruction cards is May 2, 2016.**

Corporate Governance and Board Matters

Director Independence

The Company's Board of Directors currently consists of ten members, all of whom are independent under the listing standards of The NASDAQ Stock Market, except for Rheo A. Brouillard and Kevin M. McCarthy. Mr. Brouillard is not independent because he is President and Chief Executive Officer of SI Financial and Savings Institute. Mr. McCarthy is not independent as a result of the terms of the non-competition agreement that the Company entered into with Mr. McCarthy in connection with the Company's acquisition of Newport Bancorp, Inc. and Newport Federal Savings Bank in September 2013. In determining the independence of its directors, the Board considered transactions, relationships and arrangements between the Company and its directors that are not required to be disclosed in this proxy statement under the heading *Transactions with Related Persons*, including loans or lines of credit that the Bank has made, directly or indirectly, to Mark D. Alliod, Roger Engle, Robert O. Gillard and William R. Harvey.

Board Leadership Structure and Board's Role in Risk Oversight

The Board of Directors has determined that the separation of the offices of Chairman of the Board and President and Chief Executive Officer will enhance Board independence and oversight. Moreover, the separation of the Chairman of the Board and President and Chief Executive Officer will allow the President and Chief Executive Officer to better focus on his responsibilities of running the Company, enhancing stockholder value and expanding and strengthening our franchise while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management. Consistent with this determination, Mark D. Alliod currently serves as Chairman of the Board of Directors. Mr. Alliod is independent under the listing requirements of The NASDAQ Stock Market.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To do this, the Chairman of the Board meets regularly with management to discuss strategy and the risks facing the Company. Senior management attends the Board meetings and is available to address any questions or concerns raised by the Board on risk management and any other matters. The Chairman of the Board and independent members of the Board work together to provide strong, independent oversight of the Company's management and affairs through its standing committees and, when necessary, special meetings of independent directors.

Table of Contents**Corporate Governance Policies**

The Board of Directors has adopted a corporate governance policy to govern certain activities, including: the duties and responsibilities of directors; the composition, responsibilities and operation of the Board of Directors and its committees; succession planning; convening executive sessions of independent directors; the Board of Directors' interaction with management and third parties; and the evaluation of the performance of the Board of Directors and of the Chief Executive Officer.

Committees of the Board of Directors

The following table identifies the Company's standing committees and their members as of March 14, 2016. All members of each committee are independent in accordance with the listing requirements of The NASDAQ Stock Market. Each committee operates under a written charter that is approved by the Board of Directors that governs its composition, responsibilities and operation. Each committee reviews and reassesses the adequacy of its charter at least annually. The charters of all three committees are available in the Governance Documents portion of the Investor Relations section of the Company's Web site (www.mysifi.com).

Audit and Risk Committee. The Audit and Risk Committee meets periodically with the independent registered public accounting firm and management to review accounting, auditing, internal control structure and financial reporting matters. The committee also receives and reviews the reports and findings and other information presented to them by the Company's officers regarding financial reporting policies and practices. The Audit and Risk Committee selects the independent registered public accounting firm and meets with them to discuss the results of the annual audit and any related matters. The Board of Directors has determined that Messrs. Alliod and Garvey are audit committee financial

experts under the rules of the Securities and Exchange Commission. Messrs. Alliod and Garvey are independent under the listing standards of The NASDAQ Stock Market applicable to audit committee members.

Compensation Committee. The Compensation Committee approves the compensation objectives for the Company and the Bank, establishes the compensation for the President and Chief Executive Officer and other executives and establishes personnel policies. The Compensation Committee reviews all components of compensation including base salary, bonus, equity compensation, benefits and other perquisites. In addition to reviewing competitive market values, the Compensation Committee also examines the total compensation mix, pay-for-performance relationship and how all elements, in the aggregate, comprise the executives' total compensation package. The Chief Executive Officer makes recommendations to the Compensation Committee from time to time regarding the appropriate mix and level of compensation for other officers. Those recommendations consider the objectives of the

Table of Contents

compensation philosophy and the range of compensation programs authorized by the Compensation Committee. Decisions by the Compensation Committee with respect to the compensation of executive officers are approved by the full Board of Directors. The Compensation Committee also assists the Board of Directors in evaluating potential candidates for executive positions.

Consistent with applicable Securities and Exchange Commission disclosure requirements, we have assessed our compensation programs and have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee assessed the Company's executive and broad-based compensation and benefits to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. This risk assessment process included: a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control and the support of the programs and their risks to Company strategy. Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout.

Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements: provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

The Compensation Committee, in conjunction with the Nominating and Corporate Governance Committee, considers the appropriate levels and form of director compensation and makes recommendations to the Board of Directors regarding director compensation.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee takes a leadership role in shaping governance policies and practices, including recommending to the Board of Directors the corporate governance policies and guidelines applicable to SI Financial and monitoring compliance with these policies and guidelines. In addition, the Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become Board members and recommending to the Board the director nominees for election at the next annual meeting of stockholders. It recommends director candidates for each committee for appointment by the Board.

Minimum Qualifications. The Nominating and Corporate Governance Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. A candidate must meet the eligibility requirements set forth in the Company's bylaws, which include an age limitation and a requirement that the candidate not have been subject to certain criminal or regulatory actions. A candidate also must meet any qualification requirements set forth in any Board or committee governing documents.

If the candidate is deemed eligible for election to the Board of Directors, the Nominating and Corporate Governance Committee will then evaluate the prospective nominee to determine if he or she possesses the following qualifications, qualities or skills:

- contributions to the range of talent, skill and expertise appropriate for the Board;
- financial, regulatory and business experience, knowledge of the banking and financial service industries, familiarity with the operations of public companies and ability to read and understand financial statements;
- familiarity with the Company's market area and participation in and ties to local businesses and local civic, charitable and religious organizations;

Table of Contents

- personal and professional integrity, honesty and reputation;
- the ability to represent the best interests of the stockholders of the Company and the best interests of the institution;
- the ability to devote sufficient time and energy to the performance of his or her duties;
- independence under applicable Securities and Exchange Commission and listing definitions; and
- current equity holdings in the Company.

The Committee will also consider any other factors it deems relevant, including age, size of the Board of Directors and regulatory disclosure obligations. Further, when identifying nominees to serve as director, the Nominating and Corporate Governance Committee considers its desire to maintain a Board that is strong in its collective knowledge and has a diversity of skills and experience with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, industry knowledge and corporate governance.

In addition, before nominating an existing director for re-election to the Board of Directors, the Nominating and Corporate Governance Committee will consider and review an existing director's Board and Committee attendance and performance; length of Board service; the experience, skills and contributions that the existing director brings to the Board; and independence.

Director Nomination Process. The Nominating and Corporate Governance Committee adheres to the following process when it identifies and evaluates individuals to be nominated for election to the Board of Directors:

For purposes of identifying nominees for the Board of Directors, the Nominating and Corporate Governance Committee relies on personal contacts of the Committee members and other members of the Board of Directors, as well as its knowledge of members of Savings Institute's local communities. The Nominating and Corporate Governance Committee will also consider director candidates recommended by stockholders in accordance with the policy and procedures set forth below. The Nominating and Corporate Governance Committee has not previously used an independent search firm in identifying nominees.

In evaluating potential nominees, the Nominating and Corporate Governance Committee determines whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under the selection criteria set forth above. In addition, the Nominating and Corporate Governance Committee will conduct a check of the individual's background and interview the candidate.

Consideration of Recommendations by Stockholders. It is the policy of the Nominating and Corporate Governance Committee of the Board of Directors of the Company to consider director candidates recommended by stockholders who appear to be qualified to serve on the Company's Board of Directors. The Nominating and Corporate Governance Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Nominating and Corporate Governance Committee does not perceive a need to increase the size of the Board of Directors. To avoid the unnecessary use of the Nominating and Corporate Governance Committee's resources, the Nominating and Corporate Governance Committee will consider only those director candidates recommended in accordance with the procedures set forth below.

Table of Contents

Procedures to be Followed by Stockholders. To submit a recommendation of a director candidate to the Nominating and Corporate Governance Committee, a stockholder should submit the following information in writing, addressed to the Chairperson of the Nominating and Corporate Governance Committee, care of the Corporate Secretary, at the main office of the Company:

1. The name of the person recommended as a director candidate;
2. All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended;
3. The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
4. As to the stockholder making the recommendation, the name and address, as they appear on the Company's books, of such stockholder; provided, however, that if the stockholder is not a registered holder of the Company's common stock, the stockholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's common stock; and
5. A statement disclosing whether such stockholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In order for a director candidate to be considered for nomination at the Company's annual meeting of stockholders, the recommendation must be received by the Nominating and Corporate Governance Committee at least 120 calendar days before the date the Company's proxy statement was released to stockholders in connection with the previous year's annual meeting, advanced by one year.

Audit-Related Matters

Audit and Risk Committee Report

The Company's management is responsible for the Company's internal control over financial reporting. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. The independent registered public accounting firm is also responsible for issuing an opinion on the Company's internal control over financial reporting based on criteria issued by the Committee on Sponsoring Organizations of the Treadway Commission. The Audit and Risk Committee oversees the Company's internal control over financial reporting on behalf of the Board of Directors.

In this context, the Audit and Risk Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit and Risk Committee that the Company's consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles, and the Audit and Risk Committee has reviewed and discussed the consolidated financial statements with management and the Company's independent registered public accounting firm. The Audit and Risk Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements.

In addition, the Audit and Risk Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit and Risk Committee concerning independence and has discussed with the independent registered public accounting firm the firm's independence from the Company and its management. In concluding that the independent registered public accounting firm is independent, the Audit and Risk Committee considered, among other factors, whether the non-audit services provided by the firm were compatible with its independence.

The Audit and Risk Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit and Risk Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting process.

In performing all of these functions, the Audit and Risk Committee acts only in an oversight capacity. In its oversight role, the Audit and Risk Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm that, in its report, expresses an opinion on the conformity of the Company's financial statements with U.S. generally accepted accounting principles. The Audit and Risk Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal control over financial reporting designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit and Risk Committee's considerations and discussions with management and the independent registered public accounting firm

Edgar Filing: SI Financial Group, Inc. - Form DEF 14A

do not assure that the Company's financial statements are presented in accordance with U.S. generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States) or that the Company's independent registered public accounting firm is independent.

Table of Contents

In reliance on the reviews and discussions referred to above, the Audit and Risk Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 for filing with the Securities and Exchange Commission. The Audit and Risk Committee has appointed, subject to stockholder ratification, the selection of the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016.

Item 3 Advisory Vote to Approve the Compensation of the Company's Named Executive Officers

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) requires, among other things, that the Company permit a non-binding advisory vote on the compensation of its named executive officers, as described in the tabular disclosure regarding named executive officer compensation and the accompanying narrative disclosure in this proxy statement.

The proposal, commonly known as a "say-on-pay" proposal, gives the Company's stockholders the opportunity to endorse or not endorse the Company's executive compensation program and policies through the following resolution:

Resolved, that the Company's stockholders approve the compensation paid to the Company's named executive officers, as described in the Compensation Discussion and Analysis, compensation tables and narrative disclosure in this proxy statement.

Because the vote is advisory, it will not be binding upon the Company or its Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. We urge stockholders to read the Compensation Discussion and Analysis beginning on page 18 of this proxy statement and related compensation tables and narrative beginning on page 26, which provide detailed information on our compensation policies and practices for our named executive officers.

Table of Contents

- *Reduction in expenses.* Reduced operating expenses by \$921,000, or 2.2%, from \$41.5 million for the year ended December 31, 2014 to \$40.6 million for the year ended December 31, 2015 resulting in a decrease in the efficiency ratio from 84.05% to 82.16%.

Administrative Highlights

- *Change in Responsibilities for members of the Management Team.* Brian J. Hull retired as Chief Operating Officer and Chief Financial Officer of the Company and the Bank on April 10, 2015. Following Mr. Hull's retirement, Lauren L. Murphy became Senior Vice President and Chief Financial Officer of the Company and the Bank and Laurie L. Gervais became Executive Vice President and Chief Administrative Officer of the Company and the Bank. Ms. Murphy is a certified public accountant and has served in various finance and accounting roles since joining our organization in 2004. Prior to her promotion to Chief Financial Officer she served as the Principal Accounting Officer of the Company since 2013. Ms. Gervais has over 32 years of service with the Bank and as our Chief Administrative Officer she is responsible for Security and Facilities, Deposit Operations, Electronic Banking, Loan Servicing and the Call Center, in addition to her role as Director of Human Resources.
- *Management promotions.* In April 2015, Jonathan Wood, was promoted to Executive Vice President, Retail Banking. Mr. Wood has lead the Bank's Retail Banking division since 2012 and has built a solid team of sales professionals throughout the Bank's branch network.

The Company believes it has a strong management team and their continued efforts and leadership will play a critical role in the Company's ability to execute its strategic goals.

2015 Key Compensation Decisions for our active NEOs

We believe our 2015 executive compensation program for our named executive officers was consistent with the objectives of our compensation philosophy and our financial performance. The Compensation Committee and our Board of Directors took the following actions in 2015.

- *Adjusted Base Salaries to target Peer Group median and new responsibilities for certain NEOs.* Following annual performance reviews and in the case of Ms. Gervais and Ms. Murphy in connection with the increased responsibilities that came with their promotions in 2015, the Compensation Committee increased base salaries in 2015 for Mr. Brouillard, Ms. Gervais, Ms. Murphy, Mr. Wood and Mr. Little by 8.7%, 25.0%, 23.0%, 7.0% and 4.0%, respectively. The modest increases for Messrs. Brouillard, Wood and Little recognize their contributions to the Company and the Bank in 2015 and the Compensation Committee's philosophy of generally targeting base

salaries for our NEOs at the median level of our peers. The larger salary increases for Ms. Gervais and Ms. Murphy acknowledge the expansion of their job responsibilities, as well as their contributions to the Company and the Bank in 2015. See *Administrative Highlights* and *Executive Compensation Summary Compensation Table* for additional information on the change in roles of our management team in 2015 and the 2015 base salaries paid to our NEOs.

- *Distributed cash incentives to our active NEOs under our 2015 Pay for Performance Plan (2015 PFP)*. The Company achieved certain of its target performance goals under the 2015 PFP, resulting in a distribution of 30% of each active NEO's target 2015 cash incentive opportunity. See *Short-term Cash-Based Incentive Compensation* for detailed information on our 2015 PFP. See also *Executive Compensation Summary*

Table of Contents

Compensation Table and Executive Compensation Grant of Plan-Based Awards for the actual incentives earned by our active NEOs in 2015.

- *Granted equity awards to active NEOs.* All of our active named executive officers received equity grants in 2015. We continue to believe that equity awards link our named executive officers' compensation to increases in our stock price and serve as a retention tool. See *Executive Compensation Grant of Plan-Based Awards* for information on the 2015 active NEO equity awards.
- *Revised Mr. Brouillard's Employment Agreement and the Change in Control Agreements with Ms. Gervais, Ms. Murphy and Mr. Little and extended the term of all the NEO agreements for an additional year.* The Company and the Bank amended and restated Mr. Brouillard's employment agreement and the change in control agreements for Ms. Gervais, Ms. Murphy and Mr. Little to reflect a "best net benefits" approach in managing Section 280G liabilities. In addition, the term of the agreements with Messrs. Brouillard and Little and Ms. Gervais and Ms. Murphy was extended through September 23, 2018. Mr. Wood's change in control agreement was extended through December 31, 2017. Employment and change in control agreements provide our active named executive officers with financial security and the Company and the Bank with management stability. See *Executive Compensation Employment and Change in Control Agreements* for a discussion of the terms and conditions of the agreements. See also, *Executive Compensation Potential Post-Termination Benefits Tables* for the compensation payable to the active named executive officers upon termination of employment under certain conditions.

2015 Advisory Vote on Executive Compensation

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, we held an advisory vote on the approval of the compensation of our named executive officers ("Say-on-Pay") at our 2015 annual meeting. The results were that 94% of our stockholders who voted on the Say-on-Pay proposal voted in favor of it. The Compensation Committee considered this positive result as an affirmation of its compensation-related policies and decisions.

Compensation Philosophy

Our 2015 compensation and benefits program for our named executive officers focused on motivating and retaining our talented management team. More specifically, our program was designed to accomplish the following objectives:

- Align the interests of our named executive officers with the interests of stockholders;

- Tie annual cash incentives to the achievement of measurable corporate and individual performance;
- Reward executives for enhancing long-term stockholder value;
- Balance rewards for the achievement of both short-term and long-term SI Financial objectives and ensure sound risk management; and
- Encourage ownership of SI Financial common stock.

Our compensation program for our named executive officers holds our executives accountable for Company performance and rewards for delivering superior performance and enhanced stockholder returns.

Table of Contents

Elements of Our Compensation and Benefits Program

To achieve our objectives we have structured a compensation and benefits program that provides our named executive officers with the following:

- Competitive Base Pay;
- Short-Term Cash-Based Incentives;
- Long-term Equity Incentives;
- Retirement Benefits; and
- Employment/Change in Control Agreements.

The elements of a named executive officer's total compensation package will vary depending upon the executive's job position and responsibilities with SI Financial and Savings Institute.

Role of Compensation Committee

The Compensation Committee reviews all of the elements of compensation for our named executive officers annually giving due consideration to prevailing market practice, our overall compensation philosophy and the costs associated with the arrangements. The Compensation Committee operates under a written charter that establishes its responsibilities. The Compensation Committee and Board of Directors review the charter annually to ensure the scope of the charter is consistent with the Compensation Committee's role. Under the charter, the Compensation Committee is charged with general responsibility for the oversight and administration of our compensation program. The charter also authorizes the Compensation Committee to engage consultants and other professionals without management approval to the extent deemed necessary to discharge its responsibilities.

Role of Management

Management provides data, analyses, input and recommendations to the Compensation Committee through our Chief Executive Officer and Chief Administrative Officer. The Compensation Committee considers our Chief Executive Officer's evaluation of each named executive officer's performance and recommendation of appropriate compensation. However, our Chief Executive Officer does not participate in any decisions relating to his own compensation. Our Chief Administrative Officer also assists the Compensation Committee, providing support to the Compensation Committee Chairman as requested.

Role of Compensation Consultant

The Compensation Committee did not engage a compensation consultant in 2015. However, the Compensation Committee considered the information provided in the *2012 McLagan Executive Compensation Review* (along with salary and bonus peer data gathered by the Chief Administrative Officer from the *SNL Financial Compensation Review for Banks and Thrifts*) when making its compensation decisions in 2015. The *2012 McLagan Executive Compensation Review* included, but was not limited to, an assessment of the Company's compensation program compared to its peers, recommendations for total cash compensation opportunities (base salary and cash incentives), an assessment of perquisites, retirement benefits and bonuses for named executive officers, an assessment of the Company's financial performance relative to its peers, a review of board and committee compensation and equity compensation. See *Peer Group* for information on the peer group the Company used in making compensation decisions for its named executive officers in 2015.

Table of Contents**Peer Group**

The Compensation Committee considers information about the practices of other comparable companies, as well as evolving market practices, when it makes compensation decisions. The Compensation Committee considers the compensation levels and arrangements of similarly situated executives, in addition to other factors, in connection with its decision making process. Duties, responsibilities and tenure with the Company also are weighed by the Committee. The peer group used by the Compensation Committee was initially developed by *McLagan* in 2012 using objective parameters that reflect banks of similar asset sizes. In 2015, the Chief Administrative Officer updated the peer group to reflect the Company's 2015 demographics and also removed companies from the peer group that were acquired between 2012 and 2015. This new peer group (the 2015 Peer Group) was used by the Compensation Committee in making decisions on Mr. Brouillard's 2015 cash compensation. As of December 31, 2015 the asset size for the peer group ranged from approximately \$300 million to \$2.7 billion.

Base Salary

Our goal is to provide our executive officers with base salaries that are competitive, reflect their tenure and individual experience and are consistent with their individual performance. The Compensation Committee has established base salary ranges for each named executive officer using the median base salaries paid to similarly situated executives. In 2015, the Compensation Committee reviewed the cash compensation surveys prepared by the American Bankers Association and the Connecticut Bankers Association, as well as the base salary recommendations made in the 2012 *McLagan Executive Compensation Review* for purposes of determining base salaries for all of our active NEOs, except Mr. Brouillard. The Compensation Committee utilized the 2015 Peer Group data to evaluate Mr. Brouillard's base salary in 2015. Generally, base salaries are reviewed on an annual basis in connection with each named executive officer's performance review or in the event of a promotion. See *Executive Compensation Summary Compensation Table* for the base salaries paid to our named executive officers in 2015.

Table of Contents**Short-Term Cash-Based Incentive Compensation**

A major element of our compensation philosophy is to tie annual cash incentives to the achievement of measurable corporate and individual performance. Our annual Pay for Performance Program (PFP) provides a vehicle to reward participants for superior company and individual performance. During 2015, each of our active named executive officers was eligible to participate in the 2015 PFP. The Compensation Committee, in conjunction with the Asset Liability Committee, established the performance goals for each of our named executive officers under the 2015 PFP. The performance measures for the 2015 PFP were the same as the 2014 PFP: (1) return on average assets; (2) noninterest expenses; and (3) earnings per share. Each performance measure was assigned a specific weighting: return on average assets (30%), noninterest expenses (30%) and earnings per share (40%).

The following table sets forth the Threshold, Target and Maximum performance goals under the 2015 PFP, as well as the Company's 2015 performance results.

Objective	Performance Goals			2015 Actual Results
	Threshold	Target	Maximum	
Return on Average Assets	40.0 bp	44.4 bp	48.8 bp	33.7 bp
Noninterest Expenses	\$ 44,206	\$ 40,187	\$ 36,168	\$ 40,124
Earnings Per Share	0.43	0.48	0.53	0.36

The 2015 PFP incentive pay opportunities for Mr. Brouillard were 25% of median base salary of job grade at the threshold level, 37.5% at the target level and 50% at the maximum level. For our other active named executive officers, the opportunities were 20% of median base salary of job grade at the threshold level, 30% at the target level and 40% at the maximum level. See *Executive Compensation Grant Plan-Based Awards* for each active NEOs incentive opportunities under the 2015 PFP.

Based on our financial performance in 2015, active NEO cash incentives earned in 2015 were paid out based on our achievement of our target noninterest expenses performance goal. However, no cash incentives were paid with regard to the Company's return on assets or earnings per share as those performance goals were not achieved in 2015. Cash incentives earned in 2015 were distributed in the first quarter of 2016.

Name	Base Salary at Midpoint	Target Level %	100% Target Value of 2015 PFP	Noninterest Expenses Target % of 2015 PFP	Value of 2015 PFP incentive earned

Long-Term Equity Incentives

Edgar Filing: SI Financial Group, Inc. - Form DEF 14A

The Compensation Committee developed a long-term incentive program that utilizes our 2005 Equity Incentive Plan and 2012 Equity Incentive Plan to align the interests of our named executive officers with our stockholders and focus our executives on long-term sustained performance through the grant of stock options, restricted stock and performance awards. In accordance with the Company's desire to link the personal financial and economic interests of its named executive officers with those of the Company's stockholders, in 2015 the Compensation Committee granted restricted stock awards to Mr. Brouillard, Ms. Gervais, Ms. Murphy and Mr. Wood that vest equitably over a three-year period with the first installment vesting on the grant date. The Compensation Committee also granted an incentive stock

option to Mr. Little in 2015, which vests ratably over a five-year period with the first installment vesting on the anniversary of the date of grant. See *Executive Compensation Grant of Plan-Based Awards* for detailed information on the equity awards granted to the active NEOs in 2015. All of Mr. Hull's outstanding unvested equity awards were forfeited in April 2015 in connection with his retirement.

Stock Compensation Grant and Award Practices; Timing Issues

The Compensation Committee considers whether to make stock option grants and/or award other forms of equity on an annual basis based on the shares available under the Company's Equity Incentive Plans. The Compensation Committee's determination of grant dates or stock option exercise prices is made after carefully considering the timing of earnings releases and/or other material non-public information to ensure there is no manipulation of the market to an executive's benefit. The Compensation Committee's decisions are reviewed and ratified by the full Board of Directors. SI Financial never times the release of material non-public information to affect the value of executive compensation. In general, the release of such information reflects established timetables for the disclosure of material non-public information such as earnings reports or, with respect to other events reportable under federal securities laws, the applicable requirements of such laws with respect to timing of disclosure. In accordance with the Company's Equity Incentive Plans, options are granted at an exercise price equal to the closing price of our common stock on the Nasdaq Stock Market on the date of grant.

Retirement Benefits

All of our active named executive officers participate in the Savings Institute's ESOP and 401(k) Plan. In addition to the tax-qualified plans, the Savings Institute maintains non-qualified supplemental retirement arrangements with Mr. Brouillard and Ms. Gervais which provide for supplemental retirement benefits based on a fixed percentage of each executive's three highest years of compensation. Savings Institute also maintains a non-qualified supplemental executive retirement plan (SERP) for Mr. Brouillard which provides Mr. Brouillard with benefits he would have received under the ESOP and 401(k) Plan, but for certain Internal Revenue Code limitations that reduce benefits for highly compensated executives under tax-qualified retirement plans. In addition, the SERP provides Mr. Brouillard with a supplemental stock ownership benefit in the event of a change in control prior to the full repayment of the ESOP loans. The Committee reviews our retirement programs on an annual basis to ensure that they are consistent with prevailing market practices, our overall executive compensation philosophy and are cost effective. See *Executive Compensation Non-Qualified Plans* for details on these programs.

Our retirement plans and arrangements are consistent with the arrangements provided to senior executive officers in the banking industry and assist us in attracting and retaining top talent by providing executives with financial security in retirement.

Executive Agreements

An important consideration in our ability to attract and retain key executives is our ability to minimize the impact on our management team of the possible disruption associated with our analysis of strategic opportunities. Accordingly, we believe it is in the best interest of the Company and its stockholders to provide our key executives with reasonable financial arrangements in the event of termination of employment. Therefore, we maintain an employment agreement with Mr. Brouillard and change in control agreements with our other active named executive officers. See *Executive Compensation Employment and Change in Control Agreements* for the details of these arrangements. The Executive Agreements do not contain gross ups or provide for severance benefits upon termination for cause or upon voluntary termination of employment.

Table of Contents

The use of employment and change in control agreements is common among our competitors and therefore influences our use of such arrangements to retain our current management team. The Compensation Committee periodically reviews the terms of the employment and change in control agreements. For additional information regarding the executive agreements, see the section headed *Employment and Change in Control Agreements* following the *Summary Compensation Table*.

In connection with his retirement, Mr. Hull entered into a consulting agreement with the Bank and the Company. The Boards of Directors of the Bank and the Company believe that Mr. Hull's long-term tenure with the Company and the Bank, as well as his financial expertise provides a valuable resource to our management team. Mr. Hull received a monthly retainer of \$5,000 through January 1, 2016 and will receive \$1,400 a month from February 1, 2016 through July 31, 2016. Mr. Hull is also reimbursed any reasonable business expenses associated with his services.

Perquisites

We provide our named executive officers with reasonable perquisites to further their ability to promote the business interests of the Company in our markets and to reflect competitive practices for similarly situated officers employed by our peers. The perquisites are reviewed periodically and adjusted as necessary.

Tax and Accounting Considerations

In consultation with our advisors, we evaluate the tax and accounting treatment of each of our compensation programs at the time of adoption and on an annual basis to ensure an understanding of the financial impact of the program. Our analysis includes a review of recently adopted and pending changes in tax and accounting requirements. As part of our review, we consider modifications and/or alternatives to existing programs to take advantage of favorable changes in the tax or accounting environment or to avoid adverse consequences. To preserve maximum flexibility in the design and implementation of our compensation programs, we have not adopted a formal policy that requires all compensation to be tax deductible. However, to the greatest extent possible, it is our intent to structure our compensation programs in a tax efficient manner.

Stock Ownership Guidelines

We have not adopted formal stock ownership requirements for our named executive officers. As a practical matter, our named executive officers and directors are expected to hold a meaningful interest in our stock. See the *Stock Ownership* section of this proxy statement for information on each named executive's holdings in our common stock.

Risk Assessment

Edgar Filing: SI Financial Group, Inc. - Form DEF 14A

The Compensation Committee does not believe any of the current compensation policies and practices encourages excessive risk-taking. Effective internal controls are in place at the management level and are supported by the oversight and administration of the Compensation Committee.

(1) Reflects the aggregate grant date fair value for stock options granted during the year computed in accordance with FASB ASC Topic 718 – Share Based Payment (ASC 718). The amounts were based upon a fair value using the Black-Scholes option pricing model of \$6.37 for the options granted. For information on the assumptions used to compute the fair value, see note 11 of the notes to the consolidated financial statements. The actual value, if any, realized by an executive officer from any option will depend on the extent to which the market value of the common stock exceeds the exercise price of the option on the date the option is exercised. Accordingly, there is no assurance that the value realized by an executive officer will be at or near the value estimated above.

(2) These amounts reflect the aggregate grant date fair value for outstanding restricted stock awards and performance awards granted during the year, computed in accordance with ASC 718 and are based on the Company's stock price as of the date of grant, which was \$11.86. The amounts were calculated assuming that all performance conditions have been satisfied.

Employment and Change in Control Agreements

SI Financial and Savings Institute maintain a three-year employment agreement with Mr. Brouillard. On each anniversary date of the agreement and in connection with Mr. Brouillard's performance review, the Board of Directors may renew the term of the agreement for an additional year so that the remaining term will be three years. The employment agreement provides for a base salary and, among other things, participation in discretionary bonuses or other incentive compensation provided to senior management, and participation in stock benefit plans and other fringe benefits applicable to executive personnel. The employment agreement also contains a non-competition and non-solicitation restriction if Mr. Brouillard's employment is terminated for good reason (as defined in the agreement) or without cause (as defined in the agreement). Mr. Brouillard's employment agreement has been extended through December 31, 2018 and his current base salary is \$450,000.

Savings Institute maintains change in control agreements with Mr. Little, Ms. Gervais, Ms. Murphy and Mr. Wood. These agreements provide each executive with cash severance and the continuation of certain benefits if their employment is terminated in connection with a change in control. In connection with each executive's annual review, the Board of Directors may renew the agreements for an additional year so that the remaining term will be three years (two years for Mr. Wood). The change in control agreements have been extended through September 23, 2018 (December 31, 2017 for Mr. Wood).

See *Potential Post-Termination Benefits* for a discussion of the benefits and payments that Messrs. Brouillard, Little and Wood and Ms. Gervais and Ms. Murphy may receive under their agreements upon termination of employment.

- (5) Remaining stock awards vest in two annual installments commencing on September 23, 2016.
- (6) Remaining stock awards vest on September 21, 2016.

Table of Contents**Options Exercised and Stock Vested**

Name	Option Awards		Stock Awards	
	Number of shares acquired on exercise	Value realized on exercise (1)	Number of shares acquired on vesting	Value realized on vesting (2)

(2) The value realized upon vesting is equal to the closing market price of the Company's common stock on the date of vesting multiplied by the number of shares acquired. In some cases, the amount reported is the aggregate of shares vesting from more than one grant of restricted stock.

Pension Benefits

The following table presents an estimation of the present value of the pension benefits payable to each named executive officer at December 31, 2015. Mr. Little, Ms. Murphy and Mr. Wood have not entered into a executive supplemental retirement arrangement or any other defined benefit pension arrangement with SI Financial or Savings Institute.

Name	Plan Name	Present Value of Accumulated Benefit \$(1)
Rheo A. Brouillard	Savings Institute Executive Supplemental Retirement Plan	\$ 2,803,908
Brian J. Hull	Savings Institute Executive Supplemental Retirement Plan	1,439,525
Laurie L. Gervais	Savings Institute Executive Supplemental Retirement Plan	1,287,828

(1) The present value has been calculated assuming the named executive officer will remain in service until Normal Retirement Age (as defined in the plan) without a reduction in benefits. The accumulated benefit is calculated in accordance with FASB ASC Topic 710 Compensation and Topic 715 Compensation Retirement Benefits, using a 6.00% discount rate.

Executive Supplemental Retirement Plan. Savings Institute maintains an executive supplemental retirement plan arrangement for Messrs. Brouillard and Hull and Ms. Gervais. Each executive is entitled to a retirement benefit based on a fixed percentage of the average of his or her three highest years of compensation. Benefits are payable upon the earlier of an executive's termination of employment (other than for cause) at or after attaining age 65, or on the date when the sum of the executive's years of service and age total 80 for Mr. Brouillard and Ms. Gervais or 78 for Mr. Hull. If an executive terminates employment before satisfaction of these requirements, he or she may receive an early retirement benefit that would be adjusted by 2% for each point by which the sum of his or her age and years of service is less than 80 for Mr. Brouillard and Ms. Gervais or 78 for Mr. Hull. Executives may elect to receive their plan benefits in a single life annuity with 15 guaranteed annual payments or a lump sum equal to the actuarial equivalent of the annuity payment. See *Potential Post-Termination*

Table of Contents

Split-Dollar Life Insurance Agreements. Savings Institute maintains individual split-dollar life insurance agreements with Messrs. Brouillard and Hull and Ms. Gervais to encourage the officers to continue to render high quality service to Savings Institute in exchange for financial protection for their beneficiaries if they die. The death benefits provided under the split-dollar life insurance agreements are funded through bank-owned life insurance policies. Savings Institute pays all of the life insurance premiums. See *Potential Post-Termination Benefits* for a description of the benefits provided under the agreements.

Nonqualified Deferred Compensation Plan

The following table provides information with respect to the Savings Institute Bank and Trust Company Supplemental Executive Retirement Plan (SERP). Messrs. Brouillard and Hull participate in the SERP.

Name	Plan Name	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings (\$)	Aggregate Balance at Last Fiscal Year End (\$)
Rheo A. Brouillard	Supplemental Executive Retirement Plan	\$ 27,935	\$ 10,969	\$ 137,244
Brian J. Hull	Supplemental Executive Retirement Plan		63	484

Supplemental Executive Retirement Plan. Savings Institute maintains a supplemental executive retirement plan that provides restorative payments to executives designated by the Board of Directors who are prevented from receiving the full benefits contemplated by the ESOP s benefit formula and the full matching contribution under the 401(k) Plan. Savings Institute s Board of Directors has designated Mr. Brouillard and Ms. Gervais to participate in the plan. The restorative payments under the plan consist of payments in lieu of shares that cannot be allocated to the participant s account under the ESOP and payments for employer matching contributions that cannot be allocated under the 401(k) Plan due to the legal limitations imposed on tax-qualified plans. The benefits under the plan will be paid to Mr. Brouillard and Ms. Gervais at the same time benefits are paid under the ESOP and 401(k) Plan. See *Potential Post-Termination Benefits* for a description of the benefits provided under the plan.

Potential Post-Termination Benefits

Payments Made Upon Termination for Cause. If a named executive officer is terminated for cause, he or she will receive his or her base salary through the date of termination and retain the rights to any vested benefits subject to the terms of the

plan or agreement under which those benefits are provided. All unvested stock options and restricted stock awarded to the named executive officers under the Equity Incentive Plans would be forfeited upon termination for cause.

All benefits credited to Mr. Brouillard and Ms. Gervais under the supplemental executive retirement plan are non-forfeitable and therefore payable to him if he is terminated for cause.

Payments Made Upon Termination without Cause or for Good Reason. Under the terms of the employment agreement with Mr. Brouillard, if SI Financial or Savings Institute elects to terminate Mr. Brouillard for reasons other than for cause, or if Mr. Brouillard resigns for good reason (as defined below), the executive (or, in the event of death, his beneficiaries) is entitled to a lump sum severance payment equal to the base salary payments due for the remaining term of the employment agreement, along with all contributions that would have been made on behalf of the executive during the remaining term of the agreement pursuant to any of SI Financial or Savings Institute sponsored-employee

Table of Contents

benefit plan. In addition, Savings Institute or SI Financial would continue and/or pay for the executive's life, medical, disability and dental coverage for the remaining term of the employment agreement.

Good Reason means the material breach of the agreement by Savings Institute or SI Financial, including: (1) a material change to the executive's responsibilities or authority; (2) assignment to executive of duties of a non-executive nature or duties for which he is not reasonably equipped by his skills or experience; (3) the failure to nominate or renominate the executive to the Board of Directors of Savings Institute or SI Financial; (4) a reduction in salary or benefits; (5) termination or material reduction of incentive and benefits plans, programs or arrangements; (6) relocation of executive's principal business office by more than twenty-five miles; or (7) the liquidation or dissolution of SI Financial or Savings Institute.

If Mr. Little, Ms. Gervais, Ms. Murphy or Mr. Wood are terminated without cause or for good reason, each would retain the rights to any vested benefits subject to the terms of the plan or agreement under which those benefits are provided.

All benefits credited to Mr. Brouillard and Ms. Gervais under the supplemental executive retirement plan are non-forfeitable and therefore payable to him if he is terminated for good reason or without cause.

All unvested stock options and restricted stock awarded under the Equity Incentive Plans to named executive officers would be forfeited upon termination without cause or for good reason.

Payments Made Upon Disability. Under the employment agreement with Mr. Brouillard, if he becomes disabled and his employment is terminated, he will be entitled to disability pay equal to 100% of his bi-weekly base salary in effect at the date of termination. He would continue to receive disability payments until the earlier of: (1) the date he returns to full employment with us; (2) his death; or (3) age 65. All disability payments would be reduced by the amount of any benefits payable under our disability plans. In addition, Mr. Brouillard would continue to be covered to the greatest extent possible under all benefit plans in which he participated before his disability as if he were actively employed by us.

If Mr. Little, Ms. Gervais, Ms. Murphy or Mr. Wood becomes disabled and his or her employment is terminated, each will be entitled to benefits payable under our disability plans.

All benefits credited to Mr. Brouillard and Ms. Gervais under the supplemental executive retirement plan are non-forfeitable and therefore payable to him if he becomes disabled and his employment is terminated.

Under the terms of the supplemental executive retirement plan arrangements, if an executive becomes disabled, Savings Institute will transfer funds to a contingent liability trust equal to its accrued plan liability for the executive as of the date of the disability. When the accrued liability

Edgar Filing: SI Financial Group, Inc. - Form DEF 14A

balance is transferred, Savings Institute's obligation ends and a bank-owned disability policy from MassMutual Life Insurance Company covering the executive makes payments to the Contingent Liability Trust during the disability period.

Upon termination due to disability, outstanding stock options granted pursuant to the Equity Incentive Plans vest and remain exercisable until the earlier of one year from the date of termination of employment due to disability or the expiration date of the stock options. Restricted stock awards granted to these officers under the plan also vest upon termination of employment due to disability.

Payments Made Upon Death. Under his employment agreement, Mr. Brouillard's estate is entitled to receive the compensation due to him through the end of the month in which his death occurs.

Mr. Little's, Ms. Gervais', Ms. Murphy's or Mr. Wood's estate is entitled to receive compensation due to him or her through the date of his or her death.

Table of Contents

All benefits credited to Mr. Brouillard and Ms. Gervais under the supplemental executive retirement plan are non-forfeitable and therefore payable to his beneficiaries if he dies.

Under the terms of the supplemental executive retirement plan arrangements, should an executive die while employed with Savings Institute or after the payments have begun, the executive's designated beneficiary will receive the balance in the executive's plan liability account on the date of death in a lump sum cash payment.

Pursuant to the split-dollar life insurance agreements with Messrs. Brouillard and Hull and Ms. Gervais, if an executive dies following his termination of employment, the death benefit provided under his split-dollar life insurance agreement is determined in accordance with the methodology set forth in his agreement. The death benefit will not exceed the excess of the net-at-risk amount under the policies for the inactive officer provided, however, that the death benefit provided to a beneficiary of an inactive officer will be reduced to three times the officer's compensation (as defined in the agreement), if, as of the officer's death, the officer had an irrevocable election to receive a lump sum distribution of his benefits (if any) payable under the executive supplemental retirement plan agreement.

Upon termination of employment due to death, outstanding stock options granted pursuant to the Equity Incentive Plans vest and remain exercisable until the earlier of one year from the date of death or the expiration date of the stock options. Restricted stock awards granted under the plans also vest upon death.

Payments Made Upon a Change in Control. Mr. Brouillard's employment agreement provides that in the event of a change in control followed by voluntary termination of employment (upon circumstances discussed in the agreement) or involuntary termination of employment for reasons other than cause, he receives a severance payment equal to 2.99 times the average of each executive's five preceding taxable years' annual compensation (base amount). For this calculation, annual compensation will include all taxable income plus any retirement contributions or benefits made or accrued during the period. Mr. Brouillard will also receive the contributions he would have received under our retirement programs for a period of thirty-six months, as well as health, life, dental and disability coverage for that same time period. Section 280G of the Internal Revenue Code provides that payments related to a change in control that equal or exceed three times the base amount constitute excess parachute payments. Individuals who receive excess parachute payments are subject to a 20% excise tax on the amount that exceeds the base amount, and the employer may not deduct such amounts. The employment agreement provides that if the total value of the benefits provided and payments made to him in connection with a change in control, either under his employment agreement alone or together with other payments and benefits that he has the right to receive from SI Financial and Savings Institute, exceed three times their base amount (280G Limit), at his option, he may receive either the full amount of the total payments payable in connection with a change in control or a reduced amount of the total payments payable in connection with a change in control such that the excise tax would not apply.

The change in control agreements provide that if, following a change in control, the officer's employment is terminated without cause or he or she voluntarily terminates employment for good reason, he or she will be entitled to a severance payment equal to three times (two times for Mr. Wood) the average of his or her annual compensation over the five calendar years preceding the change in control, plus coverage under Savings Institute's health and welfare plans for thirty-six months (twenty-four months for Mr. Wood). The terms change in control and good reason are defined in the change in control agreement. The change in control agreements provide that, at the executive's option, he or she may receive either option, the full amount of the total payments payable in connection with a change in control or a reduced amount of the total

Edgar Filing: SI Financial Group, Inc. - Form DEF 14A

payments payable in connection with a change in control such that the excise tax would not apply.

Under the terms of the executive supplemental retirement plan agreements, if a participant terminates employment in connection with a change in control (as defined in the plan), the participant will be entitled to a lump sum cash amount specified in the executive s plan agreement payable within 5 days

Table of Contents

of the participant's termination of employment. Payments made under the agreements upon a change in control may be categorized as parachute payments and, therefore, count towards each executive's 280G Limit.

Under the terms of the ESOP, upon a change in control (as defined in the plan), the plan trustee will repay in full any outstanding acquisition loan. After repayment of the acquisition loan, all remaining shares of our stock held in the loan suspense account, all other stock or securities, and any cash proceeds from the sale or other disposition of any shares of our stock held in the loan suspense account will be allocated among the accounts of all participants in the plan who were employed by us on the date immediately preceding the effective date of the change in control. The allocations of shares or cash proceeds will be credited to each eligible participant in proportion to the opening balances in their accounts as of the first day of the valuation period in which the change in control occurred. Payments under the ESOP are not categorized as parachute payments and, therefore, do not count towards each executive's 280G Limit.

In addition to providing for benefits lost under the ESOP and 401(k) Plan as a result of limitations imposed by the Internal Revenue Code, the supplemental executive retirement plan also provides supplemental benefits to participants upon a change in control (as defined in the plan) before the complete scheduled repayment of the ESOP loan. The supplemental benefit is equal to the benefit the participants would have received under the ESOP had the participants remained employed throughout the term of the plan's acquisition loan, less the benefits actually provided. All benefits received under this plan count towards the participant's 280G Limit.

In the event of a change in control of SI Financial or Savings Institute, outstanding stock options granted pursuant to the Equity Incentive Plans vest and, if the option holder is terminated other than for cause within twelve months of the change in control, will remain exercisable until the expiration date of the stock options. Restricted stock awards granted to these officers under the plans also vest upon a change in control. The value of the accelerated options and restricted stock grants count towards an executive's 280G Limit.

Potential Post-Termination Benefits Tables. The amount of compensation payable to each named executive officer upon termination for cause, termination without cause or for good reason, a change in control followed by termination of employment, disability, death and retirement is shown below. The amounts shown assume that such termination was effective as of December 31, 2015, and thus, include amounts earned through such time and are estimates of the amounts that would be paid out to the executives upon their termination. The amounts do not include the executive's account balances in Savings Institute's tax-qualified retirement plans to which each executive has a non-forfeitable interest. The amounts shown relating to unvested options and restricted stock awards are based on the fair market value of SI Financial's common stock on December 31, 2015, which was \$13.65. The actual amounts to be paid out can only be determined at the time of such executive's separation from SI Financial.

Other Information Relating to Directors and Executive Officers

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than 10% of any registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors and stockholders who own greater than 10% of our common stock are required by regulation to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of the reports it has received and written representations provided to the Company from the individuals required to file the reports, the Company believes that each of its executive officers and directors complied with applicable reporting requirements for transactions in SI Financial common stock during 2015.

Policies and Procedures for Approval of Related Persons Transactions

SI Financial maintains a Policy and Procedures Governing Related Persons Transactions, which is a written policy and set of procedures for the review and approval or ratification of transactions involving related persons. Under the policy, related persons consist of directors, director nominees, executive officers, persons or entities known to us to be the beneficial owner of more than five percent of any outstanding class of voting securities of SI Financial, or immediate family members or certain affiliated entities of any of the foregoing persons.

Transactions covered by the policy consist of any financial transaction, arrangement or relationship or series of similar transactions, arrangements or relationships, in which:

- the aggregate amount involved will or may be expected to exceed \$50,000 in any calendar year;
- SI Financial is, will or may be expected to be a participant; and
- any related person has or will have a direct or indirect material interest.

Table of Contents

The policy excludes certain transactions, including:

- any compensation paid to an executive officer of SI Financial if the Compensation Committee of the Board of Directors approved (or recommended that the Board approve) such compensation;
- any compensation paid to a director of SI Financial if the Board or an authorized committee of the Board approved such compensation; and
- any transaction with a related person involving consumer and investor financial products and services provided in the ordinary course of SI Financial business and on substantially the same terms as those prevailing at the time for comparable services provided to unrelated third parties or to SI Financial's employees on a broad basis (and, in the case of loans, in compliance with the Sarbanes-Oxley Act of 2002).

Related person transactions will be approved or ratified by the Audit and Risk Committee. In determining whether to approve or ratify a related person transaction, the Audit and Risk Committee will consider all relevant factors, including:

- whether the terms of the proposed transaction are at least as favorable to SI Financial as those that might be achieved with an unaffiliated third party;
- the size of the transaction and the amount of consideration payable to the related person;
- the nature of the interest of the related person;
- whether the transaction may involve a conflict of interest; and
- whether the transaction involves the provision of goods and services to SI Financial that are available from unaffiliated third parties.

Edgar Filing: SI Financial Group, Inc. - Form DEF 14A

A member of the Audit and Risk Committee who has an interest in the transaction will abstain from voting on the approval of the transaction but may, if so requested by the Chair of the Committee, participate in some or all of the discussion relating to the transaction.

Transactions with Related Persons

The Sarbanes-Oxley Act of 2002 generally prohibits loans by SI Financial to its executive officers and directors. However, the Sarbanes-Oxley Act contains a specific exemption from such prohibition for loans by Savings Institute to its executive officers and directors in compliance with federal banking regulations. Federal regulations require that all loans or extensions of credit to executive officers and directors of insured financial institutions must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Bank and must not involve more than the normal risk of collectability or present other unfavorable features. Savings Institute is therefore prohibited from making any new loans or extensions of credit to executive officers and directors at different rates or terms than those offered to the general public. Notwithstanding this rule, federal regulations permit Savings Institute to make loans to executive officers and directors at reduced interest rates if the loan is made under a benefit program generally available to all other employees and does not give preference to any executive officer or director over any other employee.

Table of Contents

The Bank acquired Newport Federal in September 2013. Newport Federal maintained a loan program whereby employees, including executive officers and directors, could obtain loans with a one percent interest rate discount and reduced closing costs. The Bank assumed such loans as part of the merger. The following information is furnished for outstanding loans to related persons (directors, executive officers and their immediate family members) under these loan programs during 2015.

	Largest Aggregate Principal Outstanding for 2015	Principal Outstanding at December 31, 2015	Principal Paid During 2015	Interest Paid During 2015	Interest Rate Payable
William R. Harvey	\$ 110,708	\$ 95,625	\$ 15,083	\$ 2,853	2.75%

All other outstanding loans made by Savings Institute to its directors and executive officers, and members of their immediate families, were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Savings Institute, and did not involve more than the normal risk of collectability or present other unfavorable features.

In accordance with banking regulations, the Board of Directors reviews all loans made to a director or executive officer in an amount that, when aggregated with the amount of all other loans to such person and his or her related interests, exceed the greater of \$25,000 or 5% of Savings Institute's capital and surplus (up to a maximum of \$500,000) and such loan must be approved in advance by a majority of the disinterested members of the Board of Directors. Additionally, pursuant to SI Financial's Code of Ethics and Business Conduct, all executive officers and directors of SI Financial must disclose any existing or emerging conflicts of interest to the President and Chief Executive Officer of SI Financial. Such potential conflicts of interest include, but are not limited to: (1) SI Financial conducting business with or competing against an organization in which a family member of an executive officer or director has an ownership or employment interest; and (2) the ownership of more than 5% of the outstanding securities or 5% of total assets of any business entity that does business with or in competition with SI Financial.

Submission of Business Proposals

and Stockholder Nominations

The Company must receive proposals that stockholders seek to have included in the proxy statement for the Company's next annual meeting no later than December 1, 2016. If next year's annual meeting is held on a date more than 30 calendar days from May 11, 2017, a stockholder proposal must be received by a reasonable time before the Company begins to print and mail its proxy solicitation materials. Any stockholder proposals will be subject to the requirements of the proxy rules adopted by the Securities and Exchange Commission. The Company's Bylaws provide that for a stockholder to make nominations for the election of directors or proposals for business to be brought before a meeting of stockholders, a stockholder must deliver written notice of such nominations and/or proposals to the Corporate Secretary not less than 90 days before the date of the meeting; provided that if less than 100 days' notice or prior public disclosure of the meeting is given or made to stockholders, such notice must be delivered not later than the close of the tenth day following the day on which notice of the meeting was mailed to stockholders or such public disclosure was made.

Miscellaneous

The Company will pay the cost of this proxy solicitation. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of the Company. In addition to soliciting proxies by mail, directors, officers and regular employees of the Company may solicit proxies personally or by telephone. None of these persons will receive additional compensation for these activities.

We have elected to take advantage of Securities and Exchange Commission rules that allow companies to furnish proxy materials to their stockholders on the internet. We believe that these rules allow us to provide our stockholders with the information they need to vote at our Annual Meeting, while also lowering the costs of delivery and reducing the environmental impact of producing and distributing the related proxy materials.

Since April 1, 2016, the proxy materials for the 2016 Annual Meeting (which includes the 2015 Annual Report to Stockholders) have been available at the following web site: www.edocumentview.com/SIFI. On this website, the Company also posts the Company's 2015 Annual Report on Form 10-K, as filed with the Securities and Exchange Commission. Any stockholder who wishes to receive a printed copy of proxy materials and the Annual Report may obtain a copy by writing to the Corporate Secretary of the Company. The Annual Report is not to be treated as part of the proxy solicitation material or as having been incorporated in this proxy statement by reference.

A copy of the Company's Form 10-K for the year ended December 31, 2015 as filed with the Securities and Exchange Commission, will be furnished without charge to all persons who were stockholders as of the close of business on March 14, 2016 upon written request to Laurie L. Gervais, Corporate Secretary, SI Financial Group, Inc., 803 Main Street, Willimantic, Connecticut 06226.

If you and others who share your address own your shares in street name, your broker or other holder of record may be sending only one annual report and proxy statement to your address. This practice, known as householding, is designed to reduce our printing and postage costs. However, if a stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, he or she should contact the broker or other holder of record. If you own your shares in street name and are receiving multiple copies of our annual report and proxy statement, you can request householding by contacting your broker or other holder of record.
