Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

Election of Ms. Jeane Hull as New Independent Director

On July 6, 2016, Cloud Peak Energy Inc. (Cloud Peak Energy) announced by press release that, effective July 5, 2016, Ms. Jeane Hull has been elected to the Cloud Peak Energy Board of Directors (Board) as a new independent director and will also serve as a member of the Audit Committee, the Compensation Committee and the Health, Safety, Environment and Communities Committee of the Board. Ms. Hull has been elected to Class I to fill the vacancy resulting from the retirement of former Chairman Keith Bailey from the Board immediately following Cloud Peak Energy's 2016 annual stockholders meeting. Ms. Hull will therefore stand for re-election at Cloud Peak Energy's 2019 annual stockholders meeting.

Ms. Hull retired from Peabody Energy Corporation in August 2015 where she served as Peabody's Executive Vice President and Chief Technical Officer, with responsibility for global strategy and governance for health, safety and environment, supply chain, engineering, applied technologies and asset management functions. Ms. Hull joined Peabody in 2007 as the Senior Vice President of Engineering and Technical Services and managed the global delivery of engineering, environmental, geology and design and construction services. She also served as Peabody's Group Executive, Powder River Basin from 2008 to 2011 and assumed additional responsibility for Southwest Operations in 2010.

In 2015, Cloud Peak Energy sold coal to Peabody in the ordinary course of business. The gross sales proceeds were approximately \$19 million. This amounted to approximately 1.7% of Cloud Peak Energy's 2015 revenue and approximately 0.3% of Peabody's 2015 revenue, as reported in their respective SEC filings. As a result of her service as Executive Vice President and Chief Technical Officer of Peabody until her retirement in August 2015, Ms. Hull may be deemed under SEC rules to have been a related party with an indirect interest in these transactions. There are no other related person transactions between Ms. Hull and Cloud Peak Energy in which Ms. Hull has a direct or indirect material interest requiring disclosure pursuant to Item 404(a) of Regulation S-K under the Securities Exchange Act of 1934, as amended.

Prior to joining Peabody, Ms. Hull served as Chief Operating Officer of Kennecott Utah Copper, a Rio Tinto company, from 2005 to 2007. She held numerous management, engineering and operations positions with Rio Tinto and its affiliates from 1994 to 2007, and spent 12 years with Mobil Mining and Minerals and Mobil Chemical Company from 1982 to 1994.

A registered professional engineer, Ms. Hull holds a Bachelor of Science degree in civil engineering from South Dakota School of Mines and Technology and an M.B.A. from Nova University in Florida.

Ms. Hull will receive the following compensation for her services on the Board and the committees referenced above, as provided by Cloud Peak Energy's current compensation program for its independent directors:
