SUMMARY

The following summary highlights selected information contained or incorporated by reference in this prospectus. The summary does not contain all of the information that may be important to you or that you should consider when making an investment decision. You should carefully read the summary together with the more detailed information that is contained and incorporated by reference in this prospectus.

PNM Resources, Inc.

We are an energy holding company based in Albuquerque, New Mexico, primarily engaged in the generation, transmission, distribution, sale and marketing of electricity and in the transmission, distribution and sale of natural gas within the States of New Mexico and Texas. Our business is currently conducted through our subsidiaries, Public Service Company of New Mexico, or PNM, Texas-New Mexico Power Company, or TNMP, and First Choice Power, or FCP.

PNM is New Mexico's largest electricity and natural gas provider, serving approximately 413,000 electric and 471,000 natural gas customers throughout the state. As of December 31, 2004, PNM had an integrated portfolio of 2,417 MW of generation, which PNM uses to serve both regulated and unregulated load. Pursuant to a long-standing regulatory approach, PNM uses a joint-dispatch method that serves both retail and wholesale markets. During 2004, our sales in the wholesale electric market accounted for approximately 62% of total MWh sales, of which 80% had been purchased for resale. For the year ended December 31, 2004, we generated approximately \$1.6 billion in operating revenues, with approximately \$659.5 million in gross margin (which is operating revenues less cost of energy sold) representing 41.1% of operating revenues. Of those amounts, our unregulated wholesale business generated approximately \$588.2 million in operating revenues, with approximately \$96.4 million in gross margin representing 16.4% of operating revenues, while our regulated electric and gas businesses generated approximately \$1.1 billion in operating revenues, with approximately \$562.3 million in gross margin representing 51.9% of operating revenues. PNM's utility electric distribution system spans more than 4,098 miles of overhead lines and 4,303 miles of underground cable lines while the gas transmission system stretches about 1,545 miles and the distribution system consists of approximately 11,841 miles of pipe.

On June 6, 2005, we completed our acquisition of all the outstanding common shares of TNP. TNP was a privately owned holding company for Texas-New Mexico Power Company and First Choice Power. TNMP provides electric service to approximately 256,000 customers in Texas and New Mexico. Its affiliate, First Choice, is a retail-electric provider with approximately 56,000 customers in Texas. For more detailed information concerning the TNP acquisition, you should also read "Management's Discussion and Analysis of Financial Conditions and Results of Operations" and the Notes to Consolidated Financial Statements contained in certain of the documents incorporated by reference in this prospectus.

Our executive offices are located at Alvarado Square, Albuquerque, New Mexico 87158, and our telephone number at that address is (505) 241-2700.

This Offering

We agreed to file with SEC the registration statement of which this prospectus forms a part to afford the selling stockholders identified herein the opportunity to resell the shares of our common stock they received in connection with our acquisition of TNP, described above, in public transactions rather than pursuant to exemptions from the registration and prospectus delivery requirements of the Securities Act of 1933, as amended, or the Securities Act.

Subject to the lock-up agreements discussed herein under "Plan of Distribution", the selling stockholders identified in this prospectus may sell up to 4,326,337 shares of our common stock in public or private transactions, or both. These sales may occur at fixed prices that are subject to change, at prices that are determined by prevailing market prices, or at negotiated prices. The selling stockholders may sell their shares from time to time to or through broker-dealers, who may receive compensation in the form of discounts, concessions or commissions from the selling stockholders, the purchasers of the shares, or both. For information on the methods of sale of the common stock, you should read the section of this prospectus entitled "Plan of Distribution" on page 3.

We will not receive any of the proceeds from the sale of shares by the selling stockholders.

USE OF PROCEEDS

We will not receive any of the proceeds from the sale by the selling stockholders of the shares of common stock. All proceeds from the sale of the common stock under this prospectus will be for the account of the selling stockholders, as described below. See "Selling Stockholders" and "Plan of Distribution" below.

SELLING STOCKHOLDERS

On June 6, 2005, we completed our acquisition of all the outstanding common shares of TNP. Under the terms of the acquisition agreement, TNP's common shareholder received 4,326,337 of our newly issued common shares and cash in an amount at closing equal to approximately \$87.6 million, which constituted the estimated purchase price that is subject to certain post-closing adjustments. We understand that most of the 4,326,337 shares of common stock were subsequently distributed to the partners of TNP's common shareholder, which we refer to herein as the selling shareholders. This prospectus covers the resale by the selling stockholders of up to the 4,326,337 shares of our common stock issued in connection with the acquisition.

The following table sets forth the names of the selling stockholders, information as of September 14, 2005 regarding the beneficial ownership of common stock by each of the selling stockholders and the number of shares of our common stock that may be offered by each selling stockholder under this prospectus. Information with respect to the beneficial ownership is based upon information from the selling stockholders or agents of the selling stockholders. Information with respect to the number of shares beneficially owned after the offering assumes the sale of all of the shares offered by the selling stockholders under this prospectus and no other purchases or sales of common stock. The applicable percentages of beneficial ownership after the offering is based on an aggregate of 68,741,421 shares of our common stock issued and outstanding as of September 23, 2005. Other than as described above, none of the selling stockholders listed in the table have held any position or office or have had a material relationship with us or any of our affiliates within the past three years.

PLAN OF DISTRIBUTION

Certain of the selling stockholders have entered into lock-up agreements, described below in this section, under which they have agreed not to sell their shares for specified periods of time.

Subject to the terms of the lock-up agreements, the selling stockholders may, from time to time, sell any or all of their shares of common stock offered under this prospectus. The selling stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale of shares of common stock covered by this prospectus. We will not receive any of the proceeds of the sale of the common stock offered by this prospectus.

The common stock offered by this prospectus may be sold from time to time to purchasers:

- directly by the selling stockholders and their successors, which includes their donees, pledgees or transferees or their successors-in-interest (other than purchasers pursuant to this prospectus), or
- through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, commissions or agent's commissions from the selling stockholders or the purchasers of the common stock. These discounts, concessions or commissions may be in excess of those customary in the types of transactions involved.

The selling stockholders and any underwriters, broker-dealers or agents that participate in the distribution of the common stock may be deemed to be "underwriters" within the meaning of the Securities Act. As a result, any profits on the sale of the shares by selling stockholders and any discounts, commissions or agent's commissions received by any such broker-dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act. Selling stockholders who are "underwriters" within the meaning of the Securities Act will be subject to prospectus delivery requirements of the Securities Act. If the selling stockholders were deemed to be underwriters, the selling stockholders may be subject to certain statutory liabilities of the Securities Act and the Exchange Act. If the shares are sold through underwriters, broker-dealers or agents, the selling stockholders will be responsible for underwriting discounts or commissions or agent's commissions.

The common stock may be sold in one or more transactions at:

- fixed prices;
- prevailing market prices at the time of sale;
- prices related to such prevailing market prices;
- varying prices determined at the time of sale; or
- negotiated prices.

These sales may be effected in one or more transactions:

- on any national securities exchange or quotation service on which the common stock may be listed or quoted at the time of the sale;
- in the over-the-counter market;
- in privately negotiated transactions;
- in transactions otherwise than on such exchanges or services or in the over-the-counter market;
- through the writing of options (including the issuance by the selling stockholders of derivative securities), whether the options or such other derivative securities are listed on an options exchange or otherwise;
- through the settlement of short sales;

- any other method permitted by applicable law; or
- through any combination of the foregoing.

These transactions may include block transactions or crosses. Crosses are transactions in which the same broker acts as an agent on both sides of the trade.

In connection with the sales of the common stock, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions that in turn may engage in short sales of the common stock in the course of hedging their positions, sell the common stock short and deliver the common stock to close out short positions, loan or pledge common stock to broker-dealers or other financial institutions that in turn may sell the common stock, enter into option or other transactions with broker-dealers or other financial institutions that require the delivery to the broker-dealer or other financial institution of the common stock, which the broker-dealer or other financial institution may resell pursuant to the prospectus, or enter into transactions in which a broker-dealer makes purchases as a principal for resale for its own account or through other types of transactions.

We are not aware of any plans, arrangements or understandings between any selling stockholders and any underwriter, broker-dealer or agent regarding the sale of the common stock by the selling stockholders.

There can be no assurance that any selling stockholder will sell any or all of the common stock pursuant to this prospectus. Further, we cannot assure you that any such selling stockholder will not transfer, devise or gift the common stock by other means not described in this prospectus. In addition, any common stock covered by this prospectus that qualify for sale pursuant to Rule 144 of the Securities Act may be sold under Rule 144 rather than under this prospectus. The common stock may be sold in some states only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification is available and complied with.

The selling stockholders and any other person participating in the sale of the common stock will be subject to the Exchange Act. The Exchange Act rules include, without limitation, Regulation M, which may limit the timing of purchases and sales of any of the common stock by the selling stockholders and any other such person. In addition, Regulation M may restrict the ability of any person engaged in the distribution of the common stock to engage in market-making activities with respect to the common stock being distributed. This may affect the marketability of the common stock and the ability of any person or entity to engage in market-making activities with respect to the common stock.

Certain of the selling stockholders, namely SW I Acquisition GP, L.P., Continental Casualty Company, CIBC WG Argosy Merchant Fund 2, L.L.C., Caravelle Investment Fund, L.L.C., American Securities Partners II, L.P. and Laurel Hill Capital Partners, L.L.C., who, directly or indirectly, acquired in the aggregate 4,048,801 shares of common stock in connection with our acquisition of TNP, have agreed ("lock-up agreements") not to directly or indirectly sell, offer, contract or grant any option to sell, pledge, transfer or otherwise dispose of any of the shares of our common stock acquired by such selling stockholders in connection with our acquisition of TNP (i) until October 6, 2005, with respect to 50% of such shares of common stock and (ii) until December 6, 2005, with respect to the remaining 50% of such shares of common stock.

We and the selling stockholders have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

We have agreed to pay all expenses incidental to the registration of the common stock offered under this prospectus, including our own legal and accounting fees, transfer agent fees, and the expenses of preparing, printing and filing the registration statement, this prospectus and any prospectus supplement. The selling stockholders have agreed to pay all other costs associated with the sale of the common stock offered under this prospectus, including all commissions, fees and discounts of underwriters, brokers, dealers and agents, all transfer taxes and related expenses and all fees and costs of their own counsel.

If required, we will distribute a supplement to this prospectus to describe any material changes in the offering.

Item 15. Indemnification of Directors and Officers.

Section 6 of Article II of PNM Resources, Inc.'s by-laws contains the following provisions with respect to indemnification of directors and officers:

Each person serving as a director or an officer of the Corporation, or, at the request of the Corporation, as a director or an officer of any other company in which the Corporation has a financial interest and regardless of whether or not the person is then in office, and the heirs, executors, administrators and personal representatives of the person, shall be indemnified by the Corporation to the full extent of the authority of the Corporation to so indemnify as authorized by New Mexico law.

Section 53-11-4.1 of the Business Corporation Act of the State of New Mexico provides that a corporation shall have power to indemnify any person made (or threatened to be made) a party to any proceeding (whether threatened, pending or completed) by reason of the fact that the person is or was a director (or, while a director, is or was serving in any of certain other capacities) if: (1) the person acted in good faith; (2) the person reasonably believed: (a) in the case of conduct in the person's official capacity with the corporation, that the person's conduct was in its best interests; and (b) in all other cases, that the person's conduct was at least not opposed to its best interests; and (3) in the case of any criminal proceeding, the person had no reasonable cause to believe the person's conduct was unlawful. Indemnification may be made against judgments, penalties, fines, settlements and reasonable expenses actually incurred by the person in connection with the proceeding, but may be limited or unavailable with respect to certain proceedings. In some instances, indemnification of a director may be mandatory or, upon the application of a director, may be ordered by a court. Reasonable expenses incurred by a director may, under certain circumstances, be paid or reimbursed in advance of a final disposition of a proceeding. Unless limited by its articles of incorporation, a corporation may (or, as the case may be, shall) indemnify and advance expenses to an officer of the corporation to the same extent as to a director under Section 53-11-4.1. Also, unless limited by its articles of incorporation, a corporation has: (1) the power to indemnify and to advance expenses to an employee or agent of the corporation to the same extent that it may indemnify and advance expenses to directors under the statute; and (2) additional power to indemnify and to advance reasonable expenses to an officer, employee or agent who is not a director to such further extent, consistent with law, as may be provided by its articles of incorporation, by laws, general or specific action of its Board of Directors, or contract.

Section 53-11-4.1 was amended in 1987 to provide that the indemnification authorized thereunder shall not be deemed exclusive of any rights to which those seeking indemnification may be entitled under the articles of incorporation, the by-laws, an agreement, a resolution of shareholders or directors or otherwise. We have entered into agreements with each director and officer which provide for indemnification of directors and officers to the fullest extent permitted by law including advancement of litigation expenses where appropriate. The agreements provide for the appointment of a reviewing party by the Board of Directors to make a determination whether claimed indemnification is permitted under applicable law.

Insurance is maintained on a regular basis (and not specifically in connection with this offering) against liabilities arising on the part of directors and officers out of their performance in such capacities or arising on the part of PNM Resources out of its foregoing indemnification provisions, subject to certain exclusions and to the policy limits.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) under the Securities Act if, in the aggregate, the changes in volume and price represent no more than a 20 per cent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by either registrant pursuant to section 13 or section 15(d) of the Exchange Act that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of a registrant's annual report pursuant to section 13(a) or section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. If a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
