MIND CTI Reports EPS of 3 Cents for the Third Quarter of 2006

Cash Flow from Operating Activities of \$1.05 Million

Yoqneam, Israel, October 30, 2006 - MIND CTI Ltd. (NasdaqNM:MNDO), a leading provider of convergent end-to-end billing and customer care product based solutions for tier 2 and tier 3 carriers worldwide, today announced results for the third quarter 2006.

Monica Eisinger, Chairperson and CEO, commented: "The telecom industry is in a transition phase, fueled by the mobile devices wide penetration and by the expansion of IP infrastructure. The pursuit for return on investment in the service-provider space led to the need to increase revenue from existing subscribers. This subsequently created the need for convergence of services at all levels of carriers.

MIND is also experiencing a transition phase. We have invested heavily in the enhancement of our solutions, while focusing on building our business for the long term, with larger deals and long-term contracts. The third quarter results are a result of our focus on larger deals that require longer sales-cycles and longer revenue spread. At the same

time our visibility increased and with careful planning we maintained profitability. The long-term relationships with our customers enable us to build future revenue streams and this quarter we saw significant recurrent revenue from our customer base, with three customer upgrades.

The convergence that drives the telecom space has created an ideal opportunity for us. What differentiates us is that we bring to the tier 2 operators a convergent product based end-to-end solution as well as services that help them execute their convergence plans in a more efficient way and serve their customers better."

Financial Highlights of Q3 2006

- Revenues of \$4.66 million, a 15% increase over the third quarter of 2005.
- Operating income, excluding amortization of intangible assets and equity-based compensation expense of \$677 thousand.
- Net income, excluding amortization of intangible assets and equity-based compensation expense, of \$972 thousand or \$0.05 per share.
- GAAP net income of \$710 thousand or \$0.03 per share.
- Cash flow from operating activities in Q3 2006 was \$1.05 million.
- Strong cash position of approximately \$37 million on September 30, 2006.

Dividend Policy and Dividend Distribution

In July 2003, the Board of Directors had adopted our dividend policy. We have since distributed dividends four times and we intend to continue to distribute cash dividends based on factors that include our cash position and our activities.

Today, the Board of Directors resolved that the Company should seek the court approval formally required in order to enable a distribution for the year 2006 of approximately \$4 million, which is similar to previous years' average. Under Israeli law, a company with insufficient retained earnings is required to obtain approval from the court for such a distribution in order to ensure that the Company's creditors are not harmed by the action. In view of the strong cash position of approximately \$37 million, the Company expects to obtain such court approval within eight to twelve weeks, although there is no guarantee that such approval will not be delayed or denied.

Prior to paying any dividend, which is still subject to specific Board approval, the Company will issue a press release announcing the exact dividend amount, record date and distribution date.

"Given our strong cash position and our positive operating cash flow, we believe that our dividend policy enhances shareholders value," stated Monica. "We are well positioned and have the required resources to respond to potentially increasing market needs and at the same time we are focused on targeting potential acquisitions that could benefit the company growth".
