Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Executive Incentive Program

Our compensation committee approved the performance criteria for 2014 for our executive incentive program. Certain of our executive officers, including our Chief Executive Officer (CEO), Chief Financial Officer (CFO), President of Skilled Nursing and Assisted Living Services and Executive Vice President and Secretary will participate in our executive incentive program in 2014. The monetary component of the formula established by the compensation committee for our executive incentive program is based upon adjusted annual income before provision for income taxes. The program also includes a subjective quality adjustment for the clinical performance of the Company's operating subsidiaries, as well as a discretionary clawback provision that allows incentive payments to be recouped from executive officers if certain types of subsequent events result in a restatement or otherwise diminish the performance metrics upon which prior incentive calculations were based.

In or near the first quarter of 2015, our compensation committee will subjectively allocate the bonus pool among the individual executives that participate in the plan based upon the recommendations of our CEO and the compensation committee's perceptions of each participating executive's contributions to both our clinical and financial performance during the preceding year, and value to the organization going forward. The financial measure that our compensation committee considers is our adjusted annual income before provision for income taxes. The clinical measures that our compensation committee considers include our success in achieving positive survey results and the extent of positive patient and resident feedback, among other factors. Our compensation committee also reviews and considers feedback from other employees regarding the executive's performance. Our compensation committee exercises discretion in the allocation of the bonus pool among the individual executives and has, at times, awarded bonuses that, collectively, were less than or greater than the bonus pool resulting from the predetermined formula.
