BOARD COMMITTEES AND MEETINGS

During the fiscal year ended December 31, 2000 the Board of Directors held six meetings and acted by unanimous written consent six times. The Board has an Audit Committee and a Compensation Committee.

The Audit Committee meets with the Company's independent auditors at least annually to review the results of the annual audit and discuss the financial statements; recommends to the Board the independent auditors to be retained; oversees the independence of the independent auditors; evaluates the independent auditors' performance; and receives and considers the independent auditors' comments as to controls, adequacy of staff and management performance and procedures in connection with audit and financial controls. The Audit Committee is composed of three directors: Messrs. Brennan, Hummer and Schlein. It met two times during such fiscal year and did not act by unanimous written consent. All members of the Company's Audit Committee are independent (as independence is defined in Rule 4200(a)(14) of the NASD listing standards). The Audit Committee has adopted a written Audit Committee Charter that is attached

Edgar Filing: EXTENSITY INC - Form DEF 14A

hereto as Appendix A.

The Compensation Committee makes recommendations concerning salaries and incentive compensation, awards stock options to employees and consultants under the Company's stock option plans and otherwise determines compensation levels and performs such other functions regarding compensation as the Board may delegate. The Compensation Committee is composed of three outside directors: Messrs. Brennan, Hummer and Schlein. It met one time during such fiscal year and did not act by unanimous written consent. The Compensation Committee has adopted a written Compensation Committee Charter that is attached hereto as Appendix B.

3

During the fiscal year ended December 31, 2000, each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served, held during the period for which he was a director or committee member, respectively.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS 1

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee is composed of independent directors, and acts under a written charter. Each of the members of the Audit Committee is independent as defined in Rule 4200(a)(14) of the NASD listing standards. A copy of the Audit Committee Charter is attached to this Proxy Statement as Appendix A.

The responsibilities of the Audit Committee include recommending to the Board an accounting firm to be engaged as the Company's independent accountants. Additionally, and as appropriate, the Audit Committee reviews and evaluates, and discusses and consults with Company management, Company internal audit personnel, and the independent accounts regarding the following:

- o the plan for, and the independent accounts' report on, each audit of the Company's financial statements;
- o the Company's financial disclosure documents, including all financial statements and reports filed with the SEC or sent to stockholders;
- o changes in the Company's accounting practices, principles, controls or methodologies, or in the Company's financial statements;
- o significant developments in accounting rules;
- o the adequacy of the Company's internal accounting controls, and accounting, financial and auditing personnel; and
- o the establishment and maintenance of an environment at the Company that promotes ethical behavior.

The Audit Committee is responsible for recommending to the Board that the Company's financial statements be included in the Company's annual report. The Committee took a number of steps in making this recommendation for 2000. First, the Audit Committee discussed with PricewaterhouseCoopers LLP, the Company's independent accountants for 2000, those matters PricewaterhouseCoopers communicated to and discussed with the Audit Committee under applicable auditing standards, including information regarding the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit

Edgar Filing: EXTENSITY INC - Form DEF 14A

Committee discussed PricewaterhouseCoopers' independence with PricewaterhouseCoopers and received written disclosure from PricewaterhouseCoopers concerning independence as required under applicable independence standards for auditors of public companies. This discussion and disclosure informed the Audit Committee of PricewaterhouseCoopers' independence, and assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed, with Company management and PricewaterhouseCoopers, the Company's audited consolidated balance sheets at December 31, 2000 and 1999, and consolidated statements of income, cash flows and stockholders' equity for the three years ended December 31, 2000, 1999 and 1998. Based on the discussions with PricewaterhouseCoopers concerning the audit, the independence discussions, and the financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board that these financial statements be included in the Company's 2000 Annual Report on Form 10-K.

From the members of the Audit Committee:

Christopher D. Brennan (chair)
John R. Hummer
Ted E. Schlein

1 The material in this report is not "soliciting material," is not "filed" with the SEC, and is not to be incorporated by reference into any filing of the Company under the 1933 or 1934 Act.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending December 31, 2001 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited the Company's financial statements since 1997. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of PricewaterhouseCoopers LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes.

Edgar Filing: EXTENSITY INC - Form DEF 14A

Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

AUDIT FEES. During the fiscal year ended December 31, 2000, the aggregate fees billed by PricewaterhouseCoopers LLP for the audit of the Company's financial statements for such fiscal year and for the reviews of the Company's interim financial statements was \$155,655.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES During the fiscal year ended December 31, 2000, PricewaterhouseCoopers LLP did not bill any fees for information technology consulting.

ALL OTHER FEES. During fiscal year ended December 31, 2000, the aggregate fees billed by PricewaterhouseCoopers LLP for professional services other than audit and information technology consulting fees was \$16,700.

The Audit Committee has determined the rendering of all other non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the auditor's independence.

THE BOARD OF DIRECTORS RECOMMENDS
A VOTE IN FAVOR OF PROPOSAL 2.

Each non-employee director of the Company is eligible to receive stock option grants under the 1996 Stock Option Plan (the "1996 Plan"). Only non-employee directors of the Company or an affiliate of such directors (as defined in the Code) are eligible to receive options under the 1996 Plan. Options granted under the 1996 Plan are intended by the Company not to qualify as incentive stock options under the Code.

Options granted under the 1996 Plan may be early exercised at any date after the date of the option grant, subject to the Company's repurchase rights. The term of options granted under the 1996 Plan is ten years. In the event of a merger of the Company with or into another corporation or a consolidation, acquisition of assets or other change-in-control transaction involving the Company, each option either will continue in effect, if the Company is the surviving entity, or will be assumed or an equivalent option will be substituted by the successor corporation, if the Company is not the surviving entity. In the event that the successor corporation refuses to assume or substitute for each option, the options granted shall fully vest.

Options granted to directors are at the discretion of the Board of Directors. During the last fiscal year, the Company granted options covering 150,000 shares to three of its non-employee directors, at an exercise price per share of \$9.00. The Board of Directors determined the fair market value of such Common Stock on the date of grant was \$9.00 per share. As of February 28, 2001, no options had been exercised under the 1996 Plan.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION 6

The Compensation Committee is currently composed of three outside directors: Messrs. Brennan, Hummer and Schlein. The Compensation Committee is responsible for establishing the Company's compensation programs for all employees, including executives. For executive officers, the Compensation Committee evaluates performance and determines compensation policies and levels. A copy of the Compensation Committee Charter is attached to this Proxy Statement as Appendix B.

COMPENSATION PHILOSOPHY

The goals of the compensation program are to align compensation with business objectives and performance and to enable the Company to attract and retain the highest quality executive officers and other key employees, reward them for the Company's progress and motivate them to enhance long-term stockholder value. Key elements of this philosophy are as follows:

- o The Company pays competitively with comparable technology companies, both inside and outside its industry, with which the Company competes for talent. To ensure that compensation is competitive, the Company compares its practices with workforce management companies and sets its parameters based on this comparison.
- o The Company maintains short- to long-term incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.
- o The Company provides significant equity-based incentives for executives and other key employees to ensure that they are motivated over the long term to respond to the Company's business challenges and opportunities as owners and not just as employees.

BASE SALARY. The Compensation Committee annually reviews each executive officer's base salary. When reviewing base salaries, the Compensation Committee considers individual and corporate performance, levels of responsibility, prior

Edgar Filing: EXTENSITY INC - Form DEF 14A

experience, breadth of knowledge and competitive pay practices. Base salaries for executive officers were increased by 3% to 12% for fiscal 2000 compared to fiscal 1999. The increases were due to fiscal 1999 financial performance and the need to remain within the range of competitive salaries for comparable companies.

The Company has also adopted the Management By Objective Bonus Plan (the "MBO Bonus Plan") for employees of the Company, including all executive officers. Cash bonuses are paid on a quarterly basis based upon achievement of certain specified corporate goals and individual goals. The Compensation Committee determines the percentage of salary to be paid on an individual basis.

Amounts reflected as "bonuses" in the "Summary Compensation Table" above, were paid based on the criteria set forth in the MBO Bonus Plan.

LONG-TERM INCENTIVES. The Company's long-term incentive program consists of the 1996 Stock Option Plan ("Stock Plan") and the 2000 Nonstatutory Stock Option Plan ("Nonstatutory Plan"). In fiscal 2000, the Company granted 955,000 stock options to its executive officers under the Stock Plan, and no shares have been awarded under the Nonstatutory Plan. The Compensation Committee awarded these grants in order to provide significant links between executive compensation and stockholder interests. Such grants were intended to provide incentive to successfully

complete the Company's initial public offering, to successfully achieve certain specified revenue and profitability targets and to maximize stockholder value over the next several years. The Stock Plan utilizes a combination of vesting plans designed to enhance the long-term goals of the Company. The options have a time-based vesting provision which encourages employees to remain with the Company. The Stock Plan options vest 25% after the first year and on a monthly basis thereafter, which the Company believes provides a strong incentive for employees to remain with the Company. Through option grants, executives and employees receive significant equity incentives to build long-term stockholder value. Grants are made at 100% of fair market value on the date of grant. Executives receive value from these grants only if the Company's Common Stock appreciates over the long-term.

Future grants will be made under both Plans. Employees will also be allowed to participate in the Employee Stock Purchase Plan (the "ESPP").

CORPORATE PERFORMANCE AND CHIEF EXECUTIVE OFFICER COMPENSATION

Mr. Spinner's base salary and bonus are based on the Company achieving several key objectives. For fiscal year 2000, these objectives included achieving specified financial performance for the Company, the completion of the Company's initial public offering, the successful transition to new technology and an increase in market share. Mr. Spinner's base salary during fiscal 2000 as President and Chief Executive Officer was \$275,000. The Compensation Committee offered Mr. Spinner a base salary of \$300,000 in his initial employment offer in February of 1999, however, he declined the \$300,000 salary and elected a lower salary of \$275,000 for fiscal year 2000. Mr. Spinner was also eligible for a \$100,000 performance bonus payable in two installments on March 31, 2000 and

Edgar Filing: EXTENSITY INC - Form DEF 14A

September 30, 2000. The Compensation Committee recommended that Mr. Spinner be awarded this bonus based on meeting his objectives, however, Mr. Spinner declined this bonus electing to contribute the money to the Company's working capital. In fiscal 2000, Mr. Spinner received an additional stock option grant for 440,000 shares of Common Stock. The vesting commencement date of these grants is January 1, 2003, and these options shall vest monthly over a twenty four month period following the vesting commencement date. The Board of Directors approved this grant as an additional incentive for Mr. Spinner to continue to provide his services to the Company and to build long-term stockholder value.

LIMITATION ON DEDUCTION OF COMPENSATION PAID TO CERTAIN EXECUTIVE OFFICERS

Section 162(m) of the Internal Revenue Code (the "Code") limits the Company to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain Named Executive Officers in a taxable year. Compensation above \$1 million may be deducted if it is "performance-based compensation" within the meaning of the Code.

The statute containing this law and the applicable proposed Treasury regulations offer a number of transitional exceptions to this deduction limit for pre-existing compensation plans, arrangements and binding contracts. As a result, the Compensation Committee believes that at the present time it is quite unlikely that the compensation paid to any Named Executive Officer in a taxable year which is subject to the deduction limit will exceed \$1 million. Therefore, the Compensation Committee has not yet established a policy for determining which forms of incentive compensation awarded to its Named Executive Officers shall be designed to qualify as "performance-based compensation." The Compensation Committee intends to continue to evaluate the effects of the statute and any final Treasury regulations and to comply with Code Section 162(m) in the future to the extent consistent with the best interests of the Company.

CONCLUSION

Through the plans described above, a significant portion of the Company's executive compensation program, including Mr. Spinner's compensation, is contingent on Company performance, and realization of benefits is closely linked to increases in long-term stockholder value. The Company remains committed to this philosophy of pay for performance, recognizing that the competitive market for talented executives and the volatility of the Company's business may result in highly variable compensation for a particular time period
