Item 8.01

Other Events

Effective during the first quarter of 2011, Schweitzer-Mauduit International Inc., the Company or SWM, (NYSE:SWM) realigned its management structure to evaluate its business based on product lines in addition to geographies. The change resulted in two operating segments which are also the Company's reportable segments: Paper and Reconstituted Tobacco. The Paper segment primarily produces Cigarette Papers such as cigarette papers, including LIP papers, plug wrap and base tipping papers used to wrap various parts of a cigarette for sale to cigarette manufacturers. The Paper segment also includes commercial and industrial products such as lightweight printing and writing papers, battery separator paper, drinking straw wrap, filter paper and other specialized papers. These non-tobacco industry products are generally sold directly to converters and other end-users or brokers. The Reconstituted Tobacco segment produces reconstituted tobacco leaf, or RTL, and wrapper and binder products for sale to cigarette and cigar manufacturers.

The accounting policies of these segments are the same as those described in Note 2, Summary of Significant Accounting Policies, in the Notes to Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2010. The Company primarily evaluates segment performance and allocates resources based on operating profit. Expense amounts not associated with segments are referred to as unallocated expenses.

To facilitate an understanding of its current segment reporting, SWM is providing recast segment information for the years ending December 31, 2009 and 2010 and for each of the 2010 quarters.

This information shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, or the Exchange Act, or otherwise subject to the liability of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as expressly set forth by specific reference to such filings.
