Proxy Statement for Annual Meeting of Stockholders

To Be Held on May 19, 2016

This Proxy Statement is furnished in connection with the solicitation of proxies by our Board of Directors for use at our Annual Meeting of Stockholders to be held on May 19, 2016 or at any adjournment thereof. This Proxy Statement is being distributed to shareholders on or about April 19, 2016, along with a proxy and our 2015 Annual Report.

Frequently Asked Questions About the Annual Meeting

Where and when is the Annual Meeting?

Our Annual Meeting will be held at the offices of Kelley Drye & Warren LLP, 101 Park Avenue, New York, NY 10178, on Thursday, May 19, 2016 at 2:00 p.m. (Eastern Daylight Time).

Who can vote at the Annual Meeting?

You are entitled to vote your shares of Common Stock at our Annual Meeting if you were a stockholder at the close of business on April 8, 2016, the record date for our Annual Meeting.

The total number of shares of Common Stock outstanding and entitled to vote on April 8, 2016 was 23,317,210. Holders of Common Stock have the right to one vote for each share registered in their names as of the close of business on the record date.

What is the quorum requirement for the Annual Meeting?

In order to conduct business at our Annual Meeting, our By-laws require the presence in person or by proxy of stockholders holding a majority of the outstanding shares of Common Stock entitled to vote. If a quorum is not present, a vote cannot occur, and our Annual Meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum. Proxies voted as "withheld," abstentions and broker non-votes are counted for the purpose of determining whether a quorum is present.

If you vote by Internet or by telephone, your electronic vote authorizes the named proxies to vote on your behalf in the same manner as if you completed, signed, dated and returned your proxy card. If you vote by Internet or by telephone, you do not need to return your proxy card.

If you are a beneficial shareholder, you will receive instructions from your bank, broker or other holder of record that you must follow in order to have your shares voted. If you wish to vote in person at the meeting, you must obtain a legal proxy from the bank, broker or other holder of record that holds your shares, and bring it, or other evidence of stock ownership, with you to the meeting.

Table of Contents

What is the effect of not casting my vote?

If you are a registered shareholder and you do not vote your shares, your shares will not be taken into consideration in determining the outcome of the matters that are acted upon.

If you are a beneficial shareholder and you do not instruct your bank or broker how to vote your shares, under the rules of the New York Stock Exchange, your bank or broker will only be able to vote your shares on the ratification of KPMG LLP as our independent registered public accounting firm (Proposal No. 3). Your bank or broker will not be able to vote your shares on the election of directors (Proposal No. 1), the resolution to approve the Standard Motor Products, Inc. 2016 Omnibus Incentive Plan (Proposal No. 2), and the advisory resolution to approve the compensation of our named executive officers (Proposal No. 4), resulting in “broker non-votes” on those items.

How do I know whether I am a registered shareholder or a beneficial shareholder?

You are a registered shareholder if your shares of Common Stock are registered directly in your name with our transfer agent, Computershare Investor Services.

You are a beneficial shareholder if your shares are held in an account at a bank, broker or other holder of record (also referred to as holding shares “in street name”).

How do I vote my shares?

Registered shareholders can vote in one of four ways:

Vote by Mail: Complete, sign, date and return your proxy card in the enclosed postage-paid envelope.

Vote in Person: Attend the Annual Meeting, or send a personal representative with an appropriate proxy, to vote by ballot at the meeting.

Vote by Internet: Go to the website listed on your proxy card to vote by Internet. You will need to follow the instructions on your proxy card and the website.

Vote by Telephone: Call the telephone number on your proxy card to vote by telephone. You will need to follow the instructions on your proxy card and the voice prompts.

Can I change my vote after I have voted?

Proxies are revocable at any time before they are exercised at our Annual Meeting. If you are a registered shareholder and you originally voted by mail, Internet or telephone, you may revoke your proxy by:

· completing and returning a timely and later-dated proxy card, or using the Internet or telephone to timely transmit your later voting instructions,

· appearing at our Annual Meeting and voting in person, or

· contacting Carmine J. Broccole, Secretary of the Company, at the following address to notify him that your proxy is revoked:

Standard Motor Products, Inc.

Email: financial@smpcorp.com

Fax: 718-784-3284

Proposal No. 2

Approval of the Standard Motor Products, Inc.

2016 Omnibus Incentive Plan

Our Board of Directors recommends that you vote FOR the approval of the Standard Motor Products, Inc. 2016 Omnibus Incentive Plan.

General

We are asking our stockholders to approve the Standard Motor Products, Inc. 2016 Omnibus Incentive Plan (the “Plan”), which was approved by our Board of Directors on February 11, 2016. If approved by our stockholders, the Plan will supersede the Standard Motor Products, Inc. 2006 Omnibus Incentive Plan and will become the Company’s only plan for providing stock-based incentive compensation to our employees, directors and other eligible persons. Approval of the Plan shall not affect awards already granted under the 2006 Omnibus Incentive Plan.

The following summary of certain material features of the Plan is subject to the specific provisions contained in the full text of the Plan, as set forth in Appendix A attached hereto.

Purpose of Plan

The Plan will allow the Company, under the direction of the Compensation and Management Development Committee of the Board of Directors or those persons to whom administration of the Plan has been delegated or permitted by law (the “Compensation Committee”) (the Nominating and Corporate Governance Committee of the Board of Directors will make recommendations to the Compensation Committee concerning non-employee directors), to make grants of stock options, restricted stock awards, restricted stock units, stock appreciation rights, performance shares, cash-based awards and other stock-based awards to employees, directors, consultants, agents, advisors and independent contractors. The purpose of these stock awards is to attract and retain talented employees, directors and other eligible persons and further align their interests and those of our stockholders by linking a portion of their compensation with the Company’s performance.

Key Terms

The following is a summary of the key provisions of the Plan.

Plan Term: May 19, 2016 to May 19, 2026

Eligible Participants: All of our employees, directors, consultants, agents, advisors and independent contractors are eligible to receive awards under the Plan, provided they render services to the Company. The Compensation Committee will determine which individuals will participate in the Plan. As of April 8, 2016, there were approximately two hundred and fifty employees and eight non-employee directors who would be eligible to participate in the Plan.

Shares Authorized: 1,100,000, subject to adjustment to reflect stock splits and other corporate events or transactions. Shares subject to awards that are cancelled, forfeited, or expire by their terms or are otherwise not issued in connection with an award will be returned to the pool of shares available for grant and issuance under the Plan. Shares tendered in payment of the exercise price of an option, shares withheld from exercised awards for tax withholding purposes, shares subject to a stock appreciation right that are not issued in connection with the settlement of the award, and shares repurchased by the Company with proceeds

received from the exercise price of an option will not be returned to the pool. Of the shares available in the pool, the maximum number of shares that may be issued to non-employee directors is two hundred fifty thousand (250,000) shares.

Table of Contents

Vesting schedules will be determined by the Compensation Committee at the time that each award is granted, subject to the minimum vesting periods described below.

(a) Options: The minimum vesting period for the grant of an option is three (3) years following the date of grant, provided that an option may partially vest after no less than one (1) year so long as the entire grant does not fully vest until at least three (3) years following the date of grant, except as the Compensation Committee may provide in the event of death, disability, involuntary termination without cause, retirement, or a change of control.

(b) SARs: The minimum vesting period for the grant of a stock appreciation right is three (3) years following the date of grant, provided that a stock appreciation right may partially vest after no less than one (1) year so long as the entire grant does not fully vest until at least three (3) years following the date of grant, except as the Compensation Committee may provide in the event of death, disability, involuntary termination without cause, retirement, or a change of control.

Vesting: (c) Restricted Stock or Restricted Stock Units: The minimum vesting period for the grant of restricted stock or restricted stock units is three (3) years (which may be a cliff or graded vesting schedule) following the date of grant, provided that grants to non-employee directors or employees receiving long-term retention awards who are aged 65 or older may fully vest after no less than one (1) year. The Compensation Committee may also determine that the vesting schedule may be accelerated due to death, disability, involuntary termination without cause, retirement, or a change of control.

(d) Performance Shares or Performance Units: Except as the Compensation Committee may provide in the event of death, disability, involuntary termination without cause, retirement, or a change of control, performance shares or performance units may not vest prior to the expiration of at least one (1) year of a performance period. The Compensation Committee may provide for the accelerated vesting of an award based on achievement of performance goals.

(e) Other Stock-Based or Cash-Based Awards: The minimum vesting period for the grant of other stock-based awards is one (1) year, except as the Compensation Committee may provide in the event of death, disability, involuntary termination without cause, retirement, or a change of control. Notwithstanding the foregoing, unless otherwise provided by the Compensation Committee, any such awards granted as full value awards shall not be subject to a vesting schedule. For cash-based awards, the Compensation Committee may determine whether the award is subject to a vesting schedule.

Table of Contents

Award Terms:	Each option granted shall expire at such time as the Compensation Committee shall determine at the time of grant but shall not be exercisable later than the tenth (10th) anniversary date of its grant. The term of any SAR granted shall be determined by the Compensation Committee but shall not be exercisable later than the tenth (10th) anniversary date of its grant.
Repricing Prohibited:	Options and SARs granted under the Plan may not be repriced, repurchased (including by cash buyout), replaced or regranted through cancellation or by lowering the option price of a previously granted option or the grant price of a previously granted SAR, without the approval of our stockholders.

Non-employee Director Awards

If the Plan is approved by stockholders at the Annual Meeting, it is anticipated that each non-employee director will receive on the date of each annual meeting of stockholders an automatic restricted stock award of 1,000 shares and an additional award of Common Stock valued at \$55,000, based on the fair market value of the Company's Common Stock as of the date of the annual meeting of stockholders. The restricted stock awards will vest after one year, so long as the director remains continuously in office. Non-employee directors will also be eligible to receive other types of awards under the Plan, but such awards are discretionary. In the event of a change of control of the Company (as defined in the Plan), all of the shares of restricted stock will accelerate and become vested in full.

New Plan Benefits

Except as described below, the following table sets forth information concerning the benefits or amounts under the Plan that we can determine will be received by all current non-employee directors as a group on an annualized basis.

Name and Position	Dollar Value (\$)	Number of Shares
Non-employee directors as a group	Fair market value on date of grant	8,000
Non-employee directors as a group	\$440,000	Fair market value on date of grant

The information in the above table is limited to the annual automatic restricted stock awards and other stock awards to be granted to our non-employee directors in connection with the Annual Meeting. Future awards under the Plan to executive officers, employees or other eligible participants, and any future discretionary awards to non-employee directors in addition to those granted automatically, are discretionary and cannot be determined at this time, nor can it be determined what these discretionary awards would have been if the Plan had been in effect during fiscal 2015. We therefore have not included any such awards in the table above.

Terms applicable to Stock Options and Stock Appreciation Rights

The exercise price of stock options or SARs granted under the Plan may not be less than the fair market value of our Common Stock on the date of grant (or, with respect to incentive stock options in the case of a holder of more than 10% of stock, 110% of fair market value). On the record date, the closing price of the Company's Common Stock on the New York Stock Exchange was \$33.60 per share. The Compensation Committee will determine at the time of grant the other terms and conditions applicable to such award, including exercisability and vesting, subject to the limitations described above.

Table of Contents

Terms applicable to Grants of Restricted Stock, Restricted Stock Units, Performance Shares, Performance Share Units and Other Stock-Based or Cash-Based Awards

The Compensation Committee will determine the terms and conditions applicable to the granting of restricted stock, restricted stock units, performance shares, performance units and other stock-based or cash-based awards (including the grant of unrestricted shares). The Compensation Committee may make the grant, issuance, retention and/or vesting of restricted stock, restricted stock units, performance shares, performance units and other stock-based or cash-based awards contingent upon continued employment with the Company, the passage of time, or such performance criteria and the level of achievement as it deems appropriate.

Eligibility under Section 162(m)

Awards may include performance criteria that satisfy Section 162(m) of the Internal Revenue Code. To the extent that awards are intended to qualify as “performance-based compensation” under Section 162(m), the performance criteria may include any one or more of the measures listed below to measure the performance of any participant, the Company or any of its subsidiaries or affiliates, or any of their respective business units, either individually or in any combination, and measured either annually or cumulatively over a period of time, on an absolute basis or relative to a pre-established target, the previous years’ results or a designated comparison group, in each case as specified by the Compensation Committee in the award:

- (a) Net earnings or net income (before or after taxes);
- (b) Earnings per share (basic or diluted);
- (c) Net sales or revenue growth;
- (d) Net operating profit;
- (e) Return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue);
- (f) Cash flow (including, but not limited to, throughput, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment);
- (g) Earnings before or after taxes, interest, depreciation, and/or amortization;
- (h) Earnings before taxes;
- (i) Gross or operating margins;
- (j) Corporate value measures;
- (k) Capital expenditures;
- (l) Unit volumes;
- (m) Productivity ratios;
- (n) Share price (including, but not limited to, growth measures and total shareholder return);
- (o) Cost or expense;
- (p) Margins (including, but not limited to, debt or profit);
- (q) Operating efficiency;

Table of Contents

- (r) Working capital targets or any element thereof;
- (s) Expense targets;
- (t) Economic value added or EVA® (net operating profit after tax minus the sum of capital multiplied by the cost of capital);
 - Strategic milestones (including, but not limited to, debt reduction, improvement of cost of debt, equity or capital, completion of projects, achievement of synergies or integration objectives, or improvements to credit rating,
- (u) inventory turnover, weighted average cost of capital, implementation of significant new processes, productivity or production, product quality, and any combination of the foregoing);
- (v) Strategic sustainability metrics (including, but not limited to, corporate governance, consumer advocacy, enterprise risk management, employee development, and portfolio restructuring); and
- (w) Gross, operating, stockholder equity, or net worth.

Notwithstanding the satisfaction of any performance criteria described above, to the extent specified at the time of the grant of an award, the number of shares of Common Stock, stock options or other benefits granted, issued, and/or retainable under an award on account of the satisfaction of performance criteria may be reduced by the Compensation Committee on the basis of such further considerations as the Compensation Committee in its sole discretion determines.

Cash-Based Awards

The Compensation Committee, at any time and from time to time, may grant cash-based awards to participants in such amounts and upon such terms as the Compensation Committee may determine. The Compensation Committee may establish performance goals in its discretion in connection with the grant of any cash-based awards.

Transferability

Except as otherwise provided in the Plan, awards granted under the Plan may not be sold, pledged, assigned, hypothecated, transferred or disposed of except by will or the laws of descent and distribution. No award may be made subject to execution, attachment or other similar process.

Administration

The Compensation Committee will administer the Plan. The Compensation Committee will select the persons who receive awards, determine the number of shares covered thereby, and, subject to the terms and limitations expressly set forth in the Plan, establish the terms, conditions and other provisions of the grants. The Compensation Committee may construe and interpret the Plan and prescribe, amend and rescind any rules and regulations relating to the Plan. The Compensation Committee may delegate to a committee of one or more directors or other persons the ability to grant awards to plan participants. In addition, the Compensation Committee may authorize one or more officers of the Company to do one or both of the following: (a) designate employees to be recipients of awards and (b) determine the size of any such awards; provided, however, (i) the Compensation Committee shall not delegate such responsibilities to any such officer for awards granted to an employee who is considered an insider (as defined in the Plan); (ii) the resolution providing such authorization sets forth the total number of awards such officer(s) may grant; and (iii) the officer(s) shall report periodically to the Compensation Committee regarding the nature and scope of the awards granted pursuant to the authority delegated.

Table of Contents

Amendments

The Company's Board of Directors may alter, amend, modify, suspend, or terminate the Plan and any related award agreement in whole or in part; provided, however, that (i) no options or SARs issued under the Plan will be re-priced, repurchased (including a cash buyout), replaced, or re-granted through cancellation, or by lowering the option price of a previously granted option or the grant price of a previously granted SAR; (ii) any amendment of the Plan must comply with the rules of the New York Stock Exchange; and (iii) no material amendment of the Plan shall be made without stockholder approval if stockholder approval is required by law, regulation, or stock exchange rule.

Adjustments

In the event of a stock dividend, recapitalization, stock split, reverse stock split, subdivision, combination, reclassification or similar change of the Company's capital structure, the Compensation Committee may approve, in its discretion, an adjustment of the number and kind of shares available for grant under the Plan, and subject to the various limitations set forth in the Plan, the number of shares subject to outstanding awards under the Plan, and the exercise price of outstanding stock options and of other awards.

In the event of a merger or asset sale any or all outstanding awards may be assumed or an equivalent award substituted by a successor corporation. In the event the successor corporation refuses to assume or substitute the awards outstanding under the Plan, the outstanding awards shall vest and become exercisable as to 100% of the shares subject thereto.

Change of Control

The Plan provides that in the event of a change in control of the Company, any of the following may occur, in accordance with the applicable award agreement: (i) replacement awards of equal value to the award being replaced shall be provided to participants; (ii) outstanding options and SARs will become exercisable, outstanding awards of restricted stock and restricted stock units will become transferable and nonforfeitable, and each performance unit and performance share will be earned and converted into cash, Common Stock, or a combination of cash and Common Stock; or (iii) all outstanding awards will be cancelled and terminated and a payment of cash made or shares of stock delivered to participants, equal in value to the cancelled award.

Table of Contents

U.S. Tax Consequences

The following is a general summary as of the date of this Proxy Statement of the United States federal income tax consequences to the Company and participants in the Plan. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or her individual circumstances. Each participant is encouraged to seek the advice of a qualified tax advisor regarding the tax consequences of participation in the plan.

Non-Qualified Stock Options

A participant will realize no taxable income at the time a non-qualified stock option is granted under the plan, but generally at the time such non-qualified stock option is exercised, the participant will realize ordinary income in an amount equal to the excess of the fair market value of the shares on the date of exercise over the stock option exercise price. Upon a disposition of such shares, the difference between the amount received and the fair market value on the date of exercise will generally be treated as a long-term or short-term capital gain or loss, depending on the holding period of the shares. The Company will generally be entitled to a deduction for federal income tax purposes at the same time and in the same amount as the participant is considered to have realized ordinary income in connection with the exercise of the non-qualified stock option.

Incentive Stock Options

A participant will realize no taxable income, and the Company will not be entitled to any related deduction, at the time any incentive stock option is granted. If certain employment and holding period conditions are satisfied, then no taxable income will result upon the exercise of such option and the Company will not be entitled to any deduction in connection with the exercise of such stock option. Upon disposition of the shares after expiration of the statutory holding periods, any gain realized by a participant will be taxed as long-term capital gain and any loss sustained will be long-term capital loss, and the Company will not be entitled to a deduction in respect to such disposition. While no ordinary taxable income is recognized at exercise (unless there is a “disqualifying disposition,” see below), the excess of the fair market value of the shares over the stock option exercise price is a preference item that is recognized for alternative minimum tax purposes.

Except in the event of death, if shares acquired by a participant upon the exercise of an incentive stock option are disposed of by such participant before the expiration of the statutory holding periods (i.e., a “disqualifying disposition”), such participant will be considered to have realized as compensation taxed as ordinary income in the year of such disposition an amount, not exceeding the gain realized on such disposition, equal to the difference between the stock option price and the fair market value of such shares on the date of exercise of such stock option. Generally, any gain realized on the disposition in excess of the amount treated as compensation or any loss realized on the disposition will constitute capital gain or loss, respectively. If a participant makes a “disqualifying disposition,” generally in the fiscal year of such “disqualifying disposition” the Company will be allowed a deduction for federal income tax purposes in an amount equal to the compensation realized by such participant. If a participant disposes of shares subject to an incentive stock option before two years after the option was granted, or before one year after the ISO was exercised, this is a disqualifying disposition.

Table of Contents

Stock Appreciation Rights

A grant of a stock appreciation right (which can be settled in cash or the Company Common Stock) has no federal income tax consequences at the time of grant. Upon the exercise of stock appreciation rights, the value received is generally taxable to the participant as ordinary income, and the Company generally will be entitled to a corresponding tax deduction.

Restricted Stock

A participant receiving restricted stock may be taxed in one of two ways: the participant (i) pays tax when the restrictions lapse (i.e., they become vested) or (ii) makes a special election to pay tax in the year the grant is made. At either time the value of the award for tax purposes is the excess of the fair market value of the shares at that time over the amount (if any) paid for the shares. The Company receives a tax deduction at the same time and for the same amount taxable to the participant. If a participant elects to be taxed at grant, then, when the restrictions lapse, there will be no further tax consequences attributable to the awarded stock until the participant disposes of the stock.

Restricted Stock Units

In general, no taxable income is realized upon the grant of a restricted stock unit award. The participant will generally include in ordinary income the fair market value of the restricted stock units at the time they vest. The Company generally will be entitled to a tax deduction at the time and in the amount that the participant recognizes ordinary income.

Performance Shares

The participant will not realize income when a performance share is granted, but will realize ordinary income when shares are transferred to him or her. The amount of such income will be equal to the fair market value of such transferred shares on the date of transfer. The Company will be entitled to a deduction for federal income tax purposes at the same time and in the same amount as the participant is considered to have realized ordinary income as a result of the transfer of shares.

Section 162(m) Limit

The Plan is intended to enable the Company to provide certain forms of performance-based compensation to executive officers that will meet the requirements for tax deductibility under Section 162(m) of the Internal Revenue Code. Section 162(m) provides that, subject to certain exceptions, the Company may not deduct compensation paid to any one of certain executive officers in excess of \$1 million in any one year. Section 162(m) excludes certain performance-based compensation from the \$1 million limitation.

Table of Contents

Cash-Based Awards and Other Stock-Based Awards

The participant will recognize, as a general rule, ordinary income at the time of payment of cash or delivery of actual shares of Common Stock. Future appreciation on shares of Common Stock held beyond the ordinary income recognition event will be taxable at capital gains rates when the shares of Common Stock are sold. The Company, as a general rule, will be entitled to a tax deduction that corresponds in time and amount to the ordinary income recognized by the participant, and the Company will not be entitled to any tax deduction in respect of capital gain income recognized by the participant.

Proposal No. 3

Ratification of the Appointment of KPMG LLP

Our Board of Directors recommends you vote “FOR” the ratification of KPMG as the Company’s independent registered public accounting firm.

The Audit Committee of our Board of Directors plans to appoint KPMG LLP (“KPMG”) as the Company’s independent registered public accounting firm to audit the Company’s consolidated financial statements for the 2016 fiscal year. Although the Company is not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so and is asking stockholders to ratify the appointment of KPMG. If the appointment is not ratified, the Audit Committee will investigate the reasons for stockholder rejection and will reconsider the appointment. Representatives of KPMG are expected to attend the Annual Meeting where they will be available to respond to questions and, if they desire, to make a statement.

Audit and Non-Audit Fees

The following table presents fees for professional services rendered by KPMG in the fiscal years ended December 31, 2015 and 2014.

	2015	2014
Audit fees	\$1,367,750	\$1,433,000
Audit-related fees ⁽¹⁾	61,240	59,800
Tax fees ⁽²⁾	289,080	326,150
All other fees		
Total	\$1,718,070	\$1,818,950

(1) Audit-related fees consist principally of audits of financial statements of certain employee benefit plans.

(2) Tax fees consist primarily of U.S. and international tax compliance and planning.

Table of Contents

In accordance with its charter, the Audit Committee approves the compensation and terms of engagement of the Company's independent auditors, including the pre-approval of all audit and non-audit service fees. All of the fees paid to the Company's independent auditors described above were for services pre-approved by the Audit Committee.

Proposal No. 4

Advisory Vote on the Compensation

of Our Named Executive Officers

Our Board of Directors recommends you vote "FOR" the approval of the non-binding, advisory resolution approving the compensation of our named executive officers.

SEC rules adopted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enable our stockholders to vote, on an advisory (non-binding) basis, at the Annual Meeting to approve the compensation of our named executive officers, as disclosed in this Proxy Statement (referred to as a "say-on-pay" vote). The say-on-pay vote is an advisory vote only, and it is not binding on the Company or the Board of Directors. Although the say-on-pay vote is non-binding, the Board values the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions as it deems appropriate.

As described more fully in the "Compensation Discussion and Analysis" section, beginning on page 34 of this Proxy Statement, our executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive the Company's strategic direction and achieve annual and long-term performance goals necessary to create stockholder value, while striving to avoid the use of highly leveraged incentives that may encourage overly risky short-term behavior on the part of executives. We believe that our executive compensation program is reasonable and competitive and focused on pay for performance principles.

Our Compensation and Management Development Committee establishes, recommends and governs all of the compensation and benefits policies and actions for the Company's named executive officers. We utilize a combination of base pay, annual incentives and long-term incentives. While we have generally targeted base pay to be in the median to 75% range, and each other component of executive compensation to be at or near the median range of similar-type compensation for our peer group, actual compensation of our named executive officers varies depending upon the achievement of pre-established performance goals, both corporate and individual. The annual incentive award is based both on company-wide operating financial performance (our EVA or economic value added bonus) as well as individual performance goals (our MBO or management by objective bonus), and it is limited to an annual award of 200% of the target opportunity. Through stock ownership requirements and equity incentives, we also align the interests of our executives with those of our stockholders and the Company's long-term interests. Our executive compensation policies have enabled us to attract and retain talented and experienced executives and have benefited the Company over time. We believe that the fiscal year 2015 compensation of each of our named executive officers was reasonable and appropriate and aligned with the Company's fiscal year 2015 results and achievement of the objectives of our executive compensation program.

Table of Contents

The Company also has several governance policies in place to align executive compensation with stockholder interests and mitigate risks in its plans. These programs include stock ownership guidelines, limited perquisites, use of tally sheets, and a claw back policy.

For the reasons discussed above, the Board of Directors unanimously recommends that stockholders vote in favor of the following non-binding resolution:

“RESOLVED, that the stockholders hereby APPROVE, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K and the other compensation disclosure rules of the Securities and Exchange Commission in the Company’s Proxy Statement for the 2016 Annual Meeting of Stockholders (which disclosure includes the Compensation Discussion and Analysis, the Summary Compensation Table for 2015 and other related tables and accompanying narrative).”

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who beneficially own more than ten percent of a registered class of the Company's Common Stock, to file initial reports of ownership and reports of changes in ownership of the Common Stock of the Company with the Securities and Exchange Commission and the New York Stock Exchange. Officers, directors, and greater than ten percent stockholders are required by regulation of the Securities and Exchange Commission to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely upon a review of the copies of such reports furnished to the Company and written representations from our directors and executive officers that no other reports were required during the fiscal year ended December 31, 2015, the Company believes that all Section 16(a) reports required to have been filed by the Company's directors and executive officers during 2015 were timely filed, except that Peter J. Sills and Arthur S. Sills, retired directors of the Company, did not timely report one transaction on December 9, 2015, for the sale of shares owned directly by the Sills Family Foundation, and indirectly by Peter J. Sills and Arthur S. Sills.

Audit Committee

The Audit Committee is responsible for: (1) recommending to the Board of Directors the engagement of the independent auditors of the Company; (2) reviewing with the independent auditors the scope and results of the Company's audits; (3) pre-approving the professional services furnished by the independent auditors to the Company; (4) reviewing the independent auditors' management letter with comments on the Company's internal accounting control; and (5) reviewing management policies relating to risk assessment and risk management. The Audit Committee held four meetings in 2015.

The Board of Directors has determined that each Audit Committee member is financially literate and independent. In addition, the Board has determined that at least one member of the Audit Committee meets the New York Stock Exchange standard of having accounting or related financial management expertise. The Board has also determined that William H. Turner (the Audit Committee's Chairman), Pamela Forbes Lieberman and Roger M. Widmann meet the Securities and Exchange Commission's criteria for an "audit committee financial expert."

Compensation and Management Development Committee

The Compensation and Management Development Committee's functions are to: (1) approve the compensation packages of the Company's executive officers; (2) administer the Company's equity incentive plans and other benefit plans; (3) review the Company's overall compensation policies and practices, including compensation-related risk assessments; (4) review the performance, training and development of Company management in achieving corporate goals and objectives; and (5) oversee the Company's management succession planning. The Compensation and Management Development Committee held two meetings in 2015.

The Compensation and Management Development Committee has the exclusive authority and responsibility to determine all aspects of executive compensation packages. The Committee may, at its discretion, solicit the input of our executive officers (including our Chief Executive Officer) or any independent consultant or advisor in satisfying its responsibilities. The Committee may also, at its discretion, form and delegate authority to subcommittees, or it may delegate authority to one or more designated members of the Board or to our executive officers.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's functions are to assist the Board in discharging and performing the duties and responsibilities of the Board with respect to corporate governance, including:

- the identification and recommendation to the Board of individuals qualified to become or continue as directors;
- the continuous improvement in corporate governance policies and practices;

Table of Contents

- the annual self-assessment of the performance of the Board and each Committee of the Board;
- the recommendation of members for each committee of the Board; and
- the compensation arrangements for members of the Board.

The Nominating and Corporate Governance Committee held three meetings in 2015. The Nominating and Corporate Governance Committee has the exclusive authority and responsibility to determine all aspects of director compensation. The Committee may solicit, in its discretion, the input of an independent consultant or advisor in satisfying its responsibilities.

Qualifications for consideration as a director nominee vary according to the particular areas of expertise being sought as a complement to the existing board composition. However, in making nominations, the Nominating and Corporate Governance Committee seeks candidates who possess: (1) the highest level of integrity and ethical character; (2) a strong personal and professional reputation; (3) sound judgment; (4) financial literacy; (5) independence; (6) significant experience and proven superior performance in professional endeavors; (7) an appreciation for Board and team performance; (8) the commitment to devote the time necessary for Board activities; (9) skills in areas that will benefit the Board; and (10) the ability to make a long-term commitment to serve on the Board.

In recommending candidates for election to the Board, the Nominating and Corporate Governance Committee considers nominees recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. The Committee does not assign specific weights to particular criteria, and no particular criterion is necessarily applicable to all prospective nominees. The Committee reviews each candidate's qualifications, taking into account diversity in professional experience, skills and background, as well as racial and gender diversity, to determine whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Committee recommends the candidate for consideration by the Board. The Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Stockholders may propose director candidates for consideration by the Nominating and Corporate Governance Committee. For stockholder candidates to be considered, written notice of such stockholder recommendation (a) must be provided to the Secretary of the Company not less than 45 days nor more than 75 days prior to the first anniversary of the record date for the preceding year's annual meeting, and (b) must contain the name of any recommended candidate for director, together with a brief biographical sketch, a document indicating the candidate's willingness to serve, if elected, and evidence of the nominating person's ownership of Company stock. Both stockholder-proposed candidates and other candidates identified and evaluated by the Nominating and Corporate Governance Committee must comply with the above procedure and meet the qualifications for directors, as outlined in the charter of the Committee and the By-laws of the Company. To recommend a prospective nominee for the Nominating and Corporate Governance Committee's consideration, a stockholder must submit the candidate's name and qualifications to Carmine J. Broccole, Secretary of the Company, at 37-18 Northern Blvd., Long Island City, NY 11101.

Strategic Planning Committee

The Strategic Planning Committee's functions are to assist the Board in discharging and performing its oversight role regarding the Company's long-term strategic planning and to give guidance to management in creating the Company's long-term strategic plans. The Committee held three meetings in 2015.

In fulfilling its role, the Committee shall, among other things, (1) assist in the development, adoption, and modification of the Company's current and future strategy; (2) review and assess external developments and other factors affecting the automotive aftermarket and their impact on the Company's strategy; (3) review and assess the Company's core competencies with regard to expanding their implementation in attractive markets beyond the automobile aftermarket; and (4) review and advise the Board and management on corporate development and growth initiatives, including acquisitions, joint ventures and strategic alliances.

Board Leadership Structure

The business of the Company is managed under the direction of the Board of Directors of the Company in the interest of the stockholders. The Board delegates its authority to senior management for managing the everyday affairs of the Company. The Board requires that senior management review major actions and initiatives with the Board prior to implementation.

Prior to March 2016, Lawrence I. Sills served in the combined roles of Chairman of the Board and Chief Executive Officer. We believed that Mr. Sills' was uniquely qualified through his experience and expertise to serve as both Chairman of the Board and Chief Executive Officer, and that the combined roles provided a clarity of leadership that was in the best interest of our Company and its stockholders.

At the time that Eric P. Sills was promoted to our Chief Executive Officer in March 2016, we re-evaluated our board leadership structure. We determined that separating the roles of Executive Chairman of the Board and Chief Executive Officer, and having Lawrence I. Sills continue his service as our Executive Chairman, would be in the best interest of the Company and its stockholders. As our Executive Chairman, Lawrence I. Sills will continue to provide leadership to the Board, lead discussions of strategic issues for the Company, and work with the Board to define its structure and activities in fulfillment of its responsibilities. As our Chief Executive Officer and President, Eric P. Sills will focus on the day-to-day operations of our business and the implementation of our business strategy to achieve our annual and long-term strategic, financial, organizational and management goals.

Table of Contents

In addition, we believe that the use of a Presiding Independent Director (currently William H. Turner) will continue to be an important aspect of our board leadership structure as it provides independent oversight of management. The Presiding Independent Director approves Board agendas and meeting schedules to assure that there is sufficient time for discussion of all agenda items, as well as the quality, quantity and timeliness of information sent to the Board. The Presiding Independent Director also serves as the principal liaison between the Executive Chairman and the independent directors and presides at all meetings of the Board at which the Executive Chairman is not present, including executive sessions of the independent directors. The Presiding Independent Director has the authority to call meetings of the independent directors and retain outside counsel and other advisors to the extent necessary in the conduct of his duties and responsibilities. The Presiding Independent Director is expected to foster a cohesive Board that cooperates with the Executive Chairman and Chief Executive Officer towards the ultimate goal of creating stockholder value. The Presiding Independent Director is nominated by the Nominating and Corporate Governance Committee and approved by the independent directors of the Board every year, but a director may serve for one or more terms as Presiding Independent Director at the discretion of the Nominating and Corporate Governance Committee. A copy of the charter of the Presiding Independent Director can be viewed at www.smpcorp.com under "Investor Relations Governance Documents."

The Board's Role in Risk Oversight

Our Board oversees an enterprise-wide approach to risk management. The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company. In addition, the Board (or the appropriate Committee in the case of risks that are under the purview of a particular Committee) receives these reports to enable it to understand our risk identification, risk management and risk mitigation strategies as well as to consider what level of risk is appropriate for the Company.

The involvement of the Board in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company. As part of its risk oversight function, the Board reviews risk throughout the business, focusing on financial risk, legal/compliance risk and operational/strategic risk.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors. In addition to setting compensation, the Compensation and Management Development Committee strives to create incentives that encourage a level of risk-taking behavior that is consistent with the Company's business strategy.

Communications to the Board

Stockholders and other interested parties may communicate with the Board or individual directors, including the Presiding Independent Director, pursuant to the procedures established by the Nominating and Corporate Governance Committee from time to time. Correspondence intended for the Board or an individual director should be sent to the attention of the Secretary of the Company at 37-18 Northern Blvd., Long Island City, NY 11101, who will forward it to the members of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will have the discretion to distribute only such correspondence to the Board or individual members of the Board that the Committee determines in good faith has a valid business purpose or is otherwise appropriate for the Board or individual member thereof to receive.

Corporate Code of Ethics

The Board of Directors of the Company has adopted a Corporate Code of Ethics to: (1) promote honest and ethical conduct, including fair dealing and the ethical handling of actual or apparent conflicts of interest; (2) promote full, fair, accurate, timely and understandable disclosure; (3) promote compliance with applicable laws and governmental rules and regulations; (4) ensure the protection of the Company's legitimate business interests, including business opportunities, assets and confidential information; and (5) deter wrongdoing. Our Corporate Code of Ethics is available at www.smpcorp.com under "Investor Relations Governance Documents."

Director Independence

The Board has affirmatively determined that each member of the Board and Committees of the Board, other than Lawrence I. Sills, Eric P. Sills and John P. Gethin, is independent. The Board made such determination based upon the definitions and criteria established by the New York Stock Exchange and the Securities and Exchange Commission for independent board members. In that regard, the Board considered whether any director has, or has had in the most recent three years, any material relationships with the Company, including any affiliation with our independent auditors. In assessing independence, the Board considers all relevant facts and circumstances. In particular, when assessing the materiality of a director's relationship with the Company, the Board considers the issue not just from the standpoint of the director, but also from that of the persons or organizations with which the director has an affiliation or family relationship.

Table of Contents

In 2015, William H. Turner received additional annual retainers of \$20,000 and \$10,000 for his services as our Presiding Independent Director and Chairman of the Audit Committee, respectively. Pamela Forbes Lieberman and Frederick D. Sturdivant (Co-Chairpersons of the Strategic Planning Committee), Richard S. Ward (Chairman of the Nominating and Corporate Governance Committee), and Roger M. Widmann (Chairman of the Compensation and Management Development Committee) each received an additional annual retainer of \$10,000 for their services as Chairperson or Co-Chairperson of their respective Committee. In addition, Pamela Forbes Lieberman, Arthur S. Sills, Peter J. Sills, Frederick D. Sturdivant and Roger M. Widmann were covered under the Company's medical, dental or vision plans.

Lawrence I. Sills, serving as our Chief Executive Officer during fiscal year 2015, received no payment for the fulfillment of his directorial responsibilities (see the Summary Compensation Table for disclosure regarding Lawrence Sills' executive officer compensation).

In 2015, the Nominating and Corporate Governance Committee engaged the consulting firm, Chernoff Diamond & Co., LLC, to conduct a study of director compensation utilizing comparable peer groups to benchmark the Company's director compensation program. Based on the results of this study and other available information, the Committee determined that our director compensation program, as described above, is reasonable and appropriate, and recommended to the Board that it continue without modification. Prior to the engagement, the Committee considered factors that could affect the independence of Chernoff Diamond & Co., LLC, including any business or personal relationships between the consultant and the members of the Committee, and the fact that the consultant provides no services to the Company other than that which it provides under its engagement with the Committee. Based on this review, the Committee determined that the engagement would not create any conflicts of interest.

Policy on Poison Pills

The Company does not have a poison pill and is not presently considering the adoption of such a device. If the Company were ever to adopt a stockholder rights agreement, the Company would seek prior stockholder approval, unless due to time constraints or other reasons, the Board, in the exercise of its fiduciary responsibilities, determines that it would be in the best interests of stockholders to adopt a stockholder rights agreement before obtaining stockholder approval. If the Board were ever to adopt a stockholder rights agreement without prior stockholder approval, the Board would submit such agreement to stockholders for ratification within one year.

Compensation Committee Interlocks and Insider Participation

All members of the Compensation and Management Development Committee during 2015 were independent directors, and none of them were employees or former employees of the Company. During 2015, no executive officer of the Company served on the compensation committee (or equivalent) or the board of directors of another entity whose executive officers served on the Company's Compensation and Management Development Committee or Board of Directors.

Broccole, Senior Vice President General Counsel and Secretary.

In this section of our Proxy Statement, we also discuss: (a) our financial and business performance for fiscal year 2015 and its impact on our decisions relating to executive compensation; (b) the primary responsibilities of our Compensation and Management Development Committee (referred to as our “Compensation Committee”); (c) our executive compensation philosophy and the overall objectives of our executive compensation program; (d) the process followed by our Compensation Committee in arriving at specific compensation policies and decisions; (e) the various components of our compensation package and the reasons that we provide each component; (f) the factors considered by our Compensation Committee in arriving at its compensation decisions for 2015; and (g) some additional compensation-related topics.

The Compensation Committee is comprised exclusively of independent directors. In performing its duties, the Compensation Committee may, in its discretion, solicit the input of any of our executive officers (including our Chief Executive Officer), any of our other employees, or any independent consultant or advisor.

Summary of 2015 Financial and Business Performance

Our net sales for 2015 were \$972 million, compared to \$980.4 million in 2014; our gross margins, as a percentage of consolidated net sales, were 28.9% and 29.5% in each of 2015 and 2014; and our net earnings for 2015 were \$46 million, compared to \$43 million in 2014. Our financial results in 2015 and 2014 were impacted by several one-time items that were non-operational in nature. The Compensation Committee considered these factors in determining the total compensation paid to our named executive officers in 2015, as compared to 2014.

2015 Executive Compensation Actions

Our Compensation Committee took into account a number of factors in determining executive compensation for 2015, including our financial and business results, individual performance and competitive data. In light of these considerations, the Compensation Committee made the following executive compensation decisions in fiscal year 2015:

Established fiscal year 2015 management performance, or management by objective (“MBO”), goals under our annual cash incentive bonus plan, including the following growth strategies: (a) strategic acquisitions to generate new business in targeted markets, and (b) enhancing sales efforts to generate new business in the aftermarket, OE/OES and export markets.

Awarded base salary pay increases to our named executive officers that reflected the individual performance and, in some cases, increased responsibilities of our executives.

Approved annual cash incentive awards in the amount of 123% of target levels, reflecting the achievement of management performance, or MBO, goals.

Granted annual awards of restricted stock and performance shares to our named executive officers that were consistent with our compensation philosophy and the Compensation Committee’s assessment of individual performance and expected future contributions.

Granted long-term restricted stock to certain of our named executive officers as a long-term retention tool.

We believe that our executive compensation program is reasonable, competitive and focused on pay for performance principles. We emphasize compensation opportunities that reward our executives when they successfully achieve strategic objectives. The compensation of our named executive officers varies depending upon the achievement of pre-established performance goals, both individual and corporate. Through stock ownership requirements and equity incentives, we also align the interests of our executives with those of our stockholders and the long-term interests of the Company. We have not engaged in any of the most frequently criticized pay practices such as re-pricing of stock options or SARs without stockholder approval, excessive perquisites or tax gross-ups, or agreements with change-in-control provisions unreasonably favorable to our executives. Our executive compensation policies have enabled the Company to attract and retain talented and experienced executives and have benefited the Company over time. We believe that the compensation earned by each of our named executive officers in 2015 was reasonable and appropriate and aligned with the Company’s financial results and achievement of the objectives of our executive compensation program.

Say-on-Pay Vote

In compliance with the Dodd-Frank Act, we included a non-binding, advisory stockholder vote in our 2015 Proxy Statement to approve the compensation paid to our named executive officers in 2014 (referred to as a “say-on-pay” vote).

Our say-on-pay proposal was approved by approximately 98% of the votes cast at our 2015 annual meeting of stockholders. The Compensation Committee views this result as confirmation that our compensation program, including our emphasis on pay-for-performance, is structured and designed in alignment with shareholder interests. We will continue to emphasize pay-for-performance alignment, and our compensation program for the named executive officers reflects this philosophy.

Because our stockholders expressed a preference for an annual say-on-pay vote, our stockholders have the opportunity at our 2016 Annual Meeting to vote on a non-binding, advisory basis, to approve the compensation paid to our named executive officers in 2015.

Primary Responsibilities of our Compensation Committee

Our Compensation Committee is responsible for, among other things:

- reviewing the overall goals, policies, objectives and structure of our executive compensation and benefit programs and assessing whether any of the components thereof may present unreasonable risks to the Company;
- approving the compensation packages of the Company’s Chief Executive Officer and our other executive officers; and
- administering our equity incentive plans.

Compensation Philosophy and Primary Objectives

Philosophy. The Compensation Committee is responsible for establishing and reviewing the overall compensation philosophy of the Company. The Compensation Committee believes that the compensation paid to executives should be structured to provide our executives with meaningful rewards, while maintaining alignment with stockholder interests, corporate values and management’s strategic initiatives.

In accordance with this philosophy, the Compensation Committee believes that the executive compensation program should consist of a mix of base salary, annual cash incentive compensation, long-term incentive compensation (that may include cash or equity components, in the Compensation Committee’s discretion), perquisites and other benefits.

The Compensation Committee uses its judgment and discretion in establishing compensation and strives to avoid the use of highly leveraged incentives that may drive overly risky short-term behavior on the part of executives. Our equity programs, combined with our executive share ownership requirements, reward long-term stock performance. In particular, our contingent performance share awards, which vest only at the end of a three-year performance period, reward longer-term financial and operating performance.

Table of Contents

Objectives. The Compensation Committee generally considers the following objectives in establishing compensation programs and setting pay levels:

· providing the Company with the ability to attract, motivate and retain exceptional talent whose abilities and leadership skills are critical to the Company's long-term success;

· maintaining a significant portion of each executive's total compensation at risk, tied to achievement of annual and long-term strategic, financial, organizational and management performance goals, that are intended to improve stockholder return;

· providing variable compensation incentives directly linked to the performance of the Company and improvement in stockholder return so that executives manage from the perspective of owners with an equity stake in the Company;

· ensuring that our executives hold Company Common Stock to align their interests with the interests of our stockholders; and

· ensuring that compensation and benefit programs are both fair and competitive in consideration of each executive's level of responsibility and contribution to the Company and reflect the size and financial resources of the Company in order to maintain long-term viability.

Compensation Process

How We Set Compensation. On an annual basis, the Compensation Committee reviews and approves the compensation of our named executive officers, including the amounts of salary, cash incentive awards and equity-based compensation provided to each executive. In determining total executive compensation packages, the Compensation Committee generally considers various measures of Company and industry performance including revenue, operating income, gross margin and total stockholder return. The Compensation Committee does not assign these performance measures relative weights. The Compensation Committee considers these performance measures as good indicators of Company performance and exercises its business judgment in determining compensation after considering all of these measures, collectively, as well as taking into account the market data and peer group information discussed below.

The Compensation Committee also evaluates the total compensation of each executive, and each element of compensation separately, to ensure that it will be effective in motivating, retaining and incentivizing the executive. The Compensation Committee's evaluation takes into consideration, among other factors, each executive's individual performance, both in general and against specific goals and targets established for the executive, and the desire to maintain internal pay equity and consistency among our executives.

Table of Contents

Our named executive officers generally participate in the same executive compensation plans and arrangements available to our other executive officers; however, the contingent annual cash incentive awards and performance share awards utilize targets that are based upon the Company's achievement of short-term and long-term strategic goals.

The Compensation Committee divides executive officers into three separate categories for the purposes of establishing the levels of cash and equity incentive awards. Each category consists of one or more officers who are grouped together for incentive compensation purposes and receive the same target incentive awards. For example, with respect to our annual restricted stock awards in 2015, our former Chief Executive Officer was in the first category; our former Chief Operating Officer and Chief Financial Officer were in the second category; and our other executives were in the third category. One purpose of the categories is to equalize incentive opportunities for individuals with similar levels of responsibility. This practice is intended to improve internal pay equity among our executives. Considerations of internal pay equity among executives are also factored into the Compensation Committee's consideration of the market data and peer group information discussed below with respect to base salary and target bonus compensation.

Benchmarking. In establishing total compensation for our executives, the Compensation Committee generally targets the median of the market, which it considers to be equivalent to the domestic market for executive talent within US industrial companies with gross revenues in the approximate range of \$500 million to \$1 billion. Our Vice President Human Resources conducts periodic benchmark reviews within the above-referenced market of the aggregate level of executive compensation, as well as the mix of elements used to compensate executive officers at such companies, and provides this market data to the Compensation Committee for its consideration. The Compensation Committee believes that compensation targeted at the median of the market reflects consideration of our stockholders' interests in paying what is necessary, but not significantly more than necessary, to achieve our corporate goals.

In addition, the Compensation Committee also reviews the practices of specific peer group companies to compare the Company's compensation programs with other manufacturing companies of comparable size and stature. Our Chief Executive Officer and other members of management provide input on the selection of the peer group companies, and the Compensation Committee makes the final determination of which companies to include. Executive compensation information for the market data and peer group companies is compiled by management from proxy statements and other public filings, as well as surveys and other databases to which we subscribe, such as those from Aon Hewitt and ADP. The Compensation Committee may, from time to time, engage an independent consultant to establish comparable peer groups to benchmark the Company's executive compensation program. However, the Compensation Committee did not engage an independent consultant to review executive compensation in 2015.

Our Compensation Committee believes that benchmarking is a useful tool because it is a reflection of the market in which we compete for talent and provides credibility for our compensation programs with both our employees and our stockholders. The Compensation Committee also reviews this information for context and a frame of reference for decision-making; but it is not the sole source of information on which executive compensation is determined. Other factors such as internal equity, individual and business performance, and the perceived degree of alignment between the job duties of our executive with the benchmark job description to which his or her compensation is being compared are also considered.

Table of Contents

Role of Management. The Compensation Committee seeks and considers input from senior management in many of its decisions. Annually, our Chief Executive Officer and our Vice President Human Resources review with the Compensation Committee annual salary, annual incentive plan targets and long-term incentive compensation for each of our executives (excluding the CEO). In addition, following the end of each fiscal year, our Chief Executive Officer evaluates each executive officer's performance for the prior fiscal year (other than his own performance) and discusses the results of his evaluations with the Compensation Committee. Other members of the Office of Chief Executive also assist in the evaluations for those officers reporting to them. In addition to considering an individual's attainment of the business goals and objectives established for him or her by the Compensation Committee for the prior year, the Chief Executive Officer's evaluation of each executive officer's performance may be based in part upon subjective factors, including the Chief Executive Officer's evaluation of the contributions made by the executive officer to the Company's overall results and achievement of its strategic goals. These evaluations include consideration of the level of responsibility of each executive officer and the percentage of total Company revenue and/or expense that each individual officer is responsible for, where applicable. The Chief Executive Officer then makes specific recommendations to the Compensation Committee for adjustments of base salary and incentive plan targets as part of the compensation package for each executive officer (other than himself) for the next fiscal year.

The Compensation Committee reviews the performance of the Chief Executive Officer and determines the compensation for all executive officers for the next fiscal year, considering the recommendations from the Chief Executive Officer, as well as the benchmark and peer group information described above and any other information available to it that it considers relevant. The Compensation Committee discusses the recommendations of the Chief Executive Officer in executive session without any members of management present and may modify the Chief Executive Officer's recommendations when approving final compensation packages.

Tally Sheets. When reviewing executive compensation, the Compensation Committee has historically reviewed management-provided materials which highlight the base salary, target cash incentive award, and actual cash incentive award to each of our executive officers for prior fiscal years. The Compensation Committee uses this information to review compensation trends, to compare increases or decreases year over year, and to ensure that compensation decisions are made with a view to the total compensation package awarded to each executive officer over time. No specific weight is assigned by the Compensation Committee to the tally sheets or any specific items which may appear on such tally sheets.

Risk Management Considerations. As mentioned earlier, the Compensation Committee strives to avoid the use of highly leveraged incentives that may drive overly risky short-term behavior on the part of executives. The Compensation Committee structures our cash incentive awards and equity incentive awards as highlighted below to promote the creation of long-term value and discourage behavior that may lead to excessive risk:

Table of Contents

The Company's annual Economic Value Added ("EVA") cash incentive award (as more fully described under "Elements of Compensation – Annual Cash Incentive Awards" below) is designed to align executive compensation to continuous improvements in corporate performance and increases in stockholder value. EVA is calculated based on the year-to-year difference in net operating profit after tax, less a charge for the cost of capital. Cash incentive awards under this program are tied to EVA, such that increasing EVA year over year, which is favorable for the Company's stockholders, are also made favorable for those executives whose compensation is based on EVA. In addition, an executive's EVA cash incentive award is capped on an annual basis at 200% of the applicable target, no matter how much financial performance exceeds the range established for the award, thereby limiting the incentive for excessive risk-taking. However, any EVA cash incentive award in excess of the 200% target may be carried forward into the following year, subject to the risk of forfeiture depending upon the following year's EVA performance. In addition, since cash incentive awards tied to EVA are based on overall corporate performance, rather than individual performance, the ability of an individual executive to increase his own compensation through excessive risk taking is constrained.

EVA awards represent 70% of an executive's total potential cash incentive awards in any year. Individual performance, or management by objective bonuses ("MBO", as more fully described under "Elements of Compensation – Annual Cash Incentive Awards" below), which are based upon the achievement of individual goals and objectives, and thus are more susceptible to individual risk taking, represent only 30% of an executive's total potential cash incentive awards, thus reducing the incentive for any executive to take excessive risks.

The measures used to determine whether performance share awards vest are based on at least three years of financial performance. The Compensation Committee believes that the longer performance period encourages executives to attain sustained performance over several years, rather than performance in a single annual period.

Restricted stock awards generally vest at the end of a three year or longer period and an executive must hold any vested restricted stock for an additional two year period following vesting pursuant to the terms of our Stock Ownership Guidelines, thereby encouraging executives to look to long-term appreciation in equity values.

Elements of Compensation

Base Salary. The Compensation Committee generally reviews base salaries for executive officers at the beginning of each fiscal year. Annual salary is based upon an evaluation of each individual's performance, an executive's level of pay compared to that for similar positions at peer group companies, the responsibilities of the position, the experience of the individual, internal pay equity considerations, and Company performance. Base salaries may also be adjusted at the time of a promotion, upon a change in level of responsibilities, or when competitive circumstances may require review.

Table of Contents

We believe that our base salaries are an important element of our executive compensation program because they provide our executives with a steady income stream that is not contingent upon our overall performance or stockholder return. We believe that maintaining base salary amounts generally in the median to 75% range of our peer group minimizes competitive disadvantage, while avoiding paying amounts in excess of what we believe to be necessary to motivate executives to meet corporate goals.

Annual Cash Incentive Awards. The Compensation Committee utilizes annual cash incentive awards to reward each of our executive officers when the executive officer achieves certain individual performance objectives (or MBO goals), and when we achieve certain company-level financial objectives under our EVA program. Our annual cash incentive awards are designed to more immediately reward our executives for their performance during the most recent year. We believe that the immediacy of these cash awards, in contrast to our equity awards which vest over a three year or longer period of time, provide a significant incentive to our executives to achieve their respective individual objectives and, thus, our company-level objectives. We believe our cash awards are an important motivating factor for our executives, in addition to being a significant factor in attracting and retaining our executives.

Our cash incentive awards utilize a target that is a percentage of each executive officer's total cash compensation for the fiscal year. The target is set at levels that are approximately 26% - 44% of an executive's expected total cash compensation for the year. They are set at levels which, assuming achievement of 100% of the applicable target amount, the Compensation Committee believes are likely to result in an annual cash award at or near the median for target cash awards in the market. Actual awards may be higher or lower, however, based upon the degree of achievement of MBO and EVA goals.

MBO. At the beginning of each year, the Compensation Committee reviews and approves a detailed set of individual MBO goals for each executive (which are generally aligned with the Company's short-term and long-term strategic goals) initially prepared by management. At the beginning of the following year, the Compensation Committee determines, in its discretion, with the input of the Chief Executive Officer, the level of achievement of each MBO goal by each executive during the prior year and the percentage of the target MBO award earned by each executive. The target MBO award represents 30% of an executive's total target cash incentive award for the applicable year.

EVA. With respect to company-level financial objectives, the Company utilizes an EVA-based cash incentive award program to align closely executive compensation to continuous improvements in corporate performance and increases in stockholder value. We believe that the principles of an EVA program have a better statistical correlation with the creation of value for stockholders than a cash incentive program based on performance measures such as return on capital, return on equity, growth in earnings per share, and growth in cash flow. EVA measures the year-over-year difference in net operating profit after tax, less a charge for the cost of capital. EVA recognizes the productive use of capital assets and, therefore, wise, responsible decision-making regarding capital investments. Increasing EVA year over year will be favorable for the Company's stockholders as well as for those executives whose compensation is based on EVA. The target EVA award represents 70% of an executive's total target cash incentive award for the applicable year.

Table of Contents

Depending on the Company's financial plan for the year, the Board of Directors may modify the EVA target amounts that are used to determine whether our executive officers achieve a threshold 100% payout and a maximum 200% payout of the EVA award.

In addition, in order to promote longer-term stockholder improvement and to keep part of an executive's cash incentive award at risk, the EVA award is capped on an annual basis at 200% of the applicable target. To the extent that an executive could have received an EVA award in excess of the cap, the excess EVA amounts are carried forward into the next year's calculation of an executive's EVA award. However, any EVA award that is carried forward is subject to risk of forfeiture depending upon the following year's EVA performance.

Long-Term Equity Incentive Programs. As part of the Company's compensation program, the Compensation Committee grants equity awards to the Company's executive officers. We believe that equity awards provide our executive officers with a strong link to our long-term performance goals, create an ownership culture, and closely align the interests of our executive officers and our stockholders. In addition, the vesting feature of our equity awards is designed to aid officer retention because this feature provides an incentive to our executive officers to remain in our employ throughout the vesting period, which is typically three years or longer. In determining the size of equity awards to our executive officers in 2015, the Compensation Committee awarded different amounts to: (a) our former Chief Executive Officer, (b) our former Chief Operating Officer and Chief Financial Officer, and (c) our other executives, in recognition of their differing levels of responsibility. The specific amounts awarded were based on recommendations of management, but the Compensation Committee had discretion to award different amounts. The Compensation Committee may also consider our company-level performance, the applicable executive officer's performance, the amount of equity previously awarded to the applicable executive officer, the vesting of such prior awards, and the recommendations of management and any other advisor that the Compensation Committee may choose to consult.

Our primary form of equity compensation consists of restricted stock awards and performance share awards. We believe that these awards provide a motivating form of incentive compensation, while permitting us to issue fewer shares than stock options. Because shares of restricted stock have a defined value at the time the restricted stock awards are issued, restricted stock awards are often perceived as having more immediate value than stock options, which have a value less easily determinable when issued. In addition, we provide performance shares to our executive officers because we believe that their contributions to the Company have a direct relationship to the achievement of the Company's strategic goals.

Table of Contents

We grant our executive officers two types of restricted stock (standard awards and long-term retention awards) and performance shares generally once per year at a regularly scheduled meeting of the Board. If approved by our stockholders, our 2016 Omnibus Incentive Plan will also permit, similar to our 2006 Omnibus Incentive Plan, awards of incentive and nonqualified stock options, stock appreciation rights, restricted stock units, and other stock-based awards to our officers, directors, employees and consultants. However, our Compensation Committee currently intends to grant only restricted stock and performance shares under the 2016 Omnibus Incentive Plan.

Each standard restricted stock award issued under our 2006 Omnibus Incentive Plan is subject to a three year vesting period. Each long-term retention restricted stock award issued under our 2006 Omnibus Incentive Plan is subject to an incremental vesting period based upon the participant reaching the age of 60 (25% vests), 63 (25% vests) and 65 (balance vests). If an executive officer ceases employment before the end of any vesting period, he or she forfeits the entire unvested portion of the restricted stock award. Restricted stock awards may become immediately vested in full in the event of death, retirement at or after age 65, total disability (as determined by the Compensation Committee in its sole discretion), or upon a "change in control" of the Company. Grants of long-term retention restricted stock awards to participants over the age of 65 are subject to a one year vesting period.

We also award our executive officers performance shares in amounts comparable to the number of shares of standard restricted stock awards issued to such executives, although the actual number of performance shares ultimately issued to an executive may be higher or lower, depending upon the level of achievement of the applicable performance goals. In order for the performance shares to vest, the Company must achieve a certain level of earnings from continuing operations before taxes, excluding special items, on a cumulative basis for the three-year performance period covered by the award. A new performance period begins each January 1 and ends three years later on December 31. As a result, up to three performance periods may overlap in any given year. The level of earnings from continuing operations is tied to financial goals contained in the Company's three-year strategic plan, which is updated annually and approved by our Board. The Compensation Committee selected this performance measure because improvement in earnings from continuing operations is a key strategic focus for the Company and is believed to help the Company achieve higher margins, stronger cash flow and debt reduction.

The performance share awards are subject to a three-year vesting period. If an officer ceases to be an employee of the Company before the end of the vesting period, the entire performance share award is forfeited. The performance goals are scaled so that the recipient can receive part of an award in the event that acceptable, but not the desired, results are achieved.

It is our policy to ensure that we do not grant equity awards in connection with the release, or the withholding, of material non-public information, and that the grant value of all equity awards is equal to the fair market value on the date of grant.

SERP. The Company has established a Supplemental Executive Retirement Plan for our executive officers (and other eligible employees). The purpose of this plan is to enable the executive officers to supplement their benefits under the Company's Profit Sharing 401(K) Capital Accumulation Plan as well as to provide a means whereby certain amounts payable by the Company to our executive officers may be deferred to some future period. Eligible employees may irrevocably elect to defer receipt of a portion of their annual base salary and annual bonus payments earned in that plan year up to a maximum of 50% of their annual base salary and 100% of their annual bonus payments. In addition, the Company generally makes an annual cash contribution into the SERP on behalf of each participant.

Table of Contents

Supplemental SERP. The Company maintains an unfunded Supplemental SERP. The benefits under this plan are in addition to any benefits payable to participants under the Company's Profit Sharing 401(K) Capital Accumulation Plan and SERP. In October 2015, upon attaining 60 years of age, James J. Burke, our Executive Vice President Finance and Chief Financial Officer, received a payment of \$7,610,354 representing payment in full of his benefit under the Supplemental SERP. See the Pension Benefits for 2015 table below for additional information. The Company has no further obligations to Mr. Burke under the Supplemental SERP. As of the date of this Proxy Statement, there are no participants in the Supplemental SERP.

ESOP. Our executive officers are eligible to receive Company Common Stock pursuant to our Employee Stock Ownership Plan, which is available for all eligible employees. This stock grant plan gives our executives an opportunity to share directly in the growth of the Company through stock ownership. The Company's stock contributions for a particular calendar year are made in the first quarter of such year. Under the plan, each participant is subject to a six year vesting schedule.

Retiree Medical Benefits. The Company provides a company-funded health reimbursement account for eligible retirees when they attain the age of 65. Of the named executive officers, Lawrence I. Sills, James J. Burke and Dale Burks are eligible to receive benefits under this plan upon retirement. No employee hired after January 1, 1995 is eligible under the plan. In May 2011, the Company announced that it intended to phase out the retiree medical benefits program at the end of 2016.

Compensation Actions in 2015

After careful analysis, the Compensation Committee determined to use the following companies for peer group comparisons in setting 2015 compensation:

Altra Industrial Motion Corp.	Keystone Consolidated Industries, Inc.
American Railcar Industries, Inc.	LB Foster Co.
CIRCOR International Inc.	Park-Ohio Holdings Corp.
Dorman Products, Inc.	Spartan Motors, Inc.
Drew Industries Inc.	Superior Industries International, Inc.
Insteel Industries, Inc.	Handy & Harman Ltd.

In determining executive compensation for 2015, our Compensation Committee evaluated and made its determinations in the context of the Company's 2015 financial and business performance and the business conditions of the automotive aftermarket generally. The Compensation Committee also took into consideration each executive's performance of their respective prior year's MBO objectives and the Company's ability to continue to make changes and introduce strategic initiatives critical to positioning the Company for future long-term growth.

Table of Contents

Base Salary. Based on the foregoing, in February 2015 the Compensation Committee approved salary increases for our executives for 2015. In addition, in view of the executives contributions to the Company as well as to motivate and assist in the retention of these individuals, in February 2016 the Compensation Committee raised the salaries of the following named executive officers to the levels indicated: Lawrence I. Sills, \$400,000, Eric P. Sills, \$560,000; James J. Burke, \$555,000; Dale Burks, \$475,000; and Carmine J. Broccole, \$435,000.

Annual Cash Incentive Awards. For 2015, the Compensation Committee established, among other things, the following MBO goals for our named executive officers: (a) strategic acquisitions to generate new business in targeted markets, and (b) enhancing sales efforts to generate new business in the aftermarket, OE/OES and export markets. In February 2016, the Compensation Committee determined that the named executive officers had successfully attained their goals, and as a result, the Compensation Committee authorized MBO cash incentive awards at percentages of 123% of the target amount for 2015.

For 2015, the Compensation Committee established a year-over-year improvement in EVA based on the Company's forecasted financial goals. For 2015, due to the decreased net sales and net earnings and an increase in capital investments, the Company did not achieve its targeted year-over-year improvement, resulting in a 0% EVA bonus for our executives. Despite not achieving the EVA goals, the Compensation Committee approved a 25% EVA bonus for our executives, due to the executives' contributions to improving the Company's global sourcing and manufacturing efficiencies. The total amount of all cash incentive awards earned in 2015 is reflected in the Summary Compensation Table, which highlights a lower year-over-year bonus for our executives.

Restricted Stock Awards. In October 2015, the Compensation Committee awarded the following shares of restricted stock (standard awards): (a) 2,000 shares to Lawrence I. Sills, our former Chief Executive Officer; (b) 1,875 shares to each of John P. Gethin, our former Chief Operating Officer, and James J. Burke, our Chief Financial Officer; and (c) 1,250 shares to each of our other named executive officers. These restricted stock awards vest after three years. The amount of these restricted stock awards was based upon the Compensation Committee's subjective evaluation of each executive's contribution to the Company during 2015, as well as their respective levels of responsibility.

In addition, in October 2015 the Compensation Committee granted an additional award of 4,000 shares of restricted stock (long-term retention awards) to each of Eric Sills, Dale Burks and Carmine Broccole. These awards vest in increments when the executive reaches the ages of 60 (25% vests), 63 (25% vests) and 65 (balance vests), respectively. The Compensation Committee granted these restricted stock awards as a long-term retention tool and to incentivize executive performance through a long-term capital accumulation award.

Table of Contents

Performance Share Awards. In October 2015, the Compensation Committee also awarded performance shares to our named executive officers with each receiving a targeted share amount equal to the number of shares of standard restricted stock awards issued to such executive, although actual award payouts may vary from 0% to 200% of the target award amount, depending upon the level of achievement of the performance goal for the three-year measurement period. In order for a named executive officer to receive an actual payout of all or a portion of the performance shares awarded to him in 2015, the Company must achieve earnings from continuing operations before taxes, excluding special items, on a cumulative basis for the three year period from January 1, 2015 to December 31, 2017, of at least \$227.1 million (i.e., the threshold amount), with a maximum award resulting from achievement of earnings from continuing operations of \$340.6 million or more during the specified period.

In 2012, performance shares were awarded to each of our named executive officers in the same amounts as were awarded in 2015, as described above. In order for an executive to receive an actual payout of all or a portion of the 2012 performance shares, the Company needed to achieve earnings from continuing operations before taxes, excluding special items, on a cumulative basis for the three year period from January 1, 2012 to December 31, 2014, of at least \$173.8 million (i.e., the threshold amount), with a maximum award resulting from achievement of earnings from continuing operations of \$260.6 million or more during the specified period. At the end of the three-year period, the Company exceeded the threshold financial goal during the measuring period, resulting in the issuance of performance shares in 2015 at the payout level of 170.5%.

Clawback Policy

In March 2011, the Compensation Committee instituted a “clawback” policy with respect to incentive-based compensation. The clawback policy provides that, in the event of a restatement of the Company’s financial results due to a material noncompliance with any financial reporting requirements, the Compensation Committee is entitled to recover from current and former executive officers any incentive-based compensation that would not otherwise have been awarded to such persons under the as-restated financials during the three years preceding the date of the restatement. The Compensation Committee will reevaluate and, if necessary, revise the Company’s clawback policy to comply with the Dodd-Frank Act once the rules implementing the clawback requirements have been finalized by the SEC.

Stock Ownership Guidelines

To directly align the interests of executive officers with the interests of our stockholders, we established stock ownership guidelines for our executive officers. Our stock ownership guidelines provide that executive officers are expected to own and hold a number of shares of Company Common Stock with a value that represents: (a) six times the base salary, with respect to our Executive Chairman of the Board and our Chief Executive Officer, (b) 100 percent of the base salary, with respect to any Executive Vice President, (c) 50 percent of the base salary, with respect to any Senior Vice President, and (d) 30 percent of their base salary, with respect to each of our other executive officers of the Company. Stock ownership levels are expected to be achieved by each executive officer within a period of time determined at the discretion of the Compensation Committee. We do not allow our executive officers to hedge the economic risk of their stock ownership. We also do not allow our executive officers to pledge their shares of Company Common Stock.

Table of Contents

Our stock ownership guidelines also include a mandatory stock holding period policy which requires our executive officers to hold for a period of two years any stock acquired by them upon the exercise of stock options or lapse of restrictions on restricted stock or performance shares, net of the funds necessary to pay the exercise price of stock options or for payment of applicable taxes.

Termination-Based Compensation

In December 2001, we entered into change in control or severance agreements with John P. Gethin, our former Chief Operating Officer, and James J. Burke, our Executive Vice President Finance and Chief Financial Officer. Neither our Chief Executive Officer nor any of our other executive officers has a change in control or severance agreement. Mr. Gethin's change in control or severance agreement terminated as of the date of his retirement in March 2016.

As discussed in more detail under "Severance and Change of Control Arrangements" below, Mr. Burke is entitled to severance and retention payments and continued health and life insurance coverage for a limited period of time, among other benefits, upon the termination of his employment pursuant to his Severance Compensation Agreement and Retention Bonus and Insurance Agreement.

The Compensation Committee initially adopted, and, with respect to Mr. Burke, has maintained, these agreements because the Compensation Committee believed that such arrangements protect the interests of these senior executives when a potential change of control could affect their job security. In addition, since the agreements mitigate any concern these executive officers may have in connection with a termination of their employment by us, or a potential loss of employment as a result of a change in control, they promote the interests of stockholders by assuring that these executive officers focus on evaluating opportunities that are in our best interests, without concentrating on individual personal interests, and stay committed to furthering our interests, even if we were to consider a transaction that resulted in a change of control.

In addition, as discussed in more detail under "Severance and Change of Control Arrangements" below, each of our executive officers are eligible to receive termination-related benefits under the Company's Supplemental Executive Retirement Plan. As stated previously, our 2006 Omnibus Incentive Plan contains provisions that would accelerate the vesting of restricted stock upon certain events, including a change of control of the Company. We believe these severance and change of control benefits are an essential element of our executive compensation package and assist us in recruiting and retaining talented individuals.

Table of Contents

Tax Deductibility of Executive Compensation

The Compensation Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code on the compensation paid to the Company's executive officers. Section 162(m) disallows a tax deduction for any publicly-held corporation for individual compensation exceeding \$1 million in any taxable year for any of the executive officers, unless compensation is performance-based. In general, it is the Compensation Committee's preference to qualify its executives' compensation for deductibility under applicable tax laws, but deductibility is only one of many factors taken into consideration. In approving the amount and form of compensation for the Company's executive officers, the Compensation Committee will continue to consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m).

Perquisites and Other Benefits

We provide our executive officers certain perquisites and other benefits. We provide these benefits as an additional incentive for our executives and to remain competitive in the general marketplace for executive talent. The primary perquisite for our executive officers is an allowance for leasing an automobile and reimbursement of related expenses. In addition, our executives are also offered broad-based benefits that are provided to all employees, including health insurance, life and disability insurance, accidental death and dismemberment insurance, Profit Sharing 401(K) Capital Accumulation Plan, and ESOP.

The amounts in this column represent the grant date fair value of stock awards in the applicable year computed in accordance with ASC Topic 718 for restricted stock awards and performance share awards. The fair value of the performance share awards assumes the achievement of the target level of performance shares as the probable outcome. Assuming the achievement of the maximum level of performance shares, the above amounts for each person would be increased by the following fair value amounts in each of 2015, 2014, and 2013, respectively: (a) \$59,360, \$64,900, and \$62,780 for Lawrence Sills; (b) \$55,650, \$60,844, and \$58,856 for each of John Gethin and (1)James Burke; and (c) \$37,100, \$40,563, and \$39,238 for each of Eric Sills, Dale Burks and Carmine Broccole. The amounts listed in the table do not reflect whether the named executive officers have actually realized a financial benefit from these awards. For a discussion of the valuation assumptions, see Note 12 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2015. See “Grants of Plan-Based Awards” and “Outstanding Equity Awards at Fiscal Year-End” below for more information regarding our stock awards. In accordance with SEC regulations, the amounts shown exclude the impact of estimated forfeitures related to vesting conditions.

Table of Contents

(2) The amounts in this column constitute annual cash incentive awards. See “Grants of Plan-Based Awards” below for more information regarding annual incentive bonus awards.

(3) We do not pay “above market” interest on non-qualified deferred compensation; therefore, this column reflects pension accruals only. The amounts shown are attributable to the change in the actuarial present value of the accumulated benefit under our Supplemental SERP on a year-over-year basis. In October 2015, James Burke received a payout of his benefit under the Supplemental SERP. The Company has no further obligations to Mr. Burke under the Supplemental SERP. As of the date of this Proxy Statement, there are no participants in the Supplemental SERP. See “Compensation Discussion and Analysis” above and “Pension Benefits for 2015” below for additional information.

(4) The amounts in this column represent (a) car allowances for leased automobiles, (b) Company contributions to the Profit Sharing 401(K) Capital Accumulation Plan, ESOP and SERP programs on behalf of the named executive officers, and (c) Company payments for life insurance premiums for Mr. Burke. The Company contributions that were earned in 2015 (but paid in March 2016) into the individual SERP accounts of Messrs. Lawrence Sills, John Gethin, Eric Sills, James Burke, Dale Burks and Carmine Broccole were \$79,401, \$43,562, \$36,609, \$64,323, \$38,034 and \$30,158, respectively. Excluding the SERP contributions, the amount attributable to each perquisite for each named executive officer does not exceed the greater of \$25,000 or 10% of the total amount of perquisites received by such officer.

The following table sets forth certain information with respect to stock awards granted to the named executive officers during 2015.

Represents possible threshold, target and maximum payout levels for fiscal 2015 under our cash incentive MBO and EVA bonus programs. Bonuses paid to the named executive officers are dependent on the level of achievement of ⁽¹⁾certain individual and company performance objectives. The actual bonuses paid to each named executive officer for 2015 are reported in the Summary Compensation Table for 2015 above. Additional information regarding our cash incentive bonus program is included in “Compensation Discussion and Analysis” above.

These columns reflect threshold, target and maximum payout levels for performance share awards granted under our 2006 Omnibus Incentive Plan. The performance share awards have a three year vesting period and performance target goals relating to the Company’s earnings from continuing operations before taxes, excluding special items, measured at the end of a three year period. To the extent that the Company does not achieve the threshold level of earnings before taxes at the end of the measuring period, these performance shares will not be issued. Performance ⁽²⁾shares were issued to the named executive officers in 2015 at a 170.5% payout level with respect to the performance share awards granted in 2012, because the Company achieved the applicable financial goals for the 2012-2014 measuring period. Holders of performance share awards are not entitled to stockholder rights, including voting rights or dividends. To the extent that an officer ceases to be an employee of the Company before the end of the vesting period, the entire performance share award will be forfeited. Additional information regarding our 2006 Omnibus Incentive Plan is included in the “Compensation Discussion and Analysis” section above.

This column reflects the number of shares of both standard and long-term retention restricted stock awards issued under our 2006 Omnibus Incentive Plan. Shares of restricted stock have a three year or longer vesting period and are not entitled to dividends; however, holders of restricted stock are entitled to voting rights. To the extent that an ⁽³⁾officer ceases to be an employee of the Company before the end of the vesting period, the entire unvested portion of the restricted stock award will be forfeited. See related discussion in “Compensation Discussion and Analysis” above. These awards are also described in “Outstanding Equity Awards at Fiscal Year-End” below.

⁽⁴⁾The ASC Topic 718 per share value of the standard restricted stock and long-term retention restricted stock awards granted on October 13, 2015 is \$29.68 per share and \$30.12 per share, respectively.

The following table summarizes the equity awards that we have made to our named executive officers, which awards were outstanding as of December 31, 2015.

Severance and Change of Control Arrangements

Severance Compensation Agreement

In December 2001, we entered into Severance Compensation Agreements with John P. Gethin and James J. Burke. Mr. Gethin’s Severance Compensation Agreement terminated as of the date of his retirement in March 2016. Mr. Burke’s Severance Compensation Agreement provides that if a change in control of the Company occurs and, within

12 months thereafter, Mr. Burke's employment is terminated by the Company without cause or by Mr. Burke for certain specific reasons, then he will receive severance payments and certain other benefits. The specific reasons which allow Mr. Burke to resign and receive the benefits are: (1) a reduction or change in status, position or reporting responsibility; (2) a reduction in his annual rate of base salary; and (3) relocation of more than 15 miles from the Company's current office.

Table of Contents

If Mr. Burke resigns for one of the specific reasons, or is terminated without cause, he will be entitled to receive: (1) a severance payment equal to three times his base salary plus standard bonus, payable over a two year period on a pro rata, semi-monthly basis; (2) continued participation for a period of 36 months in group medical, dental and/or life insurance plans; (3) exclusive use of a company automobile for the duration of the lease then in effect; and (4) outplacement services.

For purposes of these agreements, a change in control of the Company means the occurrence of any of the following events: (1) a sale of all or substantially all of the assets of the Company to any person or group other than certain designated individuals; or (2) any person or group, other than certain designated individuals, become the beneficial owner or owners of more than 50% of the total voting stock of the Company, including by way of merger, consolidation or otherwise.

Retention Bonus and Insurance Agreements

In December 2006, the Company entered into a Retention Bonus and Insurance Agreement with James J. Burke, which agreement provides, among other things, that (1) Mr. Burke will remain an employee of the Company for a term of not less than three additional years after he reaches the age of 60 (the "Extension Period"); (2) Mr. Burke will receive additional compensation comprised of one year's salary plus any applicable bonus at par payable in a lump sum; and (3) Mr. Burke will receive an extension of his life insurance policy during the Extension Period. The additional compensation payable under such agreement would be forfeited in the event that Mr. Burke's employment is terminated for any reason, other than a disability, in which case Mr. Burke would be entitled to a pro rata bonus calculated as provided in the agreement.

Supplemental Executive Retirement Plan (SERP)

The Company has established a Supplemental Executive Retirement Plan (SERP) for our executive officers and other eligible employees. The purpose of this plan is to enable the Company to supplement the benefits under the Company's Profit Sharing 401(K) Capital Accumulation Plan as well as to provide a means whereby certain amounts payable by the Company to our executive officers may be deferred to some future period. To the extent that an eligible employee retires or is terminated, their accounts in the SERP shall be paid either in a lump sum or over a period of time, at the election of the employee. In the event of a change of control of the Company, the Company shall, as soon as possible, but in no event longer than 60 days following the change of control event, make an irrevocable contribution to a rabbi trust established under the plan in an amount that is sufficient to pay each SERP participant or beneficiary the benefits to which SERP participants or their beneficiaries would be entitled pursuant to the terms of the SERP as of the date on which the change of control event occurred. Upon a change of control event, each participant's account shall be fully vested.

Table of Contents

Supplemental SERP

The Company maintains an unfunded Supplemental SERP. The benefits under this plan are in addition to any benefits payable to participants under the Company's Profit Sharing 401(K) Capital Accumulation Plan and SERP. In October 2015, upon attaining 60 years of age, James J. Burke received a lump sum amount equal to the present value of his benefit (determined pursuant to the terms of the Supplemental SERP). See "Compensation Discussion and Analysis" above for additional information. The Company has no further obligations to Mr. Burke under the Supplemental SERP. As of the date of this Proxy Statement, there are no participants in the Supplemental SERP.

Retiree Medical Benefits

The Company provides a company-funded health reimbursement account for eligible retirees who have attained the age of 65. Lawrence I. Sills, James J. Burke, and Dale Burks are the only Named Executive Officers eligible to receive benefits under this program. In May 2011, the Company announced that it intended to phase out the retiree medical benefits program at the end of 2016.

2006 Omnibus Incentive Plan

As previously discussed under "Compensation Discussion and Analysis" above, we grant our named executive officers shares of restricted stock. Under the terms of the 2006 Omnibus Incentive Plan, any unvested shares of restricted stock will immediately vest upon death, retirement at or after the age of 65, total disability, or upon a change in control of the Company. For purposes of the Incentive Plan, a "change of control" means any of the following events:

- (a) Any person, other than certain designated persons, becomes the beneficial owner of 20% or more of the total voting stock of the Company;
- (b) Individuals who constituted the Board as of May 14, 2015 cease for any reason to constitute at least a majority of the Board, other than in certain circumstances;

Consummation of a reorganization, merger, or consolidation of the Company or a sale or other disposition of all or substantially all of the assets of the Company, in each case unless, (i) the beneficial owners of the Company before such event hold less than 50% of the voting stock after such event; (ii) no person beneficially owns, directly or

- (c) indirectly, 20% or more of the total voting stock of the successor entity, except to the extent that such ownership existed prior to the business combination; and (iii) at least a majority of the members of the board of directors of the successor entity were members of the incumbent Board at the time of the execution of the initial agreement or of the action of the Board providing for such business combination; or

- (d) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

Table of Contents

The following table shows the estimated benefits payable to our named executive officers following both a change in control of the Company and a hypothetical termination of employment as of December 31, 2015 under the severance and change in control arrangements discussed immediately above.

Estimated Benefits upon Termination Following a Change in Control

Name	Severance Compensation Agreement Amount ⁽¹⁾	SERP Amount ⁽³⁾	Early Vesting of Restricted Stock ⁽⁴⁾	Other ⁽⁵⁾	Total
Lawrence I. Sills		\$5,824,029	\$228,300	\$6,792	\$6,059,121
John P. Gethin	\$ 1,980,000	1,351,157	214,031	107,900	3,653,088
Eric P. Sills		161,807	1,246,138		1,407,945
James J. Burke	2,625,000	785,414	214,031	169,040	3,793,485
Dale Burks		292,346	1,246,138		1,538,484
Carmine J. Broccole		215,154	1,246,138		1,461,292

⁽¹⁾ This amount represents three times the sum of the executive officer's 2015 base salary and standard bonus and would be payable over a two year period on a semi-monthly basis.

⁽²⁾ Mr. Burke would not be entitled to any payments under this agreement at December 31, 2015.

⁽³⁾ This amount represents contributions under the SERP that would be made upon a change of control. Absent a change of control, if the executive officer retired or was terminated at December 31, 2015, this amount would be paid either in a lump sum or over a period of time, at the election of the officer.

⁽⁴⁾ This amount represents the closing price of our Common Stock on December 31, 2015 of \$38.05 per share multiplied by the outstanding number of shares of restricted stock for each executive as follows: Lawrence Sills – 6,000 shares; John Gethin and James Burke – 5,625 shares; and Eric P. Sills, Dale Burks and Carmine Broccole – 32,750 shares. Absent a change of control, if Lawrence I. Sills or John P. Gethin resigned or retired at December 31, 2015, his restricted stock award would immediately vest under the terms of the award because the executive officer has reached the age of 65.

⁽⁵⁾ For John P. Gethin and James J. Burke, this amount represents Company payments for (a) group medical, dental and/or life insurance plans for a 36 month period, (b) use of a company automobile for the duration of the lease then in effect, and (c) the cost of outplacement services, pursuant to the terms of the Severance Compensation Agreement. For Lawrence I. Sills this amount represents post-retirement medical benefits, the present value of such amount is included above.

Risk Considerations in our Compensation Program

Our Compensation and Management Development Committee has analyzed the concept of risk as it relates to our compensation program for all employees. The Committee does not believe our compensation program encourages excessive or inappropriate risk taking because the Company does not use highly leveraged incentives that drive risky short-term behavior. As we discussed previously with respect to our named executive officers in the Compensation Discussion and Analysis, we structure our incentive bonus programs and equity award programs to promote the creation of long-term value and discourage behavior that leads to excessive risk:

We structure our pay to consist of both fixed and variable compensation. The fixed (or salary) portion of compensation is designed to provide a steady income regardless of the Company's stock price so that employees do not feel pressured to focus exclusively on stock price performance to the detriment of other important business goals. The variable (cash bonus and equity) portions of compensation are designed to reward both short-term and long-term corporate performance. For short-term performance, our cash EVA-based bonus is awarded based on the Company's achievement of financial improvement. For long-term performance, our restricted stock and performance share awards vest over three years or a longer period of time.

Table of Contents

We cap our annual MBO and EVA bonus payouts at 200% of the applicable target, which we believe also mitigates excessive risk taking by limiting payouts. Moreover, any EVA bonus in excess of the 200% target may be carried into the following year but is subject to the risk of forfeiture depending upon the following year's EVA performance. With respect to EVA bonus payouts, since bonuses tied to EVA are based on overall corporate performance, rather than individual performance, the ability of an individual executive to increase his or her own bonus compensation through excessive risk taking is constrained.

Certain Relationships and Related Person Transactions

Our Board has adopted a written policy relating to the review, approval or ratification of transactions between the Company or its subsidiaries and related persons. Under SEC rules, a related person is a director, officer, nominee for director, or five percent or greater stockholder of the Company since the beginning of the last fiscal year and their immediate family members. The Company's policies and procedures apply to any transaction or series of transactions in which the Company or a subsidiary is a participant, the amount involved exceeds \$120,000, and a related person has a direct or indirect material interest.

Our policy requires that all related person transactions be disclosed to the Nominating and Corporate Governance Committee (with respect to directors) or the Audit Committee (with respect to executive officers). The applicable Committee then reviews the material facts of such related person transactions and either approves or disapproves of the entry into or ratifies the related person transaction. In determining whether to approve or ratify a related person transaction, the applicable Committee will take into account, among other factors it deems appropriate, whether the related person transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. In addition, our policy provides that any related person transaction may be consummated or continue if (1) the transaction is approved by the disinterested members of the Board or (2) the transaction involves compensation approved by the Company's Compensation and Management Development Committee. No director shall participate in the approval of a transaction for which he or she is the related person but may participate in any discussion regarding such transaction if requested by the Chairman of the applicable Committee.

Neither the Audit Committee nor the Nominating and Corporate Governance Committee was presented with, and the Company did not participate in, any related person transactions in 2015.

Table of Contents

The Nominating and Corporate Governance Committee reviewed and approved of the Company's entry into a consulting agreement in April 2016 with Mr. John P. Gethin, a director of the Company, and our former Chief Operating Officer. Pursuant to the agreement, Mr. Gethin will advise our senior management, primarily in the development of customer relationships and corporate strategy. In consideration for such services, Mr. Gethin will receive a monthly consulting fee of approximately \$44,000, the reimbursement of reasonable and customary out-of-pocket expenses incurred in performing such services, and a monthly allowance for leasing an automobile and reimbursement of related expenses. The term of the agreement is for an initial period of one year, and shall renew automatically for successive one-year periods, subject to termination by either the Company or Mr. Gethin at any time, with or without cause, on ninety days' advance written notice.

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Committee is comprised of seven directors who are "independent" as defined under the listing standards of the New York Stock Exchange. The Committee met four times in 2015 and operates under a written charter adopted by the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed with management the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended December 31, 2015, including a discussion of the quality and the acceptability of the Company's financial reporting and controls.

The Audit Committee also reviewed with KPMG LLP, the Company's independent registered public accounting firm, that is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of the Company's financial reporting, and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the scope of the auditor's responsibilities and whether there are any significant accounting adjustments or any disagreements with management. In addition, the Committee discussed with KPMG LLP the auditors' independence from management and the Company, including the matters in the auditors' written disclosures required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Committee concerning independence.

The Committee also discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets periodically with the internal and the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for filing with the Securities and Exchange Commission.

“Householding” of Proxy Materials and Annual Reports for Record Owners

The SEC rules permit us, with your permission, to deliver a single proxy statement and annual report to any household at which two or more shareholders of record reside at the same address. Each shareholder will continue to receive a separate proxy. This procedure, known as “householding,” reduces the volume of duplicate information you receive and helps to reduce our expenses. Shareholders of record voting by mail can choose this option by marking the appropriate box on the proxy included with this Proxy Statement and shareholders of record voting by telephone or over the Internet can choose this option by following the instructions provided by telephone or over the Internet, as applicable. Once given, a shareholder’s consent will remain in effect until such shareholder revokes it by notifying our Secretary as described above. If you revoke your consent, we will begin sending you individual copies of future mailings of these documents within 30 days after we receive your revocation notice. Shareholders of record who elect to participate in householding may also request a separate copy of future proxy statements and annual reports by contacting the Secretary of the Company department as described above.

Other Matters

On the date this Proxy Statement went to press, management knew of no other business that will be presented for action at the Annual Meeting. In the event that any other business should come before the Annual Meeting, it is the intention of the proxy holders named by proxy to take such action as shall be in accordance with their best judgment.

Standard Motor Products, Inc., a New York corporation (hereinafter referred to as the “Company”), establishes this incentive compensation plan to be known as the Standard Motor Products, Inc. 2016 Omnibus Incentive Plan (hereinafter referred to as the “Plan”), as set forth in this document.

This Plan permits the grant of Nonqualified Stock Options, Incentive Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units, Cash-Based Awards, and Other Stock-Based Awards.

Upon its effectiveness, the Plan shall supersede the Existing Equity Plan (as defined herein), to the extent the Existing Equity Plan is still in effect, such that no further awards shall be made under the Existing Equity Plan. This Plan shall not, in any way, affect awards under the Existing Equity Plan that are outstanding as of the Effective Date. If the Company’s shareholders do not approve this Plan, no Awards will be made under this Plan.

This Plan’s effective date is the date the Plan is approved by the Company’s shareholders (the “Effective Date”), and the Plan shall remain in effect as provided in Section 1.3 hereof.

1.2 Purpose of this Plan. The purpose of this Plan is to provide a means whereby Employees, Directors, and Third Party Service Providers develop a sense of proprietorship and personal involvement in the development and financial success of the Company, and to encourage them to devote their best efforts to the business of the Company, thereby advancing the interests of the Company and its shareholders. A further purpose of this Plan is to provide a means through which the Company may attract able individuals to become Employees or serve as Directors or Third Party Service Providers and to provide a means whereby those individuals upon whom the responsibilities of the successful administration and management of the Company are of importance, can acquire and maintain stock ownership, thereby strengthening their concern for the welfare of the Company.

1.3 Duration of this Plan. Unless sooner terminated as provided herein, this Plan shall terminate ten (10) years from the Effective Date. After this Plan is terminated, no Awards may be granted but Awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and this Plan’s terms and conditions. Notwithstanding the foregoing, no Incentive Stock Options may be granted more than ten (10) years after the earlier of (a) adoption of this Plan by the Board, or (b) the Effective Date.

7.8 Vesting. A grant of SARs by its terms shall vest only after such period of time as the Committee shall determine and specify in the Award Agreement, but in no event less than three (3) years following the date of grant of such Award provided that SARs granted may partially vest after no less than one (1) year so long as the entire grant does not vest fully until at least three (3) years have elapsed from the date of grant, except as the Committee may provide in the event of the death, Disability, involuntary termination without Cause, or retirement of a Participant or in the event of a Change of Control.

The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of performance goals pursuant to the Performance Measures specified in this Article 12.

12.2 Evaluation of Performance. The Committee may provide in any such Award that any evaluation of performance may include or exclude any of the following events that occurs during a Performance Period: (a) asset write-downs, (b) litigation or claim judgments or settlements, (c) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results, (d) any reorganization and restructuring programs, (e) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year, (f) acquisitions or divestitures, and (g) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

12.3 Adjustment of Performance-Based Compensation. Awards that are intended to qualify as Performance-Based Compensation may not be adjusted upward. The Committee shall retain the discretion to adjust such Awards downward, either on a formula or discretionary basis or any combination, as the Committee determines.

12.4 Committee Discretion. In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Measures without obtaining shareholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining shareholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards that shall not qualify as Performance-Based Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m) and base vesting on Performance Measures other than those set forth in Section 12.1.

Article 13. Nonemployee Director Awards

The Board or Committee shall determine all Awards to Nonemployee Directors. The terms and conditions of any grant to any such Nonemployee Director shall be set forth in an Award Agreement.

Article 14. Dividend Equivalents

Any Participant selected by the Committee may be granted dividend equivalents based on the dividends declared on Shares that are subject to any Award, to be credited as of dividend payment dates, during the period between the date the Award is granted and the date the Award is exercised, vests or expires, as determined by the Committee. Such dividend equivalents shall be converted to cash or additional Shares by such formula and at such time and subject to such limitations as may be determined by the Committee.

Article 15. Beneficiary Designation

Each Participant under this Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under this Plan is to be paid in case of his death before he receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee, and will be effective only when filed by the Participant in writing with the Company during the Participant's lifetime. In the absence of any such beneficiary designation, benefits remaining unpaid or rights remaining unexercised at the Participant's death shall be paid to or exercised by the Participant's executor, administrator, or legal representative.

Article 16. Rights of Participants

16.1 Employment. Nothing in this Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Affiliates, and/or its Subsidiaries, to terminate any Participant's employment, or service on the Board or to the Company, at any time or for any reason not prohibited by law, nor confer upon any Participant any right to continue his employment, or service as a Director or Third Party Service Provider, for any specified period of time.

Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company, its Affiliates, and/or its Subsidiaries and, accordingly, subject to Articles 3 and 18, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company, its Affiliates, and/or its Subsidiaries.

16.2 Participation. No individual shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

Table of Contents

16.3 Rights as a Shareholder. Except as otherwise provided herein, a Participant shall have none of the rights of a shareholder with respect to Shares covered by any Award until the Participant becomes the record holder of such Shares.

Article 17. Change of Control

17.1 Change of Control of the Company. Notwithstanding any other provision of this Plan to the contrary, the provisions of this Article 17 shall apply in the event of a Change of Control, unless otherwise determined by the Committee in connection with the grant of an Award as reflected in the applicable Award Agreement or an applicable severance compensation agreement.

Upon a Change of Control, except to the extent that another Award meeting the requirements of Section 17.2 (a “Replacement Award”) is provided to the Participant to replace such Award (the “Replaced Award”), all then-outstanding Stock Options and Stock Appreciation Rights shall immediately become fully vested and exercisable, and all other then-outstanding Awards whose exercisability depends merely on the satisfaction of a service obligation by a Participant to the Company, Subsidiary, or Affiliate shall vest in full and be free of restrictions related to the vesting of such Awards. The treatment of any other Awards shall be as determined by the Committee in connection with the grant thereof, as reflected in the applicable Award Agreement.

Except to the extent that a Replacement Award is provided to the Participant, the Committee may, in its sole discretion, determine that any or all outstanding Awards granted under the Plan, whether or not exercisable, will be canceled and terminated and that in connection with such cancellation and termination the holder of such Award may receive for each Share of Common Stock subject to such Awards a cash payment (or the delivery of shares of stock, other securities or a combination of cash, stock and securities equivalent to such cash payment) equal to the difference, if any, between the consideration received by shareholders of the Company in respect of a Share of Common Stock in connection with such transaction and the purchase price per share, if any, under the Award multiplied by the number of Shares of Common Stock subject to such Award; provided that if such product is zero or less or to the extent that the Award is not then exercisable, the Awards will be canceled and terminated without payment therefor.

17.2 Replacement Awards. An Award shall meet the conditions of this Section 17.2 (and hence qualify as a Replacement Award) if: (i) it has a value at least equal to the value of the Replaced Award as determined by the Committee in its sole discretion; (ii) it relates to publicly traded equity securities of the Company or its successor in the Change of Control or another entity that is affiliated with the Company or its successor following the Change of Control; and (iii) its other terms and conditions are not less favorable to the Participant than the terms and conditions of the Replaced Award (including the provisions that would apply in the event of a subsequent Change of Control). Without limiting the generality of the foregoing, the Replacement Award may take the form of a continuation of the Replaced Award if the requirements of the preceding sentence are satisfied. The determination of whether the conditions of this Section 17.2 are satisfied shall be made by the Committee, as constituted immediately before the Change of Control, in its sole discretion.

Table of Contents

17.3 Termination of Employment. Upon a termination of employment, or termination of directorship, of a Participant occurring in connection with or during the period of two (2) years after such Change of Control, other than for Cause, (i) all Replacement Awards held by the Participant shall become fully vested and (if applicable) exercisable and free of restrictions, and (ii) all Stock Options and Stock Appreciation Rights held by the Participant immediately before the termination of employment, or termination of directorship, that the Participant held as of the date of the Change of Control or that constitute Replacement Awards shall remain exercisable for not less than one (1) year following such termination or until the expiration of the stated term of such Stock Option or SAR, whichever period is shorter; provided, that if the applicable Award Agreement provides for a longer period of exercisability, that provision shall control.

Article 18. Amendment, Modification, Suspension, and Termination

18.1 Amendment, Modification, Suspension, and Termination. Subject to Section 17.3, the Board of Directors may, at any time and from time to time, alter, amend, modify, suspend, or terminate this Plan and any Award Agreement in whole or in part; provided, however, that, (i) no Options or SARs issued under this Plan will be repriced, repurchased (including a cash buyout), replaced, or regranted through cancellation, or by lowering the Option Price of a previously granted Option or the Grant Price of a previously granted SAR, (ii) any amendment of the Plan must comply with the rules of the NYSE, and (iii) no material amendment of this Plan shall be made without shareholder approval if shareholder approval is required by law, regulation, or stock exchange rule.

18.2 Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.4 hereof) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under this Plan. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under this Plan.

18.3 Awards Previously Granted. Notwithstanding any other provision of this Plan to the contrary (other than Section 18.4), no termination, amendment, suspension, or modification of this Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under this Plan, without the written consent of the Participant holding such Award.

18.4 Amendment to Conform to Law. Notwithstanding any other provision of this Plan to the contrary, the Committee may amend the Plan or an Award Agreement, to take effect retroactively or otherwise, as deemed necessary or advisable for the purpose of conforming the Plan or an Award Agreement to any present or future law relating to plans of this or similar nature (including, but not limited to, Code Section 409A), and to the administrative regulations and rulings promulgated thereunder. By accepting an Award under this Plan, a Participant agrees to any amendment made pursuant to this Section 18.4 to any Award granted under the Plan without further consideration or action.

Article 19. Withholding

19.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold from any amounts due and owing to the Participant, or require a Participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan.

19.2 Share Withholding. With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock and Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares, or any other taxable event arising as a result of an Award granted hereunder, Participants may elect, subject to disapproval by the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold whole Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax withholding that could be imposed on the transaction. All such elections shall be irrevocable, and shall be subject to any restrictions or limitations that the Committee deems appropriate, in its sole discretion.

Article 20. Successors

All obligations of the Company under this Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 21. General Provisions

21.1 Forfeiture Events.

All Awards to a Participant who is an officer subject to Section 16 of the Exchange Act, including the Chief Executive Officer and Chief Financial Officer of the Company, or as otherwise defined by the Securities and Exchange Commission, shall be subject to forfeiture as provided under the Company's Clawback Policy ("Policy"), adopted as of February 28, 2011, as amended from time to time in the discretion of the Company. The Policy (a) shall be provided to affected Participants and which shall be considered incorporated into and made a part of this Plan and any Award Agreement issued to an affected Participant. Additionally, the Company shall also comply with any required reimbursement, forfeiture, or claw back rules issued in final form by the Securities and Exchange Commission or other applicable agency.

Table of Contents

The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award.

Such events may include, but shall not be limited to, circumstances or events provided for under applicable (b) securities laws, rules or statutes, termination of employment for Cause, termination of the Participant's provision of services to the Company, Affiliate, and/or Subsidiary, violation of material Company, Affiliate, and/or Subsidiary policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company, its Affiliates, and/or its Subsidiaries.

21.2 Legend. The certificates for Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

21.3 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

21.4 Severability. In the event any provision of this Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of this Plan, and this Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

21.5 Requirements of Law. The granting of Awards and the issuance of Shares under this Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

21.6 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Shares issued under this Plan prior to:

- (a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and
- (b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

21.7 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

21.8 Investment Representations. The Committee may require any individual receiving Shares pursuant to an Award under this Plan to represent and warrant in writing that the individual is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

21.9 Employees Based Outside of the United States. Notwithstanding any provision of this Plan to the contrary, in order to comply with the laws in other countries in which the Company, its Affiliates, and/or its Subsidiaries operate or have Employees, Directors, or Third Party Service Providers, the Committee, in its sole discretion, shall have the power and authority to:

- (a) Determine which Affiliates and Subsidiaries shall be covered by this Plan;
- (b) Determine which Employees and/or Directors or Third Party Service Providers outside the United States are eligible to participate in this Plan;
- (c) Modify the terms and conditions of any Award granted to Employees and/or Directors or Third Party Service Providers outside the United States to comply with applicable foreign laws;

(d) Establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. Any subplans and modifications to Plan terms and procedures established under this Section 21.9 by the Committee shall be attached to this Plan document as appendices; and

- (e) Take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate applicable law.

21.10 Uncertificated Shares. To the extent that this Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

Table of Contents

21.11 Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company, and/or its Subsidiaries, and/or its Affiliates may make to aid it in meeting its obligations under this Plan. Nothing contained in this Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other individual. To the extent that any individual acquires a right to receive payments from the Company, its Subsidiaries, and/or its Affiliates under this Plan, such right shall be no greater than the right of an unsecured general creditor of the Company, a Subsidiary, or an Affiliate, as the case may be. All payments to be made hereunder shall be paid from the general funds of the Company, a Subsidiary, or an Affiliate, as the case may be and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in this Plan.

21.12 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to this Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

21.13 Retirement and Welfare Plans. Neither Awards made under this Plan nor Shares or cash paid pursuant to such Awards, except pursuant to Covered Employee annual incentive awards, may be included as “compensation” for purposes of computing the benefits payable to any Participant under the Company’s or any Subsidiary’s or Affiliate’s retirement plans (both qualified and non-qualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a Participant’s benefit.

21.14 Deferred Compensation. If any Award would be considered deferred compensation as defined under Code Section 409A and if this Plan fails to meet the requirements of Code Section 409A with respect to such Award, then such Award shall be null and void. However, the Committee may permit deferrals of compensation pursuant to the terms of a Participant’s Award Agreement, a separate plan or a subplan which meets the requirements of Code Section 409A and any related guidance. Additionally, to the extent any Award is subject to Code Section 409A, notwithstanding any provision herein to the contrary, the Plan does not permit the acceleration or delay of the time or schedule of any distribution related to such Award, except as permitted by Code Section 409A, the regulations thereunder, and/or the Secretary of the United States Treasury.

21.15 Nonexclusivity of this Plan. The adoption of this Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

21.16 No Constraint on Corporate Action. Nothing in this Plan shall be construed to: (i) limit, impair, or otherwise affect the Company’s or a Subsidiary’s or an Affiliate’s right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or (ii) limit the right or power of the Company or a Subsidiary or an Affiliate to take any action which such entity deems to be necessary or appropriate.

21.17 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of New York, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under this Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of the Southern District of New York, to resolve any and all issues that may arise out of or relate to this Plan or any related Award Agreement.

21.18 Section 162(m). It is the intention of the Company that, unless otherwise provided by the Committee, awards determined in accordance with this Plan shall be excluded from the deduction limitations contained in Section 162(m). Therefore, if any Plan provision is found not to be in compliance with the “performance-based” compensation exception contained in Section 162(m), that provision shall be deemed amended so that the Plan does so comply to the extent permitted by law and deemed advisable by the Committee, and in all events the Plan shall be construed in favor of its meeting the “performance-based” compensation exception contained in Section 162(m).
