Item 8.01. Other Events.

As previously announced, on May 20, 2018, Westinghouse Air Brake Technologies Corporation (“Wabtec”), General Electric Company (“GE”) and certain of their subsidiaries entered into definitive agreements (the “Definitive Agreements”) pursuant to which Wabtec and GE’s transportation business (“GE Transportation”) will be combined (the “transaction”), through a series of transactions including the merger (the “Merger”) of Wabtec US Rail Holdings, Inc., a wholly owned subsidiary of Wabtec (“Merger Sub”), with and into Transportation Systems Holdings Inc., a wholly owned subsidiary of GE that will generally hold GE Transportation (“SpinCo”).

On January 25, 2019, Wabtec and GE announced that the parties entered into amendments to the Definitive Agreements (the “Amendments”). In connection with the Amendments, Wabtec and GE announced that the transaction is expected to close by the end of February 2019, subject to satisfaction or waiver of customary closing conditions.

The Amendments, together, have the effect of modifying the transaction arrangements, as follows:

Wabtec will issue in the aggregate 3,300,000 fewer shares of Wabtec common stock in the transaction than previously contemplated;

in lieu of GE having an election to spin-off or split-off SpinCo to GE stockholders, GE will utilize a spin-off and effect a pro rata dividend of all of SpinCo’s common stock (the “Distribution”) to GE stockholders;

the number of outstanding shares of Wabtec common stock expected to be held by pre-Merger holders of Wabtec common stock is increased from 49.9% to approximately 50.8% and the number of shares expected to be held, collectively, by GE and GE stockholders is reduced from 50.1% (with 9.9% to be held by GE) to approximately 49.2% (with 9.9% to be held by GE directly, 15% to be held by GE as shares underlying a series of Wabtec non-voting convertible preferred stock (“Wabtec preferred stock”) issued to GE in the Merger, and the remaining approximately 24.3% to be held by GE stockholders);

upon a sale by GE to third parties, the Wabtec preferred stock will automatically convert into the right to receive the underlying Wabtec common stock;

GE will retain a limited number of shares of preferred stock of SpinCo;

the Distribution and the Merger will no longer be structured as tax-free transactions; and

subject to its obligation to sell all of the shares held by GE as a result of the transaction by the third anniversary of the closing, GE must divest shares of Wabtec common stock and/or Wabtec preferred stock in stages so that (a) by no later than 120 days following the closing date, GE beneficially owns between 14.9% and 19.9% of the number of Wabtec shares and (b) by no later than one year following the closing of the Merger, GE beneficially owns not more than 18.5% of the number of Wabtec shares.

The calculations and percentages above are calculated on a fully-diluted, as-converted and as-exercised basis as of immediately after the closing of the transaction.

The parties filed registration statements with the Securities and Exchange Commission (“SEC”) to reflect the Amendments and provide for the anticipated closing timing. The Amendments include various technical changes, which are described in the SEC filings.

The foregoing summaries of the Amendments are qualified in their entirety by the full text of such amendments or forms, as applicable, copies of which are attached hereto as Exhibit 2.1, Exhibit 2.2, Exhibit 2.3 and Exhibit 2.4, and which are incorporated herein by reference.

## Caution Concerning Forward-Looking Statements

This communication contains “forward-looking” statements as that term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995, including statements regarding the proposed transaction between GE and Wabtec and statements regarding Wabtec’s expectations about future sales and earnings. All statements, other than historical facts, including statements regarding the expected timing and structure of the proposed transaction; the ability of the parties to complete the proposed transaction considering the various closing conditions; the expected benefits of the proposed transaction, including future financial and operating results, the tax consequences of the proposed transaction, and the combined company’s plans, objectives, expectations and intentions; legal, economic and regulatory conditions; and any assumptions underlying any of the foregoing, are forward-looking statements.

Forward-looking statements concern future circumstances and results and other statements that are not historical facts and are sometimes identified by the words “may,” “will,” “should,” “potential,” “intend,” “expect,” “endeavor,” “seek,” “anticipate,” “estimate,” “overestimate,” “underestimate,” “believe,” “could,” “project,” “predict,” “continue,” “target” or other similar words and expressions. Forward-looking statements are based upon current plans, estimates and expectations that are subject to risks, uncertainties and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by such forward-looking statements. The inclusion of such statements should not be regarded as a representation that such plans, estimates or expectations will be achieved. Important factors that could cause actual results to differ materially from such plans, estimates or expectations include, among others, (1) that one or more closing conditions to the transaction, including certain regulatory approvals, may not be satisfied or waived, on a timely basis or otherwise, including that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of the proposed transaction or may require conditions, limitations or restrictions in connection with such approvals; (2) the risk that the proposed transaction may not be completed on the terms or in the time frame expected by GE or Wabtec, or at all; (3) unexpected costs, charges or expenses resulting from the proposed transaction; (4) uncertainty of the expected financial performance of the combined company following completion of the proposed transaction; (5) failure to realize the anticipated benefits of the proposed transaction, including as a result of delay in completing the proposed transaction or integrating the businesses of GE, Wabtec and SpinCo; (6) the ability of the combined company to implement its business strategy; (7) difficulties and delays in achieving revenue and cost synergies of the combined company; (8) inability to retain and hire key personnel; (9) the occurrence of any event that could give rise to termination of the proposed transaction; (10) the risk that shareholder litigation in connection with the proposed transaction or other settlements or investigations may affect the timing or occurrence of the proposed transaction or result in significant costs of defense, indemnification and liability; (11) evolving legal, regulatory and tax regimes; (12) changes in general economic and/or industry specific conditions, including the impacts of tax and tariff programs, industry consolidation, and changes in the financial condition or operating strategies of our customers; (13) changes in the expected timing of projects; (14) a decrease in freight or passenger rail traffic; (15) an increase in manufacturing costs; (16) actions by third parties, including government agencies; (17) the risk that the ongoing government shutdown, and potential effects thereof, may affect the timing of the proposed transaction; and (18) other risk factors as detailed from time to time in GE’s and Wabtec’s respective reports filed with the SEC, including GE’s and Wabtec’s annual reports on Form 10-K, periodic quarterly reports on Form 10-Q, periodic current reports on Form 8-K and other documents filed with the SEC. The foregoing list of important factors is not exclusive.

Any forward-looking statements speak only as of the date of this communication. Neither GE nor Wabtec undertakes any obligation to update any forward-looking statements, whether as a result of new information or development, future events or otherwise, except as required by law.
