Item 2.02. Results of Operations and Financial Condition.

The purpose of this filing is to update the presentation of discontinued operations of FuelCell Energy, Inc. (the Company) in its consolidated statements of operations for the three months and fiscal year ended October 31, 2004. There have been no adjustments to total net loss or net loss per share for these periods.

On December 13, 2004, the Company issued a press release announcing its financial results for the three months and fiscal year ended October 31, 2004. That press release was filed as an exhibit to a Form 8-K on December 14, 2004, and reflected the sale of our Canadian solid oxide fuel cell (SOFC) operations to Versa Power Systems, Inc. (Versa) as a discontinued operation.

In November 2004, the FASB ratified the consensus reached by the Emerging Issues Task Force on Issue No. 03-13, Applying the Conditions in Paragraph 42 of FASB Statement No. 144 in Determining Whether to Report Discontinued Operations. The Issue provides guidance on what constitutes continuing involvement in a disposed business for purposes of complying with the Paragraph 42 criteria for discontinued operations. The Company has applied this consensus to its accounting as of October 31, 2004. As the Company has a 42 percent equity interest in Versa, the Issue clarifies that this is sufficient ongoing involvement for accounting purposes to preclude presentation of the disposed business as a discontinued operation.

Therefore, results of the Canadian SOFC operation have been classified as continuing operations on our consolidated statements of operations and cash flows for the three months and fiscal year ended October 31, 2004 that will be included in the audited financial statements of the Company in its Annual Report on Form 10-K to be filed today. Accordingly, the information presented in the original Form 8-K and in the press release is hereby deemed to be modified as provided herein.

In future periods, we will account for our ownership in Versa under the equity method of accounting.
