  - .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Item 1.01. Entry Into a Material Definitive Agreement.

Effective as of August 9, 2010 (the “Effective Date”), Patient Safety Technologies, Inc., a Delaware corporation (the “Company”) entered into an employment agreement with John A. Hamilton regarding his appointment to the positions of Chief Operating Officer and Vice President of the Company (the “Agreement”). The Agreement was signed July 26, 2010 and in reliance on Instruction to Item 5.02(c) of Current Report on Form 8-K, this Current Report is being filed concurrently with the press release, included as Exhibit 99.1 to this Current Report and incorporated herein by reference, announcing the appointment of Mr. Hamilton.

The term of the Agreement is three years from the Effective Date, and automatically extends for additional one-year terms thereafter unless either party delivers a specified advance written notice. Mr. Hamilton’s annual base salary will be \$185,000, to be increased to \$210,000 for the remainder of the term when the Company’s total operating income reaches zero or greater for two consecutive fiscal quarters. He is also eligible to participate in the Company’s executive bonus plan, under which the minimum target bonus opportunity is 25% of his annual base salary. The Company granted him a stock option for 375,000 shares of the Company’s common stock, and upon the six-month anniversary of the Effective Date, 93,750 of those shares will vest and become exercisable. The remaining shares will vest over a 42-month period at a rate of 1/48th of the total shares per month, with 100% of the option becoming exercisable on the fourth anniversary of the Effective Date. The exercise price will be set at the weighted average trading price of the Company’s common stock on the Executive’s first day of employment, but not less than \$0.75 per share. Upon a Change in Control, as such term is defined in the Agreement, half of Mr. Hamilton’s then unvested stock options and unvested deferred compensation will immediately vest.

The Company may terminate Mr. Hamilton’s employment at any time without Cause and he may resign for Good Reason, as such terms are defined in the Agreement. Upon termination without Cause or resignation for Good Reason, he may receive continued medical benefits and vesting of stock options, as well as between three and six months of severance payments based on his annual base salary at the time, depending on his term of employment with the Company.

The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by the full text of such agreement, which is filed as Exhibit 10.1 hereto and incorporated by reference herein.

Item 5.02 (c). Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Mr. John A. Hamilton, 51, has accepted an offer of employment to serve as the Company’s Chief Operating Officer and Vice President, effective as of August 9, 2010. Further disclosure responsive to this Item 5.02 is incorporated herein by reference from Item 1.01 of this Report.

Prior to joining the Company, Mr. Hamilton was the Senior Vice President of Process Engineering and Quality Assurance for SRI Surgical since approximately 2006 and Vice President of Process Engineering and Quality Assurance since approximately 2002. Mr. Hamilton joined SRI Surgical (formerly known as Sterile Recoveries) in 1992 as Director of Product Development, expanding his role over time to include product engineering, manufacturing, quality assurance, development and implementation of new products and materials, process development, support of operations and vendor relations.

Item 8.01. Other Events.

Attached hereto as Exhibit 99.1 and incorporated herein by reference is a copy of a press release issued by the Company on August 9, 2010.

Item 9.01. Financial Statements and Exhibits.
