THE INTERGROUP CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The condensed consolidated financial statements included herein have been prepared by The InterGroup Corporation (“InterGroup” or the “Company”), without audit, according to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in the condensed consolidated financial statements prepared in accordance with generally accepted accounting principles (U.S. GAAP) have been condensed or omitted pursuant to such rules and regulations, although the Company believes the disclosures that are made are adequate to make the information presented not misleading. Further, the condensed consolidated financial statements reflect, in the opinion of management, all adjustments (which included only normal recurring adjustments) necessary for a fair statement of the financial position, cash flows and results of operations as of and for the periods indicated. It is suggested that these financial statements be read in conjunction with the audited financial statements of InterGroup and the notes therein included in the Company's Annual Report on Form 10-K for the year ended June 30, 2013. The June 30, 2013 Condensed Consolidated Balance Sheet was derived from the Company's Form 10-K for the year ended June 30, 2013.

The results of operations for the three months ended September 30, 2013 are not necessarily indicative of results to be expected for the full fiscal year ending June 30, 2014.

For the three months ended September 30, 2013 and 2012, the Company had no components of comprehensive income other than net income itself.

As of September 30, 2013, the Company had the power to vote approximately 84.5% of the voting shares of Santa Fe Financial Corporation (“Santa Fe”), a public company (OTCBB: SFEF). This percentage includes the power to vote an approximately 4% interest in the common stock in Santa Fe owned by the Company's Chairman and President pursuant to a voting trust agreement entered into on June 30, 1998.

Santa Fe's revenue is primarily generated through the management of its 68.8% owned subsidiary, Portsmouth Square, Inc. (“Portsmouth”), a public company (OTCBB: PRSI). InterGroup also directly owns approximately 12.9% of the common stock of Portsmouth. Portsmouth has a 50.0% limited partnership interest in Justice Investors (“Justice”, “the Partnership” or “the Hotel”) and serves as one of the two general partners. The other general partner, Evon Corporation (“Evon”), served as the managing general partner until December 1, 2008 at which time Portsmouth assumed the role of managing general partner.

Justice owns a 543-room hotel property located at 750 Kearny Street, San Francisco California, known as the *Hilton San Francisco Financial District* (the “Hotel”) and related facilities including a five level underground parking garage. The Hotel is operated by the partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement with Hilton Hotels Corporation. Justice also has a Management Agreement with Prism Hospitality L.P. (“Prism”) to perform the day-to-day management functions of the Hotel. The parking garage that is part of the Hotel property is managed by Ace Parking pursuant to a contract with the Partnership. Justice also leases a portion of the lobby level of the Hotel to a day spa operator. Portsmouth also receives management fees as a general partner of Justice for its services in overseeing and managing the Partnership's assets. Those fees are eliminated in consolidation.

In addition to the operations of the Hotel, the Company also generates income from the ownership of real estate. Properties include apartment complexes, commercial real estate, and two single-family houses as strategic investments. The properties are located throughout the United States, but are concentrated in Texas and Southern California. The Company also has investments in unimproved real property. All of the Company's residential rental

and commercial properties are managed by professional third party property management companies.

Earnings Per Share

Basic income per share is computed by dividing net income available to common stockholders by the weighted average number of common shares outstanding. The computation of diluted income per share is similar to the computation of basic earnings per share except that the weighted-average number of common shares is increased to include the number of additional common shares that would have been outstanding if potential dilutive common shares had been issued. The Company's only potentially dilutive common shares are stock options and restricted stock units (RSUs).

NOTE 6 - FAIR VALUE MEASUREMENTS

The assets measured at fair value on a recurring basis are as follows:

	\$ 15,075,000	\$ -	\$ 6,000	\$ 15,081,000

The fair values of investments in marketable securities are determined by the most recently traded price of each security at the balance sheet date. The fair value of the warrants was determined based upon a Black-Scholes option valuation model. The value of the interest rate swap is measured at fair value and recorded as a liability on the balance sheet.

Financial assets that are measured at fair value on a non-recurring basis and are not included in the tables above include "Other investments in non-marketable securities," that were initially measured at cost and have been written down to fair value as a result of impairment or adjusted to record the fair value of new instruments received (i.e., preferred shares) in exchange for old instruments (i.e., debt instruments). The following table shows the fair value hierarchy for these assets measured at fair value on a non-recurring basis as follows:

Assets	Level 1	Level 2	Level 3	September 30, 2013	Net loss for the three months ended September 30, 2013
Other non-marketable investments	\$ -	\$ -	\$ 15,274,000	\$ 15,274,000	\$ -

Assets	Level 1	Level 2	Level 3	June 30, 2013	Net loss for the three months ended September 30, 2012
Other non-marketable investments	\$ -	\$ -	\$ 15,274,000	\$ 15,274,000	\$ (190,000)

Other investments in non-marketable securities are carried at cost net of any impairment loss. The Company has no significant influence or control over the entities that issue these investments and holds less than 20% ownership in each of the investments. These investments are reviewed on a periodic basis for other-than-temporary impairment. The Company reviews several factors to determine whether a loss is other-than-temporary. These factors include but are not limited to: (i) the length of time an investment is in an unrealized loss position, (ii) the extent to which fair value is less than cost, (iii) the financial condition and near term prospects of the issuer and (iv) our ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value.

NOTE 7 STOCK BASED COMPENSATION PLANS

The Company follows Accounting Standard Codification (ASC) Topic 718 "Compensation Stock Compensation", which addresses accounting for equity-based compensation arrangements, including employee stock options and restricted stock units.

Please refer to Note 17 Stock Based Compensation Plans in the Company's Form 10-K for the year ended June 30, 2013 for more detail information on the Company's stock-based compensation plans.

During the three months ended September 30, 2013 and 2012, the Company recorded stock option compensation cost of \$52,000 and \$100,000, respectively, related to stock options that were previously issued. As of September 30, 2013, there was a total of \$285,000 of unamortized compensation related to stock options which is expected to be recognized over the weighted-average period of 3 years.

- 10 -

Option-pricing models require the input of various subjective assumptions, including the option's expected life and the price volatility of the underlying stock. The expected stock price volatility is based on analysis of the Company's stock price history. The Company has selected to use the simplified method for estimating the expected term. The risk-free interest rate is based on the U.S. Treasury interest rates whose term is consistent with the expected life of the stock options. No dividend yield is included as the Company has not issued any dividends and does not anticipate issuing any dividends in the future.

The following table summarizes the stock options activity from June 30, 2012 through September 30, 2013:

		Number of Shares	Weighted Average Exercise Price	Weighted Average Remaining Life	Aggregate Intrinsic Value

NOTE 9 RELATED PARTY TRANSACTIONS

During the three months ended September 30, 2013 and 2012, the Company received management fees from Justice Investors totaling \$112,000 for each respective period.

Four of the Portsmouth directors serve as directors of Intergroup. Three of those directors also serve as directors of Santa Fe. The three Santa Fe directors also serve as directors of InterGroup.

John V. Winfield serves as Chief Executive Officer and Chairman of the Company, Portsmouth and Santa Fe. Depending on certain market conditions and various risk factors, the Chief Executive Officer, his family, Portsmouth and Santa Fe may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and his family members, and the resources of Portsmouth and Santa Fe, at risk in connection with investment decisions made on behalf of the Company.

NOTE 10 SUBSEQUENT EVENT

On October 31, 2013, Justice Investors, a California limited partnership (“Justice” or the “Partnership”), sent to all its limited partners an Offer to Redeem any and all limited partnership interests not held by Portsmouth Square, Inc., Managing General Partner of Justice, and a Consent Solicitation by Justice. Justice is: (a) offering \$1,385,000 in cash or property for each one percent (1%) limited partnership interest in Justice that limited partners hold (the “Offer to Redeem”); and (b) seeking approval of its limited partners (the “Consent Solicitation”) of certain amendments (the “Amendments”) to its Amended and Restated Agreement of Limited Partnership, effective as of November 30, 2010 (the “Partnership Agreement”), which Amendments will be reflected in a new Amended and Restated Agreement of Limited Partnership (the “Amended Partnership Agreement”).

The terms of the Offer to Redeem, Consent Solicitation and Amendments (collectively, the “Proposal”) were developed in the course of negotiations between Portsmouth and Evon Corporation (“Evon”), currently co-general partner, and were summarized in a letter, dated September 19, 2013, sent by Portsmouth, Evon and Justice to the limited partners (the “Letter”). In the Letter, limited partners were requested to provide a non-binding preliminary indication of interest in having their limited partnership interests redeemed by the Partnership.

Limited partners wishing to accept the Offer to Redeem have a choice between (a) accepting a simple cash redemption; (b) electing to participate in an alternative redemption structure, which would allow limited partners to redeem their partnership interests for certain property; or (c) a combination of a & b.

The structure of the transaction involves Justice funding the redemption of limited partnership interests through a refinancing of its principal asset, the San Francisco Hilton Financial District (the “Hotel”). Currently, Justice owes approximately \$44.3 million, secured by the Hotel, in loans that come due in 2015. Following the redemption (and assuming all partnership interests (other than Portsmouth’s) are redeemed), Justice would have a new loan of approximately \$118 million secured by the Hotel, and Portsmouth would become the sole general partner.

The Offer to Redeem is conditioned upon: (1) a minimum tender of at least 34% of the limited partnership interests; (2) approval by the holders of at least 75% of the limited partnership interests of the Amendments, which will take effect concurrently with the refinancing of the Hotel; and (3) the consummation of the refinancing of the Hotel.

All limited partners are free to elect to participate in the redemption or not to participate in the redemption. Those limited partners that do not participate in the redemption (including Portsmouth) will remain as limited partners in Justice. Assuming that the minimum 34% participation threshold is reached and all other conditions are satisfied, the limited partnership interests of those limited partners who do not elect to participate in the Redemption will increase in an amount proportionate with the percentages of the limited partnership interests that are redeemed.

Item 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD-LOOKING STATEMENTS AND PROJECTIONS

The Company may from time to time make forward-looking statements and projections concerning future expectations. When used in this discussion, the words “anticipate,” “estimate,” “expect,” “project,” “intend,” “plan,” “believe,” “could,” “might” and similar expressions, are intended to identify forward-looking statements. These statements are subject to certain risks and uncertainties, such as national and worldwide economic conditions, including the impact of recessionary conditions on tourism, travel and the lodging industry, the impact of terrorism and war on the national and international economies, including tourism and securities markets, energy and fuel costs, natural disasters, general economic conditions and competition in the hotel industry in the San Francisco area, seasonality, labor relations and labor disruptions, actual and threatened pandemics such as swine flu, partnership distributions, the ability to obtain financing at favorable interest rates and terms, securities markets, regulatory factors, litigation and other factors discussed below in this Report and in the Company’s Annual Report on Form 10-K for the fiscal year ended June 30, 2013, that could cause actual results to differ materially from those projected. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as to the date hereof. The Company undertakes no obligation to publicly release the results of any revisions to those forward-looking statements, which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

RESULTS OF OPERATIONS

The Company's principal sources of revenue continue to be derived from the investment of its 68.8% owned subsidiary, Portsmouth, in the Justice Investors limited partnership (“Justice” or the “Partnership”), rental income from its ownership and operations of multi-family real estate and commercial properties and income received from investment of its cash and securities assets. Portsmouth has a 50.0% limited partnership interest in Justice and serves as the managing general partner of Justice. Evon Corporation (“Evon”) serves as the other general partner. Justice owns the land, improvements and leaseholds at 750 Kearny Street, San Francisco, California, known as the Hilton San Francisco Financial District (the “Hotel”). The financial statements of Justice have been consolidated with those of the Company.

The Hotel is operated by the Partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement with Hilton Hotels Corporation. The term of the Agreement is for a period of 15 years commencing on January 12, 2006, with an option to extend the license term for another five years, subject to certain conditions. Justice also has a Management Agreement with Prism Hospitality L.P. (“Prism”) to perform the day-to-day management functions of the Hotel.

The parking garage that is part of the Hotel property is managed by Ace Parking pursuant to a contract with the Partnership. Justice also leases a portion of the lobby level of the Hotel to a day spa operator. Portsmouth also receives management fees as a general partner of Justice for its services in overseeing and managing the Partnership’s assets. Those fees are eliminated in consolidation.

In addition to the operations of the Hotel, the Company also generates income from the ownership and management of real estate. Properties include eighteen apartment complexes, two commercial real estate properties, and two single-family houses as strategic investments. The properties are located throughout the United States, but are concentrated in Texas and Southern California. The Company also has investments in unimproved real property. All of the Company’s residential rental and commercial properties are managed by professional third party property management companies.

The Company acquires its investments in real estate and other investments utilizing cash, securities or debt, subject to approval or guidelines of the Board of Directors. The Company also invests in income-producing instruments, equity and debt securities and will consider other investments if such investments offer growth or profit potential.

Three Months Ended September 30, 2013 Compared to the Three Months Ended September 30, 2012

The Company had net income of \$1,692,000 for the three months ended September 30, 2013 compared to net income of \$1,687,000 for the three months ended September 30, 2012. During the current quarter, the Company had improvements in the hotel and real estate operations offset by the lower net investment income from investing activities compared to the prior comparable quarter.

The Company had net income from hotel operations of \$2,489,000 for the three months ended September 30, 2013, compared to net income of \$1,700,000 for the three months ended September 30, 2012. The increase in net income is primarily attributable to a significant increase in room revenues resulting from higher average room rates partially offset by the related increase in operating expenses.

The following table sets forth a more detailed presentation of Hotel operations for the three months ended September 30, 2013 and 2012.

For the three months ended September 30,	2013	2012
Hotel revenues:		
Hotel rooms	\$ 11,054,000	\$ 9,772,000
Food and beverage	1,328,000	1,411,000
Garage	755,000	728,000
Other operating departments	168,000	225,000
Total hotel revenues	13,305,000	12,136,000
Operating expenses excluding interest, depreciation and amortization expenses	(9,532,000)	(9,164,000)
Operating income before interest, depreciation and amortization expenses	3,773,000	2,972,000
Interest expense	(635,000)	(664,000)
Depreciation and amortization expense	(649,000)	(608,000)
Net income from hotel operations	\$ 2,489,000	\$ 1,700,000

For the three months ended September 30, 2013, the Hotel generated operating income of \$3,773,000 before interest, depreciation and amortization expenses, on total operating revenues of \$13,305,000 compared to operating income of \$2,972,000 before interest, depreciation and amortization expenses, on total operating revenues of \$12,136,000 for the three months ended September 30, 2012. Room revenues increased by \$1,282,000 for the three months ended September 30, 2013 compared to the three months ended September 30, 2012, food and beverage revenues decreased by \$83,000 and garage revenues increased by \$27,000 for the same period.

Major factors for the increase in operating expenses were an increase in contractual union wages and benefits in all operating departments and higher commissions paid for certain group and city-wide convention business in the current period. Franchise and management fees, which are based on a percentage of revenues, also increased as well as costs for certain promotions for Hilton Honors members during the current period. Franchise and management fees, which are based on a percentage of revenues, also increased as well as costs for certain promotions for Hilton Honors members during the current period.

There was a loss of approximately \$304,000 in the Hotel's food and beverage operations during the current period compared to a net loss of \$317,000 during the three months ended September 30, 2012, despite the decrease in revenues of \$83,000. The decrease in revenues was primarily due to the closing or reduction in operating hours of certain outlets resulting in a reduction of costs of goods sold during the current period.

Edgar Filing: INTERGROUP CORP - Form 10-Q

The following table sets forth the average daily room rate, average occupancy percentage and room revenue per available room ("RevPar") of the Hotel for the three months ended September 30, 2013 and 2012.

Three Months Ended September 30,	Average Daily Rate	Average Occupancy %	RevPar
2013	\$ 235	94	% \$ 221
2012	\$ 208	94	% \$ 196

- 15 -

Room revenues remained strong as the San Francisco market continued to have good demand for higher rated business. The Hotel's average daily rate increased by \$27 for the three months ended September 30, 2013 compared to the three months ended September 30, 2012, while occupancy percentages remained the same. As a result, the Hotel was able to achieve a RevPar number that was \$25 higher than the comparative three month period.

Our highest priority is guest satisfaction. We believe that enhancing the guest experience differentiates the Hotel from our competition by building the most sustainable guest loyalty. During fiscal 2013, we completed a significant, "green" project that retrofits all of our guest room windows with new "double-pane" inserts that result in greater energy savings and better sound attenuation for our guests. We have also upgraded our common areas of the Hotel and improved our restaurant facilities, food and beverage services and now provide advanced technological amenities throughout our lobby. Our guest responses to these improvements have been very positive. The Hotel also remains a leader in implementing Hilton's Huanying ("Welcome") program that features a tailored experience for Chinese travelers. We continue taking steps that further develop our ties with the local Chinese community and the city of San Francisco, representing good corporate citizenship and promoting important, new business opportunities.

Moving forward, we will continue to focus on cultivating more international business, especially from China, and capturing a greater percentage of the higher rated business, leisure and group travel. We will also continue in our efforts to upgrade our guest rooms and facilities and explore new and innovative ways to differentiate the Hotel from its competition, as well as focusing on returning our food and beverage operations to profitability. During the last twelve months, we have seen steady improvement in business and leisure travel. If that trend in the San Francisco market and the hotel industry continues, it should translate into an increase in room revenues and profitability. However, like all hotels, it will remain subject to the uncertain domestic and global economic environment and other risk factors beyond our control, such as the effect of natural disasters.

Real estate operations improved during the current quarter. The Company's real estate revenues increased to \$4,078,000 for the three months ended September 30, 2013 from \$3,675,000 for the three months ended September 30, 2012. The increase in real estate revenue is due to increased rents at our properties and also due to a one-time \$99,000 storm damage insurance claim the Company received on one of its properties. Real estate operating expenses (excluding depreciation) were \$2,278,000 and \$2,162,000, respectively, for the comparative periods. Management continues to review and analyze the Company's real estate operations to improve occupancy and rental rates and to reduce expenses and improve efficiencies.

The Company had a net gain on marketable securities of \$153,000 for the three months ended September 30, 2013 compared to a net gain on marketable securities of \$1,525,000 for the three months ended September 30, 2012. For the three months ended September 30, 2013, the Company had a net realized loss of \$272,000 and a net unrealized gain of \$425,000. For the three months ended September 30, 2012, the Company had a net realized gain of \$209,000 and a net unrealized gain of \$1,316,000. Gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company's results of operations. However, the amount of gain or loss on marketable securities for any given period may have no predictive value and variations in amount from period to period may have no analytical value. For a more detailed description of the composition of the Company's marketable securities see the Marketable Securities section below.

The Company and its subsidiaries, Portsmouth and Santa Fe, compute and file income tax returns and prepare discrete income tax provisions for financial reporting. Since Portsmouth consolidates Justice (Hotel) for financial reporting purposes and is not taxed on its 50% non-controlling interest in the Hotel, variability in the tax provision results from the relative significance of the non-controlling interest and the magnitude of the pretax income at the Company and its two principal subsidiaries. The income tax expense during the three months ended September 30, 2013 and 2012 represents income tax expense of InterGroup and its subsidiary, Portsmouth. The income tax of the Company's other subsidiary, Santa Fe, was zero due to the full valuation of its deferred income tax asset from net operating loss carryover.

MARKETABLE SECURITIES

As of September 30, 2013 and June 30, 2013, the Company had investments in marketable equity securities of \$13,724,000 and \$12,624,000, respectively. The following table shows the composition of the Company's marketable securities portfolio by selected industry groups as:

The largest security represents 31.8% of the portfolio and consists of the common stock of Comstock Mining, Inc. ("Comstock" - NYSE MKT: LODE) which is included in the basic materials industry group. The amount of the Company's investment in any particular issuer may increase or decrease, and additions or deletions to its securities portfolio may occur, at any time. While it is the internal policy of the Company to limit its initial investment in any single equity to less than 10% of its total portfolio value, that investment could eventually exceed 10% as a result of equity appreciation or reduction of other positions. A significant percentage of the portfolio consists of common stock in Comstock that was obtained through dividend payments by Comstock on its 7.5% Series A-1 Convertible Preferred Stock. Marketable securities are stated at fair value as determined by the most recently traded price of each security at the balance sheet date. The following table shows the net gain or loss on the Company's marketable securities and the associated margin interest and trading expenses for the respective years.

FINANCIAL CONDITION AND LIQUIDITY

The Company's cash flows are primarily generated from its Hotel operations, real estate operations and from the investment of its cash in marketable securities and other investments.

Since we have seen improvement in the operations of the Hotel, and the San Francisco market in general, Justice was in a position to pay a limited partnership distribution in December 2012 in an aggregate amount of \$1,200,000, of which Portsmouth received \$600,000. In December 2011, Justice paid a limited partnership distribution in an aggregate amount of \$1,000,000, of which Portsmouth received \$500,000. The general partners of Justice will continue to monitor and review the operations and financial results of the Hotel and to set the amount of any future distributions that may be appropriate based on operating results, cash flows and other factors, including establishment of reasonable reserves for debt payments and operating contingencies.

The new Justice Compensation Agreement that became effective on December 1, 2008, when Portsmouth assumed the role of managing general partner of Justice, has provided additional cash flows to the Company. Under the new Compensation Agreement, Portsmouth is now entitled to 80% of the minimum base fee to be paid to the general partners of \$285,000, while under the prior agreement, Portsmouth was entitled to receive only 20% of the minimum base fee. The general partner fees paid to Portsmouth for the three months ended September 30, 2013 and 2012 was \$112,000.

To meet its substantial financial commitments for the renovation and transition of the Hotel to a Hilton, Justice had to rely on borrowings to meet its obligations. On July 27, 2005, Justice entered into a first mortgage loan with The Prudential Insurance Company of America in a principal amount of \$30,000,000 (the "Prudential Loan"). The term of the Prudential Loan is for 120 months at a fixed interest rate of 5.22% per annum. The Prudential Loan calls for monthly installments of principal and interest in the amount of approximately \$165,000, calculated on a 30-year amortization schedule. The Loan is collateralized by a first deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Prudential Loan is without recourse to the limited and general partners of Justice. The principal balance of the Prudential Loan was \$25,835,000 as of September 30, 2013.

On March 27, 2007, Justice entered into a second mortgage loan with Prudential (the "Second Prudential Loan") in a principal amount of \$19,000,000. The term of the Second Prudential Loan is for 100 months and matures on August 5, 2015, the same date as the first Prudential Loan. The Second Prudential Loan is at a fixed interest rate of 6.42% per annum and calls for monthly installments of principal and interest in the amount of \$119,000, calculated on a 30-year amortization schedule. The Second Prudential Loan is collateralized by a second deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Second Prudential Loan is also without recourse to the limited and general partners of Justice. The principal balance of the Second Prudential Loan was \$17,343,000 as of September 30, 2013.

Effective April 29, 2010, the Partnership obtained a modification of its \$2,500,000 unsecured revolving line of credit facility with East West Bank that was to mature on April 30, 2010, and converted that line of credit facility to an unsecured term loan. The modification provides that Justice will pay the \$2,500,000 balance on its line of credit facility over a period of four years, to mature on April 30, 2014. This term loan calls for monthly principal and interest payments of \$41,000, calculated on a nine-year amortization schedule, with interest only from May 1, 2010 to August 31, 2010. Pursuant to the modification, the annual floating interest rate was reduced by 0.5% to the Wall Street Journal Prime Rate plus 2.5% (with a minimum floor rate of 5.0% per annum). The modification provides for new financial covenants that include specific financial ratios and a return to minimum profitability after June 30, 2011. Management believes that the Partnership has the ability to meet the specific covenants and the Partnership was in compliance with the covenants as of September 30, 2013. As of September 30, 2013, the interest rate was 5.75% and the outstanding balance was \$1,059,000.

Despite an uncertain economy, the Hotel has continued to generate positive cash flows. While the debt service requirements related to the two Prudential loans, as well as the term loan to pay off the line of credit, may create some additional risk for the Company and its ability to generate cash flows in the future, management believes that cash flows from the operations of the Hotel and the garage will continue to be sufficient to meet all of the Partnership's current and future obligations and financial requirements. Management also believes that there is sufficient equity in the Hotel assets to support future borrowings, if necessary, to fund any new capital improvements and other requirements.

- 18 -

In July 2013, the Company refinanced its \$466,000 adjustable rate mortgage note payable on its 8-unit apartment located in Los Angeles, California for a new 30-year mortgage in the amount of \$500,000. The interest rate on the new loan is fixed at 3.50% per annum for the first five years and variable for the remaining of the term. The note matures in July 2043.

The Company has invested in short-term, income-producing instruments and in equity and debt securities when deemed appropriate. The Company's marketable securities are classified as trading with unrealized gains and losses recorded through the consolidated statements of operations.

Management believes that its cash, marketable securities, and the cash flows generated from those assets and from its hotel and real estate operations, partnership distributions and management fees, will be adequate to meet the Company's current and future obligations.

OFF-BALANCE SHEET ARRANGEMENTS

The Company has no off balance sheet arrangements.

IMPACT OF INFLATION

Hotel room rates are typically impacted by supply and demand factors, not inflation, since rental of a hotel room is usually for a limited number of nights. Room rates can be, and usually are, adjusted to account for inflationary cost increases. Since Prism has the power and ability under the terms of its management agreement to adjust hotel room rates on an ongoing basis, there should be minimal impact on partnership revenues due to inflation. Partnership revenues are also subject to interest rate risks, which may be influenced by inflation. For the two most recent fiscal years, the impact of inflation on the Company's income is not viewed by management as material.

The Company's residential rental properties provide income from short-term operating leases and no lease extends beyond one year. Rental increases are expected to offset anticipated increased property operating expenses.

CRITICAL ACCOUNTING POLICIES AND USE OF ESTIMATES

Critical accounting policies are those that are most significant to the presentation of our financial position and results of operations and require judgments by management in order to make estimates about the effect of matters that are inherently uncertain. The preparation of these condensed financial statements requires us to make estimates and

judgments that affect the reported amounts in our consolidated financial statements. We evaluate our estimates on an on-going basis, including those related to the consolidation of our subsidiaries, to our revenues, allowances for bad debts, accruals, asset impairments, other investments, income taxes and commitments and contingencies. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. The actual results may differ from these estimates or our estimates may be affected by different assumptions or conditions. There have been no material changes to the Company's critical accounting policies during the three months ended September 30, 2013. Please refer to the Company's Annual Report on Form 10-K for the year ended June 30, 2013 for a summary of the critical accounting policies.

Item 4. Controls and Procedures.

Based upon such evaluation, the Chief Executive Officer and Principal Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are effective in ensuring that information required to be disclosed in this filing is accumulated and communicated to management and is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There have been no changes in the Company's internal control over financial reporting during the last quarterly period covered by this Quarterly Report on Form 10-Q that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
